microcomputer assisted vs tabletop management activities, response stabilization of speech management, 3.5–8.8 yr olds with speech delay, 34135
microcomputer based simulation training, intervention with preschool stutterers, student speech clinicians, 38008
modeling with vs without evoked production training, language development, language disordered 5.4–6.9 yr olds, 34136
modified regulated breathing method & easy speech & parental attitude modification, percentage of stuttered syllables & speech rate & severity ratings, 6–9 yr olds who stutter, 6 mo followup, 37586
motivation & reinforcing speech attempts, nonverbal autistic 3.3–11.8 yr olds, 16684
oroneuromotor control activities & articulatory tasks, 57 yr old female with apraxia of speech, 6220
precision fluency shaping vs comprehensive stuttering program, treatment of stuttering, 27039
Rebus symbol communication training, comprehension & expression & generalized symbol use, 53 mo old female with Down's syndrome, 9605
regulated breathing method, stuttering reduction in phrase reading & spontaneous speech, 17–58 yr old clients, 2 & 3 & 8 mo followup, replication, 12944
self initiated vestibular stimulation & sensory integration therapy, vocalizations, 9 yr old autistic male, 12942
simultaneous sound position training, generalization, kindergartners with residual articulation problems, 37590
special education group service delivery model, 3.1–4.8 yr old preschoolers with severe phonological disorders, 31216
speech therapy, relearning of English & Greek, 45 yr old professor with aphasia after stroke, case report, 27040
speech training curriculum with vs without visual vs tactile displays, monotone voice, severely to profoundly hearing impaired 7–18 yr olds, 40823
speech treatment procedures & rehabilitation, social conversation skills, chronic brain injured 21 yr old male with spastic dysarthria, 13172
stuttering theory & research & treatment, 1982–87, 26413
summary of data from Ninth Annual Report to Congress on the Implementation of the Education of the Handicapped Act, implications for speech language therapy & audiology, 31195
systematic auditory comprehension vs conventional stimulation therapies, auditory & reading comprehension & oral expression, 45–83 yr olds with stroke induced aphasia, 30555
therapy for deficits in sentence comprehension & production, male 46 & 59 yr old stroke patients, 27033
traditional stimulation therapy vs Promoting Aphasics Communicative Effectiveness, naming, female 66 yr old with conduction aphasia, 16686
training in verbal label responding, generalization to maladaptive speech correction, severely or moderately mentally retarded 13–40 yr olds, 20034

variables affecting speech therapy delivery, stuttering Mexican American vs Black vs White K–5th graders, 2 yr study, 38217
voice therapy & psychotherapy, female patients with psychogenic habit cough, 6–12 mo followup, 9251
voice therapy, children with voice disorders, 30557
voice therapy, children with voice disorders, commentary, 30554
Speed [See Velocity]
Speed (Response) [See Reaction Time]
Spelling
age & handedness & hand function & slow speech development & family dysgraphia history, 5.6–15.1 yr olds with motor vs spelling dysgraphia & academic underachievement, 37115
age, strategy & types of spelling errors, 1st graders through college students, Canada, 34633
artificial intelligence system, grammar & spelling instruction, 10–15 yr olds, Netherlands, 10089
color added to relevant letters for initial vs ending trials, spelling & selective attention, hyperactive 3rd–6th grade males, 33672
daily supplemental homework assignments, acquisition of basic math & spelling skills, 8.5–10.5 yr old elementary level students with learning disabilities, 31224
design of computerized instructional spelling programs, 38074
early literacy experiences & spelling practices, 4th–8th grade national spelling bee finalists & their parents, 32427
early spelling & writing learning, Chinese speaking 3–6 yr olds, Taiwan, conference presentation, 21935
experiential etiology, phonological & reading & spelling deficits, dyslexic readers, implications for reading education, 34729
exposure to word misspelling, subsequent word spelling or recognition performance, college students, implications for spelling instruction & testing, 14422
functional spellings in child produced written text, 32409
graphic feedback in spelling drill program, learning motivation, 4th & 5th graders, 13510
intervention strategies, spelling & punctuation & grammar skills, learning disabled college students, 20653
knowledge of derivational morphology & spelling ability, 4th vs 6th vs 8th graders, 11380
lack of activation of visual letter codes or failure of information to reach intact graphic motor patterns, 54 & 57 yr old males with written spelling agraphia, 37028
lack of confidence in spelling, writing ability, 15 yr olds, UK, 39467
lexical biasing & priming, nonword spelling performance, good vs poor adult spellers of normal reading ability, 38818
lexical priming & sound to spelling contingency, nonword spelling, college students, 3842
metalinguistic program for facilitating awareness of phonological structure, reading & spelling achievement, kindergartners, Denmark, 2 yr study, 13492
model of assembled spelling & lexical access, Ss with vs without surface dysgraphia, 12319
nursery rhyme knowledge, progress in learning to read and spell, 2–3 yr olds, 3 yr study, 39494
peer cooperation &/vs feedback, spelling achievement, 9–10 yr olds, Netherlands, 13514
performance on reading & spelling tasks in syllabo-alphabetic writing system, Gujarati speaking 2nd–4th graders, India, 1033
performance on visual vs auditory spelling tests, learning disabled 7–17 yr olds, 34733
phonemic segmentation skills, spelling, 3rd–5th graders, Australia, 18610
phonics vs whole word instruction, spelling & oral reading & recognition of regular vs exception words, good vs poor 1st grade readers, 34593
precision spelling course supported by computer text scanning program, writing skills & spelling proficiency, students, 31068
reading & spelling & phoneme segmentation & auditory categorization & letter sound knowledge & short term memory & IQ, 4–5 yr olds, 18559
reading & spelling abilities, lexical decisions for orthographically vs phonologically irregular words, 9–11.4 yr olds, 18615
reading & spelling processes, school age male with Klinefelter XXXY syndrome & associated developmental delay, case report, 19453
reading & writing teaching methods, development of writing errors, 5–8 yr olds, 1 yr study, Spain, 23989
reading ability & speed & working memory, spelling achievement & learning, college students, 24052
reading vs spelling ability, 72 yr old male with lexical agraphia following discrete lesion of left precentral gyrus, 9174
reliability of E. Boder's guidelines, classification of spelling errors of monolingual vs bilingual reading disabled 1st–4th graders, naive raters, 3599
simulated elementary & high school cases of reading & spelling disabilities, diagnostic problem solving & remedial prescriptions, 30–50 yr old reading specialists, Netherlands, 24129
spelling ability & phonological vs lexical agraphia, 6–86 yr olds with developmental vs acquired agraphia, 23036
spelling ability, content of orthographic images, 2nd & 3rd graders, Netherlands, replication, 27605
spelling of words & nonwords, 10–18 yr olds with cerebral palsy with dysarthria vs anarthria, England, 29866
spelling performance & error patterns, learning disabled vs underprepared college students, 5540
study instruction package, spelling assessed by tests & written work & teacher ratings, learning disabled 8–10 yr olds, 13628
study of strategies for learning spelling, 3rd–4th vs 7th–8th graders vs college students, 38153
use of biphoneme grapheme correspondence in spelling nonwords, dysgraphic patient, commentary reply, 26442
use of biphoneme grapheme correspondence in spelling nonwords, dysgraphic patient, commentary, 26501
use of units larger than single graphemes & phonemes, reading & spelling & pronouncing nonwords, college students, 14992
validity of K-ABC, assessment of processing style & accuracy of reading & spelling, learning disabled 8–12.4 yr olds, 17605
visual discrimination of simple geometrical patterns, college students with severe difficulties in reading & spelling during childhood, 12290
word categorizing, spelling, elementary school students, Australia, 31098
word recognition & spelling, dyslexic 8.6–16 yr olds, 12277
words vs pictures & spelling congruence, rhyme judgments, deaf vs hearing 5.9–16.6 yr olds, 22897
written & oral spelling deficit for words & nonwords, 70 yr old female with acquired dysgraphia, case report, implications for selective impairment of graphemic buffer, 23029
written & oral spelling error patterns demonstrating selective damage to graphemic buffer & attentional mechanisms, 49 & 55 yr olds with acquired dysgraphia, 29967
Sperm
spermatophore mass & mating strategies, male monarch butterflies, 18029
Spina Bifida
active arm exercise, peripheral vision & learning & physiological processes, 9–12 yr olds with spina bifida, 33570
disability parameters & chronic strain, adaptation, 6–11 yr olds with spina bifida or cerebral palsy, 30125
guidelines for handling & positioning techniques & child adult play interactions, young children with meningomyelocele, 26744
IQ & psychological factors, 6 mo–12 yr olds with myelomeningocele, longitudinal study, 9086
medical characteristics, educational & behavioral programing, students with spina bifida, 24161

objective identification of "cocktail party" syndrome & associated learning disabilities, 4–6 & 14–16 yr olds with spina bifida, educational implications, 2132
physical status & maternal rating of psychosocial adjustment, 4–16 yr olds with spina bifida, 30124
psychological adjustment & quality of social life, 15–19 yr olds with cerebral palsy or spina bifida, 26518
temperament & coping ability & family cohesiveness & psychological adjustment, 3–8 yr olds with myelomeningocele, 12432
temperament characteristics & goodness of fit, behavior problems & social competence, 6–11 yr olds with spina bifida or cerebral palsy & their mothers, 19647
Spinal Column
monitoring vs bracing vs surgery, psychosocial sequelae, adolescent females with scoliosis, 30581
Spinal Cord [See Also Dorsal Roots, Extrapyramidal Tracts, Lumbar Spinal Cord, Pyramidal Tracts]
AWD 23–15, spinal cord fixation time & Y maze learning & ECS induced amnesia, male rats, conference presentation, 890
conditioning of triceps surae H-reflex, memory traces in spinal cord, monkeys, 32062
development of stereotypic hindlimb scratching & pawshake responses, neuromuscular patterns assessed by EMG, spinalized vs intact 0–60 day old kittens, 792
fetal spinal cord homografts, hindlimb performance, rats with 3rd cervical spinal cord segment lesions, 35748
intrathecal GABA-B agonist baclofen into lumbosacral spinal cord, penile reflexes, male rats, 32158
intrathecal strychnine or GABA bicuculline or nalozone or phentolamine or methysergide, thermal nociceptive & behavioral response to tactile stimulation, male rats, animal model of pain perception, 35919
intrathecal vasopressin, antinociception vs motor effects assessed through pain tests, male rats, 18456
late flexion reflexes & locomotion, rats with noradrenergic grafted spinal cord, 35763
partial lesions of rostral spinal cord, locomotion, lampreys, 14791
standing & sitting positions, hip joint mobility & spinal angles, human females, implications for human factors engineering, 38469
stereotypic air vs treadmill stepping, hindlimb neuromuscular patterns assessed by EMG, kittens spinalized at birth vs 14 days old, 791
tactile perception of scratch direction measuring posterior column dysfunction, 14–83 yr olds with spinal cord vs functional neurological disorders, 33540
Spinal Cord Injuries
adjustment to spouse's spinal cord injury, medical & psychosocial consequences, wives, 19546
behavior patterns & interpersonal interaction assessed by behavioral mapping, feedback to staff, spinal cord injured patients in rehabilitation hospital, 9846
body concept & esteem, adult males with cardiac disorders or spinal cord injury or alcoholism or mental illness, 19010
community size & independent vs dependent living arrangement & employment status & social interaction, adjustment, patients with paraplegic or quadriplegic spinal cord injuries, 6488
demographic & pain & personality characteristics, patients with chronic pain from spinal cord injury vs other conditions, 22902
ethnographically informed psychoanalysis, refractory depression, female 38 yr old with spinal cord injury, 2321
exhibitionistic perversion, 32 yr old male with spinal cord injury & complete paraplegia & erectile dysfunction & anorgasmia, case report, 33498
external attributions vs self blame, coping, 19–60 yr olds paralyzed from traumatic spinal cord injury, 26591
management of denial in rehabilitation, spinal cord or traumatic brain injured clients, 6492
personal adjustment & long term survival, adults with spinal cord injury, 11 yr followup, implications for psychological rehabilitation, 2041
prevalence of major depression, 18–69 yr olds with spinal cord injury, Australia, 40432
psychiatric comorbidities, hospital length of stay & charges, adult patients with traumatic head & spinal cord injuries, 13125
reliability & validity of SCL-90-R subscales, assessment of cognitive & somatic aspects of depression, adult patients with chronic pain vs spinal cord injury in rehabilitation, 10567
selected MMPI scales, identification of personality characteristics, 16–53 yr old males with traumatic spinal cord injury & positive blood alcohol concentration at time of injury, 40047
self perceived sexual information & counseling needs, spinal cord injured clients in acute care vs rehabilitation vs post-rehabilitation, 27286
sexual attitudes, spinal cord injured adults, 16193
sexuality in rehabilitation process, patients with spinal cord injuries, 9856
sociodemographic & personal characteristics, life satisfaction & rehabilitation status, 17–74 yr olds with spinal cord injury, Israel, followup study, 27277
Spinal Fluid [See Cerebrospinal Fluid]
Spinal Nerves
abnormal & immature spinal interneuronal circuits, spastic cerebral palsy, implications for segmental response & long term training for motor control, 29964
autotomy after sciatic nerve section, formation of terminal neuroma, automutilating rats, 28586
electrical skin stimulation, activity of dorsolateral commissural interneurons in spinal cord, frog embryos, 4279
evolution of red nucleus & rubrospinal tract, connectivity complexity & relation to cerebellum & motor performance, terrestrial vertebrates, conference presentation, 4159
hair stimulation of unsupported paw, red nucleus & spinal activation of biceps & paw contact placing, cats, conference presentation, 4069
inactivation of corticospinal fibers in crus cerebri vs rubrospinal tract vs red nucleus, motor cortex & other electrical activity & motor RT & trajectory, cats, conference presentation, 4127
indomethacin induced visual hallucinations, 22 yr old male with brachial neuritis following influenza like illness, case report, 2451
lesions of medial reticulospinal command neurons, lateralization & latency of escape responses, goldfish, 25166
lesions vs postsynaptic blockade of 5-HT nerves vs receptors, analgesia induced by electrical stimulation of spinal 5-HT neurons near ventrolateral surface of medulla oblongata, rats, 7791
low intensity low frequency sciatic or radial nerve stimuation, electric shock pain, rats, 4274
medial hypothalamic electrical stimulation, tailflick latency & inhibition of spinal dorsal horn neuronal responses to noxious skin heating, male rats, implications for behavioral analgesia, 775
objective measurement of endogenous pain during motor performance, college students & 27.8 yr old female with cervicobrachial pain, 5806
phasic afferent inputs during locomotion vs scratching, rubrospinal neuron electrical activity, cats, conference presentation, 4070
smokeless tobacco, motor distal latency of median nerve, 18–32 yr old males, 25828
Spirituality
behavioral/cognitive approach to spirituality, alcoholism treatment, conference presentation, 30816
behavioral/cognitive spiritual model, alcohol/addiction aftercare, conference presentation, 30817
belief in & relationship with deity, stress reactions & psychological well being, 18 yr olds & older, 36490
brain structure & physiology research, faith as basic need, 35588
conceptual similarities of hope & spiritual well being, 11577
contribution of nursing research & practice to spiritual care research in hospice, 23483

crisis & trauma, spiritual growth & faith, implications for role of pastors in crisis intervention, 13083
development of spirituality & self esteem in alcohol rehabilitation, 20295
differential sociocultural & interpersonal patterns of action & influence, adults in Christian Pentecostal or neo-Pentecostal or charismatic or metaphysical spiritual healing groups, 15263
existential & spiritual concerns expressed during funeral prearrangements including stigmatization & homophobia & fear & grief, homosexual males with AIDS, 26629
humanistic approach to definition & description & measurement of spirituality, 22131
humanistic behavioral approach, spiritual recovery, alcohol &/or drug abusers, conference presentation, 30815
hypnosis to facilitate religious development, 21337
L. Kohlberg's levels of moral development & Piaget's stages of cognitive & moral development & levels of spiritual development & denominational choice, 11353
natural high theory & practice, psychospiritual growth of self esteem & social interest & sense of humor, 30369
need for inclusion of religious or spiritual values in Ethical Principles of Psychologists, 9981
perceptions of spiritual health of adult, females vs males, priests & pastors, 11589
psychological & biological aspects of sexuality & spirituality, 8220
psychological & spiritual dimensions, survivors of terminal cancer, 26625
psychology of inner & outer space, implications for personal growth & spirituality, 36457
sanctification process in psychotherapy as similar to religious experience in Dante Alighieri's "Purgatorio", 26783
spiritual implications of E. Fromm's conceptualization of human nature, 22401
spiritual needs, patients with AIDS, implications for nursing, 40527
spiritual perspective, counseling & psychotherapy & behavior change, commentary & reply included, 23091
spiritual program, mental health, 36254
spiritual well being & marital adjustment, married couples, 11627
spirituality & hospice care, implications for health care professionals, 6255
spirituality & transpersonal psychology & alcoholism & drug abuse counseling, 2946
stages of Spiritual Exercises of Saint Ignatius vs Jungian psychotherapy, spiritual development, 37325
urban environmental psychology models, Christian spirituality, 3456
visualization & meditative techniques, incorporation of spiritual dimension in recovery from drug or alcohol abuse, clients, 27322
19th century medical explanations of spirituality & psychic phenomena, 35025

Spleen
in vivo beta-endorphin, in vitro proliferative response of spleen cells to concanavalin A, rats, immunological implications, 39342

Split Brain [See Commissurotomy]

Split Personality [See Multiple Personality]

Spontaneous Abortion
anxiety & depression, expectant mothers vs fathers who had experienced perinatal loss during previous 2 yrs, conference presentation, 12074
bulimia & repeated spontaneous abortion, 32 yr old Sikh female, England, case report, 29936
grief over & coping with reproductive loss & infertility & miscarriage & stillbirth, married couples, 33496
internal & external attributions of responsibility for miscarriage, 17–44 yr old married females, implications for prediction of coping & depression, 26570
late vs early perinatal loss, grief during subsequent pregnancy & after birth of viable child, 19.8–43.0 yr old mothers vs fathers, conference presentation, 29241
psychological impact & grief of miscarriage, implications for therapeutic intervention, 37188
societal & medical & feminist & psychoanalytic & community psychological & experiential perspectives of miscarriage, 2104
state trait anxiety levels, probability of conception & spontaneous abortion, females in artificial insemination program, Belgium, 12961

Spontaneous Alternation
age related alterations of septo-hippocampal neurons, passive avoidance & spontaneous alternation performances, 24–26 mo old male rats, 35610
benzodiazepine receptor inverse agonist vs antagonist vs agonist beta carbolines, scopolamine induced impairment of spontaneous alternation , male mice, 4477
BM123 with vs without atropine, passive & active avoidance learning & spontaneous alternation, male rats, 28948
chronic prenatal ethanol induced hippocampus damage, single patterned alternation vs partial reinforcement extinction effect, rat pups, implications for role of hippocampus, 11130
confinement to & visual discriminability of maze arms, spontaneous alternation behavior, male vs female hamsters, 14536
delayed spontaneous alternation & 8-arm maze performance, heterogeneous vs inbred mouse strains with vs without neuronal transplantation of noradrenaline or acetylcholine, 35572
inescapable shock stress, shuttle escape & forced swim & spontaneous alternation performance, 6 strains of mice, 28583
length of interstimulus interval, short term memory for rate of alternation of 2 visual stimuli, pigeons, 421
scopolamine vs dextroamphetamine vs apomorphine, spontaneous alternation & position bias, mice, 39358
spontaneous alternation & exploration & activity level in T maze & other tests, weaver mutant mice, 24988
spontaneous alternation & exploratory activity in maze & hole poking & rearing, stagger mutant mice, 513

Spontaneous Recovery (Learning)
ACTH, long lasting recovery of partially extinguished active avoidance response, male rats, 25184
presession handling cues, spontaneous key pecking recovery after extinction, pigeons, 38993
UCS reactivation treatment following extinction training, autoshaped responding, pigeons, 433

Sport Psychology
boundaries of sport psychology, 24494
content analysis of current trends & future directions in psychological skills training approaches, 1980–88, 24498
design considerations & methodology in sport psychology case study research, 20995
development & validity of Sport Psychology Consultant Evaluation Form, assessment of consultation services, Olympic athletes, Canada, 17624
history & current status of & research & future directions in sport psychology, India, 20970
imagery of familiar vs unfamiliar scenes, heart rate reactivity, female college athletes, test of bioinformational theory, 24485
intention arousal vibrational device, reminder to practice newly acquired sport psychology techniques, athletes, 20988
interventions, nonassertive sport behavior, athletes, 24478
interview with G. Konzag on sports psychology research & practice, East Germany vs US, 31501
issues in gaining entry to long term work with athletic teams, sport psychologists, 24493
issues in sport personology research, 41582
marketing strategies for sport psychology, 20975
methodological issues in attribution emotion research in sport & exercise, 41567
performance posting & goal setting & activity contingent praise, legal body checking rate, university hockey team, 10477

psychological measures used in sport psychology research, 20968
psychological principles & strategies of coaching, intercollegiate wrestling coaches, 20977
psychological skills relevant to exceptional performance, elite vs preelite vs nonelite athletes & sport psychologists, 20986
public knowledge of lap time, individual vs relay swimming performance, intercollegiate swimmers, 28000
rationale & suggested dimensions for detailed code of ethics, sport psychologists, 20419
role & focus of sport consultation, sport psychologists, 20983
role at Olympic Festival & provision of services from medical vs consultation model perspective & outcome, sport psychologists, US, implications for training, 24491
role in assisting eating disordered athletes, sport management team, 19724
sex & psychological momentum, performance, college tennis players, 17498
single S design, evaluation of sport psychology interventions, 20973
sport psychology jet lag strategies, sport performance, athletes, 20974
sport psychology principles, psychodynamics of injuries & rehabilitation, athletes, 20999
sport psychology program, college athletes & coaches, 20480
sport psychology research, India, 20982
sport psychology strategies, psychological role in injuries & rehabilitation, athletes, 20985
symbolic interactionism vs attribution & social learning theories, investigation of individual behavior & social structure in social psychology of sport, 3485
use of mental preparation in training & competition, 19–35 yr old female World Cup lacrosse players, Australia vs Canada vs England vs US vs Wales, 31499
validity issues in sport behavior research, 21000
views on sport psychology consultants & services, Olympic coaches, Canada, 20990
Sports [See Also Baseball, Basketball, Football, Judo, Martial Arts, Swimming, Tennis]
acceptability & likelihood of sports participation for males vs females & perceived complexity of sports, college students, reanalysis of S. Matteo's sex typing & E. Metheny's typology of sports, 13980
arousal & relevant vs irrelevant imagery rehearsal, postrest warmup decrement & batting performance, female softball players, 3484
arousal avoidance & serious mindedness & planning orientation as components of motivation, male rugby players, Canada vs Wales vs England vs Australia, 10493
attitudes & individual behavior & group dynamics, soccer fans, England, 38539
attitudes toward pregame sex & its effect on athletic performance, coaches, 13985
behavioral & personality characteristics, sportsmen with coronary heart disease & myocardial infarction, conference presentation, 2119
causal attributions & emotional reactions, winning or losing bicycle ergometer race, same sex pairs of college students, 8379
changes in temporal organization of sleep stages during training course in trampolining, 21–25 yr old college students, West Germany, 27986
cognitive strategies & style, accuracy of overhand volleyball serves, female college students, 10478
commitment & personality variables, classification into occupations, 25–51 yr old soccer vs track & field referees, Israel, 17492
conditions facilitating sport imagery training, 20994
conventional vs side saddle stances & ball vs hole aim, golf putting accuracy, college students, 3701
decisions about gender appropriateness of sport, sex-typed vs androgynous vs undifferentiated female vs male college students, 4913
demographic & personality characteristics, occasional vs persistent attendance vs nonattendance at basketball games, college students, 3497
development of sports vision testing battery, 17–30 yr old athletes vs nonathletes, 21075
effects of mass media portrayal of violence in sports, literature review, 38548
evaluation of ACORN classification for assessment of social environment, participation in sport & leisure activities, adolescents, 4745
excessive & inadequate occupational demands & contributions of industrial fitness & sports programs, well being, employees, 38450
goal perspectives & competitive sport involvement & behavioral intensity & persistence, male vs female college students participating in intramural team sports, 10486
group cohesion, individual adherence in fitness classes vs recreational vs elite team sports, former & present participants, 13977
health & sports participation, 16–65 yr olds & older, 27993
history & current status & criticisms & future of sport of boxing, 38534
imagery & pre-performance exposure to audio template, motor performance, skilled 10–14 yr old males, 7993
impulsivity vs telic dominance, preference for explosive vs endurance sports, athletes vs leisure time participants, Australia, 27998
internal consistency of leadership in sports scale, wrestling coaches, 28083
internal consistency of Sport Competition Anxiety Test, 18–27 yr old college student athletes, 24571
interrater reliability & convergent & discriminant validity of ratings in Olympic figure skating competition, world class judges, 1984, implications for performance appraisal design, 27999
interventions, nonassertive sport behavior, athletes, 24478
intrapersonal & parental & coach influences & self esteem, sport competition anxiety, 9–14 yr olds in wrestling program, 36147
kind of sport & sex differences & handedness & complexity of exercise & direction of turns during physical exercise, child & adult athletes, Poland, 20996
media coverage of sports, violent behavior, audiences, 38532
mental training vs physical practice, dart throwing performance, college students, 41581
model for prediction & prevention of stress related athletic injury, 17488
multiple regression analysis, racquetball skills, players, 27997
nature of & role of symbolism & ritual in & norms & attitudes about & control of deviance in sport subculture, male rugby players, 17500
number of fouls called by officials during home vs away games, star vs nonstar basketball players, 3490
objectivity instruction vs reality information, wishful thinking in pregame predictions, male sports fans, Israel, 24476
oral &/vs written instructions, retention & performance of scuba diving skills, college students, 10487
parental encouragement, patterns of sports involvement, visually impaired children & their parents, 2083
participation in exercise & sports, 20 to over 75 yr old males vs females, 31498
participation in ice hockey training, field dependence, 8–12 yr old males, 4604
perceptions & experiences of time & leisure & approaches to sport & physical activities, males vs females, Canada, 24487
perceptual determination of cross court vs down-the-line destination arm strokes in simulated badminton display, 15–40 yr old expert vs novice players, 35013
performance posting & goal setting & activity contingent praise, legal body checking rate, university hockey team, 10477
personal growth group, self actualization, female gymnasts, 6057
personality characteristics & mood & coping patterns before vs after North Pole expedition, 26–41 yr old team members, 41577

prevalence of left vs right handedness, professional cricket batsmen & bowlers vs tennis players vs soccer goalkeepers, 41583
previous experience & self efficacy & heart rate, approach/avoidance behavior in modified back dive performance, females vs males, 13981
Profile of Mood States in sport research, 1975–88, bibliography, 24488
psychological skills educational program, closed skill performance enhancement, 20971
purposes & value of psychological tests, athletes & coaches, implications for athletic performance, 24497
right vs left hand RTs for visual stimuli on left vs right side of screen, 15–17 yr old soccer vs volleyball players, 10484
role of significant others, sport enjoyment & stress, 22–49 yr old former elite figure skaters, 31504
RT & anticipation time in information processing, 13–30 yr old athletes specializing in closed vs open skill sports, 39591
self regulation & goal setting & activation control & imagery & attention control, motor performance & sports, 38536
sex & sex role orientation, athletes in team vs individual sports, 24500
sex & sport type, amount & error & rate & consistency of mental concentration, 13.5–16.5 yr old athletes, 39578
sex, competitive achievement orientation & sport participation, high school & college students, 22018
sleep wake patterns, performance, solo & double handed ocean sailing racers, 35663
social identity factors, preferences for & participation in bowling vs skiing vs golf vs tennis vs motocross, college students, 13994
social meaning of riots between police & spectators at Grand Prix motorcycle races, Australia, 5384
sources of sport enjoyment during competitive phase of career, 22–49 yr old former elite figure skaters, 31505
Special Olympics participation, perceived physical competence & social acceptance, mentally retarded 9–13 yr olds, 27688
sport competition anxiety & self efficacy & gender role endorsement, male vs female college students, 3499
sport involvement, friendship expectation, 9–12 yr olds, 39602
sporting behavior, disabled or chronically ill or elderly adults, Finland, 33576
swimming lessons & increased skill, self concept, 9–14 yr olds, 32514
task complexity & performance measures, arousal/performance relationship, 14–18 yr old track & field athletes, 18510
team cohesion, group resistance to disruption, elite vs recreational sport vs fitness class participants, 13973
televised 1984 Summer Olympic Games, TV viewing & celebratory activities, adults, 24495
telic dominance & metamotivational state, squash task performance, 18–37 yr old males, 27992
theoretical model of psychological crisis during sport competition, basketball experts, 35015
theories of sports performance, Black vs White athletes, conference presentation, 10498
thought content instructions, skiing performance, adults, 24496
trends & findings & directions in sport research, physically handicapped, 5615
type & difficulty of performance & acoustic signal, RT of verbal response, 18–29 yr old professional sprinters vs hurdlers vs volleyball vs tennis players, 38531
uncertainty, visual behavior, 19–26 yr old expert table tennis players, 38540
validity of Sport Orientation Questionnaire, measurement of achievement orientation & discrimination of competitive sport participants vs nonparticipants, high school & college students, 10590
viewing competitive vs violent ice hockey action, aggression, male college students, 38543
violence at soccer matches, Victorian England, 38537
workshop on use of mental skills training in figure skating lessons, coaching effectiveness, 17–65 yr old coaches, Canada, 41575

Spouses [See Also Housewives, Husbands, Wives]
adjustment to spouse's spinal cord injury, medical & psychosocial consequences, wives, 19546
alcohol intoxication, power relationships during dyadic problem solving task, married couples, 15925
assortative mating vs convergence for IQ & personality traits, spouses, Great Britain, 36284
behavioral therapeutic intervention, sexual dysfunction, 74 & 72 yr old married couple, case report, 33985
behavioral vs insight oriented marital therapy, interspousal & intrapersonal functioning, spouses, 6 mo followup, 26872
belief similarity & irrationality & dysfunctionality, marital distress, 18–75 yr old couples, 22190
birth order complementarity, marital quality & stability, spouses, 18779
brief marriage therapy, spouses, 30350
causal attributions in marital violence, spouses, implications for methodological weaknesses, 1800
characteristics & conflict interaction, verbally vs physically aggressive vs withdrawing spouses, 32649
characteristics of common symptom reporting, adult female spouse proxies, 36516
cognitive conflict & role dominance & persuasive messages, joint investment decision making, spouses, 41554
cognitive self statements assessed by video assisted recall vs thought listing during marital problem solving, distressed couples, 16441
cognitive style & perception of control, 48–79 yr old coresident spouse caregivers of adults with dementia, 40469
communication skills training vs marital-discussion-only program, communication effectiveness & marital satisfaction, spouses with one chronically mentally ill member in day treatment program, 2344
congruency of preference for wife's employment, marital satisfaction, husbands & wives, 39793
couples psychotherapy group, 28–70 yr old alcoholic & nonalcoholic spouses, 16 mo followup, 16953
daily purchasing decisions, happy vs unhappy couples, 27983
dealing with death in family therapy, emotionally enmeshed elderly spouses, 37377
death of spouse, coping behavior, rural widows, 6 & 12 mo followups, 4823
degree of concordance in attributions of relapse, alcoholic males & their wives who completed marital therapy for alcoholism, 2 yr followup, 19849
demographic variables & jealousy, married couples, Italy, 8242
depression & marital adjustment, spouses, 36670
desired level of intimacy & actual level of intimacy & marital adjustment, 20–71 yr old spouses, 29219
detection of depression, spouses in conflict, implications for combined marital & drug therapy, 40078
diagnosis & treatment of folie a deux & role reversal, married couple, Canada, case report, 8544
dynamics & structure & functioning & treatment techniques, couples in May–December marriages, 6042
early attachment relations & emotional well being & quality of marital relations, spouses, Australia, 8257
ecosystemic perspective on spouse abuse, implications for treatment strategies, 36807
epidemiology & treatment & other issues, spouse abuse & other domestic violence, 22697
equivalence of social desirability vs specific personal characteristics, socially perceived marital success & compatibility of simulated couple, college students, 15485
escalation & maintenance & cybernetic model of spouse abuse, 5391
expected effects of job related move on employment opportunities of tied spouse, college students, implications for dual career couples, 38326
factor structure of Jalowiec Coping Scale, 29–70 yr old spouses of cardiac surgery patients, 38682

family functioning, parents & spouses of head injured patients, 23081
female vs male initiation of psychotherapy, marital adjustment & perceptual congruency, married couples, 2393
fertility patterns & level of agreement on value of children, once married couples, 1206
gender differences in correlates of marital satisfaction, dual career vs traditional couples, 1242
hierarchical log linear technique, analysis of interaction, distressed vs nondistressed 23–57 yr old spouses, 32656
incidence of dominance or possessiveness & sexual pressure & use of physical force & other abuse in relationship, married vs dating college students, 26293
infertility, emotional distress & adjustment & marital problems, 20–45 yr old couples, 29210
information & group &/or couple discussion in marriage enrichment programs, marital satisfaction & intimacy, married couples, 33948
institutional policy & interpersonal behavior of individuals, married colleagues in university setting, 31012
integrative approach to cognitive behavioral & family systems, treatment of spouse abuse, 37407
issues in & effects of postponed parenthood, 30 yr old & older spouses, Canada, 29235
judgment of photographs of married couples for physical similarity & likelihood of marriage, college students, support for theory of emotional difference, 378
length of marriage, marital & sexual & occupational & family adjustment, dual vs single earner married couples, 8236
length of time since death of spouse, depression & anxiety & well being, bereaved 60–90 yr olds, Canada, 39718
list of ways to communicate badly, improvement of interpersonal communication, couples in therapy, 16461
locus of control & approval motivation, 20–30 vs 31–40 yr old Hindu married couples, India, 8250
locus of control, members of Alcoholics Anonymous vs alcoholic patients vs regular light drinkers & their spouses, 26348
marital & personality measures of sex roles, marital satisfaction & depression, depressed females & their husbands, 36714
marital adjustment & mental health, 25–45 yr old couples, India, 36282
marital change, transition to parenthood, spouses, 22167
marital interaction & satisfaction, spouses, 3 yr study, 25730
marital relations, treated alcoholic males vs females & their spouses, 29774
marital relationship & feelings of hostility & friendliness & psychological adjustment, communication styles between former spouses, females in 1st yr of marital separation, 11617
marital relationships, married anorexic & bulimic patients, literature review, 5819
marital satisfaction, well being in purchasing decisions, spouses, Austria, 13963
marital therapy & spouse involvement, depression & agoraphobia & alcoholism, 26855
marital therapy, wife abuse, elderly couple in intermediate care facility, case report, 30760
needs & treatment issues, spouses of depressed patients, 37212
occupation & psychosocial factors, disease specific mortality concordance, spouses, 9053
parental exposure to high vs low divorce rate, intergenerational divorce rate, offspring couples, 22172
partner similarity measured by demographic characteristics & perceived & predicted relationship quality, married vs cohabitating heterosexual vs gay vs lesbian couples, 36349
patterns of interaction in self reported salient conflicts, physically vs verbally aggressive vs withdrawing vs nondistressd couples, 39780
perceived emotional support from family & friends, married vs heterosexual vs female vs male homosexual cohabiting couples, 1312
personality trait similarities, spouses in interethnic vs intraethnic marriages of up to 25 yrs, Israel, 11615
post myocardial infarction education program, knowledge level, hospitalized coronary heart disease patients & spouses, 9763
power & narcissism & control, spouse abuse, 33316
predictions of elderly patients' resuscitation preferences, primary care physicians vs spouses, 16764
predictors of depression, 45–94 yr old husband vs wife caregivers of spouse with Alzheimer's disease, 37121
prevalence of spouse abuse, 17–80 yr old male & female psychiatric inpatients, Canada, 27208
psychological & social adjustment, 32–75 yr old spouses of coronary artery bypass graft surgery patients, 12 mo follow-up, 40848
psychological well being, adults with end stage renal disease & their spouses, 33491
psychosocial & demographic & genetic factors, cross spouse BP correlations, 21–83 yr old married couples from hypertension prone families, 22898
psychosocial experience, White females with mastectomies vs biopsies & their spouses, 26598
psychosomatic & emotional & marital difficulties, 22–76 yr old female spouses of pathological gamblers, implications for treatment, 5439
purpose in life & self actualization & selfism, sexual enjoyment, married couples, 32650
reflection vs reframing, interactions, 24–33 yr old spouses in marital therapy, 23257
role of cognitions in marital relationships, spouses, 25719
satisfaction with housing & perceptions of ease of meeting neighbors & neighbor recognition, satisfaction with neighbors, spouses in married student housing, conference presentation, 20540
self satisfaction with personal depth of meaning in life, active married elderly vs younger adults, 39702
self vs spouse report of Type A behavior, couples, 17542
separation individuation principles of M. R. Mahler, conjoint marital therapy, middle aged couple, 26834
sex & need for autonomy & affiliation, conjugal aggression, 19–60 yr old couples, Nigeria, 36276
sex & relationship quality & personality characteristics, well being, 18–67 yr old heterosexual couples, 18793
sex, extent of altruism in intimate heterosexual relationships, 18–42 yr old couples, 32782
sex, premarital vs extramarital nonsexual & sexual activities excluding partner, college students, 39875
sex, psychosocial adjustment, 74 yr old & younger couples with colon cancer, 22884
sex role & life & job satisfaction, young vs middle aged vs older spouses, 15375
sex role orientation, marital satisfaction, spouses, 25761
sex role preference congruency, marital quality, married Air Force couples, 36268
sex roles & division of household tasks, couples 60 yrs old & older, Australia, implications for independent living & community care policies, 25666
sex roles & self esteem, 21–37 yr old spouses in transition to parenthood, 22202
sexual fantasy & counseling & communication & sensate focus home assignments in therapy, secondary orgasmic dysfunction, 29 yr old female & husband, case report, 30329
simulated folie a deux, husband & wife sharing bizarre beliefs, case report, 33027
social & formal support, psychological adjustment, caregivers of spouses with dementia, 30032
social networks & disability level & life & marital satisfaction, adults with multiple sclerosis & their spouses, 30136
social support, bereaved spouses, 18983
spouses' personality, marital satisfaction, married couples, 25740
strain in transition to parenthood, couples, 22187
stress responses & coping behavior, parents or spouses of burn patients, 6 mo study, 1976
stressful life events & psychological symptoms, family practice residents & their spouses, 10004

structured research based vs clinically flexible version, social learning based marital therapy, 27–64 yr old distressed married couples, 26856
systemic strategies in integrated sex therapy, married couple with sexual problems, 40708
techniques & theme considerations for bereavement groups, members whose spouses had died from cancer, 19868
temporal pattern of predischarge vs postdischarge stress, surgically treated cancer patients with vs without ostomies & their spouses, 12470
training method, empathic ability & perceived spousal empathy & marital satisfaction, married couples, 23307
transference reactions & other responses to married couple working as therapists, adolescent inpatients & ancillary & professional staff, 23188
validity of Rapid Couples Interaction Scoring System, assessment of marital satisfaction, blue vs white collar spouses, 31546
value patterns, high vs low adjusted couples, India, 18785
variations of family confrontation in unilateral family therapy, uncooperative alcohol abusers & their spouses, 37932
violence & victimization, self esteem, males vs females who were married or living together, 5445
weight control program, body weight loss, obese 29–68 yr olds with normal weight vs obese partners, 3 mo followup, implications for cost effectiveness & public health, 40716
1 way mirror vs audio vs video recording observation methods, interactional behavior & self consciousness & anxiety, 20–38 yr old married couples, 11610

Sri Lanka
details about previous lives, 3 yr old females, Sri Lanka, case reports, 18534
fatal deliberate self harm, hospitalized patients, Sri Lanka, 5399
model for community care & psychosocial rehabilitation, psychosocially disabled, Sri Lanka, conference presentation, 20247
psychosocial adaptation, minority Tamils vs majority Sinhalese, Sri Lanka, 4794
Sanskritic repression & projection, psychogenetic explanations of transformations in Buddhist vs Hindu pantheons, Sri Lanka, 11590

Stability (Emotional) [See Emotional Stability]
Stage Plays [See Theatre]
Stammering [See Stuttering]

Standard Deviation
approximation of posterior mean & standard deviation for Bayesian ability parameter using item response model, 3678
empirical distributions of range restricted standard deviations, test validity generalization analyses, 24562
feasibility of & convergence data for standard deviations in Cascio-Ramos estimate of job performance in dollars, manufacturing company management personnel, 3369
standard deviation of job performance, hosiery or knitwear industry employees, US vs UK, 34964
standard deviations from mode method, measurement of variation or dispersion for nominal categorical data, 14208
temporal duration estimates, numeric values of Weber's fractions, college students, 24710

Standard Error of Measurement [See Error of Measurement]

Standard Scores
application of multiple matrix sampling to standard setting, estimation of borderline examinee performance & cutting scores on medical exam, physician experts, 7162
limitations of standard vs developmental scores in individual achievement tests, identification of learning disabilities, 10301
scores on Diagnostic Achievement Battery vs Kaufman Test of Educational Achievement vs Peabody Individual Achievement Test, 1st–5th graders with behavior disorders or learning disabilities, 10255
stability of aptitude & achievement discrepancies assessed by standard score analysis, learning disabled students initially assessed at ages 5.8–15.9 yrs, 3 yr followup, 20719
technique for interpretation of area standard scores in 4th edition of Stanford Binet Scale of Intelligence, 2–23 yr olds, 3541

Standardization (Test) [See Test Standardization]

Standardized Tests
accuracy & national norms of standardized achievement tests, elementary school students, 13687
accuracy & national norms of standardized achievement tests, elementary school students, commentary, 13696
college GPA & math & verbal SAT & sociocultural factors, prediction of performance on National Council Examination, Black baccalaureate nursing school graduates, 23892
construction of confidence intervals, norm referenced testing, implications for educational measurement, 13745
design & implementation research on Developmental Editions of norm referenced standardized tests, 38622
discrepancies between ability & achievement scores on individually vs group administered standardized tests, 3rd vs 5th vs 12th graders, implications for diagnosis of learning disabilities, reprint, 10244
early infancy recognition memory & habituation vs standardized tests, IQ prediction, children, commentary, 35158
establishment of scoring systems for norm referenced standardized tests, 38595
grades vs standardized test scores indicating mathematics achievement, females vs males, 24048
history of standardized testing in developmental therapy settings & need for pediatric occupational & physical therapy scientifically validated tools, 41014
issues in educational evaluation including reliability vs validity & formative vs summative emphasis & uniform testing vs individual styles & culture, conference presentation, 27757
job task & content analysis, development of standardized certification test, laboratory managers, 38640
misuse & limitations of standardized tests, quality assessment of home based educational programs, 20668
misuse of standardized testing including SAT scores as qualifications for collegiate athletic participation, integration & merit evaluation process, 24209
model for preparation for standardized examinations, learning disabled students, Great Britain, 10223
National Association for Education of Young Children guidelines for early standardized testing & interpretation of test results, 3–8 yr olds, 6830
perceived importance of qualitative categories of behavior of children taking standard oral reading test, reading teachers, 31324
process of development of norm referenced tests, implications for pediatric occupational & physical therapy, 38593
results on National Board for Certified Counselors Examination, implications for training, 13369
sex & courses taken, mathematics achievement scores on New York State Regents Exam, 9th–11th graders, 3206
standardized & nonstandardized test protocols, assessment of language skills, school aged hearing impaired children, 33599
standardized vs semistructured methods, determination of sex differences in intellectual development, college freshmen, educational implications, 21927
strengths & weaknesses, students who failed National Teacher Exam Specialty Area Test in Art Education, 41362
test anxiety & standardized test performance, Black vs White male vs female 7th & 8th graders, 3306
use of Assessment of Occupational Functioning & standardized tests, occupational therapy patient evaluations, 28 yr old female with anxiety disorder, 35204
use of estimated true scores in normative comparisons, commentary, 24219
use of estimated true scores vs observed scores in normative comparisons, commentary reply, 24254
use of estimated true vs observed scores on standardized educational tests, normative comparisons, 13740
use of estimated true vs observed scores on standardized educational tests, normative comparisons, commentary, 13741

use of norm referenced standardized tests vs informal reading inventories, basal reading & placement determination, elementary school teachers, 20691
utility of estimated true vs observed scores on standardized tests, normative comparisons in educational evaluation, commentary reply, 13700
validation process for norm referenced tests, implications for occupational & physical therapy, 38609
Standards (Professional) [See Professional Standards]
Stanford Achievement Test
group administration of Stanford Achievement Test, screening for placement in special education, 1st–6th graders, 10309
K-ABC vs Stanford Achievement Test, reading disabled 2nd–6th graders, 3317
reading vs listening/reading administration technique, Reading Comprehension subtest score on Stanford Achievement Test, learning disabled 7th–9th graders with good vs poor reading, 41390
Stanford Binet Intelligence Scale
administration & validity problems with 4th edition of Stanford Binet Intelligence Scale, gifted children, 146
age & interpretive tables for subtests of 4th edition Stanford Binet Intelligence Scale, test interpretation, 2–18 yr olds, 25513
confidence intervals for Stanford Binet Intelligence Scale–4th Edition, 2–18 yr olds & older, 3677
confirmatory factor analysis of 4 vs 2 or 3 factor models of Stanford Binet Intelligence Scale 4th Edition, goodness of fit to subtest intercorrelations for standardized age groups, 2–23 yr olds, 35224
construct & concurrent validity of Stanford Binet Intelligence Scale 4th Edition vs K-ABC, low income high risk 4.3–6.6 yr olds in Head Start programs, 24239
correlation between scores of Stanford-Binet Intelligence Scale IV & PPVT-R, college students, 3564
correlation of scores on Stanford Binet Intelligence Scale & McCarthy Scales of Children's Abilities, kindergartners, 10568
factor structure of Stanford Binet Intelligence Scale Fourth Edition, 2–23 yr olds, 14161
factor structure of 4th edition of Stanford Binet Intelligence Scale, gifted 4th–6th graders, 7145
factor structure of 4th edition of Stanford Binet Intelligence Scale, 2–10 yr olds, 24633
PPVT-R vs WAIS-R vs Stanford Binet Intelligence Scale scores, prediction of American College Testing Program scores, college students, counseling implications, 27761
ratio developmental quotient from Bayley Scales of Infant Development & later Stanford Binet Intelligence Scale IQs, mentally retarded children 30 mo old & older, 89
similarity between Stanford Binet Intelligence Test & British Ability Scales & WISC-R, gifted 9.5–12.6 yr olds, 21109
social context of H. H. Goddard's use of Stanford Binet Intelligence Scale in classification of educable mental retardation, 1933
Stanford-Binet Fourth Edition vs Form L-M scores, beginning 3rd graders classified as gifted, 38286
Stanford Binet Intelligence Scale 4th edition vs Stanford Binet L-M Scale, identification of giftedness, 3–4.7 yr olds, 34818
Stanford Binet Intelligence Scale-4th edition vs WISC-R, learning disabled 9.1–16.9 yr olds, implications for special education placement, 13734
structure & applications of & recommendations for usage of Stanford Binet Intelligence Scale 4th edition in school psychology setting, 24233
technique for interpretation of area standard scores in 4th edition of Stanford Binet Scale of Intelligence, 2–23 yr olds, 3541
test retest reliability of Stanford Binet Intelligence Scale & WISC & WISC-R & WAIS & WAIS-R, meta analysis, 28133
test scores on WISC-R vs Stanford Binet Intelligence Scale-4th edition, gifted 7.7–15.8 yr old students, 31304
validity of Stanford Binet Intelligence Scale vs K-ABC, learning disabled 8.5–11.8 yr olds, 27809
validity of 4th revision of Stanford-Binet Intelligence Scale, evaluation of verbal & quantitative & abstract/visual reasoning & short term memory, 2–6 vs 7–11 vs 12–23 yr olds, 7127
Stanines [See Standard Scores]
Stapedius Reflex [See Acoustic Reflex]
Startle Reflex
acoustic startle stimuli, initial startle reactivity & within session habituation, Maudsley MR/Har vs MNRA/Har rats, 24923
age & level of background white noise, incidence & amplitude & latency to onset of acoustic startle response, 11–21 day old rats, 7520
apomorphine vs dextroamphetamine, sensorimotor gating assessed through prepulse inhibition of acoustic startle response, male rats, implications for schizophrenia, 4420
auditory prepulses, modulation of blink & cardiac components of acoustic startle reflex, 15 mo olds, 29023
bilateral lesions of central nucleus of amygdala, sensitization of auditory startle to footshock, rats, 39221
categorical response & acoustic startle & selective attention, humans vs insects, literature review, 28393
cold swim stress vs morphine, effect of auditory vs visual prestimuli on amplitude of subsequent acoustic startle response, rats, 21649
dorsal or median raphe nuclei lesions vs cinanserin vs cyproheptadine vs ipsapirone vs 8-OH-DPAT, buspirone blockade of fear potentiated acoustic startle reflex, male rats, 28707
double pulse electrical stimulation in brain stem, startle response, male rats, 35744
drugs acting on 5-HT-1 vs 5-HT-2 receptors, habituation of tactile startle responses, rats, 32203
duration & onset transient of auditory prepulse, acoustic startle reflex, college students, 35314
electrical stimulation of amygdala, acoustic startle, male rats, 21681
eyeblink eliciting taps to glabella, habituation & response amplitude, 1 day vs 18–35 yr olds, 15057
footshock, amplitude of startle reflex, rats, 39201
footshock, startle reflex elicited acoustically vs electrically from ventral cochlear vs lateral lemniscus nucleus vs nucleus reticularis pontis caudalis vs spinal cord, rats, 39199
high hyperbaric pressure, startle response to intense tone bursts vs single pulse stimulation of cochlear nucleus & nucleus reticularis pontis caudalis, rats, 4230
infusion of excitatory amino acid transmitters into ventral nucleus of lateral lemniscus, acoustic startle, rats, 4488
inhibitory modulation of startle responses, 7–13 yr olds with PTSD, 17 mo to 2 yr followup, 36672
intrathecal vs intraventricular buspirone vs gepirone, fear enhanced acoustic startle reflex, male rats, 28881
long vs short term habituation of acoustic startle reflex, metabolic activity of auditory system, male rats, 39094
microcomputer controlled system, measurement of startle response to acoustic stimuli, animals, 18075
naloxone & noise burst, startle & hot plate induced paw lick latency measuring analgesia, male rats, 4339
periaqueductal gray lesions or preexposure or extinction, long term habituation of acoustic startle response, rats, 14782
repetitive acoustic stimulation, latency & amplitude of blink EMG acoustic startle response measuring habituation & sensitization, 18–24 yr olds, 35322
social isolation, tactile startle reactivity & nociception & resting heart rate & BP, male rats, 14727
startle probe response, college students, implications for assessment of emotions & pathological anxiety, 10715
stimulus rise & fall time & duration & intensity, startle response to acoustic stimuli near threshold, college students, 17814
5-HT receptor agonists vs antagonists, modulation of acoustic startle reflex, male rats, 35870
Starvation
phasic starvation, estrous cycle, lean vs fat hamsters, 39146

suicide by self starvation or treatment noncompliance, bedridden aged patients with major depression, clinical & legal implications, 36691
State Dependent Learning
diazepam before training & epinephrine vs naloxone vs beta endorphin afterward, state dependency & memory facilitation in inhibitory avoidance task, female rats, 25245
identical vs nonidentical mood inductions at learning & recall, mood state dependent retention, college students, 28325
methodological problems, measurement of emotional state dependent learning & recall, 353
mood congruent vs mood state dependent encoding & recall, speech anxious college students, 24700
State Hospitals [See Psychiatric Hospitals]
State Trait Anxiety Inventory
construct validity & factor structure of State-Trait Anxiety Inventory, male vs female Black 18–83 yr olds, 3558
correlation between state form of State-Trait Anxiety Inventory scores & clinical judgments & psychophysiological functions, clients in psychotherapy vs alcohol treatment program, 79
development & validation of Arabic version of State Trait Anxiety Inventory, adults, Egypt, 31554
reliability & concurrent validity of Spanish version of State Trait Anxiety Inventory, high school students, Uruguay, 28128
reliability & factorial structure of State Trait Anxiety Inventory, 13–20 yr olds, Hong Kong, 31665
Statistical Analysis [See Also Analysis of Covariance, Analysis of Variance, Binomial Distribution, Central Tendency Measures, Chi Square Test, Cluster Analysis, Confidence Limits (Statistics), Consistency (Measurement), Effect Size (Statistical), Error of Measurement, Factor Analysis, Frequency Distribution, Goodness of Fit, Interaction Analysis (Statistics), Interaction Variance, Item Analysis (Statistical), Mann Whitney U Test, Mean, Meta Analysis, Multivariate Analysis, Nonparametric Statistical Tests, Normal Distribution, Oblique Rotation, Orthogonal Rotation, Parametric Statistical Tests, Predictability (Measurement), Skewed Distribution, Standard Deviation, Statistical Data, Statistical Estimation, Statistical Norms, Statistical Probability, Statistical Regression, Statistical Rotation, Statistical Significance, Statistical Tests, Statistical Weighting, T Test, Time Series, Variability Measurement]
algorithm for determining graph orbits, role similarity analysis, 14202
algorithm for transformation of latent response parameters to logistic form & application of maximum likelihood estimation method, latent distance analysis, 35216
analyses of measurement vs structural portions of latent or mixed manifest & latent variable models, 176
application of hazard function related to probability distribution, models of redundant signals effect in bimodal detection task, 7217
appraisal & evaluation of data fusion, survey respondents, 35211
avoidance of rituals of experimentation & superfluous statistics, scientific research, 28
basic statistical parameters in EPs, 18120
classification & statistical analysis of films noirs, 39451
clinical & statistical strategies for prediction of violence, 29711
coefficient "H" in scale analysis & reproducibility of item responses from test scores, commentary, 3675
coefficients of interrater reliability, 14187
cognitive psychology principles & statistical methods, sample survey design to reduce sources of variability, 31536
compensation techniques for selectivity bias in analysis of survey network data, 3670
component analysis scores computed on basis of aggregate sample, consumer behavior research implications, 41535
computation of chi square noncentrality parameter for power calculations in behavior genetics research, 169
computation of estimated probabilities of transitions, 31728
computation of interrater reliability coefficients when rating one stimulus, 24695
computer applications for graphical & statistical analysis of variations in music performance, conference presentation, 35261
computer program, calculation of parametric & nonparametric signal detection parameters for sensory sensitivity & response bias, 10696
computer program for orthogonal comparisons in a priori statistical approach, 7275
computer software for construction of repertory grid design & analysis associated with G. A. Kelly's personal construct theory, 8450
computerized databases & spreadsheets, introduction to statistical practices & investigative learning, college students in social sciences, 41258
computerized fuzzy graphic rating scale using semantic differential, individual differences in imprecise ratings of occupation prestige & sex type, 18–45 yr olds, 10549
conceptual framework for fit in strategic management research & analysis, 38384
conventional ANOVA vs epsilon correction vs nonparametric vs parametric univariate tests, Type I error rate & power in groups by trials analysis under violated assumptions, 31737
correspondence analysis of incomplete contingency tables, experimental data, 3664
cross level interactions within multilevel analysis, peer group interaction & job performance, hospital employees, 24672
data analysis method, dichotic listening advantages, adult stutterers vs nonstutterers, 35212
development of data correction procedures for removal of voluntary responding from eyelid classical conditioning, 1951–80, 10697
development of rape coding system for cross cultural research, 35 societies, 7174
developments in methodology of survey data analysis, implications for social sciences, 10666
differences in statistical software, errors in interpretation of results, 21172
differential analysis & interpretation of grouped data vs measures of individual learning & selective breeding, diptera, 14534
effect & value of therapeutic intervention against control, nonparametric methods for analyzing survival time data, 40559
eliminate & subtract method vs no difference findings, elimination of threats to validity in treatment estimate effects, 31738
empirical Bayes ranking vs other methods, underlying attribute rankings & selection in statistical problems, application to school achievement data, 35226
empirical statistical method for cross level & multilevel analysis in organizational research, 24697
empirically based Q-sort strategy, derivation of meaning using multiple molar construct interaction matrices, parents & their preschool children, 21173
exponential data analysis of passive avoidance behavior & effect of cycloheximide, rats & mice, 31911
fixed favored position indicator analysis, determination of favored position in redundant target detection tasks, 7251
formulation of multivariate techniques as eigenvalue problems & sensitivity analysis method, application to conditional ordinal data, 7271
fuzzy feature matching model, analysis of asymmetric similarity matrix of country similarity judgment, college students, Japan, 28185
generic utility representation using additive combination of utility outcomes, preference order for subset of 2 outcome gambles with fixed probability, 21171
goodness of fit indices, assessment of parsimony & disconfirmability, structural equation models, 28179
graphical analysis & mathematical model of behavior dependent context for repeated plays of Prisoner's Dilemma game, implications for cooperation in political & social exchanges, 18902

hierarchical linear models, educational applications to data sets with micro- & macroparameter hierarchy levels, 3673
hierarchical model fitting procedure, detection of response shift bias in pretest/posttest design for estimates of treatment effects, 174
history & application of bootstrap statistical technique, analysis of complicated sample statistics in psychophysiology, 35235
hybrid variant of linear logistics model with relaxed assumptions, measurement of change using text comprehension data, 13 yr olds, 31710
IBM-BASIC computer program for time lag sequential statistical analysis of dyadic social interaction, 7266
ideal point discriminant analysis based on H. Akaike's information criterion, assessment of continuous & discrete predictors, 17704
independence & reliability of political party identification & party closeness measures, adults, 21060
interval coding vs continuous time strategies, statistical analysis & representation of parallel streams of continuously recorded social behaviors, 28166
intra individual variability & traitedness & statistical methods, personality assessment, 21052
irrelevant or inapplicable behavior checklist items for respondent subgroups, data analysis & structure, 31743
lag sequential analysis of interpersonal behavior in social work research & practice, 21181
latent structural analysis application computer program, processing of nominal or rank data matrix, applications in psychology & sociology & medicine & biology, 14229
limits of dummy & nonsense coding of categorical variables as predictors in multiple regression, implications for parameter & significance estimates, 180
linear difference & ratio models, assessment of interaction effects of social support & stress & risk for depression, 17706
LISREL analysis, commitment to school, college students, 31180
LISREL, testing of model of phenotypic means & covariances, twin data, 28574
LISREL, testing of univariate & bivariate & multivariate genetic models, cross sectional twin data, 28167
logit & log linear model building techniques for analysis of ordered categorical data, 21148
loglinear formulation for exploratory analysis of contingency tables & generalizations of correspondence analysis, experimental data, 3661
mathematical & statistical analysis of circadian rhythms, 35228
measurement of rater agreement & inferences about validity of dichotomous ratings from agreement data, 10692
method for classification analysis of residue data & true deviance vs error of measurement in school adjustment data, 10 & 13 yr olds, 14192
method for interfacing Apple IIe computer with programing modules & automated collection & analysis of animal behavior data, 10889
method of statistical analysis of pretest posttest data, detection of treatment effects, 171
methodological issues & use of multiple analytic tools in social network analysis, 28162
methodologies for analysis & aggregation of single case data, evaluation of family service agencies, 14206
metrical issues, index of effect size, meta analyses of therapy effects, 19789
models for social networks, commentary, 28180
molecular analysis of reinforced vs nonreinforced response specific inhibition & extinction, animals, 155
Monte Carlo design, correlation among 6 scales of Survey of Interpersonal Values, 28184
Monte Carlo investigation of likelihood ratio test for number of classes in latent class analysis, 14203
Monte Carlo techniques, analysis of regression approaches to external unfolding, conference presentation, 38712
multiple discriminant analysis vs multidimensional scaling, measurement of corporate image, 21156
multivariate multiple regression vs canonical correlation vs redundancy analysis, behavioral analysis, 175
need for consideration of statistical power in interpretation of "negative" results in psychiatric research, 7257
negative-positive-neutral logics & relations & model of generic system for cognitive map development & decision analysis, 35237
NEWSART & NEWLIL digital filters, real time binomial weighted spectral analysis using personal computers, implications for EEG & automobile steering movements applications, 38695
nonparametric test for ordered alternatives in randomized block design, 10668
nonrank paired comparison analysis of relative proportion of occupations, junior high school students vs their parents, Japan, 7265
ordinal equivalence & properties of power indices in simple games, 190
paired comparisons, survey research requiring ranking of objects or choices, respondents, 10672
path analytic study of ethnicity & gender & family background & ability & motivation & quality of instruction & study time, academic achievement, high school students, 13538
problems in analysis of structural models using matrix of sample correlations, 21154
procedure for common A-solutions between separate finite additive conjoint measurement structures, construction of iso a-space & application to sentence processing complexity, 185
proportional hazard rate model of analysis of absenteeism, white collar workers, 24680
quadratic assignment procedure vs ordinary least squares, hypothesis testing in simple & multiple regression analysis based on dyadic data, 28169
quantification of verbal probability expressions, college students, 32327
ranking & pair comparison methods, measurement of social orientations, adults, 36450
ranking procedures & computation of exact distributive under null hypothesis for trend tests in 2 way layouts, 28157
robustness of normal theory methods, analysis of linear latent variate models, 14196
role of objective vs subjective variables in differentiation vs integration of social groups, methodology for measurement of quality of life, adults, India, 28178
S. S. Stevens' invariance criterion & meaningfulness inference, consistency in selection of measurement scale & statistical analysis, 14225
Saltus model for analysis of dichotomously scored responses in cognitive development research, 21180
sampling & analysis issues in study of postdivorce attachment & emotional adjustment & distress, commentary, 11618
sampling vs empirical independence, sequential analysis, 31698
scattergrams, representation & analysis of group differences in dual task performance, 21178
selection & analysis of appropriate dependent error measure & use of trial profiles, short term motor memory research, 21197
simple iterative model & algorithm using partial least squares, redundancy analysis & maximization, 7225
software for calculation of statistics for microcomputers running MS-DOS, conference presentation, 35214
statistic for summarizing ranked item survey questions, implications for leisure research, 31724
statistical & methodological errors, identification with developmental standard score scales on achievement tests, learning disabled students, commentary, 27820
statistical analysis & interpretation & reporting of results, published psychological research, 10541
statistical analysis & interpretation of concurrent detection rating task, assessment interaction among sensory signals, 38716

statistical analysis of casual transmission research, household members of AIDS patients, Zaire, commentary, 33542
statistical analysis of dyadic social interaction data measured over time, 3682
statistical analysis of overrepresentation of verbal/performance splits of Multidimensional Aptitude Battery, 16–71 yr old inmates, 14079
statistical analysis, sequential social dyadic interactions, 14205
statistical computer simulation & test of statistical significance, analysis of interactions for ordinal dependent variables, 10675
statistical forms of correlational analysis, determination of autocorrelation in behavioral experimental data, commentary, 21149
statistical independence between word completion & perceptual identification tests of implicit memory, college students, implications for multiple memory system theory, 17914
statistical interactions of social support & stress, depressive symptomatology, methodological implications, 1728
statistical methodology for quantification of civil commitment detention time & cost, 2781
statistical methods for determining clinical significance of psychotherapeutic techniques, 17676
statistical methods in assessment of interobserver & diagnostic agreement in child psychology practice & research, 22597
statistical model for assessing genetic vs environmental causes of continuity & changes using longitudinal twin study design, 7230
statistical procedures for combining data from multiple baseline AB & replicated ABAB designs across independent Ss, 10682
statistical selection errors, alpha errors in parapsychological research, conference presentation, 24513
statistical strategy of L. Guttman & E. A. Suchman plotting intensity of feelings as function of attitude content, analysis of Behavioral Style Scale, college students, 184
statistical techniques of survival analysis, turnover, Air Force Academy cadets, application to longitudinal employee turnover research, 24690
statistical test for random behavior in observational studies, 173
statistically derived subtypes of psychosocial functioning & adjustment, learning disabled 6–12 yr olds, 26381
structural equivalence measures derived from sociometric choice data, 14197
structural vs general equivalence methods of social position analysis, 28164
success of specification search strategies applied to initial covariance structure models, 7262
tableau algorithms, analysis of instrumental variable & 2 stage regression factor loadings & corresponding least squares estimates, 17677
technique using concept of statistical odds, measurement of variation or dispersion among nominal categorical data in human performance studies, 38702
techniques used for estimation of proofreader efficiency & number of errors in text, South Africa, 7256
theory & analytical extensions of H. Akaike's information criterion for statistical model selection, 17663
theory based vs theory free statistics, reporting of scientific results, 17670
use of correspondence analysis with loglinear analysis, detection of interactions in multiway contingency table, commentary, 3680
use of residue in psychological classification analyses, 10 & 13 yr olds, 3659
use of sum of ranks & direct hits in free response psi experiments, 10505
variance heterogeneity, differences between group means in educational & social science research, 7254
2 step structural equation modeling, confirmatory factor analysis, 14190
3 levels of population factor pattern loadings, component vs common factor analysis, 35232
3 mode principal component & perfect congruence ANCOVA matrices, factor structure of Self Description Questionnaire, 2nd–5th graders, Australia, 31624

Statistical Correlation [See Also Linear Regression, Nonlinear Regression, Point Biserial Correlation, Rank Order Correlation]

age & complexity phenomenon, commentary, 14406
aggregations & test retest reliability, behavioral stability in personality research, 35079
alternative procedure for graphing correlation coefficients, 28186
application of Pearson's product moment correlation to experimental results, reprint of C. Spearman's 1904 article, 3676
autocorrelated residuals in behavioral experimentation data, commentary reply, 21164
autocorrelation of baseline vs intervention experimental data, single S or single case or small sample or interrupted time series research, 21152
Bartlett test & jackknife procedure as solutions to problem of autocorrelation of sequential behaviors in measures of interobserver agreement, 7223
bivariate item criterion correlations, identification of personality correlates of attrition, Marine Corps recruits in basic training, 38506
bootstrap & approximate randomization computer intensive correlational analysis techniques, 31735
bootstrap method, estimation of standard error & confidence intervals for correlation coefficient, 163
calculation of squared correlation coefficient, fit of random monotonic data to algebraic models, 10685
CANPOW program, estimation of effect or sample size in canonical correlation analysis, 7268
correction of correlation coefficients for restriction of range from truncation of normal population distribution, 14201
correlation matrices based on product moment coefficients, factor analysis of measurement scale subinterval data, 10667
correlation of Defense Mechanisms Inventory & Denial Score on Coping Operations Preference Enquiry, college & graduate students, 7144
correlation of Psychoticism scale scores on original vs revised Eysenck Personality Questionnaire, female occupational therapy college students, 28122
correlation of scores on Cognitive Failures Questionnaire & Self Consciousness Scales, determination of relationship between cognitive failure & self focused attention, college students, 28298
correlation of scores on Stanford Binet Intelligence Scale & McCarthy Scales of Children's Abilities, kindergartners, 10568
correlation of well being scales designed by S. K. Verma vs N. Bradburn, 17–42 yr olds, India, 35199
correlational & priming studies of scores on Pro-Black vs Anti-Black vs Protestant Ethic & Humanitarianism-Egalitarianism scales, Black vs White college students, 15265
correlations among Dutch self report measures of anxiety & depression & neuroticism, 19–74 yr olds, Netherlands, 31726
correlations of Wide Range Achievement Test-Revised & WAIS-R IQs & scaled scores, adults, 7218
course grouping & skewness in distributions or base rates, correlations with dichotomous behavior measures, 10681
critique of partialling approach to control for family variables in sexual abuse effects research, 8773
enhanced observation opportunities with high vs low true dimension intercorrelation, validity of performance appraisal ratings, expert vs nonexpert college students, 17700
erroneous labeling of correlational studies as experiments, commentary, 31532
erroneous labeling of correlational studies as experiments, commentary, 31533

estimation of bivariate normal data correlation in computer scatter diagrams, MBA students employed in technical or managerial positions, 38426
experimental vs nonexperimental partial correlation methods, control for causal order & spuriousness in assessment of psychotherapeutic effects, 2311
group homogeneity & sample population range restriction & enhancement, correlations & validity generalization, 14188
heterogeneity & set size, degree of bias using 2 methods for combining correlation coefficients, 188
intercorrelations of measures of intelligence, 9 mo to 9 yr olds, 15084
interjudge reliability expressed as percent agreement between Os & correlation coefficient, simulated data, 7250
internal consistency of & correlation between Scale for Assessment of Negative Symptoms & Scale for Assessment of Positive Symptoms, schizophrenic patients, 21056
intraclass correlation coefficient & concept of classical reliability, 17707
maximum likelihood estimation model, assessment of multivariate polyserial & polychoric correlation coefficients, 17694
measurement processes, statistical correlations among survey items measuring beliefs or attitudes or intentions or behavior, 164
metabolic demands & order of tasks, intertask consistency of heart rate response to pairs of active psychological challenges, 7744
method for correction of means & variations & correlations, sample distributions skewed by ceiling limits, 14189
methodological technique, measurement of correlation of hyperactivity & conduct disorders, 4–15 yr olds with mental disorders, 33014
Monte Carlo design, correlation among 6 scales of Survey of Interpersonal Values, 28184
Monte Carlo simulation of effects of data transformation on average correlations between Job Descriptive Index scores, assessment of job satisfaction, 28182
need to control for correlated concomitant variables in correlational & factorial ANOVA designs in psychiatric research, 7241
one bootstrap methods, estimation of confidence interval for correlation coefficient & Type I error, 187
organizational trait theories, illusory correlations in perception & prediction of organizational traits, management students, implications for J. Hage's axiomatic theory, 34921
parametric correlation coefficient vs bootstrap method, type I error & confidence interval estimation, commentary, 183
range restriction, estimation of sampling variance in correlation coefficient in validity generalization methods, 31731
response nondifferentiation in value surveys, rating vs ranking result discrepancies, adults, implications for form resistant correlation, 28103
robustness of linear models in mimicking noncompensatory processes in correlated environments in consumer choice behavior, 41542
robustness of t test of correlation coefficient & need for simulation studies, 14228
RT in perceptual motor tasks, correlation with & prediction of general intelligence scores, 46
scale item correlations reflecting semantic overlap & clusters for formalizing content overlap, maximization of reliability, commentary, 28126
score correlations on Assessment of Occupational Functioning & Occupational Case Analysis Interview & Rating Scale, schizophrenic 19–83 yr olds in occupational therapy, 35206
set correlation methods, assessment of 2 way contingency tables, 24674
shape of parent distribution, computer simulation of mu-2 weak monotone relationship of 2 metric variables & Pearson's r, 186
soft selection sampling bias, correlations in behavior genetics, twins, 35229
split-plot designs as extension of McNemar's test for correlated proportions, 10669
statistical forms of correlational analysis, determination of autocorrelation in behavioral experimental data, commentary, 21149
system failure measurement error in experimental environment & role of Pearson product moment correlation, 21155
table of corrections for estimation of point biserial correlations with equal category proportions, 31721
use of ANOVA residuals vs raw baseline data & time series analysis, testing for autocorrelation in behavioral data, commentary, 21175
4 fold situation with 2 dichotomous variables & biserial phi correlation coefficient, 21150

Statistical Data
autocorrelated residuals in behavioral experimentation data, commentary reply, 21164
autocorrelation of baseline vs intervention experimental data, single S or single case or small sample or interrupted time series research, 21152
consumer injury registry data, evaluation of child physical abuse, health care workers, 5474
data misrepresentation & misinterpretation in cerebral dominance crossed aphasia studies, aphasic bilingual patients, 26644
equivalence between item response theory & factor analysis models, assessment of ordered & unordered categorical data, 17705
heuristic method, placement of labels in computer generated scatterplots, commentary, 17690
interrater reliability & quality of judgment based nominal scale data, marketing research, 31650
least squares programing algorithm, fitting of ultrametric or additive tree representations to symmetric proximity data on odor preference, 7–14 vs 20–40 yr olds, 161
nonnormal data, alternate covariance structure estimation methods, implications for marketing research, 31740
presentation method for incomplete data on dichotomous variable co-occurrence & prior expectations, estimated relationship between variables, college students, 14354
reorganization of historical data using time variables model, organizational behavior analysis & management, 38414
simple nonparametric statistical tests, facilitation of accurate description of single case time series data, 32 yr old mildly mentally handicapped female, 28176
statistical forms of correlational analysis, determination of autocorrelation in behavioral experimental data, commentary, 21149
strategy for effective use of soft data in randomized controlled clinical trials, 24684
structural equation model, factor analysis & maximum likelihood estimation of data not missing completely at random, 17687
unidimensional item response theory estimates, compensatory vs noncompensatory 2 dimensional simulated data, 7273
use of ANOVA residuals vs raw baseline data & time series analysis, testing for autocorrelation in behavioral data, commentary, 21175

Statistical Estimation [See Also Least Squares, Maximum Likelihood]
algorithm with linear vs arbitrary equality vs inequality constraints, estimation of parameters, Japan, 7236
analysis of misspecified structural equation models using 1 vs 2 incorrect restrictions, sampling variability & z-values of parameter estimates, 31720
application of statistical models to educational measurement, commentary, 34799
approximation of posterior mean & standard deviation for Bayesian ability parameter using item response model, 3678
bias correction of unconditional maximum likelihood estimation in Rasch model, commentary, 7276
bias correction of unconditional maximum likelihood estimation in Rasch model, simulated data, 7232
bias correction of unconditional maximum likelihood estimation in Rasch model, simulated data, commentary, 7272

bias model of relative judgment, magnitude & ratio estimation power function, college students, 28205
bilateral auditory masking, lingual vibrotactile thresholds & magnitude estimation scaling, college students, 24718
bootstrap method, estimation of standard error & confidence intervals for correlation coefficient, 163
computer simulations of source models vs human data, distribution of estimates for mental rotation threshold, 10782
control of Type I errors & power, normal approximation to binomial test with vs without continuity correction, 3672
cross validity of Bayes & empirical Bayes shrinkage estimation of regression coefficients, 7252
decreasing variances in item response theory scale scores, estimation of latent distribution parameters, 7211
economic utility estimates based on noninteractive vs interactive vs independent multiplicative vs Taylor Series Approximation generalized validity coefficients, selection, clerical personnel, 17664
estimation of proportion of explained variance of ANOVA designs, 17702
estimation of reliability of computerized adaptive tests, 38693
estimation of smaller of 2 true mean or median RTs & alternative estimation procedures, bias in testing RT race models, 21170
estimation of squared cross validity coefficient in context of best subset regression, simulated data, 7237
FACSTRAP program, computation of bookstrap estimates of factor structure from correlation or variance-covariance matrices, 7269
form of log likelihood surface for items under 2 vs 3 parameter item characteristic curve models, 24670
generalized Rasch threshold model based on scaling concept, estimation of maximum likelihood of items from attitude measures, data from 5th–9th graders, 24693
inconsistency of operational definitions & methods of true score development & utility of accuracy measures, performance rating research, 3379
interpretation of validity generalization estimate, 10691
item calibration efficiency evaluation, errata, 31742
large sample multivariate methods, estimation & comparison of effect sizes, independent samples, 17684
logical estimation of missing data in multiperson household measures, consumer behavior research, 20948
LOGIST vs BILOG computer programs, parameter estimation for 3 parameter logistic item response model, 31732
magnitude estimation approach, measurement of judgment of intrinsic & extrinsic product quality, female college students, 38518
mail survey response rate estimation model, 21151
mathematical procedures for marginal maximum likelihood & EM algorithm, estimation of item parameters, 7229
method for correction of means & variations & correlations, sample distributions skewed by ceiling limits, 14189
method for estimation of factor means & covariances in groups selected on observed scores, factor structure of Graduate Management Admissions Test, applicants, conference presentation, 31734
method for estimation of rater reliability, teachers rating student essays, 34840
methodology based on item parameter estimates, assessment of unidimensionality assumption of achievement tests, commentary reply, 24673
methods for estimating change in dispersion due to experimental treatments, 3674
methods for estimation of score reliability, teacher or textbook prepared norm referenced tests, 10268
model for repeat paired comparison preference tests, assessment of abstentions & discrimination ability & proportionate preference, 3660
model misspecification & robustness & parameter linking issues in item response theory bias detection procedures, assessment of multidimensional item data, 24686
multiple matrix vs examinee sampling, estimation of population mean & variance, 165
multiple regression model, estimation of change, 3 wave data for individual, 17673
multiple situation comparison by regression techniques, reanalysis of data on commitment level as predictor of musical participation, 14207
nonnormal data, alternate covariance structure estimation methods, implications for marketing research, 31740
nonnormality & attenuation, congeneric modeling approach to estimating reliability for censored continuous variables, 38690
one bootstrap methods, estimation of confidence interval for correlation coefficient & Type I error, 187
parametric correlation coefficient vs bootstrap method, type I error & confidence interval estimation, commentary, 183
quick power estimates, comparison of 2 means in ANOVA & ANCOVA, 17696
reliability theory & methods of estimation of true score from observed score, implications for psychological report writing, 28121
restricted sample data, estimation of unrestricted population univariate predictor means & standard deviations in employment testing, job applicants, 38691
sample size & number of grouping intervals & item discrimination & difficulty, minimum logit chi square estimation procedure in item response theory simulation, 31722
sample size & test length & difficulty, accuracy of marginal maximum likelihood estimates of item parameters in 2 parameter logistic model, 31706
signal to noise ratio in simulated EP waveforms, accuracy of P300 latency estimates using frequency & spatial filtering & signal detection techniques, 35218
simultaneous ratings on separate stimulus components, estimation of parameters of multidimensional signal detection theory, 14231
statistical criteria for false consensus effect as overestimation of others' agreement with own position, 25841
statistical inference & significance in social & behavioral sciences, commentary, 21165
statistical method & test vs V. D. Woody's algorithm, estimation of latency shift of single flash EPs & test on presence of latency jitter, 7–15 yr olds, West Germany, 7247
table of corrections for estimation of point biserial correlations with equal category proportions, 31721
Taylor approximation & sample design complexity, estimation of sampling errors & variance in path model using medium sized samples, educational surveys, 35236
techniques using normal theory vs minimal distributional assumptions, pass-fail reliability estimation from single test administration using parallel half tests, licensure examination data, 31692
time resolution of clocks & RT measurement, formulae for correction of bias of mean & variance of RTs, 31749
utility of difficulty parameter in assessment of unidimensionality assumption of achievement tests, simulated data, commentary, 24688
Statistical Measurement [See Also Binomial Distribution, Central Tendency Measures, Frequency Distribution, Mean, Normal Distribution, Predictability (Measurement), Skewed Distribution, Standard Deviation, Statistical Norms, Statistical Probability, Variability Measurement, Variance Homogeneity]
distribution characteristics, large samples of achievement & psychometric measures, implications for normality assuming statistics, 14214
generalized information measure for use in human performance & behavioral research, 28171
Mahalanobis D squared vs Comrey's Dk, identification & removal of outliers from data, 182
standard deviations from mode method, measurement of variation or dispersion for nominal categorical data, 14208
violation of multisample sphericity & unbalanced design, power & Type I error rates of repeated measures multiple comparison procedures, 7238

Statistical Norms
age & outer hair cell changes, normative cochlear evoked acoustic emissions & presbycusis, 2–88 yr olds, 7979
age, overflow movement norms, right vs left vs mixed handed 7–10 yr old females, implications for assessment of cognitive & behavioral & motor disturbances, 30104
EMG norms for multiple regional muscle sites, male vs female college students, implications for biofeedback, 7670
normative scores on Rorschach & TAT & Tennessee Self Concept Scale & Personal Orientation Inventory & other measures, college freshmen, 10302
norms & decision making rules & reliability & interpretation of Cognitive Behavioral Drivers' Inventory, patients with brain damage, 24589
norms for agreement of parental & teacher ratings on Missouri Children's Behavior Checklist, identification of behavior problems, 9–15 yr olds, 17324
norms for literary & nonliterary metaphors rated on 14 psychological dimensions, college students, 21863
statistical norms,, evaluation of psychotherapy outcomes, 17679
weighted quadratic regression, age & sex normal latency curves of P100 component of visual EPs, 20–60 yr olds, implications for multiple sclerosis diagnosis, 4140
Statistical Probability [See Also Binomial Distribution]
antecedent brother hypothesis, determination of probability of male birth, commentary reply, 21474
APL computations for common statistical critical probability values, 7204
application of hazard function related to probability distribution, models of redundant signals effect in bimodal detection task, 7217
axioms for comparative probability relation on finite unique agreement, 38696
Bayesian decision theory framework, assessment of social scientists as expert courtroom witnesses, 15370
clinical & statistical epidemiology, study of mental disorders, 18993
cross validity of Bayes & empirical Bayes shrinkage estimation of regression coefficients, 7252
empirical Bayes ranking vs other methods, underlying attribute rankings & selection in statistical problems, application to school achievement data, 35226
generic utility representation using additive combination of utility outcomes, preference order for subset of 2 outcome gambles with fixed probability, 21171
good news about environment, adoption of more pessimistic course of action, application of mathematical definition using Bayesian updating & stochastic dominance, 17835
information criterion approach to Bayesian structure of factor analysis model, 17660
irrationality in hypothetical choice as challenge to principles of Bayesian decision theory, application of model by R. Zeckhauser, 17849
logical probability theory of learning using measure function, 21162
mathematical probability models for prediction of educational program retention or attrition over time, students, 35219
microcomputer based Bayesian decision model, evaluation of market tests of alternative strategies, 13958
multiple expert calibration & estimation as integral component of Bayesian information filtering, mechanical engineering graduate students, 38478
multiplicative model of decision making under risk, analysis of utility assessment inconsistencies in expected utility theory, 10781
predictive validity of sequential probability ratio test, assessment of knowledge mastery, graduate students, implications for computer based instruction, 31262
probabilistic multidimensional scaling model & analysis of distance judgments, 38705
probabilistic unfolding item response theory model for pair comparison design, estimation of expectations & attitudes in choice process, college students, 38688
probability criteria in detection & assessment of behavioral dominance in dyadic relationships, 498
random utility model with ranking probabilities satisfying recursive formula, satisfaction of elimination-by-aspects model by associated choice probabilities, 21168
Shafer Dempster & Baynesian reasoning, multisensor target identification combining uncertain information with levels of abstraction, professional criticism, 31452
technique using concept of statistical odds, measurement of variation or dispersion among nominal categorical data in human performance studies, 38702
uncertainty calculi including Bayesian probability & Dempster-Shafer & fuzzy set & MYCIN & EMYCIN theories, design of artificial intelligence systems, 24681
violations of Bayesian probability theory, misinterpretations or misrepresentations of problems in judgment under uncertainty, 14373
2 parameter probabilistic model extension of conjunctive model, 192
Statistical Regression [See Also Linear Regression, Multiple Regression, Nonlinear Regression]
Cognitive Differentiation Analysis, measurement of correspondence of individual or composite vector of descriptor ratings to matrix of pairwise dissimilarity judgments with ordinal sets, 14218
computation of standard errors for unstandardized disturbance term regression coefficients using covariances of variables, 31723
conditional expectations as generalized theoretical concept of regression, application to empirical psychology, 28189
errors-in-variables vs regression models & other methodological considerations, measurement of experimental change, 24685
estimation of squared cross validity coefficient in context of best subset regression, simulated data, 7237
formulation of 1st law of concentration, prediction of population regressions between concentration tests, non-artifactually selected populations, 21284
logistic regression analysis, assessment of probability of endogenous depression in relation to hypothalamo pituitary adrenal cortical & thyroid variables, 22–71 yr olds, 26163
logistic regression analysis of factors in migration & job satisfaction, Filipino contract workers & domestic servants, Hong Kong, 6911
Monte Carlo techniques, analysis of regression approaches to external unfolding, conference presentation, 38712
multiple situation comparison by regression techniques, reanalysis of data on commitment level as predictor of musical participation, 14207
probability of Type I errors using moderated multiple vs principle component regression, evaluation of moderator effects, 181
problems with using regression analysis to prove sex & wage discrimination in organizations, 41447
regression analysis, adjudication regarding salary discrimination, 4867
regression based vs cutoff score procedure, definition & selection of reading disabled, 9–14 yr olds, conference presentation, 34807
regression equation, prediction of parallel analysis values for selection & retention of principal components or factors & eigenvalues, 31725
regression model with sinusoidal circadian variation & time since & during sleep, separation of circadian rhythms & masking effects associated with sleep wake cycle, 28187
statistical Type II errors of equivalence of 2 regression models, leisure research & management policies that disenfranchise recreationists, 3665
stepwise regression in social & psychological research, 31718
use of moderated statistical regression, detection of moderator variables, implications for industrial & organizational psychology research, 17703
weighted quadratic regression, age & sex normal latency curves of P100 component of visual EPs, 20–60 yr olds, implications for multiple sclerosis diagnosis, 4140

Statistical Reliability
auditory stimulation in ear canal, reliability of spontaneous otoacoustic emission suppression tuning curve measurements, female 23–38 yr olds, 14352
computer program using intraclass correlation coefficient, determination of reliability of dimensionally scaled variables when number & set of judges vary, 7213
conceptual validity & reliability in nontheoretical human science, 17693
development of Foster Placement Evaluation Scale, assessment of success of individual placements, foster care workers & their supervisors, 24587
development of reliability coefficient of multilevel discriminative test, 10680
factors in psychometric & qualitative reliability in psychological research, 17708
forms of reliability, estimation of confidence intervals & profile analysis, 21182
intraclass correlation coefficient & concept of classical reliability, 17707
method for classification analysis of residue data & true deviance vs error of measurement in school adjustment data, 10 & 13 yr olds, 14192
nonnormality & attenuation, congeneric modeling approach to estimating reliability for censored continuous variables, 38690
predictive validity & internal consistency & factor structure of drug dependence syndrome, alcohol or opiate dependent patients, England & France & US & Canada, conference presentation, 12208
reference reliability concept, measurement of reliability & estimation of stability & change & error in times series data, 7261
reliability & convergent validity of Scheme for Observing Activity Level, preschoolers, 7099
reliability & validity & operationalization & sensitivity, assessments of daily living activities, physically handicapped, 37842
reliability & validity of clinical grading of procedures, dental students, 23847
reliability & validity of facial EMG, assessment of specific facial actions, female college & graduate students, 28137
reliability & validity of structural interview using DSM-III criteria, assessment of PTSD, WW II & Korean & Vietnam war veterans, 36575
reliability of direct vs derived individual difference measures using graphemic & phonemic analysis & semantic memory & lexical decision & letter classification, 18–24 yr old Navy personnel, 31707
reliability of multiaxial diagnostic system vs traditional multicategorical diagnoses, assessment of psychiatric syndrome, child psychiatrists, Denmark, 8725
reliability of postpartum questionnaire reports of pain during vaginal births, primiparous vs multiparous females who attended childbirth preparation program, 27047
reliability of retrieving script information from memory, college students, 334
reliability of self reports of smoking & alcohol consumption, pregnant adult females in smoking cessation intervention, 37892
reliability of validity generalization & sample sizes of Wonderlic Personnel Test & Otis-Lennon Mental Ability Test data bases, 21179
sampling artifact in University Grants Committee evaluation of research performance, England, 31711
self monitoring training, reliability & reactivity of self recording, 4–5 yr olds, 40726
stability of hypnotizability, adults, 25 yr followup, 17934
statistical issues in assessment of reliability of dichotomous diagnostic instruments, neuropsychologists, 7082
stimulus frequency, reliability of inter- & intratester estimates of auditory threshold using high frequency prototype audiometer, 21–57 yr old testees, 14348
structure & reliability & utility of test session observations, assessment of test taking behavior, 7.5–14.3 yr old students, 34812
system failure & measurement error, prediction in probability learning experiment, college students, 35230
test retest reliability & validity of solid state anomaloscope, assessment of red & green color vision defects, color defective adults, 30
test retest reliability of self adjusting RT device, patients on chronic hemodialysis vs patients with symptoms of autonomic dysregulation, 33
validity & reliability of Act Frequency Approach, multiple prototypicality ratings for interpersonal traits & translated acts, adults, replication, 31697
validity & reliability of goal attainment scaling & semantic differential, counseling implications, 10580
validity & reliability of kinesthetic aftereffect as index of perceptual augmenting/reducing, 14093
validity & reliability of motion recorders, discrimination of motor activity differences, 5–9.2 wk olds, 14056
Statistical Rotation [See Also Oblique Rotation, Orthogonal Rotation]
multidimensional rotation & scaling of configurations to optimal agreement in subspaces of varying dimensionalities, 3671
quartic rotation criteria & algorithms for simple structure in factor loadings, 3662
Statistical Sample Parameters
CANPOW program, estimation of effect or sample size in canonical correlation analysis, 7268
correction for restriction in range & validity of Aptitude Index Battery, prediction of sales production, inexperienced life insurance sales persons, 10566
dependence of Bollen's alternative fit index on sample size in covariance structure analysis, commentary, 3658
group homogeneity & sample population range restriction & enhancement, correlations & validity generalization, 14188
large vs small N examples, teaching concept of sampling distributions & hypothesis testing, community college vs graduate vs postdoctoral students, 31100
logical estimation of missing data in multiperson household measures, consumer behavior research, 20948
model for criterion related validation in small sample contexts, personnel selection, personnel in small manufacturing company, 3361
multistage discriminant analysis, assessment & separation of effects of group profile elevation & scatter & shape, 17701
restricted sample data, estimation of unrestricted population univariate predictor means & standard deviations in employment testing, job applicants, 38691
sample size & test length & difficulty, accuracy of marginal maximum likelihood estimates of item parameters in 2 parameter logistic model, 31706
sampling artifact in University Grants Committee evaluation of research performance, England, 31711
small sample difference ratio statistical procedures, assessment of goodness of fit to uniform distribution & independence of contingency table cells, 17659
small sample outcome studies of schizophrenia, literature review, 29503
small sample size, prediction of interpersonal attraction & liking, college students, reanalysis of I. Newcomb's 1961 acquaintance process study, 36418
Taylor approximation & sample design complexity, estimation of sampling errors & variance in path model using medium sized samples, educational surveys, 35236
Statistical Samples [See Also Statistical Sample Parameters]
analysis of misspecified structural equation models using 1 vs 2 incorrect restrictions, sampling variability & z-values of parameter estimates, 31720
autocorrelation of baseline vs intervention experimental data, single S or single case or small sample or interrupted time series research, 21152
component analysis scores computed on basis of aggregate sample, consumer behavior research implications, 41535
history & application of bootstrap statistical technique, analysis of complicated sample statistics in psychophysiology, 35235

impact of statistical power & nomograms for sample size & power for t-test, 7202
judgments of relationship between sample size & sample statistic, college students, 21275
power of tests for treatment-control group differences with small sample sizes, severe & profound retardation, 19673
sample & temporal invariance & factor structure stability of Inpatient Multidimensional Psychiatric Scale, 15–60 yr olds with various mental disorders, 31640
Statistical Significance
choice of statistical test & errors, measurement of statistical significance, 7243
classical test theory methods, analysis of difference scores from repeated measures research designs involving 1 individual, 17710
covariate presence & measurement error, power of significance tests, 7258
FORTRAN computer program for exact & normal approximations for lower & upper & 2 tailed tests of significance of nonrandom groups in runs test, 7239
historical overview of utility of clinical significance in evaluation of psychotherapy, 19820
inappropriateness of "highly significant" term in empirical research, commentary, 31713
long term impact of studies of statistical power, 21174
meta analytic approach to normative vs social comparison techniques for assessment of clinical significance, 17689
Monte Carlo investigation of likelihood ratio test for number of classes in latent class analysis, 14203
normalization & meaningfulness of clinical significance, 19691
partial F ratios & goals of classification rules & evaluation of total hit rates in interpretation of discriminant analysis, 24683
personal computer program, calculation of statistical tests of significance for categorized data for normality, 7200
problems in use of significance test in studies of nonrandomly assigned subjects, 7267
re-evaluation of goals & methodology for assessment of clinical significance, 19688
serial transmission effect, dissemination of technique for assessment of statistical significance of congruence coefficients, 17661
significance tests & binary decisions in theory verification, commentary, 35217
significance tests & theory verification, commentary reply, 35215
standard error bars in graphic representation of data, visual judgment of statistical significance, 24677
statistical inference & significance in social & behavioral sciences, commentary, 21165
statistical methods for determining clinical significance of psychotherapeutic techniques, 17676
statistical significance criterion in management research, implications for experimental design, 38710
statistical significance error in study of intellectual development & family effects, 6 wk to 21 yr olds with Down's syndrome, longitudinal study, erratum, 22838
statistical significance vs result importance vs generalizability, 35233
validity of claimed statistical or clinical significance in psychological research using MMPI, 31719
Statistical Tables
age & interpretive tables for subtests of 4th edition Stanford Binet Intelligence Scale, test interpretation, 2–18 yr olds, 25513
calculation & interpretation of chi-square test, analysis of contingency tables, 14199
correspondence analysis of incomplete contingency tables, experimental data, 3664
DATASIM software for simulated data in experimental & multivariate & contingency table designs, conference presentation, 35213
exact tests of independence in 2 dimensional contingency tables, differentiation of types of job satisfaction, 28158
hypergeometric independence vs double binomial comparative vs multinomlal double dichotomy models for 2 by 2 contingency table, critical regions of statistical tests, 35225
impact of statistical power & nomograms for sample size & power for t-test, 7202
IQ conversion tables derived by B. H. Brooker & J. J. Cyr vs A. B. Silverstein's tables for Vocabulary Block Design subtests of WAIS-R, male psychiatric & neurologic inpatients, 14170
loglinear formulation for exploratory analysis of contingency tables & generalizations of correspondence analysis, experimental data, 3661
maximum likelihood methods, parameter estimation for association models in ordered categorical data on life satisfaction, 20–50 yr olds, Japan, 7270
presentation method for incomplete data on dichotomous variable co-occurrence & prior expectations, estimated relationship between variables, college students, 14354
set correlation methods, assessment of 2 way contingency tables, 24674
table of corrections for estimation of point biserial correlations with equal category proportions, 31721
use of correspondence analysis with loglinear analysis, detection of interactions in multiway contingency table, commentary, 3680
utility of overlapping cell norm tables, maximization of clinical usefulness of normative neuropsychological test data, 19–71 yr olds, 14081
Statistical Tests [See Also Chi Square Test, Mann Whitney U Test, Nonparametric Statistical Tests, Parametric Statistical Tests, T Test]
appropriateness measurement procedures & tests, assessment of typical vs atypical test taking behavior through use of answer patterns, examinees, 3668
choice of statistical test & errors, measurement of statistical significance, 7243
covariate presence & measurement error, power of significance tests, 7258
G. S. James's & Y. Yao's test of equality of mean vectors, assessment of Type I error rates under variance covariance heteroscedasticity, 7199
hypergeometric independence vs double binomial comparative vs multinomlal double dichotomy models for 2 by 2 contingency table, critical regions of statistical tests, 35225
Mahalanobis D squared vs Comrey's Dk, identification & removal of outliers from data, 182
Monte Carlo investigation of likelihood ratio test for number of classes in latent class analysis, 14203
nonparametric test for ordered alternatives in randomized block design, 10668
Omega, generalization of Rand index of cluster recovery for nondisjoint solutions, 158
personal computer program, calculation of statistical tests of significance for categorized data for normality, 7200
power of tests for treatment-control group differences with small sample sizes, severe & profound retardation, 19673
problems in testing conjoint measurement condition of double cancellation, 3 x 3 data matrices, 21169
problems in use of significance test in studies of nonrandomly assigned subjects, 7267
serial transmission effect, dissemination of technique for assessment of statistical significance of congruence coefficients, 17661
small sample difference ratio statistical procedures, assessment of goodness of fit to uniform distribution & independence of contingency table cells, 17659
statistical method & test vs V. D. Woody's algorithm, estimation of latency shift of single flash EPs & test on presence of latency jitter, 7–15 yr olds, West Germany, 7247
statistical test for detection of clustering patterns, patients who attempted suicide, 15891
statistical test procedure for study of contrasts in research designs, 7231
statistical tests of reciprocity of self disclosure, college students, 39901

techniques using normal theory vs minimal distributional assumptions, pass-fail reliability estimation from single test administration using parallel half tests, licensure examination data, 31692
Statistical Validity [See Also Concurrent Validity, Factorial Validity, Predictive Validity]
attrition in clinical research, literature review, 7031
convergent & discriminant validity analysis of objective & subjective product features, college students, 24461
convergent & discriminant validity of self report attitudes toward death scales, college students, 14112
convergent & discriminate validity of simultaneous successive planning model using multitrait multimethod procedure, college students, 3798
convergent validity of physician vs patient interview vs chart audit vs videotaped assessment methods, detection of medication regimens for pulmonary disease patients, physicians, 16717
correction for variance due to sampling error in validity generalization studies, 31716
definitional & validity issues in concept of coping, implications for psychological research & clinical practice, 15222
development & validation of reusable expert system, 31458
development & validity of Community Report Method, measurement of attitudes & ideas about & agenda setting for community improvement, neighborhood residents, 11576
economic utility estimates based on noninteractive vs interactive vs independent multiplicative vs Taylor Series Approximation generalized validity coefficients, selection, clerical personnel, 17664
eliminate & subtract method vs no difference findings, elimination of threats to validity in treatment estimate effects, 31738
empirical validation of typology of adult education dropout variable, adult 10th grade level students, Canada, 13705
enhanced observation opportunities with high vs low true dimension intercorrelation, validity of performance appraisal ratings, expert vs nonexpert college students, 17700
estimation of squared cross validity coefficient in context of best subset regression, simulated data, 7237
external validity of applied studies & generalizability of laboratory research, students vs nonstudents, commentary reply & rebuttal, 7049
face validity of certification competencies of computer science teaching, practitioners vs district specialists vs faculty, 10021
group homogeneity & sample population range restriction & enhancement, correlations & validity generalization, 14188
interpretation of validity generalization estimate, 10691
interrater reliability & convergent & discriminant validity of ratings in Olympic figure skating competition, world class judges, 1984, implications for performance appraisal design, 27999
mathematical analysis of & conditions for optimum validity of gain scores, 3666
measurement of rater agreement & inferences about validity of dichotomous ratings from agreement data, 10692
model for criterion related validation in small sample contexts, personnel selection, personnel in small manufacturing company, 3361
pattern matching approach with multitrait-multimethod matrix framework, establishment of construct validity between theory & operationalization in research, 28161
philosophical views of validity in social sciences, 17525
procedural validity of Diagnostic Interview Schedule vs Inpatient Multidimensional Psychiatric Scale vs German manual, assessment of psychotic symptoms, former psychiatric inpatients, 7183
psychometric comparison of Pupil Evaluation Inventory & positive & negative nominations, 1st–5th graders, Canada, 17310
range restriction, estimation of sampling variance in correlation coefficient in validity generalization methods, 31731
reliability & convergent validity of Scheme for Observing Activity Level, preschoolers, 7099
reliability & validity & operationalization & sensitivity, assessments of daily living activities, physically handicapped, 37842
reliability & validity of clinical grading of procedures, dental students, 23847
reliability & validity of facial EMG, assessment of specific facial actions, female college & graduate students, 28137
reliability & validity of structural interview using DSM-III criteria, assessment of PTSD, WW II & Korean & Vietnam war veterans, 36575
statistical conclusion validity of early interventions research studies, handicapped children, implications for program evaluation & cost effectiveness determinators, 26732
structure & reliability & utility of test session observations, assessment of test taking behavior, 7.5–14.3 yr old students, 34812
test retest reliability & validity of solid state anomaloscope, assessment of red & green color vision defects, color defective adults, 30
type I error rate & power of & critical percentages for Schmidt & Hunter meta analysis procedure, 10686
validation of model of organizational climate & culture & effectiveness, state school system, 38461
validation of self reported cannabis use by urine analysis, young multiple drug users who had completed treatment, 1 yr followup, 6535
validity & accuracy of control question technique in forensic polygraphy, 15333
validity & reliability of Act Frequency Approach, multiple prototypicality ratings for interpersonal traits & translated acts, adults, replication, 31697
validity & reliability of goal attainment scaling & semantic differential, counseling implications, 10580
validity & reliability of kinesthetic aftereffect as index of perceptual augmenting/reducing, 14093
validity & reliability of motion recorders, discrimination of motor activity differences, 5–9.2 wk olds, 14056
validity generalization & sitational specificity, commentary, 10689
validity generalization & situational specificity, commentary reply, 10677
validity issues in sport behavior research, 21000
validity of expectancy value model, explanations of decisions to quit smoking, 16–66 yr old smokers, UK, 6 mo followup, 10655
validity of human occupation in psychosocial occupational therapy model, psychiatric patients with eating disorders vs young adults with chronic conditions vs adolescents with psychiatric disorders, 6468
validity of Millon's computerized interpretation system for Millon Clinical Multiaxial Inventory, psychotherapy outpatients, commentary, 24581
validity of Millon's computerized interpretation system for Millon Clinical Multiaxial Inventory, psychotherapy outpatients, commentary reply, 24625
validity of multidimensional scaling, construction of structured conceptualizations using manual & computer maps, adults, 28163
validity of neuropsychological dysfunction scores from Halstead Reitan Neuropsychological Test Battery, 18–40 vs 41–75 yr old male neuropsychiatric patients, 135
validity of personnel decision making based on inferences linking psychological constructs & operational measures of constructs, 31702
validity of qualitative research interview, 21030
validity of QUEST algorithm, measurement of vibrotactile thresholds, adults, 14209
validity of Rapid Couples Interaction Scoring System, assessment of marital satisfaction, blue vs white collar spouses, 31546
validity of responses on measures of health status & satisfaction with medical care & quality of life, elderly & proxy pairs, conference presentation, 35080
validity of retrospective self reports of alcohol intake & abuse during pregnancy, females, 5 yr followup, 15920

validity of role play procedures, assessment of social skills & anxiety, college students, 1367
validity of self report in alcoholism treatment program, alcoholic male patients, 9877
validity of self reported alcohol use, literature review, 18862
validity of S.J. Blatt's model of depression, assessment of dependent & self criticism & patient characteristics, female outpatients with major depression, 11992
validity of standardized informant interview, assessment of cognitive decline, 58–102 yr olds, 4765
validity of Taylor RT procedure, assessment of effect of experimental alcohol intoxication on physical aggression & pain perception, college students, 28863
validity of weight loss item scoring in Hamilton Rating Scale for Depression, psychiatric inpatients, commentary with reply included, 31660
Statistical Variables [See Also Dependent Variables, Independent Variables]
canonical correlation analysis & interpretation using canonical variate weights, identification of relationships between linear composites of variables, 31714
computation of standard errors for unstandardized disturbance term regression coefficients using covariances of variables, 31723
errors-in-variables vs regression models & other methodological considerations, measurement of experimental change, 24685
judgments of strength & prediction task, ability to estimate covariation of 2 continuous variables, college students, 7431
Markov & semi-Markov processes, calculation of moments of transition additive random variables, 17698
need to control for correlated concomitant variables in correlational & factorial ANOVA designs in psychiatric research, 7241
role of objective vs subjective variables in differentiation vs integration of social groups, methodology for measurement of quality of life, adults, India, 28178
shape of parent distribution, computer simulation of mu-2 weak monotone relationship of 2 metric variables & Pearson's r, 186
use of moderated statistical regression, detection of moderator variables, implications for industrial & organizational psychology research, 17703
variance heterogeneity, differences between group means in educational & social science research, 7254
4 fold situation with 2 dichotomous variables & biserial phi correlation coefficient, 21150
Statistical Weighting
canonical correlation analysis & interpretation using canonical variate weights, identification of relationships between linear composites of variables, 31714
FORTRAN neural network simulator for supercomputers, backpropagation method of changing weights in connectionist models, conference presentation, 35618
impact of differential weighting scheme on revised Millon Clinical Multiaxial Inventory, assessment of personality disorders, commentary, 21051
nearly equal weights procedure, computation of value of weights for additive multiattribute alternatives in linear decision making, conference presentation, 31700
RELWATE program, computation of reliability of weighted composite, 7198
varied superstructure & substructure of value trees & weighting method, multiattribute evaluations of alternative waste disposal sites, college students, conference presentation, 31703
Statistics
difficulty in learning probability & statistics, high school & and college students, implications for mathematics education practices, 3185
factor structure of statistics attitude measures, college students, 20717
microcomputer presentation of spreadsheet program, statistics instruction, conference presentation, 38119
nonquantitative approach to advanced statistical techniques, attitudes toward statistics, doctoral students, 10124
statistical & psychometric issues, severe discrepancy in diagnosis of learning disabilities, commentary, conference presentation, 19434
statistical & psychometric issues, severe discrepancy in diagnosis of learning disabilities, conference presentation, 19468
statistical accuracy of microcomputer vs mainframe computer programs used by doctoral students, 31539
statistical considerations of gender differences in depressive symptoms, female vs male community residents, 5209
statistical issues in long term followup studies of schizophrenia, literature review, 29497
suicide statistics & Interdisciplinary Research Center on Suicide, Italy, 8785
validity of Statistics Attitude Survey, college students in freshman statistics class, 34842
Status [See Also Occupational Status, Socioeconomic Status]
age as status characteristic, perceptions & evaluations of behavior, college students, 22362
assigned social status & status distribution in small group, subsequent individual anagram performance & self reported mood, 4th–6th graders, 29139
childhood intellectual ability & adolescent aspirations & social status attainment, Anglo Australian vs Greek vs Southern Italian 21 yr olds, Australia, 10 yr study, 39728
community ethnic configuration & social status, language proficiency & usage & attitudes, Hispanics over 13 yrs old, 25458
cross cultural anthropological studies of status, females, 1977–87, literature review, 18847
death of child, self concept & social status & marriage & relationships, Shona mothers, Zimbabwe, 8248
dominance behavior, bystander intervention in male vs female group decision making context & hierarchy formation, 18–25 yr olds, 29350
economic problems & status dilemmas & doctor patient relationship, occupational stress & high suicide rate, 26–60 yr old dentists, 23849
group sex composition, patterns of individual participation, White male vs female college students, implications for 6 models of participation in status differentiated groups, 4978
high vs low status & powerful vs powerless testimony, perception of female speaker effectiveness & credibility, male vs female college students, 11777
identification with high vs low status group & permeability of group boundaries & individual ability, social identification, college students, 32779
information about speaker's status in written vs oral conversation, recognition vs recall memory for assertiveness of remarks, college students, 18919
judgment of social mobility of speaker of Putonghua with vs without heavy Cantonese accent, Cantonese vs non-Cantonese students of foreign language institute, 940
judgment of voice characteristics, perception of social status & personality traits, college students, Australia vs US, 1406
male participation in childrearing, public status of females, adults in nonindustrial societies, 4833
peer & teacher rating of social status & aggressive behaviors, male vs female 3rd & 4th graders, 31166
perceived desirability & friendliness & status of 6 architectural home styles, architects vs laypersons, 31476
personal status & patterns of use, satisfaction with shelter, staff members & adult residents of shelters for victims of domestic violence, 40917
physical attractiveness of person in photo, stereotyped status inferences, college students, 22367
playground behaviors, prediction of peer status, preschoolers assessed over school yr, 4702
power motivation, evaluation of high vs low status person, male college students, 32804
rituals of adversity & social liminality & status, paraplegics & quadriplegics, US, 5742

self & other perceptions of social & academic competence & status, popular vs rejected vs neglected vs controversial 9–11 yr olds, Canada, 32472
social context, single mothers, Canada, implications for social policy, 4848
social status, health & survival chances of offspring, adult females & their children, Africa & Asia, implications for primary health care policy, 7987
social status, politeness or formality of speech, females, Java, 25360
social status, psychophysiological reactivity, high school students, Czechoslovakia, 15211
social status, shame, Swahili, Kenya, 4816
sociometric status & self esteem, 4th–6th graders, Taiwan vs US, 25568
status & academic performance, independent vs dependent female college students in SEEK program, 20509
status & intimacy level, suitability of money as gift, college students, UK, 39916
status & sex biased activity vs ability, task group performance, male vs female 3–8 yr olds, 11476
status, disabled clients, Nigeria, 8481
status enhancement in psychotherapy, depressed 20–35 yr olds, 2247
status inconsistency vs goal striving stress vs lifestyle incongruity models, depressive symptoms, Black adults, 5191
status of desired position & interviewer, waiting time before scheduled job interview, job applicants, 27849
status of male vs female & professor vs student, appropriateness of self disclosure, college students, 38170
store prestige hierarchy & predicted confidence in purchase & value of salesperson's advice, female shoppers, 20938
structural power position & outcome equity & status congruence in role play of typist & student seeking services, perceptions of self vs partner, college students, 11775
structural vs general equivalence methods of social position analysis, 28164
Stealing [See Theft]
Stelazine [See Trifluoperazine]
Stepchildren
bibliotherapy, adjustment to blended family, children, bibliography included, 40644
developmental difficulties, adolescents in remarried families, 1122
differential diagnosis of clinical dysfunction & adjustment difficulties & themes & process of family therapy, stepfamily with substance abusing mother & adolescent stepsiblings, 6025
educational & therapeutic program, problem solving & family relations, couples with stepchildren, Australia, 6047
methodology in stepfamily research, relationships with stepparents & noncustodial parents, adult children from stepfamilies, commentary reply, 15284
methodology in stepfamily research, relationships with stepparents & noncustodial parents, adult children from stepfamilies, commentary, 15304
perception of relationship with noncustodial mother vs father vs stepmother vs stepfather, adult children from stepfamilies, 15310
portrayal of stepfamily life in popular magazine articles, 1940–80, 4852
stengths of stepfamilies, literature review, 4832
stepparent vs genetic parent offspring relations, rural families, Trinidad, 21471
Stepparents
attitudes toward stepparents, college students, 29214
bibliotherapy, adjustment to blended family, children, bibliography included, 40644
differential diagnosis of clinical dysfunction & adjustment difficulties & themes & process of family therapy, stepfamily with substance abusing mother & adolescent stepsiblings, 6025
educational & therapeutic program, problem solving & family relations, couples with stepchildren, Australia, 6047
methodology in stepfamily research, relationships with stepparents & noncustodial parents, adult children from stepfamilies, commentary reply, 15284
methodology in stepfamily research, relationships with stepparents & noncustodial parents, adult children from stepfamilies, commentary, 15304
perception of relationship with noncustodial mother vs father vs stepmother vs stepfather, adult children from stepfamilies, 15310
portrayal of stepfamily life in popular magazine articles, 1940–80, 4852
psychological characteristics & life history, stepfathers vs biological fathers who committed incest vs males who abused unrelated children, 1778
stengths of stepfamilies, literature review, 4832
stepparent vs genetic parent offspring relations, rural families, Trinidad, 21471
stress & family environment, families in which daughter was sexually abused by natal father vs stepfather, 36754
Stereopsis [See Stereoscopic Vision]
Stereoscopic Presentation
history behind stereoscopic invention, 14067
orientation & texture of hemi ellipsoid stereograms, characteristics influencing speed & accuracy of visual interpretation, 21231
presence of ecologically appropriate uncorrelated texture in stereogram, stereoscopic depth perception, adults with 20/20 corrected acuity, 38770
Stereoscopic Vision
adaptation from 2 vs 3 dimensional stimuli & neural integration of structural information, stereopsis & relative motion, adults, 35623
age, heterophoria & associated heterophoria & fixation disparity & stereopsis for near vision & other binocular vision anomalies, 10–65 yr olds, Iran, 40532
depth differences & element density & color & orientation, perceptual segregation of stereoscopic transparency, adults, 17743
edge & optical flow data, development of motion stereo matching algorithm that is minimally affected by occlusion, 38788
global stereopsis, adults with unilateral right vs left temporal vs right frontal lobe surgical lesions for intractable epilepsy, Canada, 9649
image disparities & shading & edge information in computer generated ellipsoids, stereoscopic depth perception, Os, 17752
luminance gradient & relative phase of spatial frequency components, effect of edge information on stereoacuity, adults, 35283
monocular adaptation, perceived spatial frequency of vertical grating patterns & subsequent stereoscopic tilt, adults, 257
neutral texture disparity & familiarity cues, binocular depth reversal & pseudoscopic perception of familiar shapes of objects, adults, 38798
planar vs curved surface with contradictory monocular & stereo information, perception of depth & spatial orientation, graduate students, 3764
presence of ecologically appropriate uncorrelated texture in stereogram, stereoscopic depth perception, adults with 20/20 corrected acuity, 38770
repetitive regularly spaced horizontal light points, stereoscopic matching using retinal correspondence vs edge locations, female adults, 17780
shadows as retinal images without parallax disparity, binocular depth perception & stereoscopic fusion, adults, 28258
stereoscopic viewing & 0 vs equal noise patch vs signal disparity, detection of apertured grating, adults, implications for model of visual analog to binaural unmasking, 31801
stimulus contrast, stereoacuity, adults, 31787
subjective contours, capture of stereopsis, commentary, 28249
tachistoscopic random dot stereogram with uniform depth vs elevated disk with perimeter beyond fixation, visual selective attention, 5 vs 8 yr olds vs adults, 36045

vertical magnification disparity for 1 eye & observation distance, illusive stereoscopic slant & depth perception, adults, 17763
width & disparity direction & magnitude & orientation of dynamic random element stereograms, stereoscopic orientation discrimination, adults, implications for oblique effect, 28256
2 forward facing eyes with binocular disparity, stereopsis & solid object perception with shape constancy & hand eye coordination, humans, 38787
Stereotaxic Atlas
EEG factor analytic approach, localization of mental functions in brain, adults, 21521
neurometric brainmapping, discrimination & treatment of dementia or mild cognitive impairment or head injury or drug abuse or addiction or learning disorders, 26005
Stereotaxic Techniques [See Also Brain Stimulation, Chemical Brain Stimulation, Electrical Brain Stimulation]
neurosurgical stereotactic treatment, 5–11 yr olds with Gilles de la Tourette syndrome, conference presentation, 30570
Stereotyped Attitudes
acceptability & likelihood of sports participation for males vs females & perceived complexity of sports, college students, reanalysis of S. Matteo's sex typing & E. Metheny's typology of sports, 13980
accuracy of body image & stereotypic preference & aversion to & judgment of body types, male vs female 13–25 yr olds, 8085
adjectives describing male vs female ineffective vs effective managers, ratings of prototypicality & decision time, college students & employees, 6883
agreement with statements with vs without social stereotypes, long term memory & recall, adolescents, 24885
attitudes about stereotypically feminine vs masculine occupations encountered in real life vs on TV, 5th–6th graders, 1146
attitudes toward known vs generalized elderly targets, high school & college students, 1163
bias in evaluation of sex stereotyped vs neutral jobs, college students, 3356
categorical & nondiagnostic individuating information, stereotype based judgments, college students, 39925
categorical &/vs individuating information, judgments about target person's characteristics, college students, 1400
cognitive components in sex role development, attribution of sex role stereotypes, 27–63 mo olds, 29149
cognitive psychology & impression formation & stereotyping, staff inpatient interaction, nursing staff & borderline patients, 6403
construct validity of Bem Sex Role Inventory, distinction between gender schematic vs aschematic individuals, college students, 38662
curricula on human diversity in mainstreamed day care centers, stereotyped attitudes & interaction, 3.9–5.5 yr olds with Down's syndrome or language delays or developmental disabilities, 20647
degree of contact with elderly patients, age stereotyping, physicians, 34515
depression & female stereotypes, 19–54 yr olds, analysis of gender role hypothesis, 29579
description of male vs female peer smoker vs nonsmoker, first impressions & stereotypes, nursing & physiotherapy students, 41135
development of gender role stereotypes, Black vs White 4–6 yr old males vs females, test of cognitive developmental vs social learning vs interactive sex role models, 15139
domain specific behavioral information on group member, illusory correlations & generalizations to other personality domains & group members, college students, implications for stereotype formation, 22356
emotional dependency & independence & sex stereotyped assumptions, implications for females, 22284
emotional stereotyping & sex specific references in child-rearing manuals, parents, 1915–80, 32676
enemy images expressed by associative technique, assessment of stereotyped & geopolitical & militaristic attitudes & other perceived threats, college students, Sweden, 39799
estimation of recidivism rates for 1st vs 3rd time offenders, adults, implications for criminal stereotype, 19318
evaluations of characteristics of 25 vs 52 vs 73 yr old males, college students, 8184
facial stereotypes of criminal deviants & ratings of physical attractiveness, college students, implications for forensic psychology & eyewitnesses, 12182
female linked job title to evoke sex role stereotypes, job evaluation, trained college students, 20863
female vs male stereotypes in literature & media, Israel, 8292
gender bias in language & adoption of use of gender-neutral pronoun, 21–66 yr old members of National Organization of Women vs psychology vs English & medical graduate students vs faculty, 22273
gender role workshop, understanding of gender role socialization & stereotypes & conflicts, counselors & teachers & nurses, 1–2 yr followup, 19874
gender stereotypes & attributes, encoding & response to gender related behaviors, college students, 25819
gender stereotypes & sex & type of intergroup interactions, rating of own vs same vs opposite sex S on communication task performance, college students, 36389
gender stereotyping & attitudes toward alcohol drinking behavior, college students, 36377
group membership, progresses underlying formation of group stereotypes, college students, 25885
hair color of attractive female, attributed personality characteristics & intelligence, male vs female college students, 32827
high vs low physiological arousal via cycling exercise, illusory correlation effect on stereotypic description of people in different occupations, college students, 11095
identity development, cognitive prejudice, 6th–8th graders, conference presentation, 39678
implicit sex stereotypes, attributions for achievements of males vs females, male vs female college students, 1413
information contradicting age stereotypes, evaluations of young vs old targets of either gender, elderly vs young adults, 29181
information on premature vs full term infants, stereotyped negative perceptions, college students, 40509
instructor's social contact & facial expression & gender, sex role stereotyping in rating of instructor, college students, 3233
judgment of prototypical traits vs estimation of percentage of group members processing trait, assessment of sex & occupation stereotypes, college students, 25803
knowledge of pregnant client's marital status, perceptions of client attributions of group stereotype & predicted client behavior & data sought & verbal responses to client, nursing students, 20367
language attitudes & stereotypes, acquisition of outgroup language, Yoruba vs Ibo 16–60 yr olds, Nigeria, 14985
leader vs follower roles of husband vs wife, assignment of gender stereotype traits, college students, 15383
male vs female author of article, author favorability rating reflecting stereotype, males vs females, meta analysis, 29374
mutual stereotypes, facilitation of cross cultural interactions, Chinese vs American college students, Hong Kong, 22127
obesity or hair color, perceived attractiveness, White college students, 32809
Ottawa Board of Education program, sex role stereotyping, male vs female elementary school students, Canada, 7 yr study, 3157
parental expectations & verbal behaviors, socialization of physical attractiveness & obesity & handicap stereotypes, preschoolers through 5th graders, 15137
parental responses to sex typed toy play, development of sex labeling schema & stereotyping & sex typed behaviors, male vs female 1.5 yr olds, 9 mo followup, 32490

perceived educational & employment success & prestige & social stereotyping & differentiation, college students from Exeter vs Manchester University, England, 36453
perceived sex role stereotyping & role strain in contact with community vs colleagues vs patients, 22–79 yr old male nurses, 13323
perception of nonspeech characteristics of voice disordered 7.8–11.3 yr old speakers, college students, 29837
perceptions of male vs female drinkers vs abstainers, adults, Scotland, 4916
perceptions of motherhood, unmarried 18–65 yr old male vs female college students vs mothers, Japan, 36265
personal involvement, social judgments & stereotyped racial attitudes, White vs Black male college students anticipating interactions with White vs Black females, 22375
physical attractiveness of female speakers, encoding & organization of speech content & stereotyped attitudes, college students, 18925
physical attractiveness of person in photo, stereotyped status inferences, college students, 22367
portrayal in children's magazines, elderly, 4753
prejudice level, knowledge of content of Black stereotype & subsequent automatic vs controlled activation of stereotype, White college students, 15262
presentation of full term infants as premature vs full term, perception of physical & behavioral characteristics, mothers of premature infants, 5800
processing of stereotype consistent vs inconsistent evidence, judgments in & recall of hypothetical criminal trial of Hispanic target, college students, implications for models of stereotypic bias, 8276
race & family & parental marital status, stereotyped perceptions of nuclear vs stepfamilies, Black vs White college students, 15277
ratings of stutterer wearing vs not wearing T shirt with message concerning stuttering, college students, 1951
resumes with vs without pictures of obese vs nonobese female job applicants matched in physical attractiveness, stereotyped attitudes, college students, 5774
role characteristics of female behavior, stereotypic expectations, college students, 25804
role of family & educational institutions & society in mainstreaming of & changing stereotyped attitudes toward blind & visually impaired children, 24187
role of stereotyped attitudes toward married females, perpetuation of inequality & sex role behavior, adults, Ireland, 39865
roles portrayed in & placement of newspaper photographs, adult males vs females, 1984–85, implications for stereotyping, 39873
self perceived masculinity vs femininity, science attitudes & achievement, male vs female 11 yr olds, England, 3 yr followup, 13578
sex & performance & gender linked occupation, sex role stereotyping, college students, 18841
sex & sex typing, attributions of examination performance, college students, 41263
sex category salience, self categorization & stereotyping in group behavior, male vs female college students, 1361
sex, negative stereotyping in popular & scientific literature, female cocaine users, 36830
sex of target & gender related stereotypic interests & labels & age of S, social judgments, male vs female 4–10 yr olds, 15191
sex role stereotypes & identity, perception of similar male vs female characters sharing lead in crime detection dramas, college students, 36359
sex role stereotypes in rock music videos, appraisal of male female interaction in job interview, college students, 25806
sex role stereotypes, perceived characteristics for management success, college management students, 1973–75 vs 1988, 39881
sex stereotype related mathematics attitudes, choice of math electives, female 11th–12th graders, 17233
sex stereotyped attitudes, reassignment & performance evaluations of females in sex atypical jobs, blue collar supervisors, 20770
sex stereotypes & male vs female speech in conversation, evaluations of speaker superiority & attractiveness & dynamism, male vs female 18–72 yr olds, 32829
sex stereotypes & occupation, 18–43 yr old college students, 32749
sex stereotypes, clinical judgment of mental health & personal characteristics in male vs female vs unspecified sex adults, male vs female marital & family therapists, 34453
similarity of gender stereotypes & orientation to gender roles, functioning & adjustment, Latin American & West German high school exchange students, US, 1 yr study, 34694
sociopolitical change, language based stereotypes, English- vs French-speaking high school males, Canada, 36128
stereotyped attitudes & purpose of appraisal, performance ratings for male vs female targets, male vs female college students, 3368
stereotyped attitudes toward male vs female computer scientists, college students, 11698
stereotyped expectations of children with vs without learning problems, educable mentally retarded 9–14 yr olds vs nonretarded 6–13 yr olds, 22858
stereotyped personality correlates of occupational roles, 15–71 yr olds, 22035
stereotyped sex role attitudes, 18–24 yr old Muslim vs Christian vs Sikh vs Hindu college students, India, 18852
stereotypically masculine vs feminine behaviors, perception & labeling of child as "abnormal", mothers & their male vs female 6–9 yr olds referred to child guidance clinic, England, 32944
techniques for examination of stereotypical thinking during cultural exchanges, Soviet & American filmmakers & physicians, 18745
TV distortion of social reality, perceptions about sex stereotyping of occupations, high school & college students & rail commuters, 6869
unjustified generalizations vs stereotype differential vs diagnostic ratio procedure, assessment of ethnic stereotypes about French Canadians, 16–19 yr olds, Canada, 8095
use of power & avoidance in intimate social relationships & endorsement of stereotypes about male sexuality, male vs female college students, 22347
verbal presentation of atypical vs typical attributes of scientist, stereotypical drawing of scientist, male vs female 5th graders, Ireland, implications for science education, 27652
word choice & disabling language in journal titles, 5124

Stereotyped Behavior

amphetamine induced stereotyped behavior, plasma corticosterone measuring arousal, male rats with 6-OHDA lesions of caudate putamen vs nucleus accumbens, 25170
amphetamine microinjections into striatum subregions, oral perseverative stereotyped behavior, rats, 14876
angiotensin II vs saralasin, locomotor & exploratory activity & passive avoidance learning & apomorphine vs amphetamine induced behavioral stereotypies, rats, 11188
apomorphine into nucleus basalis prosencephali, stereotyped pecking behavior, pigeons, 28898
apomorphine vs morphine dosage with vs without naloxone vs haloperidol, stereotyped gnawing & licking & sniffing, female hamsters, 39389
atropine & clonidine, soman induced lethality & behaviors & suppression of stereotyped behaviors, male rats, 4327
auditory stimulation during stereotyped body rocking behavior, orienting & tonic cardiac activity, profoundly mentally retarded males, 22857
B-HT 920 & SKF383933, postsynaptic D2 dopamine receptors & stereotyped behavior, rats, 11249
behavioral laterality in T maze & amphetamine induced rotation & open field behaviors, male vs female rats with asymmetric neocortical lesions, 21699
benzonaphthazepine SCH 39166, conditioned avoidance & apomorphine induced stereotypy & pharmacology, monkeys & male rats, 25200

bilateral entorhinal cortex lesions, perseveration behavior, rats, 14795
bilateral injection of GABA in substantia nigra, stereotyped sniffing & analgesia, male rats, 14813
bromocriptine vs nomifensine vs amphetamine vs levodopa vs imipramine vs ECS, apomorphine induced stereotypy & aggression, REM sleep deprived male rats, 28981
caffeine vs amphetamine, locomotor stereotypy in open field assessed by new statistic, male rats, 28931
carbachol vs GABA vs muscimol with vs without bicuculline vs atropine in caudate nucleus, apomorphine induced stereotyped rearing behavior, rats, 4341
child vs adult eyewitnesses & stereotyped consistent behavior, reactions to criminal cases & extra eyewitness evidence, college student jurors, 39829
choice of behavioral intervention strategy based on hypothesized cause of behavior, stereotypic or self injurious behavior, severely retarded 6–7 yr olds, 13660
chronic amphetamine, firing rates of striatonigral projection neurons during sleep & locomotion & alert resting & stereotypies, male rats, 21808
chronic bromocriptine, quadmorphine induced sterotypy & D-1 & D-2 receptor binding, male rats, 7934
chronic chlorpromazine vs cocaine, behavioral response to bilateral intranigral muscimol infusion, male rats, 7819
chronic dextroamphetamine, sensitization of locomotion & stereotypy & brain monoamines, male vs female rats, 11191
chronic pain, caudally directed biting & scratching induced by intrathecal substance P with vs without naloxone vs fluoxetine vs phentolamine, mice, 4403
computer driven video motion analysis, dextroamphetamine induced stereotypy, male rats, conference presentation, 35893
continuous amphetamine, locomotor & stereotyped behavior, male rats, 18353
continuous cocaine infusion, operant responding & motor activity & stereotyped behavior & neurochemical processes, rats & monkeys, conference presentation, 11258
culture, repetitive movement patterns of everyday behavior, Europeans vs Trobriand Islanders vs Yanomami Indians vs Kalahari Bushmen, 4812
defendant similarity to criminal stereotype, guilt & innocence judgments, college students, Scotland, 39831
device to prevent drivers from falling asleep, reduction of stereotypic rocking, 21 yr old blind student, 6075
differentiation of stereotypies from neuroleptic related dyskinesia, autistic 2.5–7.8 yr olds, 34069
dopamine agonists B-HT 920 & SKF 38393, stereotyped behavior, rats, 14903
dose of haloperidol, stereotypic behavior & gross motor activity & reinforcement contingencies, moderately to profoundly mentally retarded 12.8–35 yr olds, 23352
D1 agonist SKF 38393, D2 receptor agonist quinpirole induced stereotyped behaviors, male rats, 7937
D1 or D2 antagonists, methamphetamine induced sensitization assessed by locomotor & stereotyped behavior, male rats, 39409
ECS, apomorphine induced stereotypy & 3-H-spiroperidol binding in corpus striatum & 3-H-dopamine accumulation in brain & blood brain barrier permeability, rats, 779
electrical stimulation of nucleus accumbens & neostriatum & mesolimbic & nigrostriatal dopamine systems modulation of amphetamine, locomotor & stereotypic activity, male rats, 28714
elimination of auditory feedback, stereotyped object dropping, profoundly mentally retarded blind 26 yr old male, 37421
ethanol with vs without angiotensin II following withdrawal, active avoidance acquisition & striatal dopamine & apomorphine vs amphetamine induced stereotypy, rats, 25193
excitatory or inhibitory multisensory stimulation, stereotypic behavior, profoundly mentally retarded 2.8–42.4 yr olds with physical disabilities, Japan, 40723
fixed time & FI reinforcement & extinction, superstitious behavior, pigeons, 14527
frequency & quality of intervention initiatives toward residents, residents' adaptive & maladaptive & stereotyped behavior, staff members & 3.8–34 yr old mentally retarded residents, 23649
frequency & sex role stereotypes of occupations & activities, male vs female characters in children's picture books, 1938–70 vs 1971–84, 14997
generalized matching equation, predictions & behavioral stereotypy development during response reinforcement, 14548
gentle teaching vs visual screening vs task training, stereotypy & collateral behaviors, male profoundly mentally retarded 7 & 21 & 28 yr olds, 30380
gradual decrease in maintenance dosage of antipsychotic drugs, stereotyped & collateral behaviors, 12–37 yr old profoundly mentally retarded institutionalized males, 26986
habenula nucleus lesions, apomorphine induced stereotypy & activity level measuring cross sensitization, male rats, 35724
haloperidol vs clozapine vs thioridazine, dextroamphetamine induced stereotyped behavior, male rats, 32300
haloperidol vs SCH 23390 vs N-ethylcarboxamidoadenosine, caffeine with haloperidol vs carbamazepine induced stereotypy measuring role of purinergic system & dopamine receptors, male rabbits, 35882
histidyl-proline diketopiperazine, amphetamine vs apomorphine induced stereotypic behavior, rats, 897
idazoxan vs prazosin, dextroamphetamine vs apomorphine induced locomotor & stereotyped behavior, male rats, 25206
imprinting latency to foam rubber ball, pecking, chicks, 28418
individual vs group attention vs play contexts & verbal skill, stereotypy & task involvement, autistic 5.6–10.6 yr olds, Australia, 15656
infrared latched photocell circuit device, monitoring of discrete ambulatory & stereotypic behaviors, animals, 10531
interval length in FI positive reinforcement of adaptive behavior, stereotypic behavior, institutionalized profoundly mentally retarded 35–44 yr olds, 20269
loose vs semi confining vs confining housing, diurnal pattern of nesting behaviors & stereotypies & bar biting, pregnant sows, 28501
mediatory role of collateral behavior, differential reinforcement of response duration schedule with external cues, male dogs, 31927
motivation & animal welfare concepts in ethological need model, environment & stereotyped & abnormal & repetitive behavior patterns, intensively housed animals, literature review, 24928
N-ethoxycarbonyl-2-ethoxy-1,2-dihydroquinoline, irreversible inactivation of D-1 & D-2 dopamine receptors & behavioral recovery, male rats, 32249
naloxone vs beta endorphin vs morphine with repeated amphetamine, stereotyped behavior, male rats, 18297
neuroleptics, apomorphine induced activity & stereotyped behavior & quipazine induced head twitches, implications for involvement of striatal dopaminergic supersensitivity, 32179
neurotoxic disruption of corpus striatum neurons, stereotyped grooming actions, rats, 789
pharmacological stimulation of dopaminergic system vs milk infusions, behavioral activation, newborn rats, 831
pimozide, role of neural mechanisms & UCS in conditioned vs unconditioned apomorphine vs dextro-amphetamine induced stereotypy, male rats, replication, 35825
postnatal anoxia or injected cholinergic neurotoxin, passive & active avoidance & amphetamine induced stereotypy, rat pups, 11307
previous experience, d-amphetamine induced diving stereotypy, male rats, 35879
R-levo-N-n-propylnorapomorphine dosage to striatal regions vs nucleus accumbens, stereotyped sniffing & oral activity, male rats, 39252

radio frequency lesions of dorsolateral or ventromedial regions of substantia nigra, rotational behavior & direction of locomotion, male rats, 21695
relationship between self report measures of sex roles & behavior & attitudes, males vs females, 38583
REM sleep deprivation & dexamethasone, apomorphine induced stereotypical gnawing, rats, 28720
repeated apomorphine at 1 or 3 or 7 day intervals, locomotor activity & stereotypy, rats, 32241
repeated apomorphine or piribedil or dopamine uptake inhibitor GBR-12783, apomorphine induced stereotyped climbing, DBA-2 mice, 39285
repetitive stereotypical speech automatisms with preserved written performance, 61 yr old male with left cerebral infarction, 40363
schedule & length of training, reward induced stereotypy & negative transfer, college students, 21296
separate vs combined D1 & D2 dopamine agonists, locomotor activity & grooming & stereotyped behavior, normosensitive vs D1 supersensitive male rats, 14836
sex typed nonverbal behavior of male vs female counseling client, impression formation, male vs female college students, 37340
social disapproval vs demand conditions, 10.5 yr old mentally retarded male with no language & stereotypic behavior, 6095
somatostatin vs substance P analog dosage to 4th vs lateral cerebral ventricles, EEG & stereotyped behavior, male rats, 39307
stereotypies & compulsive & repetitive behaviors, mild to profoundly mentally retarded 11–62 yr olds, 29824
thioridazine dosage & stereotyped behavior, clinical response, moderately to profoundly mentally retarded inpatients, 9480
time of day & sex role stereotyping in TV commercials, Italy, replication & extension, 39866
topography & measurement of & snout contact & progression & turning variables in psychoactive drug induced stereotyped behavior, animals, 11310
tripartite behavior modification, maladaptive stereotypic & disruptive behaviors, multiply handicapped 4 yr olds, 16520
usual vs specially assessed reinforcers, stereotyped behaviors & responsiveness, autistic 9–16 yr olds, 26894
Sterilization (Sex) [See Also Castration, Hysterectomy, Male Castration, Ovariectomy, Tubal Ligation, Vasectomy]
beliefs & values, sterilization decisions, errata, 23523
stability of sexual union, acceptance of contraceptive sterilization, adult females, Jamaica, 6223
Steroids [See Also Aldosterone, Cholesterol, Corticosteroids, Corticosterone, Hydrocortisone, Prednisolone, Progesterone]
androstenedione or cholesterol, monoamine levels in hypothalamic & vocal control nuclei & vocalizations, castrated male zebra finches, 18285
dihydrotestosterone or estradiol, competing sexual & ingestive behaviors, male rats, 21751
DSM-III-R determined anabolic androgenic steroid dependence, 24 yr old male, case report, implications for clinicians & athletes, 19341
gonadal & adrenal steroids including progesterone, brain & spleen sigma receptor binding, male guinea pigs, implications for psychosis & immune functions, 7687
illicit use of steroids or levodopa, 22 yr old male bodybuilders, 40274
interactions between steroids & GABA receptors, genesis of personality traits & cognitive ability & mood & neuronal & affective disorders, rats & humans, 880
iv vs sc vs po dehydroepiandrosterone & its sulfate, retention of T maze shock avoidance learning, male mice, 7850
mania induced by steroid withdrawal, 68 yr old male with acute lymphoblastic leukemia, 16651
posttraining sc dehydroepiandrosterone sulfate, retention of footshock active avoidance training, young vs aged mice, 7849
psychiatric side effects of steroid therapy, 1951 to present, literature review, 30468
RU 38486, neural progestin receptor levels & progesterone facilitation & inhibition of estrous behavior, female rats, 28983
use of anabolic steroids, 32 yr old male bodybuilder who murdered his wife when drunk, case report, 29754
Stimulants of CNS [See CNS Stimulating Drugs]
Stimulation [See Also Afferent Stimulation, Auditory Stimulation, Aversive Stimulation, Brain Stimulation, Electrical Stimulation, Olfactory Stimulation, Perceptual Stimulation, Prismatic Stimulation, Self Stimulation, Somesthetic Stimulation, Subliminal Stimulation, Tactual Stimulation, Taste Stimulation, Verbal Stimuli, Visual Stimulation]
clinical observations & description of space & motion phobic stimuli, 24–55 yr olds with panic disorder & vestibular dysfunction, 40025
excitatory or inhibitory multisensory stimulation, stereotypic behavior, profoundly mentally retarded 2.8–42.4 yr olds with physical disabilities, Japan, 40723
initial behavioral state & biological risk level, responsiveness to speech &/vs gentle stroking of limbs, very low birth weight premature newborns prior to term age, 15588
interoceptive stimuli of brain bioelectrical activity, CNS rhythms & adaptation, conference presentation, 18141
learning vs judgment of temporal order for new vs historical stimuli or events, 39 yr old male with left retrosplenial damage & amnesia, case report, 16040
lordosis inducing flank stimuli, 2 deoxyglucose uptake reflecting neural responses, female hamsters, 39090
maternal behavior type & infant attention, tempo of spontaneous temporally patterned nonverbal stimulation, mothers interacting with their 3 mo olds, 36281
physical therapy with vs without stimulation, cerebral palsy, 12–19 mo olds with spastic diplegia, 9855
prenatal stimulation program, parent child bonding, working parents, 30370
sensory stimulation therapy by occupational therapists, severely head injured 22 yr old male in coma, 9845
stimulation, stability of adrenocortical response measures of salivary & plasma cortisol & behavior state, healthy neonates, 32351
Stimulation Seeking (Personality) [See Sensation Seeking]
Stimulators (Apparatus) [See Shock Units]
Stimulus (Unconditioned) [See Unconditioned Stimulus]
Stimulus Ambiguity
additive vs multiplicative model of cue integration in depth perception, commentary reply, 14261
alphabetic priming, visual recognition of words with ambiguous vs unique Serbo Croatian letters, high school vs college students, Yugoslavia, 39547
ambiguity & sex, perceptual biasing effects of salient cognitions, college students, 32815
ambiguity & structure of reversible figure & viewing duration, alternate perceptions, college students, 38784
context of ambiguous word, detection of ambiguity of final words in visually displayed sentences, college students, 10806
definition & influence of ambiguity, probability judgment & rational decision making, implications for model by J. Einhorn & R. M. Hogarth, 31841
equal inspection duration for unambiguous vs ambiguous figures vs alternating sequence of 2 unambiguous figures, perceived inspection duration, college students, 35263
essay with positive vs negative vs ambiguous behavior descriptions, memory distortion of person descriptions matching vs not matching self, uncertainty vs certainty oriented college students, 10835
indeterminate spatial description, drawing & recognition tasks, college students, 199
integration of depth cues & additivity in perceptual ambiguity, commentary, 14292
item familiarity & listener expectations & syntactic context & semantic plausibility of phonetic ambiguities, perception of fluent speech, college students, 17811

lexical ambiguity processing measured by auditory lexical decision task, evidence of selective lexical access for ambiguous word meanings, aphasic patients, Netherlands, commentary, 29957
neuroleptic therapy, perception of visual ambiguous figures, patients with Parkinson's disease vs schizophrenia vs other mental disorders, 9495
perceptual & cognitive responses to ambiguous stimuli identification task, college students with paranoid vs other dysfunctional personalities, 8737
phonologically ambiguous vs nonambiguous Serbo Croatian alphabet letter strings, lexical decisions & rapid naming, high school vs college students, Yugoslavia, 39546
priming context, interpretation of unambiguous nouns during lexical access, adults, 7427
prior base & hit rate, pseudodiagnosticity & prevalence of false alarm in judgment under uncertainty, college students, 10809
semantic focus of sentence, lexical access & processing of ambiguous words in language comprehensions, adults, 14970
sentence context & semantic relationships, lexical access of ambiguous words, college students, Italy, 10817
syntactic ambiguity & antecedent location & depth of embedding, anaphoric pronoun resolution, college students, 10801
textual vs extratextual cues, identification of antecedents for ambiguous pronouns, 28–64 yr olds with moderate aphasia, 36989
uncertainty & threat, centralization of group structure & communication & performance, college students, 22319

Stimulus Attenuation

contextual stimuli, attenuation of conditioned lick suppression, male rats, 3969
fixed vs randomly varied dot configurations & dot density & spatial displacement & velocity, detection threshold of motion direction, practiced Os, 14257
method of signal introduction, CS & US response, pigeons, 35448
retention interval, flavor preexposure effect in aversion conditioning, 6 & 12 day old rats, 7540
Ro 15-4513, attenuation in discrimination of ethanol vs pentobarbital vs oxazepam, male mice, implications for alcohol abuse, 4464

Stimulus Change

behavior disruption with novel stimulus vs signal nonreinforcement in discrimination training, signal generated partial reinforcement extinction, rats, 28419
changing state & primary linguistic visual vs auditory stimuli, enhanced recency effect, college students, 38902
crying & temporal interval between exposure to modified overhead mobile, retention of conditioned behavior, 3–4 mo olds, support for retrograde amnesia hypothesis, 39519
number of stimuli in sample & comparison set & discriminability of samples & comparisons, performance of delayed conditional discriminations, pigeons, 35485
stimulus change & interreinforcer interval or time out in fixed time FI schedule, spatial retreat from reinforcer, pigeons, 28406

Stimulus Complexity

amount of stimulus information to be processed during RT tasks, negative EPs, adults, 4146
complex tones with vs without fundamental frequency, pitch perception, epilepsy patients with unilateral temporal lobe excisions, 16777
complexity of tactually &/vs visually presented form & hand used, form recognition, 6.8–13.5 yr olds, 15129
complexity of written directions vs graphic maps, driving time to unfamiliar destination, college students, 17431
detection & discrimination of frequency modulation of complex signals, 25–38 yr olds, 38807
dynamical event complexity, judgment of object motion, college students, 31797
factors influencing perceived dot pattern complexity & goodness, college students, Japan, 24745
familiarity & number of elements & representation, recall of locations & names in maps & diagrams & encoding strategies, high school students, 28348
figure complexity & training method, visual discrimination performance, cats, 7559
illuminance level & pattern complexity & arrays of simulated achromatic surfaces, lightness & brightness matches of patches in arrays, 219
impulsivity & time of day, color preference & stimulus complexity & selective attention to visual stimulation, female adults, 8479
name agreement & familiarity & visual complexity ratings of line drawings from PPVT & J. Snodgrass & M. Vanderwart's picture set, 2nd–4th graders vs college students, implications for research, 39489
orienting tasks &/or stimulus sentence complexity, mnemonic advantage of bizarre imagery in free recall, college students, commentary, 28333
orthographic complexity & frequency & radical intercharacter frequency, short term memory for Chinese radicals & characters in free recall task, Taiwanese college students, US, 7454
pitch perception of harmonic complex tones containing high order aurally unresolvable partials, adults, test of J. F. Schouten's residue theory, 35324
preference & familiarity & complexity of artworks & experimental aesthetics, college students, 25375
sex & complexity level, preference choices, K–4th graders, 18630
single letter vs redundant multiletter displays & attention prefocusing, speed of letter detection, college students, 3811
skill level & system usage & abstract vs concrete question, speed & accuracy on diagnostic problem solving system, diagnostic programers, 41497
stimulus complexity & intentional vs incidental learning, memory for print advertisement features, college students, 20951
stimulus complexity & visual tactual vs tactual visual direction, cross modal transfer of form learning, 9 vs 11 vs 14 yr olds, 25479
stimulus equalization using abrupt complexity reduction in computer presented stimuli, visual discrimination learning, preschoolers, 20471
target & response motion complexity, coincident timing performance measured by target interception, adults, 28200

Stimulus Control

appearance or disappearance of auditory or visual stimulus, operant discriminant performance, female pigeons, 35453
auditory & visual stimulation, signal controlled responding, male pigeons, 21390
computer interfaced operant measurement device & stimulus control package, sleep onset latency & time slept, male 22 yr old with insomnia, 2417
development, feature positive effect in discrimination learning, 1 or 4 day old chicks, 7547
diet modification & stimulus control training, frequency of toileting & accidents, encopretic 6.9–8.3 yr old males, 12791
naltrexone &/vs dextroamphetamine, accuracy & choice latency & food directed behavior, male rats, 18341
noise burst vs pulsed signal acoustic CSs & naturalistic environmental manipulation, CRs, male rats, 24944
order & conditional stimulus control, symmetric & transitive relations in 4 & 5 term contingencies, college students, 14451
pairing of CS saccharin with cyclophosphamide with vs without audiovisual cues or pentobarbital, immunosuppression & saccharin aversion, rats, 39353
pentobarbital & visual stimuli, stimulus blocking during compound discrimination training, male rats, 35459
pentobarbital vs dextroamphetamine, stimulus control of key peck responses, pigeons, 14873
presession handling cues, spontaneous key pecking recovery after extinction, pigeons, 38993

progressive relaxation vs stimulus control vs paradoxical intention, sleep pattern & quality, patients with chronic sleep onset insomnia, 17 mo followup, 19887
quantal interpretation, behavioral units & stimulus control, 21317
repeated toluene exposure, tolerance measured by responses to multiple reinforcement schedule using discriminative stimuli, male rats, 35884
response directedness through cues, discriminative vs conditional stimulus control, pigeons, 10924
stimuli signaling absence of response reinforcer contingency, suppression of operant responding, rats, 21356
stimulus control & positive & negative reinforcement, generalization of toileting skills, hydrocephalic 9 yr old male, 9447
stimulus control & self punishment & rewards, severity & duration of obsessive compulsive behavior, adults, 2418
stimulus control of drug self administration, drug abuse treatment, 16940
training method, development of equivalence relations & auditory stimulus control in discrimination task, mentally retarded 11.3–23.7 yr olds, 5553
undesirable competing responses, generalization of adaptive skills, 26 yr old female with severe mental retardation, 26901

Stimulus Deprivation [See Also Food Deprivation, Sensory Deprivation, Social Deprivation, Social Isolation, Water Deprivation]
active vs passive visual deprivation, auditory & visual distance estimation, college students, 38745
acute temporal phase shift, symptoms of jet lag, adult males, 4188
arousability as motivation factor in alcoholism & drug abuse & other addictive behavior & reduced environmental stimulation therapy as treatment modality, 13231
elimination of auditory feedback, stereotyped object dropping, profoundly mentally retarded blind 26 yr old male, 37421
flotation restricted environmental stimulation technique vs progressive muscle relaxation, enhancement of hypnotizability, adults, 14487
history & misconceptions & major effects of reduced environmental stimulation therapy, implications for drug & alcohol rehabilitation, 13239
reduced environmental stimulation therapy with recorded antialcohol message, alcohol consumption, early prodromal alcoholic college students, 13240
reduced stimulation unit in nursing home, care, 81–94 yr olds with Alzheimer's disease or related disorders, 13098
schedule of access & ethanol concentration & proximity & ad lib vs food deprivation, ethanol consumption, male rats, conference presentation, 28903
sensory isolation vs alertness vs relaxation, signal detection task for altering vigilance, college students, 24729
spatial orientation of body, heart rate during water immersion sensory isolation, 18–27 yr olds, 25123
treatment of sensory deprivation & restricted environmental stimulation research in introductory psychology textbooks, 1956–86, 31088

Stimulus Discrimination
attention measured by temporal discrimination of discrete vs simultaneous stimuli, male rats with frontal cortex vs hippocampal system brain lesions, 4295
compound stimulus vs components, differential conditioning & associative learning, terrestrial mollusc, 28424
conditional numerical discrimination learning using qualitatively different reinforcers, male rats, 28405
discrimination of effects of 2.7 vs 0 percent of tetrahydrocannabinol in marihuana, 18–31 yr old marihuana smokers, 28825
frontalis tension level, RT & discrimination task accuracy, 17–41 yr olds, 25109
full face vs profile displays of targets & pairs, lateral differences in stimulus vs face recognition, right handed adults, 14358
learned acquisition of stimulus recognition, fish, literature review, 10923
midazolam vs flunitrazepam or diazepam or chlordiazepoxide or pentobarbitol dosages, stimulus discrimination, male rats, 35918
morphine, naltrexone induced supersensitivity to discriminate stimulus effects, pigeons, implications for non-opioid antagonistic action, 4359
noncontingent intertrial interval reinforcement, discrimination of light duration, male rats, 21396
odor naming with label training vs assignment of adjective attributes or odor familiarity, odor learning & discrimination, college students & 20–30 yr olds, 21198
paired odorant types & concentrations, odor discrimination & ranking of difference, 21–32 yr olds, 10700
paired stimuli with relevant & irrelevant dimensions in form or size or orientation & irrelevant disparity, classification task RT, college students, 3835
ratio of stimulus duration, discrimination learning, pigeons, 35449
relevant vs irrelevant stimuli in visual matching task, same different RT & EPs, female college students, 4091
sample-choice vs choice-reinforcement delay, stimulus discriminability, pigeons, 38985
satiation vs cholecystokinin vs lithium chloride, interoceptive sensory consequences assessed through freezing & feeding behavior, male rats, 11111
sequentially vs simultaneously presented words vs letters, RT for same vs different matching judgments, college students, 7424
stimulus bidirectional associations, conditional discrimination task learning, pigeons, 17956
transfer of Pavlovian facilitators vs instrumental discriminative stimuli, reinforcement of target stimulus, rats, 14523
uncertainty about weak vs all stimuli, contrast discrimination & cortical neuron thresholds, 606

Stimulus Duration
ability to time light & tone stimuli & directionality of intermodal transfer, pigeons, implications for timing in rats, 14552
cognitive context & message length in English vs Hindi, judgment of message duration, college students, India, 7422
continuously vs intermittently available saccharin, lapping rate, hungry female rats, 35532
contrast & spatial frequency & test duration, tilt aftereffect, 23–56 yr olds, 28239
cross modality matching of stimulus loudness & absolute magnitude estimation of perceived length, prediction of loudness exponent, college students, 14329
duration & flavor of solution flowing across tongue, RT for taste quality & intensity judgments, 19–27 yr olds, 24713
duration & informational content of interval, recall & retrospective time judgments, college students, Australia, 3714
duration & onset transient of auditory prepulse, acoustic startle reflex, college students, 35314
duration & type of chemical stimulation to anterodorsal tongue, simple taste RT, 19–27 yr olds, 207
duration & type of rotation procedure, stress induced analgesia, male mice, conference presentation, 28722
duration of exposure to drug related cues, extinction of craving, opiate or solvent abusing clients, 6510
duration of initially presented half stimulus & interval before presentation of 2nd half, perceived stimulus completeness measuring spatial integration, adults, 35291
duration of prior exposure to CS, olfactory aversion conditioning, preweanling rats, 28422
duration of stimuli precluding eye movements, color identification, female carriers of color blindness vs males with normal color vision, 29892
duration of temporal gap in noise bursts, threshold determination & subsequent measurement of temporal window symmetry & resolution, 20–21 yr olds, 14339

duration ratios, discrimination among noise burst pairs, native English- vs Estonian-speaking college students, US vs USSR, 273
equal inspection duration for unambiguous vs ambiguous figures vs alternating sequence of 2 unambiguous figures, perceived inspection duration, college students, 35263
extraversion vs introversion & exposure duration, error detection in visually presented words, adults, 17792
feedback stimulus duration, contextual fear & conditioned inhibition, male rats, 21388
frequency & duration, discrimination of linear frequency glides, 21–28 yr olds, 24781
horizontal grating inspection duration, linear motion aftereffect duration & decay, adults, 7323
IBM microcomputer procedures for programing measurement of RT with millisecond accuracy & elimination of stimulus presentation lag time, 7035
inspection duration, time constant & duration & decay of linear motion aftereffect, college students, 28241
instructional & trial cue duration & ratio, serial conditional discrimination, pigeons, 28407
intensity vs duration of exposure to high sound levels, constant hearing loss, gerbils, 14768
interstimulus intervals & duration of tone bursts, auditory temporal processing, elderly vs young adults, 32436
left vs right ear & stimulus pitch & loudness & duration, RT of auditory Stroop task, 22–42 yr olds, 35319
length & similarity of interruptions & complexity of processing demands, task performance, 18–45 yr olds, 38889
length of noncontingency training, task performance & learned helplessness, college students, model of noncontingency motivation, 38866
location cuing & variation in exposure duration, recognition accuracy of visual stimuli, college students, 24767
masker vs modulator bandwidth vs signal duration, auditory thresholds for comodulation masking release, adults, 24793
minimum frequency cues, duration estimates of rotating spot patterns, college students, 217
musical selection duration & context, psychophysics of retrospective vs prospective timing judgments, college students, 17815
noise interruption duration & speech rate, apparent continuity of discourse, college students, 21239
noncontingent intertrial interval reinforcement, discrimination of light duration, male rats, 21396
number of digits & letters & exposure duration, visual selection of digits in partial report paradigm, college students, 10750
paintings viewed 18 vs 36 vs 72 sec, estimation of exposure duration & pleasure ratings, male vs female college students trained vs not trained in art appreciation, 3692
perception of empty time duration between sound bursts, 18–26 yr olds, 281
predisposition to psychosis, temporal processing in stimulus duration & visual backward masking tasks, college students, 11909
prior exposure to & liking of stimulus, recognition, college students, replication, 38874
prolonged exposure to left-right reversed vision, onset & direction of induced subjective self motion, college students, 3693
prolonged optokinetic stimulation, optokinetic afternystagmus & induced illusory motion, adults, 14279
rapid vs slower viewing of words presented on CRT screen & perceptual identification, recognition, college students, 7468
rate of change of signal frequency &/or level, duration discrimination & detection threshold, adults, application of new estimation method, 17816
ratio of stimulus duration, discrimination learning, pigeons, 35449
reliability & validity of ratio judgments of empty durations with numeric scales, adults, 14247
run length of visual patterns & rapid attention switching, N1-P2 amplitude of EPs, 20–23 yr olds, 35594
shift in visual laterality, recognition of single random polygons within blocks of trials, right handed college students, 639
shifts in CS duration & UCS probability, positive conditioned suppression, male rats, 17955
signal duration of high frequency filtered clicks, discrimination of click rate, college & graduate students, 7376
speech vs tonal complex stimuli, duration discrimination, normally hearing vs impaired 19–36 yr olds, 16029
stimulus duration & surrounding contours, tilt illusion, college students, implications for processing in striate cortex vs parvocellular color-form pathway, 18143
stimulus duration, absolute thresholds & temporal integration, 20–62 yr olds with normal hearing vs sensorineural hearing loss, 12390
stimulus duration discrimination, pigeons, 7560
stimulus exposure duration, discrimination of spatial structure in eccentric vision, adults, 17789
stimulus intensity & duration, taste & smell thresholds & RT, 20–30 yr olds, verification of model of intensity perception, 35259
stimulus rise & fall time & duration & intensity, startle response to acoustic stimuli near threshold, college students, 17814
tachistoscopic exposure duration & spatial frequency of tilted gratings, orientation acuity & tilt illusion, adults, 17754
targets embedded in background patterns, rapid visual discrimination, 9–11 yr olds vs adults, 4643
tone duration with vs without white vs notched vs high pass noise masking, brain stem auditory EP latency, 25–35 yr olds, 18127
unlimited duration vs tachistoscopic presentation & stimulus size & perceptual style, individual differences in rod & frame test, college students, 17778
unrelated pairing vs semantic vs repetition priming of sequential word pairs, perceptual fluency of word recognition & apparent stimulus duration, college students, 316
variations in intertrial interval & delay, accuracy & error patterns in delayed symbol matching to sample tasks with duration samples, pigeons, 35477
visual hemifield & stimulus duration & angle of eccentricity in tachistoscopic presentation, lexical decision RT & accuracy, 20–30 yr olds, 14355
visual patterned stimulus duration & payoff for correct response, feature sensitivity & bias & interdependencies in pattern perception, college students, test of Blobloc model, 7354
visual stimuli duration times, visual EPs from symmetrical sites of occipital visual cortex, female 20–35 yr olds, 14703

Stimulus Frequency

abstract visual designs, stimulus recognition & recall of presentation frequency, 10–67 yr olds with unilateral frontal vs temporal lobectomy, Canada, 5790
age & stimulation frequency, ontogeny of flash EPs, rats, 783
amount & frequency of reward, learning, free flying honey bees, 14513
application of multiple trace simulation model to frequency & recognition memory, college students, 10832
directed attention to words or category membership or initial letter of words in orienting task, encoding of occurrence frequency, college students, 7452
electrodermal lability, effects of stimulus presentation rate & methylphenidate on prediction of paired associate learning, hyperactive male 8.2–12 yr olds, 5383
frequency of response independent food presentations during blackouts, response rate & resistance to change, pigeons, 35464
frequency time cues & envelope cues in stimulus length effect, perception of stops & glides vs nonspeech stimuli with analogous acoustic properties, adults, 38805
generation & blocking of category exemplars & extralist cuing, cued recall in categorical frequency estimation task, college students, 38892
incidental vs intentional processing of event frequency, 2nd–6th graders vs college students, 18611

Mueller-Lyer illusion standard vs dot form with intermittent light stimulation, illusion strength & lateral inhibition, college students, 7317
number of related birds & frequency of & similarity among bird species, typicality ratings & classification, college students, 7389
oral vs visual retrieval cue & word vs photo stimuli, memory for frequency of occurrence, educable mentally retarded vs nonretarded 14 yr olds, 40339
orthographic complexity & frequency & radical intercharacter frequency, short term memory for Chinese radicals & characters in free recall task, Taiwanese college students, US, 7454
perceptual & auditory temporal pattern learning, male 8–10.2 yr olds with speech & language disorders, 36959
priming condition & word repetition & stimulus clarity, additive & interactive relationships, college students, 21257
probability & frequency of presentation of abstract nouns vs random forms, differential hemispheric activation, college students, 18129
repeated stimuli & varied stimulus intensity & frequency & dishabituation attempts, flash EP peak N160 amplitudes, male rats, 35589
repetition frequency of words vs pseudowords, perceptual identification, college students, 31871
rhyming & letter switching generation tasks, relative & absolute frequency judgment & memory, college students, 7450
sex & route network exposure & frequency, RT & accuracy of angle & distance judgment, college students, 28327
spoken vs visual words vs images of objects vs abstract figures, encoding of frequency of occurrence, aphasic 18–78 yr olds, 19652
stimulus onset asynchrony & frequency, vibrotactile masking, adults, 38733
stimulus probability, late components of saccade related brain potentials during cognitive tasks, adults, 4157
stimulus similarity & frequency, classification & typicality ratings, adults, 7419
strong vs weak arguments & message repetition, argument scrutiny & recall & persuasion & resulting attitude, college students, 25865

Stimulus Generalization

benzodiazepine receptor antagonist RO 15-1788 & pentylenetetrazole, mediation of CGS 9896 discriminative stimulus & generalization to chlordiazepoxide & pentobarbital, male rats, 28892
cocaine vs caffeine & ephedrine & phenylethylamine, dose related stimulus generalization in drug discrimination, male rats, 25223
codeine doses, stimulus effects & generalization to pentazocine vs buprenorphine vs tilidine in self administration vs 2-lever discrimination task, monkeys, 4380
conditioned avoidance to alcohol solution, avoidance generalization to sweet & quinine vs sweet & hydrochloric acid solutions, male rats, 24929
discrimination & generation of stimulus properties of isomers of pentobarbital & secobarbital, pigeons, 11317
discrimination of ditolylguanidine, generalization to PCP & opioid agonists & cross generalization to ditolylguanidine, rats, 35828
discrimination of lorazepam & chlordiazepoxide & diazepam & triazolam, generalization to lorazepam or pentobarbital, rats, 39245
discrimination of norfenfluramine & generalization to fenfluramine & serotonergic & dopaminergic agents & mediation by 5-HT receptor subtypes, male rats, 28810
discrimination training with tetrahydrocannabinol, generalization to diazepam, pigeons & gerbils, 4387
dose response function for PCP discriminability, generalization to ketamine & monohydroxylated PCP metabolites, male mice, 21787
illumination, visually induced motion sickness stimulus generalization, male 18–27 yr olds, 38763
interaction & discrimination & cross generalization of ethanol & tetrahydro beta carboline, male rats, 18431
matching to sample training with 4 part conditional relations, performance on trained vs emergent relations & stimulus equivalence, monkeys, 38990
midazolam discrimination & generalization to GABA agonists vs serotonin antagonists vs anticonvulsants vs promethazine vs nonsedative anxiolytics, rats, 7909
physostigimine pretreatment, discrimination of & generalization to arecoline vs nicotine, male rats, 4430
quality & intensity of maltose vs sucrose, generalization of conditioned taste aversions, rats, 3963
sucrose vs fructose vs saccharin vs urea, licking before vs after taste aversion conditioning, rabbits, 31939
time & distance in generalization & discrimination, commentary reply, 14407
1-(3-trifluoromethylphenyl) piperazine, discriminative responding & generalization to 5-HT1B specific agonist vs 5-HT2 agonist vs other drugs, male rats, 25304
1-(3,4-methylenedioxyphenyl)-2-aminopropane analogs, generalization following amphetamine vs racemic 1-(2,5-dimethoxy-4-methylphenyl)-2-aminopropane discrimination training, male rats, 4364
4-bromo-2,5-dimethyoxyphenylamine, hallucinogenic properties & serotonin receptor affinity & stimulus generalization, male rats, implications for potential abuse, 14851

Stimulus Intensity

acceleration level & vibration of X axis with vs without Z axis, judgment of vibration intensity, Air Force personnel, 6973
carbonated water & sweet vs bitter vs salty vs sour taste concentration, perceived oral pungency, adult nonsmokers, 7286
click polarity & repetition rate & stimulus level, auditory brain stem responses, adults, 18080
concentration & characteristics of HCl & tartaric & lactic & acetic acids, perceived sourness & taste receptor processes, female college students, 204
concentration of fructose solution pairs, "ratio" vs "difference" judgment of perceived sweetness intensity, 18–29 yr olds, Netherlands, 17718
construction of mathematical model & computer simulation, prediction of psychophysical responses at any stimulus range, 17714
current intensity, leverpressing & body extension thermoregulatory responses, intracranial self stimulating rats, 7801
degraded stimuli in visual continuous performance task, rapid vigilance & skin conductance, college students, 7738
direction of frequency modulation vs stimulus intensity, auditory perception, male neotropical frogs, 10981
distraction vs attention to sensations conditions & repression sensitization trait, reduction of high vs low intensity experimentally induced pain, college students, 705
duration & flavor of solution flowing across tongue, RT for taste quality & intensity judgments, 19–27 yr olds, 24713
energy of simulated impact noise for 1.5–24 hrs, hearing damage measured by permanent threshold shifts, female guinea pigs, implications for equal energy theory of M. Eldred, 21642
estimates of smell & taste & overall intensity, 18–21 vs 61–94 yr olds, 3695
flash intensity, visual EPs from various brain regions, 17–30 yr olds, 18147
FR schedule & intensity of microwave radiation reinforcement, conditioned behavior, albino rats, 3968
frequency & intensity of tones, perceptual differentiation of pitch & loudness, college students, 287
gamma radiation dosage levels, aggressive offensive behavior, male mice, 3 mo study, 39182
grating contrast & spatial frequency & laser energy, flashblindness, male monkeys, 18233
heat stimulus intensity & pain perception, tailflick reflex & EMG activity in extensor caudae muscle, female rats, 11054
immediate vs delayed delivery of low vs high frequency electrical stimulation of brain, self control choice of small vs large reinforcer, male rats, 781

instructions to attend to both vs 1 ear & stimulus intensity, identification of dichotically presented consonant vowel syllables, male college students, 28272
integrated amplitude parameters of visual EPs, 19–51 yr olds with epilepsy, 23009
intense sound & possible fluctuation in response criteria, misestimations of variability in temporary threshold shifts measured by adjusted vs forced choice, adults, 21245
intensity & number of response alternatives, hue identification choice RT, college students, application of predictive models, 17790
intensity of electrical stimulation, flexion reflex in ipsilateral biceps femoris vs subjective pain sensation, female 23–30 yr olds, 25156
intensity of shock UCS & number of CS UCS pairings, changes in magnitude of conditioned fear following 24 hr posttraining interval, male rats, 780
intensity of water flavor & color cue compound, potentiation vs overshadowing in visually mediated toxicosis conditioning & avoidance, pigeons, 28426
intensity vs duration of exposure to high sound levels, constant hearing loss, gerbils, 14768
luminance intensity modulations, apparent movement & visual cortex processing, mathematical model, 38706
molar concentrations of tastants, perceived relative taste intensities of sucrose & sodium chloride solutions, college students, 729
near absolute threshold formaldehyde odor, detection & perceived intensity, 18–30 yr olds, 31754
paired odorant types & concentrations, odor discrimination & ranking of difference, 21–32 yr olds, 10700
phase intensity interaction, auditory brain stem EPs, female adults, 18128
physical vs symbolic presentation of taste stimuli, perceived & remembered intensities, adults, 38721
quality & intensity of maltose vs sucrose, generalization of conditioned taste aversions, rats, 3963
R- &/vs S+ carvone enantiomers, estimation of olfactory intensity & quality differences, college students, 10708
repeated stimuli & varied stimulus intensity & frequency & dishabituation attempts, flash EP peak N160 amplitudes, male rats, 35589
sensation seeking & stimulus intensity, auditory & visual EPs & heart rate, male college students, 8480
single vs multiple laser pulses with energy of 50 vs 500 percent of maximum permissible exposure, visual EPs measured in visual cortex, rhesus monkeys, 658
stimulus intensity & duration, taste & smell thresholds & RT, 20–30 yr olds, verification of model of intensity perception, 35259
stimulus intensity & interstimulus interval & habituation, components of long latency auditory EPs, college students, 4142
stimulus intensity & reinforcement contingency, color preference, pigeons, 3904
stimulus levels, temporal integration & RT, model for perceived intensity in human taste & smell, 35260
stimulus NaCl volume & intertrial rinse, taste detection threshold, 18–30 yr olds, 28222
stimulus onset asynchrony & 2nd stimulus intensity, RT, college students, test of postponement model of dual task interference, 38846
stimulus rise & fall time & duration & intensity, startle response to acoustic stimuli near threshold, college students, 17814
tactile stimulation with auditory vs visual vs supplemental tactile stimulation with vs without haloperidol, transport response, 15–19 day old rat pups, 3971
tone frequency & intensity, auditory EPs, 16–34 yr olds, implications for low frequency auditory threshold assessment, 17817
varied uncertainty & intensity in artificial vs actual melodies, preferences, college students, test of D. E. Berlyne's theory of aesthetic preference, 39449
visual analog vs verbal descriptor scales, measurement of intensity or unpleasantness of painful & near painful heat stimuli, 21–26 yr olds, 38729
vocal frequency & intensity of masked vs content standard speech stimuli, speech rate perception, college students, 14319

Stimulus Intervals [See Also Interstimulus Interval, Intertrial Interval]
age, lag & retention interval interaction, 18–76 yr olds, 25416
alcohol & response stimulus interval, choice response time, college students & technical staff, England, 39357
auditory stimulation interval, CNS gating of responsiveness & auditory EPs, schizophrenic 21–56 yr olds, 29605
bandpass filtered noises vs sinusoidal signals, detection thresholds of temporal gaps, deaf adults with extracochlear implants or 54–71 yr olds with unilateral cochlear impairments, 16175
beat based vs interval based mechanisms, judgment of timing irregularities, college students, 38736
computerized game with concurrent chain reinforcement, time estimation & radar choice, college students, Hong Kong, 38906
crying & temporal interval between exposure to modified overhead mobile, retention of conditioned behavior, 3–4 mo olds, support for retrograde amnesia hypothesis, 39519
duration & informational content of interval, recall & retrospective time judgments, college students, Australia, 3714
intercycle vs interstimulus interval of disk followed by ring stimulus pairs, masking of disk, adults, 243
lithium chloride dose & postcopulatory delay interval & illness experience in home cage vs test chamber, copulation aversion acquisition, male rats, 21799
number of tones & between tone interval, detectability of interval irregularity, college students, 31823
saccharin solution & food delay, food intake & preference, male rats with sham surgery vs celiac vs hepatic vagotomy vs streptozotocin induced diabetes, 35726
shock self esteem threat manipulation at 3 time intervals, aggression, college students, Italy, 11132
short vs long response stimulus interval, error priming in simple multiplication, college students, 38820
spacing between repetitions, memory for repeated items on list, college students, 24870
spatial separation in location & time of arrival of target vs nontarget events, visual attention, adults, 234
time horizon & stimulus novelty & delay time in evaluation of saccharin vs sucrose solution feeding sources, rats, 21347
within trial location of retention interval in light & tone stimulus sequences, delayed conditional discrimination performance, rats, 3912

Stimulus Novelty
age & novelty stress & maternal contact, plasma corticosterone, 12–24 day old rats, 18240
age & rearing condition & confrontation with novel objects in presence vs absence of surrogate mother, acquisition of phobic behavior, young monkeys, 32010
age & size, response to novel prey, cichlid fish fry, 18020
attention during familiarization & novelty preferences & fixation shifts in paired comparison paradigm, visual recognition memory, 4 mo olds observed weekly & longitudinally from 4 to 7 mo, 11381
bizarreness effect, free recall of nouns, college students, 3848
congruous vs incongruous final words in proverbs, saccade related brain potentials, adults, 18117
delayed identity matching to sample, generalization to novel stimuli, mentally retarded adolescents with IQ less than 40, 22855
diazepam vs benzodiazepine inverse agonist FG-7142 vs antagonist RO 15-1788, latency to feed in home cage vs novel environment with vs without environment preexposure, food deprived rats, 21716

duration of exposure to testing environment, orienting & defensive responses to novel auditory stimulus, preweanling & adult rats, 10918
E with vs without eyeglasses or sunglasses & visibility, tonic immobility reactions, hens, 39033
ectopic pituitary isografts, response to novel vs familiar environments, Dwarf mice, 790
evaluative & affective & meaningful dimensions & formal properties of map images of novel environment, 17 yr old female, 32462
exposure to distinct environment & morphine vs naltrexone vs amphetamine vs haloperidol, preference for familiar vs novel environment in free choice access, male rats, 39247
exposure to novel vs non-novel material, performance on memory tests, adults, 343
familiarity of food &/vs location, feeding behavior, wild Norway rats, 7565
familiarity with stimulus color & shape, preference for paired novel stimulus with same vs different color &/vs shape measuring categorization, 16–24 wk olds, 32383
frequency & familiarity of noun-noun compounds, RT on lexical decision task, adults, Netherlands, 28315
habituation & responses to new vs familiar stimuli, infants, commentary, 32417
habituation & responsiveness to visual novelty, estimates of intelligence, infants, commentary, 32396
individual differences in exploratory responses to novel stimuli, 3–6 yr olds, replication, 18573
lesions of dorsal & ventral noradrenergic ascending bundle, consumption of novel or familiar foods & neophobia, male rats, 28758
lesions of medial vs lateral hippocampal perforant pathway, exploration of novel objects & environments, male rats, 4294
lesions of temporoentorhinal connections, reaction to novelty & proactive memory & exploratory behavior, male rats, 35756
locomotor stimulation or stimulus novelty produced by amphetamine, conditioned place preference, rats, 28821
look vs taste exposure to novel fruits, preferences, 2–5 yr olds, 980
midazolam, postdeprivation shock punished vs unpunished drink & food intake in novel arena & exploration of electrified shock arena, lactating maternal vs virgin female rats, 21735
movement & novelty of visual display, 2-deoxyglucose uptake in visual cortex, male rats, 28615
naltrexone, enhancement of recall of well known facts & events vs recognition of famous faces following novel experiences, 18–50 yr olds, 4333
novel & familiar elements, interests in informational communication or stimuli, college students, Norway, 3831
novel chemical cues in rodent prey, predatory responses, prairie & timber rattlesnakes, 18019
novel environment stress, analgesia to aversive thermal stimuli before vs after naloxone injection, male vs female deer mice from different natural habitats, 745
novel flavor, potentiation of conditioned place aversion based on toxicosis vs shock, male rats, 21395
novel heat stimulus, endogenous opioid analgesic response, terrestrial snails, 744
novel object in open field apparatus, activity level & exploratory behavior, rats injected bilaterally with procaine in pedunculopontine vs mediodorsal thalamus, 35863
novel objects to enhance environments, 7 & 8 yr old chimpanzees born in captivity, 4027
novel olfactory stimuli with vs without atropine, immobility related hippocampal type 2 theta activity & nuchal muscle EMG, male rats, 28936
novel stimulation, evocation & habituation of EP & autonomic components of orienting responses, college students, 719
novel vinegar vs sucrose solution exposure & conditioning followed by lithium chloride injection, latent inhibition, rats, 11254
novel vs familiar stimuli, lexical decision task performance measuring neurological learning ability & memory, amnestic adults with deficits in new learning, 12400
novelty vs familiarity of stimulus, recognition memory, pigeons, 35466
physical restraint & exposure to novelty, behavioral & adrenocortical responses, adolescent female rhesus vs bonnet vs crabeating macaques, 727
prenatal exposure to oxiracelam, open field behavior & response to novel stimuli & radial maze learning, mice assessed at ages 1 & 3 mo, 4310
product novelty, print advertisement & brand attitudes, 21–62 yr olds, 20937
propranolol & metipranolol & isoprenaline & salbutamol, water intake in conditions of hunger &/vs new environment, male rats, 922
prototypical vs nonprototypical vs artificial sentences &/or picture, acquisition of morphological rule in semantic language, college students, Japan, 32324
purchase history & perceived brand variety & need for stimulation, measurement of brand switching behavior, consumers, 10460
recallable unique famous individuals' and geographic names & study context, recognition & recall, college students, 7470
recognition & recall of nondeliberate memories for novel activities, 3 vs 4.5 yr olds, 1018
repeated exposure to novel environment allowing seizure habituation, development of ambulation & rearing behaviors, seizure prone gerbils, implications for arousal, 24950
sensitivity to kinetic information for 3 dimensional object & novel stimulus, 4 mo olds, 7994
similarity & presentation of distractor flavor before vs after target flavor, habituation of neophobia to novel flavors, rats, 3932
stimulus novelty & magnitude, habituation in respiratory & electrodermal activity & vasoconstrictive peripheral pulse amplitude response, autistic vs mentally retarded 4.8–17.2 yr olds, 11865
stimulus novelty & pre-exposure to compound flavor, latent inhibition, male rats, 10907
stimulus novelty & serial position & significance, skin conductance component of orienting response, college students, Israel, 28671
stimulus novelty vs isolation vs light levels vs ethanol, social behavior, male mice, 18224
transfer of oddity from sample performance, pigeons, 31931
universal law of generalization, single learning trial with novel stimulus, commentary & reply, 28320
visual cortical function & preference for novel stimulus & orientation discrimination, newborn infants, 39573
word typicality vs long vs short term novelty vs mere exposure, aesthetic preference for different semantic categories, female college students, 3817

Stimulus Offset

duration & masking & orientation of familiar alphanumeric characters & offset duration, detection of change, college students, 17785
spatial frequency & temporal transition of sine wave gratings, RT & visual persistence & temporal order judgments, Ss, 14294
visual onset vs offset transients, allocation of visual attention, college students, 38786
words in conversational speech & their subsequent context, word recognition after acoustic offset, college & graduate students, 17812

Stimulus Onset

auditory thresholds for temporal order stimuli, commentary, 24790
auditory thresholds for temporal order stimuli, commentary reply, 24800
distractor type & retinal location of stationary vs apparent motion target & stimulus onset asynchrony, attention & response to target, college students, 38771
duration & onset transient of auditory prepulse, acoustic startle reflex, college students, 35314

formant speech stimuli with varying onset time relative to noise, temporal order of onset identification boundaries & difference thresholds, adults, 14342
masked prime & stimulus onset asynchrony to target word, retroactive semantic priming in lexical decision, adults, 10777
masking through stimulus onset asynchrony, discrimination & identification of vibrotactile patterns, adults, 24711
monocular transmission delay induced by filtering input, responses of disparity selective neurons in visual cortex, cats, comparison to Pulfrich effect in humans, 28592
onset asynchronies for successive spatially overlapping faces or visual & auditory stimuli in proximity, perception of 1st vs 2nd face & stimulus temporal order, judgment, 25–30 yr olds, 35241
onset asynchrony in successively paired forms, time course of target apparent contrast enhancement as perceptual retouch vs forward masking, 22–31 yr olds, 21210
onset of conditional reinforcer, control of pecking behavior, pigeons, 3943
onset of related vs unrelated priming cue word, target word onset latency & pronunciation duration, college students, 28284
presentation of square wave gratings vs checkerboard masks at various stimulus onset asynchronies, backward masking in simple vs choice RT task, 22 & 24 & 38 yr olds, 7333
priming with related vs unrelated category cue & stimulus onset asynchrony, RT & errors in lexical decision, college students, Japan, test of 2 process vs strategy assumption in verification theories, 10774
retinal eccentricity of letter stimuli presented to left vs right of fixation point & location & compatibility of noise letter & onset asynchrony, choice RT, college students, 250
single vs double primes related vs unrelated to target & stimulus onset delay, lexical decision, college students, implications for spreading activation, 14381
spatial frequency & temporal transition of sine wave gratings, RT & visual persistence & temporal order judgments, Ss, 14294
stimulus onset asynchrony & frequency, vibrotactile masking, adults, 38733
stimulus onset asynchrony & 2nd stimulus intensity, RT, college students, test of postponement model of dual task interference, 38846
stimulus onset asynchrony, decisions about presence of auditory letter vs visual nonletter target in visual letter arrays, college students, 14430
stimulus onset asynchrony of successive vibrotactile spatial patterns presented to left index fingerpads, forward vs backward masking in pattern identification, adults, 203
stimulus onset asynchrony, spatial frequency detection & identification, adults, 10728
stimulus onset steepness, Wave V latency & amplitude of auditory brain stem evoked responses, 25–45 yr olds with normal hearing, 624
stimulus uncertainty & categorical perception of speech & nonspeech stimuli, acuity for discrimination of changes in temporal onsets, adults, 14335
stop consonant vowel stimuli of various interaural onset asynchronies, dichotic listening performance, 21–29 & 55–74 yr olds, Italy, 7381
tachistoscopic presentations of color stimuli over increasing stimulus onset asynchronies, stimulus integration vs masking in peripheral vs hemispheric visual system locations, college students, 640
temporal gap of auditory spectral regions, recovery functions for overshoot effects, 18–25 yr olds, 24786
tone pulse onset, difference limens in auditory discrimination, adults, 24795
visual onset vs offset transients, allocation of visual attention, college students, 38786
warning time & task symmetry in catching falling weights, EMG activity in trunk muscles, 20–32 yr old males, 25051
Stimulus Parameters [See Also Interstimulus Interval, Size, Spatial Frequency, Stimulus Attenuation, Stimulus Complexity, Stimulus Duration, Stimulus Frequency, Stimulus Intensity, Stimulus Intervals, Stimulus Novelty, Stimulus Offset, Stimulus Onset, Stimulus Salience, Stimulus Similarity, Stimulus Variability, Temporal Frequency]
absence vs presence of distinctive feature in geometric symbols, visual discrimination learning, college students, test of feature positive vs focus of hypothesis effects, 38885
abstract vs concrete paragraphs & task context & comprehension instructions, prose recall, monolingual vs bilingual college students, 38919
acoustic characteristics of contact calls, call discrimination using operant conditioning & perceptual organization & similarity rating, budgerigars & humans, 391
acoustic stimuli characteristics, short term memory in matching to sample tasks, male budgerigars, 7533
actual & potential control over stressors, physiological & self reported stress responses, adults, Canada, 14730
alignment illusions in Poggendorf figure, 38775
analytic vs synthetic stimuli, stylistic pictorial classification abilities, children, 8016
aperture orientation & grating speed & contrast, perceived vertical motion in barberpole illusion measuring motion integration, college students, Japan, 35288
attention & stimulus interaction, visual responses of inferior temporal neurons, macaques, 14701
attention precue & target type, target discrimination latency, adults, 10865
attenuated overshadowing in unpaired conditioned inhibition training, superconditioning, rats, 35470
attributes of stimulus surfaces, reconstruction of static visual forms from stereoscopic dotted samples, adults, 261
auditory stimulation interdeterminancy, cyclic processes in auditory EPs & discrimination, 19–40 yr olds, 21543
auditory stimulus identification vs response selection processes, repeated stimulus inferiority effect, college students, 14345
auditory vs visual suffix stimuli, immediate & delayed recognition memory of letters & words, college students, 7451
background stimuli, displacement in ESP or clairvoyance, college students, 2
binaural vs contralateral vs ipsilateral stimulation, middle & long latency auditory evoked magnetic fields, right handed 22–39 yr olds, Finland, 28634
catch trial occurrence & foreperiod variation to minimize expectancy, RT & movement time, 1st–5th graders, 39557
click polarity & repetition rate & stimulus level, auditory brain stem responses, adults, 18080
computer program & algorithm for generation of random line figures & mirror images of variable complexity & size & orientation, perceptual learning, college students, 7307
conditional numerical discrimination learning using qualitatively different reinforcers, male rats, 28405
configuration of subjective figures & favoring of short vs long range process, apparent movement, college students, 253
conspecific normal 2 note vs lengthened 3 note songs & position & type of added note, vocalization latency & song recognition, male black capped chickadees, 21453
context, memory for read vs self generated items, college students, 21308
context of stimulus presentation, learning induced plasticity of auditory cortex neurons, cats, implications for Functional Mosaic Model, 39084
convergent & discriminant validity analysis of objective & subjective product features, college students, 24461
degraded stimuli, movement related visual EP overlap as index of motor preparation in reaction tasks, commentary reply, 39104
degraded stimuli, P3 & other components of movement related visual EPs in go/no go reaction tasks, commentary, 39119
degraded vs intact 1st &/vs 2nd visual stimuli, response latency for same/different judgment, college students, West Germany, 35281
delay & filtering, broadband repetition pitch, adults, 24799

depth differences & element density & color & orientation, perceptual segregation of stereoscopic transparency, adults, 17743
depth of modulation in master band & temporal position of signal, comodulation masking release, 22–38 yr olds, 31815
differences in 1st formant frequency information of structure of preceding vowels, voiced final consonant judgments, college students, 14350
difficult foil discriminability & lengthy retention intervals, long term memory for pictorial stimuli, college students, 14445
diffuse noxious inhibitory controls of neuronal activity, sensory discriminative dimension of pain perception, 19–37 yr olds, 28631
distinctiveness & familiarity, face recognition memory, college students, 17800
dual representation vs context availability hypotheses, concreteness in lexical decision making, college students, 21276
duration & onset transient of auditory prepulse, acoustic startle reflex, college students, 35314
eccentricity & separation of lines presented on isoeccentric arc, bisection thresholds, Os, test of Weber's law, 7329
emotive vs food vs neutral stimuli, GSR & EMG & heart rate, obese adults, 5642
equal inspection duration for unambiguous vs ambiguous figures vs alternating sequence of 2 unambiguous figures, perceived inspection duration, college students, 35263
frequency time cues & envelope cues in stimulus length effect, perception of stops & glides vs nonspeech stimuli with analogous acoustic properties, adults, 38805
frequency vs amplitude modulated maskers, comodulation masking release, adults, 14347
groove width & vibration temporal frequency, perceived roughness of metal grating by index finger passive touch, college students, 35254
hidden surface removal & multiple light sources & shading, speed & accuracy of object mental rotation & perceived realism of computer generated 3 dimensional image, adults, 17422
horizontal resolution & pixel & display width & alternative locations, vertical line detection in visual noise, Ss, 7335
interaction of excitatory & inhibitory motion stimuli, visual sensitivity inferred from landing motor response, flies, 38962
interitem spacing & vocalization & stimulus suffixes, magnitude of recency effect on memory for serial position, adults, 14441
intershaft wing removal, judgment of Mueller-Lyer illusion line length using comparison vs independent judgment procedure, college students, 38780
intradimensional vs extradimensional shifts, visual discrimination learning with simple & compound stimuli, marmosets & 20–48 yr old humans, 21387
ipsilateral masking levels & thresholds for tone tip auditory brain stem responses, establishment of recording parameters & norms, 18–30 yr olds, 32047
learning set & type of material & number of list presentations & hypnotic susceptibility, hypnotic amnesia & seriation, college students, 7474
left-right &/vs above-below auditory cues, spatial compatibility of stimulus response pairings, college students, Italy, 282
levels of auditory sexual & violent stimuli, electrodermal activity & memory task performance, college students who are high vs low sensation seekers, 32901
limits of parallel processing, visual pattern discrimination of orientation & magnification, college & graduate students, England, 21222
line & jump lengths during horizontal movement on computer display, text readability & reading rate & movement speed selected, college students, 228
locus of capsaicin vs piperine oral stimulation, intensity of sensations, adults, 209
manipulation of perspective lines & stimulus shading, perception of Necker cube, 15–56 yr olds, catastrophe theory implications, 10752
matching to sample training with 4 part conditional relations, performance on trained vs emergent relations & stimulus equivalence, monkeys, 38990
measurement of associations between objective & subjective features of products, college students, 24462
microbalanced & drift balanced random stimuli, non-Fourier motion perception, 24736
motion stimuli for detection of 3-dimensional structure, rhesus monkeys & humans, 3899
movement of Mueller Lyer figure in aperture, illusions of time & extent, adults, 14264
Mueller-Lyer illusion standard vs dot form with intermittent light stimulation, illusion strength & lateral inhibition, college students, 7317
nature & familiarity of event & amount & type of processing during presentation, frequency judgments, college students, 17850
number of intervening words between 1st & 2nd presentation, orthographic vs phonemic repetition effects in lexical decision for Hebrew words, college students, Israel, 17834
number of targets, judgment of target numerosity in subitizing range, college students, 17841
object texture vs hardness vs planar contour, haptic integration & exploratory procedures, college students, 17726
open vs closed stimulus sets & target presence vs absence across displays & distance between target attributes, conjunction errors, college students, 10726
orientation of familiar vs unfamiliar common object pictures, mental rotation & naming & identification of top, college students, 3816
parameter ranges for Mach bands visibility on periodic waveforms of trapezoid family, 38792
partial stimulus information in response preparation measured by EPs, RT, 19–25 yr olds, implications for models of choice reaction performance, 10785
peaks & troughs in low vs high frequency comb filtered noise spectrum, frequency resolving acuity, 30–44 yr olds, 17826
periodic harmonic visual stimuli pairs in reversed contrast & different phase, reversal discrimination thresholds, adults, implications for edge & bar detectors, 35274
phase intensity interaction, auditory brain stem EPs, female adults, 18128
physical & temporal characteristics of stimuli, conditional auditory & visual discrimination learning, pigeons, 21392
physiognomically evocative shapes, apparent size & distance, college students, 7330
positional judgments of horizontal vs vertical dimensions, right vs left handed vs ambidextrous college students, 14242
preferred vs high vs low vs increasing tempo vs discovery learning training conditions, large amplitude high tempo fluent movement performance on ski simulator, 18–34 yr olds, 38750
preparedness & dangerousness & spatiotemporal unpredictability & survival relevance, fearfulness of stimuli, college students vs biologists, 32884
priming condition & word repetition & stimulus clarity, additive & interactive relationships, college students, 21257
proximal & distal elements of inducing stimulus, orientation & spatial frequency of visual grating, 38801
psychophysical luminance & chromatic spatial contrast sensitivity functions, luminance variations in contrast sensitivity functions, 28259
pupillometric assessment of arousal to various sexual stimuli, college students, implications for sexual preference research, 39136
random CS & US, stimulus learning & acquisition & maintenance for blocking like procedures, pigeons, 35473
randomized sequences of word vs nonword stimuli, brain EPs, adults, 4108
reading ability & presentation rate & moving vs stationary text display of word vs phrase sentences, recall, college students, 14420

rehearsal, memory for words read vs self generated, college students, 21320
relationship between pitch & loudness vs volume & brightness perception, integrality in cognitive processing, college students, 14327
relative size vs luminance vs total luminous flux & distance disparity, apparent motion processing, adults, 35307
relevant vs irrelevant stimuli, heart rate, high vs low anxious & defensive 10–21 yr old elite female gymnasts, 6998
repeated vs unrepeated pairs of words, cued recall & recognition of repeated pairs & memory trace interactions, college students, Canada, 7436
residual motion vector magnitude & other motion variables, prediction of rigidity vs nonrigidity in perceived 3 dimensional pattern rotation, 21–28 yr olds, 35306
response to stimulation directed to other patients, right handed patients with severe right hemisphere stroke, 16030
retinal locus & locational uncertainty & stimulus identity, RTs for identification of hierarchically presented small letters, adults, 14288
row separation & dot sizes in step-like array, illusion of step pivoting, Ss, implications for neural coding model, 7313
salience of visual target vs standard as a function of area, localization accuracy for targets relative to standards, college students, 14258
sampling structure & viewing situation & imagery, visibility of sampling artifacts, 35271
segment angle in solid vs outline vs oblique Zollner vs Fraser illusion & role of Fourier components, illusion strength, Os, 17796
self or externally paced & fixed or random foreperiod, inspection time in visual discrimination task, 8 vs 12 yr olds, 36010
semantic context & repetition &/vs degradation of single words, lexical decision & recognition latency, college students, 14368
sequential object tracings varying in number & velocity & size & local vs global features, spatial & temporal integration in shape recognition, 6 vs 12 mo olds, 11427
signal intensity & quality & blocked vs mixed choice presentation method & stimulus response compatibility, 2 choice reaction task, college students, implications for experimental design, 35371
signal value vs vigilance, electrodermal & heart rate orienting responses, adults, 18174
simultaneous presentation of intact stuffed jungle fowl & red box or disarticulated stuffed fowl or scrambled jungle fowl outline, filial preference choice behavior, dark reared chicks, 10910
sine wave gratings with stationary periodic random phase shifts, spatial frequency discrimination, adults, 35284
single vs double target step size, saccade amplitude & latency & overshoot or undershoot, adults vs macaques, 35269
sinusoidal size change with vs without blur vs disparity change, accommodation & convergence responses, 19–38 yr olds, 14295
size & distance & location of stimulus configuration, spatial contrast discrimination thresholds, adults, 14290
size & distance of stimuli, perception of vista paradox, adults, 24771
size of familiar object, overflow & 1st sight & vanishing point distances in visual imagery, college students, 14282
spaced randomly presented vs massed positive vs negative stimuli, visual flicker rate dimensional discrimination, pigeons, 21376
spatial & temporal stimulus factors, latency to onset & perceived intensity of sensitivity of tongue to ethanol irritation, adults, 14854
spatial dimension & category width, anticipation & habituation errors in spatial localization, college students, 7310
spatial frequency of vertical vs horizontal grating, contrast sensitivity, Parkinson's disease patients, 1970
spectral tilt at signal onset & frequency change abruptness after onset & formant transitions, voiced stop consonant identification, normal vs hearing impaired 19–73 yr olds, 16150
state vs trait anxiety, RT & attentional bias to probe in place of threatening word, adult females, 17919
stimulus categorization, judgment & accentuation of interclass differences & intraclass similarities, adults, 10803
stimulus consistency in memory/visual search tasks, response flexibility, college students, 3803
stimulus context & response coding, word retrieval, fluent vs nonfluent dysphasic 57–69 yr olds, 33508
stimulus degradation & orthographical errors & context, braille reading speed, fluent braillists, 4625
stimulus modality & intermixing of nonreinforced feature & target cue presentations, acquisition & transfer of conditional discrimination performance, rats, 28423
stimulus onset steepness, Wave V latency & amplitude of auditory brain stem evoked responses, 25–45 yr olds with normal hearing, 624
stimulus orientation & spatial frequency, visual contrast sensitivity, 17–51 yr old psychiatric patients with drug induced parkinsonism, implications for dopaminergic deficiency, 32928
stimulus potency & receptor affinity & schedule of reinforcement, drug discrimination, pigeons, conference presentation, application to PCP discrimination, 28913
stimulus presentation apparent velocity, time estimation, female college students, 17782
stimulus reinforcer relations & type of reinforcing stimuli, conditional discrimination, moderately mentally retarded 14–20 yr old males, replication, 26377
stimulus response compatability, divided visual field study of cerebral lateralizaton in lexical decision task, German speaking adults, 634
stimulus rise & fall time & duration & intensity, startle response to acoustic stimuli near threshold, college students, 17814
stimulus size & retinal eccentricity, orientation discrimination threshold, naive vs experienced adults, 14301
stimulus surface & duration & skin temperature, pain vs detection thresholds for short carbon dioxide laser pulses to hairy vs glabrous skin, 21–51 yr olds, 18232
stimulus type & categorical blocking, free recall, college students, 17889
stuffed jungle fowl vs red box as primary imprinting stimulus, reversibility of filial preference, chicks, 10894
symmetry axis & orientation of 2 dots moving in plane, perception & persistence of elastic structure of traced object, college students, 17771
target & adjacent chromatic surround with vs without separation by achromatic gap, target color constancy assessed using forced matching, Os, 17749
target background similarity & heterogeneity, visual search for chromatic targets among colored backgrounds, adults, Canada, 28254
target condition & level of irrelevant distractors, response time for discrimination of 1 vs 2 dimensional targets, 19–26 vs 65–70 yr olds, 17765
target distance & width, kinematic & myoelectric variables of rapid elbow flexion movements, adults, 21189
target stimuli class probability & number & matching, visual EP N2 components, adults, 39080
temporal & spatial & structural display parameters, apparent rotation in 3 dimensional space, adults, 3766
temporal frequency & spatial separation & stimulus duration & size & direction & interstimulus interval, breakdown of stroboscopic apparent motion, adults, 233
tilt of line rotated in frontoparallel plane, perceived depth & line length, college students, 17806
time series trend & randomness & graphic presentation, judgmental forecast & confidence interval, MBA students, 24826
typeface characteristics congruent vs incongruent with adjective meaning, speeded decision RT & judgment of animal physical qualities by name, college students, 38839
validity of orthogonal arrays with independently varying price levels in consumer decision task, prediction of holdout profiles, college students, 17672

variation of length or orientation, discrimination, adults, 17759
vertical & horizontal whole body vibration at low magnitude, frequency dependence of subjective responses, 22–61 yr olds, 14332
viewing angle & location of stimulus on video display unit screen, legibility of words vs number string vs alphanumeric messages, engineering students, 6947
visual haptic perceptual nonequivalence for shape information, crossmodal performance, college students, 10698
visual vs acoustical precursors, identification of concurrent vowels, adults, 38816
word frequency & list composition effects, lexical decision & recognition memory, college students, 21291
word frequency & stimulus quality, lexical decision, college students, 21321
word typicality vs long vs short term novelty vs mere exposure, aesthetic preference for different semantic categories, female college students, 3817
2 vs 3 dimensions, reference frame effects on shape perception, college students, 17784
3 dimensional object detail vs density, visual perceptual judgments & altitude control in simulated low level flight, male Air Force pilots, 41521
Stimulus Pattern [See Stimulus Variability]
Stimulus Presentation Methods [See Also Stereoscopic Presentation, Tachistoscopic Presentation]
BASIC computer program for making presentation slides of verbal material for experiments, 7357
concentration presentation order & intraoral delivery, sucrose intake, rats, 28852
erotic material depicted in film vs slides vs spoken vs written text vs fantasy, penile circumference & subjective sexual arousal, 18–52 yr old males, 8301
familiarization with transparent occluders apparatus, errors in Piagetian Stage IV search task, 9 mo olds, 32465
food & water reinforcement & stimulus compounding, response rates, male rats, 21394
headphone vs loudspeaker simulated free field stimuli, perception of apparent spatial positions of waveband noise bursts, adults, 28282
IBM microcomputer procedures for programing measurement of RT with millisecond accuracy & elimination of stimulus presentation lag time, 7035
irregular presentation of sine vs square wave gratings, stimulus detection vs discrimination, Os, implications for visual system sampling scheme, 3751
Listmaker programing language, generation of stimulus lists for cognitive psychology experiments, conference presentation, 7401
massed vs spaced repetitions, encoding variability & recall & apparent frequency, college students, 14456
number of categories, happiness ratings in social judgment, college students, 1415
optical method for producing 2 identical stimuli moving in opposite directions, 14296
order of positive & negative CS presentation, aversion learning & excitatory backward conditioning, rats, 35468
paper vs computer presentation & difficulty, estimation of time allowed for anagram solving, college students, 28212
priority & simultaneous vs consecutive presentation of sublists of items, recall order, females, 3850
procedural variations, RT & movement time, college students, commentary, 38752
procedural variations, RT & movement time, college students, implications for practice vs intelligence effects, 38753
response contingent vs noncontingent vs en masse food pellet delivery with vs without blocked acquisition of new response, interference effect in learning & extinction, male rats, 35460
sentence presentation mode, speech perception in noise, adults, 24797
sequential vs simultaneous presentation of past performance, primacy & recency effects on predictions of future performance, college students, 8405
sequentially vs simultaneously presented words vs letters, RT for same vs different matching judgments, college students, 7424
simultaneous vs successive presentation of task difficulty levels, success or failure expectations, 3–6 yr olds, 18616
speech shadowing techniques & rate of presentation & grammatical acceptability of sentences, language processing & reading ability, 2nd–8th graders with good vs poor reading ability, 18583
stimulus complexity & visual tactual vs tactual visual direction, cross modal transfer of form learning, 9 vs 11 vs 14 yr olds, 25479
stimulus modality & intermixing of nonreinforced feature & target cue presentations, acquisition & transfer of conditional discrimination performance, rats, 28423
stimulus presentation during delay interval, memory, intact vs gonadectomized male vs female rats, 11172
stimulus presentations during delay interval of operant delayed spatial response alternation task, response accuracy, male vs female rats, 439
synthesis of headphone presented stimuli simulating ear canal waveforms in free field listening, adults, 28281
temporal characteristics of stimulus presentation, effect of training in keyword method on vocabulary learning, literature review, implications for bias argument of J. W. Hall et al, 354
unilateral vs bilateral vs central pattern presentation, cerebral asymmetries & interhemispheric process, college students, conference presentation, 14680
upright vs inverted facial stimuli, duration perception, 35–40 yr olds, 24724
words presented with segments replaced by white noise, spoken word recognition, preschoolers vs college students, 25540
Stimulus Salience
CS preexposure to salient flavors, aversion conditioning, rats, 21370
differential behavioral salience of geographic song variations & syntax, adult male swamp sparrow from populations with differing gene frequencies, 14647
eye vs contour vs eyebrow vs mouth shape in diagrammatic face pairs, cue saliency in perception of similarity, college & graduate students, Japan, 35292
facial features in inverted vs upright diagrammatic face pairs, cue saliency & feature interaction in perception of similarity, college students, 35293
feature positive vs negative reinforcement trials, visual discrimination, pigeons, 417
high vs low salience of appeal for help, avoidance behavior & recall of appeal, college students, 8456
information vs situation context of cues, decision making & judgment experimental methods, college students, 31864
lithium chloride followed by casein vs sucrose CS, aversion performance, male rats, 28415
masking & salience of facial features, judgment of sex & recognition of faces, college students, 31799
mixed letter case & stimulus degradation, word naming, college students, 24819
nonrelevant color stimulation, impulsivity & activity, hyperactive 2nd–3rd graders, 33432
pleasant or unpleasant handling & availability of toys, growth & carcass composition & adrenal morphology & exploratory behavior, male pigs, 39049
quantity &/vs salience &/vs location cues for relevant vs irrelevant stimuli, allocation of attention, 4–5 yr olds, 25549
salience of relationship between input & output variables, implicit vs explicit learning processes for complex knowledge vs task control, 18–45 yr olds, 7437
salience of visual target vs standard as a function of area, localization accuracy for targets relative to standards, college students, 14258
saliency of laterally displayed facial features, face recognition, adults, 226

side view smiling faces with varying left eye vs mouth curvatures, perceived intensity of smiling, college students, 3733
stimuli at varying blur parameters & distances from retina, differential spatial displacement discrimination threshold & blob alignment, adult males, 7353
stimulus significance in visual discrimination task with color response cues, neuronal unit activity in prefrontal cortex, male monkeys, 21573
stimulus significance, verbal conditioning in orienting response context, college students with high vs low psychoticism scores, 3843
training in self questioning & answering about salient features, performance on constantly changing matching task, 4.4–5.3 yr olds, 15070
visual target luminance & cue validity, detection latency, college students, 17767

Stimulus Similarity

acoustic characteristics of contact calls, call discrimination using operant conditioning & perceptual organization & similarity rating, budgerigars & humans, 391
character practice, pen slips in rapid repeated writing of similar kanji or kana characters, college students, verification of recency hypothesis, 35258
color priming & prototypicality, color preference, adult males, 10737
competing word unit neighborhood frequency, visual word recognition, college students, France, 28294
configurations of nonreverberant vowels in 3 dimensional vowel space, similarity judgments, college students, 10765
degraded vs intact 1st &/vs 2nd visual stimuli, response latency for same/different judgment, college students, West Germany, 35281
exemplar distribution as mathematical model for relating selective attention & stimuli similarity & categorization, commentary reply, 14398
eye vs contour vs eyebrow vs mouth shape in diagrammatic face pairs, cue saliency in perception of similarity, college & graduate students, Japan, 35292
facial features in inverted vs upright diagrammatic face pairs, cue saliency & feature interaction in perception of similarity, college students, 35293
features of successively presented face drawings to fixation point then left &/vs right visual field, RT & errors in judgment of similarity, college students, 635
fuzzy feature matching model, analysis of asymmetric similarity matrix of country similarity judgment, college students, Japan, 28185
hemispheric specialization, perception of similarity of tactile stimuli opposed by contralateral noise, college students, 18085
information measurement method using derivation of euclidian interstimulus distance, classification & perceived distinctiveness & similarity of photographs, high school & college students, 21217
length & similarity of interruptions & complexity of processing demands, task performance, 18–45 yr olds, 38889
letter & display size & nontarget homogeneity, feature & conjunction visual search RT, adults, test of feature integration theory, 35277
models of & theories on similarity & distance relationship, confusable vs discriminable stimuli perception, commentary, 14369
multidimensional stochastic similarity theory, definition of distance based similarity function & expected value of similarity, 21157
number of perceived wholes & spatial & color & temporal similarity between stimuli, perceptual assimilation & contrast, 24751
number of perceived wholes & stimulus color & organization, perceptual assimilation & contrast, commentary, 24748
number of perceived wholes & stimulus similarity, perceptual assimilation & contrast, adults, commentary, 24755
number of perceived wholes & stimulus similarity, perceptual assimilation & contrast, commentary reply, 24750
number of related birds & frequency of & similarity among bird species, typicality ratings & classification, college students, 7389
onset of related vs unrelated priming cue word, target word onset latency & pronunciation duration, college students, 28284
overall similarity vs part identity classification, 3.3–7.2 yr olds vs college students, 29056
paired stimuli with relevant & irrelevant dimensions in form or size or orientation & irrelevant disparity, classification task RT, college students, 3835
patterns similar vs dissimilar in spatial frequency & velocity, apparent motion perception, adults, 28227
perceptual vs conceptual similarity of standard to match vs nonmatches, difficulty in basic vs superordinate category matching, 26 mo olds, 4597
perspective images presented by CRT, 3-dimensional perception during visual fixation & grouping based on similarity & parallelism, adults, 35286
position of line segments in eccentric vision, similarity vs mirror symmetry discrimination, experienced Os, 7343
presentation order of scalar & slightly altered nonscalar melodies, asymmetric similarity perception, experienced vs nonexperienced college music students, 7371
RT & distance & eye movements & visual perceptual style, similarity ratings of rectangle pairs, 19–27 yr olds, West Germany, 21233
schema congruity vs incongruity between products, product evaluations, adults, 41557
semantic congruity effects, perceptual comparisons, graduate students, 35301
shape similarity & distance disparity as correspondence cues, apparent motion, adults, 17793
similar vs dissimilar contextual stimuli, similarity rating of word pairs, college students, 307
similarity & presentation of distractor flavor before vs after target flavor, habituation of neophobia to novel flavors, rats, 3932
similarity judgments among concept pairs from geometric concepts & mathematical expressions from ratio & proportion & similarity lesson, concrete vs formal operational 10th graders, 27616
similarity of component stimuli, behavioral contrast, pigeons, 7561
stimuli that result in strong vs weak single phenomenal wholes, fast same vs slow different responses & overall performance, college students, implications for Muller-Lyer illusion, 7327
stimulus similarity & discrimination performance, overall & local contrast in multiple schedules, pigeons, 21354
stimulus similarity & frequency, classification & typicality ratings, adults, 7419
superficial similarity between earlier & test problem, access to & use of earlier problem, college students, 24844
synesthetically correspondent color & auditory stimuli pairs, ratings or response latencies of similarity judgments, college students, 31745
unexpected dissimilar vs similar size circles, RT for same vs different responses, college students, extention of research by D. L. King, 24752

Stimulus Variability

accessibility & profitability of keypeck search outcomes, successive encounters choice behavior, pigeons, implications for delay reduction hypothesis & optimal diet models, 24978
amount of noise & number of point pairs, detection of Glass patterns in random dot configurations, 246
configural orientation & location of flash, perceived apparent motion trajectory, college & graduate students & faculty, 7340
critical variables including figure ground relationship & stimulation variety, perceptual modal completion, naive college students, 14278
density of background lines of different orientation, feature discrimination of line segments, adults, 10747

displacement errors in stereo TV pictures, binocular depth perception & subjective picture quality, adults, 17803
distractor type & retinal location of stationary vs apparent motion target & stimulus onset asynchrony, attention & response to target, college students, 38771
function word & cortical item visual pattern distortion, performance on perceptual identification or speeded oral reading or lexical decision tasks, college students, 38870
head & hand & stimulus position, RT & spatial stimulus response compatibility, female college students, 35265
hemispheric asymmetries of long term semantic memory for incongruous scenes, college students, 10852
mixed letter case & stimulus degradation, word naming, college students, 24819
number of tones & between tone interval, detectability of interval irregularity, college students, 31823
position vs duration of color stimulus & interstimulus delays, discrimination learning, pigeons, 38969
random bandpass frequency modulation of sinewave gratings, spatial frequency discrimination, adults, implications for spatial averaging, 17768
sequence characteristics of preceding nontarget tones, target vs nontarget induced EPs during tone counting task, 18–47 yr olds, 18142
spontaneous conditions vs visual vs auditory stimulus storytelling complexity & sentence length, 3rd graders, 1021
stimulus variation, generalization performance, trainable mentally retarded 75–120 mo olds, 27738
stimulus variation within positive or negative stimulus sets, positive dimensional contrast in visual discrimination, male homing pigeons, 28421
synchronization of finger tapping with irregular acoustic patterns, 18–20 yr olds, 17723
talker variability, spoken word recognition during naming task, college students, 24787
variability in contrast increment & frequency of grating pattern, sensory gain & increment thresholds for contrast, Os, 17747
visual discrimination of rotation & magnification for simple pattern elements, college students, 10729
visual inhomogeneity, perceived pointing of equilateral triangles, 24740
white & low pass noise vs digital background images, localization of embedded signal, 227
whole & subdivisions of unambiguous patterns, preferred vs alternative interpretations, college students, 10739
Stipends [See Educational Financial Assistance]
Stochastic Modeling [See Also Markov Chains]
development & evaluation of 4 fuzzy probability models, effects of stochastic uncertainty & linguistic inexactness in probability tasks, college students, 17711
good news about environment, adoption of more pessimistic course of action, application of mathematical definition using Bayesian updating & stochastic dominance, 17835
multidimensional stochastic similarity theory, definition of distance based similarity function & expected value of similarity, 21157
situational variables of brand choice in soft drink consumption, college students, implications for stochastic models, 24475
stochastic model, disjunctive reasoning, college students, 28301
stochastic multidimensional scaling, choice behavior, consumers, 160
stochastic tree unfolding models, paired comparison choice research, 157
Stomach
family characteristics, preschool children with recurrent headaches &/or stomachaches, 16236
gastric distension by balloon & gastric capacity, food intake, lean & obese 19–49 yr olds, implications for obesity treatment, conference presentation, 26494
gastric implant, body weight & gastrointestinal hormones, chow vs cafeteria fed male rats, animal model of dietary obesity, 35717
signalled vs unsignalled tailshock, gastric contractility & lesions, rats, 21678
Storytelling
ability to relate events in narrative, 3–6 vs 7–12 vs 20–40 yr olds, Israel, 32376
ability to retell story, reading development, preliterate 5 yr old female, 11407
audiovisual vs video vs audio narrative, comprehension, 5–12 yr olds, 36049
cognitive style & drawing & clay modeling & storytelling, 1st graders, lack of support for covariance structure model of symbolic functioning, 11441
comprehension & retention of radio story, 10–13 yr olds with low vision, Poland, 33511
cycles of mutual drawing & storytelling, language & art development processes, 2.8–4.8 yr olds, 11419
healing value of fairy tales, hospitalized children & adolescents, 2783
information processing factors, cohesion of narrative retellings, 18–25 vs 26–55 vs 60–87 yr olds, 36076
level & coherence & fluency of written vs oral story production, 10–15 yr olds with learning disabilities vs low vs average achieving 3rd–7th graders, 3289
manipulations of point of view in videotaped narratives, recall of story events, adult males of Pokot tribe with little visual media experience, Kenya, 21838
memory & recall & repetition of stories, 18–31 vs 60–87 yr olds, 1157
narrative structure & development of story organization, 1st & 3rd graders, 8029
narratives about cadavers, emotional socialization, medical students, 30897
P. Ricoeur's philosophy of narration, psychotherapy, 26815
portrayal of mothers in forensic psychiatry narratives, male offenders, 26303
psychobiographical interpretation of life stories & narratives concerning careers, middle aged businessmen, 5061
reading comprehension skills, rewriting of previously heard story, 7 yr olds, 18557
recognition vs recall of story to peers vs Martians vs for contest, college students, 17912
spontaneous conditions vs visual vs auditory stimulus storytelling complexity & sentence length, 3rd graders, 1021
story grammar instruction, reading comprehension, 8–10 yr olds with dysphonetic & dyseidetic dyslexia, 34763
storytelling & communication skills, working vs middle class school age children, England, implications for school language instruction, 41218
storytelling & poetry writing, heightened therapeutic benefits, 60–90 yr old female retirement home residents, 37221
syntactic complexity of spontaneously generated oral stories, learning disabled 8–13.9 yr olds, 26404
training in book sharing strategies, storytime practices, kindergarten & 1st grade teachers working with economically disadvantaged Spanish speaking children, conference presentation, 23938
unity & coherence in retold stories, high vs low achieving K–1st grade readers, implications for speech assessment & therapy, 17195
Strabismus
McCollough aftereffects, binocular vs monocular color effects, college students with strabismus or ambylyopia vs normal vision, 37146
passive vs active optometric therapies, achievement of functional binocularity, clients with strabismus, 9254
Strain Differences (Animal) [See Animal Strain Differences]
Stranger Reactions
approach by mother vs stranger & cardiac vagal tone measured by heart rate variability, facial emotional expressivity, male vs female 5 vs 10 mo olds, 39677
experience of strangeness & supposition of sameness of self & other, interpersonal relations, 4957
freedom of movement, distance maintained from male vs female friend vs stranger in approach situation, male vs female college students, 15418

interactions with mother & fear of strangers, infants of mothers with nonorganic psychosis observed from 3 weeks to 12 mo of age, 22617
maternal attachment behavior in M. D. Ainsworth's strange situation, infants, Japan, comparison with West German & US data, 36133
maternal education, cognitive processing ability as reflected in vocal responsiveness to mother vs stranger, 3 mo olds, 8050
maternal interactive behavior & infant temperament at 4 mo old, reunion behavior in Strange Situation, 12 mo olds & their mothers, 39604
psychotherapeutic approaches, preschoolers with elective mutism & stranger anxiety, 2291
research on infant mother relations, reinterpretation of attachment theory & Ainsworth Strange Situation, Japan, 15151
service dogs, experiences with strangers, disabled adults in wheelchairs, 12407
social network size & prevalence of strangers & density of close relationships, expressions of happiness, 18 yr olds & older, 4950
social referencing & fearful reactions & attachment classifications in M. D. Ainsworth's strange situation, 12 mo olds & their mothers, Japan, 36162
unfamiliar others in multiattribute settings, organization of social information, meta analysis, 18898

Strategies

administrative mechanisms & strategy implementation at business unit level within multibusiness organizations, general managers, 17360
age, strategy & types of spelling errors, 1st graders through college students, Canada, 34633
age, strategy use on figural fluency test, 1st–8th graders, 15130
analysis of solution strategies for equivalent set multiplication & division word problems, 1st–3rd graders, 31128
analytic vs global strategies on WAIS-R, field dependent vs independent college students, 5021
assessment of cognitive reading comprehension strategies, teachers of ineffective readers, instructional planning implications, 27604
association based vs schema based views of arithmetic readiness & estimation strategies, kindergartners, 31108
atropine blockade of cholinergic muscarinic receptors, strategy selection & learning & retention of nonspatial visual discrimination tasks, rats, 7936
attitude heuristic, fact identification about liked vs disliked others, college students, 18929
categorization of multidimensional alternatives into 2 vs 4 classes, limits to decision making ability & strategy use, college graduates & research institute members, 3813
classroom demand assessment & teaching of learning strategies, learning disabled adolescents, 13678
cognitive development, strategy choice in multiplication, children, 1040
cognitive processing strategies for visual spatial & verbal-analytic tasks & K-ABC performance, learning disabled 4th–6th graders, 29823
cognitive strategies & metastrategies, learning & performance of self paced motor skills, athletes, 20993
cognitive strategies & style, accuracy of overhand volleyball serves, female college students, 10478
cognitive strategies in hypotheses generation, college students, 7407
cognitive strategy instruction research in laboratory & classroom, normal & learning disabled students, 24179
cognitive strategy teaching approach, reading comprehension, learning disabled students with counterproductive coping strategies, 24176
communicative approach as research strategy in psychoanalysis & psychoanalytic psychotherapy, 33811
community education strategies for mental health promotion, Canada, 40888
comparative & unique & preemptive & hyperbole & generic informational strategies, TV advertising of consumer products, 38517
computer as organizational/memory aid to learner generated strategies, problem solving, college students, 3165
concept mapping using statement representation & interpretation, development of structured conceptual framework for project or program planning or evaluation, groups, 29357
congruence of & causal relations between learning motives & strategies, high school & college students, 20533
construction & factor structure of Cooperative/Competitive Strategy Scale, 17–66 yr olds, 7178
content & mechanics revision strategy instructions, paragraph writing, 6th–8th graders with learning disabilities, 13661
control processes & learning strategies & knowledge, note taking from lectures or text, students, 3192
covariation assessment in rank order data, college students, 31701
culture specific strategy, identification & assessment of personality dimensions, college students, Philippines, 15501
definition & use & promotion of tactical & strategic & systemic humor in strategic therapy, 16428
development of & knowledge about attention strategies, same different judgments, 3 vs 4 yr olds, 1029
development of stereotyped vs flexible tool use strategies & mental representation of problems & solutions, 15–22 mo old macaque vs gorilla, 18027
domain general & specific knowledge in adaptive problem solving strategy choices & model of rational decision processes, children, 21981
environmental settings within & generic strategies & performance of industrial firm, top management personnel in electronics industry, Korea, 17363
external focus vs dissociative imagery cognitive strategies, estimation of time & perceived effort & actual performance time on running & circling endurance tasks, college student athletes, 27996
fingerspelling & signing & articulation rehearsal strategies, immediate free recall & visually presented word list, deaf 15–20 yr olds, Japan, 33644
formal vs self instructed training strategies, cognitive performance on figural relations problems, 62–92 yr olds, 8166
frequency & arrangement & number of target & distractor tones, pitch discrimination strategies, 20–40 yr olds, Switzerland, 3789
generalization of problem solving strategies, mentally retarded, literature review, 22841
health beliefs & preference for physician compliance-gaining message strategies, Black vs Hispanic vs Asian 19–68 yr olds, 16741
humor of L. Ricardo as model for strategic family therapy, mother of 10 yr old male with behavior problems, 16459
imagery vs verbal strategies, metaphor production & comprehension & memory, college students, 24818
imaging ability & instruction, visual search strategies & performance, college students, 28267
impetus & dynamics & impact of organizational change as competitive strategy, business organizations, 31425
impressions of cross examination tactics against expert witness, college student mock jurors, 39814
inference strategies in reading comprehension, 6th graders, Canada, 24055
intentional stance strategy of prediction of future behavior in living & nonliving systems, commentaries & reply included, 21258
interval coding vs continuous time strategies, statistical analysis & representation of parallel streams of continuously recorded social behaviors, 28166
job search attitudes & strategies, 23–56 yr old computer professionals & engineers & nurses, 17334
knowledge & use of memory strategies, 4–7 yr olds, 21943
knowledge about effectiveness & use of memory strategies & memory task performance, college students, implications for academic achievement, 31883

knowledge level & reasoning strategy in biochemistry problem solving, biological science experts vs 1st yr medical students, science education implications, 14400
knowledge of problems & thresholds for stating retrieved answers, strategy choices in addition & subtraction & word identification, 1st graders, 4648
level of self evaluation certainty, self verification strategies, 18–19 yr old males, Poland, 39955
list length & frequency of rehearsal, serial recall strategies, K–3rd graders, 21968
loneliness & shyness, type & effectiveness of plans to request date or ingratiate roommate, male vs female college students, 25835
managerial interaction, strategy of innovative differentiation, top level managers of firms, Canada, 27894
market dynamics, organizational strategies & performance, banks, 41553
mathematics word problem solving strategies, 6th & 8th graders, 34663
metacognition model, instruction in alternative cognitive strategies & executive processes & motivational influences, learning disabled students, 24123
metacognitive awareness of strategy efficacy before vs after use of mnemonic keyword method vs semantic context generation for vocabulary learning, 24–39 vs 60–88 yr olds, 4579
metamemory & strategy use & performance in free recall task, 1st vs 4th graders, implications for organization of materials during study to facilitate performance, 34625
methods of cognitive strategy instruction, mathematics education, learning disabled students, 24149
multiple choice categorical syllogistic problem solving, use of diagrammatic vs elemental vs verbal mental representation strategies, college students, 10799
number encoding & mathematical operation strategies & execution efficiency, addition & subtraction response times, 5th graders with reading vs math learning problems, 24049
ordered tree algorithm & development of nonsemimodular graded latice, dissimilarity measure for classification of single or multiple recall strategies, adults, 170
part set cuing effect with word fragment cuing, recall, adults, implications for strategy disruption & increased list length explanations, 17903
principles & procedures of effective cognitive strategy instruction, students with learning disabilities, 24198
problem solving strategies, complex reasoning task, 18–45 yr olds, 38817
program based on learner characteristics & cognitive psychology, development of learning & problem solving strategies, bright underachieving students at special school, 17141
Protestant work ethic beliefs, prediction of outcome in Prisoner's Dilemma game & game strategies, 16–18 yr olds, 36402
questionnaire structure, interindividual vs intraindividual comparison strategy in judgments of sexual relationship satisfaction, male college students, 32794
resources & conflict management & decision scheme, group problem solving, managers & graduate management students, 4946
retrieval strategies & effort, recall of name in tip of tongue states, 59–81 yr olds, 39705
role in proactive administrative strategies, community based instruction for students with moderate/severe handicaps, special education administrators & team members, 13655
rough draft vs mental vs written outline strategies, attention overload & writing performance, college students, 7961
route finding strategies & decision making & cognitive mapping, congenitally blind adults, 26602
selection vs construction procedure, social desirability bias in assessment of use of message strategies in compliance gaining research, college students, 15421
selective attention examplar vs rule based models, prediction of categorization & identification & recognition performance, college students, 24839
self regulated learning strategy use reported by self vs teacher ratings & English & mathematics test scores, high school students, validation of learning strategy model, 3211
sex & age, strategy use on Embedded Figures Test as measure of field dependence, 5–7 yr olds, 15036
sex, neuropsychological skill & strategy, left vs right handed 17–20 yr olds, 39543
simple addition problems, choice of cognitive problem solving strategies & solution times, 4–6 yr olds, test of R. S. Siegler & J. Shrager's strategy choice model, 25459
stimulus characteristics, problem solving strategies in mental rotation tasks, 1st vs 5th graders, 39567
stock market prediction as novel task with multiple alternative strategies, performance enhancing effects of specific difficult goals, college students, 17839
strategies & age, target detection on sustained attention task, male 18–89 yr olds, 10872
strategies used in shape manipulation & recognition tasks, 6–13 yr olds, 25420
strategy for family therapy, female rape victims & their families, 6015
strategy selection & verbal fluency abilities, 3rd & 6th graders, 1042
strategy use & memory performance, learning disabled 7.5–8.5 yr olds with good vs poor naming abilities, conference presentation, 33402
supervisor & subordinate sex, influence strategies by subordinate in work related disagreement, college students, 17407
syntactic compensatory strategies, sentence production, patient with selective apraxia of phonation, case report, 36953
task factors & teacher behavior, involvement in science lessons & use of learning strategies, 4th–6th graders, 3179
test discrimination & reliability of revised Balance Puzzle, assessment of proportional reasoning & identification of strategy use, college students, 14125
test recall using same vs alternate perspective as used during reading, college students, 7440
textual proximity, metacognitive awareness & strategic comprehension behavior, learning disabled 10.3–12.7 yr olds, 16000
Theory X vs Theory Y management style, compliance gaining strategy selection, managers, 20806
therapeutic strategies following induced hostility, evaluation of & level of reward given to confederate, female college students, Italy, implications for therapeutic evaluation, 8382
tit for tat strategy in 1 shot Prisoner's Dilemma game, commentary, 36410
training for independent strategies for efficient study, learning disabled students, 27727
type of problem solving strategies on subtraction of fractions, differential item functioning, junior high school students, implications for item bias, 27813
zone of proximal development & socio-instructional dynamics, strategic learning, children, 25419
Strength (Physical) [See Physical Strength]
Stress [See Also Environmental Stress, Occupational Stress, Physiological Stress, Psychological Stress, Social Stress, Stress Reactions]
activity stress ulcer, open field behavior, spontaneously hypertensive vs normotensive rats, 39187
acute & repeated gestational maternal stress, offspring learning in appetitive operant tasks, female rats & their male offspring, 11085
acute novel stress, serum LH & prolactin, chronically stressed male rats, animal model of depression, 14748
acute physical restraint stress, hormonal responses & CNS function & analgesia induced by activation of endogenous opioid system, animals, literature review, 4257
acute vs chronic daily stress, norepinephrine levels in brain stem & hypothalamus, male borderline hypertensive rats, 35621
acute vs chronic immobilization stress, beta endorphin levels in anterior vs neurointermediary pituitary vs hypothala-

mus, castrated male rats with vs without testosterone treatment, 14756
acute vs chronic immobilization stress & apomorphine, spontaneous locomotion & climbing & drug sensitivity, mice, 11190
acute vs chronic vs intermittent administration of dopamine agonist & circadian light/dark cycle & stressful stimuli, locomotor activity & tolerance & sensitivity effects, rats, 14894
adolescent autonomy & parental stress, parents & their 10–17 yr old children, 11522
adult vs child perspective of sources of stress & coping methods, school age children, implications for health promotion & nursing, 25636
age & personality variables & stress in daily living, verbosity, 60–93 yr olds, Canada, 4762
age related health & psychological & physical factors, stress & illness frequency, elderly prisoners, 37941
alcohol usage & addiction, stress & self awareness & evaluation & cognition, applications of social cognition approach, 40269
analysis of structural strain theories for determination of empirical tests of relationship between crime & social structure characteristics & stress/frustration, commentary, 1750
analysis of structural strain theories for determination of empirical tests of relationship between crime & social structure characteristics & stress/frustration, 1762
analysis of structural strain theories for determination of empirical tests of relationship between crime & social structure characteristics & stress/frustration, commentary reply, 1761
anger expression, life stress & physical health, Black adults, 15495
anxiety & verbal intelligence & ego stress & reassurance & sex, anagram performance, 9th graders, 21980
anxiolytic drugs used in surgical or situational stress paradigms, literature review, conference presentation, 28945
appraisal & coping behavior & perceived control & social support & personality factors, role of stress in etiology & maintenance of bulimia, literature review, 1975
appraisal of malpractice litigation vs previous events as most stressful life experience, physical & emotional symptoms & coping mechanisms, physicians, 17025
appraisals of stressful situations & state anxiety responses, employed adults, 25907
assessment of individual differences in coping style & negative affect & arousal in response to stressful & emotionally negative mass media events, college students, 24652
attitudes toward specific parental stressors, nurses vs parents of children in intensive care, 23507
behaviorally induced heart rate reactivity & atherosclerosis, female cynomolgus monkeys, 39183
belief in powerful others, work & primary relationship stress, employees, 13861
bestatin vs thiorphan induced inhibition of enkephalin degradation, stress induced conditioned suppression of motility, male mice, 4439
bibliotherapy, applications to stressful life events, young adults, Canada, 19682
biofeedback training, stress & coping behavior & emotional expression, cancer patients, 9473
birth of 1st child, home work interface pressures & stress, husbands vs wives in dual earner couples, 11622
brain lateralization & role of stress & neuroimmune interactions in depression, conference presentation, 40166
cardiogenic & neurogenic mechanisms underlying seizures & role of stress, literature review, conference presentation, 16235
caregiver burden & task inconvenience & extent of informal support system, long term care planning, elderly community residents & their family members, 34332
catecholamine & cortisol & thyroid hormone response to stressors, human Ss, implications for DST, 703
checklist & interview methods, measurement of relationship between stressful life events & depression, 18–65 yr old females, 5176
childhood stress, longevity, prehistoric remains of adolescents & adults, implications for use of dental enamel hypophlasia, 22398
child's characteristics & other sources of stress, parents of trainable mentally retarded 5–21 yr olds, Canada, 36912
chronic stress & similarity to chronic antidepressant therapy, adaptive processes & neuropharmacological correlates & learned helplessness in depressive illness, 11936
classroom stress & learning environment, coping & adaptive learning, elementary school students, 3202
clonidine doses & immobilization stress, hypoactivity, male rats pretreated with naltrexone, implications for alpha 2 adrenoceptor reactivity, 25196
cognitive level & dispositional stress, perception of relationship with & supervisory ability of cooperating teachers & their evaluation of Ss, student teachers, 17110
common problems & coping strategies, female vs male 14–17 yr olds, 32537
common problems & social withdrawal & other coping strategies, 12–17 yr old suicide attempters, 33349
competing self vs dependent caregiving stresses, health threats, caregivers of frail elderly, implications for role of nursing, 16699
competitive timed mental arithmetic stressor, heart rate, college students, Australia, 32087
complaints about mothers vs fathers & nature of stress, college student counseling service clients, 6801
conceptual confusion of terms stress vs strain, health literature, methodological implications, 8437
conceptualization & measurement, relationship among stressful life events & social resources & adaptation, adolescents, 1119
concurrent & construct validity & standardization of Parental Stress Inventory, assessment of effect of mother & child characteristics on parental stress, low income Black mothers & their 5–8 yr olds, 21064
concurrent validity of short form of Questionnaire on Resources & Stress, mothers of 3 mo to 38 yr olds with developmental disabilities, 35186
conglomerate continuous noise stress & dependence proneness, attention & subsequent frustration tolerance during insolvable puzzle task, college students, 18934
conservation of resources model of stress, research implications, 29399
consideration of psychosocial stress, psychotherapy, Latina immigrants, 2327
construct validity of adaptive potential assessment model, assessment of potential to mobilize coping resources, male college students under stress, verification of nursing theory, 34139
construction & reliability & validity & factor structure of Student Stress Inventory & cross validation of Maslach Burnout Inventory, gifted 10–17 yr old students, 31258
construction & reliability & validity of Computer Technology Hassles Scale, college students, 38631
contemporary stress in disruption-avoidance-adaptation model of dream function, 21338
contextual & life conditions & individual differences, stress & coping across life span, 32487
control over interior & choice of routes, stress during morning rush hour, single vs carpool driving commuters, 27830
convergent & discriminant validity of Stress-Arousal Checklist, assessment of & subjective response to arousal, female graduate students, 31589
coping humor & perceived control & irrational beliefs & positive vs negative stressful events, mental & physical health, college students, 32833
coping patterns & support factors, stress associated with caring for Alzheimer's patients, male vs female spouses vs offspring, 9651
coping strategies for daily stressors, professional females vs male college students, 15508

coping strategies for stress of relocation, young children, application to school counseling, 31295
coping with health problems & hospitalization & relocation to retirement apartments, 57–90 yr olds, 36206
coping with stress & temptation to drink, college students, 1333
cultural & familial & acculturative stresses & treatment, depressed 31 yr old male Hmong refugee with koro & his depressed wife with folie a deux, case report, 40194
cultural philosophies, stress concept, India, 23020
culture shock & other factors, psychiatric illness, immigrants, literature review, 15654
daily stress & anxiety, self reported severity of respiratory symptoms, adult patients with asthma vs chronic obstructive pulmonary disease, 26502
degree & type of stress & coping strategies & family & financial & community satisfaction, 17–20 vs 21 yr olds & older living in economically distressed rural counties, 11575
degree of control & number of alternatives available in stressful situations, judgment of probability of aversive events, college students, Canada, 14215
demographic & social support factors, perceptions of parental role strengths & strains, African American mothers, prevention implications, 15298
demographics & referral patterns & family psychosocial stress, children under age 5 yrs with psychiatric disorders, 19132
demographics & stress & job autonomy & contact by political organizations, political participation, residents of 2 communities, 15322
depression & life stress & social support & family environment, male vs female 13–16 yr olds, 8593
depressive symptoms & life stresses, culturally diverse 65–99 yr olds, 29187
desirable vs undesirable life events stress, mental or physical or psychosomatic disorders, college students, India, 8976
development & implementation of Stress: Country Style program, stress created by economic downturn, farm families, 37692
development & psychometric properties of self report psychosomatic complaints scale of stress, police officers, 17587
development & reliability & validity of Industrial Relations Event Scale, assessment of stressful events, industrial relations employees, South Africa, 56
development & reliability & validity of Life Events & Coping Inventory, assessment of life stress & coping behaviors, 12–14 yr olds, 17575
development & reliability & validity of Stokes/Gordon Stress Scale, assessment of stress & treatment planning, 65 yr olds & older, 3639
development of perceived stressors scale, prediction of adaptational outcomes, 65–93 yr olds living in long term care facilities, 31680
deviation from expected game outcome & ranking of teams, frequency of cliches used in 4th quarter of college football games, sports announcers, implications for cognitive processing under stress, 21283
disability or conjugal bereavement, mental health & recovery from stress, 60–80 yr olds, 25997
disability parameters & chronic strain, adaptation, 6–11 yr olds with spina bifida or cerebral palsy, 30125
dispositional stress, classroom climate preferences & academic achievement, college students & teachers, 6753
division of parenting stress & tasks, life satisfaction, parents of autistic 7–14 yr olds, 8667
dopamine, psychological coping mechanisms & biological restitutive systems in adaptation to stress, conference presentation, 39152
dysfunctional attitudes, stress & negative emotions, college students, Canada, 17921
early socialization vs acute or chronic life stress, spouse abuse, married adults, 26299
early stress & maternal social supports, mother infant functioning, mothers & their high risk premature infants assessed 1 mo posthospital release & at 8 & 12 mo, 5609
early stressful life events, subsequent cognitive development & incidence of behavior disorders, infants from low SES families, 9 yr study, conference presentation, 5441
eating habits & spousal & physician communication & life events & stress, vomiting & nausea, pregnant females in 1st trimester, Greece, 33549
economic & security related stressors, perceptions of well being & social solidarity, Jews, 1967–79, Israel, 36227
economic problems, stress & coping & use of community services, families in economically stressed rural counties, 30665
economic stress & coping strategies, rural families, literature review, implications for helping professionals & support services, 29431
economic well being & amount of & satisfaction with control over lives, perceived stress, male vs female members of families who recently relocated, 29383
educational level & employment status & voluntary vs involuntary relocation, stress & perceived satisfaction with well being & control & marital relations, 22–51 yr old mothers, 11623
elderly patient's hip fracture or dementia or stroke & need for physical assistance, demands placed & experience of burden, family caregivers, literature review, 9659
emotional & physiological concerns including stress & performance anxiety & burnout & coping & personality style, college & graduate music students, 36465
emotional distress, causal attributions for & coping with academic vs interpersonal stress, college students, 1429
emotionality, prediction of objective & subjective stress & mental health, 40–88 yr old males, 10 yr study, 25894
employment status & role choice & social support & stressful events & income level, stress & role satisfaction, mothers of 2 yr olds, 11612
endogenous opioid mediation of immobilization stress, hypercholesterolemia, female rats, 25119
environmental & social stress & medical problems, house soiling behavior problems, cats, 18031
environmental stressors, attentional deficiency in relating with child, mothers, literature review, 15314
ethanol & shock vs corticotropin releasing factor, ACTH & beta endorphin secretion, male rats, 7775
ethanol, vigilance task performance in presence of auditory stressor, college students, 25282
ethnicity & English proficiency & SES & health & social support networks, stress & distress, male vs female 60 yr olds & older, Australia, 39712
etiological role of stressful life events & social factors, children with psychiatric disorders, 1662
etiologically significant stressors assessed by DSM-III Axis IV vs Psychiatric Epidemiology Research Interview, psychiatric patients, 19227
evaluation & assessment of stress factors, stress management, patients at Maudsley Stress Clinic, 9729
examination stress & psychological factors, serum concentrations of immunoglobulins, college students, 4215
exercise & self perceived fitness & hardiness & stress, college students, 32898
experimental methodology, psychological impact of caregiving, care providers for patients with chronic debilitating illness, literature review, 34181
external stressors & CSF serotonin dopamine balance, dexamethasone nonsuppression, acutely ill patients with major depressive disorder, 8534
external vs internal stress & restraint, suicide vs homicide, test of A. F. Henry & J. F. Short's hypothesis, 5453
factor structure of Problem Solving Inventory, assessment of perceptions of personal problem solving, 9th graders, 24671
family focused interventions, reduction of stressors during adjustment process, families of head injured & stroke patients, 9425

family stress, depression & self esteem & psychological disturbance, employed vs nonemployed mothers, 31348
family stressors & types & resources & parental coping patterns & child health indices, 1 & 2 parent families of 3–22 yr olds with cerebral palsy, 37105
female allogrooming, male yawning & body scratching & body shaking as displacement behaviors during exposure to periovulatory female, Java monkeys, 21458
food consumption, stress reduction, bulimic female college students, 37075
forced running stress, plasma ACTH & corticosterone & prolactin & adenosine monophosphate, rats, 39179
genetics & stress, coronary morbidity & mortality, conference presentation, 30070
hand washing vs rubbing, mood after discomfort induction procedure, 18–24 yr old college students, 38949
handling, open field behavior, male rats with hypertension induced by renal artery clip, 771
hassles & physical/psychological distress symptoms, 31–61 yr olds, Japan, implications for adaptation, 22419
hassles & positive experiences & life events, psychological health, freshmen medical students, 23911
heart rate reactivity, heart rate & systolic & diastolic BP, 25–45 yr old nonsmoking females in laboratory vs natural environments, implications for development of hypertension, 30127
high load information processing task for stress research, 3801
high performance liquid chromatographic vs fluorometric assays, measurement of stress-induced changes in catecholamine excretion, healthy 3 & 30–50 yr olds, 28684
home care of chronically mentally ill adult children, stress & vulnerability to illness, maternal caregivers living alone, 30563
hospitalization of depressed vs demented elderly relative, perceived burden of caregiving following hospital discharge, family caregivers, 2–4 mo followup, 9791
humor, coping with stress, nursing implications, 9301
husbands' death through suicide vs accident, family functioning & life stress & psychiatric symptoms, widows, 12158
husband's presence during delivery, anger & anxiety & dependency, 20–36 yr old females who had just given birth, Israel, 39776
hypnosis & rational emotive therapy, irrational thinking & stress, high school teachers, 1 yr followup, 40819
icv alpha helical corticotropin releasing hormone 20 vs 40 min before footshock, stress-induced freezing, male rats, implications for fear, 14761
immune system response to stress & depression & relationship to anxiety disorders, 12069
individual differences & psychological & somatic health, characteristics of central daily hassles, 26–54 yr olds, 25918
induced nearpoint visual stress, reading comprehension, 3rd yr optometry students, 25124
inescapable shock, running activity in familiar vs unfamiliar environment & reversal by desipramine, rats, 7756
inescapable tailshock pretreatment or bilateral 6-OHDA lesions of dorsal tegmental bundle & forebrain norepinephrine depletion, choice escape maze learning, rats, 11121
interactions among various sources of stress, parents of children with developmental disabilities, 25999
interdisciplinary approaches to stress research, literature review, 5132
interleukin-1 or stress, cellular immune responses, animals, conference presentation, 39197
internal vs external locus of control & anticipation of shock, selective attention task performance, college students, 7398
interpretive vs procedural coping in problem solving, application of production systems model, 39969
interrater reliability of need-threat scoring system for Children's Apperception Test, assessment of emotional status, 6–9 yr olds, 21074
intrapersonal & interpersonal pressures, sexual difficulties, adults with multiple sclerosis, 29861
investigativeness, negative life events & mood disturbance & coping strategy, college students, 5085
IQ & SES & family qualities, moderation of stress effects on school based competence, male vs female 8–13 yr olds, 17192
issues in victimization & trauma & traumatic stress, commentary, 22454
item content & reliability & validity & methodological issues of self report inventories, assessment of stressful life events, adolescents, 31686
job & life social support, job & life stress & burnout, 18–70 yr old government employees, 20848
laboratory induced vs workday vs home stress, BP & heart rate, normotensive 20–50 yr olds, implications for assessment of cardiovascular disease, 28697
lactate provoked panic attacks or general anxiety disorder or alcohol or benzodiazepine withdrawal, tribulin output, adult patients, 29633
length of care & subjective feelings & needs & patient's functional ability, subjective feelings of burden, 55–91 yr old caregivers of patients with Alzheimer's disease, 27072
life changes & stresses, pressure & anxiety, parents & children, 4826
life events & economic satisfaction & health & sociodemographic variables, perceived stress, residents of rural communities varying in degree of economic growth, 29401
life events & stress & headache & task performance & vigilance task, frontalis EMG, tension headache prone college students, implications for disregulation model of tension headache, 37061
life events & Type A & Type B personality variables, state & trait anxiety & voice stress & depression, college students, 32881
life events, patients at emergency psychiatric clinic, implications for clinical & research utility of DSM-III Axis IV, conference presentation, 15694
life events stress, psychopathology severity, 15–55 yr old never hospitalized outpatients vs 1st admission psychiatric inpatients with functional disorder, 29446
life stress & social support & anxiety & substance use, pregnancy outcomes & complications, Hispanic vs Black vs White low income 18–39 yr old females, 40475
life stress, risk of athletic injury, male vs female college athletes in noncontact sports, 9074
life stressors & coping behavior, health & well being, depressed patients & normal adults, 26131
life stressors & perceptions of child adjustment & conduct problems & parenting behaviors, depressed mothers & their 3–8 yr olds, 1734
life task appraisals & social stress & performance & satisfaction, college students assessed during transition from high school to college, 4 yr study, 25847
locus of control & stress level, academic achievement, male vs female high school seniors, 27602
locus of control & Type A behavior & stress, college students, 32863
low frequency vibration stress, pain thresholds & emotional behavior, rats, 4242
major & daily stressful life events, psychological symptoms, 10–14 yr olds & their parents, 36274
massed vs sporadic stress, psychiatric vs other types of combat stress reactions & time out of combat, soldiers in WWII combat companies, 3463
maternal agitation & child distress & mother child interaction during medical examination, 4–10 yr olds & their mothers, 12966
maternal childrearing style & life stress & locus of control & marital status, child school adjustment & self concept & social problem solving, Black lower income mothers & their 3.5–4.8 yr olds, 8235
maternal confiding relations & distress & child's recent stressful life events, anxious or depressed 7–16 yr olds, 15691
maternal education level & type of disability & family background characteristics, self reports of stress & coping be-

havior & involvement in special education process, families of handicapped students, 20629
maternal everyday & life event stress & depressive symptoms, child behavior problems, mothers & their 5–6 yr olds, 8099
maternal psychosocial stress, pregnancy outcome of low birth weight or prematurity or antepartum or intrapartum complications, mothers, literature review, 19556
maternal stress during different gestational periods, 5-HT-2 cortical binding sites & 5-HT syndrome, adult rat offspring, 32109
maternal stress, fetal motor activity, pregnant females awaiting amniocentesis, 39471
mediating role of perception of stress & moderating role of health promoting life style & demographics, maternal role, 17–40 yr old mothers of infants, 29243
mental & physical stress as moderators of physiological response to standing, insulin dependent diabetic patients, 30034
met-enkephalin & time since exposure to stress, MHPG in brain regions, male rats, 39401
methodological & instrumentation issues in scaling & analysis of stressful life events inventories, psychosomatic vs psychiatric patients & their relatives, India, 80
methodological problems in studies of stress & cancer, 16051
MIF-1 vs imipramine vs naloxone, stress, rats, animal model of depression, 39372
mild stress, exploratory & amphetamine enhanced activity, male vs female rats, 11129
mild unpredictable stressors with vs without desmethylimipramine and/or apomorphine, dopamine autoreceptor sensitivity assessed through sucrose preference, male rats, animal model of depression, 4254
mind body interaction model, assessment of stress & affective factors in modulating or enhancing immune function, 14741
model for prediction & prevention of stress related athletic injury, 17488
models of organizational stress, 10391
mood & stress & cognitive style & perceived social support, immune function & etiology & progression of cancer, implications for intervention, 2054
mortality rates & traumatic stress, draft eligible vs exempt males of Vietnam War era, 34988
motivations & stresses & gratifications of joint custody, families with 14 mo to 5 yr old children, 4 yr study, 29266
natural disasters, life change & adaptation to stressful events, victims 55 yrs old & older, 18723
natural support systems, stress & emotional & family & substance abuse problems, Puerto Rican adults, 1495
negative affectivity & neuroticism component in self report measures of stress & health, university employees, 25966
negative life stress & social problem solving & self appraisal, hopelessness, college students, implications for suicide research, 19272
neurobiology of stress, clinical & biochemical manifestations of major depressive disorder, literature review, treatment implications, 15686
new field of traumatic stress, 33041
noise vs mental arithmetic task, serum epinephrine & norepinephrine & heart rate & skin conductance, patients with schizophrenia vs endogenous depression vs anxiety, conference presentation, 15607
noise vs novelty stress, retention of learned inhibitory avoidance response, male rats, 753
occupancy of & stress & social support experiences in marital & employment roles, prediction of depression severity, adults, 32861
occurrence of & instrumental vs expressive coping responses to stressful events, male vs female college students, 8435
optimism & pessimism as strategies for coping with stress, college students, 3 yr study, 39947
overassessment vs underassessment of consequences of nonroutine events & chronic vs acute life stress, judgment in air traffic control simulation, college students, 20875
own stress & children's symptom severity ratings vs clinical ratings, 23–52 yr old parents of autistic 2.3–12.6 yr olds, Canada, 33097
parental caregiving burden, children's relationship with parents & grandparents, families with grandparent with Alzheimer's disease, 37004
parental stress & social network size & density, families with severely & profoundly retarded institutionalized adolescent or young adult offspring, 15994
parental unemployment, emotional well being & health & parent child relations, children & adolescents, implications for social policy & service delivery, 15293
parenting stress & dysphoria & perceived social support, mothers vs fathers of 4.5–19.5 yr olds with autism vs Down's syndrome, 32994
parenting stress, frequency & appropriateness of child health care, mothers of 12 or 18 mo olds, 37592
parents' stressful life events & social networks, parent child relations & children's competence, families with 3–5.8 yr olds, 39664
participation in day hospital program, degree of burden felt by family, chronic schizophrenic patients, India, 37819
peer counseling program, stress & social support, 9th–12th graders, 5 mo followup, 30684
perceived daily stress, eating & drinking & smoking coping behavior, 25–45 yr old normal vs overweight vs recovering alcoholic females, 4 mo study, 8526
perceived life stresses, children's suicidal behavior, mothers & fathers of 5–14 yr old psychiatric inpatients, conference presentation, 26280
perceived self efficacy & cognitive stressors & naloxone, coping ability & role of endogenous opiates, college students, 699
perceived stress & social support, 25–50 yr old males living in joint vs nuclear families, India, 22192
perceived stress, menstruation related discomfort, female medical students, 9010
perceived stress, 1st yr medical students identified as resistors vs persistors vs adaptors vs maladaptors, 34542
perception & occurrences of stress & coping, insulin regimen adherence & glycemic control, 16–65 yr olds with insulin dependent diabetes mellitus, 9513
perception of control & competence & contingency, relation between stress & behavior symptoms, 6–10 yr olds, 18703
perceptions of child's adjustment problems & parental stress, fathers vs mothers of learning disabled 6–16 yr olds, 33413
perceptions of stress, health & illness, White adults, 5125
perceptions of stressful events, 4th–6th graders, 29131
perinatal complications & adverse early conditions, physical & cognitive & psychosocial development & likelihood of crime & divorce & coping strategies in later life, infants, 30 yr study, Hawaii, 8859
personal space invasion by male vs female in library vs dentist's office, behavioral response for stress reduction, male vs female college students, implications for methodology, 32769
personality & stressful life events, outpatients with depressive or anxiety disorders with vs without personality disorder, 15779
personality trait instrumentality, stress buffering, junior vs senior high school students, 32541
personality type & stress & smoking habit, cancer & coronary heart disease, adults, West Germany vs Yugoslavia, 9067
personality variables & stress, cancer & cardiovascular disease, adults, Yugoslavia & West Germany, 10 yr follow up, 5630
physical & social stressors & cognitive variables as mediators, stress level & coping process, deaf & blind 6–16 yr olds, 12324
physical complaints & school related stress, male vs female 12–15 yr olds, 1 yr study, 32356
physiologic & biochemical properties of adrenergic receptor system & effects of stressors on adrenergic receptors, 25108
platelet MAO activity & life stress, risk for psychopathology & altered coping abilities, male 25–85 yr olds, 36526

point-in-time & point-of-view antecedent cues, perception of impact of life events on students, teachers & mental health workers, 41208
political & cultural & historical orientations & locus of control & social support & life events, stress, college students, US vs Poland, 15519
political repression, stress & psychological health, children, South Africa, implications for mental health & social service workers, 33354
positive feedback & stress inoculation training, cold pressor pain tolerance, female college students, 28202
post stress alcohol exposure, development of alcohol consumption, water deprived rats, implications for role of conditioned inhibitory processes in alcoholism, 18293
prenatal noise & light stress of mother, behavioral & striatal dopamine asymmetries, neonatal rats followed to adulthood, 39174
prenatal stress & pregnancy complications, child's handedness, mothers & their 2 yr old children, 23044
prenatal stress with vs without naltrexone, emotional behavior during infancy & adulthood, mice, 4229
prevalence & type of stressful events, college students, implications for PTSD, 5076
prevalence of anxiety disorders & etiologic role of stress, patients with gastrointestinal illness, 12355
prevalence of anxiety disorders & relationship to acute stress, patients with diabetes mellitus, 12447
previous chronic chlorimipramine treatment, physiological responses to stress, rats, 28797
problem drinking & perceived stress, 7th–12th graders, 8898
problems & stress & religious faith & other coping strategies, Black 28–86 yr old caregivers for relatives with dementia, implications for services needs, 34187
prolactin & stress, literature review, 14717
propranolol vs diazepam, cardiovascular & neuroendocrine responses to mental arithmetic, male Type A 18–25 yr olds, 32303
psychocutaneous characteristics, psoriasis patients who react vs do not react to stress, 37038
psychogenic risk factors for coronary heart disease & drug therapy recommendations, conference presentation, 16262
psychological & immunological predictors of genital herpes recurrence, 18–69 yr olds, 33564
psychological factors, preterm labor, females, literature review, 16191
psychosocial problems & stress of life in exile, implications for Black children & adolescents in South Africa, 39832
psychosocial stress & coping style, females at risk for cervical carcinogenesis, 8983
psychosocial stress & physiological mediators, outcomes & low birth weight, pregnant females, implications for antenatal services, 32654
psychosocial stressors & changing sex roles, females, social work implications, 29316
psychosocial stressors, coping, Mexican & Central American immigrants, US, 22149
quality of life & stress & satisfaction with military life, well being & life satisfaction, military wives, 29419
rates & predictors of compliance with outpatient stress reduction program, medical patients with stress vs pain related disorders, 12793
ratings of psychosocial stressors in adolescence using DSM-III Axis IV criteria, professionals working with adolescents, 5304
ratings of stresses & pleasures & coping strategies, graduating medical students, implications for development of health & wellness program, 17089
rehabilitation based on vulnerability stress paradigm, psychotic juveniles, conference presentation, 20257
relaxation training vs stress-coping training, 19–59 yr olds with migraine, 3 yr followup, 30394
reliability & validity of Peripartum Events Scale, measurement of stressful events relatd to childbearing, females followed through pregnancy & postpartum period, 31647
reliability of Leisure Interest Checklist vs BAROMAS stress scales, college students, 17631
religious involvement & stressful life events, self esteem & feelings of personal control, Black 55 yr olds & older, test of suppressor vs moderator vs distress deterrent models, 29402
repeated administration, validity of Daily Stress Inventory, employed adults, 7074
reported characteristics of nightmares & other unpleasant dreams & emotional reactions & stress, college students with frequent nightmares, conference presentation, 10870
role combinations & perceived stressors, health & coping responses, employed vs nonemployed females with preschool age children, 4829
role of life stress in eating disorders & myocardial infarction & other physical & mental disorders & development of rating scales, 11890
role of significant others, sport enjoyment & stress, 22–49 yr old former elite figure skaters, 31504
role stress & life pattern disintegrity, occurrence of illnesses, 55–70 yr old nurses, 15568
roles of dieting & stress in eating disorders, elderly, implications for transgenerational psychiatry, 29998
school health education projects, substance use & self esteem & stress, 5th–8th graders, 3106
SES & family systemic functioning & social stress, antisocial & delinquent behavior, 16–18 yr olds, 1844
sex & age, self reported stress & worries, 7th–12th graders, Canada, 39647
sex & age, stress induced changes in BP & heart rate, 7–62 yr olds, 963
sex & Type A behavior, coping with stress, adults, 11814
signaled vs unsignaled shock, brain noradrenaline metabolism & plasma corticosterone, rats, 39117
similarities in cardiovascular response to mental arithmetic & isometric hand-grip, 41–70 yr old spouses & their 14–35 yr old offspring, 32080
single stressful event up to 1 mo prior to diazepam, pentylenetetrazol induced dopamine changes & plasma corticosterone & seizures, male rats, 7750
social & health stressors, prevalence of dysthymic disorder, 60 yr olds & older, 33093
social & psychological & physiological environments & social & psychological resources, physical & mental health, adults, 40032
social & psychological factors & life stress, development of schizophrenia & depression, adults, Israel vs US, progress report on research begun with B. Dohrenwend, conference presentation, 1582
social cognition theory & research on stress & coping, 3949
social factors & cultural patterns & life stresses, suicide, adolescents & young adults, Norway vs Denmark vs Japan vs US, 8805
social support & attribution style & yr in school, burnout & depressive symptoms & alcohol consumption, nursing students, 2 yr study, 6605
social support & stress & distress, cardiac symptoms & rehabilitation, 35–73 yr old cardiac patients assessed at hospitalization & 3 & 6 & 12 mo after, 34150
social support & stressors & related factors, nutritional health & appetite & dietary intake, elderly, 29183
social support during life threatening health crisis, support satisfaction & adjustment & distress & depression, 18–83 yr old cancer patients in radiation therapy, 2 mo followup, 26529
social support networks, stress, college athletes, 31502
social support networks, subjective stress, families with phenylketonuric children under age 6 yrs, 5685
social supports & life stress events, mental health services use, 14 yr olds & older, 3–5 yr study, 27143
social supports, social problem solving & perceptual stress, female college students, 25846
social work intervention based on psychodynamic interactive orientation, coping with developmental stresses, adolescents with physical illnesses, 6361
sociocultural & psychosocial stressors, depressive symptomatology, household members in southern Black community, US, implications for primary prevention programs, 2675

sociodemographic characteristics & satisfaction in major life domains, prediction of perceived global stress, Black vs White females, 18943
somatic response to stress & current stress, physical symptoms & health service utilization, female adults, 16080
sources of stigma & stress, single mothers, implications for intervention, 29245
sources of stress & performance anxiety & personality traits, 22–62 yr old popular male professional musicians, Great Britian, 38398
sources of stress, dental students, Israel, conference presentation, 9999
store sales indicating time pressure, displayed emotions, convenience store clerks, 10474
strain in transition to parenthood, couples, 22187
stress & anxiety & health, 25–50 yr old working vs nonworking mothers, India, 25814
stress & coping & health, Native Americans, implications for future research, 22395
stress & coping & self esteem & social support & economic hardship, low income single mothers, 1208
stress & coping behavior & social support, elderly, 22081
stress & coping behavior, caregivers of patients with traumatic head injuries, literature review, 40409
stress & coping framework of R. Lazarus, management of hospitalization experience, male 13 yr old receiving corrective surgery for scoliosis, 13155
stress & distress & interpersonal relationships, changes in immune function, literature review, 4200
stress & effect of respite services, family members providing full time home care to frail 62–98 yr old relatives, 20068
stress & ethanol induced changes of plasma catecholamines, emotional state & cognitive performance, male medical students, 35909
stress & family background & school activities & attitudes toward school, homeless hotel children in 7th–9th grades, 41296
stress & family factors, nicotine &/or alcohol &/or marihuana use, 7th graders, conference presentation, 1857
stress & hostility in family environment, families of nonorganic failure to thrive infants, 5608
stress & locus of control & role satisfaction & behavior of 2–10 yr old children, 20–39 yr old mothers referred to mental health clinic, 5287
stress & mental & physical well being & self esteem & husband support & contribution to farm work & perceived role & financial stressors, farm wives, Netherlands, 36469
stress & mental health & social support, 13–17 yr old Blacks, implications for predisposition for psychological & physical illness, 29103
stress & myofascial pain syndrome, treatment implications, 37026
stress & psychological functioning, health care workers & families of AIDS patients, treatment implications, 5770
stress & psychopathology, children of Latin American diplomatic or military professionals, 18987
stress & social phobia, specialty choices, medical students, 3036
stress & social support & psychiatric symptoms, female college students, 6 mo longitudinal study, 29619
stress & social support & self esteem & sense of mastery, prediction of anxiety & depression, high risk hospitalized vs low risk pregnant females & their mates, 2071
stress & social support & status & culture & psychosocial disorders, 16 & 21 yr old males & 28 yr old female, Zimbabwe, 1688
stress & stressors & symptoms & coping behavior, elementary & intermediate & high school students, implications for school counseling, 6763
stress & temperament & sociodemographic variables, medical utilization, 6–9 yr olds, 13011
stress, adult primary caretakers of chronic physically disabled children & adults, 12960
stress, brain & immune system, literature review, implications for etiology of infection & inflammation, 40384
stress, caregivers of AIDS victims, 16745
stress experiences, psychological well being, 27–67 yr old caregivers for parents with Alzheimer's disease, 34144
stress factors & coping mechanisms in retirement, UK, 15253
stress factors, chronic unstable epileptic seizures, middle aged & older males, 16115
stress, families of hysterical female patients, 36622
stress in learned helplessness paradigm, body weight & conditioned taste aversion, male rats, implications for role of stress in anorexia & weight loss & depression, conference presentation, 25121
stress induced alterations of immune system & depression, conference presentation, 40180
stress induced by anticipated painful shock with vs without public feedback of anxiety, affiliation motivation, female vs male college students, implications for emotional comparison vs utility theory, 15476
stress induced central & peripheral physiological arousal, psychological & physiological toughness, 14732
stress induced reduction of maternal food & water intake during pregnancy, neurobehavioral defects, mouse pups, 28745
stress level & state vs action personality orientation dysphoria, college students, support for J. Kuhl's metacognitive theory of depression, 36680
stress, muscarinic mechanisms & depression, literature review, 8584
stress of camp internment, depressive mood & mental health, 18 yr old & older Southeast Asian refugees, Canada, 29498
stress, opiate receptor binding in brain, male rats, 7780
stress, penetration of influenza virus into brain, mice, 18207
stress, performance, commentary reply, 31379
stress, physical & psychological elder abuse, 50 yr old & older caregivers of 80 yr old & older family members, 1979–80, 29735
stress, suicidal ideation, college students, 5431
stress vulnerability model, assessment of expectancies & substance abuse, homosexual males, 12246
stress, 2nd vs 3rd yr medical students, Nigeria, 37996
stresses & burdens & stigmatization, families of mentally ill, implications for mental health professionals, 29581
stressful & daily life events, psychological symptomatology, 17.5–18.8 yr olds during transition from high school to college, test of psychosocial stress model, 11857
stressful convulsant pentylenetetrazole, clonidine induced hypokinesia, male rats, implications for etiology & treatment of panic disorder, 39243
stressful events & coping responses, smoking relapse, exsmokers, 13267
stressful events, coping strategies & depressive symptoms, 18–27 yr olds with dysfunctional attitudes, 26116
stressful life circumstances, illness symptoms & depressed mood, female 7th–11th graders, 1533
stressful life events & chronic strains, depression, physically disabled 22–92 yr olds, 19477
stressful life events & family factors, adolescents with alcohol abusing parent or undergoing drug rehabilitation, 2900
stressful life events & parental substance abuse, substance abusing 12–18 yr olds, 29743
stressful life events & social support, self esteem, abstinent alcoholic 18–30 yr olds in recovery, 12211
stressful life events & social support networks, physical & mental health, urban female vs male adults, 25897
stressful life events & social support systems & locus of control, physician utilization, elderly, 18 mo followup, 6252
stressful life events & symptomatology & personality traits, occurrence of pain, 19–57 yr old nonpsychotic psychiatric patients, Denmark, 19137
stressful life events, adult psoriasis patients, 16110
stressful life events, health & distress, middle class Hindu 22–65 yr olds, India, 36548
stressful life events in yr following diagnosis, psychiatric symptoms, 18–75 yr old cancer patients, 26505
stressful life events prior to disease onset, patients with early multiple sclerosis, 29953

stressful life events, psychiatric morbidity, female Black 14–19 yr olds, 36515
stressful life experiences & external locus of control & emotional repression, cancer etiology, 25–75 yr olds with cancer, England, 12517
stressful mother infant interactions & infant illness, chimpanzees, 10995
stressfulness ratings of life events, 1st vs 3rd vs 6th graders, 18706
stressors & conflicts of guilt & fear & mistrust & anxiety & other factors in 4 clinical syndromes of PTSD, Vietnam combat veterans, 33056
stressors & coping strategies, 19–56 yr old renal transplant patients, 30616
stressors of repeated hospitalizations, mothers of physically disabled or multiply handicapped children, 37771
suicide ideation & stress & social support & personal characteristics, French speaking 19–71 yr olds, Canada, 29699
surgical stress, anxiety & perceived control & ego strength, 30–40 yr old major vs minor surgery patients, India, 9658
suspension of rope vs straw in tank, duration of immobility & escape attempts during forced swim test, male rats, 14546
symptom levels & threatening life events & dysfunctional attitudes & cognitive failure susceptibility, 23–66 yr olds, 4 mo followup, 10860
system response times in error detection task, physiological & performance variables & subjective measures, 18–36 yr olds, 32085
systematic evaluation of stress factors, assessment & treatment planning, psychiatric patients, England, conference presentation, 15813
tailpinch stress, opiate induced analgesia, terrestrial slugs, 35793
task related stress & number of tasks, alpha wave amplitude, college students, 723
temporal pattern of predischarge vs postdischarge stress, surgically treated cancer patients with vs without ostomies & their spouses, 12470
theoretical & methodological considerations in study of stress & coping & health, 5032
theory of inhibition of traumas & psychosomatic processes, 5753
time induced stress, problem solving skills, parents of children with phenylketonuria with good vs poor dietary compliance, implications for preventive intervention, 26698
time of day, pain & stress during childbirth, mothers, 39139
time of testing & level of stress & training, naloxone sensitivity of opioid conditioned stress induced analgesia, rats, 28708
type & severity of injury & psychosocial outcome & experience of burden to family, patients with frontal lobe injuries, India, 37142
Type A behavior & life stress, risk of developing physical disorders, literature review, 5804
Type A vs Type B behavior, psychophysiological responses to exercise stress, college students, 39153
types of stressors & coping strategies, 1st yr medical residents followed from 4th yr of medical school, 37976
tyrosine, stress resistance in combat, military personnel, implications for prevention & treatment of stress casualties, 28964
uncontrollable stressor, altered activity of locus ceruleus & depression of active behavior, male rats, animal model of depression, 32116
unpredictable prenatal stress, anxiety as measured by maze behavior & cerebral lateralization of dopamine & turnover rates, rats, 4236
use of & need for family & external resources & child related stressors, plans for out of home placement before age 21 yrs, families with 4–19 yr old severely or profoundly mentally retarded children, 22839
use of display terminals, stress, male bank employees, 6939
value orientations & coping strategies & vulnerability to stress, prediction of depression, Korean American vs White college students, 1542
variables of stress & teaching effectiveness, primary or secondary or special education teachers, 31019
violence in family of origin, spousal aggression in response to work & life stress, couples at 6 & 18 mos following marriage, Canada, social learning theory, 12152
5-HT-1A agonists, stress induced deficit in open field locomotor activity, male rats, 39258

Stress Management

aerobic exercise vs progressive relaxation training, anxiety & self efficacy & coping strategies, 24–59 yr old chronically stressed working females, 14 mo study, 23332
aerobic vs weight training vs cognitive behavioral stress management programs, heart rate & BP during mental task stress, 21–57 yr old Type A male managers, Canada, 3399
anxiety induction during training period, transfer of EMG & stress training to stressful situation & training progress, college students, 9468
aviation psychology program, accident prevention through recognition of & coping with aircrew & family stress, Royal Air Force flight commanders & their wives, England, 10450
behavioral family management, stress management & reduction of schizophrenic symptoms, 9263
biofeedback & cognitive & relaxation training, stress reduction & self control & coping skills, patients with irritable bowel syndrome, 9453
biofeedback & relaxation techniques in stress management training program, schizophrenic 26 yr old male, case report, 33983
cognitive affective stress management training program, 19 yr old volleyball players, 6 mo followup, 41572
cognitive affective stress management training, affect & cognition & performance, 16–18 yr old volleyball players, Canada, 23318
common characteristics & critical review of stress management programs in workplace, 17411
components & organizational impact of prevention oriented health promotion & stress management program, employees, 20813
comprehensive model for stress control intervention, 26703
coping behaviors, stress reduction, law enforcement personnel, 24373
coping skill building, BP & anxiety in response to stressful life stimuli, 42–68 yr old hypertensive Black males, 37418
covert rehearsal vs induced affect coping skills rehearsal, test anxiety & performance, college students, 20711
efficacy of stress management programs, meta analysis, 12804
efficacy of treatment & therapist & client characteristics, relaxation & stress reduction therapy & hypertension, conference presentation, 30387
evaluation & assessment of stress factors, stress management, patients at Maudsley Stress Clinic, 9729
framework for worksite mental health promotion & stress management programs, 38407
guided imagery & yoga & autogenic phrases & thermal biofeedback, stress management, children, implications for counselors & teachers & parents, 31239
holistic health concepts & health belief models & transpersonal psychology & stress management, elderly, 33721
holistic treatment, stress, middle & high school teachers, 30141
humorous imagery situation technique, stress management, 28 yr old male presenting with sleep difficulties & poor appetite, 2304
hypnosis, examination stress coping & performance, 18–20 yr old Indian medical students, conference presentation, 30544
implementation & utilization of & attitudes toward worksite stress management programs, employee wellness, labor vs management vs employees, application of mind body techniques, 38412
information & relaxation & cognitive behavioral & modeling interventions, stress during noxious medical procedures, patients, literature review, 12985

issues in research on stress management & coping behavior in health care setting, 30560
jogging vs relaxation response vs group interaction, stress reduction, college students, 23090
life skills training program, single mothers, 6060
meditation training vs relaxation, self reported distress & arousal & BP & heart & respiration rate & skin conductance, 18–38 yr old females, 30391
methods & strategies of personal & work stress management, occupational therapists & nurses, England, 9440
mind body techniques in stress management, absenteeism & cost of stress disorders, employees, 38408
nature of stress & psychotherapeutic stress management approach, 5978
need for emphasis on theoretical & conceptual bases of stress inoculation training & other cognitive behavioral approaches, commentary, 6083
negative attitudes toward mind body techniques in stress management programs, management & unions, implications for overcoming attitude barriers, 38430
open attention focus training & biofeedback sessions vs conversation "rap session" for stress reduction, GPA, college students, 31322
organization wide stress management program, frequency of malpractice, medical personnel working independently & in hospitals, 2 yr study, 12792
personal effectiveness & stress management course, female community health workers, 4 mo followup, 13301
progressive relaxation vs abdominal breathing vs hypnosis stress management techniques & hypnotic susceptibility, hypnoidal effects, nursing students, clinical implications, 28370
psychotherapy or biofeedback of stress management programs as adjunctive treatments, emotional problems, patients with chronic headaches, 37251
rates & predictors of compliance with outpatient stress reduction program, medical patients with stress vs pain related disorders, 12793
rational emotive therapy in stress management workshops, irrational beliefs & Type A behavior & anxiety & anger & depression & illness, 25–59 yr old industrial personnel, 2333
relaxation vs stress-coping training, migraine patients, 6102
self monitoring & relaxation & cognitive reframing, coping skills, parents of severely handicapped 4–16 yr olds, 12813
Social Readjustment Rating Scale & Subjective Stress Inventory & job absenteeism rate, measurement of cost effectiveness of stress management programs, male employees, 3412
strengths of systematic desensitization & anxiety management & stress inoculation training & rational restructuring, anxious clients, implications for treatment/client match & decision making, 6070
stress & stress reduction techniques, mobility training process, visually impaired students & clients, literature review, 9854
stress coping group model, 24–47 yr old single parents, Israel, 37412
stress coping strategies, 8–12 yr olds, 35999
stress coping training program, early coping & mastery of parachuting experience, adult males, 13982
stress inoculation vs induction training, cognitive skills performance, community living elderly, 26899
stress management through imagery, eye problems resulting from stress & asymmetric postures, professional symphony musicians, 23328
theory & research & procedures of stress inoculation training, 6094
TV stress management program, coping behavior, viewers, 37435
videotaped coping model & distraction technique, stress, 34–68 yr olds in hyperbaric oxygen therapy, 40824
worksite relaxation vs stress management training vs education/support group, anxiety & depression & hostility & job satisfaction & work stress & BP, employees of high technology companies, 3439
worksite stress management, individual coping ability & organizational environment modification, implications for health promotion managers, 3410
worksite vs clinical mind body stress management programs, literature review, implications for cost, 38437
3 phase workshop, self awareness & wellness contracts & burnout prevention, college resident assistants, 41375

Stress Reactions

academic stress & social support, salivary concentrations of secretory immunoglobulin A, college students, 10154
acquisition & extinction & preexposure & CS associated with electric shock & mitogens, suppression of lymphocyte reactivity & immune function, rats, 7705
actual & potential control over stressors, physiological & self reported stress responses, adults, Canada, 14730
acute & chronic life event stress & coronary atherosclerosis, patients with presumed coronary heart disease, 12518
acute behavioral stress, lipid & lipoprotein & cardiovascular & neuroendocrine responses, male vs female 18–29 yr olds, 25114
acute stress, performance in military training vs team task & development of stress consequences model, military trainees, 13947
acute vs chronic immobilization stress & apomorphine, spontaneous locomotion & climbing & drug sensitivity, mice, 11190
acute vs chronic psychological reactions to combat, military personnel, 13954
adjustment to stress syndrome triggered by myocardial infarction, Type A cardiac patients under age 60 yrs, conference presentation, 19649
adult children's life problems, stress, couples 60 yrs old & older, 22185
aerobic fitness, cardiovascular & subjective arousal in response to psychological stress, female college students, 7736
aerobic fitness, heart rate during psychological stress, 18–35 yr old males, 21622
aerobic fitness, physiological stress response, 4214
aerobic training, physiological & subjective responses to psychosocial stress, previously sedentary healthy adult males, 4206
aerobic vs weight training vs cognitive behavioral stress management programs, heart rate & BP during mental task stress, 21–57 yr old Type A male managers, Canada, 3399
age & novelty stress & maternal contact, plasma corticosterone, 12–24 day old rats, 18240
age & stress & chronic heart disease, plasma testosterone, hamsters, 21658
airplane crash landing, posttraumatic stress, college student survivors, longitudinal study, 33181
animal model of stress, neuroendocrinology, females with functional hypothalamic amenorrhea, 33474
anticipated vs actual job loss & unemployment, physiological & psychological & economic reaction, employees, Sweden, 2 yr study, 38332
anxiety & depression & mental exhaustion, glycosylated hemoglobin level, 21–72 yr old relatives of cancer patients, Sweden, 9212
anxiety management training, treatment of generalized anxiety & phobias & anger & stress, 6106
anxiolytic & anxiogenic drugs, behavior change on anxiety tests & corticosterone stress responses, rats, conference presentation, 28850
approach mother/avoid shock conflict, plasma corticosterone, 10 vs 15 day old rats, 7701
assassination of Prime Minister I. Gandhi, psychological perceptions & reactions & symptoms, psychiatric patients, India, 22661
attitudes & relations with others in case & physical & mental health & other stress reactions, 18–80 yr old parents falsely accused of child or adolescent sexual abuse, 40258
bank robberies, stress reactions & symptoms, bank employees, 1978–82, Sweden, 12149
belief in & relationship with deity, stress reactions & psychological well being, 18 yr olds & older, 36490

brief psychotherapy using focal analytic technique, internal developmental pain & adaptive stress, college students, 31296
bromazepam, anxiety & stress hormone response & clinical course of illness, 36–65 yr olds with acute myocardial infarction, 26996
cardiovascular reactivity, 3.5–6.5 yr olds with Type A vs Type B vs mixed behavior profiles, 7980
care recipients' impairments & social support, physical & emotional health, caregiving relatives of impaired elderly, conference presentation, 34140
career stage & ability to handle stress, emotional & physical & psychological stress, police personnel, 38420
central noradrenergic receptors controlling cyclic adenosine monophosphate formation, stress adaptation & antidepressant drug action, literature review, 665
CGP 361A vs propranolol vs diazepam, autonomous stress response to mental arithmetic, 20–56 yr olds, 35765
chemical & biological warfare, cognitive ability & performance & combat stress, Air Force personnel, 17462
childhood origins of Type A behavior & hostility & cardiovascular reactivity to stress, literature review, 7988
chronic intermittent stress, plasma epinephrine & norepinephrine, rats, 35712
cigarette smoking &/vs caffeine, BP & heart rate reactions to stress, college students, 28902
cognitive mediation, response to life stress & anxiety & depression, college students with vs without unrealistic views of life, 22397
cognitive model of unconscious & conscious stress coping, 14371
cold stress, metabolic rate & temperature & TSH & thyroxine & triiodothyronine & growth hormone & prolactin & cortisol responses, 19–50 yr olds with endogenous depression, 1550
combat, development of stress reaction & PTSD, male veterans, Israel, 3 yr study, 38505
combat stress reaction & PTSD, self efficacy to function in battle, soldiers, Israel, 15789
concepts & methodologies used in stress response research, 32906
conditioned emotional response suppression & passive avoidance learning & stress induced suppression of drinking, strains of rats bred for high vs low avoidance learning, 14512
construction & validity & reliability of Assault Response Questionnaire, assessment of emotional & biophysiological & social reactions, nurses assaulted by psychiatric patients, 3600
construction of observational scale, measurement of approach-avoidance & behavioral distress during preparation for bone marrow aspiration, 3–11 yr olds with suspected leukemia, 3590
convergent validity of Daily Stress Inventory vs endocrine measures of stress, adult males, 3555
coping strategies, postcombat impairments in interpersonal functioning, soldiers, Israel, longitudinal study, 40504
coping style & personality traits, individual differences in stress induced cortisol responses, adult males, 32077
corticotropin releasing factor & somatostatin, restraint stress induced anorexia & reversion, rats, implications for role of neuropeptides in anorexia nervosa, 14938
criticism & overinvolvement, depression & anger & emotional adjustment, 47–85 yr old spouse caregivers of 53–90 yr olds with Alzheimer's disease, 34194
daily cocaine vs footshock stress, acute footshock or sham shock induced mesocorticolimbic concentration of dopamine & its metabolites, male rats, 35710
degree of fairness & officials' response & interaction, individual crisis vulnerability in crisis vs noncrisis conditions in competitive situations, male basketball experts, West Germany, 32835
demographic & psychosocial & classroom environment factors, stress & burnout levels, gifted & talented 5th–9th graders, 13626
development of & subscale correlations for multidimensional coping inventory, college students, 17570
development of Pressure Inventory vs Social Readjustment Rating Scale, prediction of psychological symptomatology, college students, 7191
diazepam, ACTH & beta endorphin & cortisol levels following painful electrical stimulus, normal male adults, 18423
diazepam vs clonidine with vs without yohimbine, vibration induced hyperalgesia, rats, 4243
differentiation of nervous shock vs PTSD, adult victims of violence, Northern Ireland, 5152
duration & type of rotation procedure, stress induced analgesia, male mice, conference presentation, 28722
dysfunctional attitudes & stressful life events & social support, depression & psychological distress symptoms, female college students, 18937
early intervention following stressful accidents, commercial pilots, 6315
economic stress, family relations & childhood social & personality development, 22180
effectiveness of defense assessment of emotional stress reactions & physiological & social functioning disruption & correlation with cortisol excretion, 11103
ejection from military aircraft, emotional reactions & return to flying & role of psychotherapy, Royal Air Force personnel, England, 17447
electric shock, vocalization & flinch reaction, hypertensive rats, animal model of depression, 4271
emotional stress, heart & respiratory rate & BP measuring reactivity, male 20–55 yr olds with essential hypertension, conference presentation, 36963
emotional stress reactions to vs acceptance of unexpected developmental processes, parents of children with cerebral dysfunction, conference presentation, 19509
employment related geographic relocation, vulnerability to stress related diseases, nontraditional families, implications for EAPs, 1485
endogenous opioid functions, early development & later life cognitive & social & personality development & adaptation to stress & pain, 35673
enriched environment with vs without female vs male partner & restraint stress, voluntary ethanol consumption & ulcer development, male rats, 4469
environmental stress & psychophysiologic reactivity, ischemic heart disease, literature review, 5695
ethanol pretreatment & restraint stress, plasma norepinephrine & epinephrine, male vs female rats, support for tension reduction hypothesis of alcoholism, 4250
evaluation & treatment of psychopathological reactions to disasters, 3–12 yr olds, 26186
events as environmental demands vs self initiated desires, physical & mental well being, college students, 22427
exam stress, basal & TRH stimulated plasma prolactin, 21–25 yr old medical students, 13289
examination stress, anxiety & physical symptoms, college students, 20567
examination stress, platelet peripheral benzodiazepine binding sites & plasma cortisol & growth hormone & prolactin, 28–34 yr old psychiatric residents, 32084
exercise, mediation of stress induced health deterioration, female 7th & 8th graders, 15019
exposure 1 vs 10 times daily to novel environment vs restraint stressors, LH & prolactin responses & habituation, male rats, 726
expression of aggression during stress, norepinephine turnover in brain, male rats, 21560
extraversion vs neuroticism vs emotional control, heart rate recovery following stress, college students, 11100
factor analytic methodology, measurement of affect change during stressful vs nonstressful situations, graduate students, 24907
family & child characteristics, adjustment to stress of mentally retarded 0–17 yr old offspring living at home, parents, 26397

family adjustment & adaptation response model of family stress, implications for primary prevention & treatment of chronic disorders, 15305
genetic & environmental influences of BP hyperreactivity to stress & prediction of hypertension & coronary heart disease, children, literature review, 12488
global self esteem & perceived interpersonal competence, organizational stress & job strain & satisfaction & performance & commitment & psychosomatic problems, adult male low level managers, 13835
hardiness & life events & hassles, psychosomatic symptomatology, college students, 5578
hardiness as cognitive style & neuroticism, cognitive & BP & heart rate & finger pulse volume responses to evaluative threat, male college students, 18936
hardiness, stress & health outcomes, employees, 24386
heightened resilience, profoundly stressed young children, implications for psychological wellness & primary prevention, 16787
high fat & cholesterol diet & restraint stress, serum triglycerides & nonsterified fatty acids & total cholesterol, male rats, 39177
humor, coping with stress, combat noncommissioned officer trainees, Israel, 24444
hypertensinogenic stimuli, BP & heart rate & CNS organization, salt sensitive vs salt resistant rat strains, L. K. Dahl's animal model of hypertension, 7699
hypothalamic pituitary adrenal axis, stress induced ethanol consumption, hypophysectomized vs dexamethasone vs ACTH treated rats, 18226
individual vs group housing & daily immobilization stress, food intake & exploratory activity & body weight & pituitary adrenal activity, male rats, 35702
induced cognitive stressor, skin temperature change & recovery time, gifted vs nongifted 7th–9th graders, Canada, 25412
industrial noise vs social discomfort stressors & relaxation, psychophysiological reactions, migraine sufferers in nonheadache state, 29996
inescapable shock stress, shuttle escape & forced swim & spontaneous alternation performance, 6 strains of mice, 28583
interdisciplinary approaches to stress research, literature review, 5132
intraoral milk with vs without naltrexone pretreatment, opioid mediated ultrasonic vocalizations & latency for paw removal from hot plate, rat pups, 4221
isolation stress, adult wethers housed in individual cages with vs without mirrors, 10973
Israel-Lebanon War, depressive mood reactions, Jewish adults, Israel, 32864
job loss, financial & marital stress & interpersonal interaction & life events & anxiety & depression & health, 18–69 yr olds, 6865
life events preceding combat, combat stress reaction & PTSD, soldiers, Israel, 5332
life stress & illness model, assessment of stress related anxiety reactions & effects on physical & mental health, medical patients & prisoners of war & Iranian hostages, 22482
Life Stressors & Social Resources Inventory, adults, 21043
linear difference & ratio models, assessment of interaction effects of social support & stress & risk for depression, 17706
living near toxic waste landfill, stress related behaviors, adults, 24434
loss & premorbid adjustment & mediating factors, late life psychopathology, 65–81 yr olds, 5285
lumbar puncture stress, plasma levels of ACTH & cortisol & growth hormone & CSF norepinephrine levels, depressed or schizophrenic adults, 19063
lymphocyte count, aggressive vs passive mice placed together for 10 day period, 7774
massed vs sporadic stress, psychiatric vs other types of combat stress reactions & time out of combat, soldiers in WWII combat companies, 3463
mastery of environment & intimacy, effect of war related stressors on emotional & behavioral adjustment, male vs female college students, 11817
maternal cross fostering, physical development & BP & open field behavior & sympathetic adrenal medullary responses to stressors, hypertensive vs normotensive rats from birth to 20 wks of age, 7697
maternal deprivation, plasma corticosterone response to novelty stress, 12 vs 16 vs 20 day old rats, 7781
menstrual phase, mental stress induced changes in BP & heart rate, adult females with vs without parental history of hypertension, 2096
mental load vs rest, heart rate & psychasthenia & emotional strain, neurotic adults, conference presentation, 19105
microtergoline vs metergoline, shock induced stress reaction, hypertensive rats, animal model of depression, conference presentation, 4368
MIF-1, tailpinch stress induced eating, rats, animal model of hyperphagia, 39374
mild vs intense restraint stress, plasma corticosterone level habituation, male rats, 11125
music listening, psychological & physiological responses to stress & stress reduction, implications for music therapy, 19685
natural killer cell activity & plasma cortisol levels, females who had experienced or were anticipating death of husbands, 8507
need for health insurance coverage for behavioral treatment, patients with stress related disorders such as headache or hypertension or back pain or gastrointestinal disorders, 26911
neurochemical lesions of nucleus locus ceruleus, open field activity & exploratory induced locomotion & stress induced neuroendocrine responses, male rats, 4305
neuromodulator responses to stress, implications for etiological model of mental illness integrating psychodynamic & biological perspectives, 15684
neuroticism & self esteem & locus of control, response to life events, 22–65 yr olds, Netherlands, 22420
noradrenergic vs serotonergic depletions in brain & spinal cord, brief shock induced analgesia, rats, 28774
novel environment stress, analgesia to aversive thermal stimuli before vs after naloxone injection, male vs female deer mice from different natural habitats, 745
novel heat stimulus, endogenous opioid analgesic response, terrestrial snails, 744
olfactory & thermotactile home stimuli, fear in response to unfamiliar environment, rat pups, 18239
open attention focus training & biofeedback sessions vs conversation "rap session" for stress reduction, GPA, college students, 31322
oxytocin, corticosterone & prolactin response to predictable & unpredictable psychological stress, female rats, 28933
pathogenetic role vs cognitive perception of stressors, conceptualization of cardiovascular reactivity in development of hypertension, conference presentation, 30072
perceived family environment, depression & anxiety & self esteem, 7th–8th graders, 4667
perception of & received social support & internal locus of control, stress buffering, 20–49 yr old business students, 25904
performance of stressful verbal task with vs without arithmetic demand, heart rate, 18–40 yr old males, 18177
personality & mental stress reactivity, high vs low test anxiety students, conference presentation, 20561
personality correlates & self consciousness & anxiety, cognitive failure & stress vulnerability, 18–33 yr olds, 10857
personality variables & stress, cancer & cardiovascular disease, adults, Yugoslavia & West Germany, 10 yr follow up, 5630
pet dog presence, cardiovascular arousal during cognitive stress, normotensive male dog owners, 18180
physical & social environment, stress & mental health, conference presentation, 24433

physical activity level & chronic vs acute exercise, heart rate & cognitive & somatic state anxiety responses to psychosocial stressor, 18–27 yr old females, 21609
physical restraint & exposure to novelty, behavioral & adrenocortical responses, adolescent female rhesus vs bonnet vs crabeating macaques, 727
physiological & psychological & biochemical responses to Stroop Color Word Test, 22–25 yr old males, 35686
postescape stressful events, recurrent escape nightmares, Czechoslovak refugees, 8566
predisposition to cope actively with psychosocial environmental stressors & educational level, BP, adults, Netherlands, 14715
prenatal heat & restraint stress, full maternal behavior development & responsiveness to young, adult male vs female rat offspring, 4246
preparation & delivery of public lecture, adrenaline & noradrenaline & dopamine & cortisol urinary & salivary levels & BP & heart rate, bank employees in training, 701
prevalence of Type A behavior & other psychosocial reaction patterns to stress, male combat soldiers & their 5–17 yr old children, 13951
prior friendship vs exposure to catastrophic school bus accident related stressors, stress reactions, 7th graders assessed at 1 wk vs 9 mo following trauma, Israel, disaster intervention implications, 33131
propranolol vs atenolol, Type A behavior & cardiovascular reactivity to mental stress, 35–60 yr old hypertensive males, 26977
psychoactive substance use & appraisal of coping strategies for stressful situations, retired 65–74 yr olds, 29179
psychodiagnostic interview, assessment of psychopathological consequences of severe flooding disaster & family relations & symptom reporting, 6–17 yr olds & their parents, 11944
psychoimmunology & stress & coping, literature review, 32089
psychological impact of AIDS, male 23 yr old Naval reservist, 26544
psychological stressors, cardiovascular reactivity following alcohol consumption, Type A vs Type B males with high vs low self awareness, 14911
psychological vs exercise stressor vs cold pressor test, heart rate & BP & other cardiovascular measures, Type A vs Type B adults, 18172
psychologically stressful tasks, cardiovascular responsivity & binge eating & mood states, eating disordered female college students, 26460
psychophysiological effects of smoking, stress reactions, conference presentation, 18288
pup's age at separation & distance of separation from mother, stress measured by circulating eosinophil luekocyte levels, female ranch minks & their pups, 21345
race & parental history of hypertension, cardiovascular response to cold face stimulus & mental arithmetic task, female 18–22 yr old Black vs White college students, 28669
rape & molestation, loss & grief reactions, family & children & significant others of victim, 26287
reactions to occupational physical danger, police patrol officers vs investigators vs clerical/support workers, 24379
reactive lack of control as Type A personality component, heart rate when deprived of work, females, conference presentation, 18186
real vs imagined stressful situation, heart rate & self reported anxiety, male vs female college students, 10863
reassurring vs stressful instructions & emotional vs neutral slide, GSR asymmetry & vigilance, 17–41 yr olds with high vs low trait anxiety, 18191
relaxation of stressful stimulation, psychologically induced airway changes, patients with asthma, 40725
relaxation vs mental arithmetic task vs cold pressor test, BP & cardiac interbeat interval measuring baroreceptor reflex, female nurses & paramedical staff, 35684
reliability & validity of microcomputer signal processing system, monitoring of cardiovascular functions during mental tasks, adults, Canada, 7731
repeated swimming stress, regional brain benzodiazepine receptor binding measured in vivo vs in vitro, mice, 39121
rest & psychological stress, awareness of heart rate & changes, male college students, 28692
restraint stress, natural cytoxicity & ACTH, male rats, 32103
review of rape cases for data collection, stress reactions & emotional responses, nurse researchers, 29682
revised research strategy, Type A behavior & stress, 28681
role of amygdala central nucleus in stress ulcer formation & coding of stressfulness of aversive stimuli & differentiation of stress susceptibility & emotionality & avoidance types, rats, 14760
rotational bias following peripheral amphetamine, sensitization to amphetamine & stress responsivity, rats, animal model of psychosis, 28890
RT task, heart rate & systolic BP changes, 19–26 yr old males, test of motor preparation hypotheses, 18198
sc ACTH 4-10 with vs without naltrexone pretreatment, stress induced hypokinesia, male rats, 4513
school based emergency intervention, stress reactions to peer suicide, high school students, 41377
self control & vulnerability to stress, Type A vs Type B college students, 1449
self efficacy & social support, mediation of disaster stress, adult natural disaster victims, 1 & 3 yr followups, 33726
self image & locus of control & interpersonal & goal & time orientations, psychological & physiological symptoms of strain, adults in stress management programs, 5026
sense of humor, immunosuppressive effects of stress, college students, 14737
serial subtraction vs mirror image tracing vs isometric exercise stressors, BP & heart rate response, parents vs their 6–18 yr old children vs siblings, 14764
service use & caregiver experience & response, impaired elderly with Alzheimer's disease vs other vs no cognitive impairment & their primary caregivers, 1 yr followup, 34172
SES & stress induced by Atlanta youth murders, intellectual & identity formation & competence & behavior problems, Black 3–9 yr olds, 11360
sex & prenatal ethanol, pituitary adrenal stress response inhibition, rats, 21828
sex & Type A vs Type B & extraverted vs introverted personality, EMG & heart rate & BP before vs during vs after teaching test, student physical education instructors, 18185
sex differences in corticosterone secretions assessed by metyrapone, adaptation to restraint stress, female rats, implications for role of corticoids in development of depression, 14759
signs & symptoms & complaints, litigation response syndrome, 1516
situational stress, self assessed mental tension & urinary biogenic amines & heart rate & BP & skin conductance level & EMG, champion rifle & pistol shooters, 11093
situational vs perceived vs no control conditions & internal vs external locus of control, physiological vs proofreading performance vs self rated reactions to noise stressor, college students, 4209
smoking, psychophysiological reactivity to noise stress, high vs low carbon monoxide absorbing smokers, 18227
social & psychological impact of rural development, New Zealand, 6959
social disruption, body weight & feed intake & heterophil to lymphocyte ratios, White Leghorn cockerels with high vs low antibody response to sheep red blood cells, 25082
social stress in late pregnancy, sex ratio adjustment of offspring, golden hamsters, 28535
social support characteristics, psychosocial adjustment to forced evacuation of community, married adults, Israel, 2 yr study, conference presentation, 8529
social support network intervention model, prevention of extreme or inappropriate public response to perceived environmental disasters, social workers, 16827

social vs isolated housing & graded stressors, plasma corticosterone & hypothalamic & pituitary beta endorphin & behavior, rats, conference presentation, 739
sociodemographic variables, judgment of event upsettingness & occurrence of life events, 4th–6th graders, 4665
sociopolitical crisis, family stress & coping strategies, husbands vs wives & their children, Philippines, conference presentation, 36270
sources & effects of training stress, house officers, 6613
statistical interactions of social support & stress, depressive symptomatology, methodological implications, 1728
stress & distress & interpersonal relationships, changes in immune function, literature review, 4200
stress & health problems, rural farming community residents, Australia, 22487
stress & thioridazine, sleep walking & night terrors & assault on wife, 44 yr old male, case report, 27009
stress coping style & interpersonal factors, medical & psychological outcomes of gynecological exams & procedures, patients, educational implications, 20072
stress factors causing holiday vs clinical depression, 19049
stress, family functioning, high risk hospitalized vs low risk pregnant females & their partners, 19573
stress, heart rate & BP, female 17–31 yr old smokers vs nonsmokers who do vs do not use oral contraceptives, implications for pathogenesis of coronary heart disease, conference presentation, 7721
stress in infancy, distribution of physical diseases over age & CNS reorganization, 3–7 yr olds with psychiatric disorders or developmental retardation or somatic problems, 40042
stress inducing tasks, heart rate & BP measuring cardiovascular response consistency, female 17–28 vs 60–96 yr olds, Canada, 7720
stress, norepinephrine & epinephrine & heart rate & electrodermal activity responses, anxiety patients with vs without frequent panic attacks, conference presentation, 29486
stress of traumatic events, schematic assumptions of self & world, college students, 39965
stress, precipitation & perpetuation & mediation of skin disorders, 26548
stress reactivity, open field novel stimulus response & discriminative & avoidance learning, inbred Wistar-Kyoto vs Brown-Norway rats, 28392
stress related diagnoses & obstacles to health care, foreign college students, 10265
stress responses & coping behavior, parents or spouses of burn patients, 6 mo study, 1976
stress responses & coping propensity, paranoid vs nonparanoid episodic vs remitted schizophrenic adults, 40092
stress responses & coping strategies & personality traits & anxiety & nuclear war-related attitudes, mental health, college students with high vs low nuclear anxiety, 25673
stress sources & coping with stage fright in musical performances, professional orchestra musicians & advanced music students, 35975
stress, time perception, obese adults, 29931
stressful life events & psychological symptoms, family practice residents & their spouses, 10004
stressful life events, depressed mood, chronic low back pain patients, 22879
stressful life events, symptoms of depression, 18–64 yr olds vs psychiatric outpatients, 19052
stressful or noxious stimuli, modulation of perception of pain, mice, conference presentation, 28701
stressor intensity, initial corticosterone stress response & habituation, handled vs prone vs supine restrained male rats, 11123
stressors & coping & stages of adaptation, families of children with traumatic brain injury, 12449
susceptibility to stress induced cardiovascular hyperactivity & essential hypertension, Black vs White adults, methodological implications, 16020
swim test & escapable shock, regional brain concentrations of adrenal monoamines & precursors & metabolites, alcohol preferring vs nonpreferring rat strains, 25253
test of variation of stress evaporation theory vs residual stress model & childhood behavior, male Vietnam veterans with PTSD, 22671
thermal biofeedback & autogenic training, heart rate & BP reactivity to cold pressor & mental arithmetic, 21–60 yr old males with mild hypertension, US vs USSR, 19881
threat of AIDS, fear of contagion as affective stress response, health care workers, nursing implications, 16170
time of audiotape relaxation training, teaching test performance & tension & EMG & heart rate & BP, 17–26 yr old instructor candidates, 3081
transient minor negative & positive life events & mood states, immunological functioning measured by levels of natural killer cell activity, healthy 22–30 yr olds, 39159
traumatic responses, 5–17 yr olds who witnessed sexual assault of their mother, 19317
traumatic stress research, 33068
type &/or source of social support, stress/outcome relationships, college students, implications for construct validity of social support, 8413
Type A behavior & hostility potential & parental hypertension, BP responses to cognitive & motor coordination & exercise stress, 6th–12th graders, 19569
Type A behavior & personality traits, psychophysiological activity during mental tasks, middle aged males, conference presentation, 18193
Type A behavior & pressor response to stress, 30–65 yr old males, 12394
Type A behavior, BP & heart rate & adrenaline & noradrenaline & cortisol levels, male vs female 3 yr olds reassessed 1 yr later, 4706
Type A behavior, cardiovascular & neuroendocrine reactivity to everyday stressors, males vs females, literature review, 9013
Type A behavior, stress related behaviors & depression & anxiety & personality traits, 5th–9th graders, 18657
unemployment, family & economic & occupational stress, female Latino 27–64 yr olds, 22280
unemployment, psychological & physiological & societal stress, unemployed blue collar workers, Sweden, 24286
unpredictable chronic emotional vs physical stress, motor activity & exploration & estrous cycle, rats, 18234
utility of Hassles Scale, differentiation of external stressors & internal responses, alcohol & substance abuse inpatients, 3622
utility of Psychological Stress Evaluator, assessment of traces of terrorist voices before death threats vs at other time, 3531
validity & internal consistency & factor structure & utility of stress inventory of D. Goleman, identification of physical vs mental stress response style, college students, 17610
validity of combat stress measures, investigation of effects of battle, male Vietnam veteran patients & hospital staff, 35203
8-hydroxy-2-(di-n-propylamino)-tetralin, ultrasonic vocalizations & immobility reactions, rat pups, 18346

Strikes
nurses' strike, functioning, 20–60 yr olds with schizophrenia or other chronic mental illness, Israel, 37822
physicians' strike, professional autonomy & self image & job satisfaction, primary care & hospital head nurses, Israel, 34525
psychiatrists' strike, emergency psychiatric referrals & admissions, Israel, 34325

Stroboscopic Movement [See Apparent Movement]

Stroke (Cerebrum) [See Cerebrovascular Accidents]

Stroop Color Word Test
normative data from Hebrew language version of Stroop Color & Word Test, college educated 24–36 yr olds, Israel, 24553
performance on modified Stroop test, monolingual vs bilingual 6 yr olds, Hungary & Czechoslovakia, 21978
physiological & psychological & biochemical responses to Stroop Color Word Test, 22–25 yr old males, 35686
self attribution, Stroop color naming response times, college students, implications for cognitive structure of self, 17846

serial & spatial structure of test items & field dependence, performance on Stroop Test, adults, 14078
time of testing & nutritional level, Stroop Color Word Test performance, male vs female 2nd–6th graders, 8042
Stroop Effect
auditory presentation of color names vs color neutral adjectives, cross modal Stroop interference, college students, commentary reply, 24707
auditory Stroop test using words "daddy" vs "mommy", RT for judgment of male vs female voice, 3–6.7 yr olds, 18579
context of modally pure color vs picture vs word stimuli, Stroop-like effects in naming & reading & categorization tasks, college students, West Germany, 24812
food & body size words in Stroop task, color naming RT & recognition memory, patients with anorexia nervosa, 9007
imageability & content function word difference, visual word recognition in Stroop task, college students, 21290
irrelevant speech, cross modal interference of visual Stroop task, adults, commentary, 24715
left vs right ear & stimulus pitch & loudness & duration, RT of auditory Stroop task, 22–42 yr olds, 35319
logographic vs phonetic symbols, Stroop effect in word comprehension & naming in Japanese vs English, 20–35 yr old native Japanese readers vs American college students, 14990
number of conceptual codes by prime & semantic overlap of accessed codes, Stroop interference, college students, 21287
performance on modified Stroop test, monolingual vs bilingual 6 yr olds, Hungary & Czechoslovakia, 21978
phonological vs orthographic characteristics of word, Stroop effect on color naming, 8–9 & 11–12 yr olds & college students, 25515
physical distinction between targets & distractors, interference & priming in selective attention, college students, 31905
processing of alphabetic vs logographic script in picture-word interference, English monolingual vs Chinese English bilingual college students, 35362
silence vs spoken color words, cross modal Stroop interference, college students, commentary reply, 24714
spoken color words, cross modal Stroop interference, collge students, commentary reply, 24706
Stroop Color Word Test, automatic vs effortful processing & cognitive inertia, mentally retarded adolescents & adults vs college students, 22840
Stroop effect during hypnosis, adults with high vs low hypnotic susceptibility, 10881
Stroop interference in judgments about remembered stimuli, college students, commentary, 38915
Stroop-like interference in color & shape naming task, college students, 7414
Stroop priming task presentation duration above vs below conscious threshold, naming of subsequently presented color patches, college students & 19–29 yr olds, 3722
task relevance & perceptual similarity & context, interference in picture word version of Stroop task, adults, 14384
visual half field presentation of incongruent color words & speed vs accuracy, vocal RT & error frequency in word vs color recognition, right handed males, 25035
125 vs 250 mg caffeine, performance on recall vs RT vs Stroop tasks, male college students, 39296
Structuralism
individual difference vs structuralism approaches to study of thought & eidetic imagery, 28374
structuralist reconstruction of cognitive dissonance theory, 17533
validity of structuralist stage theory, concepts of illness, children, literature review, 40011
Structured Overview [See Advance Organizers]
Strychnine
apomorphine vs dextroamphetamine vs strychnine vs yohimbine, prepulse inhibition of acoustic startle reflex, male rats, 11204
strychnine sulfate into ventromedial hypothalamic nucleus with vs without estradiol benzoate pretreatment, lordosis behavior, ovariectomized female rats, 4474
Student Activism
attitudes toward & emotional reactions to nuclear arms race & war & political activity, activism in political campaigns for candidates opposed to arms buildup, college students, 4898
student political behavior, later participation in politics, former radical civil rights activists & institutional activists, 25 yr study, 22231
Student Admission Criteria
affirmative action goals & aptitude test scores & GPA & majority vs minority group membership of hypothetical candidates, priority ratings for medical school admission, college students, 13382
approach to applicant selection for master's & doctoral programs in marriage & family therapy, 30863
differential curricula & BA vs BS degree offerings in undergraduate psychology departments, admission to graduate school, commentary, 34612
perceptions & utility of admissions interview for guidance counseling, college students & staff, United Kingdom, 38307
predictive validity of GRE, failed preliminary examinations & composite as measure of academic success, clinical psychology graduate students, 23832
preferred preparations & strategies for enhancement of graduate school applications for clinical vs counseling vs school psychology programs, 23834
rejection of medical school application & cognitive ability, reapplication or alternative career choice & status, medical school applicants, Israel, 10 yr followup, 13391
review guidelines for selection committees, identification of candidates with high academic potential, learning disabled high school students, 20708
Student Attitudes
academic ability perceptions, gifted vs average 6th graders, New Zealand, 2 yr study, 24132
academic achievement & perceptions of instruction, Black & Hispanic 4th & 6th graders, 31143
academic achievement & SES, attitudes toward manual work & family planning & casteism, male vs female high school students, India, 10163
academic specialization & religious affiliation, attitudes toward Blacks & willingness to engage in antidiscriminatory behavior, education students vs other college students, 31148
academic subject & achievement, academic self concept & causal attributions & perceptions of teacher feedback, male vs female 5th graders, 41299
action vs state orientation, leadership abilities & participation in group activities, college students, 13566
actual & teacher perceived school satisfaction & commitment & relations with teachers, male vs female 4th–12th graders, Israel, 20542
adherence to ideology of community mental health movement, psychology vs social welfare vs rehabilitation vs health education preprofessional 19–81 yr olds, 34219
affective attitude toward personal future & long term goal valuation, motivation to study & academic performance, 17–19 yr old male high school students, 17205
age & achievement level in tutor-tutee dyads, reactions to peer tutoring, 2nd vs 4th vs 6th graders, 23973
age, student rated teaching effectiveness, 26–55 yr old psychology teachers, 34816
AIDS lecture, attitudes toward & perceived risk of contact with AIDS patients, medical students, 9964
analogy & simile & metaphor in science texts, learning & attitudes, 9th–10th graders, 38084
artificial intelligence introduction including machine thought & expert system building & rule induction, experiences & attitudes, 6th form students, England, 27537
attitude & subjective norm, prediction of intention to enroll in elective high school physical science course, female 8th graders, test of reasoned action model, 17223
attitude salience & directionality of personal vs impersonal behavioral consequences, attitude–behavior relationship, college students, 32821

attitude toward unknown mentally retarded student, social acceptance or rejection or neglect of mentally retarded peer in classroom, 4th–6th graders, 10232
attitudes & motivation & French proficiency, skill losses after summer vacation, 12th graders enrolled in French as 2nd language, Canada, 3184
attitudes & understandings & attributions about school grading, 4th–11th graders, 6750
attitudes about & knowledge level of in vitro fertilization & possible extension & legal issues, 16–46 yr old college students, 27660
attitudes toward & beliefs about & personal experience with suicide, college students, 8858
attitudes toward & experiences with plagiarism & role of social comparison, college students, 20547
attitudes toward & history of & intentions about cheating, cheating on proctored vs unproctored examinations, 1st yr medical students, implication for honor systems, 17075
attitudes toward & knowledge of science, gifted 3rd vs 7th vs 11th graders, 24077
attitudes toward & use of writtem justifications for multiple choice test answers, college students, 20680
attitudes toward alcoholism, college vs graduate students, 1908
attitudes toward biopsychosocial model in psychiatry, medical students, 30962
attitudes toward Blacks, White college students on deep South campus, 31171
attitudes toward business ethics, college students in liberal arts studies vs management programs, 10164
attitudes toward computers, college students, 6761
attitudes toward discipline & expected rule differences following transition to secondary school, students in last yr of primary school, England, 6748
attitudes toward doctor patient relationship, medical interns, 13416
attitudes toward effectiveness of rewards & punishments, 13–15 yr old students & their teachers, England, 24081
attitudes toward female roles, male vs female college students 18–24 vs 25 yrs old & older, 27642
attitudes toward individualized examinations, 15–18 yr old secondary students, India, 3307
attitudes toward mathematics, male vs female high school students, India, 41303
attitudes toward medical social issues including preventive medicine & doctor patient relationship & government role, 1st yr medical vs other graduate students, Australia, 13327
attitudes toward medical specialties, preclinical medical students, 13336
attitudes toward mental patients, college students in psychology vs science vs medical curriculum, Turkey, 22530
attitudes toward methods of teaching child & adolescent psychiatry, medical students, 13318
attitudes toward mildly mentally retarded, nonretarded 4th graders, implications for mainstreaming, 13659
attitudes toward peace & problems facing humanity, college students, Romania, 17229
attitudes toward pending military conscription before vs after army preparation program, 12th graders, Israel, 10298
attitudes toward physically handicapped peers, 14 yr old high school students in schools with vs without mainstreaming, England, 13631
attitudes toward praise & rewards & punishment, secondary school students, Great Britain, 31165
attitudes toward psychiatry before vs after clerkship, medical students, 3042
attitudes toward psychiatry, male vs female medical students, implications for teaching & recruitment, 13285
attitudes toward psychiatry, 3rd yr medical students vs those in psychiatry clerkship, implications for training, 13314
attitudes toward purpose of & mixed sex education, Pakistani mothers & fathers & their 11–18 yr old daughters in single sex schools, UK, 31178
attitudes toward purpose of school & motivation & beliefs about cause of academic success, high achieving 7th–8th graders, 10168
attitudes toward school, gifted 4th–9th graders, 34745
attitudes toward teacher vs menu based partial vs fully learner controlled computer assisted instruction, dental students, Denmark, 27421
attitudes toward unions & management decision making, business students vs white vs blue collar workers vs managers or supervisors, implications for new employee socialization, 13773
attributions for success & failure in language arts & mathematics/science subject areas, male vs female 4th–12th graders, 3241
availability & school & home computer usage, programing ability & attitudes, male vs female high school students, 27618
book availability & variety, reading attainments & attitudes & habits, 10 yr olds, 3 yr study, 27624
breadth & depth & meaningfulness of category names of sequence control menus in computer assisted instruction, comprehension & retention & attitude, college students, followup study, 13482
C. Roger's person centered approach in reading education, increase in reading curiosity & achievement, students, 27552
career preferences, attitudes toward elderly, health care vs psychiatry medical students, England, 3063
classification & degree of seriousness & practice of cheating, 10th–12th graders, 38174
classroom environment with emphasized vs deemphasized normative evaluation, self rating of current vs predicted academic achievement, kindergartners vs 4th graders, 3246
classroom task environment, self competence & sense of control & attitudes toward value of school tasks, 3rd & 4th graders, 3214
cognitive & affective & behavioral responses to male vs female instructor during presentations on sex bias in counseling females vs gender neutral topic, college students, 10148
commitment attitudes & study behavior, prediction of academic achievement, college students, 34640
computer literacy, attitudes & values & opinions toward information technology, college students, 4 mo study, 38173
computerized algorithmic vs discovery teaching programs, mathematics achievement & computer attitudes, field dependent vs independent college students in algebra course, Puerto Rico, 17135
conceptions of fairness in school learning, 1st–12th graders & college students, 24113
conceptual structure of attitudes vs values & beliefs & opinions, implications for science education, 24021
construction & reliability & validity of Assessment of Motivational Outcomes questionnaire, measurement of classroom percepiions of success vs failure, college students, 41391
construction & validity of Attitude toward Science in School Assessment, high school students, 24092
construction of attitudes toward cheating scale, college students & faculty, 17307
contact with physically disabled peers, attitudinal changes, college students in weight training class, 2130
counseling approach & frequency, attitudes toward counseling & stigma of participants, Oriental vs Ashkenasic junior high school students, Israel, 13723
counselor body posture, perceptions of expertness & trustworthiness & attractiveness, college students, 6834
coursework, acceptability of differential reinforcement of incompatible behavior vs home based reinforcement vs time out vs ignoring interventions, prospective teachers, 31017
creationism & scientism & academic curriculum, attitudes toward Christianity, 16–24 yr old high school students, Kenya, 6752
criteria used in selection of course sections, male vs female college students, 10153

critical viewing skills curriculum, beliefs & attitudes about TV programs & commercials, kindergartners vs 2nd graders, 10169
cultural & personality traits & attitudes toward education, African schoolchildren at home & in non-African settings, school counseling implications, 3220
defense mechanisms & environment, resistance to drug abuse education, college students, 27546
delivery of single good vs poor lecture in series of average performances, immediate vs delayed performance evaluations of instructor, college students, implications for personnel evaluation, 20562
demanding vs supportive lecture style of female vs male teacher, learning & preferences for teacher, college students, 17150
demographic & motivation factors in decision to begin graduate training & perception of roles & goals & expectations, 1st yr doctoral students in APA approved counseling psychology programs, 6634
demographic profile & self image & satisfaction & perceptions of psychology & student-supervisor relationships, doctoral students of psychology, India, 23900
descriptions of faculty members who received highest vs lowest evaluations, college students, 31020
design elements, perceptions of safety of campus areas, college students, conference presentation, 20554
development & validity of attitude to industry scale, 16–19 yr old science students, England, 27802
development & validity of Attitudes Toward Financial Accounting scale, assessment of knowledge development in accounting, college students in introductory vs advanced accounting courses, 10270
development & validity of School Interracial Climate Scale, 5th–8th graders, 13709
development of Likert attitude scale, assessment of perceived utility of self evaluation procedure, speech-language pathology graduate students, implications for clinical supervision, 24624
differential role models & perceptions 1 mo prior to graduation vs after 3 mo of work, nurses, 17040
dimensional structure of perceptions of diseases, medical students, 3051
disadvantaged group status, experience with & knowledge of & attitudes & intentions toward computers, elementary & secondary school students, 10141
distressing experiences & procedures & attitude change toward animals & euthanasia & ethical issues, graduating veterinary students, 34480
Double Take school based video drug education program, attitudes & knowledge, secondary school students & teachers, England & Wales, 23975
drinking myths & knowledge of alcohol, college students, 31152
Drug Abuse Resistance Education curriculum, knowledge & attitudes & self reported behavior, 7th graders, 3117
early vs. late immersion, attitudes & French language skills, 7th graders, Canada, 31038
ethnic & social class, scholastic ability test attitudes & scores, male vs female 7th graders, Israel, 6848
European educational tradition of home & community, implications for American education, 38177
evaluation & perceived recall of personality theories, 18–49 yr old college students in personality course, 6759
evaluation of H. Friedman's immediate feedback no return test procedure, introductory psychology college students, 31084
exit interviews, graduating psychology majors, 31040
expectations & motivation & satisfaction & performance, gifted high school students in residential academic program, 10176
expectations, midterm & final evaluations of introductory psychology class, college students, 10311
experiences with & perceptions of benefits gained from group work, high school students & teachers, 3114
experiences with & responses to sexual harassment by faculty, graduate students, 22731
factor analysis of science attitude survey, gifted 6th–10th graders, 20716
factor structure of statistics attitude measures, college students, 20717
factorial & concurrent validity of Study Attitudes and Methods Survey revised form, 10th graders, 20695
factorial validity of Study Attitudes & Methods Survey, 10th & 11th graders vs college students, 20660
factors associated with student satisfaction with social work field placement, 21–55 yr old graduate students, 30885
factors in psychiatric residency program selection, senior medical students, 27451
familiarity with school settings through preschool experience, expectations for & adjustment to school, K–1st graders, Israel, 24099
fear of failure & exams & future & loss of expertise & identity & powerlessness during retraining, college professor as student in graduate program, 13585
feedback vs no feedback & choice vs forced looping, performance on computer assisted instructional modules, college students, 13507
feelings toward gifted label, gifted 4th–12th graders, 34737
femininity, empathy & attitude toward doctor patient relations & professional psychological help, medical students, 3 yr study, 30971
field instructor-student gender combinations, perceived quality of social work field instruction, graduate students, 30960
global self evaluation & perceived academic competence & importance of achievement, school achievement, 6th–9th graders, Norway, 41262
grade level & sex, computer attitudes, elementary through high school students vs teachers, 10167
group sex composition, perceptions of female instructors, college students, 24093
handling of live vs exoskeletons of horseshoe crabs & sea stars, learning & retention of animal related information & attitudes toward animals, 4th graders, 38124
HIV related beliefs & knowledge & behaviors, 13–18 yr old high school students, implications for health education programs in schools, 40344
homework attitudes & time spent & family help, elementary school students, China vs Japan vs Taiwan vs US, 34674
implementation problems in meta analysis, research on validity of instructor effectiveness evaluations, students, 24207
importance of specific characteristics of entry level broadcasting positions, college students in broadcasting classes vs station managers, 1978 vs 1983, 20545
instructor's social contact & facial expression & gender, sex role stereotyping in rating of instructor, college students, 3233
integration of psychology & philosophy in ethics course, attitudes, master's level clinical psychology students, 3 mo followup, 9948
interaction videodisc vs conventional laboratory, attitudes toward biology instruction, college students, 31060
interest in mathematics & reading & writing & other school attitudes, 1st–9th graders, Sweden, 41294
intolerance of ambiguity, 1st yr medical students, 34459
intrinsic vs extrinsic motivation & assessment of success, college students, tutors at disadvantaged elementary schools, Israel, 20437
knowledge about AIDS & attitudes toward AIDS carriers, college students, 16139
knowledge of pregnant client's marital status, perceptions of client attributions of group stereotype & predicted client behavior & data sought & verbal responses to client, nursing students, 20367
Learning Environment Inventory vs Classroom Environment Scale vs Individualized Classroom Environment Questionnaire, assessment of perceptions of psychosocial environment, students, 24230
LISREL analysis, commitment to school, college students, 31180

locus of control, summer work aspirations & expectations & information preferences, college students, 13568
low vs high ability, response to questionnaire on school activities & attitudes & motivation toward lessons & desirability of occupations, high school seniors, England, 18 mo followup, 31163
major curriculum revision, perceptions of quality of learning environment & social supports & mental & social well being, medical students, 2 yr followup, 34529
math exam outcome interpretations & attributions & future expectancies, 6th graders vs their teachers, Finland, 3230
measurement of attitudes toward Christianity, 11–16 yr old Catholic school students, Scotland vs England, 31158
membership in student organizations, school involvement & perceptions & satisfaction, college students, 13557
moderate vs high contact with mainstreamed hearing impaired students in same class vs same school, attitudes toward disability, 8th graders, 20655
monochrome vs color cues vs indiscriminate color in microcomputer teaching software & mathematical aptitude, learning geometric concepts & computer attitudes, 9th graders, 17148
motivation, effectiveness of study skills instruction, students, 27630
natural science vs commerce vs social science field of study, attitudes toward different social groups, high school vs college students, Canada, 41293
needs & perceptions in adjustment to school, incoming international college students, US, 3236
nonquantitative approach to advanced statistical techniques, attitudes toward statistics, doctoral students, 10124
one to one active vs small group active vs passive student feedback methods of formative evaluation of instructional materials, college students, 17156
opinions about cheating in medical education & practice, medical students, 38024
overly positive or negative ratings, evaluations of teachers, college students, 6840
own attitudes & perception of views of others, choice of academic specialization in psychiatry, 19–32 yr old medical students, Canada, 41111
parental home tutoring education, academic skills & learning attitudes & self confidence & positive interactions, parents & their children, 34620
peer & teacher rating of social status & aggressive behaviors, male vs female 3rd & 4th graders, 31166
perceived academic environment & motivation & self concept & cognitive ability, college & graduate students 50 yrs old & older in career transition, 6863
perceived causes of embarrassment in school, high school students, 10158
perceived characteristics of school counseling, male vs female school counselors vs secondary school students, conference presentation, 17303
perceived constraints on asking questions of teachers vs peers during mathematics instruction vs seatwork, 3rd & 5th graders, Netherlands, 3248
perceived degree of control at school, learning disabled 9–19 yr olds in experimental vs public school special education vs regular education programs, 41348
perceived emotional closeness to students, teacher vs student rating of student self concept, 4th grade teachers & their students, Israel, 3229
perceived importance of counseling topics & matching intervention, college students, 31243
perceived importance of social skills for relating to peers vs adults vs self, school adjustment, general & special education teachers & handicapped & nonhandicapped adolescent students, 38240
perceived positive vs negative job outcomes, prediction of satisfaction with vocational training, community college students, 27644
perceived stress, 1st yr medical students identified as resistors vs persistors vs adaptors vs maladaptors, 34542
perceived teacher immediacy & student teacher solidarity, college students & Air Force student pilots, 20563
perception of classroom goal orientation, learning strategies & task choices & motivational attitudes & attributions, academically advanced junior high & high school students, 3213
perception of reading & writing processes & instruction, 1st graders, conference presentation, 24034
perception of social environment, homosexual vs heterosexual male college students, 27657
perceptions & expectations of role of middle school counselors, students & teachers & principals & parents, 6833
perceptions & satisfaction with residence hall environments, freshmen vs other college students living in single sex vs coed halls, 41283
perceptions, attitudes about writing process, 1st–2nd graders, Canada, 38179
perceptions of basal reader purpose, 5–12 yr old elementary school students, 3108
perceptions of campus experience & self concept, college students volunteering as student orientation leaders, 13567
perceptions of classroom environment before & after transition to junior high school, 6th graders & teachers, 1 yr followup, 20544
perceptions of compulsory career guidance programs, 11th graders, 10320
perceptions of counseling & counselors' influence on post high school plans, handicapped students, 20707
perceptions of guidance services received vs desired, Black vs White high school students, South Africa, 13727
perceptions of medicine & its specialties & motivation, 1st vs 3rd vs 5th yr medical students, 13397
perceptions of reporting forms used in clinical training, speech-language pathology graduate students, 27386
perceptions of student counseling center, college students, South Africa, 13750
perceptions of supervision, supervisees in American Association for Marriage & Family Therapy accredited programs, 23817
perceptions of supervision, undergraduate social work field interns vs faculty, 13558
perceptions of teacher characteristics, judgments of teacher effectiveness, college students in psychology curriculum, 24090
perceptions of types of giftedness, college education students vs teachers, 24151
perceptions of typical & ideal supervisory conferences & level of clinical training, preclinical & undergraduate & graduate students, 30880
perceptions of work, curriculum development, junior school students, UK, 38178
personal involvement with & source credibility & argument quality of career & study skills information, attitude & behavior responses, college students, 10308
personal or social vs educational counseling, preference for male vs female counselor, male vs female junior high school students, Israel, 41384
personal values & political attitudes, male college students, 1952 vs 1968–69 vs 1974 vs 1979 vs 1984, 3228

personality & social factors, attitudes toward computers, electrotechnical vs philosophy students, Czechoslovakia, 17225
political ideology & self interest, attitudes toward national health insurance, medical students, 30957
positive vs negative feelings about sex, sexual knowledge & willingness to treat patients with sexual concerns & participation in an elective sex education course, 2nd yr medical students, 9949
praise, achievement & motivation & attitudes, students, 17187
prediction of future psychology related events, 1st vs 3rd yr psychology students, South Africa, 1976 vs 1985, 17228
prediction of instructors' effectiveness & need for improvement ratings, college students in lecture format course, 13724

preference for pull out vs in class vs integrated model for specialized instruction, learning disabled 2nd vs 4th vs 5th graders, 27700
preferred classroom environment & learning strategies, 12–17 yr old students, Australia, 20549
previous intercultural experience, perceptions of intercultural competence, college student sojourners, 24102
profiling & comprehensive methods of recording academic achievement & counseling, attitudes & personal development, students, England, 24215
program brevity & consistency & flexibility & compatibility & responsiveness, ease in using computer aided instruction & training progress, college students, implications for military training, 20905
rape prevention program & church attendance & acquaintance with rape victim, attitudes & empathy toward rape, male vs female college students, 13686
ratings of actual & ideal psychotherapy supervision, clinical psychology interns, 13337
ratings of disturbingness of student problem behaviors, junior high school teachers vs students, 10161
reactions & attitudes toward human dissection, medical students, implications for doctor patient relationship, 3014
reactions to & perceptions of prosocial vs hostile nonverbal behaviors with teacher vs nonteacher label, 9–17 yr old students, implications for teaching behavior, 31172
real time graphic display & simultaneous interpreting & paid note taking, perceived helpfulness, hearing impaired college students, 27737
relevance ratings of intelligence test items, beliefs about & concept of intelligence, college students from English vs Chinese secondary schools, Hong Kong, 24084
reliability & validity of scale, measurement of attitudes toward curriculum physical education, 9–12 yr olds, England, 3594
residence hall judicial policies, attitudes toward rule violating behaviors, college freshmen, 20566
responsibility for proattitudinal vs counterattitudinal essay with aversive consequences, cognitive dissonance measuring motivational basis without attitudinal discrepancy, college students, 32822
satisfaction with guidance services, ethnic minority & majority college bound high school students, 1973–86, 27775
school & classroom climate, student attitudes & achievement & teacher job satisfaction, 8th grade mathematics teachers & students, Netherlands, 17238
school attitudes & achievement, junior high & high school students, England vs Japan, replication, 13604
school environment preferences, 13–16 yr old secondary school students, England, 13560
school related attitudes & perception of school environment, adjusted vs anxious extraverted vs introverted 12 yr olds, Australia, 34689
schoolwide enrichment model, attitudes toward learning & teaching & extent & quality of creative productivity, K–6th graders & elementary school teachers & parents, 38108
science lessons with vs without presentation of instructional objectives, attitudes toward science, 7th graders, Nigeria, 10085
self & teacher perceived academic ability & behavior & social skills & anxiety, learning disabled students in resource rooms or special day class programs, 13653
self contained vs integrated class, self vs peer rated social competence & feelings about school, gifted 5th–10th graders, 31177
self perceived masculinity vs femininity, science attitudes & achievement, male vs female 11 yr olds, England, 3 yr followup, 13578
self perception & attitudes toward school, academically at risk 7th graders, 31140
seriousness of error, severity of judgment, native French- vs English-speaking teachers of French- vs English-speaking college students taking advanced vs beginning French, 6746
sex & area of science achievement, attitudes toward scientific research, gifted high school students, 10235
sex & attributed expert status, ratings of counselor supervisor's competency, male vs female counselor trainees, 17072
sex & grade & academic performance, cooperative attitudes, 3rd vs 5th vs 7th graders, 31151
sex & locus of control, attitudes toward & performance in discussion oriented course on behavioral science topics, 1st yr medical students, 17069
sex & mathematical ability & verbal intelligence & technical family background, attitudes toward craft & design & technology studies, high school students, 27653
sex, cognitive development & approaches to learning & perception of knowledge, college students, 41274
sex, evaluation of male vs female faculty performance & effectiveness, college students, 27518
sex knowledge & attitudes, Chinese medical students, Hong Kong, 13306
sex of coach & team win-loss record, evaluation of & perferences for coach, female high school basketball players, 17242
sex, perceptions of females in management, college student business majors, 24341
sex, ratings of ideal teacher, Japanese American vs Caucasian American college students, 24104
sex, reasons for attending college, college students vs their parents, 13562
sex stereotype related mathematics attitudes, choice of math electives, female 11th–12th graders, 17233
single sex vs coeducational Catholic high school, achievement & attitudes & behavior & sex differences, high school students, followup study, 31064
smoking & academic specialty, mental health & smoking attitudes, male college students, India, 36373
social & emotional & attitudinal factors, achievement & participation in mathematics, male vs female junior high school students, South Africa, 3208
social & financial & academic factors, perceptions of retention/attrition at White university, Black college students, 27628
stages of concern during participation in developmental reading course, college students, 3285
status of male vs female & professor vs student, appropriateness of self disclosure, college students, 38170
stress & family background & school activities & attitudes toward school, homeless hotel children in 7th–9th grades, 41296
student beliefs, mathematics achievement & teaching methods for encouraging healthy beliefs, elementary school teachers & their students, 34651
student characteristics, attitudes toward & participation in school & school activities, 11th–12th graders, 41297
student counselor ratio & size of student population, perceived effectiveness of guidance programs, students & parents & school staff, 27753
student interest & purpose & choice in literacy curriculum, reading comprehension, 4 & 7 yr olds, 3154
student vs mothers' causal attributions, school performance, 12–13 yr old 7th graders, Japan, 34667
study abroad, attitudes toward other cultures, college students, 24083
study habits & attitudes, reverse transfer vs native community college students, 31156
subjective meaning of success, high vs low achieving Chinese 14–17 yr old females, Hong Kong, 24059
teacher efficacy & student self & task related beliefs in mathematics before vs after transition to junior high school, teachers & students, 2 yr study, 34691
teacher gender & student assessment of teacher sex role orientation, student attitudes toward learning, male vs female college students, 34703
teacher immediacy & use of prosocial vs antisocial behavior alteration techniques, ratings of compliance likelihood, college students, 20553
teacher intervention program, attitudes toward science as career, teachers & male vs female 9th graders, 31065
teacher student relationship, academic achievement in secondary schools, adolescents, 3183

teacher training, student perception of classroom environment, math teachers & 2nd graders, Netherlands, 13467
teacher's reading & writing instruction orientation & beliefs, conceptions of reading & writing, preschool students, 41310
teaching using phases of learning cycle method, physics attitudes & achievement, 11th–12th grade physics students, test of theory by R. Karplus & H. D. Thier, 3156
televised intraparty debates, candidate preference during presidential campaign, college students, 36318
terminal care education, attitudes toward dying & bereavement & knowledge of abnormal grief, medical students, 13374
traditional vs generative teaching method, attitudes & cognitive dispositions, 8th graders, 34603
training about philosophical characteristics of science, objective orientation toward psychology, 18–40 yr old college students with different majors, 34690
type of problem, willingness to seek help from school counselor, high school students, 31280
typology of deterrents to participation in basic education, low literate adult students, 20467
undergraduate course on adolescent development, storm & stress beliefs about adolescents, college students, 10066
university's alcohol policy, perceptions of own & others' drinking behavior & attitudes toward use of alcohol, college students, 17209
use of humor, student attention & enjoyment & performance & classroom environment, teachers, 38072
use of Likert type vs multiple choice vs written paragraph vs structured interview format, assessment of sources of beliefs about science & technology & society, 12th graders, Canada, 24075
utility of Individual Classroom Environment Questionnaire, assessment of perception of classroom learning environment, students & teachers, 41358
validity of Statistics Attitude Survey, college students in freshman statistics class, 34842
values, college students at Christian liberal arts college vs state university, 24073
valuing of mathematics & perception of teacher's supportiveness, 6th graders before vs after transition to junior high school & their teachers, 41301
verbal presentation of atypical vs typical attributes of scientist, stereotypical drawing of scientist, male vs female 5th graders, Ireland, implications for science education, 27652
views on students' poor discipline, college teachers vs students, India, 10166
well vs poorly designed computer assisted instruction in technical writing, computing behavior & quality of prewriting & attitudes, junior & senior level college students, 13474
word processing program vs pen & paper, attitudes toward writing, 7th graders, 27636
workbook tasks vs computer game exercises, ratings of effectiveness & interest level of vocabulary instruction & time on task & achievement, college students in developmental reading course, 34706
4MAT system of instruction, achievement & retention of learning & attitudes, 3rd graders, 6719

Student Characteristics [See Also Student Attitudes]
academic behaviors & satisfaction & use of time & other variables, attrition & academic success, college students at technological university, 17234
academic specialization, mental health, graduate students, India, 3245
academic vs intrapersonal vs interpersonal factors, prediction of academic success vs failure, medical students at risk for dismissal, 17043
accuracy of patient demographic & personal information elicited during medical interview & student characteristics & attitudes & self perceived competence, 3rd yr medical students, 3000
achievement motivation & creativity & performance, disadvantaged vs nondisadvantaged 14–18 yr old students, India, 3212
"acting" or group resistance to teachers at beginning of school yr, low income preschool through 3rd graders, Hawaii, 13563
age & grade & parental educational & occupational-level, Wide Range Achievement Test score & WISC-R IQ & Gates MacGinitie reading tests performance, 10.6–17 yr old middle school students, 20531
age & sex & race & degree of hearing loss & perceptions of teacher & class environment, mathematics achievement, hearing impaired adolescent students in self contained vs mainstream classes, 17264
approach to applicant selection for master's & doctoral programs in marriage & family therapy, 30863
aural/oral modality & spontaneity & vervistic experience preferences, classroom behavior, Black students, 20539
behaviorist theories of motivation & learning strategies & research on individual differences, students, educational implications, 31153
character training & importance of teacher as role model & guide in education, 38044
characteristics & educational needs, high vs average cognitive ability learning disabled 4th–6th graders, 27665
characteristics & needs, vocationally talented high school students, 34677
characteristics, senior medical students specializing in child psychiatry, 3016
cognitive & psychological & traditional variables, prediction of freshmen yr GPA, female college students, 41271
cognitive preferences & background & science achievement, 12th graders, Israel, 6742
communicational dynamics & learner characteristics, strategy training, learning disabled students, 24195
computer assisted learning packages, matching tasks to students, infant & junior students, England, 27588
conceptualization & testing of theory based causal model of disciplinary offender status, college students with offender vs nonoffender status, 41305
consumption of alcohol & probation vs noprobation status, male vs female 1st yr college students enrolled in agriculture vs arts & sciences vs engineering vs business administration, 38162
correlates of continuing education course satisfaction, bankers, 6875
demographic & academic & other characteristics & intended major in college, SAT-M scores, female college bound high school seniors, 20507
demographic & health related & motivational & behavioral characteristics & educational programs, educable mentally retarded 5–12 yr olds, 27685
demographic & motivation factors in decision to begin graduate training & perception of roles & goals & expectations, 1st yr doctoral students in APA approved counseling psychology programs, 6634
demographic & psychosocial & classroom environment factors, stress & burnout levels, gifted & talented 5th–9th graders, 13626
demographic & treatment variables, help seeking behavior at university counseling center, Black students at predominantly White university, 10312
emotional & cognitive & cultural factors, achievement, Sioux Indian 2nd & 4th graders, 3203
employment & personal problems & effort & reading skills & persistence, prediction of academic success, community college students, 31122
expectancy & affective & behavior responses to request for academic help from student due to low effort vs ability vs illness, K–12th grade teachers, 20565
field dependence & external locus of control & impulsivity, achievement & adjustment, college students, teaching implications, 13586
Group Embedded Figures Test & Myers-Briggs Type Indicator scores & demographic characteristics, business students, 10143
individual & dyadic & group & classroom variables, cross race friendship choices, Black & White 4th–7th graders, 38168

intelligence & academic achievement & SES & interpersonal problem solving skill measure, prediction of peer- & teacher-rated social competence, 1st–2nd graders, 24103
intelligence & creativity & fluency & flexibility, undisciplined behavior during examinations, college students, India, 3341
intelligence & SES, disciplined vs undisciplined behavior, arts vs science college students, India, 13569
interpretations of similar behaviors in students labeled successful vs unsuccessful in regular & special education classes, teachers, 6785
IQ & academic achievement & behavioral adjustment & peer relations, intensity & frequency of crises needing disciplinary time out intervention, severely emotionally disturbed 13–21 yr old students, 20683
learner characteristics & teaching strategies requiring learner generations & elaborations, academic achievement in large class settings, college students, 10058
lesson evading & dissembling vs engaging & rejecting ego strategies in classroom, elementary school students, 3 yr study, 38169
locus of control & stress level, academic achievement, male vs female high school seniors, 27602
long term goal preference & nontraditional learning style & ability to deal with racism, prediction of counseling service usage, foreign college students, 27754
Machiavellianism, strategy of power attainment, college freshmen vs upperclassmen vs graduate psychology students, 13584
meaning of alternating languages in ongoing bilingual discourse in classroom & communicative competence, bilingual students, implications for bilingual teachers, 10139
medical characteristics, educational & behavioral programming, students with spina bifida, 24161
need for recognition & cultivation of creativity, higher education students, 41250
noncognitive assessment criteria, medical school students, North America, 34503
noncognitive characteristics, teacher expectations for & prediction of academic achievement, male vs female 3rd & 4th yr junior school students, England, 24037
own attitudes & perception of views of others, choice of academic specialization in psychiatry, 19–32 yr old medical students, Canada, 41111
path analytic study of ethnicity & gender & family background & ability & motivation & quality of instruction & study time, academic achievement, high school students, 13538
perception of desirable vs undesirable personality traits of creative students, 18–55 yr old preservice vs inservice elementary school teachers, India, 10027
personal background & educational aspirations & psychosocial factors & institutional integration, probability of transferring from 2 yr to 4 yr college, junior college students, 38182
physical attractiveness of male vs female students, perceptions of sociability & popularity & academic brightness & confidence & leadership qualities, teachers of 11–12 yr olds, Wales, 17113
prediction of persistence & attrition at predominantly White university, Black vs White students enrolled under normal conditions vs special consideration for educational & economic disadvantages, 10159
predictors of alienation from university life, foreign college students, US, 13603
preinstruction conceptions of electrical circuits, teachers' development of physics instructional strategy, 6th vs 8th graders, France, 3133
prior knowledge & student sex & social class & physical attractiveness, bias in assessment of written work, examiners, 13684
psychological type & ego development & educational aspirations, kinds & sources & delivery systems of course choice information, college freshmen, 27579
psychosocial characteristics & role of mentor, high school students in residential therapeutic college preparatory program, 38251
race & testing program scores & financial aid & attrition/persistence, prediction of GPA, male vs female economically disadvantaged college students, 13550
racial identity & self efficacy & vocational interests & college environment vs SAT & college & high school GPA, completion of BS degree, Black computer science & engineering students, 10138
secondary school behavior, predictability of career behaviors, Ss followed from high school to age 27 yrs, 34864
SES & allocation & use of teaching resources & class difficulty, class composition & teaching methods & achievement, 1st grade reading students, 13473
SES & sex & perceived scholastic identity & academic achievement, teacher student interaction, 1st graders & their teachers in educational priority area vs traditional classrooms, Netherlands, 17237
sex & IQ & grade & birth order & SES & family size & intactness, reading & mathematics achievement, 6–14 yr old Anglo vs Black vs Mexican American public school students, followup study, 34652
sex & roommate characteristics & residence hall racial composition & high school grades, performance & persistence, Black students at predominantly White college, 31141
stability of test anxiety & learned helplessness & future academic achievement, 3rd graders retested in 5th grade, 2 yr study, 24039
student characteristics & course content factors, performance outcomes in training programs, Air Force personnel, 3462
student characteristics & psychiatric career selection, medical students, 30932
student characteristics, attitudes toward & participation in school & school activities, 11th–12th graders, 41297
student characteristics, career counseling strategies & activities, high school students, 3327
student characteristics, prediction of success in mathematics course, college students, 10136
student characteristics, preparedness for taking sexual histories, 1st year medical students, 38032
student locus of control & personal constructs, teachers' use of behavioral alteration techniques in classroom management, college students, 20568
student self concept & locus of control & temperament, perceived teachability of learning disabled vs nondisabled students, 3rd–6th grade teachers, 20432
student sex & ability & SES, effects of error marking rates on percentile rank shifts on Progressive Achievement Tests, commentary, 3339
student's level of mathematics achievement & sex, interaction patterns, 7th & 10th graders & teachers, 27648
teacher behavior, academic achievement in compensatory education, low achieving & low SES students, 3 commentaries & reply included, 17251
traditional vs generative teaching method, attitudes & cognitive dispositions, 8th graders, 34603
validity of Willingness to Communicate scale, prediction of classroom participation, college students, 20667
visual analysis of student data vs characteristics vs classroom conditions, evaluation of educational intervention for mentally retarded students, special education teachers, 38209
working experience & conditions & demographic & student characteristics, self reported stress, male vs female 21–53 yr old teachers, Nigeria, 41201

Student Personnel Services

alcohol & drug abuse education & treatment programs, college students, 27772
approaches to PTSD after college campus violence, student personnel professionals, 41388
community outreach program sponsored by hearing impaired college students, knowledge of mainstreaming & postsecondary education options, parents & their hearing impaired children, 38262
computer based educational support center, academic performance, college students with physical or learning disabilities, 17281

confidentiality & paternalism & astronomy & beneficence & nonmaleficence in treatment, substance abusing college students treated in campus facilities, 27795
counseling psychology internship program at university counseling center, predoctoral interns, 17076
design & implementation & use of performance appraisal system, staff development, student affairs administrators & staff members, 20433
developmental needs during late adolescence & psychotherapy facilitation & procedures & sense of mission at college counseling center, college students, 31327
developmental programs to assess & serve special needs, male college students, 13722
division of professional labor in 5 level model of school counseling, school psychologists & guidance counselors & teachers, 38280
factors affecting failure to keep mental health intake appointment, college students, 31275
influential factors, adoption of project goals & activities, college student affairs organizations, 10263
institutional ethos & parent student university relationship, student affairs professionals, 17302
leadership roles in college student personnel services, males, 13693
life events & locus of control & illness behavior, psychological & physical symptoms, 1st yr college students at student health service, 13744
mental health consultation, school systems, 24206
multidisciplinary model for prevention & treatment of bulimia on college campuses, 38275
multifaceted approach to prevention & identification & treatment of bulimia on college campuses, 38253
needs & role of student services, subpopulations of male college students, 13564
needs assessment surveys, measurement of use of counseling center group & workshop services, college students, 27749
outreach & assistance programs & individual & group treatment, adult children of alcohol or substance abusing parents & substance abusing college students, 27812
peer counseling program, contact with counseling center, Black & Hispanic college students, 31294
peer educators in counseling center's treatment & prevention program, eating disorders, female college students, 38305
perceptions of student counseling center, college students, South Africa, 13750
physician intervention in university health service, cigarette smoking, college student smokers, 20684
preventive mental health consultation, college campus discipline, 20673
preventive relationship enhancement training by paraprofessional counselors, expressive self disclosure & empathic understanding skills, college roommates, 27816
programatic transition to college, learning disabled students, 6793
psychoeducational programing, academic & personal development, college student athletes, 17321
psychosocial development, students who worked as paraprofessionals in university orientation, 31276
ratios of school psychologists to students indicating professional growth & future demand, 1914–86, implications for professional training, 3076
school based early identification & student assistance program, risk of drug & alcohol abuse or suicide or other mental health problems, public school students, 38295
school based youth services program, prevention of problems, adolescents, 27786
school health clinic for addressing concerns about health & health problems & pregnancy & developmental tasks, adolescents, 10286
services & programs offered by 4 yr colleges & universities, learning disabled college students, 41356
sex, use of college counseling services, college students, Australia, implications for service design & counseling models, 17323
stress related diagnoses & obstacles to health care, foreign college students, 10265
student development, implications for student services professionals, 17309
thesis & dissertation assistance at counseling center, graduate students, 31250
training & staffing & accountability of student counseling services & need for self evaluation activities, university counselors, UK, 38274
training workshop on use of noncognitive variables with minority students in higher education, counselors & educators & advisors & personnel workers, 10036
utility of "Probability of the Adoption of Change' model in curriculum reform & student affairs projects, college students, 27543
utilization of college mental health services, student athletes, literature review, 31305
vocational needs & occupational reinforcers, decision to seek future employment in residence life, student affairs graduate students in & supervisors of residence hall live in positions, 10150

Student Protest [See Student Activism]

Student Records
difficulties in transferring nursery school records to primary school, maintenance of continuous environment, implications for elementary school personnel, 27600
issues on access to client files from educational psychologist perspective, 17317

braille literacy, education & eventual employment & quality of life, visually handicapped students, 41339
characteristics of examiner, validity of research literature on self reported drug use, elementary & high school & college students, 1972–82, 4926
classroom discussion series, affective needs, gifted students, 31203
cognitive & affective aspects of institutional learning & perception of demands & ability to meet them, students, 31112
cognitive communicative & physical & behavioral & emotional problems, reentering head injured students, implications for teaching strategies, 24121
computer assisted instruction, learning, students, literature review, 10084
computer based instructional program, creativity & higher level thinking strategies, students, 17159
construct validity & assessment methods, students with behavior disorders, 34783
Gifted Student Screening Scale & IQ scores, 1st–10th graders, 34839
home background & personal attributes, reading ability & academic performance, students from classes II or III or IV of senior secondary school, India, 38145
identification, gifted learning disabled students, 27691
Independent Living Project at special school, daily living & vocational skills, deaf & blind adolescent students, 10236
instruction in self directed thinking, gifted students, 34726
lack of representation in educational programs for gifted, Black students, literature review, 27664
overemphasis on least restrictive environment & need for more thorough assessment of educational needs & placement, visually impaired students, 27768
participation in L. S. Hollingworth's intensive enrichment program, gifted students, 40 yr followup, 31233
personality & mental stress reactivity, high vs low test anxiety students, conference presentation, 20561
point-in-time & point-of-view antecedent cues, perception of impact of life events on students, teachers & mental health workers, 41208
primary learning medium selection, teachers of students with functional vision, 41329
problems & promising practices, identification, disadvantaged gifted students, 27724
QUERIOUS expert system using functional analysis & Socratic methods, teaching machine as consolidation of learning, students, 10094
rating scale using phonology & syntax & vocabulary & oral communication & fluency, evaluation of language competence in interpersonal interaction, adolescent 2nd language learners, India, 38264
reliability & interdistrict comparability of standards for minimum competency tests in states with local option testing, educationally marginal vs learning disabled or mildly handicapped students, 20661
rural environment, special education provision, gifted students, 27735
selection & application of TV literacy material, gifted students, 31184
social & motivational bases, mathematical understanding, students, 20514
strategies to enhance test performance, urban at risk students & their teachers, 38285
suicidal behavior in school settings, elementary vs junior high vs high school vs college students, 36751
teacher empathy & congruence & positive regard, development & higher order cognitions needed in information age, students, 27635
test scores & orientation toward science, male vs female 11 vs 16 vs 19 yr old students, Norway, 13605
thought stopping, academic & social efficiency & reduction of stress & anxiety, students, 3247
Students T Test [See T Test]
Studies (Followup) [See Followup Studies]
Studies (Longitudinal) [See Longitudinal Studies]
Study Habits
achievement level, cognitive skills & study behavior & motivation, high school students, 13533
adventure game as instructional reading activity, reading & study skills, 6th graders, 13480
age & study time & text unit importance, study behavior & text recall, 5th–7th graders & 19–70 yr olds, 21962
age & task difficulty, strategies & allocation of time to achieve word pair recall, 1st–7th graders, Canada, 25446
Approaches to Studying Inventory vs Inventory of Learning Processes, assessment of study strategies, college students, UK, 20676
commitment attitudes & study behavior, prediction of academic achievement, college students, 34640
concept diagrams & related teaching in mainstream classes routine, concept acquisition & note taking, high school students with vs without learning disabilities, 10177
conceptual tempo, study skills & reading skills, 6th graders, 10131
contingency strategies, procrastination in personalized system of instruction course, college students, 34642
ease of learning judgment &/or feeling of knowing, allocation of self paced study time, college students, 14397
factor structure of Approaches to Studying Inventory, college students, Australia, 41371
factor structure of study skills & motivation & creativity as assessed by International Study Skills Inventory, male vs female Indian vs Anglo college students, Canada, 24229
factorial & concurrent validity of Study Attitudes and Methods Survey revised form, 10th graders, 20695
factorial validity of Study Attitudes & Methods Survey, 10th & 11th graders vs college students, 20660
field dependence & skeletal vs detailed instructor provided vs personal notes, factual learning & higher order cognitive processing of lecture material, college students, 10125
free study vs mnemonic conditions, acquisition & transfer of learning strategies, gifted vs nongifted 5th–6th graders, 10228
general vs reading discrimination vs study skills training, reading achievement & problem solving & cognitive style, college students with poor reading skills, 6787
generation of own notes with vs without teacher provided outline vs copying teacher notes, performance on test of course content, high school geography students, Nigeria, 20525
high school & 1st yr college GPA, male vs female college students enrolled in August vs September vs January sessions of study skills program, 13658
homework attitudes & time spent & family help, elementary school students, China vs Japan vs Taiwan vs US, 34674
identification & rank of importance of learning strategy components for high school programs, experts in learning strategies & study skills, 38134
integrated study strategy system using self assigned writing, learning & essay test performance, college students in psychology course, 20484
learning strategies program using tutorial & team teaching, generalization of special education skills in mainstream classes & independence & achievement, learning disabled 9th & 10th graders, 34753
metamemory & strategy use & performance in free recall task, 1st vs 4th graders, implications for organization of materials during study to facilitate performance, 34625
microcomputers in study skills instruction, mildly handicapped students, 27681

mnemonic imagery vs free study conditions, recall of science information from text in immediate or delayed or transfer tasks, 6th graders, replication, conference presentation, 24072
motivation & goal orientation & perceived value & choice of deep vs surface level study strategies for reading expository text, 8th graders, commentary, 31114
motivation & goal orientation & perceived value & choice of deep vs surface level study strategies for reading expository text, 8th graders, commentary, 31130
motivation & goal orientation, perceived value & choice of deep vs surface level study strategies for reading expository text, 8th graders, 31135
motivation, effectiveness of study skills instruction, students, 27630
note taking & review, academic achievement, students, 3191
notetaking skills instruction, secondary school students with mild learning handicaps, 27667
paraphrase vs question formulation vs comparison or contrast vs matching type exercises based on topically related passages read after target task, recall of target task, 10th graders, 20466
personal involvement with & source credibility & argument quality of career & study skills information, attitude & behavior responses, college students, 10308
reading & language & mathematics & spelling achievement & study skills, mixed handed 3rd–4th graders, 41278
reading & study techniques for GRE subject tests, 10299
real time graphic display & simultaneous interpreting & paid note taking, perceived helpfulness, hearing impaired college students, 27737
review of own vs instructor's notes & higher order practice questions, factual & higher order learning, college students, 3193
self instructional & self management training, 11 yr olds with reading comprehension problems, 20486
self regulation of study time prior to test of factual information in reading passage, 3rd–4th graders, 20510
semantic mapping strategy, memory for content area & reading comprehension, students with & without learning disabilities, 27730
sentences with precise vs imprecise elaborations, self estimated vs actual sentence recall before vs after studying or testing, college students, 342
strategies for enhancing study skills, learning disabled secondary school students, 41321
study habits & attitudes, reverse transfer vs native community college students, 31156
study instruction package, spelling assessed by tests & written work & teacher ratings, learning disabled 8–10 yr olds, 13628
study of strategies for learning spelling, 3rd–4th vs 7th–8th graders vs college students, 38153
study skills & nonverbal problem solving, high school students, Spain, 24080
study skills instruction, disabled students, 27696
study skills instruction in secondary curriculum, learning disabled students, 27734
study skills instruction of learning strategies, learning disabled college students, 27684
study strategies in introductory psychology courses, 10123
subjective comprehension abilities, effect of graphic organizer designed to induce text review on reading comprehension, 10th graders, 20499
systematic training of study skills, passing psychology part of college entrance exam, foreign students vs adults with minimum of formal education, Norway, 17202
teaching of title & main topic & subtopic & detail selection & format, outlining achievement as reading study skill, learning disabled male 15–17 yr olds, 41313
text summarization skills & strategies, hearing impaired vs unimpaired college students, 5755
text underlining or highlighting or note taking during studying, concept importance & learning & recall, low vs high ability college students, 31142
theoretical perspective of inventory, assessment of school learning & study habits, college students, 20712
training for independent strategies for efficient study, learning disabled students, 27727
training in topic comment study technique, quality of note taking & subjective learning study of expository text, college students, 3120
training, text annotation & underlining & studying efficiency, college students, conference presentation, 24012
validity of International Study Skills Inventory, college students, France, school psychology implications, 24242
value of overt & covert encoding & rehearsal study behaviors, learning of expository text, college students, 17191

Study Skills [See Study Habits]

Stuttering

acoustic correlates of self perceived typical vs imitated stutterings, 19–63 yr olds, 1950
apraxic speech characteristics, stuttering vs developmentally apraxic vs normal speaking 4–9 yr olds, 40001
articulation & disfluency & language & voice & hearing & other characteristics, stuttering with moderate vs severe communication deviations vs nonstuttering 1st–12th graders, 8970
attitudes toward speech, stuttering 18–72.2 yr olds, 5569
auditory processing on competing message task, 21–68 yr old stutterers, 36954
bilateral auditory clicks & sustained phonation at constant pitch & intensity, auditory laryngeal reflex measured by voice frequency signal averages, stuttering 18–40 yr old males, 16011
competing left hand task, sequence initiation in right hand finger tapping to visual display, stuttering 20–40 yr olds, implications for interhemispheric communication, 29839
comprehensive therapy with individual remedial work, stuttering preschoolers in day hospital setting, 12941
concept of fluency & application to stuttering research, 33439
contrastive stress, stuttering & fundamental voice frequency, adults, 19472
data analysis method, dichotic listening advantages, adult stutterers vs nonstutterers, 35212
development of screening procedure for referral by physicians to speech pathologist for treatment of stuttering, 4–7 yr olds, 30556
dichotic word test, ear preference, 18–36 yr old males vs females with mild vs severe stuttering, 29827
differential diagnosis vs individualized treatment case selection strategies, children at risk for stuttering, 30552
diverse cultural & linguistic environments, research on & treatment of stuttering, minority ethnic groups, 29838
EMG assessment of jaw & lip & neck muscles during disfluency, 20–50 yr old stutterers, 33448
epileptic seizures, recovery from stuttering, male 5.1 yr old with congenital myolomeningocele & hydrocephalus, case report, 26423
focus on physiological vs psychosocial aspects in research on stuttering, 40342
genetic linkage, families with stuttering & bipolar illnesses, 25984
graded airflow with relaxation & EMG biofeedback followed by discriminative stimulus control, 19–38 yr old stutterers, 1–42 mo followup, 40822
hand use in tasks involving bimanual cooperation, right handed adult stutterers, 36960
handedness & eye & hair color & sex, disfluency severity, 7–57 yr old stutterers, implications for hypopigmentation & testosterone etiological factors, 29828
handedness, stuttering adults, 26431
hypnosis, stuttering as genetically predisposed disorder of speech motor control, literature review, 23465
imbalance in bilingual stuttering, English & Igbo speaking 16–40 yr olds, Nigeria, 8966
incidence of other speech & language & learning problems, 15–78 yr old stutterers & their families, 1949
interclinic discrepancies in identification of fluent vs stuttered syllables, experienced clinicians, 8963

intonation & rhythm intervention strategy based on paralinguistic rules & using physical movements, male 5 yr old stutterer, 40821
knowledge of or attention to stuttering or speech difficulty, scores on Perception of Stuttering Inventory, nonstuttering college students, 26428
microcomputer based simulation training, intervention with preschool stutterers, student speech clinicians, 38008
modified regulated breathing method & easy speech & parental attitude modification, percentage of stuttered syllables & speech rate & severity ratings, 6–9 yr olds who stutter, 6 mo followup, 37586
nonspeeded response conditions, sequence reproduction performance deficits on visual display unit, 18–46 yr old male stutterers, 36961
perceptions of personality traits of child & adult stutterers, speech language pathologists, 37998
physical & emotional & listener reactions & insights gained during simulated stuttering, female nonstuttering graduate students in speech language pathology, 40340
precision fluency shaping vs comprehensive stuttering program, treatment of stuttering, 27039
pretreatment & posttreatment predictors of relapse & outcome, stuttering 17–60 yr olds treated with behavioral vs dynamic psychotherapy, 16274
rate of fluent sentences with vs without surrounding instances of stuttering, relative timing of speech, stuttering 18–35 yr olds, 16015
ratings of stutterer wearing vs not wearing T shirt with message concerning stuttering, college students, 1951
reading time per word & per syllable in oral vs silent reading, stuttering 23–45 yr olds, 26418
receptive & expressive language skills, 5–9 yr old stutterers, 36950
reciprocal nonfluencies in mother vs father vs peer dyads, 2–6 yr old stutterers, 29836
regulated breathing method, stuttering reduction in phrase reading & spontaneous speech, 17–58 yr old clients, 2 & 3 & 8 mo followup, replication, 12944
respiration vs phonation vs articulation, fluent & nonfluent speech utterances, stuttering 19–28 yr olds, Netherlands, 5568
response contingent stimuli, stuttering & speech disfluency, literature review, 16510
role of school psychologist, development of classroom communication, stuttering students & their teachers, 3288
self rating of speech naturalness, 22–30 yr old male stutterers, 33440
source of glottal volume velocities in dysfluent speech, perception of neutral vowels, stuttering adults, 12322
speaker eye contact, perceptions of personality, college students, implications for stuttering & therapy, 26414
stimulus onset asynchrony, temporal order judgment vs dichotic listening, 18.5–56.0 yr old male stutterers, 33443
stuttering like behavior while playing flute in competitive situation, stuttering adult female, case report, 26426
stuttering theory & research & treatment, 1982–87, 26413
susceptibility to delayed auditory feedback, male vs female stutterers vs nonstutterers, Japan, 5565
synopsis & portrayal of stuttering in children's fiction, implications for speech therapy, 36949
syntactic boundary location, speech timing & stuttering frequency, adult male stutterers, 8962
temporal aspects of respiratory & articulatory & laryngeal coordination during fluent speech, stuttering preschool age children, 16009
transference & countertransference in psychotherapy, stuttering, 19 yr old female, Israel, case report, 12662
unilateral & tachistoscopically presented concrete vs abstract words, reading RT, stuttering vs nonstuttering adults, 8967
validity of predictors for treatment success, stuttering patients, commentary, 30154
variables affecting speech therapy delivery, stuttering Mexican American vs Black vs White K–5th graders, 2 yr study, 38217
verapamil treatment, 30–70 yr old stutterers, 30409
visual vs auditory stimuli paired with verbal vs nonverbal tasks, hemispheric asymmetry of alpha wave suppression, 10–15 yr old right handed stuttering males, 29832
visual vs auditory vs somatosensory stimulation, laryngeal premotor & adjustment & RTs, 15.5–40.8 yr old stutterers, 33433
vocal jitter & shimmer measures of fluent phonations, 12–46 yr old stutterers, 36958

Subcortical Lesions [See Brain Lesions]

Subculture (Anthropological)
educational progress & behavior & social & emotional adjustment, primary school children of travellers subculture, Ireland, 10119
effect on opiate policy, overprescribing physicians & members of drug subculture, Great Britain, 12213
nature of & role of symbolism & ritual in & norms & attitudes about & control of deviance in sport subculture, male rugby players, 17500
psychodynamics of hustling or selling of homosexual favors & homophilia, bodybuilders, 36765
psychotherapy as subculture of shared ideology & beliefs in self enrichment & actualization, 23169
shared paranoid belief system & cognitive subculture, members of sectlike group, 22606
urban vs rural vs tribal subculture & SES, locus of control & creativity, 10–13 yr old males, India, 1105

Subjectivity [See Objectivity]

Sublimation
trickster as mythic figure with polarized traits of eroticism & innovative cultural achievement, 8225

Subliminal Perception
briefly presented semantically related vs nonrelated masked priming stimuli, identification & recognition of primes, college students, implications for subliminal perception, 28228
discrimination procedures & role of subliminal stimuli, awareness & unconscious & implicit learning, commentary, 38873
functional brain asymmetry & affective auditory subliminal stimuli, affective rating of self & blurred neutral face, 8–12 yr olds, 29099
primes & mask & targets, subliminal semantic priming effects, college students, 21195
unconscious perception of "context" words, memory illusion, college students, 31882

Subliminal Stimulation
combined hypnosis & subliminal therapy & paradoxical intention, agoraphobic 27 & 33 yr old females, 27031
educative/support group with vs without subliminal psychodynamic activation, bulimic female college students, 26838
preconscious visual linguistic & symbolic cues & learning style & personality, academic achievement, male vs female college students, 10127
psychodynamic subliminal stimulation vs social support, test anxiety, college students, 10261
subliminal oedipal vs nonoedipal competitive stimuli, dart throwing performance, males, replication, 17742
subliminal primes & behavioral predisposition, prisoner's dilemma game, competitive vs cooperative male college students, 18892
subliminal stimulus, long term memory & EPs, adults, conference presentation, 18196
subliminal visual stimulation, dreams & images & hallucinations, adults, conference presentation, 3884
tachistoscopic subliminal message before presentation of female child with male vs female adult visual stimuli, defenses against evoked oedipal impulses, female college students, 36503

Submarines
cognitive simulation mathematical model of antisubmarine warfare commander, data fusion in estimation of enemy submarine tracks & interaction, experienced Navy personnel, 27981
health risks measured by hospitalization rates & diagnosis type, Navy submarine vs surface ship personnel, 1490

mental disorder hospitalization rates, Navy submarine vs surface-ship personnel, 30717
mental health outpatient morbidity reports, US Navy submarine personnel, 1972–83, 8582
Submissiveness [See Obedience]
Subprofessional Personnel [See Paraprofessional Personnel]
Substance Abuse [See Drug Abuse]
Substance P
acute vs long term methamphetamine, substance P concentrations & receptor numbers in brain regions, rats, implications for psychosis & schizophrenia, 28982
brain regional concentrations of substance P-like immunoreactivity, postmortem brains of elderly patients with Parkinson's & coincident Alzheimer's disease, 36995
chronic pain, caudally directed biting & scratching induced by intrathecal substance P with vs without naloxone vs fluoxetine vs phentolamine, mice, 4403
chronic trihexyphenidyl vs carbamazepine with vs without haloperidol, regional brain substance P, male rats, implications for affective disorders & extrapyramidal side effects, 11276
eledoisin vs physalaemin vs substance P in forebrain & midbrain structures, antidipsogenic effect on angiotensin induced drinking, male rats, 4423
genotypes deduced from polymorphic alleles of gastrin releasing peptide vs neuropeptide Y vs somatostatin vs substance P, patients with affective disorder vs schizophrenia, conference presentation, 1581
icv eledoisin vs substance P vs kassinin, icv angiotensin II induced drinking, cats, 28800
immunoreactive substance P in lumbar CSF, patients with chronic neurogenic vs idiopathic pain syndromes, 8980
intranigral dynorphin & substance P, dopamine metabolism & circling behavior, male rats, 4492
methionine enkephalin vs beta endorphin vs dynorphin, substance P induced aversive behavior, mice, 4472
neurotensin vs substance P vs neurokinin vs enkephalin in ventral tegmental area, operant responding for food reward, male rats, 32220
somatostatin vs substance P analog dosage to 4th vs lateral cerebral ventricles, EEG & stereotyped behavior, male rats, 39307
substance P in nucleus basalis magnocellularis, positive reinforcement assessed by conditioned place preference paradigm, rats, 14864
substance P into lateral ventricles or cisterna magna, locomotor activity & plasma catecholamines, guinea pigs, implications for mediation of opiate withdrawal response, 14820
substance P, schizophrenia & other mental disorders, literature review, 36703
substance P vs muscimol injected into basal forebrain, inhibitory avoidance learning, male rats, 7897
ventral tegmental area injections of neurokinin-alpha & substance P, behavioral activation mediated by dopaminergic cells, male rats in open field setting, 28815
5,7-dihydroxytryptamine vs 6-OHDA lesions of substantia nigra vs caudate putamen, substance P induced enhancement of passive avoidance retention, mice, 11124
Substantia Nigra [See Mesencephalon]
Subtests
age & interpretive tables for subtests of 4th edition Stanford Binet Intelligence Scale, test interpretation, 2–18 yr olds, 25513
canonical correlation between Verbal & Performance subtests of WAIS-R, adults, 7147
confirmatory factor analysis of 4 vs 2 or 3 factor models of Stanford Binet Intelligence Scale 4th Edition, goodness of fit to subtest intercorrelations for standardized age groups, 2–23 yr olds, 35224
construct validity of Luria-Nebraska Neuropsychological Battery Form I with WAIS-R subtests, intelligence assessment, adults with neuropsychiatric disorders, 31642
correlative & predictive relationships between Western Aphasia Battery subtests & aphasia quotient, 18–89 yr olds with aphasic impairment, 31576
determination of Associate Learning subtest as accurate measure & factor analysis of Wechsler Memory Scale, adults referred for psychiatric testing, 83
F-K index of MMPI as marker of symptom overreporting, Vietnam veterans with PTSD, 29560
factor analysis of Halstead Category Test & other measures in Halstead Reitan Neuropsychological Test Battery, paraplegic vs brain damaged 16–68 yr olds, 7073
Initiation & Perseveration subscale of Dementia Rating Scale, prediction of decline in cognitive ability, 53–88 yr olds with mild or moderate Alzheimer's disease, 31609
inter-subtest scatter in WAIS-R standardization sample, 16–74 yr olds, 14139
IQ conversion tables derived by B. H. Brooker & J. J. Cyr vs A. B. Silverstein's tables for Vocabulary Block Design subtests of WAIS-R, male psychiatric & neurologic inpatients, 14170
K-ABC subscale performance patterns, learning disabled 7–12 yr olds, 10639
nominal recall vs multiple choice administration of WISC-R Information subtest, 6.4–15.3 yr olds with developmental specific learning disabilities, 31684
proration of sum of scaled scores or subtest substitution, validity of WISC-R, children, 31666
question order & repeated testing using written vs computerized MMPI, item vs scale level effects, college students, 28052
reliability & validity of General Functioning subscale of McMaster Family Assessment Device, assessment of family functioning, 4–16 yr olds & their parents, 64
reliability & validity of WAIS subtests, meta analysis, 93
reliability of WAIS-R subscale difference scores, 16–85 yr old psychiatric patients, 35174
Rust Inventory of Schizotypal Cognitions vs Eysenck Personality Questionnaire P Scale, measurement of multiple schizophrenic/normal personality dimensions, college students, Venezuela, 11849
scores on auditory sequential memory subtests of WPPSI vs McCarthy Scales of Children's Abilities, 4.5–5.5 yr olds, 31572
self esteem measured by "Your Characteristics" section of Strong-Campbell Interest Inventory, 15–17 yr olds, 31570
statistical significance testing of subtest score differences, frequency of Type II errors in profile analysis of intelligence test scores, 7210
time pressure, performance on Eysenck Personality Questionnaire extraversion scale & WAIS subtests, 15–27 yr olds, 36492
validity of abbreviated reactive & neurotic hostility subscales of Buss-Durkee Hostility-Guilt Inventory & 4 other anger scales, parents of elementary school students, 31662
validity of behavioral correlates of MMPI Masculinity-Femininity scale, college students, 144
validity of Speed of Information Processing subscale of British Ability Scales, 6th graders, US, 38594
validity of 7 alcoholism scales of MMPI as screening tests, medical vs psychiatric vs alcohol or drug patients, 1865
1 yr test retest reliability of WAIS-R Verbal & Performance & Full Scale IQs, 50–84 yr olds, 38668
Suburban Environments
differential educational standards & grades & student satisfaction & responses of suburban students & teachers, low income Black 6–18 yr old students moving into White middle income suburbs, 20560
neighborhood helping system based on social group work, suburban families, 9705
performance vs verbal intelligence quotients, suburban vs rural 9–12 yr olds with parents in inbred vs outbred marriages, India, 18541
public housing vs suburban environments & crime & danger, parental attitudes & coping behavior, 19–65 yr old mothers, 22178
use & evaluation of places inside & outside of home, male vs female middle class suburban 8–18 yr olds, 18531

Subvocalization
EMG biofeedback, subvocalization effects on reading speed & comprehension, adult male, case report, 12780
Success [See Achievement]
Successive Contrast [See Afterimage]
Sucking
availability of nipples during suckling, performance on maze tasks, juvenile rats, 409
breast sucking rate & intersuck interval during feeding, 5–7 day olds, 32463
bucket vs artificial teat, milk intake & sucking behavior, dairy calves, 17997
changes of intake of solids, milk intake & sucking time, breast fed infants, 32349
daily occupational therapy, nutritive & nonnutritive sucking behaviors, high risk premature 3–35 wk olds, 34345
feeding techniques & sucking opportunity during infancy, childhood behavior, 46–75 mo olds, 32535
firmness & length & temperature of artificial teats, rate of sucking, newborn lambs, 3998
lithium carbonate, suckling, 9 day old rat pups, 39359
litter size, development of suckling behavior, 1–9 wk old lambs, 31982
milk consumption & sucking behavior, newborns who developed hyperbilirubinemia, 5573
nonnutritive sucking by pacifier, restlessness & alertness, preterm hospitalized infants, 27198
nonnutritive sucking, heart rate, preterm infants, 4569
nursing & sucking behavior, weight gain & growth rate, mouse & cat litters, 31997
obstetric medication, sucking & feeding behavior & behavior status, 2 day olds, 16627
opportunity to nipple shift during suckling, weight & volume of hippocampus, rat pups, 14668
quipazine vs methysergide & age, mouthing behavior, milk deprived vs nondeprived rat pups, 18326
removal of visual vs olfactory vs tactile cues, teat location & sucking, lambs, 4047
sensory determinants, nipple attachment behavior, 2–4 day old kittens, 7568
shift of cortical projection area by stimulation of frontal cortex, conversion from sucking to chewing, neonate guinea pigs, 21518
shortening vs lengthening of constant nursing bouts, weight gain & attachment latency & milk ejections & nursing position & dam directed behavior, rats, 35509
social facilitation & dam & milk availability, suckling behavior with anesthetized dam, rats, 35522
sucking patterns, assessment of neurobehavioral status, full term & healthy preterm neonates, nursing implications, 37649
suckling behavior & teat preferences & disputes, early neonatal piglets, 31963
suckling experience, methysergide induced nipple attachment, juvenile rats, 28897
suckling stimulation, male directed postpartum aggression, female mice, 21425
terminology for physiology of lactation & nursing & suckling & sucking, 684
Sudan
acquisition & use & content & organization of knowledge about agriculture, 10 yr olds, Sudan, 21957
behavioral disorders reported by mothers, 3–15 yr olds, Sudan vs Nigeria vs Sweden, conference presentation, 22688
cultural & social factors of "zar" spirit possession & trance cult, illness diagnosis & therapeutic redefinition of self & context of experiences, Muslim females, Northern Sudan, 5845
Sudden Infant Death
parent infant sleep contact during 1st yr, breathing stability & prevention of sudden infant death syndrome, application of anthropological perspectives, 2068
predictive value of clinical & behavioral risk factors for sudden infant death syndrome, parents of victims, 29920
sleep & respiratory characteristics, at risk infant siblings of sudden infant death syndrome victims, 33655
sleep organization & monitoring techniques, 4.5–7.5 mo olds at risk for sudden infant death syndrome & siblings, 23041
species specific neurophysiological & biochemical adaptations for language, pathogenesis of sudden infant death syndrome, literature review, 9140
Suffering
animal welfare & behavioral deprivation & suffering, 17937
atheistic-materialistic vs theistic-sovereign vs theistic-consoling perspectives on tragedy & suffering & relevance of near death experience research, 4802
behavioral signs & bioethical standards for prevention & relief of suffering & depression & distress, livestock, conference presentation, 21342
panetics as academic discipline for study of infliction of suffering, 17528
presence & communication of suffering, hospitalized children, 30613
suffering & anxiety symptoms, animals, conference presentation, implications for animal models of anxiety & anxiolytic drug development, 21350
Sugars [See Also Blood Sugar, Glucose]
age & body weight, preferred sweetness of lime drink & sweet food preference & sugaring habits, male vs female 6–65 yr olds, 201
age, infused sucrose solution & footshock conditioned aversion, 5–15 day old rats, 11133
atropine before vs after feeding session, real vs sham feeding of sucrose & meal size, female rats, 4441
cerebral infusion of endogenous sugar acids, feeding behavior & blood glucose & insulin, male rats, 25298
concentration of fructose solution pairs, "ratio" vs "difference" judgment of perceived sweetness intensity, 18–29 yr olds, Netherlands, 17718
concentration presentation order & intraoral delivery, sucrose intake, rats, 28852
conditioned taste aversion to sodium saccharin vs quinine hydrochloride, generalization to sucrose or other flavors, male rats, 10922
consumption of sweetened drinks vs water, types & amounts of food consumed, 2–5 yr olds, 35982
d-fenfluramine vs quipazine vs fluoxetine vs 8-hydroxy-2(di-n-propylamino)tetralin, sucrose sham intake, gastric fistulated rats, conference presentation, 25138
dextrose vs lactate vs isoproterenol, panic attacks, 18–58 yr old panic disorder patients, 22506
differential threshold & exponent for sucrose vs benzaldehyde taste perception, adults, application of S. S. Steven's equation, 215
dose of clonidine & food deprivation, sucrose or water intake, male rats, 39291
equiratio taste mixture model, prediction of psychophysical sweetness perception for sugars & sugar alcohols, college students, 7290
ethanol dosage with vs without sucrose, aversion to alcohol consumption, infant rats, 35865
fructose, transient decline of blood glucose & meal initiation, rats, conference presentation, 25312
glucose vs galactose vs sorbose vs fructose vs mannose, feeding behavior, intact vs eyestalk ablated fiddler crabs, 32137
hedonic values of isocaloric solutions & saccharin, learned sucrose flavor preferences, male rats, 21348
hyperinsulinemia vs hypoglycemia vs other factors, sugar induced hyperphagia, humans & animals, conference presentation, 18215
increased vs decreased serotonin level, classically conditioned inhibition of tarsal reflex to sucrose solution, drosophila, 925
macronutrient self selection diet vs chow & sucrose, hyperphagia & obesity, female rats, 21625
naloxone & sucrose concentration, sucrose sham feeding, gastric fistulated rats, implications for role of oropharyngeal stimulation, conference presentation, 25129
perception of & preferences for sweetness & creaminess & fat content of liquid vs solid dairy products, college students, 31762
polycose & sucrose appetite, 3–15 day old rats, 11057

polycose vs maltose vs sucrose, taste preferences, squirrel & bonnet monkeys, 17943
preferences for sweetened substances, male rats, 35426
proximity to refined sugar, grip strength reduction, adults, commentary, 3686
proximity to sugar, grip strength, 18–44 yr olds, replication, 31756
quality & intensity of maltose vs sucrose, generalization of conditioned taste aversions, rats, 3963
red coloring vs strawberry odorant, sweetness ratings of sucrose solution in sip & spit vs swallowing condition, college students, 38731
saccharin &/vs differential concentrations of glucose & sucrose & maltose, lick rate as measure of feedback effects & utility of rate vs volume as measure of ingestive behavior, male rats, 28409
single vs separate sites model, prediction of sweetness perception of glucose &/vs sucrose, food research laboratory employees, 14246
solution temperature, perceived sweetness of glucose vs fructose vs aspartame vs saccharin, young adults, 14237
sucrose & sodium chloride, intraoral intake & oral motor taste reactivity, decerebrate rats, 28765
sucrose &/vs salt, perception of sweetness & saltiness & total taste intensity, 18–26 yr olds, Netherlands, 31761
sucrose, activity level & cognitive performance, preschool & elementary school students, 4261
sucrose availability & oral amphetamine self administration, male rats, conference presentation, 25128
sucrose consumption, locomotion & task orientation & paired associate learning, 3.9–5.1 yr olds, 35997
sucrose solution concentration, licking patterns & preferences, young vs aged squirrel monkeys, 533
sucrose vs aspartame, appetite & food intake, adults, conference presentation, 18235
sugar taste reception, adults vs other mammals, 3705
sweet fluids, pain threshold & opiate receptor binding, male rats, 21758
test retest reliabilities of measures of sucrose taste perception, adults, 3606
time horizon & stimulus novelty & delay time in evaluation of saccharin vs sucrose solution feeding sources, rats, 21347
training with 32 percent sucrose solution shifted occassionally to 4 percent vs 4 percent solution only, negative incentive contrast in consummatory responding, red vs white eared opposums, 3948

Suggestibility
development & reliability & internal consistency of compliance questionnaire for work on interrogative suggestibility, 35128
individual differences vs experimental approach, differential responses to suggestibility from leading questions, witnesses, 22345
literal responses in hypnotic state, adults, 14488
memory & suggestibility, hospital staff & forensic patients, 11812
pseudocyesis accidentally induced by hypnosis & continued by autohypnosis & reversed by informal suggestion, 40 yr old male treated by hypnotherapy for smoking cessation, case report, 27028
reversed standard temporal order of events, suggestibility effect on memory of visual scene, college students as eyewitnesses, 28330
social psychological model integrating leading questions & negative feedback & coping strateiges, suggestibility in police interrogation situations, 22328
suggestibility & contingent vs noncontingent heart rate biofeedback, relaxation, college students, 21620
suggestibility & self vs E imposed vs absence of achievement standards, motor performance, college students, 14483
suggestibility, 12–14 yr old delinquent vs nondelinquent females, 8857
suggestion with vs without instruction to resist, motor reactions, high school students, 25463
yes/no recognition vs source monitoring test, eyewitness suggestibility effect, college students, 38908

Suicide
acceptability of suicide methods, college students, 26257
accidental death rates & suicide rates, India, 33309
accuracy of suicide statistics, Native vs non-Native Alaskans, 1983–84, Alaska, 19292
age & gender & geographical region, suicide rates, persons 15 yrs old & older, Canada, 8784
age & marital status, suicide rates, 1973–83, Scotland, 5424
age & region of residence, suicide mortality, females vs males 10–90 yrs old & older, Finland, 26265
age & sex & race, patterns of overt suicide & attempted suicide & intentional life threatening behavior, patients in long term care facilities, 20200
age & sex & seasonal variation in suicide rates, 1978–82, 19304
age, mortality rate & causes & risks including suicide, hospitalized patients with chronic schizophrenia, 10 yr follow-up, conference presentation, 33012
age period-cohort analysis, suicide mortality, 15–79 yr olds, 1946–85, England & Wales, 33353
age, suicide notes, 10–20 yr olds, 1978–82, Canada, conference presentation, 36792
alcohol abuse & suicide, 1922–80, Denmark vs Finland vs Norway vs Sweden, 12165
alcoholism & other disorders & suicidal ideation & suicide in custody, 12–65 yr old Aborigine prisoners, Australia, 19296
androgyny vs masculinity vs femininity, reasons for living, college students, implications for suicide prevention, 15838
application of E. Kubler-Ross's stages of dying, persons who commit suicide, literature review, 33312
assessment of cognition & adaptive behavior & academic achievement, detection of suicide risk, children with nonverbal learning disability, commentary, 22843
attempted suicide & eventual suicide, alcohol abusing patients, 10 yr study, 40270
attitudes toward & beliefs about & personal experience with suicide, college students, 8858
attitudes toward childhood suicide vs attempted suicide vs accidental vs viral illness death, community residents, 5403
attitudes toward suicide, college students, US vs New Zealand, 33261
automobile ownership, suicide by automobile exhaust, 1980, US, 33310
availability of psychotropic drugs, suicidal self poisoning mortality, 15 yr olds & older, 1971–84, Belgium, 40296
behavioral & emotional dissonance, 55 yr old White male who committed suicide, case report, 12137
behavioral & socioemotional & neuropsychological characteristics & risk of depression & suicide, adolescents or adults with nonverbal learning disability, conference presentation, 22863
beta adrenergic receptor density & binding characteristics in homogenates of prefrontal cortex, suicide victims, 5377
biochemical approach to identification & treatment of suicide risk, 22760
birth order & depression & suicide, college students, 32957
birth rate & proportion of females in labor market & gross national product, suicide & homicide rates, industrialized nations, 8812
blood serotonin levels, schizophrenic adult females who were suicidal vs not suicidal, 33017
Catholicism as indicator of social integration, suicide rates, urban populations, 8787
causes & knowledge of & prior experience with suicide, high school students, 5448
causes of & interventions for youth suicide, 12–20 yr olds & parents, 8827
certification & classification & cultural meaning of suicide, implications for suicidology research & causal analysis, 26214
changes in suicidal behavior & psychosocial functioning during hospitalization, 6–12 yr old psychiatric inpatients, conference presentation, 40994

characteristics & history, schizophrenic patients who committed suicide, Hong Kong, 29695
characteristics, psychiatric hospital patients who committed suicide, implications for prevention, 30735
client characteristics & serious suicide threat or attempt before admission, prediction of suicide, severely ill psychiatric inpatients, 15 yr followup, 5386
clinical & legal factors in psychotherapeutic treatment, suicidal patients, literature review, 37281
clinical consequences of restrictions on insurance benefits, suicidal 16 & 23 & 29 yr old hospitalized psychiatric patients, 9812
clinical estimation of suicide danger, 8818
clinical ratings of hopelessness, prediction of eventual suicide, patients with suicidal ideation, 26022
clinical risk factors for suicide, 22713
cognitive & rational emotive therapies, depression & suicidal tendency, 9323
cohort analysis of suicide rates, 10–69 yr olds, 1921 to present, Canada, replication, 26259
cohort effects & social support networks & suicide models, actual & attempted suicide, 16 yr olds & older, West Germany & Sweden & Switzerland, 26242
cohort vs age-period-cohort analysis, assessment of suicide rates, Canada, 19309
comorbidity of 1 or more psychiatric disorders, 11–19 yr olds who committed suicide, 22755
completed suicide, male vs female 14 yr olds & younger vs 15–19 yr olds, 1975–79 vs 1980–85, 22714
conceptual & methodological & sociocultural issues on suicide rates, Black vs White adolescents & young adults, 8792
concurrent validity of self report version of Scale for Suicide Ideation, patients with mixed psychiatric or affective disorders, 52
consolidation vs traditional primary health care clinics, health outcomes & suicidal ideation & behavior, 13–18 yr olds, 12 mo followup, 37614
content analysis of diary, 48 yr old female who committed suicide, 33333
control theory concepts in effective reality therapy, suicidal clients, 9335
corticotropin releasing factor immunoreactivity in postmortem cortical brain tissue, 24–57 yr old depressed suicide victims, 22519
corticotropin releasing factor levels in CSF, adult suicide victims, 26210
countertransference issues, hospitalized schizophrenic suicidal 17 yr old male, Israel, case report, 33799
cultural factors, atypical presentation of depression & suicide, 41–49 yr old Chinese females, Canada, 5115
culture specific factors & characteristics & patterns, cluster suicide, Plains Indian adolescent & young adult males, 8768
D. Foulkes's scoring system, assessment of latent content in genuine vs simulated suicide notes, 22732
deaths from overdose of dothiepin vs amitriptyline vs clomipramine vs lofepramine vs mianserin, suicidal outpatients, conference presentation, 30484
deaths from suicide vs natural causes, suicide attempters 10–60 yrs old & older, 8 yr followup, 5407
degree of functional disability & dependency & demoralization & suicidal ideation, adults, 19032
demographic & ideological correlates, attitudes toward suicide, adults, 12185
demographic & psychosocial & clinical characteristics, patients who committed suicide, Switzerland, 15870
demographic & psychosocial & clinical factors, suicide, depressed patients, 19177
demographic & psychosocial variables & psychiatric diagnosis, deliberate self harm, 14–82 yr olds, England, 18 mo followup, 33287
demographic characteristics & depressive symptoms vs diagnosed syndromes & suicidal communication & stressors & substance abuse, psychotic Ss who had committed suicide, 1959 vs 1982, 12174
demographic characteristics & reasons for & methods of suicide & attempted suicide, 10 to over 55 yr olds, 1973–84, Malaysia, 15863
demographics & psychosocial situation & love object relationship, suicide rates, Air Force personnel, 1981–85, US, 26292
denomination vs church attendance, prediction of suicide & homicide rates, 8814
depression & hopelessness & dysfunctional attitudes, suicidal ideation, psychiatric patients, 1683
depression & hopelessness & suicidal behavior, psychiatric patients, China vs US, 26222
depression & potential for suicide, schizophrenic patients, 26164
depression & suicide, traditional vs changing societies, conference presentation, 22458
depression, belief in myths about suicide, college students, 26263
desmethylimipramine, growth hormone secretion, depressed adolescents who had planned or attempted suicide, 22629
detection & treatment of suicide risk, 22–50 yr old psychiatric patients, 2192
development & evolution of psychological & psychiatric & sociological approaches to suicide research, conference presentation, 8810
development & validity of Suicide Attitude Vignette Experience scale, male vs female college students vs 57–86 yr olds, 38672
diagnostic & demographic & psychosocial variables, suicide rate, 18–71 yr old psychiatric inpatients vs patients discharged within 1 yr, Switzerland, 33325
dichotomies in suicidology research strategies vs types of suicidal individuals, 26260
disagreement between therapists & patient's subsequent suicide, 66 yr old artist M. Rothko & psychologist in late 20s, case reports, 33304
drug restriction laws, suicide by restricted drugs, UK & Australia & Japan, 33303
early developmental exposure to toxic radiation, epidemiology of homicide & suicide, 15–20 yr olds, 29727
early experiences & developmental variables, prognosis & severity & suicide, adults with borderline personality disorder, 15 yr followup, 8688
ecological & psychosocial correlates of suicide, 15 yr olds & older, US vs Hungary, 40243
economic problems & status dilemmas & doctor patient relationship, occupational stress & high suicide rate, 26–60 yr old dentists, 23849
emotional distress & physical health problems, parents whose child died by suicide vs accidents or disease, 15832
epidemiological studies of suicide, 22750
epidemiological surveys for studying behavior, meta analysis, 36784
epidemiology & risk factors, suicide, female vs male adolescents, literature review, 22754
epidemiology of & risk factors for suicide, adolescents & young adults, 1514
epidemiology of suicide among members & research proposals involving APA, psychologists, 34492
epidemiology of suicide, male vs female 10–19 yr olds, Canada, 1978–82, 1772
epidemiology of suicide vs parasuicide, 12121
etiology & psychological factors & prevention, elderly persons with suicidal tendencies, 15819
evaluation & clinical management of suicide risk, depressed females, 23121
evaluation of school based postvention program, teen suicide, high school teachers & school counselors & administrators, conference presentation, 24265
evaluation of suicide risk, adolescents in community settings, implications for intervention & prevention, 37730
eventual suicide, interrupted vs uninterrupted suicide attempters followed for 7 to 12 yrs after hospitalization, 12193
external vs internal stress & restraint, suicide vs homicide, test of A. F. Henry & J. F. Short's hypothesis, 5453

factors in suicide, Aborigines, 1957–86, Australia, 19295
family & developmental dynamics, suicide, adolescents, 1837
family reactions to suicidal death & social responses toward bereaved family, 21–61 yr old funeral directors, 33244
family violence & child abuse, emergency room data for record linkage of suicidal behavior, 13–17 yr olds, 36746
fanaticism & political suicide, understanding of terrorism, 22764
fatal & nonfatal suicide attempts, under 20–70 yr old & older general practice patients, 1979–86, Netherlands, 33259
fatal deliberate self harm, hospitalized patients, Sri Lanka, 5399
feelings & experiences & other grief reactions, relatives of suicide victims, 5475
fictional depiction of suicide in TV films, imitation effects, 15–24 yr olds who committed suicide, 1760
fluoridated drinking water & suicide & homicide rates, 1814
frequency of suicide, formerly hospitalized 5–14 yr olds, 4–15 yr followup, 5425
full & part time participation of married females in labor force, suicide & homicide rates, 19337
GABA binding sites in postmortem brain, 18–54 yr old depressed suicide victims, 22693
geographic variation in seasonality of suicides, Italy, 19307
geographical pattern of methods of suicide, females vs males, 1968–72 vs 1978–81, Belgium, 8824
group counseling, suicide prevention, adolescents at risk for suicide or who have already attempted suicide, 33936
group discussion, expression of feelings about suicide, elderly nursing home residents, 27238
gun control laws & gun ownership, suicide & homicide rates, US, 12147
handgun control laws & church attendance, suicide & homicide rates, 1980, 1813
handgun control laws, suicide rates, 5432
hopelessness & coping beliefs & depression & social desirability & approval, suicidal behavior, high school students & male juvenile delinquents, 40212
hopelessness & social desirability, suicidal manifestations, psychiatric patients with suicide ideation & male prison inmates, 40023
husbands' death through suicide vs accident, family functioning & life stress & psychiatric symptoms, widows, 12158
hypnotherapy, marriage or relationship conflicts or terminal illness or suicide, clients, conference presentation, 23475
identification of & interventions for risk factors associated with early suicide, patients with affective disorders, conference presentation, 22535
identification of risk & protective factors, suicidal vs nonsuicidal high school students & 13–19 yr old psychiatric patients, 19321
imipramine binding at various sites in post mortem brains, suicide victims, 26241
incidence of & reaction to patient suicide during residency, psychiatric residents, 2990
incidence of completed & attempted suicides, homosexual males & females, Australia, 12101
incidence of suicide, 70 member states of World Health Organization, 1972–84, 8767
increase of handgun availability, suicide rate, prevention implications, 33249
indices of suicide, identification of clients at risk, adolescents who had attempted suicide, 1790
indirect self destructive behavior & suicide, elderly, 33322
informant's affective symptoms & time since death, quality & quantity of data in psychological autopsy, parents & siblings & peers of 13–19 yr old suicide victims vs suicidal inpatients, 12099
Inhibitor & Excitor scales of MMPI, White male psychiatric patients who later committed suicide using guns vs barbiturates/carbon monoxide, 5430
intensity of depressive symptoms & lethality of current suicide ideation, adults with unipolar depression, 19195
internal consistency & factor structure of Hopelessness Scale, assessment of hopelessness & depression & health perceptions & suicidal ideation, depressed 58–82 yr olds, 3588
internalization of astrological sign traits, suicide ideation, adults, 8850
international sociodemographic trends in suicide & suicide attempts, 15–29 yr olds, 1960s to present, implications for interventions & prevention strategies, 40216
international suicide rates, 15–24 yr olds, 1970 vs 1980, 29 countries, 19303
interpretation & methodological issues in E. C. Trautman's research on suicidal fit, Puerto Rican adolescents & adults, US, implications for mental health programs & research, 22774
interrelationship of hypochondriacal & paranoid & depressive & suicidal symptoms, hospitalized psychiatric patients, Hong Kong, 15643
introversion & depression & relation to presuicidal syndromes & euthanasia, elderly, 5382
Iowa Record Linkage Study, psychiatric diagnosis & risk for suicide, patients admitted to hospital, 1972–81, 36730
irrational beliefs, psychotherapy patients with varied disorders 16 yrs old & older with vs without suicidal contemplation, 29484
J. Jacob's classification system, assessment of moral justification in genuine vs simulated suicide notes, 22725
knowledge about suicide, suicide conference attendees, 33262
knowledge of suicide fables & facts, college & high school students & nonstudents from different geographical locations, Canada, prevention implications, conferece presentation, 12144
language of journal articles on suicide & mental disorders, 1966–86, 32920
legal implications of "right to die" & suicide right, 12203
level of training in study of suicide, clinical psychologists, 41108
levels of hopelessness, risk for suicide & depression, 8 vs 12 vs 17 yr olds, 40028
life events & suicidal ideation & rate of help seeking & psychiatric morbidity & treatment, deliberate self harm, 19324
limitations & omissions in available suicide data, elderly, 33321
locus of control & suicidal ideation, psychiatric patients, 26301
low ascorbic acid intake & raised vanadium tissue levels, suicidal 46–54 yr old females, Sweden, 1808
low dose perphenazine vs phenelzine, 23 yr old female with borderline personality disorder & suicidal ideation, case report, 6142
magnitude of underreporting of suicide, 19300
magnitude of 1970 suicide rate, rate increase, 1980, 28 nations, 19302
maladaptive behavior & psychopathology as defense against suicide, 21–53 yr olds, 22711
malpractice liability in suicide, psychiatrists, 17079
materialism & selfcentered societal values, increase in suicides, adolescents, conference presentation, 36726
media publicized stories on suicide during period of war vs peace, suicide, 1910–20, 26307
mental strain & suicide & mortality rates, doctors, 38017
meta contrast technique vs color word test, prediction of suicide, depressive patients, 20 yr followup, 11916
methods of completed suicides, males vs females, 1968–72 & 1978–81, Belgium, 33326
morbidity & mortality, voluntary vs involuntary adolescent psychiatric patients, 4 yr followup, Canada, 20216
murder & suicide, female victim & cohabitating 67 yr old male with Alzheimer's disease, 30000
myths & cues & preliminary behaviors surrounding suicidal clients, ethical responsibilities, reality therapists, 26829
national vs international character, suicide & homicide rates, industrial workers, 8813
negative life stress & social problem solving & self appraisal, hopelessness, college students, implications for suicide research, 19272

neurobiological & psychosocial factors, prediction of suicide risk, 1518
neurochemical findings in postmortem suicide studies, literature review, 36804
neuropsychological characteristics & predisposition toward suicide, 12.8 & 15.8 & 23 yr old males with nonverbal learning disabilities, commentary, 22836
news media coverage of suicide, increases in suicidal behavior & need to publicize alternative coping methods, literature review, 33276
no duty to refer suicidal patients to licensed mental health professionals, nontherapist counselors, 39837
number of brain 5-HT/2 receptor binding sites, depressed suicide victims, 5381
onset of suicidal ideation in childhood & adolescence & risk factors for suicidal action, college students, 40205
outside evaluation of social & personal role function in suicide victims' families, college students, conference presentation, 36808
parasuicide rate, Asian 19–24 yr old females, 1980–84, England, commentary, 29709
parental depression, academic & social & mental health problems & risk of suicide, children & adolescents, primary prevention implications, 20121
parental loss during childhood & later suicide, study of biographies & autobiographies of famous people, 40242
parental loss through murder or suicide, overanxious & dysthymic & conduct disorders, 0–12 yr olds, 19314
patient & suicide characteristics, 14–25 yr olds, 26270
patient's chronic severe depression vs physical pain vs terminal bone cancer, acceptability of suicide, college students, 19279
percentage & type of guns used in suicide & handgun control laws, males vs females, 1980, 26262
perception of behavior contagion of adolescent suicide, female college students, 26284
period &/vs cohort effects, rates of depression & suicide, children & adults, 5252
period of month, suicide rate, persons 15–34 vs 35 yrs old & older who committed suicide, replication, 1817
postmortem GABA stimulation of benzodiazepine binding sites & glutamic acid decarbosylase activity, 16–57 yr old suicide victims, implications for role in depression, 19275
predictive value of "suicidogenous" factors, suicide prediction, suicide patients, 26213
predictors of suicide, patients with borderline personality disorder, followup study, 29615
predisposing link between nonverbal learning disability & suicide, commentary reply, 22862
preoedipal & oedipal strivings in demon lover syndrome, creativity & self destruction & ultimate suicide, poet A. Sexton, 40234
prevalence & demography & causation of suicide, adolescents, 12195
prevalence & prevention of suicide, elderly, England, 12151
prevalence of & psychosocial factors associated with suicidal behavior, preadolescents & their mothers, 2 yr followup, conference presentation, 12168
prior suicidal preoccupation, use of common recreational drugs, college students, 5434
prophylactic or continuation treatment at time of suicide, manic depressive patients, Denmark, 19715
psychiatric patient suicide, therapeutic milieu, hospital nursing staff, 20189
psychoanalytic theory on suicide, 8838
psychodynamic concepts in strategic family therapy, family of suicidal 16 yr old female, case report, 23254
psychodynamics of active vs passive suicide methods, 18–77 yr olds, 33300
psychological aspects & lethality & publicity effect of railway suicide, hospitalized psychiatric patients, England & Denmark & Canada & US, implications for prevention, 36742
psychological autopsy of social & psychological circumstances of suicide, adolescents, literature review, 36734
psychological characteristics of suicide notes, males vs females, 26256
psychopathological symptoms, manic depressive patients with family history of manic depression with vs without suicide, Austria, 8670
psychopathology, suicide ideation & attempts, male vs female Hispanic vs non-Hispanic White adults, 19326
psychotherapy, bereaved family members following suicide, 9314
race, suicide & suicidal behavior, Black vs White vs Hispanic prisoners, 37948
rates of illegitimate pregnancy & suicide, 15–24 yr old females, 1818
rational emotive therapy related to Adlerian individual psychology as crisis intervention, 27 yr old suicidal female, 30225
reactions to attempted vs completed child suicide, 13–68 yr olds, 15875
reality therapy perspective of stages of decision making in recovery, suicidal clients, 37366
reciprocal multifactored mode of deviance, school based early intervention & prevention of school failure & teenage pregnancy & drug abuse & delinquency & suicide, students, 10294
reclassification of unnatural deaths by probability of suicide, 1982, Spain, 8766
recognition of signals & first interventions for initial treatment, suicidal 13–17 yr olds, 29737
recommendation to consider "undetermined deaths" as probable suicides in research, former psychiatric patients, 15672
recovery from severe depression followed by hypomanic state & suicide, 20 & 22 yr old females, 8845
religion suicide link & E. Durkheim's theoretical interpretation, social network theory of suicide, 29728
repeated acts of self poisoning &/or death, female vs male patients 13 yrs old & older, Norway, 5 yr followup, 8841
repetitive & selfobject aspects of transference, resolution of delusional merger with dead brother, chronically suicidal female analysand, 37357
research methodology of investigations of suicidal behavior, preadolescent & adolescent psychiatric inpatients, literature review, 36790
responses to patient suicide, psychiatry trainees, 3048
responses to suicide of psychiatric inpatients, hospital staff, West Germany, conference presentation, 2857
retrospective psychiatric assessment, persons who committed suicide, Hungary, 8765
risk factors associated with suicide & other psychopathology, children & adolescents with anxiety disorders, conference presentation, 22592
risk factors for suicide & violent death, 15–19 yr old suicide attempters, 1973–82, Finland, 40239
risk factors for suicide, children & adolescents & young adults, literature review, 22741
risk of mortality due to suicide & cardiovascular morbidity, patients with panic disorder, 11933
role of 5-HT in aggressive & suicidal behavior & depression & anxiety & personality disorders, 19033
school based emergency intervention, stress reactions to peer suicide, high school students, 41377
seasonal distribution of suicide, males vs females, US, replication, 12148
seasonal patterns of completed suicides & deaths related to traffic accidents, France, 9 yr study, 12192
self attitudes & awareness & value for life & religiosity & dogmatism & beliefs about suicide & self destruction, suicide prone vs self destructive college students, 5426
sex & age & other characteristics, suicide, persons under 26 yrs old, 19293
sex & age & precipitating illness of suicide victim, attitudes toward suicide, female vs male college students, 33258
sex & age & race & educational level, attitudes toward suicide, 18 yr olds & older, 33318
sex & family history of suicide, suicide prevalence, depressed 18–86 yr olds, 22726
sex, attitudes toward males vs females considering or attempting suicide, college students, 22771

sex, seasonal differences in suicide, adults, 1969–81, Italy, 36780
single & multiinstitution studies of suicide & efficacy of suicide prevention programs, college students, 1920–80, 19323
social & emotional alienation & cognitive distortions & adaptive resources & life stressors & loneliness & depression, suicidal ideation, college students, 19273
social & physical & psychological features of suicide, 65 yr olds & older, Great Britain, 33246
social change, suicide epidemic, young males, Truk, 5411
social factors & cultural patterns & life stresses, suicide, adolescents & young adults, Norway vs Denmark vs Japan vs US, 8805
sociocultural factors & sex differences, rates & patterns of attempted & completed suicide, Black 14–24 yr olds, 36752
sociodemographic & psychiatric variables & method of death, differentiation of suicide from undetermined death, 15–60 yr olds & older, Scotland, 22742
sociodemographic aspects of suicide, 55 yr olds & older, 1983–86, Hong Kong, 12142
sociodemographic correlates, rates of suicidal thoughts & attempts, Jewish 18–60 yr olds, Israel, 33313
sociodemographic variables, adults who committed suicide at distances far from their homes, 1980–85, Switzerland, 8823
socioeconomic variables, suicide & homicide rates, 15861
somatic illness, suicide, 19 yr olds & older, 1972–73, Sweden, 1797
spatial autocorrelation of suicide & homicide rates, 33302
stages for recognition of & assistance for distress, suicidal 20 yr old female, 34217
state laws on suicide, suicide rates, 1980, 5429
statewide church attendance rates vs other sociodemographic characteristics, suicide & homicide rates, 1816
strategies & recommendations for long term psychiatric treatment, chronically suicidal patients, conference presentation, 40569
stress & suicide, 23 yr old male intern, 41134
stress, suicidal ideation, college students, 5431
substance abuse & suicide risk, 15–24 yr olds, literature review, 22807
subtypes of suicidal & assaultive behaviors, 13–19 yr old psychiatric inpatients, 22618
suicidal behavior & depression & conduct disorder, 12–17 yr olds admitted to psychiatric hospital, Israel, 23634
suicidal behavior in school settings, elementary vs junior high vs high school vs college students, 36751
suicidal behavior or mental disorder in 1st degree relatives, suicide, affectively disordered adults, 26167

utility of Suicide Probability Scale, identification of suicidal ideation & lethality, male 24–53 yr old military veterans, 38612
validity & reliability of suicide mortality data & certification, 36786
validity of Reasons for Living Inventory, assessment of suicidal thoughts & behaviors, delinqent 12–18 yr olds & normal 10th–12th graders, 24582
validity of single Rorschach responses, indication of suicidal risk, depressed 20–82 yr olds, 10594
viewing of videotape of distressed high school student & news of peer suicide, ratings of own likelihood of committing suicide, 14–17 yr olds, test of TV inducement of suicidal contagion, 36805
viewing suicide in TV movies, suicide rate, adolescents, commentary, 8797
vulnerability for suicide, adults with nonverbal learning disability, commentary, 22853

women's independence movement, suicide rates, male vs female 15 yr olds & older, 1955–69 vs 1970–85, Portugal, 19284
5-HT reuptake inhibitors fluvoxamine vs zimeldine vs fluoxetine, patients with depression &/or suicidal behavior, 27022
5-HT, suicide & aggressive behavior & other psychopathology, conference presentation, 19009
5-HT-2 binding sites in frontal cortex, 20–87 yr olds who committed violent vs nonviolent suicide, 33237
Suicide (Attempted) [See Attempted Suicide]
Suicide Prevention
caregiver education & training, suicide prevention, 65 yr olds & older, 13378
causes of & interventions for youth suicide, 12–20 yr olds & parents, 8827
community mental health center based suicide prevention & intervention program & hotline, adolescents, 13053
construction & reliability of Suicide Checklist, assessment of suicide potential by nursing staff, jail inmates, Canada, 14090
evaluation of school based postvention program, teen suicide, high school teachers & school counselors & administrators, conference presentation, 24265
group counseling, suicide prevention, adolescents at risk for suicide or who have already attempted suicide, 33936
guidelines for caller support & crisis evaluation & intervention, nonprofessionals receiving suicidal phone calls, 6307
identification of & interventions for risk factors associated with early suicide, patients with affective disorders, conference presentation, 22535
interdisciplinary suicide prevention teaching program, medical & psychology & theology students, West Germany, 10074
medical records data on suicide attempts & completions, formation of public health policy for suicide prevention, Sioux Indians, 9676
multidimensional "This Campus Cares" primary suicide prevention program, college students & staff, 41368
national strategies for suicide prevention services & education, Netherlands vs Canada vs US, implications for national task forces, 27110
prophylactic or continuation treatment at time of suicide, manic depressive patients, Denmark, 19715
research phase of national suicide prevention project, Finland, 27131
role in high school suicide prevention & intervention & postvention programs, mental health consultants, 3329
role of family in suicide risk assessments & prevention, elderly, 33331
school based programs & policies, suicide prevention, adolescents, 13694
secondary & tertiary strategies, suicide prevention, American Indians, 9711
single & multiinstitution studies of suicide & efficacy of suicide prevention programs, college students, 1920–80, 19323
suicide assessment & prevention & intervention, group home child care workers, 23098
suicide awareness educational program, knowledge of & attitudes toward suicide & coping skills & helping behaviors & hopelessness, high school students, 10 wk followup, 24025
suicide prevention efforts in school, high school students, 3301
suicide prevention intervention using transactional model of personal qualities & cultural values & beliefs & coping & application in schools, American Indian adolescents, 12594
suicide prevention interventions, adolescents, literature review, 23151
suicide prevention strategies, learning disabled children & adolescents, 16792
telephone crisis lines in suicide prevention & caller characteristics, callers & staff, US vs Yugoslavia, 27148
training in early detection & intervention & prevention of adolescent suicide, teachers & other professionals, 40576
Suicide Prevention Centers
economic & overall effectiveness of suicide prevention centers, 6325
national strategies for suicide prevention services & education, Netherlands vs Canada vs US, implications for national task forces, 27110
Sulpiride
atypical neuroleptics clozapine or sulpiride or remoxipride or raclopride, schizophrenic psychoses, literature review, 9503
chronic cocaine with vs without pretreatment with D2 dopamine receptor antagonist sulpiride, defensive behavior, male mice, 25215
intrahypothalamic injections of sulpiride, locomotor activity in circular tilt cage, rats, 28949
pimozide vs clozapine vs sulpiride, fluid intake & salt preference, male vs female rats, 4363
SCH 23390 vs sulpiride with vs without apomorphine, naltrexone induced hypodipsia, water deprived male rats, 39410
sulpiride, development of acute hypertension, 76 yr old depressed female, case report, 40784
sulpiride into lateral hypothalamus, amphetamine induced anorexia & spontaneous feeding & drinking, food deprived vs satiated male rats, 18411
sulpiride, orientation activity evoked by electrical stimulation of dopaminergic A10 neurons in substantia nigra pars compacta, cats, 28725
sulpiride vs chlorpromazine, regional cerebral glucose metabolism, 19–41 yr olds with acute schizophrenia, 34123
sulpiride vs lithium, plasma prolactin & TSH & estrogen induced neurophysin, 25–71 yr olds with acute mania, 37487
sulpiride, 65–86 yr olds with dysthymic disorder or atypical depression, 16583
timiperone vs sulpiride dosage, relapse prevention, schizophrenic outpatients in remission, 37538
Summer Camps (Recreation)
behavioral strategies with diet planning & nutrition education & physical exercise, obese 8–18 yr olds in residential summer camp, 19900
Superego
ego & superego alterations, 34 yr old borderline female analysand, case report, conference presentation, 16358
Freud's concept of ego & id & superego & conflicts between internal & external worlds, 38560
group therapy, idealizing & critical superego transference, therapist & group members, 23276
interrelationship between Freud's concept of ego & superego, 14043
neuroticism & superego interaction or Furneaux Factor, academic achievement, college students in independent study program, England, followup, 38151
psychoanalytic interpretation of superego based physical symptoms, treatment implications, 33514
role of ego ideal & superego value systems in psychoanalysis, 19755
self psychology as superego psychology, self regulatory & self evaluative functions of mind and object relations, 23195
superego aspects of entitlement & deprivation, analysands with rigid characters, 19749
superego development, infancy through childhood, 4708
transference resistance from superego in psychoanalysis, clients, 19775
utility of superego & defense analysis model for comprehension & treatment, borderline patients, commentary, 5998
Superintendents (School) [See School Superintendents]
Superior Colliculus
anatomical organization of mammalian superior colliculus, ability to access orienting vs defensive responses to novel stimuli, rodents, literature review, 35586
combinations of different sensory cues, multisensory superior colliculus neuron responses, cats, 11051
developmental plasticity of visual & auditory representations in superior colliculus, 4112
electrical vs chemical stimulation of superior colliculus, heart rate & BP & respiration, male rats, 4392

functional organization & linkage between sensory & motor maps in superior colliculus, orienting responses, mammals, 663
lateral neglect in head movement water seeking task, water deprived male rats with unilateral vs bilateral superior colliculus lesions, 4302
lesion of superior colliculus, acquisition & retention of previously acquired black white discrimination, rats with monocular enucleation at birth vs 3 mo of age, 14787
lesions of superior colliculus, detection of visual stimuli in peripheral vs central visual field, male rats, 25178
light vs dark ambient sensory conditions, locomotor activity & electrophysiological measures of superior colliculus, 100–105 vs 230–235 day old male rats, 730
role of hippocampus in memory & relationship with superior colliculus, commentary & reply included, 21558
sensory monomodal & bimodal interaction in superior colliculus, visual & acoustical EPs, male rats, 14665
sequential auditory &/or visual stimuli, auditory & visual neuronal activity in superior colliculus, cats, 39113
superior colliculus lesions & salience of visual stimulus, orienting responses & detection of neglected visual cues, rats, 11156
visual & oculomotor trigeminal brain stem transection, orienting fixation reflex, cats, 28790
Superiority (Emotional) [See Emotional Superiority]
Superstitions
age, superstitious beliefs, 20–70 yr olds, 25632
belief about human nature, 17–28 yr old students, 1945 vs 1956 vs 1988, England, replication, 39958
cross cultural intervention, adult Polish female with beliefs of hexed hair, case report, 16290
ethnic origin & social class, superstitious beliefs, 12–16 yr old males vs females, Israel, 15232
preferences for sex of 1st & 2nd born child & ethnic group effects on superstitions & folklore beliefs about pregnancy & childbirth, adults, 11613
religiosity & superstitiousness, college students, 22132
sex, superstition, college students, India, 8415
spirit possession beliefs & rituals, Iran, 4811
30 vs 60 second response independent FI vs VI reinforcement schedules with inconsistent color signals, superstitious behavioral responses, college students, 38956
Supervising Teachers [See Cooperating Teachers]
Supervision (Professional) [See Professional Supervision]
Supervisors [See Management Personnel]
Supportive Psychotherapy [See Psychotherapy]
Suppression (Conditioned) [See Conditioned Suppression]
Suppression (Defense Mechanism)
inhibition or suspension of experience of threatening event, defense against PTSD, 21 yr old male & 31 yr old female, 36650
Surgeons
beliefs regarding posttraumatic or postconcussional syndrome & treatment, neurosurgeons & neuropsychologists, replication, 3028
sources of occupational stress, gynecologist/obstetricians & anesthesiologists involved in surgery, 13357
Surgery [See Also Adrenalectomy, Amputation, Castration, Commissurotomy, Decerebration, Decortication (Brain), Dental Surgery, Heart Surgery, Hemispherectomy, Hypophysectomy, Hysterectomy, Induced Abortion, Male Castration, Mastectomy, Neurosurgery, Organ Transplantation, Ovariectomy, Plastic Surgery, Psychosurgery, Sex Change, Stereotaxic Techniques, Tractotomy, Vagotomy, Vasectomy]
age & halothane narcosis vs neuroleptanalgesia vs halothane/fentanyl anesthesia, postoperative EEG sleep patterns, medical patients undergoing minor surgery, 2202
anterior vs posterior intraoral vs cheek implantation of canulas with vs without ether vs ice anesthesia vs sc NaCl, serum corticosterone & growth hormone levels, 4 day old rats, 35723
anxiolytic drugs used in surgical or situational stress paradigms, literature review, conference presentation, 28945
articulatory functions & subphonemic patterns of speech production, adult males following partial glossectomy for oral carcinoma, 6235
baseline function & mental status, outcome of cataract surgery, 70 yr olds & older, 1 yr followup, 16710
beliefs about consequences or attributes of medical & surgical methods for inducing abortion & coping behavior, adult female abortion applicants vs those in hypothetical situation, 9654
Caesarian section, maternal behavior, multiparous & primiparous ewes, 11105
cataract surgery with lens implantation, anxiety & mood change & energy level & activity & severity of nonophthalmologic conditions, elderly, 37654
characteristics & predictors of psychological distress before vs 3 mo after surgery, adult surgical patients, 40855
chemotherapy & limb salvage surgery & treatment needs, sarcoma patients, 30592
coping responses to underlying diagnosis & stoma surgery, outcome of surgery, 21–70 yr olds, 3 & 12 mo followups, 30618
emergency cesarean section vs vaginal delivery, psychological adjustment, primiparous 20–35 yr olds, 6261
gastrostomy with vs without fundoplication, prevention of aspiration pneumonia, mentally retarded 1.5 mo to 58 yr olds, 37602
group hypnosis & psychic surgery, medical patients, Philippines, 16276
historical overview of use of hypnosis as surgical anesthesia & analgesia, 2574
history & utility of mesmeric analgesia, surgical patients, with commentary, 2607
hospitalization & surgery, psychological responses, children, literature review, 16776
intellectual & academic & personality & neurologic status after surgical resection & irradiation, 5.7–15.5 yr old patients with temporal lobe astrocytoma, 2–7 yr followup, 2634
intelligence & language & behavior development, 1.7–12.1 yr olds who had tracheostomy for more than 1 mo, 1972–82, 40868
interactions with infant & physiological & psychological condition, primiparous mothers delivered by caesarean section vs mothers delivered vaginally, 2 mo & 1 yr followups, 9623
left vs right carotid reconstruction, motor speed & vigilance & verbal memory & intellectual functioning, adults, 12968
lithium & carbamazepine & surgical resection, 16 yr old female with right frontal arteriovenous malformation induced maniclike disorder, case report, 5866
middle ear surgery, masking level difference for interaural time & amplitude cues, 17–57 yr olds, 9627
monitoring vs bracing vs surgery, psychosocial sequelae, adolescent females with scoliosis, 30581
mother & father child relations, infants delivered vaginally vs by Cesarean section assessed at 3 & 8 mo & their parents, Sweden, 6246
neuropsychological functioning & depression & perceived quality of life before vs after carotid endarterectomy, 54–73 yr old males with carotid stenosis, 8 mo study, 2598
new MMPI based scale, prediction of postoperative pain & health status & social functioning, patients operated on for lumbar disk herniation, 2 yr study, 16758
pan-retinal photocoagulation, adaptation ability in center of vision, diabetic adult males with retinopathy, 2643
practice vs left vs right endarterectomy for symptomatic atheroma of ipsilateral carotid artery, neuropsychological improvement, patients with transient ischemic attacks, 40830
predisposing factors & consequences, incidence of acute confusional state, 65–96 yr old patients after femoral neck fracture surgery, 12969
preoperative distress, endocrine & subjective responses to surgery & postoperative recovery, 18–77 yr olds undergoing life threatening abdominal surgery, test of I. L. Janis's theory, 34184

presurgical psychiatric diagnoses, postsurgical psychosocial adjustment & complications, obese bariatric surgery patients, 12998
presurgical psychological intervention, psychological adjustment & recovery & cost effectiveness, literature review, 37593
psychological factors in treatment choice & posttreatment emotional stress, female patients undergoing mastectomy vs lumpectomy & radiation treatment for breast cancer, 2628
psychosocial correlates of gastric stapling surgery, morbidly obese patients awaiting or after surgery, 12955
radiotherapy &/vs surgery, sexual functioning, 26–65 yr old female cervix carcinoma patients, Hong Kong, 23522
rearing by parents as if female & male to female transsexual surgery, 20 yr old male, China, case report, 37663
reasons for preference of penile circumcision in sexual partners, adult females, implications for own sons, 20098
selective adenomectomy, behavioral & psychiatric problems, 26 yr old male with Nelson's syndrome, case report, 6226
spatiotemporal orientation & concentration & visual memory before vs after elective surgery with general anesthesia, middle aged vs elderly patients, 2648
surgery on genital or perineal areas, exacerbation of psychiatric symptoms & psychodynamics, 37–56 yr old males with severe personality disorders, 6275
surgery vs radiotherapy, pretherapy vs posttherapy neuropsychological test performance, 56–196 mo old brain tumor patients, 2587
surgical procedure, plasma cortisol & endorphin levels & behavior & aversion to human handler, sheep, 39215
visual EPs before & after surgery, patients with central visual field defects, 20091
Surgical Complications [See Postsurgical Complications]
Surgical Patients
age & sex, physical symptom reporting behavior, Type A vs Type B 5–14 yr old surgical patients, 9636
anticipated vs actual benefits of hospitalization, 12–17 yr old surgical patients, 27241
audiotapes for relaxation with guided imagery, state anxiety & urinary cortisol & healing, adult cholecystectomy patients, 12790
characteristics & predictors of psychological distress before vs 3 mo after surgery, adult surgical patients, 40855
characteristics of emergency requests for psychiatric consultation, medical & surgical patients, 13101
characteristics, 24–94 yr old medical & surgical patients with organic mental disorder, 29959
choice of surgery, preoperative & postoperative anxiety & depression, patients with early breast cancer & their husbands, 6257
concurrent validity & factor structure of Cognitive Coping Strategy Inventory, assessment of coping strategies in acute pain settings, 15–75 yr old postsurgical patients, 24575
demographic & orthopedic & psychometric factors, prediction of orthopedic & rehabilitation outcome, adult candidates for 1st lumbar surgery, 2599
emotional & cognitive factors, anxiety, 20–69 yr old female surgical patients, 2616
esophageal speech acceptability & airflow volume, olfaction, adults with laryngectomy, 27089
interactional treatment, postsurgical intractable hiccups, male patient & his wife, 40678
involvement in decision making, patients awaiting surgery, Sweden, 34310
judgment of results after neurosurgery, patients vs doctors, 8–24 mo followup, 30571
model child life program, stress & coping & adjustment & surgical recovery outcomes, 3–13 yr old hospitalized patients, 9828
nursing care, coping during admission for myringotomy & polyethylene tube insertion during same day surgery, male 4 yr old, 2592
parasuicide episodes & emotional problems, 15–35 yr old female appendectomy patients with inflamed vs normal appendix, 8855
pediatric preoperative preparation, psychological processes & outcomes, children facing surgery & their parents, literature review, 23547
peer vs adult narrated education videotape with parents absent vs present, anxiety, 2–12 yr old elective surgery patients, 37657
perceptions about intrusions of hospital territory & personal space & touching, 20–65 yr old male vs female surgical patients vs female registered nurses, 34164
preoperative denial & symptoms of anxiety & depression & psychosocial adjustment to illness, prediction of postoperative outcome, coronary artery bypass surgery patients, 9618
psychological stress, immune status & surgical outcome, males undergoing hernia repair, 12984
reactions to mandatory surgical second opinion program & extent & determinants of physician patient communication, surgical patients, 40861
reliability & validity of Psychological Effectiveness Scale, measurement of personality traits, college students vs schizophrenic vs alcoholic vs medical surgical patients, 24638
satisfaction with & frequency & types of supportive behaviors by family & friends & medical professionals, anxiety & depression, adult females before & 1 & 3 mo after breast cancer surgery, 9644
sensitizor vs repressor coping styles, responses to hospital procedures, 4–10 yr olds hospitalized for minor surgery, 30727
stress & coping framework of R. Lazarus, management of hospitalization experience, male 13 yr old receiving corrective surgery for scoliosis, 13155
surgical stress, anxiety & perceived control & ego strength, 30–40 yr old major vs minor surgery patients, India, 9658
temporal pattern of predischarge vs postdischarge stress, surgically treated cancer patients with vs without ostomies & their spouses, 12470
Surrogate Parents (Humans)
attitudes toward artificial insemination & surrogate motherhood & adoption registries & reunions, infertile females who have adopted or are in process of adopting, Canada, 26725
attitudes toward surrogate motherhood & related legislation, feminists, 18769
ethical & legal factors in practice of surrogate motherhood, 18788
ethics & moral ramifications of surrogate motherhood through artificial insemination, legal implications, 20044
ethics & state regulation similar to adoption procedures in surrogate arrangements, 18834
family vs contract law in surrogate mother arrangements, 18816
feminist jurisprudence approach to surrogacy issues, 18826
issues in infertility & surrogacy response, 19634
issues in surrogate motherhood, 18770
legal & ethical aspects of surrogacy, best interests of children, 18824
legal child custody issues in surrogate motherhood arrangements, 18821
legal concerns about validity & enforceability of surrogacy contract in Baby M. case, case law, 29279
legislative & judicial approaches to surrogate motherhood arrangements, 18818
limits of judicial authority in determination of legal parents in surrogacy cases, Baby M case & others, 18814
psychological development, Baby M, implications for surrogacy arrangements, 18831
role in surrogacy contractual arrangements, health care professionals, 20401
surrogate motherhood, implications for family therapy, 11628
Surveys [See Also Consumer Surveys]
age, interview survey response rates, adults, 1972–80, 22084
application of survey methodology to different disciplines & survey data quality & errors, 10547

appraisal & evaluation of data fusion, survey respondents, 35211
cognitive psychology principles & statistical methods, sample survey design to reduce sources of variability, 31536
commercial use of conjoint analysis, research suppliers, 1971–80 vs 1981–85 survey, 41565
community survey method for postmarketing drug monitoring, outpatients treated with antidepressants or benzodiazepines, 16602
compensation techniques for selectivity bias in analysis of survey network data, 3670
computerized vs paper & pencil version of attitude assessment in organizations, civilian Navy personnel, 38659
concern for natural environment in context of adult surveys & social learning & psychoanalytic theories in explanation of environmental dispositions, children, 39610
cover letter quality & survey response rates, psychologists, 24536
demographic & personal characteristics & incidence of physical & mental illness, urban vs rural females who refused vs responded to survey of psychiatric disorders, 5126
demographic characteristics & sexual experience, adolescents who reported lying on sexual intercourse survey 2 yrs earlier, 15197
design & implementation of mailed questionnaires in survey research, applications to psychoanalysis studies, conference presentation, 14058
design & sampling procedures & assessment procedures in Camberwell High Contact Survey, needs assessment & service provision, long term users of psychiatric day care, England, 12952
development of survey, measurement of internal & external image of psychiatric hospital, consumers & employees, 81
developments in methodology of survey data analysis, implications for social sciences, 10666
dollar bill gratuity, mail survey rate of return, librarians, 7037
efficacy of educational consultation in field based survey research vs outcome studies vs process investigations, 20425
face to face survey vs telephone resurvey, data collection, elderly residents, 3532
factor structure of individual variation of Chinese Value Survey & Rokeach Value Survey scores, college students, 30 countries, 14099
gaming method survey, assessment of motivations for advocating community growth control, suburban residents, 31474
General Social Survey of acquaintance networks, estimates of sex & race & age & regional breakdown of homicide on AIDS victims, 40447
graduation yr & level of work experience & monetary incentives & multiple mailouts, response patterns on mailed survey about professional issues, former college students, 3351
individual & interviewer factors, reporting of drug usage in national survey, adolescents, 1984, 4711
internal consistency & reliability & factor structure of Survey of Personal Beliefs, assessment of irrational thinking, 22–80 yr olds, 31583
interogatory declarative format of opinion items, elicited product attitudes, consumers, 17478
interval scale properties of magnitude estimation & Case III scaling, equal interval frequency response anchors in survey questionnaires, college students, 28132
mail survey response rate estimation model, 21151
mail survey techniques, response rate, meta analysis, 28038
measurement processes, statistical correlations among survey items measuring beliefs or attitudes or intentions or behavior, 164
middle response alternative in survey questions, distribution of public opinion on issues, respondents, 10530
multiple matrix sampling, mail questionnaire research, public school principals, 7042
negative cover letter appeals, mail survey responses, adults, 6979
objectives & context & sample & timing & content of surveys, assessment of attitudes toward community psychiatric halfway houses, residents, 27104
order of general & specific questions in telephone survey, subjective well being, adults, 21110
oversampling vs proportionate population methodologies, statistical similarity of survey products of population subgroups, Blacks, 35231
paired comparisons, survey research requiring ranking of objects or choices, respondents, 10672
perception of classification & certification requirements for teachers of mentally retarded, special education directors vs state directors of teacher certification, 38049
problem of return postage in mail survey research, meta analysis, 10529
psychometric characteristics of Quality of Teacher Work Life Survey, assessment of job stress & satisfaction, public school teachers, 24635
quantity of enclosed vs promised cash reward vs contribution to charity vs chance at large cash prize, mailed survey response rate, respondents, 14057
question wording & context in survey interviews, response variation, school age children, 39463
reception of advance letter & use of surname during telephone contact, refusal rate in telephone survey using dual frame design, household members, 14066
reliability & validity of Short Form General Health Survey, assessment of physical & mental health & social & role functioning, 18–103 yr old medical patients, 10653
reliability & validity of Survey of Children's Social Support, 3rd–5th graders, 31588
reliability of Life Situation Survey, measurement of quality of life, adults in alcoholism treatment programs, 38671
response nondifferentiation in value surveys, rating vs ranking result discrepancies, adults, implications for form resistant correlation, 28103
response order effect, cognitive theory in survey measurement of values, respondents, 11825
sample surveys, academic study of political elections & voting behavior, 4871
scoring nonresponse on Mini-Mental State Examination, assessment of ability to perform daily living activities, 60 yr olds & older, 24592
sequential request strategies, differential perception of source legitimacy in telephone survey & compliance, adults, 29347
Soldier Attitude & Opinion Survey, life & occupational satisfaction, Army soldiers, 1986–88, Australia, 34992
specific interviewer training, quality of responses & amount of information obtained for factual survey questions, adults, 14072
standard paper questionnaire vs DISKQ survey method, adults, 3533
statistic for summarizing ranked item survey questions, implications for leisure research, 31724
survey methodology, assessment of frequency of behaviors, psychologists, commentary, 26792
survey methodology, assessment of frequency of behaviors, psychologists, commentary reply, 26804
survey nonresponse rate, bias in estimation of alcohol consumption, adults, Netherlands, 17546
survey topic area & demographic characteristics & involvement, tendency to emit "don't know" responses, adults, 21037
surveyed public attitude toward acceptability of civil justice & tort reform, reporting of results using different form of question reflecting public support, insurance company & survey firm, 32714
Taylor approximation & sample design complexity, estimation of sampling errors & variance in path model using medium sized samples, educational surveys, 35236
telephone call reminder & questionnaire cover design, mail survey response rate, biotechnologists, Netherlands, 25334
time of day & day of week, response rates in telephone survey, 32–45 yr old male veterans, 14068
timing of payment, response to survey, physicians, 13292

use & reliability of 0–10 response scale in telephone health surveys, 25–74 yr olds, 7139
Susceptibility (Disorders)
binding parameters of spiperone to lymphocytes, nonmedicated vs medicated schizophrenic patients vs their 1st & 2nd degree relatives vs psychiatric patients, conference presentation, 1558
biological & psychosocial vulnerability model of alcoholism, 26337
breast self examination attitudes & behaviors & perceived susceptibility, females with breast cancer vs benign breast disease, 40842
cervical spine curvature & personality traits, susceptibility to motion sickness, 26–39 yr old patients & pilots, 12436
concern about personal susceptibility to & knowledge about AIDS, sexual behavior, college students, 19630
fluoxetine, depressed 15 yr old female susceptible to malignant hyperthermia, case report, 30416
genetic & environmental factors, susceptibility for subtypes of alcohol abuse, adoptees of alcoholic vs nonalcoholic biological vs adoptive parents, conference presentation, 1860
genetic factors in etiology & biological vulnerability & heterogeneity, patients with psychiatric disorders, conference presentation, 1678
heightened resilience, profoundly stressed young children, implications for psychological wellness & primary prevention, 16787
incidence & severity of space motion sickness during 1st vs 2nd Space Shuttle mission & crew position, male vs female astronauts, 17449
incidence of psychophysiological symptoms & susceptibility to psychological disorders, military vs civilian wives, 15679
limitations of ratio of concordance rates, monozygotic & dizygotic twins with psychiatric disorders, 33085
preventive medication vs no information, evaluation of threat of disease & subsequent health behavior, college students testing positive vs negative for fictitious risk factor for pancreatic disease, 9033
psychoanalytic concepts about & vulnerability to depression, human females, 33138
psychosocial & personality correlates, susceptibility to upper respiratory illness, 16–33 yr old Navy recruits in basic training, 37179
rehabilitation based on vulnerability stress paradigm, psychotic juveniles, conference presentation, 20257
self guide standpoint & domain variations in self discrepancy, prediction of vulnerability to chronic emotional syndrome, college students, 26184
sociodemographic & maternal & infant health & environmental stress & social support, perceptions of infant's health, mothers of 12 mo olds, implications for vulnerable child syndrome, 36536
Susceptibility (Hypnotic) [See Hypnotic Susceptibility]
Suspension (School) [See School Suspension]
Suspicion
iv infusions of cocaine, suspiciousness & paranoia, experienced male users, 905
Swallowing
behavior & family therapy, food refusal after choking incident, 8–11 yr olds, case reports, 12558
relaxation training & imaginal & in vivo exposure, pill taking avoidance, 27 yr old female, case report, 33977
Sweden
adolescent pregnancy, Sweden & Finland, implications for US & for family life education & family planning services, 36184
affirmative action by labor unions, equality in workplace, females, Sweden, 24397
age distribution, mentally retarded, 1973 vs 1982, Sweden, 19466
agreement on childrearing attitudes & values, child intellectual development & psychological functioning, mothers vs fathers of male vs female 11–24 mo olds, Sweden, 25483
aspects of child care system, Sweden, 30632
attitudes toward pregnancy & early infancy, 20–40 yr old primiparous mothers & their infants, Sweden, 15315
behavioral disorders reported by mothers, 3–15 yr olds, Sudan vs Nigeria vs Sweden, conference presentation, 22688
childrearing practices & restrictive environment, aggression, preschool & primary students, China vs Sweden, conference presentation, 22015
corporal punishment as children & attitudes toward legislation banning corporal punishment, college students, US vs Sweden, 8241
demographic & socioeconomic factors, psychotropic drug use, 18–84 yr old community residents, Sweden, 4922
determinants of paternal involvement, fathers & mothers of firstborn 11–24 mo olds, Sweden, 12 mo followup, 18786
educational & family background, educational & social & emotional & addiction problems, adult students in higher education, Sweden, 24255
educational program on aspects of depressive disorders, general practitioners, Sweden, 34517
evaluation of educational programs on prevention & treatment of depression, general practitioners, Sweden, 3001
experiences teaching & conducting research under Fulbright Act, counseling psychologist, Sweden, 13347
health & occupations & role in health services, females, Sweden, 23504
incidence of anxiety, males vs females, Sweden, 25 yr longitudinal study, 1689
judgment of personality traits from spoken language, 28–48 yr old Greek immigrants, Sweden, 4995
locus & delivery of care, chronically mentally ill, Sweden, 2612
mandatory alcohol & drug dependence course, medical students, Sweden, 34537
maternal health care during pregnancy & family planning & health & parent education, Sweden, 23542
menstrual histories & gynecological surgeries & menopausal symptoms & sexuality, 40–66 yr old females, Sweden, 22271
methodology for study of psychocultural dimensions of child adult interaction, adults, India vs Sweden, 36401
news of prime minister's assassination, emotional reactions & recall of personal circumstances, 19–70 yr olds, Sweden, 52–54 wk followup, 7443
parliamentary procedures & social service agencies & preventive measures, battered females & their children, Sweden, 22712
perceived working conditions & stress & health & sick leave rate, prison staff, Sweden, implications for stress reduction, 31412
premarital cohabitation, commitment & marital stability, 20–44 yr old females, Sweden, 1202
prescription psychotropic drug use patterns, 18–84 yr olds, Sweden, 2 yr study, 16577
prevalence of anorexia nervosa & bulimia, 13–35 yr olds in suburban area, Sweden, 22909
provision of treatment & social services, mentally retarded, Sweden, 16804
psychiatric hospital & outpatient care, children & adolescents, Sweden, 13138
psychosocial problems & needs, 20–70 yr olds with cancer & their families, US vs Sweden, 36996
psychosocial work environment & social & health issues in computer use, females, Sweden, 24362
psychosocial working conditions & work load & social networks & health & physiological stress reactions, 25–60 yr old nurses, Sweden, 30879
self report Alcohol Use Inventory, alcoholic inpatients, Sweden, 7051
self reported frequency of drunkenness during adolescence, alcohol abuse, male 15–24 yr olds, Sweden, 1–10 yr study, 8864
SES & education & current practice & contraceptive method, perceptions of advantages &/vs disadvantages of breast feeding, Turkish mothers of infants, Sweden vs Turkey, 8256

sex, scores on individual items of Swedish Scholastic Aptitude Test, high school students, Sweden, 24258
sexual violence & rape, victimized females, 1976, Sweden, 5462
social change & impact of psychological theories, child welfare & health services, children, Sweden, 6256
socioeconomic factors, institutionalization in nursing home, elderly, 1938–75, Sweden, 20211
somatic illness, suicide, 19 yr olds & older, 1972–73, Sweden, 1797
stories spoken by US immigrants in native English vs Swedish as 2nd language, ratings of language proficiency & on personality traits, native Swedish college students, Sweden, 1390
type of public vs home day care & age at 1st entrance, cognitive & socioemotional development, infants followed to 8 yrs old, Sweden, 40879
unemployment, psychological & physiological & societal stress, unemployed blue collar workers, Sweden, 24286
Sweetness [See Taste Perception]
Swimming
cannulae aimed at nucleus accumbens & injections of d-amphetamine vs distilled water, ability to switch to cue directed forced swimming behaviors, male rats, 39411
captopril, behavioral despair swim test performance, mice, implications for antidepressive use, 32204
central histamine receptors, swimming despair, mice, animal model of depression, 7671
cognitive vs somatic anxiety, athletic performance, competitive swimmers, 13976
control of swimming by ion channels in action potential generating systems, jellyfish, 21484
decreased immobility in forced swim test, subsequent sinking & emotional behavior, sinking vs nonsinking male rats, 755
density & water temperature & predator encounter rate, swimming & aggregating behavior, backswimmer, 3976
developmental & environmental perspective, aquatic motor skill acquisition, children, 18587
energy cost of swimming, foraging behavior, juvenile Atlantic salmon, 39022
exposure to pretest stressful situation, anti-immobility effect of antidepressants in forced swimming test, male rats, 32096
goal setting training program, perceived ability & competitive cognitions & performance, collegiate swimmers, 41568
intense 10 day training regimen, mood states & muscle soreness, male college swimmers, 17493
long term performance in water maze conditional spatial alternation, male rats with large bilateral retrohippocampal lesions, 28767
low level or iceberg profile on Profile of Mood States, child & adolescent competitive swimmers, 25586
ontogenetic changes, routine swimming, zebra danios, 394
program using mother child relationship & nonforceful water techniques, water adaptation, 7 mo old male, 3 yr study, 19681
public knowledge of lap time, individual vs relay swimming performance, intercollegiate swimmers, 28000
repeated swimming stress, regional brain benzodiazepine receptor binding measured in vivo vs in vitro, mice, 39121
sodium barbital, performance on swim maze task during abstinence phase, male rats, 4435
spontaneous nocturnal swimming behavior, Aplysia brasiliana, 4028
suspension of rope vs straw in tank, duration of immobility & escape attempts during forced swim test, male rats, 14546
swimming training varying in frequency & duration of exercise, state & trait & somatic anxiety, college students, 10481
value of forced swimming test in detection of antidepressant drug activity, rats & mice, literature review, 28812
Switzerland
Animal Protection Law, use of animals in scientific research, Switzerland, 14069
cost & quality of psychopedagogic institutional care, children & adolescents with different handicaps or difficulties, Switzerland, 30732
demographic & admission & disease characteristics, long stay psychiatric patients, Switzerland, 34302
sociodemographic variables, adults who committed suicide at distances far from their homes, 1980–85, Switzerland, 8823
training & research programs at Daseinsanalytic Institute for Psychotherapy & Psychosomatics, Switzerland, 17027
Syllables
auditory syllables vs phonemes with vs without forced full analysis, lexical access detection time, 19–49 yr olds, 7384
distributional constraints of onset & nucleus & code phonemes in syllable structure in English, college students, 18497
duration of syllable energy within amplitude envelope, P-center location in word onset perception, commentary reply, 272
duration of syllable energy within amplitude envelope, P-center location in word onset perception, commentary reply, 277
duration of syllable energy within amplitude envelope, P-center location in word onset perception, commentary, 276
frequency discrimination & stop consonant identification, 30–55 yr olds with high frequency sensorineural hearing loss vs normal hearing 23–30 yr olds listening with vs without noise, 26595
interruptions in monosyllabic vs polysyllabic words & restarts, CVC structure & analysis of spontaneous word fragments, 2 & 3 yr old males, 18632
linguistic structure of syllables, short term serial memory errors for spoken syllables, college students, 7483
monaurally vs dichotically presented CV syllables with valid vs invalid precued location information, role of attention & expectancy in auditory processing RT, college students, Canada, 17823
perception of /m/-/n/ distinction in VC syllables, English speaking adults, 14346
rising vs falling pitch patterns, syllabic pitch perception, 2–3 mo olds, 25480
sabeluzole, serial learning & retrieval of nonsense syllables, adults, 21726
selective adaptation with syllable initial consonants & perception of same consonant in syllable final position, adults, implications for cancellation hypothesis, 38812
social context, duration of syllabic vs vocalic vocalizations, 3 mo olds, implications for adult verbal turn taking, 39492
spelling & stress patterns of words, written vs oral syllabification of intervocalic consonants in words, college students, 944
static & dynamic differences in fundamental frequency in composite syllable, perceptual grouping of formants, adults, 31814
syllable rhyme, P center location in syllable, adults, 18485
temporal auditory processing of open vs closed syllables, 4.5–5.6 yr olds with phonological impairment, 36952
utterance length in consonant syllable production task, voice onset time & vowel & syllable duration, hearing impaired 9–13 yr olds, implications for speech therapy, 30001
Syllogistic Reasoning [See Inductive Deductive Reasoning]
Symbiosis (Biological) [See Biological Symbiosis]
Symbolic Interactionism
integration of humanistic & interactionist theory, self development as process needing both symbolic & somatic feedback, 4746
interactionist & positivist analysis of cognitions & reflexivity & emotions, 8449
interactionist model of components of social deviance, 5387
role constraint & self expression, variance in leisure, adults, implications for symbolic interactionist model, 6995
role of social structure & process in symbolic interactionist approach to self, 15503
structural exchange & symbolic interaction theories of formation of justice norms, 1375

structural symbolic interactionist approach to ethnic identity formation, Black vs White college students, 1479
symbolic interactionism & critical theory in clinical interventions, male batterers & female victims, 16825
symbolic interactionism vs attribution & social learning theories, investigation of individual behavior & social structure in social psychology of sport, 3485
symbolic interactionist vs G. H. Mead's theory of habit, emotion & self consciousness, 8412
Symbolism
approaches based on human sexuality & symbolic & narrative content, analysis of Norse mythology, 35970
archetypal meaning & imagistic role of number 2 in E. Dickinson's poem "My Life Closed Twice", 21859
C. del Pino's application of linguistics to psychiatric language & psychopathology, 35963
cognitions & affects in symbolism of public ritual of gender etiquette, 11692
cognitive representational & affective functions of affect vocalization, humans, 29003
consequences of death symbolism deficit in contemporary society, 39724
death symbols in drawings, terminally ill patients, art therapy implications, 37258
emergence of capacity to symbolize, language development & communication, 3 yr old male in analysis, 2249
evolution of symbolic language & self awareness, humans & chimpanzees, 7966
explicit vs implicit bloodletting simulations of menstruation, males, Oceanic vs Western societies, 8211
interruption method, analysis of structuring of symbolic content of literary text, 25 yr old female graduate student, 14425
Jungian archetypal symbolism in TV show "Doctor Who", 25377
Jungian perspective of metaphor & symbols & understanding, interpretation of imagery in psychotherapy, 19815
multiplicity & ambiguity of meaning & metaphor & symbolic processes in creative work, 14996
mythical archetypes & symbols in art of F. Shaffer & J. Smith, 14995
nonverbal & symbolic communications in psychoanalysis, narcissistic patients, 12691
object sculpting as psychotherapeutic technique for symbolic representation of life events in family therapy, psychiatrist-psychotherapist, 9398
perceived desirability & friendliness & status of 6 architectural home styles, architects vs laypersons, 31476
primary & secondary processes, representations & interpretations in psychoanalysis, 30210
psychoanalytic & neurobiological & artificial intelligence perspectives on primary process of dramatization, 2 commentaries included, 3516
psychological experience of archetypal symbol of America as New World, conference presentation, commentary included, 22162
psychotherapy using imagery & symbolic desensitization, neurotic symptoms, 20–39 yr olds with depression or borderline symptoms or phobia or psychosomatic disease, 2268
sexual symbolism in language of Freud & W. Shakespeare, 15005
silence as response to symbolic expression embodied by Vietnam Veterans Memorial, 4518
symbolic analysis of herb & botanic medicine therapeutic properties & relation to religious beliefs, 19th century Shakers, 39739
symbolic concepts of spatial relations of landmarks, 9–13 mo olds, conference presentation, 11363
symbolic interpretation of self report life history interviews concerning career change, females, 6860
symbolic meaning of marriage rituals, Nayar caste, India, 8264
symbolic modeling using positive stories about coping with dark, self reported fear & expressions of coping, kindergartners, Israel, 5877
symbolic play & cognitive development through interhemispheric integration & specialization model, children, literature review, 15134
symbolic structure of "baladi" curing practices, child illness & fertility problems, Egypt, 5853
symbolism & linguistic & developmental aspects of connectionist model of acquisition of past tense in English, 4635
symbols & rituals in brief psychotherapy, 30218
tribal objects & artifacts & traditional dress, self representation & group identity, Bedouins, Jordan, 29202
type of symbols representing objects, transparency, nonspeaking 3.9–20.8 yr olds with autism & mild to severe intellectual handicaps, 32965
use of word black in poems written prior to suicide, S. Plath, 33301
words & verbal symbolization, experience of emotion & consciousness & subjectivity, 14986
Sympathetic Nervous System [See Also Efferent Pathways]
activity of peripheral sympathetic nervous system, patients with normal vs pathologic anxiety, 11978
acute time limited stress vs chronic intermittent stress, sympathetic adrenal medullary responses, rats, 4251
behavioral assessment & peripheral sympathetic function, forgetting, aged rodents, literature review, 21533
behavioral restraint vs spontaneity & peripheral sympathetic reactivity, 21 & 31 mo olds, 5 yr followup, implications for genetics, 8113
estrus responsiveness & ovarian function & serum progesterone, estrus cycling rats with superior ovarian nerve lesion, 4285
finger nerves blocked by local anesthetic, blood flow in all fingers during digital vasoconstriction biofeedback training, 19–33 yr olds, 35668
local anesthetic sympathetic blocks, neuropathic pain, 21–46 yr old pain patients, 33616
parasympathetic vs sympathetic autonomic nervous system, negative tilt UCS for heart rate interbeat interval UCR, dogs with bilateral vagotomy, 32133
propranolol induced beta adrenergic blockade of sympathetic nervous system, altitude acclimatization & acute mountain sickness & well being, adult males at high altitude, 37501
radial arm maze training & subsequent nucleus basalis magnocellularis lesions with vs without cortical sympathetic ingrowth, spatial memory task relearning, male rats, 21692
relaxation vs drug therapy, left ventricular mass & arterial BP & plasma norepinephrine measuring sympathetic nervous system tone, adults with primary hypertension, conference presentation, 37209
upright posture & cognitive challenges, sympathetic activation & plasma catecholamine & cardiovascular responses, adult males with early Alzheimer's disease, 29872
Sympatholytic Drugs [See Also Reserpine]
clonidine & chlormethiazole efficacy, management of acute alcohol withdrawal, adult patients, 34410
Sympathomimetic Amines [See Amphetamine, Catecholamines, Dextroamphetamine, Dopamine, Epinephrine, Methamphetamine, Methoxamine, Norepinephrine, Tyramine]
Sympathomimetic Drugs [See Also Amphetamine, Catecholamines, Dextroamphetamine, Dopamine, Epinephrine, Fenfluramine, Isoproterenol, Methamphetamine, Methoxamine, Norepinephrine, Tyramine]
propranolol & metipranolol & isoprenaline & salbutamol, water intake in conditions of hunger &/vs new environment, male rats, 922
Sympathy
differentiation of induced sympathy vs distress through heart rate & facial expressions & self report indices, male vs female college students vs 3rd & 6th graders, 8091
empathy & sympathy, aggressive & antisocial & child abuse behaviors, meta analysis, 15868
sympathy & altruistic personality traits & vicarious emotional responses, intention to help, college students, 32778
sympathy & distress, prosocial intentions & behaviors, 2nd graders & college students, 32486
sympathy & empathy, stream of consciousness, adults, 14491

Symptom Prescription [See Paradoxical Techniques]
Symptom Remission
circadian rhythms of body temperature & plasma TSH, bipolar inpatients in depressed state vs remission, 5334
Symptoms [See Also Acting Out, Anhedonia, Anorexia Nervosa, Anoxia, Aphagia, Apnea, Appetite Disorders, Apraxia, Asthenia, Ataxia, Aura, Automatism, Body Rocking, Catalepsy, Catatonia, Coma, Convulsions, Delirium, Depersonalization, Distractibility, Dyskinesia, Dyspnea, Fatigue, Headache, Hematoma, Hemorrhage, Hyperglycemia, Hyperkinesis, Hyperphagia, Hyperthermia, Hyperventilation, Hypoglycemia, Hypothermia, Insomnia, Migraine Headache, Muscle Contraction Headache, Nausea, Obesity, Pain, Pruritus, Respiratory Distress, Restlessness, Scratching, Shock, Spasms, Syncope, Tics, Tremor, Vertigo, Vomiting]
adjunctive alprazolam, negative symptoms, schizophrenic 28–50 yr old males, case reports, 33989
affective & psychotic symptoms & cognitive dysfunction, patients with Alzheimer's disease, literature review, 30137
affective &/or somatic presenting pathology, patients with borderline personality disorder, 33007
age & ratings of signs & symptoms & treatment response, 17–66 yr old manic inpatients, 33232
age & sex, symptoms of physical malfunctioning & depression scales' total scores, healthy 40–89 yr olds, 32558
age & social class & body weight, attitudes & behaviors symptomatic of anorexia nervosa & bulimia, male vs female 9th–12th graders, 37185
age at terminal admission & clinical features & prognosis, 64 yr olds & older with Alzheimer's disease, Scotland, 26461
age differences, clinical typological characteristics of depression, elderly patients with manic vs schizophrenic vs endogenous depression, 1679
age of onset, clinical & pathological & personality features, 24–45 vs 70–90 yr olds with Parkinson's disease, 19515
age, use of rating scale to quantify somatic symptoms, healthy 6–11 yr olds vs 5–18 yr olds with cancer vs adults, 5835
aggression & hallucinations & thought disorders & diagnostic complications of major affective disorders, Black 26 yr old female & 31 yr old male, 4 commentaries included, 15701
agreement between self reports of DSM-III symptoms & teacher & parent reports & academic achievement & IQ, 11 yr olds, New Zealand, 26013
alprazolam vs imipramine, psychic & somatic symptoms, generalized anxiety disorder outpatients, 19954
amelioration following acute akinesia during lorazepam withdrawal, 47 yr old male with Tourette's syndrome, case report, 30535
attitude/orientation of unconscious complexes, distress symptoms, college students, test of Jungian hypothesis, 36480
autonomic hyperactivity & muscular tension & vigilance & apprehensive expectation, differential diagnosis, 18–65 yr olds with social phobia vs generalized anxiety vs panic disorders, 5309
bank robberies, stress reactions & symptoms, bank employees, 1978–82, Sweden, 12149
behavioral family management, stress management & reduction of schizophrenic symptoms, 9263
behavioral symptoms, females with thyroid disease, 33625
bilateral brain dysfunction during motor activation, right handed schizophrenic adults with negative symptomatology, 5215
captopril for hypertension, mental status & blood cortisol, 50 & 58 yr olds with major depression, 30443
changes in presenting symptomatology over time, 24 yr old female psychiatric patient, 5189
changes in severity of depression, hospitalized psychiatric inpatients, 1945–46 vs 1935–38, 9825
characteristics & clinical symptoms, children & adolescents with obsessive compulsive disorder, 29657
characteristics & symptoms & treatment of schizoid phenomena, male 8 & 11 yr olds, 40542
characteristics of common symptom reporting, adult female spouse proxies, 36516
childhood physical & sexual abuse, PTSD symptoms, children & adult survivors of abuse with psychopathology, 33279
chronic atypical psychosis without neuropathology, 24 & 42 yr olds with multiple sclerosis, case reports, 5693
chronic inhalation of ethyl chloride, ataxia & dysarthria & nystagmus & dizziness & toxic psychosis & visual & olfactory hallucinations, 52 yr old male, Sweden, case report, 19380
clinical features & differential diagnosis & organic causes & treatment, delirium, elderly, 30008
clinical features & symptoms, outcome, patients with neurotic depression, 6 & 20 wk followups, 5298
clinical features, patients with depressed form of puerperal psychosis, 11920
clinical model of dimensions of depressive symptomatology, 5138
clinical presentation, preschool children with autistic spectrum disorders, 22502
clinical psychiatric symptoms, industrial or motor vehicle accident victims referred for evaluation by attorneys, 1511
cluster analysis of symptom profiles, autistic & autistic-like 3–5 yr old males, 15764
cognitive & physical & psychological symptoms, uninjured college students & relatives vs 16–39 yr olds with head injuries vs bone fractures, implications for nonclinical symptoms base rates, 16092
cognitive impairment & ventricular size & negative symptomatology, chronic schizophrenic inpatients, 5244
collection of rate data on symptoms & other clinically relevant events, patients, 20066
combat status, overreporting vs acceptable reporting of symptoms on MMPI, Vietnam Veterans, 1613
community based psychiatric aftercare, negative symptoms & readmissions & community adjustment & family atmosphere & overall functioning, 25–58 yr old chronic schizophrenic patients, followup study, 9704
construct & concurrent validity of Symptom Checklist-90, assessment of pain pathology & behavior, chronic pain patients, 100
construct validity & stability of Asthma Symptom Checklist, asthmatic adults, 28065
construct validity of Toronto Alexithymia Scale, measurement of personality & physical symptoms, college students, 35092
course & psychopathological components, 1–3.5 yr olds with reactive depression, USSR, 11991
cross cultural differences, symptomatology, schizophrenic 20-60 yr olds, Libya vs Malta, 22591
cultural factors, somatic complaints & vegetative symptoms of depression, elderly, 33063
cyproheptadine, symptoms, schizophrenic patients, 30513
definition & significance of positive vs negative symptoms, adult patients with mania vs schizophrenia vs major depression, 11905
demographics & outcome & functional skills, positive vs negative vs mixed symptoms subtypes of institutionalized schizophrenic patients, 13106
denial & self report of symptoms, 16–43 yr olds with eating disorders, diagnostic implications, 16187
depressed mood & metabolic control & reporting of disease symptoms, patients with diabetes mellitus, 33584
depressive symptomatology, antidepressive activity engagement, 8–14 yr olds & their parents & college students, 40197
depressive symptoms at beginning & after vs only after vs only at beginning of schizophrenic episode, implications for diagnosis of postpsychotic depression, 33106
depressive symptoms, depressed vs bulimic female patients, 25996
depressive symptoms, schizophrenic 17–57 yr olds treated with haloperidol, 34060
depressive syndromes & symptoms, elderly schizophrenic patients vs community residents, Greece, 8649

developmental differences in personal characteristics & symptoms & other maladjustments, 5–11 vs 12–19 yr olds with overanxious disorder, 5338
developmental symptoms & self perception of handicap, 56–92 yr olds with hearing loss, 5645
diagnostic type, degree of consensus among patients' & clinicians' & independent evaluators' ratings of patient functioning, schizophrenic vs nonschizophrenic adults in partial hospitalization program, 9821
dichotic listening hemispheric asymmetries & psychotic symptoms, 15–64 yr old schizophrenic vs psychiatric patients, 15807
differential diagnosis of symptomatology of major depression vs dysthymic disorder, depressed 60 yr olds & older, Finland, 33092
differentiation between depressive vs negative symptoms, chronic schizophrenic males, 12084
differentiation of panic symptoms from alcohol withdrawal, adults with dual diagnosis of alcoholism & panic disorder, 8503
differentiation of psychiatric symptomatology, adult males vs females, Spain, 32927
dissociation between choreoathetoid movements & cognitive impairment, 38 & 46 yr old females with early symptoms of Huntington's Disease, 33471
distribution & content of depressive symptoms, 8 vs 12 vs 17 yr old community residents, 36619
diurnal variation, symptom severity of colds & influenza B, adults, 26641
DSM-III-R symptoms & diagnosis in non-Western patients, depressed Latin American vs Asian vs Moslem 20–30 yr olds, 26137
DST suppression vs nonsuppression & clinical variables, depressed inpatients vs outpatients, 36589
duration & symptoms of manic & depressive prodromes, 18–58 yr old bipolar patients, 15746
early writings describing psychotic symptoms, validity of E. Hare's contention that schizophrenia is recent disease, commentary, 40161
economic & social & psychological resources & coping styles, psychiatric symptoms, unemployed adults with dependent children, 15671
efficacy & tolerance of minaprine, treatment of depressed mood & behavioral impairment & cognitive deterioration, elderly patients with Alzheimer's disease or multi-infarct dementia, Italy, 12894
endocrinologically defined segment of menstrual cycle & time course of physical & emotional symptom intensity, female 24–36 yr olds, 33639
epidemiology & symptoms of major depression, psychiatrically referred children vs adolescents vs adults, 8564
examination stress, anxiety & physical symptoms, college students, 20567
extrapyramidal symptoms & ventricular size & cognitive deficits, schizophrenic 55–75 yr olds, 2–4 yr study, 26097
factor analysis of Response to Childhood Incest Questionnaire, assessment of symptoms, 17–54 yr old female survivors of incest, 35119
factor structure of Center for Epidemiologic Studies Depression Scale, assessment of depressive symptomatology, 20–74 yr old Mexican Americans, 31599
factor structure of child & adult versions of Asthma Symptoms Checklist, assessment of physical symptoms & anxiety, asthmatic 6–18 yr olds & their parents, 38618
family history & frequency & recency & severity of panic attacks & other psychopathology, 17–50 yr old college students, 22609
fever & leukocytosis, 20–56 yr olds with bipolar affective disorder, case reports, 22579
fiscal & social policy on negative symptoms of schizophrenia & role of family in caring for mentally ill members & education & intervention, developing & industrialized nations, 8602
fluphenazine, positive & negative symptoms, schizophrenic adult inpatients, 12898
formulation & use of symptom substitution, rational emotive therapy clients, 40666
Framingham Type A Scale vs Jenkins Activity Survey vs Structured Interview, neuroticism & chest pain symptoms & Type A behavior, male college students, 35191
frequency & gender distribution & mode of appearance & prognostic value of affective symptoms, 16–61 yr olds with paranoid disorders, 7 yr followup, 15774
frequency & nature of REM abnormalities in sleep EEGs & association with positive & negative & depressive symptoms, schizophrenic adults, 36704
frequency & severity of emotional & somatic complaints & behavioral problems after sexual abuse, 1–18 yr olds & their mothers or primary caretaker, 12175
frequency of contact & durability & reciprocity of social support networks & demographic factors, depressive symptoms, Black adults, 8736
frequency of schizophrenic 1st rank symptoms, organic mental disordered patients, 9137
frequency of symptoms, adults with primary vs secondary depression, 29548
frontal vs central contingent negative variation & frontal function & negative symptoms, psychotic vs nonpsychotic adult patients, 5350
gender differences in depressive symptoms, non-Hispanic Whites vs Mexican Americans born in US vs Mexico, 15689
heterogeneity in symptoms of alcohol abuse, families of hospitalized alcoholics, 22791
hierarchical organization of & relation of affective vs somatic classes of depressive symptoms, 65 yr olds & older, England, 15667
history of childhood sexual abuse, medical complaints, adult females, 15829
HIV related symptoms & social supports, depression, seropositive vs seronegative bisexual & homosexual males, 33608
hypnotherapy, vomiting & pain & sleep patterns, 6.5 yr old female with malignant astrocytoma of left brain hemisphere, case report, 30541
inorganic mercury vapor exposure, memory & perceptual motor performance & learning disabilities & subjective symptoms, 26–56 yr old male chlorine alkali workers, 23025
intensity of depressive symptoms & lethality of current suicide ideation, adults with unipolar depression, 19195
interrater reliability of symptom rating scale, demented vs schizophrenic vs delirious adults, 3641
irritability as primary symptom of major depression & desipramine &/or haloperidol therapy, 90 yr old female & 85 yr old male, 1687
job burnout & related physical symptoms, teachers, 3082
K. Schneider's concepts of psychopathy & symptom classification of schizophrenia, literature review, 36573
lactate, panic & anxiety & heart rate & other symptoms, 18–45 yr olds with panic disorder, 29491
laterality & frontality measures of cerebral blood flow & cerebral metabolic rate, symptom specificity, schizophrenic adults, 36600
long term occupational exposure to organic solvents in paint thinner, memory & subjective symptoms, automobile painters, 3444
major & daily stressful life events, psychological symptoms, 10–14 yr olds & their parents, 36274
mental health services, negative symptoms, schizophrenic patients, implications for developing & developed countries, 9712
mental impairment or focal neurological or other clinical signs, prediction of computed tomography findings, psychiatric patients, 11915
methadone maintenance treatment, psychological symptoms, adult heroin addicted patients, 1 yr followup, 9871
mind body patterns of symptom generation, design of multimodal medical & psychopharmacological treatments, families in therapy, 40689

MMPI psychopathology & symptom profile patterns, former prisoners of war, replication & extension, 15795
MMPI scores, clinical descriptions, 12–17 yr old psychiatric inpatients, 11908
models of positive & negative symptoms, assessments of latent structures, schizophrenic patients, 19151
nationality & ethnicity, prevalence of R. Schneider's First Rank Symptoms, patients with schizophrenia or other functional psychoses, Sri Lanka vs UK vs Canada, 1569
nature & severity & pattern of symptoms, Vietnam veteran inpatients with delayed vs undelayed onset PTSD, 8743
nature of hysterical symptoms, 12020
negative & depressive symptoms, schizophrenic patients, 29577
negative symptomatology & schizophrenia, literature review, 12043
negative symptoms, chronic schizophrenic 20–55 yr olds, 19043
negative symptoms including attentional impairment & neuropsychological performance, schizophrenic 17–45 yr old inpatients, 1667
neuroleptic anticholinergic effect & positive vs negative symptoms, electrodermal responses to mild vs task relevant tones vs loud white noise, hospitalized schizophrenic patients, 36594
neuroleptic induced Parkinsonian side effects, severe to borderline mentally handicapped inpatients, 23429
noncognitive symptoms, dementia diagnosis, conference presentation, 40358
onset & episode type & syndrome shift & suicidal symptoms & seasonality & precipitating factors & inactivity of illness, patients with schizoaffective disorders, 10–59 yr followup, 19165
onset of initial multiple sclerosis symptoms & first psychiatric admission, adult multiple sclerosis patients, 16234
overactivity & distractibility & impulsivity, 5.6–16.8 yr olds with learning disabilities vs hyperactivity or attention deficit disorder, implications for diagnosis, 19612
panic or obsessive compulsive vs drug related symptoms, discussion of depression during therapy, psychiatric patients, 30213
parallel architectural metaphors in symptom structures & psychotherapy, patients, 12663
parental detection & signs of handicap in child, parents of hearing impaired 2–6 yr olds, 2023
patient characteristics, prediction & completeness of symptom reporting, 18–85 yr old colorectal cancer patients, 22929
phenomenological description of Stimmung in early stages of schizophrenia, 22634
physical complaints & school related stress, male vs female 12–15 yr olds, 1 yr study, 32356
physical symptoms & presence of small refractive errors, 18–32 yr old video display terminal operators, 24369
physical symptoms & Type A tendency & exposure to stress, adults with chronic pain symptoms, 5834
pimozide, positive & negative symptoms, schizophrenic inpatients, 9587
pimozide, 22–52 yr olds with neuroleptic schizophrenia with prominent deficit features, conference presentation, 12852
platelet MAO activity & negative vs positive symptoms, male 23–30 yr olds with schizophrenia taking vs not taking neuroleptics, 1671
platelet 3H-imipramine binding & MAO activity, Alzheimer's disease patients with vs without behavioral symptomatology, 19611
positive symptoms, 26–55 yr olds with chronic schizophrenia, 36647
positive vs negative symptoms in schizophrenia, literature review, implications for etiological models, 33216
positive vs negative symptoms, male schizophrenic 21–63 yr olds, 33066
postpsychotic depression following episodes of schizophrenia or schizoaffective disorder with or without negative symptoms & imipramine treatment, 18–65 yr olds, 15785
practical problems in treatment of negative symptoms of schizophrenia, 12614
predictive value of clinical & behavioral risk factors for sudden infant death syndrome, parents of victims, 29920
pregnancy, emotional & physical symptoms, expectant females vs their spouses, 32632
premenstrual dysphoria & dimensions of dysphoric mood & physical discomfort & energy levels & consumption & levels of alcohol & sex & activity, female 25–45 yr olds, 36991
premenstrual negative feelings & activation & stress pain & follicular distress & anxiety in factor structure of symptom self reports of PMS, treatment seeking females, 12467
presenting complaint & personal characteristics, number of outpatient visits, male vs female Whites vs Blacks vs Hispanics using low income inner city mental health clinic, conference presentation, 6297
presenting complaints & diagnostic techniques, Air Force crew members with suspected sleep disorders, 22959
prevalence of alcoholism & relation to physical symptoms, Native American clients of community clinic, Canada, 5502
prevalence of depressive characteristics & symptoms & lower self esteem & hopelessness, physically abused 7–13 yr olds, replication, 26209
prevalence of depressive thoughts & behavior & correlates, 11–18 yr olds with conduct disorders, 33330
prevalence of manic depressive psychosis & course & prognosis, 9–15 yr olds with prepubertal & pubertal schizophrenia, USSR, 11935
procedural validity of Diagnostic Interview Schedule vs Inpatient Multidimensional Psychiatric Scale vs German manual, assessment of psychotic symptoms, former psychiatric inpatients, 7183
prodromal signs & symptoms of psychotic relapse, recent onset schizophrenic outpatients, 12071
prodromal symptoms, panic disorder patients with agoraphobia, 15675
pseudoneurological symptoms, 6–14 yr olds with masked depression, 12010
pseudoseizures & other cultural clinical manifestations, female 27 yr old with epileptic Munchausen's syndrome, case report, 19609
psychiatric manifestations of communicating hydrocephalus, 28 yr old deaf & mute male, case report, 22966
psychiatric symptoms of Behcet's syndrome, 33 yr old female, case report, 12476
psychiatric symptoms, 25–72 yr olds with cervical cancer, 37084
psychoanalytic interpretation of superego based physical symptoms, treatment implications, 33514
psychoanalytic interpretation of symptoms of bulimia, 24 yr old female, 33537
psychodiagnosis & self reported symptoms & illness behavior, fibromyalgia vs rheumatoid arthritis patients, 2036
psychophysiological comparison theory, appraisal of signs vs symptoms & sources of distortion in patient symptom descriptions, implications for history taking & symptom assessment, 40002
psychosocial rehabilitation, treatment of negative symptoms, schizophrenic patients, 13176
psychotherapy using imagery & symbolic desensitization, neurotic symptoms, 20–39 yr olds with depression or borderline symptoms or phobia or psychosomatic disease, 2268
psychotic state & schizophrenia subtype, plasma MHPG levels, schizophrenic 23–45 yr olds, 8629
repeated naloxone, symptoms, schizophrenic patients, 30495
resolution vs confirmation of neurological symptoms & birth weight & early physical therapy, high risk infants assessed at 12 vs 24 mo, 5756
retrospective vs prospective recording of premenstrual symptoms, adult females attending PMS evaluation & treatment center, 5763

review of clinical applications of visual analog scales, assessment of subjective experience, clinical & research populations, 24621
self consciousness & self monitoring & upper respiratory symptom reporting, 16–33 yr old Naval recruits, 33662
self object activation, vegetative symptoms, 68–73 yr olds with reactive or endogenous depression, 30219
self reported psychological symptoms & coping strategies, male vs female 7th & 9th graders, 4699
self vs psychiatrist referral & prior vs no previous treatment, symptoms, patients with seasonal depression, UK, replication, 5346
sensation of lump in throat as model for study of conversion disorders, patients, 19659
sensory disturbance & onset of psychiatric disturbances, paraphrenic 61 & 63 & 69 & 88 yr olds, England, 32976
serum dexamethasone levels after oral administration & psychomotor retardation & anxiety, postdexamethasone serum cortisol concentrations, psychiatric patients, 19229
sex & age & prevalence of depressive symptoms, 60 yr old & older rural community residents, Finland, 5249
sex differences, expression of symptomatology of attention deficit disorder with hyperactivity, 7.8–8.2 yr olds, 26522
sex, expression of depression, French- vs English-speaking 12–17 yr olds, Canada, 5150
sleep EEG & brain computed tomography scan variables & negative symptoms & premorbid functioning, drug free male schizophrenic 24–50 yr olds, 33203
social skills training, treatment of negative symptoms of schizophrenia, 9476
social stigma & fear & prognosis, amplification of symptoms & potentially harmful treatment & need for aggressive symptom control, AIDS patients, 26569
sociocultural & systemic model of symptomatology & pastoral caretaking response, 40943
sociodemographic & work & psychosocial factors, psychiatric symptoms, 20–59 yr old tax workers, Japan, 19136
sociotropic vs autonomous personality characteristics & specific symptom clusters, 18–64 yr old unipolar depressed patients, 19204
sodium lactate infusion, physiological & psychological symptoms of panic, patients with panic disorder or agoraphobia with panic attacks, 19080
somatic & psychological symptomatology of habitual caffeine use, psychiatric patients, 1507
somatic response to stress & current stress, physical symptoms & health service utilization, female adults, 16080
somatosensory amplification of symptoms assessed by self report questionnaire, adults with upper respiratory tract infections, 19481
spectral analysis of symptom clusters, females with PMS, 9011
stressful life events in yr following diagnosis, psychiatric symptoms, 18–75 yr old cancer patients, 26505
stressful life events, symptoms of depression, 18–64 yr olds vs psychiatric outpatients, 19052
symptom complaints resulting in assessment & diagnosis of mental retardation, 2–6 yr olds, 26399
symptom development, schizophrenic children with onset before 10 yrs of age assessed from birth to 12 yrs, 15808
symptom experience & fluctuations in psychosocial correlates & quality of life, end stage cancer patients, 26670
symptom levels & threatening life events & dysfunctional attitudes & cognitive failure susceptibility, 23–66 yr olds, 4 mo followup, 10860
symptom perception & estimation of blood glucose, diabetic adults, 37011
symptom scales of Diagnostic Interview Schedule, Hispanic vs Anglo 18–64 yr olds, Puerto Rico & US, 24558
symptom specificity of Research Diagnostic Criteria of endogenous depression, patients with major depressive disorder, 36681
symptom type & incidence, depressed males vs females 60 yrs old & older, Finland, 26112
symptomatology & antipsychotic drugs, perceptual asymmetry, patients with acute psychotic schizophrenia, 26038
symptomatology assessed using Amsterdam Depression List, 23–69 yr olds with endogenous depression classified by Research Diagnostic Criteria, 5185
symptomatology associated with childhood sexual victimization, adult females, 5379
symptomatology, patients with major depression, 19069
symptoms & biological markers & similarity to depressive disorders, patients with chronic pain syndromes, 9230
symptoms & diagnosis & treatment, children & adolescents with depression, implications for suicide, 8680
symptoms & differential diagnosis, children with Rett syndrome, 23062
symptoms & etiological factors at 1st admission & relation to later compulsory treatment, alcoholic patients ordered into treatment, longitudinal studies, Sweden, 6509
symptoms & functioning assessed by employment status, adults with bipolar disorder hospitalized for manic episode, 6 mo followup, 11941
symptoms & maladaptive patterns, 21–40 yr olds with untreated late onset characterological dysthymia, 9 mo study, 15730
symptoms & neuropsychological findings & diagnosis of primary intraventricular hemorrhage, 25–79 yr olds, 1985
symptoms & performance on Luria-Nebraska Neuropsychological Battery, schizophrenic inpatients, 22534
symptoms & risk factors & treatment & prevention, tardive dyskinesia, literature review, 12026
symptoms & treatment & relation to connection between mind & body, anorexia nervosa, 2131
symptoms during 1st 2 yrs of life, autistic 7–22 yr olds, implications for early screening, 40086
symptoms of attention deficit disorder & 24 hr urinary catecholamines & their metabolites, emotionally disturbed & conduct disordered males with high vs low dopamine-b-hydroxylase activities, 36545
symptoms of burnout, human service professionals, 1974–84, literature review, 13352
symptoms of well being & menstrual distress, 20–39 yr old females using vs not using oral contraception, 23066
symptoms that regulate distance & change, families in therapy, 33937
Toronto Alexithymia Scale & Eysenck Personality Questionnaire & self reported somatic complaints, college students, implications for research, 31550
trihexyphenidyl, predominantly negative symptoms, chronic schizophrenic patients, 16641
type & frequency of coping strategies, symptom & catastrophic thought reduction, anxiety disordered patients with vs without panic attacks, 22513
type & severity of psychological symptoms, college counseling center clients, 20687
urinary MHPG & platelet 3H imipramine binding, symptom variability, adults with major depression, Australia, 5164
utility of Schneiderian 1st rank symptoms, diagnosis of schizophrenia, commentary, 5230
utility of Schneiderian 1st rank symptoms, diagnosis of schizophrenia, commentary reply, 5343
utility of Schneiderian 1st rank symptoms, differentiation of multiple personality disorder & schizophrenia, commentary, 5175
ventricle brain ratio & positive & negative symptoms, patients with schizophrenia, 22605
5-HT precursor 5-HTP, dextroamphetamine induction of acute psychotic symptoms, schizophrenic adults, 1615
50 vs 100 mg amisulpride vs placebo, negative syndrome, nondepressed nonpsychotic outpatients, implications for schizophrenic patients, 19975

Synapses

adenosine triphosphate & dynamic synaptic changes, tracing circuit of neurons for descriptive memory, humans, 35608
alterations in postsynaptic events, behavioral sensitivity to dopamine agonists, hypothyroid rats, 18313
chronic haloperidol, reversible perforated postsynaptic densities in caudate nucleus vs nucleus accumbens, male rats, implications for drug tolerance & drug therapy, 39361

classically conditioned forelimb flexation, formation of corticorubral synapses to red nucleus neurons, cats, conference presentation, 4132
depression of synaptic transmission in cerebellar cortex, memory & reflexes & posture & locomotion, literature review, 28610
hippocampal & neocortical synapses, critical period for long term potentiation, rat pups, 28632
immunoreactivity & synaptic terminal density in hippocampal complex & entorhinal cortex in postmortem tissue, 70–93 yr olds with Alzheimer's disease, 33539
in utero ethanol, density of synaptic formation in frontal cortex, neonatal rats, implications for fetal alcohol syndrome, 861
intrahippocampal n-methyl-d-aspartate receptor antagonist, synaptic plasticity & learning, rats, 28929
long term potentiation, information storage in brain, mammals, 4106
multivariate statistical summary of synaptic plasticity measures of occipital cortical synaptic & cellural & vascular morphology, rats raised in complex vs social vs individual environments, 4152
N-methyl-d-aspartate amino acid receptor class, Hebb-type synaptic plasticity associated with development & learning, 4090
pentobarbital, eyestalk withdrawal & cheliped closing response & depressed facilitated transmitter release & synaptic plasticities, crayfish, 21830
properties & molecular mechanisms of long term synaptic potentiation hypothesis & significance for learning theories, 21494
short term 3,4-methylenedioxymethamphetamine, brain serotonin terminal destruction & CSF & regional brain 5-HIAA & serotonin & behavior, male monkeys, 39324
Syncope
cardiogenic & neurogenic mechanisms underlying seizures & role of stress, literature review, conference presentation, 16235
compulsively self induced apneic syncopes & epileptic absence seizures, female with borderline intelligence followed from 7.7 to 13 yrs old, 15976
multiple syncopal episodes followed by headache & drug & biofeedback treatment, 14 yr old female diagnosed as having basilar artery migraine, case report, 26643
sight of blood, BP & heart rate & respiration & coping strategies, college students identified as emotional fainters vs nonfainters, 14745
Syndromes [See Also Acquired Immune Deficiency Syndrome, Alcoholic Hallucinosis, Alcoholic Psychosis, Alzheimers Disease, Capgras Syndrome, Cushings Syndrome, Delirium Tremens, Downs Syndrome, Fetal Alcohol Syndrome, Klinefelters Syndrome, Korsakoffs Psychosis, Menieres Disease, Neuroleptic Malignant Syndrome, Organic Brain Syndromes, Picks Disease, Presenile Dementia, Senile Dementia, Toxic Psychoses, Turners Syndrome, Wernickes Syndrome]
admission of expert testimony on rape trauma syndrome, Supreme Court of Kansas, 1982, 4868
ambulatory EEG & simultaneous video recording, females with Rett syndrome & profound mental & physical handicaps, 19426
biological & interactional components of mother & infant system, model of infant colic as developmental disorder, implications for nurses working with families of irritable infants, 5111
Briquet's syndrome, 14–78 yr old females with major depression or panic disorder or agoraphobia, 26141
classification & diagnosis of Asperger's syndrome vs autism, 3–11 yr old males & their fathers, 5158
cluster analysis, validity of neuropsychological syndromes, 21–80 yr old right hemisphere stroke patients, 19507
cognitive ability & adaptive behavior & blood serotonin levels, prepubescent females with Williams syndrome, assessment of link between hyperserotonemia & autism or other developmental disabilities, 32919
cognitive processing, 50–120 mo olds with Williams syndrome, 22906
computerized tomography & magnetic resonance imaging & positron emission tomography assessment of CNS changes, 44 yr old male with Usher's syndrome & schizophrenia-like disorder, 16131
culture bound psychiatric syndromes, India, 8484
current diagnostic criteria, Rett syndrome, literature review, 22895
delusional psychosis & cognitive impairment & posterior cerebral cortex changes, 45 yr old Werner's syndrome female, case report, 9208
developmental Gerstmann's syndrome diagnosis, 6–16 yr olds with dysgraphia &/or dyscalculia &/or dyspraxia, 8945
emphasis on exhaling & time pressure, hyperventilation as stress response, patients with hyperventilation syndrome, Netherlands, 23067
eosinophil induced neurotoxicity characterized by axonal neuropathy & dementia & cerebral infarction, 41 yr old male & 52 yr old female with hypereosinophilic syndrome, case reports, 2155
epidemiology & public health significance, female children with Rett syndrome, 23061
etiological factors, development of postconcussional syndrome, 19562
etiology & manifestations of amedicus syndrome, hospitalized patients in group health care, 2855
etiology & physiological characteristics of Rubinstein-Taybi syndrome, 17 yr old male & 18 yr old female, case reports, Italy, 33492
existence & relationship to DSM-III diagnoses of syndromes of depressive symptoms, 18 to over 90 yr old community dwelling adults, 19058
extensive remote memory loss with mild anterograde amnesia, 50 yr old male with apparent Kluver-Bucy syndrome, case report, implications for memory structure, 16238
familial syndrome of infantile optic atrophy & movement disorder & spastic paraplegia, children & adolescents & adults, 2–19 yr followup, 37002
features of benign ocular motor syndrome, 7–20 mo olds, conference presentation, 16192
history & etiology & diagnosis of postconcussional syndrome, 23035
individual & intergenerational dynamics & resulting instrumental vs focal child syndromes, narcissistic parents & their children, 12078
information disease hypotheses vs cult withdrawal syndrome, former cult members, 8647
lifetime prevalence of preceding psychiatric disorders, patients with chronic fatigue syndrome, 29997
lifetime prevalence of preceding psychiatric disorders, patients with chronic fatigue syndrome, erratum, 37083
lithium induced hypothyroidism presenting as carpal tunnel syndrome, 47 yr old female with manic depressive illness, case report, 16552
Loeffler's syndrome following imipramine, 36 yr old female with major melancholic depression, case report, 2443
motor & behavioral characteristics & differential diagnosis, 3–14 yr olds with autism vs Rett syndrome, 22478
motor & intellectual functioning, female 2.5–23 yr olds with Rett syndrome, 22924
neuropsychological aspects & magnetic resonance imaging of limbic system pathology, 27 yr old male with Kluever Bucy syndrome & amnesia secondary to herpes encephalitis, case report, 19496
neuropsychology, 34 yr old male with Asperger's syndrome & emotional & social disabilities & outstanding math ability, 1911
onset of symptoms following head injury, 16 & 17 yr old males with Kleine-Levin syndrome treated with lithium carbonate, case reports, 5830
postconcussional syndrome, erratum, 33628
prevalence & consequences of & resultant syndrome from sexual relationship, counselors & clients, 19810

psychiatric & psychological & social status, 43 yr old moderately mentally retarded male with Williams' syndrome, case report, 29792
psychiatric symptoms of Behcet's syndrome, 33 yr old female, case report, 12476
reliability & validity of Positive & Negative Syndrome Scale, adults with acute or chronic schizophrenia, 3596
Rett's syndrome, 15 yr old female, Australia, case report, 9183
selective adenomectomy, behavioral & psychiatric problems, 26 yr old male with Nelson's syndrome, case report, 6226
signs & symptoms & complaints, litigation response syndrome, 1516
signs & symptoms & multimodal management of chronic Epstein-Barr viral syndrome, 26 yr old female, 33745
symptoms & differential diagnosis, children with Rett syndrome, 23062
tetrabenazine, 38 yr old Chinese female with 10 yr history of Pisa syndrome, case report, 34009
theory of language paleodigms as formulation of ancient folk wisdom with causal explanation influencing behavior, etiology of psychiatric syndromes, 22472
therapist's role in maintenance of functional skills throughout disease stages, female children with Rett syndrome, 23131
type of abused drug, characteristics of drug dependence syndrome & related health & social & emotional problems, 17–68 yr old drug abusers in alcohol rehabilitation program, 5495
use of superimposed rhythm without melody, decreased rate of speech, 18 yr old female with brain damage & Kluver-Bucy Syndrome, 12560
violence & delusions, patients with Fregoli or intermetamorphosis or subjective doubles or Capgras syndrome, case reports, 5187
visual EPs, 85 yr old female with Charles Bonnet syndrome, case report, 9175

Synonyms
definition of & synonyms for "visual form" & other terminology in scientific psychology, 265
processes in identification of word pairs as antonyms or synonyms, college students, 14380
words coded as synonyms vs translations vs copies, incidental recall, Spanish-English early vs late onset bilingual college students, 3871

Syntax [See Also Form Classes (Language)]
acquisition of recursive grammatical categories, 4.3–4.6 yr olds, support for biological model of language, 8010
aging & role of demand on working memory, comprehension of sentence syntax & semantics, 25–79 yr olds, 25440
associative & grammatical priming, lexical decision & naming tasks with words & pseudowords in Serbo Croatian, high school seniors & college students, Yugoslavia, 7390
computerized visual communication system, processing of visual syntax, 57 yr old male with global aphasia vs patients with Broca's aphasia, 37591
delayed application of linguistic information, syntactic processing of sentences, commentary, 4531
early literacy experiences & comprehension of grammatical vs ungrammatical speech utterances, 3 vs 4 yr olds, 18606
grammar with cross sentential cues to phrase structure, syntax & language learning, college students, 39437
impaired syntactic interpretation on test of sentence comprehension involving object manipulation, aphasic 74 yr old male, 5669
integration of psycholinguistic & neurological & psychological approaches, research in syntactic processing, 35340
judgments of syntactic flexibility of idioms, literal meaning, college students, 18487
language acquisition model, assessment of semantic & syntactic development in mean length of utterance in morphemes, hearing impaired children, instructional implications, 30081
lexical relatedness & syntactic connectedness, lexical decision, college students, 17901
localization of brain damage using tomography, syntactic production & sentence comprehension, 60–68 yr olds with left hemisphere stroke & Broca's aphasia, 2144
morphology & syntax in written tasks, deaf 11–15 yr olds, Italy, 19633
morphosyntactic processing in agrammatic speech production, adults with Wernicke's vs Broca's vs global aphasia, West Germany, replication, 26471
order of statements & social situation & conversational coherence, trained judges, implications for systemic model of coherence, 32308
phonemic & syntactic awareness & proficiency & receptive vocabulary & word decoding & reading comprehension, 1st graders, Australia, 18552
pragmatic mode vs syntactic mode use in sentence comprehension task, aphasic Spanish speaking bilingual & monolingual patients, 26632
pragmatics & syntax acquisition assessment & elicitation procedures, hearing impaired children, 33503
processing of coreferential gaps in syntactic structure, adjective recognition time, college students, 35385
productivity & syntax & ideation in written expression, remedial reading 4th–5th graders, implications for peer tutoring, 19401
pronouns with explicit vs implicit antecedents, timed judgment of sentence or clause acceptability, adults, 21849
sentences with disruption in semantic &/vs syntactic structure, memory encoding & recall, elderly with Alzheimer's disease, 30040
Spanish vs English sentences with relative clauses, use of Late Closure parsing strategy, college students, Spain vs UK, 21847
structural information, word monitoring latencies during oral communication, 31 yr old aphasic male, 40516
structurally ambiguous context, lexical decision times in syntactic processing, adults, implications for parallel processing, 35346
syntactic boundary location, speech timing & stuttering frequency, adult male stutterers, 8962
syntactic compensatory strategies, sentence production, patient with selective apraxia of phonation, case report, 36953
syntactic complexity of spontaneously generated oral stories, learning disabled 8–13.9 yr olds, 26404
syntactic complexity, reading rate & sentence comprehension, college students, 35374
syntactic constraints, coreference assignment during sentence comprehension, 35356
syntactic priming, production of utterances in same syntactic form, college students, 39433
syntactical competency & language comprehension, apes, conference presentation, 39056
word order vs grammatical markers in opaque partial vs mixed description, indicator of semantic relations, college students, Japan, 32325

Synthetic Speech
acceptance & efficiency of synthetic speech in simulated telephone services, adults, 3452
comprehension & fulfillment of command sentences generated by text-to-speech synthesizer, language impaired 8.8–10.1 yr olds, implications for school speech pathology, 36957
Echo II Plus speech synthesizer or EvalPac VOCA vs natural male speaker, intelligibility of single words, female 19–29 yr old college students majoring in pathology & audiology, 38809
guided reading vs reading-while-listening vs independent reading with computer generated speech feedback, reading efficiency, 1st graders, 13503
instruction & voice commands for system control & annotation of documents, application of speech in human computer communication, 38484
Pascal routines for DECtalk text-to-speech conversion program, computer mediated reading instruction, 41237
pitch & amplitude perturbation & additive noise, perception of roughness & breathiness in synthetic speech, speech

pathologists, implications for assessment of dysphonia, 14331
repetitive dichotic presentation of artificial unintelligible speech with positive vs negative emotional tone, rating of emotionality & intensity, college students, 7655
segmental quality & natural vs synthesized intonation, quality judgments for texts vs utterances, college students, Netherlands, 31826
situational context cues & speech rate & repetition & location of information in data system message, synthesized speech intelligibility, college students, 17822
soundtrack & use of musical tones & synthetic speech in computer interface, blind users, 40391
synthetic & natural speech preferences, male vs female 6–45 yr olds, 25397
synthetic speech feedback system in remedial reading, word recognition ability & attitudes toward reading, reading disabled 3rd–6th graders, conference presentation, 38242
text to speech system for development of high quality speech synthesis for Dutch & English & German, 35962
Syphilis [See Also Neurosyphilis]
history of medical & public health responses to syphilis, 20th century, US, implications for AIDS epidemic, 6224
Systematic Desensitization Therapy
behavioral exposure, obsessive compulsive symptoms, patients with agoraphobia with panic attacks, 6074
bethanechol chloride prior to exposure therapy, psychogenic urinary retention patients, 6209
biofeedback assisted relaxation training & self monitoring & in vivo exposure & response prevention, compulsive playing of video games, 18 yr old male, 9451
clomipramine & self &/vs therapist aided exposure therapy, mood & ritual behavior, 18–60 yr old obsessive compulsive ritualizers, 2 yr followup, 23126
cognitive theoretical vs in vivo exposure, treatment outcomes, agoraphobic patients, 37197
computer program, systematic desensitization therapy, 21–51 yr olds with phobias, 30372
computer supervised exposure treatment, phobic patients, 6066
desensitization & person centered discussion group, fear of death & dying, 18–72 yr olds, 26881
development of systematic desensitization & effectiveness in treating phobias & situational anxiety & conditioned aversion reactions, 6071
exposure based treatment, agoraphobic clients, reanalysis, 16493
exposure plus response prevention treatment, female patients with bulimia nervosa, 6 mo followup, 6090
exposure therapy & conditioning procedures, neuroendocrine effects response prevention, animals & phobic humans, 30397
exposure therapy, hypochondriacal concerns, agoraphobic outpatients, Italy, 9442
hypnosis & systematic desensitization, unhappy love, clients, 5895
hypnotherapy vs trauma desensitization vs psychodynamic therapy, adults with pathological grief following major losses, Netherlands, 5876
imaginal desensitization &/vs medroxyprogesterone, 16–50 yr old male sex offenders, 5885
imaginal desensitization vs prolonged interpretative psychotherapy, 33–53 yr old females with compulsive shoplifting or binge eating, case reports, 6093
imaginal relaxation vs desensitization, compulsive gambling, adults, implications for behavioral assessment, 19898
in vivo desensitization, 20 yr old female with recurrent nightmares & fear of snakes, Canada, 33957
in vivo self exposure treatment by psychiatrist vs computer vs book, treatment outcome, phobic 16–67 yr olds, 6079
information & coping style during exposure treatment, phobic anxiety reduction, 21–56 yr olds with animal phobia, 40733
muscle relaxation & assertiveness training & systematic desensitization & cognitive methods, control & reduction of worrying, conference presentation, 37437
naloxone, effects of systematic densensitization, phobic patients, implications for role of endorphins in fear responses, 6084
nondirective vs cognitive vs coping desensitization therapy, patients with generalized anxiety or panic disorder, 6 or 12 mo followups, 12548
paradoxical intention vs graduated exposure vs progressive relaxation training, clients with agoraphobia with panic attacks, 30384
progressive & genital muscle relaxation therapy & systematic desensitization, late pubescence & aversion to sex & nudity, married 17 yr old female, India, case report, 37426
progressive relaxation & systematic desensitization, phobia associated with moving vehicles, 23 yr old male, case report, 37462
progressive retention training & cognitive restructuring & desensitization, 32 yr old male with psychogenic urinary frequency, case report, 2–10 mo followup, 6091
relaxation & assertiveness training & systematic desensitization, distorted body image as result of conditioned fear, 28 yr old female with bulimia nervosa, case report, 16487
research design & systematic desensitization & hypnosis, performance, 18 yr old amateur boxer, case report, 19690
serum level of imipramine & group behavior therapy with in vivo exposure, rates of improvement for different symptoms, agoraphobic 18–65 yr olds, 16284
sex & demographic & clinical severity & psychophysiologic variables, prediction of outcome with chlomipramine & exposure therapy, 18–60 yr old obsessive compulsive patients, 23089
strengths of systematic desensitization & anxiety management & stress inoculation training & rational restructuring, anxious clients, implications for treatment/client match & decision making, 6070
systematic desensitization & cognitive behavior therapies, rape trauma, adult female early vs late treatment seekers, 6076
systematic desensitization & cognitive behavior therapy, rape trauma, adult female early vs late treatment seekers, commentary, 6086
systematic desensitization & cognitive modification & skills training, public speaking anxiety, college students, 19877
systematic desensitization in vivo & Kegel exercises, 21–23 yr old females with dyspareunia, 12599
systematic desensitization involving touch experience with pet cat, married couple who had not developed sexual intimacy, case report, 19906
systematic desensitization, long term claustrophobia following magnetic resonance imaging, 24 yr old male & 39 yr old female with chronic pain, case reports, 2411
systematic desensitization, needle phobias, 7–20 yr olds with diabetes mellitus, 12809
systematic desensitization with vs without cognitive coping treatment, fearful & extremely anxious 21–50 yr old dental patients, 40720
systematic exposure therapy, dysmorphophobic 19–44 yr olds, 9454
use of humor within systematic desensitization model, client anxiety, pediatric dentists, Israel, 37448
visualization vs systematic desensitization vs rational emotive therapy, communication anxiety, college students, 19662
Systems Analysis
anecdotal documentation, computer based systematic decision making, implications for organizational effectiveness, 31407
behavioral systems analysis, assessment of alcoholism, 33388
development of human performance models & systems engineering techniques, expert systems design with shortened knowledge acquisition process, 6945
diaries, management of information systems development projects, project group participants, Denmark, 38417
extension of system metaphor, solving of poorly structured problems including management decision making, 17354
general systems concept analysis of health care services, hospitalized patients, 6461

Markovian chain procedure, assessment of state of system, applications to knowledge testing, 17667
methodologies for behavioral system analysis, 35074
scheme for learning control problem of finite Markov chains with unknown dynamics, optimization of asymptotic system performance & application to models, 24694
script theory & systems analysis in transactional analysis, 30272
system dynamics modeling, understanding of social systems & behavior, 22120
systematic analysis of vocational evaluation process in state-federal vocational rehabilitation program, 13184
systems analysis of family functionality & environment & achievement satisfaction, families with achieving vs underachieving gifted 13–15 yr old males, 27690
systems approach in behavioral consultation & classroom behavior change, 24007
systems approach to construction of artificial intelligence, 10433
systems approach to modeling of school stress & need for comprehensive stress management program, teachers in training workshop, England, 30979
verbal vs mathematical computer program reading vs problem analysis, male vs female 8th vs 11th graders, 10110

Systems Theory

accuracy of depression prognostic criteria using systemic approach, 19–40 yr olds with schizophrenia vs manic depressive psychosis vs endogenous disorders, followup, 26084
applications of circumplex model to integration of nuclear & extended family systems, extended ethnic families, implications for family therapy, 32688
behavioral techniques & family systems theory in family therapy, dysfunctional families with encopretic children, 37372
circulation of concepts between biological & cybernetic disciplines of cognitive science & systemic family therapy, 30360
circumplex model assessment of discrepant perceptions & their indication of coalition, functioning, families, implications for family therapy, 32624
circumplex model in assessment of marital & family systems & intervention planning, 32658
circumplex model in diagnosis & treatment, families of incarcerated male 13–17 yr old delinquents, 34430
circumplex model in school-family intervention, family of 9–15 yr olds with school problems, 33921
circumplex model of marital & family systems in systematic assessment & treatment planning, 33926
clinical utility of circumplex model, assessment of family system type & treatment planning, severely dysfunctional families, 33946
conceptual systems framework & methodological criteria for family therapy process research, 26863
conceptual systems model of family dynamics & chronic illness, 5773
constructivism & autopoiesis & problem determined systems, family therapy, 16439
consultation model utilizing systems theory, 6–15 yr old outpatients with psychosomatic disorders & their parents, Norway, 6 mo followup, 16716
creation & sharing of metaphors, creation & alteration of systems, 18889
cybernetic systems paradigm for clinical assessment & intervention, 9370
development of ecological dissonance as theoretical corollary to R. Barker's ecological theory, implications for organizational climate & behavior & law enforcement, 34848
developmentally sequential systems model of adjustment disorders, 12088
dynamic patterns in complex motor systems, summary of conference presentations, 4065
dysfunctional interactions in macrosystem, mentally handicapped persons & their families & service providers, 6312
ecosystemic approach to family violence, attribution implications, 36748
ecosystemic perspective of family systems, family therapy, alcoholic wife & invalid husband & their 4–7 yr old children, 16437
ecosystemic perspective on spouse abuse, implications for treatment strategies, 36807
environmental uncertainty & complexity & success criteria & information, system survival, insurance agents in large organization, 20839
factor structure of Barrett-Lennard Relationship Inventory, assessment of empathy & regard & congruence & unconditionality in marriage, 25–40 yr old wives, implications for family systems research, 28165
family interaction framework, families with alcoholic family member, 26340
family systems and symbolic interaction theories on social & cultural contexts of grief, 18974
family systems approach, residential child care, 23686
family systems assessment & parent education program, families, implications for role of school counselors, 13706
family systems consultation, teaching family medicine, 34502
family systems model in management & treatment of child abuse, 37370
family systems model of school intervention, behaviorally disordered students, 17311
family systems of Munchausen Syndrome by Proxy, families, treatment implications, 26083
family systems perspectives on patient preselection & denial of symptom onset & suicide induction, 15–67 yr old members of families with Huntington's disease, implications for family therapy, 29986
family systems stress model of pediatric bone marrow transplantation & attitudes toward treatment & recovery, children with cancer & their families, 30586
family systems theory & G. Bateson's vs J. Haley's views of family power & violence & abuse & victimization, implications for therapy, 30330
family systems theory & interventions, teenage pregnancy, pregnant 18 yr old & her parents & sisters, 12760
family systems theory & methods, chronic school failure, 14–16 yr old males, 23283
family systems vs behavioral theories, reduction of substance abuse, adolescents, 16944
feminist theory & sociocultural sex role attitudes, family systems theory & therapy, 9406
general systems concept of loneliness in families, psychotherapeutic interventions in individual & family therapy, 15–72 yr olds, 30344
general systems theory approach to malfunctioning individuals & families & social groups, application to goals & purpose of psychotherapy, 23197
general systems theory, phenomenological psychology & family therapy, 19851
gestalt & system based family therapy, individual change, 37369
in home behavioral systems family therapy, juvenile delinquents, conference presentation, 23797
incorporation of individual & family counseling & meta level consultation in cybernetic model of treatment, alcholic clients & their families, 27326
integrated psychodynamic developmental & family systems model of marriage & couple therapy, 16445
integration of rational emotive & family systems therapy, 37405
integrative systems perspective, therapist client relationship, 19807
inventories, family systems assessment, 23298
lack of systems perspective in training & research, psychologist university professors, 1890–1935, 31520
mechanistic vs nontraditional spontaneous systems perspective, interactions with clients, social workers, 23627
medical ethics & family systems theory, 33905
medical noncompliance in family/treatment system, 55 yr old male with chronic obesity, 37628
metatheoretical strategies for development of general systems theories, 10527

Milan therapy & circumplex model in ecosystemic consultation, family referred to therapy because of incest allegations, 33922
model of system dynamics, organizational evolution & interunit dynamics of VA psychiatric service, 13051
multidimensional systems approach to theoretical explanation of causes & problems of drug & alcohol abuse, implications for treatment of probationers, 12231
multilevel systemic approach, somatizing 33 yr old female, 33836
multisystemic assessment & treatment approach, behavior problems, creative adolescents, 12636
need for systems theory in psychoanalysis, 37316
negotiation support system, dealing with terrorists in hostage taking situation, police negotiators, 18827
nonlinear systems theory in mathematical model of psychotherapeutic process, 31695
object relations & family systems theory, conceptualization of bulimia, 26525
paradigm for information systems field, commentary, 35045
paradigmatic guide for information systems field, 35063
power concepts, systemic models of family therapy, 12731
power relations applied to family systems & therapy, 12748
preplacement counseling as family systems approach to placing infants in adoption, family service agencies, 16784
process of self interference in systems theory concepts of information & communication & social organization, 1340
psychoanalytic vs integrative vs communicative approach to family therapy, child abuse, 33928
relevance of H. Ezriel's psychoanalytic group therapy theory for systemic & strategic family therapy, 2377
repertory grid centered knowledge acquisition tools, knowledge based systems, 13907
research foundation of systems theory & behavioral marital & family therapy, 1950–86, literature review, 12729
sociocultural & systemic model of symptomatology & pastoral caretaking response, 40943
socioemotional & ecological systems models of family, ministers, 11621
sociometric principles & systems theory, strategic sociometry in family therapy, 6061
spiral loop concept, simulation of rule & decision making in social system evolution, 11569
stances in becoming effective strategic therapist, 12695
summary record keeping format, training in systemic therapy, 17015
symbiosis & systems in nature, family systems theory, 15303
systematic cybernetic perspective in family therapy, commentary reply, 37383
systemic & strategic ideas, psychotherapeutic impasse & change, clients, 26778
systemic conditions in society, interpersonal relationships, implications for organizational behavior, 29346
systemic family therapy, elderly, 33912
systemic family treatment, depression, 70 yr old female, case report, 2 yr followup, 6045
systemic interview, invention of therapeutic reality, anorexic 16 yr old female & her parents, 2347
systemic interviewing & inclusion of school personnel in family therapy, 8 yr old neglected male & his parents & teacher, 2388
systemic perspective on adaptive family functioning, families with retarded children, commentary, 19415
systemic perspective on work & family interaction, EAP family intervention, 31413
systemic strategies in integrated sex therapy, married couple with sexual problems, 40708
systemic/strategic team consultation in context of ongoing therapy, 1 mo outcomes, couples & individuals, 30165
systems & social ecological model of adaptation & coping, families of chronically ill children, implications for families of children with AIDS, 25989
systems approach & patterns of family interaction, families with alcohol abuse problem, 40278
systems approach in behavioral consultation & classroom behavior change, 24007
systems approach to addictions counseling, 13268
systems approach to AIDS counseling, at risk bisexual married male & 21 yr old male depressed over AIDS diagnosis, implications for family therapy, 27156
systems approach to intergenerational programing, 40897
systems family therapy in residential treatment center, adolescents with adjustment problems, 34315
systems model of short-term open-ended group therapy in hospital setting, conference presentation, 9754
systems oriented treatment, 14 yr old female with factitious lip crusting, case report, 12592
systems perspective of organizational framework for research on workplace problems, professional females, 10381
systems theory & biofeedback, treatment of cancer, children, 9456
systems theory & cybernetics, educational psychology, 3070
systems theory & neurological positivism, research implications, 35636
systems theory & S. Minuchin's structural model of family, school psychologist's assessment & intervention in classroom & family, male 4th grader & his teacher & family, 24228
systems theory approach, assessment of neuronal & molecular mechanisms of memory & behavior, animals, conference presentation, 18119
systems theory approach, resistant clients, 33852
systems theory approach to group therapy, chemically dependent 12–18 yr olds, 27301
systems theory family intervention, sibling rivalry, 23295
systems theory in family therapy, commentary, 37381
systems theory in family therapy, commentary, 37401
systems theory models for health functioning & integration of personality, 5054
techniques in psychoanalytic therapy, 30 yr old female from incestuous family, case report, 9357
theoretical synthesis of D. H. Olson's circumplex & W. R. Beavers' systems models of family process, commentary, 1216
theoretical synthesis of D. H. Olson's circumplex & W. R. Beavers' systems models of family process, 1224
treatment organized around meaningful system vs family system, college student clients in college counseling center, 24263
view of reality in theories of G. Kelly & E. Von Glasersfeld vs H. R. Maturana, constructions of self organizing systems, 14027
3 stage developmental family systems treatment model, conflict, family with recovering alcoholic father & 12–17 yr old children, 37928

Systems [See Also Related Terms]
attributions as moderator variables, social interactional system of malfunctioning family, 1565
family therapy based on concepts of meaning & understanding & linguistics & communication vs social theories, 26833
implementation & evaluation of university computer workstation network systems for academic & research purposes, 41231
interpretive vs procedural coping in problem solving, application of production systems model, 39969
knowledge based learning machine for systems control, 38860
objectives of routing information systems in psychiatry, Great Britain, conference presentation, 5861
political considerations in & value influences of Management Information Systems, implications for social casework, 41440
strategic therapy, female 10 yr old with psychosomatic complaints & 8 yr old with compulsive behavior, 9395
transactions & physical & interpersonal & sociocultural aspects of children-environment systems, 39616

Systolic Pressure
development & interrater reliability of microcomputer automated system, measurement of systolic time intervals during exercise & video game task, male college students, 25115

morning pretreatment systolic orthostatic BP, prediction of response to ECT vs nortriptyline treatment, depressed 61–78 yr olds, 16320
RT task, heart rate & systolic BP changes, 19–26 yr old males, test of motor preparation hypotheses, 18198
self feedback about physical symptoms & external situational cues, estimation of systolic BP, adults, 700
stability of systolic BP reactivity to exercise, 3–4 yr olds, 1 wk & 6 mo followup, implications for hypertension research, 21907
symptoms & mood & self estimation of systolic BP, medicated vs nonmedicated normotensive vs hypertensive patients, 16196
systolic & diastolic BP & heart rate during social interaction, high vs low cynically hostile male college students, 35683
treatment for isolated systolic hypertension, cognitive status & depression, 60 yr olds & older, 1 yr followup, 23395
T Groups [See Human Relations Training]
T Test
impact of statistical power & nomograms for sample size & power for t-test, 7202
robustness of t test of correlation coefficient & need for simulation studies, 14228
Taboos
aversion theory of incest avoidance, commentary reply, 8849
brother sister incest taboo in E. Bronte's "Wuthering Heights", 21864
contemporary analyses of incest theory & incest taboo, commentary, 8782
definition of taboo & disappearance of incest taboo in industrialized societies, analysts, 19327
general evaluation of society, extension of incest taboo, societies, 36771
psychological & biological & cultural aspects & etiology of incest taboo, implications for nursing interventions with incestuous families, 33252
refutation of existence of cultural incest barrier, commentary, 8781
social distance & taboo, animal names in verbal abuse & linguistic determination of food value & animal edibility, 32319
taboo, animal names in verbal obscenities & linguistic determination of food values & animal edibility, 32321
Tachistoscopes
technically improved computerized projection tachistoscope, 17537
Tachistoscopic Presentation
BASIC program & machine language timing routines for Apple II computers, control in tachistoscopic slide presentation & response latency collection, 27
computer software for microcomputer emulation of tachistoscope on Hercules display controller, 38766
computerized method of establishing time intervals to precision of less than 1 msec & tachistoscopic applications, 10534
left eye fixation accuracy, perceptual asymmetries in viewing tachistoscopic stimuli, adults, 7311
left vs right visual field tachistoscopically presented words, cerebral dominance in encoding & matching based on rhyming vs visual similarity, college students, 21500
retinal locus & relative position & lateral masking & visual array of Kana letters, errors in identification & localization in tachistoscopic partial report & recognition, college students, 3745
simultaneous vs successive bilateral stimulus presentation, interhemispheric cooperation & activation during integration of verbal information, adults, conference presentation, 14662
stroboscopic frequency in raster vs tachistoscope display, individual differences in perception of apparent motion, college students vs experienced Os, 7321
visual hemifield & stimulus duration & angle of eccentricity in tachistoscopic presentation, lexical decision RT & accuracy, 20–30 yr olds, 14355
Tachycardia
amitriptyline dosage, cognitive performance & alertness & hypotension & tachycardia or bradycardia, male 20–40 yr olds, 837
breathing & relaxation with vs without training in vagal innervation methods, tachycardias & cognitive anxiety, adults with panic disorder, 6100
ECT, ventricular tachycardia & idioventricular dysrhythmia, male 71 yr old with major depression & no history of cardiac problems, case report, 37208
Tactual Discrimination [See Tactual Perception]
Tactual Displays
handling of live vs exoskeletons of horseshoe crabs & sea stars, learning & retention of animal related information & attitudes toward animals, 4th graders, 38124
history of research on tactile aids to supplement speechreading, 23726
masking through stimulus onset asynchrony, discrimination & identification of vibrotactile patterns, adults, 24711
size of tactual recognition field & target & angle between user & display at seated vs standing work station, performance & accuracy of video display touch entry system, male vs female adults, 13915
speech training curriculum with vs without visual vs tactile displays, monotone voice, severely to profoundly hearing impaired 7–18 yr olds, 40823
vertical vs horizontal vs left vs right diagonal line orientation, tactile discrimination thresholds, sighted vs visually impaired vs blind 22–31 yr olds, 40448
Tactual Maps [See Mobility Aids]
Tactual Perception [See Also Texture Perception, Vibrotactile Thresholds]
age, development of interhemispheric & intrahemispheric transfer of tactile sequential information, 4–20 yr olds, 18572
age, tactual oddity problem solving ability & transfer to visual modality, 3–8 yr olds, 18586
aging, fusion thresholds of tactile sensory system, 12–76 yr olds, 32431
basal forebrain lesions, tactile discrimination & working memory, male rats, 35762
behavior & electrophysiological recordings from afferent nerves as evidence of electroreception, salamanders, 25160
body rotation & touching of stationary visual target, attenuation of illusory displacement in oculogyral illusion, college students, 7320
braille vs Fishburne alphabet, recall, sighted male college students, 7469
cerebral dominance, matching of melodies to rhythm sequences tapped in right vs left palms, right handed male college students, 11042
communication of emotion by finger tip pressure, adults, replication, 7498
complexity of tactually &/vs visually presented form & hand used, form recognition, 6.8–13.5 yr olds, 15129
development of visual & tactile rod orientation, 4–13 yr olds, 18591
exploration of rod with crossed fingers, perception of 2 illusory rods moving relative to each other, adults, 14233
extraneous tactile stimulus, localization of tactile stimuli, college students, 31759
eyes directed to stimulated area vs same vs other hemispace, expected lateral cutaneous stimulation RT measuring spatial attention, 18–35 yr olds, 31765
frontal cortex & hippocampal norepinephrine depletion, acquisition & reversal of taste & tactile discrimination, rats, 28771
hand laterality, similarity perception in tactile shape recognition, college students, 25065
haptic identification of letters with left vs right hand, right handed college students, 7656
hard vs soft textual preferences, 3–5.8 yr olds with vs without cerebral palsy, 40382
hemispace location of stimuli, hemispheric interaction in visual vs tactile angle discrimination task, normally sighted vs blind 16–35 yr old males, 40515

hemispheric specialization, perception of similarity of tactile stimuli opposed by contralateral noise, college students, 18085
intermanual transfer & palm rotation, tactile recognition of mirror images, 6 yr olds, 32405
intracarotid sodium amytal, left vs right tactile inattention, epileptic 18–54 yr olds, 22997
masking through stimulus onset asynchrony, discrimination & identification of vibrotactile patterns, adults, 24711
measurement of tactile thresholds, 23–47 yr olds with psychogenic hypaesthesia, 23059
mechanical & psychophysical model of spatiotemporal tactile sensitivity, 38749
methodology in measurement of touch & gesture emotional expression & requirement for 2 dimensional freedom of movement, commentary, 38945
multiple sensory channels, mediation of tactual vibration perception & thresholds, 20–49 yr olds, 21188
numeric keypad configurations on touch screen, keying accuracy & speed, adult operators, 6943
orosensory perception & articulation, hearing impaired adults with articulation disorders, 30003
perceptual rotation of space time axes, saltation phenomenon in cutaneous perception, 7285
practice & spatial & temporal conditions, perceptual learning of dynamic vibrotactile patterns with static visual patterns, adults, 17719
pressure or pleasurable self stimulation of anterior or posterior vaginal wall vs clitoris, pain or tactile thresholds, females, 11704
reliability & validity of measures of tactile functions, learning disabled vs normal 8 yr olds, 31620
reliability & validity of measures of tactile functions, learning disabled vs normal 8 yr olds, commentary reply, 31621
reliability & validity of measures of tactile functions, learning disabled vs normal 8 yr olds, commentary, 31663
response to tactile stimuli at threshold range, 42 & 73 yr old males with stable parietal lesions, 33654
rest vs lateral tactile identification task, hemispheric EEG, males with Alzheimer's disease, 5780
sensory tactile & force feedback, control & operation of mechanical manipulators in teleoperator systems, 31457
sex, performance of tactuospatial finger maze task, college students, 24702
short term haptic memory for 3 dimensional objects, college students, 3856
skin adaptation temperature of hand, object temperature perception using dichiric matching, college students, 7304
stimulus association value & vocal vs manual response in dichhaptic condition, tactual extinction, 43 yr old male with partial callosal disconnection, 22995
stimulus orientation & rotation, RT in haptic identification of letters using left vs right hand, college students, 39099
subjective vs objective interstimulus interval, perceived spatial distance between tactual stimuli, college students, 38746
tactile brushing stimuli delivered to dorsal forearm, discrimination & scaling of perceived & actual velocity, adults, 17720
tactile perception of scratch direction measuring posterior column dysfunction, 14–83 yr olds with spinal cord vs functional neurological disorders, 33540
tactile stimulus motion on dorsum of hand in absence vs presence of moving stimulus delivered to another site on arm, direction discrimination, adults, 17721
tactile vs visual stimuli, appearance-reality distinction & perspective taking competencies, 3 yr olds, 21944
tactual experience with Optacon reading aid, identification of tactual patterns, sighted vs blind college students, 29901
tactual scanning mode & finger locus, braille pattern recognition, adults, implications for braille reading & education, 28210
texture & edge orientation information to multiple finger locations, disjunction & conjunction search task processes, adults, 14243
texture perception using active vs passive touch, sighted vs blind 20–55 yr olds, 26515
unimodal tactual word recognition training &/vs tactual speech perception aids with vs without amplified audition, generalization to novel speech stimuli, profoundly hearing impaired 5–11 yr olds, 30800
vertical vs horizontal vs left vs right diagonal line orientation, tactile discrimination thresholds, sighted vs visually impaired vs blind 22–31 yr olds, 40448
vibrotactile magnitude estimation & cross modal matching within same experiment, exposure effects on psychosocial scaling methods, college students, 7291
vibrotactile transformations of sentence intonation & contrastive stress, visual vs visual tactile perception, adults, 24704
visual & tactile & auditory discrimination, monkeys with unilateral removal of posterior insula vs 2nd somatic sensory projection area ipsilateral vs contralateral to preferred hand, 799
visual & tactual perception, 6.4–15 yr olds with Down's syndrome vs other mental retardation, 12280
waveform envelope cues provided by single channel tactile aid vs spectral cues provided by multichannel tactile device, recognition of segmental speech stimuli, artificially deafened 18–25 yr olds, 3690

Tactual Stimulation [See Also Tactual Displays]
acoustic & cutaneous stimuli, temporal integration in blink reflex, 18–32 yr olds, 28218
anogenital stimulation & thoracic spinal transection, leg extension response, 20-day old rat fetus, 11168
anogenital stimulation, urination, male vs female 4–5 day old rats, 24969
associative learning vs satiation vs sustained lip stimulation, feeding behaviors & neural pathways, Aplysia, 11127
auditory & tactile administration, psychological tests, sighted 9–15 yr olds wearing blindfolds, 33553
body vs device centered vibratory stimuli to fingers of left vs right hand, RT for spontaneous coding of tactile motor space using anatomical reference frame, adults, 21193
chemical or tactile stimulation, orienting reflex & habituation, rat fetuses, 11128
contact placing reaction evoked by tactile stimulation of dorsum of forepaw, activity of biceps brachii & lateral head of triceps brachii, cats, 14713
exercise & massage & positive mood enhancement, college students, 21624
gustatory & tactile & thermal stimulation of oral cavity, extracellular action potentials in ventroposteromedial nucleus of thalamus, monkeys, 25070
hair stimulation of unsupported paw, red nucleus & spinal activation of biceps & paw contact placing, cats, conference presentation, 4069
integration of visual & tactile sensory aids in speech training program, profoundly hearing impaired high school students, 13680
nociceptive thermal stimuli, sensory intensity & affective dimensions of pain perception in pregnancy vs labor vs postpartum stages, 18–43 yr old pregnant females, 24708
pleasant or unpleasant handling & availability of toys, growth & carcass composition & adrenal morphology & exploratory behavior, male pigs, 39049
preference for modality, learning of musical rhythm patterns, 3rd graders, 31071
right vs left ventromedial hypothalamus implant of estradiol & subsequent progesterone, lordosis responses to male vs manual stimulation, female hamsters, 39292
site of tactile stimulation, warned auditory vs visual RT & sensory vs motor nerve impulse speed & synaptic activity, 14.5–20 yr old normal Ss or male lacquer thinner sniffers, Thailand, 5484
stimulation of external system via auditory & tactile stimulation during interstimulus interval, taste aversion conditioning via internal events, rats, 38977
systematic desensitization involving touch experience with pet cat, married couple who had not developed sexual intimacy, case report, 19906

tactile brushing stimuli delivered to dorsal forearm, discrimination & scaling of perceived & actual velocity, adults, 17720
tactile prompts, task performance & generalization to novel tasks, deaf & blind & moderately to severely mentally retarded 19 yr old female, 30371
tactile stimulation intervention, sensory motor development, very low birth weight infants, Netherlands, 9630
tactile stimulation, left vs right breast sensitivity, nulliparous 18–20 yr old females, 25045
tactile stimulation of body or vibrissae, numerical discrimination, rats, 21363
tactile stimulation with auditory vs visual vs supplemental tactile stimulation with vs without haloperidol, transport response, 15–19 day old rat pups, 3971
tactile stimulus motion on dorsum of hand in absence vs presence of moving stimulus delivered to another site on arm, direction discrimination, adults, 17721
tactile vaginal stimulation during mating, sexual reflexes, female hamsters, 7607
tactually guided movement, hemispheric asymmetry in tactile short term memory, right handed college students, 35634
tactuospatial stimuli in left vs right hand, matching to visuospatial display in left vs right visual field, male college students, 7660
talking & tactile books, visually impaired or blind preschoolers, 33577
test retest reliability of touch scale, assessments of tactile defensiveness, 5.6–12.6 yr olds, 129
vibrotactile transformations of sentence intonation & contrastive stress, visual vs visual tactile perception, adults, 24704
visual vs auditory vs tactile stimulation, immobility related Type 2 hippocampal theta activity induced by presence of ferret, rats, 21536
visual vs vibratory cued wrist flexion vs extension, premovement firing rates for primary somatosensory cortical neurons, male rhesus monkeys, 35624
wearable electrotactile speech processor for presentation of speech parameters as electrical pulses, phoneme & word recognition, hearing impaired 24–44 yr olds, 16028
Tailored Testing [See Adaptive Testing]
Taiwan
characteristics of minor psychiatric morbidity, rural vs suburban vs urban 15 yr olds & older, Taiwan, 26044
childrearing attitudes, Chinese vs Chinese American vs Anglo American mothers, Taiwan vs US, 4831
cutis verticis gyrata, chronic schizophrenic 21–55 yr olds, Taiwan, 29515
demographic characteristics, judgment in obligatory vs utilitarian morality, 20–70 yr olds, Taiwan, conference presentation, 36240
early spelling & writing learning, Chinese speaking 3–6 yr olds, Taiwan, conference presentation, 21935
language acquisition & proficiency, college students from 4 ethnolinguistic groups, Taiwan, 25363
practice of psychodrama, Taiwan, 19802
school based career guidance & counseling, Taiwan, 38250
sociometric status & self esteem, 4th–6th graders, Taiwan vs US, 25568
Type A vs Type B personality & attitudes toward leisure, academic performance & leisure activity, college students, Taiwan, 10134
universalistic vs culturally oriented theories of moral reasoning & development, Taiwan & other Chinese cultures, conference presentation, 36237
validity of Chinese diagnostic interview schedule, assessment & epidemiology of alcohol abuse & dependence, community residents, Taiwan, 5497
video display character spacing & control & format & scrolling speed, reading fatigue & speed & comprehension, college students, Taiwan, implications for Chinese language office automation, 6941
visual lateralization, perception of legal vs illegal Chinese characters & words, college students, Taiwan, 35949
Talent [See Ability]
Talented [See Gifted]
Tanzania
habitat & ecology, chimpanzees, Tanzania, 28522
people centered approach to community based primary health care programs, Tanzania, 37716
Tape Recorders [See Also Videotape Recorders]
attempted tape recording of auditory hallucinations, 34 yr old male with complex partial & generalized tonic clonic seizures, case report, 9159
instruction in use of modified battery powered leisure equipment, independent leisure activity, profoundly multiply handicapped 13–42 yr olds, 6493
tape recorded single session Adlerian psychotherapy demonstration for teaching therapy skills, psychotherapist & volunteer client, 30948
Tardive Dyskinesia
Abnormal Involuntary Movement Scale scores vs electromechanical measures, adults with tardive dyskinesia, 33465
administration of Abnormal Involuntary Movement Scale, screening for tardive dyskinesia, patients on neuroleptics, 19996
antipsychotic drug exposure, prevalence of dyskinesia, developmentally disabled 1–98 yr olds, 6200
antipsychotic therapy, tardive dyskinesia, 20–70 yr old psychiatric outpatients, 16548
baclofen, withdrawal symptoms & mania, 38 yr old male & 70 yr old female with tardive dyskinesia, case report, 20024
bromocriptine, patients with tardive dyskinesia, commentaries included, 37509
bromocriptine vs haloperidol vs physostigmine vs benztropine, tardive dyskinesia, 19–65 yr olds with schizophrenia or schizoaffective or affective or attention deficit disorder, 16590
ceruletide, tardive dyskinesia, psychotic adults with long term exposure to neuroleptics, 12882
ceruletide, tardive dyskinesia, 34–69 yr old patients, 19999
choreoathetoid dyskinesia & spastic dysphonia associated with signs of muscle denervation, psychotic 23 yr old male, case report, 26124
clonidine, tardive dyskinesia, 31 yr old female with schizophreniform disorder, case report, 40739
cortical & caudate atrophy & ventricle brain ratio, schizophrenic patients with tardive dyskinesia, 23458
CSF GABA levels & GABA antagonist treatment & oculomotor control in saccade & antisaccade paradigm, psychiatric patients with vs without tardive dyskinesia, 40156
CSF neurochemistry, schizophrenic inpatients with vs without tardive dyskinesia, Taiwan, 33115
current neuroleptic drug therapy, voluntary control of lip & jaw & tongue movements, schizophrenic patients with vs without tardive dyskinesia, 23364
demographic & clinical & treatment & neuropsychological variables & orofacial & limb truncal dyskinesias, schizophrenic patients, 26087
demographic & clinical & treatment characteristics, prevalence of tardive dyskinesia & its subsyndromes, mentally ill inpatients receiving neuroleptic therapy &/or ECT, Nigeria, 37223
demographic & clinical variables, platelet MAO activity & tardive dyskinesia, psychiatric outpatients maintained on neuroleptics, 19994
differentiation of stereotypies from neuroleptic related dyskinesia, autistic 2.5–7.8 yr olds, 34069
dopamine receptor supersensitivity hypothesis of etiology of tardive dyskinesia, 40132
DST, schizophrenic 23–64 yr olds with movement disorders with vs without tardive dyskinesia, 26015
duration of treatment & symptoms & course of illness in fictional patient description, medication decisions based on symptom control & risk of tardive dyskinesia, psychiatrists, 9508
endocrinologic abnormalities, patients with Huntington's or Parkinson's disease or tardive dyskinesia, 9107
essential fatty acid supplementation, adult patients with schizophrenia or bipolar affective disorder or personality

disorder & tardive dyskinesia & history of exposure to neuroleptic drugs, 37572
etiology & treatment & prevention of tardive dyskinesia, literature review, 8598
facial tardive dyskinesic lateral asymmetries, schizophrenic patients, 5139
fluphenazine, steady state serum levels between 2 wk injection interval, adults with vs without tardive dyskinesia, 34032
formalized informing process concerning risks & benefits of neuroleptic medication, knowledge level & treatment compliance, stable schizophrenic outpatients, 6 mo followup, 37521
GABA receptor agonist vs GABA transaminase inhibitors, haloperidol induced dyskinesia, monkeys, 4311
haloperidol drug holiday, serum concentrations & mental status & neuroleptic induced movement disorders, schizophrenic males, 37537
handedness & cerebral hemispheric asymmetry, schizophrenic inpatients with vs without persistent tardive dyskinesia, conference presentation, 36562
hisdidyl-proline diketopiperazine CHP, reversal of dopaminergic supersensitivity induced by chronic neuroleptic administration, male rats, implications for tardive dyskinesia, 32270
history of neuroleptics & introduction of chlorpromazine & related research on tardive dyskinesia, conference presentation, 37491
incidence & prevention & treatment of neuroleptic induced tardive dyskinesia, Belgium, literature review, 30430
l-dopa, severe & persistent tardive dyskinesia, 29–75 yr olds with chronic schizophrenia, 30475
legal aspects, patients with tardive dyskinesia, conference presentation, 16551
lithium & neuroleptic treatment, extrapyramidal symptoms, 18–59 yr old psychiatric inpatients, conference presentation, 16531
long term neuroleptic treatment, tardive dyskinesia, adult psychiatric patients, 5 yr study, Australia, 37479
mortality rates, schizophrenic 23–82 yr olds with vs without tardive dyskinesia, Japan, 10 yr study, 33229
naloxone, cognitive ability & involuntary movements, 23–57 yr old tardive dyskinesia patients, 23423
naloxone with vs without melatonin, tardive dyskinesia, pinealectomized male rats injected with haloperidol, 32278
neuroleptics & tardive dyskinesia, smooth pursuit eye movement, schizophrenic adults, conference presentation, 9582
neurological "soft" signs, prevalence of tardive dyskinesia, schizophrenic patients, Nigeria, 1603
noradrenergic pathway from locus coeruleus to limbic system, tardive dyskinesia & akathisia & pseudoparkinsonism, literature review, 23076
onset & course of tardive dyskinesia, neuroleptically treated 28 yr old male with schizoaffective disorder, case report, 40789
pathophysiology including dopamine & GABA & cholecystokinin & opioid correlates & treatment, neuroleptic malignant syndrome & neuroleptic induced tardive dyskinesia, 30432
prevalence of tardive dyskinesia &/or pseudoparkinsonism, chronic psychiatric inpatients who received neuroleptics for 2 yrs or more, 23462
prevalence of tardive dyskinesia assessed by abnormal involuntary movements scale, schizophrenic patients, 26088
prevalence of tardive dyskinesia, patients with chronic schizophrenia treated with neuroleptics, China, 26975
prevalence of tardive dyskinesia rated by abnormal involuntary movements scale, institutionalized mentally handicapped adults receiving neuroleptic medication, 2512
primitive developmental reflexes & diffuse cerebral dysfunction, 40–86 yr old patients with schizophrenia vs bipolar affective disorder with vs without tardive dyskinesia, 5364
propranolol, tardive akathisia, schizophrenic 73 & 74 yr old females, case report, 16656
rating scales for assessment & diagnosis, patients with tardive dyskinesia, conference presentation, 16637
reliability of Dyskinesia Identification System: Condensed User Scale, monitoring for tardive dyskinesia, developmentally disabled 5–59 yr olds being treated with neuroleptic drugs, 31672
remoxipride, persistent tardive dyskinesia, psychiatric patients, 30405
research on tardive dyskinesia, conference presentation, 16534
risk factors for & prevention of neuroleptic induced tardive dyskinesia, conference presentation, 16586
role of norepinephrine & drug withdrawal in exacerbation of symptoms, psychiatric patients with vs without tardive dyskinesia, 40106
selective D-1 dopamine receptor agonist SKF 39393, motor & cognitive processes, 24–77 yr olds with Huntington's disease or Tourette's syndrome or tardive dyskinesia or torsion dystonia, 33477
single vs multiple abnormal movement syndromes, tardive dyskinesia patients, 5648
sodium valproate, plasma prolactin, chronic schizophrenic 44–65 yr olds with vs without tardive dyskinesia, 19178
state dependent tardive dyskinesia & dystonia, 41 yr old female with bipolar disorder, case report, 22676
symptoms & risk factors & treatment & prevention, tardive dyskinesia, literature review, 12026
tardive dyskinesia after neuroleptic treatment, 23–70 yr old outpatients, Hungary, 7 yr followup, 34029
tardive dyskinesia during psychotic relapses, male 50 yr old with borderline schizophrenia receiving long term neuroleptic therapy, case report, 40116
tardive dyskinesia severity & seborrheic dermatitis as clinical marker of melanocyte stimulating hormone activity, neuroleptic treated male schizophrenic 28–34 yr olds, 40173
training in assessment of tardive dyskinesia, clinical personnel, 20382
treatment & patient risk factors in development of tardive dyskinesia, patients with affective disorders, conference presentation, 16547
utility of ultrasound detector, assessment of orofacial dyskinesia, 37–77 yr olds with chronic schizophrenia, 1654
verapamil, tardive dyskinesia & psychosis, schizophrenic patients, 20008
verapamil, tardive dyskinesia, 67 yr old female with schizoaffective disorder, case report, 16544
verapamil, 35–66 yr old psychiatric patients with severe & stable tardive dyskinesia, 34017
vitamin E, tardive dyskinesia, inpatients with chronic schizophrenia or schizoaffective disorder, 16594
withdrawal from perphenazine, lingual dyskinesia presenting as tongue pain, female 79 yr old, case report, 34041

Task Analysis
description of office tasks using hierarchical task analysis method, development of task analysis ability in expert system, experienced office workers, 13926
individual differences in emotion & cognition, appraisal of reading & arithmetic tasks & achievement, 12 yr olds, 983
managerial problem solving tasks structured as work vs play, task evaluation, graduate business students, 24845
manual vs automatic computer aid, visual target identification & compensatory tracking & task preferences, Air Force personnel, 6971
method of task analysis, cognitive processes in software development, implications for expert systems, 24382
task interdependence & goal setting, intrinsic motivation, managers, 10362
task similarity ratings & cognitive representation of problem solving, graduate students, implications for personnel selection & training & task & expert systems design, 24421
temporary affective states, perception of task characteristics & task satisfaction, college students, 35399

Task Complexity
age & task difficulty, strategies & allocation of time to achieve word pair recall, 1st–7th graders, Canada, 25446
age & time limit, response latencies in single vs dual task performances, 18–76 yr old males, 25418

arousal vs resource limitation of vigilance performance, verbal intelligence, 5th–7th graders, 32452
caffeine dosage, mood & memory & role of task difficulty, college students, 21772
cognitive model of visual display complexity, simulated aircraft bombing mission performance, adults, 27973
color of rolling vs bouncing ball, color matched targeting precision in hitting ball, male vs female 6–20 yr olds, France, 4590
competing left hand task, sequence initiation in right hand finger tapping to visual display, stuttering 20–40 yr olds, implications for interhemispheric communication, 29839
complex information environment, schemata use in negotiated belief structure & decision making in simulated business environment, graduate business students, 4982
complexity of required cognitive processing in geometry tasks, acquisition in hierarchical sequence & problem solving development, 4–8 yr olds, 4641
computer game with low vs high processing demands, strategic planning, low vs high ability 7th & 8th graders, implications for educational software, 10081
curriculum level difficulty, progress estimates, mildly reading disabled 3rd–8th graders, 41345
delayed response & task difficulty, understanding & attribution of effects of own behavior on emotion of other, 8 vs 12 vs 16 yr olds, 18638
difficult foil discriminability & lengthy retention intervals, long term memory for pictorial stimuli, college students, 14445
difficulty & familiarity of task content, performance on word problems requiring proportional reasoning vs computations, 9th graders, implications for teaching, 3204
difficulty of memory task & perceived likelihood of avoiding negative consequences, perceived aversiveness of outcome, college students, 21327
difficulty of questions, emotional reaction, cooperative trade institute students, USSR, implications for information theory & heuristic learning, 27610
difficulty of verbal vs spatial question, individual styles in lateral or vertical or bidirectional eye movements, college students, 14363
difficulty of visual step tracking task with vs without auditory discrimination task, brain EPs measuring resource reciprocity, male 18–25 yr olds, 35633
direct instruction vs seatwork & task difficulty & student ability level & teacher behaviors, time on task, 3rd & 4th graders in single vs mixed age classes, Netherlands, 17239
double trade off curve dual task method for equating task performance & capacity & developing mental work load scales, college students, 17836
easy vs difficult vs impossible noise avoidance task, anticipatory heart rate & systolic & diastolic BP, male college students, 32091
easy vs hard auditory tasks, P300 amplitude & latency, male vs female college students with vs without history of parental alcoholism, 8911
familiarity of & causal vs enabling vs arbitrary relations among items, immediate vs delayed recall of event sequences, 17.5–23 mo olds, 978
focus on persuasive effectiveness vs voice mechanics, speech fluency during presentation to audience of high vs low persuasibility, college students, implications for action identification theory, 18903
foveal task difficulty, EPs during & performance on visual spatial attention task, 20–26 yr old graduate students, 18108
goal specificity & task complexity, basketball skill development, college students, 31495
graduated processing difficulty, P300 component of event related brain potential, 23–25 yr old males, 14686
high load information processing task for stress research, 3801
high vs low difficulty scenarios in motion base trainer with vs without concurrent secondary tasks, workload assessed through choice RT & time production, pilots, 24361
imagination & explanation of success vs failure on difficult vs easy Stroop task, effects of arousal on actual task performance, college students, 717
increasing detection task difficulty & mental effort, P300 brain EP & RT, 20–25 yr olds, 7689
instructional strategies, retention & transfer of procedures of different difficulty level, college students, 41232
learned helplessness or ego threat due to academic task failure on moderately vs very difficult tasks, task persistence, college students with high vs low ego value, 38152
length & similarity of interruptions & complexity of processing demands, task performance, 18–45 yr olds, 38889
level of cognitive task demands, accountability for life science academic activities, 7th graders, 3197
level of system automation & task complexity, performance & subjective workload ratings, 17–31 yr olds, 21282
mathematical & spatial & verbal task difficulty & anxiety & vigilance, EEG alpha asymmetry, right handed college students, 39087
mathematics vs reading related secondary task & individual skill, working memory & reading comprehension, college students, 38937
memory load in sensory vs cognitive tasks, performance & subjective effort & GSR, college students, Netherlands, test of R. Parasuraman's taxonomy of vigilance tasks, 24913
metoprolol, task performance, 24–63 yr old males with mild to moderate hypertension, 34110
motor pattern & number of key strokes, digit keying response latency & execution time measuring motor organization, college students, test of motor processing models, 35253
neuroticism & task difficulty, visual discrimination, 13–17 yr old males, 25539
number of assessment center dimensions, accuracy of performance ratings, college student assessors, 41417
numbers of attributes & estimates & decision classes, multiattribute object classification, senior students vs pupils vs editorial board members vs physicians, conference presentation, 31849
oceanography text & task characteristics & solution strategies, comprehension & reasoning, native vs nonnative English speaking college students with vs without prior subject knowledge, 34635
paper vs computer presentation & difficulty, estimation of time allowed for anagram solving, college students, 28212
perception of intrinsic task difficulty, performance evaluation, depressed female vs male college students, 29640
perceptual vs conceptual similarity of standard to match vs nonmatches, difficulty in basic vs superordinate category matching, 26 mo olds, 4597
personal control over stimulation presentation rate & task complexity, performance & posttask anxiety & anger & curiosity, 15–16 yr old females, 32507
positive vs negative feedback & high or low task activity, judgments of same-sex followers, male college students appointed or elected as leaders in group problem solving task, 18877
practice & single task training & transfer from single to dual task performance, implications for connectionist/control architecture in skill acquisition, 17906
predictive validity of performance on single vs competing tasks, measurement of intelligence, adults, 3805
premises containing words "only" vs "all" as quantifiers, difficulty & errors in logical reasoning & conclusions, 19–71 yr olds, 38832
preparation time & material organization & complexity, self reports of stage fright for public speaking, college students, 35925
press & task difficulty, preoccupation with person descriptors, 12–45 yr olds, 7595
probe & missing digit references tasks concurrently presented with distracting tasks, interference, college students, implications for multiple resource theory of short term memory, 17894

problem solving dimensions of data gathering & reasoning & response to examiner guidance on complex task, learning disabled 9th graders, 10234
problem solving strategies, complex reasoning task, 18–45 yr olds, 38817
problem statements & complexity, formulation process in planning & design, 17872
processing difficulty in encoding related & unrelated words, cued recall, 2nd vs 4th vs 5th graders vs college students, 25413
role of task specificity vs constraints in motor skill acquisition, implications for formulation of general action theory of coordination and control, 35257
scattergrams, representation & analysis of group differences in dual task performance, 21178
schematic face encoding difficulty & concurrent tapping rate, face recognition measuring asymmetrical interference effects, male college students, 39123
scopolamine, working memory performance during concurrent secondary tasks, male 18–29 yr olds, 25297
sex & introversion–extraversion & task complexity, satisfaction with work environment & task performance, college students in private vs nonprivate offices, 31390
simultaneous vs successive presentation of task difficulty levels, success or failure expectations, 3–6 yr olds, 18616
stock market prediction as novel task with multiple alternative strategies, performance enhancing effects of specific difficult goals, college students, 17839
structural configuration of tasks & strategic resource allocation training, time sharing performance, 19–30 yr old male students, 31896
target & response motion complexity, coincident timing performance measured by target interception, adults, 28200
task complexity & performance measures, arousal/performance relationship, 14–18 yr old track & field athletes, 18510
task complexity & social praise vs monetary reward, motor task performance, depressed vs nondepressed female college students, 5077
task complexity, duration of dyadic interorganizational attachments, auditors & their clients, 20857
task complexity, speed of processing & intelligence, male 17–34 yr old Navy recruits, implications for vocational aptitude, 14385
task complexity, stress & coping process, 24–55 yr old & older museum store managers, 27899
task complexity, target word detection during shadowing in dichotic listening task, college students, 14349
task complexity, working memory, college students vs elderly, 15072
task conditions & cognitive plans, academic task performance, elementary school students, implications for instruction, 3139
task difficulty & anxiety, regional cerebral blood flow, 18–31 yr olds, 14735
task difficulty & caffeine vs sensation seeking, activation & habituation of electrodermal orienting reflex, college students, 25100
task difficulty & delay & interruption, goal attractiveness, male college students, 24897
task difficulty level, task persistence & task pleasure mastery motivation, 12 vs 24 vs 36 mo olds, 32433
task difficulty, phonological similarity effects in working memory in reading & memory tasks, good vs poor reading 8 yr olds, 18575
task difficulty, processing & recall of structured vs unstructured word lists in pleasantness rating vs sorting task, college students, 351
task factors & teacher behavior, involvement in science lessons & use of learning strategies, 4th–6th graders, 3179
task processing level & strategic factors & prime-target modality, cross form vs within form facilitation of picture &/vs word name vs category verification, adults, 14356
task uncertainty & design, morale & work performance, workers in work units, 41458
task variation, disruptive & self stimulatory behavior, severely handicapped & autistic students & adult female, 22678
text difficulty, cognitive capacity in reading, college students, 24821
texture & edge orientation information to multiple finger locations, disjunction & conjunction search task processes, adults, 14243
time of day & task difficulty, interpretation of elliptical verb phrases in context, adults, England, 317
Type A vs intermediate vs Type B behavior patterns & task label, goal setting & certainty & performance, college students, 29427
utterance length & linguistic complexity, language disfluencies & "stuttering", 60–71 mo old males vs females, 29076
validity of oral reading accuracy & comprehension & reading role & miscue quality & self correction indicators of reading difficulty, functionally illiterate adults, 11329
verbal & spatial codes & auditory & visual modalities & decision problem difficulty, tracking task interference, college students, 17913
whole body vertical vibration frequency, complex manual pursuit task performance, male 22–28 yr olds, 7296
worry & emotionality, throwing &/or timing tasks, male physical education students with low vs moderate vs high state anxiety, 35391
Task Difficulty [See Task Complexity]
Taste Aversion Conditioning [See Aversion Conditioning]
Taste Discrimination [See Taste Perception]
Taste Perception
ability to discriminate regular vs calorie reduced vs low alcohol beer, male vs female 21–28 yr old social beer drinkers, Australia, 1332
acetic &/vs hydrochloric acid, sourness adaptation & cross adaptation, college students, 3698
acquisition of color taste pairings, 6.5–7 mo olds, 15106
acquisition of conditioned taste aversion & attenuation of neophobia to food, REM sleep deprived male rats, 4266
age & body weight, preferred sweetness of lime drink & sweet food preference & sugaring habits, male vs female 6–65 yr olds, 201
age, perceived intensity & pleasantness of suprathreshold concentration of citric acid in water vs apple drink, healthy 20–99 yr olds, 14235
age related changes in taste & odor perception, implications for elderly, 18507
alcohol vs other bitter solution, fluid intake & preferences in limited access drinking paradigm, male rats, 18375
amiloride, suppression of gustatory nerve response to NaCl & LiCl, rhesus monkeys, 4377
amiloride vs hydrochlorothiazide, taste & salivation & salt intake, normotensive adults, 4425
apparent specific volume of amino acids, taste, 21–52 yr olds, 38724
aversiveness of denatonium saccharide vs quinine, grasshopper mice, 35463
benzodiazepines, taste perception & food preferences & appetite, literature review, 39269
beverage temperature & expectations, liking ratings of various beverages, college students, 21208
bilateral hypothalamus lesions induced by ibotenic acid, gustatory preference aversion thresholds for saccharin vs quinine solutions, water deprived male rats, 794
caffeine vs denatonizim benzoate vs quinine vs sucrose vs urea vs salt, bitterness intensity, adult thiourea tasters vs nontasters, 31768
calorie enhanced flavor, shift learning, male rats, 14544
carbonated water & sweet vs bitter vs salty vs sour taste concentration, perceived oral pungency, adult nonsmokers, 7286
cerebellar cortex lesions, taste preferences & fluid intake, male rats, 28780
child & familial body weight, subjective ratings of sweetness & fatness & exercise workloads, 8–12 yr olds, 39617
chlordiazepoxide, taste reactivity, male rats with chronic mesencephalic decerebration, 7751

chronic voluntary nicotine drinking, nicotine preference, rats, 28853
concentration & characteristics of HCl & tartaric & lactic & acetic acids, perceived sourness & taste receptor processes, female college students, 204
concentration level of citric acid solution, sourness perception & individual differences in rating behavior, college students, implications for need of additional constant in psychophysical function, 3688
concentration of fructose solution pairs, "ratio" vs "difference" judgment of perceived sweetness intensity, 18–29 yr olds, Netherlands, 17718
concentration of sodium or potassium chloride, oral irritation & salt taste intensity, adults, 38734
conditioned avoidance to alcohol solution, avoidance generalization to sweet & quinine vs sweet & hydrochloric acid solutions, male rats, 24929
cooling of tongue vs solution, perceived intensity of taste, adults, 735
cortical homotopic or heterotopic grafts, disrupted taste aversion due to gustatory neocortex lesions, rats, 28763
cortical neuron responses in orolingual somatosensory & taste areas during ingestive behavior, rats, 18144
cross generalization of learned taste aversions & chorda tympani neural response patterns, hamsters, 38975
cross modality loudness or color intensity or taste or odor magnitude matching, 20–35 vs 65–79 yr old tasters vs nontasters of 6-N-propylthiouracil, 3708
dexfenfluramine administered after ingestion of distinctively flavored liquid or solid diet, taste aversion, rats, 14826
dietary restriction vs ad lib feeding, radial maze performance & flavor memory, young vs aged rats, 35692
differential threshold & exponent for sucrose vs benzaldehyde taste perception, adults, application of S. S. Steven's equation, 215
duration & flavor of solution flowing across tongue, RT for taste quality & intensity judgments, 19–27 yr olds, 24713
duration & type of chemical stimulation to anterodorsal tongue, simple taste RT, 19–27 yr olds, 207
equiratio taste mixture model, prediction of psychophysical sweetness perception for sugars & sugar alcohols, college students, 7290
estimates of smell & taste & overall intensity, 18–21 vs 61–94 yr olds, 3695
experimental learning, psychophysical functions for comparisons of saltiness relative to personal ideal, 20–63 yr olds, implications for effect of perceptual characteristics on food acceptability, 3691
exposure to flavor with saccharin sweetened vs saccharin water solution & 10 min delay, hydrolysed starch flavor preference, rats, 28414
facial responses to sucrose vs sodium chloride vs citric acid vs quinine hydrochloride, newborns, 25512
flavor distractor, interference with CS preexposure effects in flavor aversion learning induced by lithium, male rats, 17951
food deprivation & sweetness vs tone, perception of food quantity, rats, 3939
frontal cortex & hippocampal norepinephrine depletion, acquisition & reversal of taste & tactile discrimination, rats, 28771
functional characteristics & evoked activity of taste neurons in nucleus tractus solitarii, chronic decerebrated rats, 4288
generalization to alcohol of learned aversions to sucrose &/vs quinine & hydrochloric acid, rats, 426
genetic ability to taste phenylthiourea/6-n-propylthiouracil, perceived bitterness of sodium benzoate vs potassium chloride vs potassium benzoate, adults, 24703
glucocorticoids including dexamethasone & cortisol, attenuation of conditioned taste aversions using toxins, male rats, 21804
gymnemic acid & miraculin, parotid flow responses to & perceived intensities of glucose vs sucrose vs fructose vs aspartame vs citric acid, adults, 740
hedonic values of isocaloric solutions & saccharin, learned sucrose flavor preferences, male rats, 21348
imagining different emotions, physical characteristics & taste qualities of foods preferred, 18–55 yr olds, Canada, 38948
inhaled p-xylene concentration & exposure duration, saccharin intake measuring conditioned flavor aversion, water deprived male rats, 830
intertrial interval, retention of taste aversion conditioned concurrently with ambient novel odor, weanling rats, 7541
intranigral 6-OHDA lesion induced aphagia, taste reactivity, rats, implications for sensorimotor vs anhedonia hypotheses of role of dopamine in feeding & drinking, 21685
levotryptophan vs phenylthiocarbamide vs dextrotryptophan vs saccharin vs water, differential intake, serotonin-deficient Fawnhooded vs Wistar rats, 11311
locus of capsaicin vs piperine oral stimulation, intensity of sensations, adults, 209
maternal dietary sodium restriction, taste responses of chorda tympani nerve to sodium, rat offspring, 18350
methodological aspects concerning sweetness & calories & internal validity of studies on appetite control, conference presentation, 19666
molar concentrations of tastants, perceived relative taste intensities of sucrose & sodium chloride solutions, college students, 729
nicotine, conditioned taste aversion, Roman High vs Low Avoidance rat strains, 4346
nonnutritive fluid preload during conditioning, carbohydrate conditioned flavor preference, male rats, implications for association of internal cues & diet, 28416
novel flavor, potentiation of conditioned place aversion based on toxicosis vs shock, male rats, 21395
occurrence & chemical basis of taste neophobia & apomorphine induced learned aversions to apple juice, rabbits, 10901
PCP & MK-801 & ifenprodil, conditioned taste aversion, male rats, 39327
perception of & preferences for sweetness & creaminess & fat content of liquid vs solid dairy products, college students, 31762
perception of bitterness of denatonium saccharide vs quinine, prairie dogs & gerbils, comparison with data on humans & rats, 14499
perception of taste quality & intensity, bulimic vs anorectic females, 9087
phenylethylamine, conditioned taste aversion, rats vs mice, 4401
physical vs symbolic presentation of taste stimuli, perceived & remembered intensities, adults, 38721
place of previously acquired taste aversion & poisoned flavor, acquisition of flavor & context aversions, rats, 3970
po estrogen, conditioned taste aversion, rats, implications for reducing depredation on food & eggs of endangered species, 39366
polycose & sucrose appetite, 3–15 day old rats, 11057
polycose vs maltose vs sucrose, taste preferences, squirrel & bonnet monkeys, 17943
preference for salted food, spontaneously hypertensive vs normotensive strains of male rats, implications for animal model of human salt intake, 21575
presence of pyrazine odor during discrimination training, discrimination between quinine vs water in different contexts, male rats, 35461
prior dietary experience of high sodium foods, preference for salt in familiar food, 6 mo olds, 6 mo followup, 25469
psychometric evaluation of food attributes & preferences, male vs female 21–59 yr olds, India, 22393
quality & intensity of maltose vs sucrose, generalization of conditioned taste aversions, rats, 3963
quinine tainted vs untainted glucose vs early dietary experience, delayed flavor food learning, male rats, 452
red coloring vs strawberry odorant, sweetness ratings of sucrose solution in sip & spit vs swallowing condition, college students, 38731
role of reduced taste & smell acuity in etiology of anorexia, elderly, commentary, 2117
rotation induced motion sickness & conditioned taste aversion & latent inhibition, 18–19 yr olds, Israel, implications

for treatment of chemotherapy-induced food aversions, 31751
saccharin solution concentration shifts & drinking interruptions, taste induced drinking, male rats, 21349
salts or acids or bitter substances or sweeteners, taste RTs, adults, 35245
salty &/vs bitter tastes, RTs, adults, 3707
self reported typical drinking, prediction of alcohol consumption during laboratory taste rating vs tavern evaluation tasks, male college students, implications for analog measurement, 15405
sensory perceptions & preferences for sweetness & fat content, normal weight females with bulimia, 1994
signaled preexposure to UCS, conditioning of taste aversion, 21 vs 60–80 day old rats, 31924
similarity & presentation of distractor flavor before vs after target flavor, habituation of neophobia to novel flavors, rats, 3932
single vs separate sites model, prediction of sweetness perception of glucose &/vs sucrose, food research laboratory employees, 14246
solution temperature, perceived sweetness of glucose vs fructose vs aspartame vs saccharin, young adults, 14237
spatial & temporal stimulus factors, latency to onset & perceived intensity of sensitivity of tongue to ethanol irritation, adults, 14854
spontaneous development of salt preferences & aversion, 10 vs 20 day old Fischer-344 vs 21 day old Wistar rats, 24921
stimulus intensity & duration, taste & smell thresholds & RT, 20–30 yr olds, verification of model of intensity perception, 35259
stimulus levels, temporal integration & RT, model for perceived intensity in human taste & smell, 35260
stimulus NaCl volume & intertrial rinse, taste detection threshold, 18–30 yr olds, 28222
stimulus novelty & pre-exposure to compound flavor, latent inhibition, male rats, 10907
strawberry odor, sweetness perception, adults, 28206
sucrose & sodium chloride, intraoral intake & oral motor taste reactivity, decerebrate rats, 28765
sucrose &/vs salt, perception of sweetness & saltiness & total taste intensity, 18–26 yr olds, Netherlands, 31761
sucrose vs caffeine vs citric acid vs sodium chloride, magnitude estimates of taste intensity, 18–31 vs 65–83 yr olds, 28217
sugar taste reception, adults vs other mammals, 3705
taste & odor detection & identification, males with mild symptoms of Alzheimer's disease, 16134
taste & postingestive factors, carbohydrate appetite & intake, rats, conference presentation, 18236
taste & viscosity, perception of fat content in dairy products, adults, 213
taste &/vs verbal instruction, beer flavor discrimination, college students, 21313
taste characteristics & preferences for aspartame vs 4-chloroaspartame, male rats vs monkeys, 28399
taste detection thresholds, noninstitutionalized 18–25 vs 63–88 vs institutionalized 61–92 yr old males, 9814
test retest reliabilities of measures of sucrose taste perception, adults, 3606
visual-visual vs gustatory-visual conditional discriminations, formation of equivalence classes, college students, 21299
voltage vs current clamp recordings of taste cell receptor responses to sucrose vs sodium chloride, mice, 7688
volume of sodium chloride vs sucrose vs citric acid vs quinine sulfate, taste detection thresholds, 17–43 yr olds, 31757
water deprivation & clonazepam, taste palatability & preferred saccharin solution ingestion, rats, 14752
water temperature & flavoring, fluid consumption & body weight losses during treadmill exercise in hot environment, male 21–33 yr olds, 35664

Taste Stimulation

chemical or tactile stimulation, orienting reflex & habituation, rat fetuses, 11128
chemostimulation of lip, responses of neurons, satiated vs hungry grape snails, 32029
discrimination conditioning using flavor cues & consequences, acquisition of flavor-consequence expectancy & conditioned preference, male rats, 7528
duration & flavor of solution flowing across tongue, RT for taste quality & intensity judgments, 19–27 yr olds, 24713
exposure to sweet substances, analgesic rewarding effect of morphine, rats, 39346
genetic ability to taste phenylthiourea/6-n-propylthiouracil, perceived bitterness of sodium benzoate vs potassium chloride vs potassium benzoate, adults, 24703
gustatory & tactile & thermal stimulation of oral cavity, extracellular action potentials in ventroposteromedial nucleus of thalamus, monkeys, 25070
ingestion of flavored water, pain responsivity to hot plate stimulation with vs without morphine injection, male rats, 738
intraoral rewarding vs aversive taste stimuli cued by tones, single unit responses in lateral hypothalamus & oral reaction, food deprived rabbits, conference presentation, 25143
NaCl vs HCl vs sucrose vs quinine hydrochloride as taste stimuli, regional cortical responses, freely ingesting male rats, 39126
paired tastes, toxicosis mediated potentiation in conditioning, male rats, 7530
physical vs symbolic presentation of taste stimuli, perceived & remembered intensities, adults, 38721
simultaneous presentation of novel odor & taste, conditioned taste aversion, weanling vs young adult vs senescent rats, 420
sucrose stimulation, hand mouth contact, neonates, 1037
taste stimulation, single neuron activity in insular gustatory cortex, satiated macaque monkeys, 4167
ventromedial hypothalamic lesions vs stria terminalis transections, taste reactivity, rats, 28754

Taurine

Ca-acetyl homotaurine dosage, discrimination from saline & reinforcement properties measuring abuse potential, monkeys vs pigeons, 39309
GABA vs taurine vs muscimol, antagonization of intracranial renin vs angiotensin II induced water vs salt intake & BP, male rats, 4307
taurine &/vs bromocriptine, avoidance learning performance, male rats, 39240
urinary taurine levels, mentally retarded 10–17 yr olds, 36930

Taxation

correlates of tax evasion, taxpayers, 8836
reporting recommendations & decision making, professional tax preparers, 38321
self interest, attitudes toward smoking restrictions & cigarette taxes, smoking vs nonsmoking community residents, 32752
social comparison & inequity & tax audit occurrence & attitudes toward law & sense of alienation in computer business simulation, tax evasion, adults, 22769
subject selection, self reported & hypothetical taxpayer compliance, adults, 38319

Taxonomies

alpha beta gamma change typology & organizational development research, commentary, 38393
alpha beta gamma change typology & organizational development research, commentary, 38410
attributed grammar pattern recognition system for classifying brain stem auditory EPs, 28591
bimodality in distribution of hypnotizability scores & relation to hypnotic types & factor analysis, 28359
classification of disturbances in reality awareness, neurotic adults with negative hallucinations, 40199
classification of sex & sexual behavior, expansion & application of research exchange theory, 8302
classificatory accuracy & factor structure of Self Administered Alcoholism Screening Test, alcoholic vs nonalcoholic adults, US vs Mexico, 35115
client population typology for day programs, psychiatric patients, 2813

clinical neurological classification using medical model in context of learning disorders, childhood dysgraphia, 29817
cluster analysis of subtypes of rapists & child molesters, adjudicated male sexual offenders, 36799
cognitive semantic typology for analysis of client language, assessment of clinical processes, clients in therapy, 26812
comparative & unique & preemptive & hyperbole & generic informational strategies, TV advertising of consumer products, 38517
concepts of depression in emotion lexicons & taxonomies, 15–65 yr olds, US vs Sri Lanka vs Puerto Rico vs Korea vs Malaysia vs Japan vs Indonesia vs Australia, 21846
construction & field testing of measurement taxonomy system, documentation of consultant activities, special education consultant working with mildly handicapped 3rd grader, 27740
criteria & reliability of classification system, child molesters, 33299
cross cultural definitions & typologies of trance vs shamanism in anthropology, 36232
cross cultural typologies of trance practitioners engaged in healing, 36260
definition & classification of manovikaras in terms of ayurveda with reference to anxiety & depressive neurosis, 26154
demographic & personality characteristics & classification, rapists & child molesters, 33332
development & procedures for & reliability & validity & utility of Jesness Inventory Classification System, classification of personality subtypes, criminals, 5417
development & validation of empirically derived classification system, patients with temporomandibular disorder, 33634
development of numerical taxonomy of evaluation theory vs practice, evaluation theorists, 31542
development of taxonomy of all ordinal 2 x 2 games, 4962
development of taxonomy of community living skills, curriculum design, mentally retarded persons, 20586
development of taxonomy of personality descriptive verbs, measurement of self & other judgments of personality, adults, Netherlands, 32851
development of 4 category typology, evaluation of high school dropout prevention programs, 38106
dichotomous & continuous variables in robust classification of univariate or multivariate observation, 7201
empirical validation of typology of adult education dropout variable, adult 10th grade level students, Canada, 13705
epistemological & cognitive & other problems, medical & psychiatric disease classification systems, implications for International Classification of Diseases, 8508
establishment of batterer typologies, wife assaulters, Canada, 26221
ethnographic analysis of taxonomy of social support, unmarried adolescent mothers, 11458
factor analysis, taxonomy of psychophysiological functions, female vs male 18–26 yr old athletes, 14728
factor structure of Personality Research Form & NEO Personality Inventory, classification of Murray needs, 22–90 yr olds, 1431
family dynamics & personal & temporal classification of runaway behavior, adolescents, 5418
interruption coding system & classification of interruptions & simultaneous speech, college students, 18896
judgments about relationships between mental activities, 24843
K. Schneider's concepts of psychopathy & symptom classification of schizophrenia, literature review, 36573
least squares programing algorithm, fitting of ultrametric or additive tree representations to symmetric proximity data on odor preference, 7–14 vs 20–40 yr olds, 161
lexical approach to & history of personality trait taxonomic research & development, 32867
mathematical taxonomy of subtypes of anorgasmia, adult females, 29909
mental health characteristics & dysfunction, nursing care, nursing home residents, implications for long term health care classification systems, 30757
MMPI based classification system, 19–66 yr old inmates of maximum security forensic psychiatric unit, 16902
model of emotional disturbances based on rational emotive therapy, classification of syndromes & individual malfunction, 40091
model of unitary psychosis vs hypothesis of nosological entities, conference presentation, 33103
multiaxial schema for evaluation of psi experiences, conference presentation, 21006
multiaxial taxonomic system, disability determination, implications for social security policy, 19641
nature of classification strategies, judgment of similarities among birds, Aguaruna & Huambisa informants & college students, 35335
numerical taxonomy methods, description & classification of sounds, humpback whales, 3987
objectives & design of field trial studies, Mental Behavioral & Developmental Disorders chapter of International Classification of Diseases 10th revision, 8493
ordered tree algorithm & development of nonsemimodular graded latice, dissimilarity measure for classification of single or multiple recall strategies, adults, 170
origin & influence of alpha beta gamma change typology & organizational development research, commentary, 38459
overnight simultaneous EEG & cystometric monitoring, proposal of classification system of enuresis, 5–31 yr olds, 40528
predictive validity of MMPI based offender classification system, male inmates, 3562
proposal for taxonomy of problem based learning methods, 3097
prototypicality of verbally described acts for personality factors, raters, 15493
psychiatric multiaxial diagnostic schema, revision of International Classification of Diseases, 8666
psychological typologies, juvenile & adult criminals, literature review, 5401
purpose & structure & role of disease classification systems & International Classification of Diseases, psychiatric classifications, 8575
referral categories in EAPs as social vs scientific constructs, implications for research into motivation for help seeking behavior, 38454
semantic relations, taxonomy of part–whole term usage, 946
sex & age differences, typology of lifestyles, 14–96 yr olds, 18659
subgroup characteristics based on medical & developmental & growth variables, children & adolescents with learning difficulties, 33422
systems for classification of institutional populations, prison inmates, 6572
taxonomy of theoretical models of counseling resistance including anxiety control & noncompliance & negative social influence, 26803
testing of Type A & Type B distinction hypothesis, adults, 32904
theoretical & empirical efforts to define & classify suicidal behavior, 26230
theoretical framework & research paradigm for classification research in neuropsychology, 9154
type classification of decision games using natural criteria, 17873
typologies of marital dissolution process, divorced adults, 29233
typologies of suicide, 26226
typology of adaptation to unemployment, adults, 41399
typology of decision paths, small groups, 32793
typology of deterrents to participation in basic education, low literate adult students, 20467
typology of heroin addiction as traumatic vs neurotic vs transitional vs sociopathic & family therapy technique effectiveness, heroin addicted 16–33 yr olds, 16945
typology of leisure time interactions, families, 39769

typology of personality styles, clinical & educational & industrial applications, 11832
typology of speech programing categories including emotive & connotative & socially coded language, 13–18 yr olds, implications for development, 39512
typology of various types of incest involving children & associated behavior patterns, treatment & prevention implications, 40228
use of residue in psychological classification analyses, 10 & 13 yr olds, 3659
use of taxonomy based conceptual organization in forced choice object triad task, 16–31 mo olds, 29044
utility & reliability & validity of conceptual matching model classification system, development of treatment/rehabilitation programs, criminals, 6574
utility & reliability & validity of Interpersonal Maturity Level Classification System, delinquent youth, 3584
utility & reliability & validity of MMPI Based Criminal Classification System, criminals, literature review, 3654
validity of D. Kleiber et al's cluster typology of related leisure & transitional activities, adolescents, 4678
validity of typology based on social & psychological factors vs type of crime committed, male prisoners, Pakistan, 1842
1 dimensional nonmetric scaling of hierarchical tree structure, 7220
1 vs 2 vs 3 factor models of self monitoring, commentary, 32885
Tea [See Beverages (Nonalcoholic)]
Teacher Accreditation [See Accreditation (Education Personnel)]
Teacher Attitudes
accuracy & level of comfort with use of modes of instructional evaluation, senior high school teachers & administrators, 38258
adaptation & standardization of Teacher's Report Form of Child Behavior Checklist & Profile, referred vs nonreferred male 7–12 yr olds, Turkey, 41354
attitudes about sexuality of students, teachers of mildly mentally retarded secondary students, 13446
attitudes regarding relationship between self concept & academic achievement, English speaking parents & teachers, Ghana & Gambia, implications for elementary school counselors in US, 38159
attitudes toward & ability to solve multiplication & division problems involving decimals, preservice elementary school teachers, teacher education implications, 34568
attitudes toward & satisfaction with research opportunities in industry or private organizations, university faculty members, 3073
attitudes toward & support for parent education & involvement in early childhood education & characteristics, kindergarten teachers, 41207
attitudes toward early admission & acceleration practices for gifted children, coordinators of gifted programs vs school psychologists vs elementary school principals vs teachers, 38233
attitudes toward effectiveness of rewards & punishments, 13–15 yr old students & their teachers, England, 24081
attitudes toward mainstreaming hearing impaired children, regular classroom elementary school teachers, 3257
attitudes toward mainstreaming, parents & teachers at primary schools with vs without mainstreaming programs, 3274
attitudes toward music therapy for exceptional students, teachers, 31209
attitudes toward parental preparation of children for kindergarten, teachers vs mothers vs fathers, 6642
attitudes toward physical vs other disabilities, regular vs adapted physical education teachers, 10034
attitudes toward specific accommodations for learning disabled students, university faculty members, 20624
attitudes toward troublesome classroom behavior, elementary school teachers, 6669
attitudes toward utility of special education resource room model for emotionally disturbed, parents & teachers & staff of handicapped center, Japan, 24180
background & training & concerns & suggestions for improvement, educators of gifted students, 34724
behavioral training, perception of self & others, 26–57 yr old 1st–8th grade teachers, 27516
beliefs & understandings & interaction with guiding philosophy of Masters of Education program, learning & teaching practices, female 2nd grade teachers, 41194
beliefs about & approaches toward supervision of social work students, 27–61 yr old micro vs macro supervisors, 30965
beliefs about vs actual classroom instructional communication, teachers of gifted 4–6th graders, 20622
career orientation, psychological burnout & work outcomes, teachers & school administrators, 23929
characteristics & attitudes, use of microcomputers in classroom, primary school teachers, England, 27499
child bereavement training program, knowledge of children's grief & conceptions of death & awareness of resources & comfort in discussing death with children, elementary & preschool teachers, 17108
classroom context in videotapes, teacher evaluation bias generated by learning disabled label, elementary school teachers, 34728
cognitive & emotional processes, satisfaction with training & commitment to teaching, secondary school student teachers, Finland, 31002
cognitive level & dispositional stress, perception of relationship with & supervisory ability of cooperating teachers & their evaluation of Ss, student teachers, 17110
cognitive style, child centered vs teacher structured teaching ideology & classroom behaviors & occupational stress, kindergarten teachers, 6660
conceptual structure of attitudes vs values & beliefs & opinions, implications for science education, 24021
concerns about different applications of educational computing, elementary school teachers, 17178
concurrent validity of Leadership Skills Inventory vs teachers' ratings, gifted 6th–7th graders, 6822
construct validity & reliability & factor analysis of 33 teacher belief scales, assessment of beliefs about parents & school administrators & perceptions of parent beliefs about teachers, teachers, 14113
construction & factor structure of Teacher Efficiency Attitude Scale, evaluation of attitudes toward teaching & interaction with students, high school teachers, India, 7128
construction of attitudes toward cheating scale, college students & faculty, 17307
demeaning attitudes implicit in literacy programs & need for socioculturally oriented instruction, adult students, 27571
development of & psychometric data for Q sort instrument to measure perceptions of clinical teaching, faculty members in family medicine residency programs, 17622
differential treatment of high vs low achieving students, teaching themes & strategies, 1st–5th grade classroom teachers, 13494
Double Take school based video drug education program, attitudes & knowledge, secondary school students & teachers, England & Wales, 23975
evaluation of organization & content of life skills approach to drug education courses, teachers, 27548
examiner observations of test behavior vs teacher ratings of classroom behavior vs scores on measure of attention, learning disabled or emotionally disturbed 6–12 yr olds, diagnostic implications, 40018
expectancy & affective & behavior responses to request for academic help from student due to low effort vs ability vs illness, K–12th grade teachers, 20565
expectations of psychosocial level & school adjustment of male primary school students from father absent vs intact families, 18–20 yr old Indian student teachers, South Africa, 23942
expectations of student behavior & types of problems that require technical assistance, 24–56 yr old regular or special education elementary or secondary school teachers, 41197
experience with & attitudes toward mainstreaming & job satisfaction, elementary & middle or junior high & high school teachers, 27504

experiences with & perceptions of benefits gained from group work, high school students & teachers, 3114
factor structure of personality trait based behavior ratings of elementary school students, 1st & 6th grade teachers, 10246
factors influencing attitudes toward mainstreaming, elementary school principals vs regular vs special education teachers vs special education administrators, 38206
framing views about teaching & construction of semantic ordered trees before vs after college course, experienced vs novice teachers, 31011
grade level & sex, computer attitudes, elementary through high school students vs teachers, 10167
implementation & teacher ratings of Battelle Developmental Inventory, teachers & handicapped 2–5 yr olds, 10247
implementation of innovative educational program, perceived self efficacy & program value & professional development, female K–4th grade teachers, 13466
importance of various criteria in identification & placement of learning disabled students, teachers, 20652
intact vs remarried vs divorced vs conflicted family type, perception of academic & social & emotional functioning of fictitious 5th grader, 26–44 yr old female teachers, Israel, 38051
interpretation of problem behavior in cooperative vs traditional context, perceived climate, student teachers, 17224
interpretations of similar behaviors in students labeled successful vs unsuccessful in regular & special education classes, teachers, 6785
Introductory Science Teacher Education program, acquisition of science related attitudes & competence in lesson preparation, preservice science teachers, Nigeria, 3072
kindergarten philosophies & practices, kindergarten teachers & office administrators & principals, 13486
knowledge of consultation entry information & issues, verbal behavior during problem identification interview & perceptions of consultation process, 20–38 yr old teachers, 34579
knowledge of hearing disorders & attitudes toward mainstreaming & hearing impaired children, classroom teachers, 10212
learning disabled or behavior disordered or mentally retarded or emotionally handicapped vs nonhandicapped 1st–8th graders, ratings of importance of social skills, teachers, 20605
mainstreaming training program, attitudes toward mainstreaming & classroom management style & student behaviors, elementary teachers with mainstreamed students, 20443
math exam outcome interpretations & attributions & future expectancies, 6th graders vs their teachers, Finland, 3230
microcomputer instructional goals & perceptions of effectiveness, special education & elementary school teachers, 10015
misconceptions regarding practicality of resistance to classroom behavioral interventions, teachers, implications for teacher accountability in student performance, 31018
modification preferences for acceptance of mildly handicapped students in classroom, regular elementary school teachers, 23945
motivational factors, participation in curriculum development, elementary school teachers, Canada, 17168
multidimensional scaling, perceptions of disabilities, special education teachers vs administrators vs principals vs regular teachers, 23936
norms for agreement of parental & teacher ratings on Missouri Children's Behavior Checklist, identification of behavior problems, 9–15 yr olds, 17324
occupational efficacy & self concept, attitudes toward implementation of new instructional practices, elementary & secondary school teachers, 6657
opinions about preparatory education for teaching learning disabled hearing impaired students, teacher educators, 3263
parent & teacher perception of behavior problems, 8–16 yr olds with diabetes mellitus, 9015
parent vs teacher vs hospital staff evaluations of deviance & improvement & outcomes before hospital admission vs after discharge, 7–13 yr old psychiatric inpatients, 1 yr followup, 13120
peer & teacher rating of social status & aggressive behaviors, male vs female 3rd & 4th graders, 31166
peer & teacher ratings of aggression & social withdrawal & likability, prediction of antisocial behavior & personality, male vs female 1st graders, 7 yr followup, 13610
perceived attributes of mainstreaming & principal's behavior, predictions of attitudes toward mainstreaming, K–6th grade teachers, Canada, 27683
perceived control over problematic classroom behavior, preferences for consultative vs referral services, elementary school teachers, 17218
perceived educational environment & orientation in undergraduate medical school, faculty course & topic supervisors, Canada, 34516
perceived emotional closeness to students, teacher vs student rating of student self concept, 4th grade teachers & their students, Israel, 3229
perceived importance of intellectual abilities for studying physics, college professors & researchers & teachers, 27483
perceived importance of qualitative categories of behavior of children taking standard oral reading test, reading teachers, 31324
perceived importance of social skills for relating to peers vs adults vs self, school adjustment, general & special education teachers & handicapped & nonhandicapped adolescent students, 38240
perception & responses to student social immaturity & defiance behaviors in storylike vignettes, tolerance & causal attribution & adverse effects & strategy choice, preservice teachers, 27493
perception of classroom management & teachers' needs regarding mainstreaming special education students & outcome, teachers, England, 13637
perception of desirable vs undesirable personality traits of creative students, 18–55 yr old preservice vs inservice elementary school teachers, India, 10027
perception of organizational practices & climate, early childhood teachers vs administrators, 13453
perceptions & expectations of role of middle school counselors, students & teachers & principals & parents, 6833
perceptions about role of occupational therapy in special education, university special education faculty members, 10254
perceptions of child's locus of control, learning disabled male 8–12 yr olds vs their parents vs teachers, 26394
perceptions of classroom behavior & adaptive functioning of seriously emotionally disturbed 13–16 yr olds, special education vs regular classroom teachers, 27726
perceptions of classroom environment before & after transition to junior high school, 6th graders & teachers, 1 yr followup, 20544
perceptions of disadvantaged, teachers in rural setting, Canada, 10016
perceptions of effectiveness of teacher learning sources, elementary & junior high & high school teachers, 41206
perceptions of quality of campus life & level of satisfaction, university faculty members, 6662
perceptions of students & attitudes toward teaching, mathematics teachers in final year of elementary vs 1st year of junior high school, 20445
perceptions of supervision, undergraduate social work field interns vs faculty, 13558
perceptions of their students' parents & related factors, urban elementary school teachers, France, 41187
perceptions of types of giftedness, college education students vs teachers, 24151
perceptions of value placed on internal locus of control by teachers & parents, 8–16 yr olds, France, 18646
physical attractiveness of male vs female students, perceptions of sociability & popularity & academic brightness & confidence & leadership qualities, teachers of 11–12 yr olds, Wales, 17113

point-in-time & point-of-view antecedent cues, perception of impact of life events on students, teachers & mental health workers, 41208
primary organizational identification & perceived organizational climate, general vs special education high school teachers, 13451
prior knowledge & student sex & social class & physical attractiveness, bias in assessment of written work, examiners, 13684
race & class & IQ information of male child, performance judgments, parochial grade school teachers, 27506
race & ethnicity, mathematical knowledge & attitudes, urban vs suburban White vs Mexican American vs other elementary school teachers, 34580
ratings of acceptability & intrusiveness & efficacy of punishment procedures, public school special educators of severely &/or multiply handicapped elementary or secondary school students, 20613
ratings of disturbingness of student problem behaviors, junior high school teachers vs students, 10161
reactions to child sexual abuse inservice training program, elementary school teachers, 10013
reading attitudes assessed with Mikulecky vs Lewis & Teale scales, prospective teachers, 27503
responses to child advocacy situations, teacher-counselors vs high school principals, South Africa, 3074
schoolwide enrichment model, attitudes toward learning & teaching & extent & quality of creative productivity, K–6th graders & elementary school teachers & parents, 38108
self & teacher perceived academic ability & behavior & social skills & anxiety, learning disabled students in resource rooms or special day class programs, 13653
self vs vocational educators' perceptions of communication performance, 18–24 yr olds with severe learning disabilities, 10203
seriousness of error, severity of judgment, native French- vs English-speaking teachers of French- vs English-speaking college students taking advanced vs beginning French, 6746
sex & age & teaching experience & educational background & perceived competence, attitudes toward teaching students with handicaps, high school physical education teachers, 13662
sexually abused label of student, judgments & expectations & attribution of failure, junior & high school teachers, 30977
specificity of school psychologist's recommendations for students with academic or behavior problems, attitudes toward implementation, elementary school teachers, 13463
strategies & attitudes & school policies, management of classroom interruptions, junior high school teachers, England, 41306
student gender & family type & past school performance, evaluation of performance, elementary school teachers, Israel, 6658
student rated aspects of teaching effectiveness & teacher attitudes toward students, high school students & their teachers, 13592
student self concept & locus of control & temperament, perceived teachability of learning disabled vs nondisabled students, 3rd–6th grade teachers, 20432
success attribution & expectancy, interaction with underachieving vs low ability failing student, elementary school teachers, Costa Rica, 10165
target social skill problem & behavior modification method & outcome strength in vignettes, rating of treatment acceptability & effectiveness, regular & special education elementary school teachers, 24134
teacher estimates vs direct observation, estimation of spontaneous language performance, developmentally delayed 2–5 yr olds, 41337
teacher interpretation of classroom play vs deviant behavior, 2nd vs 4th vs 7th graders & their teachers, 31160
teacher perceptions & expectations & actual time spent on guidance functions, elementary school counselors, 6670
teacher ratings of behavioral & emotional problems, 6–11 yr olds, Thailand vs US, 34702
teacher vs self perceived cognitive & social & physical & general competence, male vs female primary school students, Ireland, 41291
teacher's reading & writing instruction orientation & beliefs, conceptions of reading & writing, preschool students, 41310
teaching level & rural vs urban school location, attitudes toward teaching as profession, public school teachers, 13465
university & school district consortium for gifted education, knowledge & attitudes, educational personnel, 34779
utility of Individual Classroom Environment Questionnaire, assessment of perception of classroom learning environment, students & teachers, 41358
views of autism, teachers vs parents of autistic children, 8731
views on students' poor discipline, college teachers vs students, India, 10166

Teacher Characteristics [See Also Teacher Attitudes, Teacher Personality]
ability to diagnose learning style preference, experienced middle & junior & senior high school teachers & their student teachers & students, 38058
age, student rated teaching effectiveness, 26–55 yr old psychology teachers, 34816
aging & cohort & environmental effects, role performance & productivity, college faculty, 6661
aspiration level & value preferences, occupational decisions, rural vs urban vs non-Gujarati secondary & college teachers, India, 13462
attitudes toward & support for parent education & involvement in early childhood education & characteristics, kindergarten teachers, 41207
background & training & concerns & suggestions for improvement, educators of gifted students, 34724
characteristics & teaching success, teachers of gifted vs regular students, 34566
classroom behaviors, effective college vs elementary vs junior high school mathematics teachers, 6654
cognitive & affective & behavioral responses to male vs female instructor during presentations on sex bias in counseling females vs gender neutral topic, college students, 10148
cognitive representation of computer software, computer assisted instruction effectiveness with vs without tutorial help, student teachers, 27497
cognitive style, child centered vs teacher structured teaching ideology & classroom behaviors & occupational stress, kindergarten teachers, 6660
computer assisted instruction & teacher's personality, mathematics achievement, remedial 7th–8th graders, 20628
construction & factor structure of Teacher Efficiency Attitude Scale, evaluation of attitudes toward teaching & interaction with students, high school teachers, India, 7128
current practices of accredited vs nonaccredited institutions regarding psychological & social/emotional fitness, teacher education students, 17111
demanding vs supportive lecture style of female vs male teacher, learning & preferences for teacher, college students, 17150
descriptions of faculty members who received highest vs lowest evaluations, college students, 31020
direct instruction vs seatwork & task difficulty & student ability level & teacher behaviors, time on task, 3rd & 4th graders in single vs mixed age classes, Netherlands, 17239
effectiveness training, interactions with mainstreamed vs regular education students, middle school social studies teachers, 20574
ethnicity & gender, personal qualities, elementary vs secondary teachers or trainees, 38057
experience with gifted students & number of yrs teaching, teaching styles, elementary vs secondary vs kindergarten teachers of gifted students, 34573
factor analysis of teacher manageability, assessment of beliefs about ability to manage classroom maladaptive behaviors, regular & special education teachers, 6838

factor structure of Teacher Efficacy Scale & factor correlates of teaching behaviors, student teachers, 27517
faculty selection for adult degree granting program, college faculty & candidates for faculty positions, 20446
identification of job related competencies, outstanding vs average teachers of gifted students, 38062
individual differences & work stress, psychological burnout, teachers, 27489
inservice education, instructional behavior in classroom, teachers of mentally handicapped students, 23941
instructor's social contact & facial expression & gender, sex role stereotyping in rating of instructor, college students, 3233
knowledge structures & teaching ability, preservice reading teachers, conference presentation, 23939
leadership style & perception of teacher classroom performance, business school students, 38047
Levi-Strauss's concept of "bricolage" & work characteristics & form, teachers, 41227
locus of control & feelings of efficacy & stress, elementary vs junior high vs senior high school teachers at low vs high stress schools, 17116
mathematics anxiety, teaching outcomes & minutes scheduled for math instruction in lesson plan, 1st yr elementary school teachers, 10033
model of self efficacy & difficulties in providing exceptional students with regular education, regular educators, implications for teacher preparation, 17122
National Teacher Examinations Communication Skills & General Knowledge test scores & personality traits & self reported academic problems & skills, female vs male college students, 31008
patterns of engagement in instructional & noninstructional activities, 2nd–4th grade teachers, implications for work overload, 17115
perceived teacher immediacy & student teacher solidarity, college students & Air Force student pilots, 20563
perception of ideal role vs actual classroom practice & problems, teachers of children with special emotional needs, 31003
perceptions of teacher characteristics, judgments of teacher effectiveness, college students in psychology curriculum, 24090
personal computers & other motivating factors, teachers, literature review, 3077
personal vs impersonal vs nonpersonal teaching style & cultural performance value, 7th–8th grade teachers in suburban middle class school, 38059
prediction of instructors' effectiveness & need for improvement ratings, college students in lecture format course, 13724
race & ethnicity, mathematical knowledge & attitudes, urban vs suburban White vs Mexican American vs other elementary school teachers, 34580
reactions to & perceptions of prosocial vs hostile nonverbal behaviors with teacher vs nonteacher label, 9–17 yr old students, implications for teaching behavior, 31172
responses to Brainard Occupational Preference Inventory-Form A, 24–44 yr old male high school teachers, India vs US, 23933
rich agenda & consistent flexible lesson structures & clarification of concepts & procedures, expert vs student mathematics teachers, 3.5 mo study, 27502
school & teacher roles, supportive classroom atmosphere & education, bilingual handicapped students, 13657
schools & teachers & teaching processes, mathematics achievement, 8th graders, Nigeria vs Swaziland, 41273
self efficacy & other teacher & student characteristics, perceptions of problem behavior & subjective probability of referring students to special education, elementary school teachers, Netherlands, 13652
sex & age & teaching experience & educational background & perceived competence, attitudes toward teaching students with handicaps, high school physical education teachers, 13662
sex, career orientation & development, teachers, Canada, 34569
sex differences in teacher attitudes & interactions & instruction, gender schemata development, children, 1104
sex, ratings of ideal teacher, Japanese American vs Caucasian American college students, 24104
strategies & attitudes & school policies, management of classroom interruptions, junior high school teachers, England, 41306
student rated aspects of teaching effectiveness & teacher attitudes toward students, high school students & their teachers, 13592
susceptibility to bias, channel controllability in nonverbal & verbal communication of positive vs negative affect, preschool & elementary school teachers, Israel, 17102
systematic organization of knowledge about effective teaching as evolving vs learned, preservice reading teachers, conference presentation, 23937
task factors & teacher behavior, involvement in science lessons & use of learning strategies, 4th–6th graders, 3179
teacher characteristics associated with computer assisted instruction, 23994
teacher efficacy & student self & task related beliefs in mathematics before vs after transition to junior high school, teachers & students, 2 yr study, 34691
teacher experience & education & attitudes, selection of instructional strategies, mainstream elementary & secondary school teachers, 27668
teacher gender & student assessment of teacher sex role orientation, student attitudes toward learning, male vs female college students, 34703
teacher wait time & intertrial interval durations, task performance, multiply handicapped 5–11 yr olds with mild mental retardation, implications for classroom instruction, 30398
teachers' attractiveness & sex & teaching philosophy, perceptions of competence in teacher evaluations, student teachers, 38252
teacher's knowledge of Black & Nonstandard English, interactions with students during reading instruction, Black & Hispanic 2nd grade speakers of nonstandard English & their teachers, 38183
teacher's locus of control & morale, students' reading and language arts achievement, teachers & students, 6741
thought process prior to & during teaching, assessment of effectiveness, teachers, 41188
training & practice in questioning strategy, student thinking & involvement, teachers, 23957
type & intensity of male vs female student misbehavior, compliance message selection, male vs female elementary school teachers, 3232
variables of stress & teaching effectiveness, primary or secondary or special education teachers, 31019
working experience & conditions & demographic & student characteristics, self reported stress, male vs female 21–53 yr old teachers, Nigeria, 41201

Teacher Education [See Also Inservice Teacher Education, Student Teaching]
assertiveness training, self esteem & classroom discipline & assertive behaviors, teachers, UK, 17112
clinical problem solving models based on research in teachers' cognitions, application to classroom teaching instruction, 38054
cognitive learning strategies training, resource room teachers of learning disabled students, 41205
correspondence course, specialist training, teachers of visually handicapped students, England, 23926
coursework, acceptability of differential reinforcement of incompatible behavior vs home based reinforcement vs time out vs ignoring interventions, prospective teachers, 31017
current practices of accredited vs nonaccredited institutions regarding psychological & social/emotional fitness, teacher education students, 17111
education about computer use in problem solving skills development & implementation of computers in school, teachers & administrators, 38060

ego development & views of education & academic performance, 23–56 yr old teachers in guidance counseling course, 30980
kindergarten education & curriculum reform & teacher training & support creativity & individuality, China, 41252
leadership development in teacher education & summer youth programs, gifted middle & high school & college education students, 34554
locus of control & sequenced instructional strategy, understanding of science, preservice elementary science instructors, 23951
multisite & multimethod study of student teaching in elementary & secondary schools, student & cooperating teachers & their supervisors, 30990
need for empathy & compassion & self knowledge in professional education of educational practitioners, 30976
need for preservice & inservice training, teaching of test taking skills, teachers, 41196
origins of reflective teaching concept in relation to professional teacher education, 30978
perceptions of effectiveness of teacher learning sources, elementary & junior high & high school teachers, 41206
preparation as classroom teachers & supervisors in applied & research setting, psychology graduate students, US vs Canada, 6615
research studies of special education personnel preparation, 1982–86, 13459
specification of desired student education & teaching methods & appropriate teacher education, improvement in mathematics teaching quality, conference presentation, 13456
teacher attention training in reflection/impulsivity perspective, teacher classroom behavior & student attention, 5th–6th graders & their teachers, West Germany, conference presentation, 24114
teacher training consultation strategy using videotapes & teacher interview, implementation of special education individualized education plan, teachers & handicapped mainstreamed 3.3–5 yr olds, 38226
teacher training in adult education, class attendance & teacher evaluations, adult students, 6647
teacher training, student perception of classroom environment, math teachers & 2nd graders, Netherlands, 13467
teaching related anxiety & attitudes & concerns & confidence, education students assessed at outset of training vs prior to vs following student teaching experience, longitudinal study, 3089
time of audiotape relaxation training, teaching test performance & tension & EMG & heart rate & BP, 17–26 yr old instructor candidates, 3081
training & practice in questioning strategy, student thinking & involvement, teachers, 23957
training in early detection & intervention & prevention of adolescent suicide, teachers & other professionals, 40576
training in time delay procedure, teaching language skills to moderately or severely mentally retarded or autistic 8.1–9.5 yr olds with behavior problems, special education teachers, 38230

Teacher Effectiveness [See Teacher Characteristics]

Teacher Effectiveness Evaluation

accuracy & level of comfort with use of modes of instructional evaluation, senior high school teachers & administrators, 38258
age, student rated teaching effectiveness, 26–55 yr old psychology teachers, 34816
BASIC or FORTRAN computer program for detection of errors in course & instructor performance ratings, 31234
characteristics & teaching success, teachers of gifted vs regular students, 34566
classroom observation research, appraisal in classroom & conditions for learning & change, teachers, 30983
cognitive development & differentiation & integration, ratings of instructor's performance, college students, 24240
correspondence between macro & micro classroom observation measures of teacher effectiveness in mainstreamed classrooms, 6th–8th grade teachers, 31013
curriculum based measurement with enhanced vs unenhanced feedback, spelling achievement of learning disabled or emotionally disturbed or educable mentally retarded students, special education teachers, 27778
descriptions of faculty members who received highest vs lowest evaluations, college students, 31020
development & validity & reliability of Underprepared Math Teacher Assessment Project, measurement of cognitive competency for teaching endorsement, elementary & secondary school teachers, 10257
development of Explanation Appraisal Schedule, expository teaching style effectiveness assessment, science teachers, Nigeria, 27818
evaluations of teaching effectiveness in multi-instructor human anatomy course, nursing vs dental hygiene vs pharmacy vs physical education students, 9990
factor analysis of teacher manageability, assessment of beliefs about ability to manage classroom maladaptive behaviors, regular & special education teachers, 6838
implementation problems in meta analysis, research on validity of instructor effectiveness evaluations, students, 24207
instructor's social contact & facial expression & gender, sex role stereotyping in rating of instructor, college students, 3233
leadership style & perception of teacher classroom performance, business school students, 38047
nonlinear vs noncompensatory processes, performance evaluation, nurses & university faculty members, 38352
orthogonal vs oblique rotation in rating scales, analysis of teacher effectiveness, college students, 27777
overly positive or negative ratings, evaluations of teachers, college students, 6840
own vs perceptions of faculty rating of performance criteria, dental school department chairpersons, US & Canada, 13351
prediction of behavior alteration techniques used by best vs average vs worst teachers, high school principals, 23924
prediction of instructors' effectiveness & need for improvement ratings, college students in lecture format course, 13724
sex, evaluation of male vs female faculty performance & effectiveness, college students, 27518
teacher training in adult education, class attendance & teacher evaluations, adult students, 6647
teachers' attractiveness & sex & teaching philosophy, perceptions of competence in teacher evaluations, student teachers, 38252
thought process prior to & during teaching, assessment of effectiveness, teachers, 41188
validity of North Carolina Teaching Performance Appraisal Instrument & relationship to academic achievement & teacher coaching, 3rd–9th grade student teachers & their students, 20718
verbal vs end anchored vs numerical scale, assessment of effectiveness of lecturer, college students, 31300

Teacher Expectations

bias expectancies of teachers working with children mislabeled mentally retarded, vocational evaluation students as judges, human relations implications in rehabilitation, 13620
classroom context in videotapes, teacher evaluation bias generated by learning disabled label, elementary school teachers, 34728
expectations of student behavior & types of problems that require technical assistance, 24–56 yr old regular or special education elementary or secondary school teachers, 41197
homogeneous ability grouping, expectations & behaviors & climate in English vs social studies vs mathematics vs science classes, 10th–11th grade teachers, 3221
noncognitive characteristics, teacher expectations for & prediction of academic achievement, male vs female 3rd & 4th yr junior school students, England, 24037
skill expectations for school readiness, preschool vs kindergarten teachers, 41193

standards & expectations for classroom behavior, regular vs special education high school teachers, 20441
teacher expectation of academic achievement & sex & race & grade level, self concept, 3rd–6th graders, 13606
teacher expectations & student interactions, reading & number & writing & vocabulary skills, nursery school students, England, 1 yr study, 41286
teacher expectations of performance & video &/vs audio vs written text teaching method, vocabulary vs reasoning course achievement, female graduate students teaching male vs female college students, 38068
teachers' expectations, student achievement, Yiddish speaking vs French speaking 9th graders, 10115
teaching level & feedback practices, attributions of students' academic success vs failure, 1st year teachers, 38052
3 stage model of self fulfilling prophesies in teacher student interaction, commentary, 10142

Teacher Personality

personal inference structure, teaching method effectiveness, teachers, implications for education improvement strategies, 41230
personality traits, job satisfaction, secondary school teachers, India, 10028

Teacher Student Interaction

amount of work & quality of interpersonal relations at school & home, prediction of stress during school year, teachers, 4 mo study, Finland, 30996
approving vs disapproving responses & student behavior & time spent on task, secondary school teachers, England, 41309
aspects of good relationship to occupational therapy students, clinical supervisors, 2983
beliefs about vs actual classroom instructional communication, teachers of gifted 4–6th graders, 20622
bias expectancies of teachers working with children mislabeled mentally retarded, vocational evaluation students as judges, human relations implications in rehabilitation, 13620
class size & student-to-instructor ratios, academic achievement, students, 31150
class size & student-to-teacher ratios, academic achievement, students, commentary, 31179
class size & verbal teacher immediacy, learning, college students in communication courses, 20546
cognitive restructuring ability & teacher guidance & continuous perceptual distractors, rational number task performance, 4th graders, 27603
conflict with teacher vs classmate regarding quality of academic work, method for dealing with criticism including problem definition & actions & feelings, 7–12 yr olds, Iceland, 34671
context & collective recall & reconstruction of shared knowledge in classroom discourse, 9–10 yr olds & their teachers, implications for teacher's role, 41290
cross cultural differences, teaching & learning & teacher student interaction, 50 countries, 24097
curricular & student & teacher & achievement focused & counseling interventions, self esteem enhancement in classroom setting, students, 24234
development of content analysis coding scheme, assessment of constructionist vs selectionist approach in compliance gaining messages in teaching, teachers, 38181
educational climate including shared decision making & communication patterns, perception of quality of learning experience, college students in elective physical education courses, 27640
educationally significant behaviors & learning & instruction variables, severely or profoundly mentally retarded 6–21 yr olds with behavior disorders in residential schools, 1 yr study, 38207
effectiveness training, interactions with mainstreamed vs regular education students, middle school social studies teachers, 20574
engaged time & interactions with teachers & peers during computer assisted instruction vs independent seatwork, 9–12 yr olds with learning disabilities, 3283
expectancy & affective & behavior responses to request for academic help from student due to low effort vs ability vs illness, K–12th grade teachers, 20565
experiences with & responses to sexual harassment by faculty, graduate students, 22731
field instructor-student gender combinations, perceived quality of social work field instruction, graduate students, 30960
functions & effectiveness of & role in classroom ability vs peer work groups, teachers, 17128
interaction behaviors, professors vs physically disabled college students, Canada, 6751
interactive learning & teaching in psychohistory, 17129
interpretations of similar behaviors in students labeled successful vs unsuccessful in regular & special education classes, teachers, 6785
joint research program based on written agreement & explicit student learning tasks, gerontological research, college faculty & graduate level social work students, 13388
learning about conversation through interaction with teacher during oral reading, students, 31032
matching academic tasks to student abilities, elementary school teachers, 3101
microcomputer assisted learning program software, dialogue in student & teacher dyads & mathematical division learning, teachers & students, 41212
Misbehavior Reaction Checklist for Teachers, implications for use, 31330
modeling & dialog & practice & confirmation & teacher student & researcher teacher interaction, moral education & students, teachers, 38107
nonverbal communication concepts, teachers of hearing impaired students, 38211
patterns of verbal interaction with students, effective vs ineffective K–3rd grade teachers, 13830
perceived control over problematic classroom behavior, preferences for consultative vs referral services, elementary school teachers, 17218
perceived emotional closeness to students, teacher vs student rating of student self concept, 4th grade teachers & their students, Israel, 3229
perceived teacher immediacy & student teacher solidarity, college students & Air Force student pilots, 20563
personality conflicts in relationship, motivation & learning, teachers & students, 3217
processing of teacher feedback, achievement in computer programing class, high school students, 6733
propositional & procedural & conditional components of classroom management knowledge, teachers, implications for teacher education, 6648
quantity & form & function of clarification requests in teacher child interaction, 10–17 vs 21–26 vs 28–37 mo olds & their nursery school teachers, 31149
question & answer teaching method & understanding of resultant student cognitive processes, student responses, student teachers, 6650
questioning & feedback practices, elementary school teachers, 1967 vs 1987, replication, conference presentation, 24014
reasons for & patterns of communicative failure in interactions with limited English proficient international K–3rd graders, student teachers, 20555
reciprocity in relations between mothers & teachers & parents' childrearing, prediction of behavior at home vs in day care, 3 yr olds in day care, 20552
responses to disruptive student behavior, beginning elementary vs secondary school teachers, 34693
role of school psychologist, development of classroom communication, stuttering students & their teachers, 3288
self monitoring of attention, teacher interaction & independence & time on task, 12.3–14.1 yr old learning disabled male students in middle school, 20632
self perceptions of academic standing & classroom interactions with teachers, high vs low achieving 3rd graders, 20520
SES & sex & perceived scholastic identity & academic achievement, teacher student interaction, 1st graders &

their teachers in educational priority area vs traditional classrooms, Netherlands, 17237
sex differences in teacher attitudes & interactions & instruction, gender schemata development, children, 1104
sex role combination of female student & male instructor in field instruction, student-instructor relationship & student performance, social work students & instructors, 30867
social & sexual interaction with female students, 27–70 yr old male faculty, 23935
student-teacher interaction & teacher's assumed epistemological context & student attribution of success vs failure, model of negotiated conceptions of knowledge, college students, 17184
student's level of mathematics achievement & sex, interaction patterns, 7th & 10th graders & teachers, 27648
success attribution & expectancy, interaction with underachieving vs low ability failing student, elementary school teachers, Costa Rica, 10165
teacher behavior, academic achievement in compensatory education, low achieving & low SES students, 3 commentaries & reply included, 17251
teacher empathy & congruence & positive regard, development & higher order cognitions needed in information age, students, 27635
teacher expectations & student interactions, reading & number & writing & vocabulary skills, nursery school students, England, 1 yr study, 41286
teacher immediacy & use of prosocial vs antisocial behavior alteration techniques, ratings of compliance likelihood, college students, 20553
teacher questioning & student responses in special education classrooms, mentally retarded vs learning disabled vs emotionally disturbed students, implications for educational placement, 3252
teacher questioning strategies to promote cognitive development, preschool students, 27538
teacher student interaction & math class participation, high vs low math confidence, male vs female 7th graders, 38147
teacher student relationship, academic achievement in secondary schools, adolescents, 3183
teacher verbalization, self esteem, students, 20556
teachers' communicative strategies, conversational relevance in students' classroom discourse, preschool teachers & students, Italy, 31175
teachers' expectations, student achievement, Yiddish speaking vs French speaking 9th graders, 10115
teacher's knowledge of Black & Nonstandard English, interactions with students during reading instruction, Black & Hispanic 2nd grade speakers of nonstandard English & their teachers, 38183
teaching behavior, 8th grade mathematics teachers, Netherlands, 34698
teaching strategies & effectiveness, teachers of high vs low ability ranked hearing impaired high school students, 24171
theoretical perspectives & empirical research on pedagogical interaction & communication & social intercourse, Czechoslovakia, 6644
thought processes during interactive classroom teaching, elementary & middle school teachers, Spain, 20449
types & differential expression of affectionate behavior, 20–50 yr old day care teachers of male vs female 3–6 yr olds, 13444
utility of Individual Classroom Environment Questionnaire, assessment of perception of classroom learning environment, students & teachers, 41358
valuing of mathematics & perception of teacher's supportiveness, 6th graders before vs after transition to junior high school & their teachers, 41301
verbal behavior during microcomputer vs group work vs recitation, 1st–2nd vs 4th–5th vs 8th–9th graders vs teachers, 3224
3 stage model of self fulfilling prophesies in teacher student interaction, commentary, 10142

Teacher Tenure
perceptions of criteria for tenure & promotion in PhD programs in psychology, department chairs & program heads, 27436

Teacher Training [See Teacher Education]

Teachers [See Also College Teachers, Cooperating Teachers, Elementary School Teachers, High School Teachers, Junior High School Teachers, Preschool Teachers, Preservice Teachers, Resource Teachers, Special Education Teachers, Student Teachers]
ability to diagnose learning style preference, experienced middle & junior & senior high school teachers & their student teachers & students, 38058
advantages in playing field setting & potential for classroom implementation, coaches & teachers, 30984
age & absence of work, perceived locus of control of reinforcement, 20–65 yr old teachers, implications for social learning theory, 41198
alienation as form of burnout in G. Dworkin's "Teacher Burnout in the Public Schools", commentary, 6667
alternative methods for communication with parents, parental needs & child academic success, teachers, 34606
appropriation of bureaucratic power, planning, teachers, 41200
behavioral conceptual framework for collaborative problem solving, teacher behavior, counselors & teachers, 31242
burnout, teachers & high school students, implications for mental health & medical personnel, 34584
causes & processes of career change, 22–44 yr old public school teachers, 34562
character training & importance of teacher as role model & guide in education, 38044
communication in child care centers & kindergartens, staff & parents of 3–4 yr olds, New Zealand, 31083
conflict management & problem solving in reading education programs, reading educators, 10024
construction & validity & reliability of Teacher Role Conflict Inventory, teachers, 10252
consultative expert computer system, diagnosis of 4th grader with reading disability, teacher, 38247
coping strategies, stress, teachers, 10031
death education, physicians & teachers & funeral directors, 27471
demographic & job related factors, burnout, 22–66 yr old music educators, 3079
development of coping & monitoring strategies, stress & burnout & hardiness, teachers, 20444
ego development & views of education & academic performance, 23–56 yr old teachers in guidance counseling course, 30980
experience level, alienation, student vs full time teachers, 10014
fear of crime & victimization & occupational factors, job satisfaction, public school teachers, 31022
framing views about teaching & construction of semantic ordered trees before vs after college course, experienced vs novice teachers, 31011
functions & effectiveness of & role in classroom ability vs peer work groups, teachers, 17128
goal output/process input procedure, conflict resolution & cooperation in problem solving, teachers & parents of children with severe difficulties, 3138
individual differences & work stress, psychological burnout, teachers, 27489
instructional leadership teams or principals' advisory council or school improvement teams or lead teacher committees, power relationships, teachers & principals, conference presentation, 38053
involvement & participation in school management, teachers, 23932
job burnout & related physical symptoms, teachers, 3082
job related stress, teachers, New Zealand, 31000
label of gifted child as learning disabled or physically handicapped, recommendations for referral & placement in gifted programs, public school teachers, 34759

methods for estimation of score reliability, teacher or textbook prepared norm referenced tests, 10268
modeling & dialog & practice & confirmation & teacher student & researcher teacher interaction, moral education & students, teachers, 38107
need for training in identification & support of sexually abused children & official procedures, classroom prevention program, teachers, 24079
occupational level & type of institution & sex, job satisfaction, teachers from government & private schools, India, 13450
organizational autonomy, commitment to schools & job satisfaction, school administrators vs teachers, 31005
parents' vs teachers' reports of behavioral & emotional problems, 4–12 yr olds, 22493
perceived occupational stress & its sources, laboratory school teachers, 41209
perception of classroom management & teachers' needs regarding mainstreaming special education students & outcome, teachers, England, 13637
personal computers & other motivating factors, teachers, literature review, 3077
personal inference structure, teaching method effectiveness, teachers, implications for education improvement strategies, 41230
primary learning medium selection, teachers of students with functional vision, 41329
problems with grounded theory as research paradigm, teachers, 41179
propositional & procedural & conditional components of classroom management knowledge, teachers, implications for teacher education, 6648
psychometric characteristics of Quality of Teacher Work Life Survey, assessment of job stress & satisfaction, public school teachers, 24635
reliability of Locus of Control Scale for Teachers, K–12th grade teachers, Singapore vs US, 6837
research & models of teacher thinking, conference presentation, 41199
rich agenda & consistent flexible lesson structures & clarification of concepts & procedures, expert vs student mathematics teachers, 3.5 mo study, 27502
role conflict & marital satisfaction & occupational stressors & social support, burnout, male vs female teachers & school administrators, 10018
role conflict & work stress & social support, male vs female teachers & vice principals & principals, Canada, 30989
role in development & coordination & implementation of teacher advisor programs, middle school counselors, 34814
sex of child, assessment of Type A behavior using Matthews Youth Test for Health & perception of behavior problems in hypothetical children, male vs female teachers & student teachers, 9148
socialization into teaching, beginning elementary & secondary school teachers, 34586
state vs federal guidelines on student-teacher ratios in special education, mildly handicapped students, 27739
strategies for changes in practical theory, teachers, 41181
strategies in adaptation & assimilation of educational field research, teachers, 10012
stress & burnout, teachers vs department heads vs principals, 34558
subjective stress & catecholamine excretion during night rest, teachers assesed during autumn term, 10022
systems approach to modeling of school stress & need for comprehensive stress management program, teachers in training workshop, England, 30979
teacher vs peer led instruction of refusal skills, prevention of alcohol use & abuse, 11–18 yr olds, Australia vs Chile vs Norway vs Swaziland, 41245
teaching level & feedback practices, attributions of students' academic success vs failure, 1st year teachers, 38052
thought process prior to & during teaching, assessment of effectiveness, teachers, 41188
transferability of multicultural education from training to practice, teachers in continuing education course, 23943
trust & organizational health of school, secondary school teachers & principals, 27523
type & frequency of misbehavior, selection of pro- vs antisocial classroom compliance strategies, elementary vs secondary experienced vs student teachers, 20440
types of employment screening tests & results, teachers, 10030
views on why multi layered curriculum management model for special education was not widely adopted in schools, teachers, 10221
work stress & role clarity & job satisfaction & challenge, prediction of burnout, elementary & secondary school teachers & principals, 30988
working experience & conditions & demographic & student characteristics, self reported stress, male vs female 21–53 yr old teachers, Nigeria, 41201

Teaching [See Also Audiovisual Instruction, Computer Assisted Instruction, Directed Discussion Method, Discovery Teaching Method, Educational Audiovisual Aids, Educational Field Trips, Group Instruction, Individualized Instruction, Instructional Media, Lecture Method, Lesson Plans, Motion Pictures (Educational), Peer Tutoring, Programed Instruction, Reading Materials, Teaching Machines, Teaching Methods, Televised Instruction, Tutoring, Videotape Instruction]
advantages in playing field setting & potential for classroom implementation, coaches & teachers, 30984
author's experiences in teaching Freudian psychoanalytic concepts in psychohistory, graduate students, 17067
behavioral training program, intermittent self catheterization skills, mildly retarded 6 yr old males, 26746
cross cultural differences, teaching & learning & teacher student interaction, 50 countries, 24097
framing views about teaching & construction of semantic ordered trees before vs after college course, experienced vs novice teachers, 31011
Fulbright Act, freedom to teach & perform research in other countries, counseling psychologists, US, 13381
instructional dialog & listener questioning, 32334
nonreductionist theory of learning & teaching, learning disabled children, commentary, 6776
nonreductionist theory of learning & teaching, learning disabled children, commentary, 6779
perceived stress sources, teaching, lecturers at continuing education college, England, 31009
Piaget's theory, nonreductionist theory of learning & teaching, learning disabled children, commentary, 6791
process product research, teaching, literature review, 31049
relevance of research teaching in postgraduate psychiatric education, developing countries, conference presentation, 27475
role ambiguity between teaching & research, social psychologists, 34585
self management vs task specific instruction, transfer of learning, mildly mentally retarded 13–20 yr old students, teaching implications, 31207
structural analysis of subtraction lessons & explanations, formulation of expert instructional explanation model, expert 2nd grade teacher, 13490
structuralist philosophy & constructivist theory & holistic beliefs, teaching & learning, learning disabled students, 6789
teaching level & rural vs urban school location, attitudes toward teaching as profession, public school teachers, 13465
teaching of reasoning & rules vs self discovery, use of formal reasoning, 20478
theoretical perspectives & empirical research on pedagogical interaction & communication & social intercourse, Czechoslovakia, 6644
Work Load Point System for balancing teaching & research, college teachers, 34577
workshop on use of mental skills training in figure skating lessons, coaching effectiveness, 17–65 yr old coaches, Canada, 41575

Teaching Internship [See Student Teaching]

Teaching Machines
applied child development vs teaching machines, educational reform, commentary, 38040
computer software, creativity & learning in mathematics classroom, students & teachers, 34616
history of teaching machines, 19th century through 1980s, 6671
inequality of educational achievement & computer mediated learning, students, 34599
use of computers in classroom & inquiry learning approaches & socially mediated learning, students, 34623
Teaching Methods [See Also Advance Organizers, Audiovisual Instruction, Computer Assisted Instruction, Curricular Field Experience, Directed Discussion Method, Discovery Teaching Method, Educational Field Trips, Group Instruction, Individualized Instruction, Lecture Method, Lesson Plans, Peer Tutoring, Programed Instruction, Televised Instruction, Tutoring, Videotape Instruction]
A. O. Ross's learning process model, effective noncategorical classroom instruction, students with mild learning or behavior or emotional disorders or mental retardation, 17262
A. Palincsar & A. Brown's method of emulation of listening & questioning strategies modeled by teachers, listening strategies, 12–13 yr olds with listening comprehension difficulties, Australia, 38088
ability & experience & perception of performance & classroom instruction, achievement in computer programing course, male vs female middle school students, 10128
abstract diagrams, recall relations in text, 19–30 yr old college students, Israel, 17145
academic achievement & perceptions of instruction, Black & Hispanic 4th & 6th graders, 31143
achievement level & varied vs unvaried presentation of problem solving tasks, learning performance incorporating cultural specific attributes, Black 3rd–4th graders, 31111
active teaching using basals vs interactive videodisc curriculum design, ratio & proportion word problem learning, low performing & special education 9th–11th grade mathematics students, 38222
adaptive explanatory behavior, teaching effectiveness, 3rd grade reading teachers, conference presentation, 24018
analogical instructional techniques based on information processing model viewing learning as encoding & retention & retrieval of information, 20487
analogical reasoning in elementary basal reading materials, teaching implications, 17130
analogy training with direct instruction vs inquiry approach & peer tutoring, performance on analogy & comprehension task, gifted vs nongifted 6th graders, 13639
analysis of research on learning mathematics through instruction, 6675
antecedent pause procedure, correct identification of verbs on English worksheet, 8th & 9th graders with severe behavioral disorders, 6777
apparatus for demonstrating difference between correlation & causality in introductory psychology, 13485
approaches to teaching health psychology, college students, 41219
approaches to teaching social studies, high school teachers & students, Australia, implications for teachers & curriculum developers & evaluators, 20456
approving vs disapproving responses & student behavior & time spent on task, secondary school teachers, England, 41309
assessment of cognitive reading comprehension strategies, teachers of ineffective readers, instructional planning implications, 27604
attitudes toward methods of teaching child & adolescent psychiatry, medical students, 13318
audiotaped examples of successful vs unsuccessful public speaking performance, reduction of anticipatory public speaking anxiety, college students, 23962
augmented vs BASIC computer programing instruction, cognitive outcomes, junior high school students, 6680
backward vs reverse chaining with leap aheads, learning rate for assembly tasks, severely retarded 17–32 yr olds, 23732
behavior skills training vs feelings based program in personal safety, preschoolers, 41261
beliefs & understandings & interaction with guiding philosophy of Masters of Education program, learning & teaching practices, female 2nd grade teachers, 41194
beliefs about vs actual classroom instructional communication, teachers of gifted 4–6th graders, 20622
bidirectional parallel process & ego syntonic learning system in group psychotherapy training program, trainees & supervisory staff, 17051
C. Roger's facilitative approach to teaching & person centered cooperative learning, 27562
career strategies & contributions to psychological testing & intelligence & instruction of T. G. Thurstone, 1926–80, 23916
case presentation teaching approach in clinical supervision, assessment & treatment planning, skills, counselor trainees, 6586
causal attributions & type of instruction, perceived control & achievement, college students, 34655
characteristics of reading process & history & methods of teaching reading, Braille vs print vs aural reading visually handicapped children, 3299
classroom demonstration of self monitoring orientation, commitment in dating relationships, 6710
classroom environment & teaching methods, self directed learning, elementary school students, 3168
classroom environment, self control & problem solving & generalization of learning & reading & writing skills, learning disabled 4th grader, 41351
classroom exercise in personal impression formation process, college students, 23963
classroom instruction, mathematics achievement, 1st & 5th graders, US vs Japan vs Taiwan, 20488
classroom instructional characteristics & mathematics aptitude, mathematics achievement, 5th graders, West Germany, 31080
classroom management systems & curricular & instructional adjustment & counseling & support services & alternative educational programing, juvenile delinquents, 20681
cognitive & metacognitive & behavioral instructional techniques, mathematical problem solving, students with learning disabilities, 41335
cognitive development of trainees, utility of case presentation approach in clinical supervision, commentary, 6595
cognitive learning strategies training, resource room teachers of learning disabled students, 41205
cognitive learning theory & instructional design, 27590
cognitive level of trainees, utility of case presentation approach in clinical supervision, commentary, 6625
cognitive modeling vs direct instruction & self efficacy vs task oriented feedback, self efficacy beliefs & persistence levels, college teacher education students, 6655
cognitive strategy instruction research in laboratory & classroom, normal & learning disabled students, 24179
cognitive strategy teaching approach, reading comprehension, learning disabled students with counterproductive coping strategies, 24176
cognitive theories of literacy & psycholinguistic influences, development of reading & language instruction programs, students with learning disabilities, 31220
cognitive views of creativity, teaching methods for creative learning in science & mathematics & computing problems, 38102
collaborative skill instruction, social interaction behaviors, mentally retarded vs nonhandicapped 9–14 yr olds, 27720
communication theory & case study method, clinical social work practice instruction, 13332
communicational dynamics & learner characteristics, strategy training, learning disabled students, 24195
competitive group jigsaw puzzle assembly, group process education, social work students, 23815
completion of psychology course taught by different methods, performance on test of general psychology content, college students, 4 mo followup, 24057

components of nurse facilitated room manager role, time on task, 21–39 yr olds with severe to profound mental retardation, 34369
comprehension based listening skills Spanish language course, ability to comprehend & synthesize disconnected discourse, college students, 27592
computer assisted instruction with vs without reinforcement or formal classroom instruction, achievement in math vs reading, remedial 4th–8th graders, 10192
computer assisted vs keyboard vs robot instruction, programing & word processing skills, K–2nd graders, 10040
computer assisted vs manual curriculum based measurement of student progress, instructional planning strategies, 2nd–9th grade special education teachers, 20599
computer simulation of neuronal resting & action potentials for courses in physiological psychology & neuroscience, 6712
computerized instruction in integers & integer addition & negation & expressions using transformation technique, mental operation learning, 6th graders, 6714
concept development & teaching model & problem solving, conference presentation, 27545
concept diagrams & related teaching in mainstream classes routine, concept acquisition & note taking, high school students with vs without learning disabilities, 10177
concept learning vs developmental vs differential vs problem solving focus, science education, 1973–87, literature review, 34591
concept teaching procedures in 5 basal language programs in primary & elementary grades, 10068
conceptual level & cognitive models for clinical judgment, utility of case presentation approach in clinical supervision, commentary, 6610
concrete to abstract teaching sequence vs abstract level instruction, acquisition of place value system, elementary & middle school students with learning disabilities, 38227
constant time delay vs system of least prompts, numeral identification teaching, autistic male 8.3–8.4 yr old students, 17247
constant time delay vs system of least prompts, teaching sight word reading, moderately mentally retarded 8.9–13.4 yr old females, 13630
contamination sensitivity to disgusting substances, shift from food acceptance to rejection, college students, implications for psychology education, 34614
content vs form focused written feedback, composition quality & learning of course content, college students, 6738
control opportunities &/vs instructional support, writing task engagement, 11th graders, 38125
cooperative game involving selection of power plant site, 4th & 6th formers, UK, 31036
cooperative learning & peer tutoring & group & interactive vs traditional teaching methods, students with learning disabilities, 41338
cooperative learning strategy, on task & cooperative behaviors & academic performance, emotionally disturbed 14–18 yr olds, 24188
cooperative learning teaching model, reading comprehension, elementary school students, 3169
cooperative planning & self control strategies, generalization of writing skills to mainstream classroom, 10th–12th graders with learning disabilities, 41344
cooperative teaching model, coordination & integration of general & special educators, academically & behaviorally integrated student groups, 27666
curriculum & projected future teaching methods, severely handicapped students, 17285
curriculum based measurement & evaluation system & structure of instruction & reading achievement, elementary school special education students, implications for teacher training, 13677
curriculum models & instructional strategies, transition to everyday community settings, handicapped adolescents, 27741
curriculum to promote thinking skills & decision making, elementary through high school students, 3103
data based vs creative dance training, self concept & dance & gross motor skills, moderately mentally retarded 11–16 yr olds, 13664
delayed prompt teaching procedure in laboratory & applied settings, learning, developmentally disabled & normal 3–60 yr olds, literature review, 27693
demanding vs supportive lecture style of female vs male teacher, learning & preferences for teacher, college students, 17150
design of high school introductory computer programing courses, 3170
development of classroom reading incentive programs, disabled readers, 6775
developmental theory, teaching, 10097
diagnostic reports of fictitious students, teaching decisions, special education teachers, conference presentation, 31004
diagnostic teaching approach, decision on reading medium for students with visual impairments, multidisciplinary teaching teams, 41325
Dial-A-Phone instructional package with vs without least intrusive prompt hierarchy, male 36 yr old with developmental disabilities & 44 yr old with Down's syndrome & severe developmental disabilities, 34355
didactic parent training with vs without competency based procedures, instruction giving & time out skills, 28–60 yr old parents of 2.5–10 yr olds, 26879
differential treatment of high vs low achieving students, teaching themes & strategies, 1st–5th grade classroom teachers, 13494
differentiated & uncertain teaching technology & classroom management & student communication, achievement, low SES Spanish-English bilingual 2nd–6th graders, 34590
direct instruction curriculum design & mastery learning & videodisc technology & computer assisted instruction, teaching cognitively complex skills, learning disabled students, 27673
direct instruction using dictated texts, ability to comprehend main ideas in word lists & sentences & paragraphs, 1st graders, 34615
direct instruction vs cognitive modeling, quality & organization of questions as problem solving strategies, learning disabled elementary school students, 20598
direct instruction vs seatwork & task difficulty & student ability level & teacher behaviors, time on task, 3rd & 4th graders in single vs mixed age classes, Netherlands, 17239
direct instruction with vs without metacomprehension self monitoring, reading comprehension & finding main idea, learning disabled 5th–8th graders, 20604
directed inquiry approach, learning science process skills & scientific problem solving, 9th–10th grade biology students, 34596
disasters in well taught mathematics course, 10th graders, 6708
discourse analysis of Logo instruction, teachers & pairs of 5 yr olds, implications for self monitoring development, 23976
discussion topics, developmental psychology courses, 6673
distance learning packages, management training & organizational development & change, 31383
dyad reading & decoding techniques, learning to read, dyslexic & illiterate male 52 yr old, case report, 20590
dyadic cooperative learning vs teaching scripts, cued & free recall of written passages, college students, 17154
education goals & methods & creative problem solving & expression, 41257
educational computer simulation of clinical interview, college students, 10080
educational instruction, ability to recognize & understand styles of artworks, 6–8 vs 10–12 yr olds & college students, 27569
educational placement & teaching recommendations, teachers & their gifted students with learning disabilities, 34748
educational research, role of content of learning & teaching, 30974
educationally significant behaviors & learning & instruction variables, severely or profoundly mentally retarded 6–21 yr

olds with behavior disorders in residential schools, 1 yr study, 38207
effectiveness of instructional metaphors & ability to comprehend figurative language, children, 38133
efficacy of self instruction video in learning speechreading, hearing impaired adolescents & adults, 23731
enaction theory & enrichment triad model, educational enrichment, gifted students, 34738
English language instruction, English vs Bemba reading & writing & comprehension, Bemba speaking 5th–6th graders in privileged vs underprivileged schools, Zambia, 41249
enhanced instruction with cues & participation & reinforcement & feedback & correctives, motor skill learning, preschool through high school students, Israel, meta analysis, 41255
evaluation of H. Friedman's immediate feedback no return test procedure, introductory psychology college students, 31084
evaluation of mathematics verbal problem solving instruction in basal curriculum programs, 41234
evaluative review of peer response groups, learning to write, kindergarten through college students, 23974
evolution of teaching approaches & development of historical thinking, elementary school students, England, 17165
experience with gifted students & number of yrs teaching, teaching styles, elementary vs secondary vs kindergarten teachers of gifted students, 34573
experiences with & perceptions of benefits gained from group work, high school students & teachers, 3114
exposure to word misspelling, subsequent word spelling or recognition performance, college students, implications for spelling instruction & testing, 14422
extended teacher wait time, listening comprehension, kindergartners, conference presentation, 24009
facilitative intervention approach, social & communicative competence, students with autism & severe behavioral disorders, literature review, 6770
factor structure of Teacher Efficacy Scale & factor correlates of teaching behaviors, student teachers, 27517
failure of government sponsored obstetrics training courses, Mayan midwives, Mexico, 6 commentaries included, 34483
familiarization & intragroup & intergroup & individual problem solving as model for teaching intellectual skills, students, 41253
family demographics & parental literacy & expectations & teaching practices & home environment, reading & mathematics achievement, 6–12 yr olds & their parents, Peru, 20501
field dependence & external locus of control & impulsivity, achievement & adjustment, college students, teaching implications, 13586
flight simulation training, subsequent weapon training course performance, student aviators in US Navy, 24754
forward vs concurrent chaining strategies, teaching use of washing machine & laundry soap dispenser, moderately or severely mentally retarded 16–19 yr olds, 20245
fragmentary apprehension & recall & construal of aural & visual messages, instructional methods & media, 24008
generalized case training procedure, telephone usage, learning & generalization, 17–21 yr old severely mentally retarded special education students, 27697
geragogy teaching theory, elderly, 23990
gross motor skills training, precision paper & pencil task performance, learning disabled 5–11 yr olds, implications for educational programs, 6798
group field instruction model, 31–49 yr old female social work graduate students, 23855
group work field instruction strategies, social work students, 23839
handling of live vs exoskeletons of horseshoe crabs & sea stars, learning & retention of animal related information & attitudes toward animals, 4th graders, 38124
hands on vs teacher demonstration methods, achievement & reasoning & knowledge level in physical science, 9th graders, 31051
hierarchical learning theory, remediation of misconceptions of science, high school students, 27560
highlighting key vocabulary & generative reciprocal inference training, reading comprehension, 3rd graders, 13504
history of text comprehension research, instructional implications, 23922
holistic teaching approach for learning speechreading, hearing impaired children, 23740
humor & self disclosure & narrative teaching behaviors, award winning vs nonaward winning high school vs college teachers, 20439
humor in teaching, learning, 11th–12th graders, Israel, 38136
humor, statistics & psychology achievement, college students, 20497
identification & specific teaching methods, subtypes of learning disabled child readers, literature review, 13644
impediments to implementation of spacing effect research in classroom, 3118
importance of developing teaching strategies for creative activity in music classrooms, 6674
increasing assistance vs graduated guidance instructional prompt fading procedures, teaching leisure skills, 40–58 yr olds with severe handicaps, 27264
individual vs cooperative implementation of dyadic learning scripts, 3130
individual vs group administration & pacing conditions, foreign vocabulary learning with keyword method vs own strategies, college students, 17144
individually competitive vs cooperatively reward structured learning environments, academic achievement, high school biology students, 31138
inducing & correcting overgeneralization errors in foreign language teaching method, learning exceptions to grammatical rules, college students in French course, 13513
informal teaching activities, early learning of beginning arithmetic concepts, nursery & kindergarten students, 10045
inservice education, instructional behavior in classroom, teachers of mentally handicapped students, 23941
inservice education, teaching of higher order thinking skills, middle & high school teachers, 34560
instruction & amounts of practice in individual meaning vs deriving meaning, mastery of specific word meanings & ability to derive meanings from unknown words, 5th graders, 34598
instruction in accuracy & automaticity of decoding skills, improvement in word recognition & comprehension skills, poor readers, 6705
instruction in decision matrix construction & rule application, consistency in choice & decision making using written cases, college students, 17830
instruction of metacognitive strategies, poor readers, 6697
instruction using psychomotor activities, music tempo & rhythm & meter learning, field dependent vs independent 4th graders, 3161
instructional & noncognitive explanations, poor mathematics achievement, children, US vs other countries, 20511
instructional approach, attitudes toward & understanding of writing, 1st graders, 17181
instructional approach, identification & pronunciation of pseudohomophones vs nonwords in lexical decision task, 7.8–8.6 yr olds, Scotland vs New Zealand, 41233
instructional cues, insightful solution of geometry problem, college students, 31094
instructional materials & teachers' ratings & students cognitive style & parental reading habits, reading attitudes & achievement, 1st–6th graders & their teachers, 10070
instructional methods, acquisition of phonemic segmentation, moderately retarded 6.3–19.4 yr olds, 34739
instructional model for learning disabilities intervention research, 38243
instructional strategies, retention & transfer of procedures of different difficulty level, college students, 41232
instructional training with vs without audio & written modeling, acquisition of behavioral assessment interviewing

skills in simulated interviews, undergraduate psychology majors, 13495
instrumental enrichment program of cognitive education, cognitive functioning & intellectual level, 12–16 yr olds in residential schools for deaf, 10195
integration of communicative & literary analysis in practitioner–patient communication course, college students in health professions, 23896
integration of psychological understandings about learning processes, teaching practices, professors of law in consultation with faculty psychiatrist, 17177
integration of visual & tactile sensory aids in speech training program, profoundly hearing impaired high school students, 13680
interaction videodisc vs conventional laboratory, attitudes toward biology instruction, college students, 31060
interactive learning & teaching in psychohistory, 17129
interactive model for teaching text based concepts, students with reading or learning disabilities, 41314
interpersonal problem solving training, social competence, learning disabled elementary & secondary school students, 41350
interpretation of own videotaped speech as training technique, learning speechreading, hearing impaired, 23736
interpretation of problem behavior in cooperative vs traditional context, perceived climate, student teachers, 17224
interpretations of & strategies & teacher requirements for written text analyses, high school students, 31085
intervention framework, learning disabled students with communication disorders, reprint, 10233
interview method for teaching adolescent psychology, college students, 24020
intrinsic motivation training, negative effects of reward on motivation & creativity, 3rd–5th graders, 36047
job analysis project, undergraduate industrial psychology students, 6692
keyword mnemonic training, vocabulary learning, college students, 17146
keyword vs semantic context instruction of new vocabulary meanings, text comprehension & memory, college students, 34605
kinesthetic feedback &/vs prediction of knowledge of results, acquisition of shooting task, 18–27 yr old college physical education students, 6672
knowledge of results vs performance oriented tennis instruction, performance, 12–15 yr olds with intrinsic or extrinsic mastery motivation, 29072
language experience approach with basal reader vs supplementary/trade books vs basal reader program with vs without phonics, reading acquisition, 1st graders, 6687
language experience approach with media advertisements, development of critical thinking skills, elementary school students, 10038
language intervention in natural environment, students with moderate & severe handicaps, 27674
large vs small N examples, teaching concept of sampling distributions & hypothesis testing, community college vs graduate vs postdoctoral students, 31100
leadership style & perception of teacher classroom performance, business school students, 38047
learner characteristics & teaching strategies requiring learner generations & elaborations, academic achievement in large class settings, college students, 10058
learning & signal to noise ratio enhancing equipment & educational management strategies, speech language pathologists working with mainstreamed hearing impaired elementary school students, 31204
learning strategies & study skills, learning disabled students, 20593
learning theory & design & study of instruction, literature review, 27556
learning to learn theory appraisal, literature review, conference presentation, 27572
least prompts instructional strategy, moderately to severely handicapped students, literature review, 10186
Levi-Strauss's concept of "bricolage" & work characteristics & form, teachers, 41227
listening skill instruction, students with mild & moderate learning & behavior handicaps, 27710
listening to &/vs reading story, word recognition & comprehension, low vs middle vs high ability 1st graders, 10096
literature, daily living literacy skill development, learning disabled students, 17260
locus of control & sequenced instructional strategy, understanding of science, preservice elementary science instructors, 23951
Logo programing vs computer assisted instruction, programing skills & error detection, 4–6 yr olds, 3144
mainstream vs special education setting, academic task use, learning disabled vs emotionally & behavior disordered vs educable mentally retarded vs regular education, 91–146 mo old students, 27746
manual emphasizing syntactic features with vs without semantic conceptual models, BASIC computer programing & problem solving & conceptual knowledge, college students, 3099
matching academic tasks to student abilities, elementary school teachers, 3101
memory & mnemonic & concentration techniques & meditation & hypnosis as pedagogical practices, art education, 13519
mental modeling vs procedural approaches to reading instruction, poor readers, 6682
metacognition model, instruction in alternative cognitive strategies & executive processes & motivational influences, learning disabled students, 24123
metacognitive dialogs about learning vs traditional teaching methods, awareness of own learning, 5–7 yr old preschool students, Sweden, 20481
metalinguistic program for facilitating awareness of phonological structure, reading & spelling achievement, kindergartners, Denmark, 2 yr study, 13492
method for teaching interviewing skills, 1st yr psychology graduate students, 23901
methodology for research in content specific cognitive changes during mathematics instruction, 6691
methods for improving student motivation & teaching reading, 3174
methods for teaching about homosexuality, literature review, 3172
methods of cognitive strategy instruction, mathematics education, learning disabled students, 24149
methods of teaching introductory psychology, college psychology faculty, Canada, 3159
mnemonic instruction in science concepts, retention & learning, 7–11 yr old behaviorally disordered students, 17269
mnemonic instruction of content area information, content learning & recall, learning disabled 7th–8th graders in lower SES school, 38219
mnemonic vs visual spatial display based direct instruction, learning of categorical geological information, learning disabled elementary vs junior high school students, 13669
mode of field instruction, practice orientations, female postgraduate social work students, 30937
model for classroom strategy instruction, 31073
model of visual case processing using metaphors & drawing, counselor trainees, 23850
modeling vs problem solving vs behavior rehearsal formats, teaching employment related interpersonal skills, mildly mentally retarded 15–21 yr olds, 27686
models of fit between teacher's instructional & student's intellectual style in transmission of thinking skills, 13509
modified mnemonic keyword method, learning of German noun meaning & grammatical gender, French speaking college students, Canada, 31039
modified Optacon scanner with vibrotactile stimulation, 3 dimensional spatial concept development, 8–14 yr old blind special education students, 27715
modified reciprocal teaching program, reading comprehension & academic achievement, 7th graders, 10083

motivation & learner control & collaboration features of computer mediated text system, reading performance, 3rd graders, 6694
motivation readiness & maintenance & interest level, use of G. Fernald's remedial techniques for teaching basic subjects, 20569
multisensory vs cognitive perceptual teaching method, knowledge & recall & recognition of internal bodies, 4.5–7.5 yr olds, 20491
National Association for Education of Young Children position statement on developmentally appropriate curriculum & instructional methods, 5–8 yr olds, 3095
negative practice contingency plus DRO, self stimulatory handicapping, 6.7–9.3 yr olds with developmental disabilities, 19912
noncriterion related prompting, conditional discrimination learning, 34–61 mo olds with age equivalent PPVT scores at or above vs below group median, 34649
nonphonetic vs multisensory alphabetic phonetic approach, reading achievement, learning disabled college students in summer program, 41319
nonquantitative approach to advanced statistical techniques, attitudes toward statistics, doctoral students, 10124
nonvocal system for teaching reading, mentally handicapped adults in training centers, England, replication, 6778
notational teaching system, mathematical problem reversal error, college students, 10053
notetaking skills instruction, secondary school students with mild learning handicaps, 27667
obedience & status quo vs open debate of ethical issues, gifted education, 34775
occupational efficacy & self concept, attitudes toward implementation of new instructional practices, elementary & secondary school teachers, 6657
oral &/vs written instructions, retention & performance of scuba diving skills, college students, 10487
order of stimulus presentation &/vs error contingent reprimands &/vs seating proximity to tutor, acquisition of number facts during flash card instruction, 1st–4th graders, 31095
orienting activities, thinking skills for meaningful writing, learning disabled students, 17273
origins of reflective teaching concept in relation to professional teacher education, 30978
own words as written input to be read, reading ability, 4th–6th graders with limited English, 3145
paired reading in peer tutoring, 31091
paired reading tutoring technique, learning ESOL & Chinese orthography, ethnic Chinese students, Hong Kong, 31104
panel discussion of bereavement experiences, sensitization to bereavement issues, undergraduate psychology students, 6681
pause & prompt & praise strategies in peer tutoring for remedial reading, elementary school students, 31215
peer cooperation &/vs feedback, spelling achievement, 9–10 yr olds, Netherlands, 13514
perceptions of reporting forms used in clinical training, speech-language pathology graduate students, 27386
personal inference structure, teaching method effectiveness, teachers, implications for education improvement strategies, 41230
personal vs impersonal vs nonpersonal teaching style & cultural performance value, 7th–8th grade teachers in suburban middle class school, 38059
physical embodiment of 1st 4 places of base 10 system & symbolic multi digit addition & subtraction, 1st–2nd graders, 31048
pictorial &/vs verbal supplements, learning of biographical texts on historical figures, college students, 3167
pictorial reconstruction elaborations, learning content area material from social studies textbook, elementary school learning disabled & mildly mentally handicapped students, 27712
popular song lyrics in illustration of psychological concepts, college students in adolescent psychology course, 13497
prediction in teaching strategies & materials in Chinese-English bilingual classroom, ethnic Chinese kindergartners, 20457
preference for pull out vs in class vs integrated model for specialized instruction, learning disabled 2nd vs 4th vs 5th graders, 27700
preference for strategies promoting intrinsic vs extrinsic motivation in elementary school students, college students & parents, 17131
preinstruction conceptions of electrical circuits, teachers' development of physics instructional strategy, 6th vs 8th graders, France, 3133
prereading activities, comprehension monitoring & passage recognition, high school students with learning disabilities, 38191
presentation of worked examples vs active problem solving & number of information sources, cognitive load & attention & performance on geometry problems, 9th graders, 17172
previewing, comprehension & story recall, 4th graders, conference presentation, 24011
principles & procedures of effective cognitive strategy instruction, students with learning disabilities, 24198
problem based learning tutorial &/vs computer presented medical problems, medical history taking & speed of diagnosis, 1st–2nd yr medical students, 27465
problem oriented computer managed simulation, higher order thinking strategies, students, 10101
process oriented investigational approach to teaching fractions & ratios, test scores, 12 yr olds with vs without concrete operational thinking ability, Canada, 38090
product vs mediating process research on mathematics teaching, 6678
program attributes for successful speechreading instruction, hearing impaired adults, 23707
program comprehension using feedback with vs without translation from English, transfer learning of BASIC programing language, college students, 31042
program for teaching basic reading skills, moderately mentally retarded 8.4–13.4 yr olds, 24157
progressive time delay vs system of least prompts reinforcers, effectiveness & efficiency in learning to identify functional objects, 8.3–16 yr old trainable mentally retarded students, 27689
progressive vs constant time delay procedure, teaching community sign word reading, moderately mentally retarded 8.1–11.3 yr olds, 10170
proportion problem solving & teaching strategies, secondary school mathematics teachers, 6652
proposal for taxonomy of problem based learning methods, 3097
psychological basis for cooperative learning & applications of inservice project & simple record form, nursery school students & teachers, 3155
psychomotor vs self esteem enhancement vs direct instruction interventions, reading performance, students with specific reading difficulties, Australia, 6795
quality of instruction & positive vs negative educational outcome, intellectual achievement responsibility & level of achievement, 6th grade science vs 9th grade algebra students, 6743
QUERIOUS expert system using functional analysis & Socratic methods, teaching machine as consolidation of learning, students, 10094
question & answer teaching method & understanding of resultant student cognitive processes, student responses, student teachers, 6650
questioning & feedback practices, elementary school teachers, 1967 vs 1987, replication, conference presentation, 24014
questioning about cultural reflections in art, gifted students, 31223
questions & responses during Spanish & English reading lesson, Spanish dominant bilingual 1st graders & their teacher, 38087
rationale & objectives & course method & evaluation of teaching ethical principles of psychology, 6618

reading aloud of vocabulary words with simultaneous audiotape, reading proficiency, 9th–10th graders with behavior disorders, 17280
reality therapy & teacher directed vs independent seatwork instruction, on task behavior, 9–11 yr olds, 38270
receptive & expressive matrix training with known vs unknown word combinations, recombinative generalization, severely mentally retarded 7.4 vs 9.3 vs 18.9 yr olds, 27035
reciprocal teaching, reading comprehension disabled students, literature review, 10216
recognition of learning styles, student achievement & personality development, school personnel, teaching implications, 13471
reconstructive elaborations model, US history content learning, learning disabled students, 41331
regional consortium model for behavioral pediatrics residency programs, pediatrics faculty, 38026
resistance management strategies, teachers of students with learning disabilities, 13629
reversal of stimulus color in survival vocabulary, acquisition of vocabulary, 12.2–17.8 yr olds with cerebral palsy or mental retardation or multiple handicaps, 24122
RT as behavioral demonstration of neural mechanisms, introductory psychology class, college students, 31053
Scamper technique, creative thinking & anxiety, intellectually gifted junior high school students, 27714
school principal implemented procedures, acquisition of multiplication facts, inner city 4th–6th graders, 20453
schools & teachers & teaching processes, mathematics achievement, 8th graders, Nigeria vs Swaziland, 41273
science lessons with vs without presentation of instructional objectives, attitudes toward science, 7th graders, Nigeria, 10085
self instructional vs traditional skill training, counselor trainees, 23889
self or externally paced instruction accompanied by realistic &/vs abstract illustrations, achievement, 10th graders, 38093
self vs external instruction, learning math skills, mildly mentally retarded 8.5–12.6 yr olds vs nonretarded 1st graders, 20618
semantic mapping heuristic, use of text organization strategies in composition writing, learning disabled readers, 17291
sequential &/vs simultaneous remedial processing training, cognitive processing & academic achievement, mildly mentally retarded primary school students, 17257
service delivery model of language development, language learning disabled adolescents, 38196
SES & allocation & use of teaching resources & class difficulty, class composition & teaching methods & achievement, 1st grade reading students, 13473
sign language in classroom, right brain & creativity stimulation & education, students, 41228
signed vs complete language instructional communication inputs, literacy achievement, hearing impaired 5–12 yr olds, 27705
simulation & community based instruction, vending machine use, moderately mentally retarded 9.7–12.8 yr olds, 6472
simulation group exercises, development of interpersonal & interactional skills, social work students, 20347
small group discussion based training of self directed critical thinking, problem solving, 4th–5th graders, 17149
social management of classroom learning groups, elementary school students, UK vs US, 3100
sociological research & theory in teaching psychohistory, 17127
sound synthesis vs phonetics teaching methods, reading ability, 1st graders, Netherlands, 3131
special education emphasizing generalizable skills with specific feedback & contingent based instruction, analogical reasoning, 1–8 yr olds with learning or behavior disorders, 27716
special education resource room strategies, time on task related to specific objective with high success rate, learning disabled students, 34704
specification of desired student education & teaching methods & appropriate teacher education, improvement in mathematics teaching quality, conference presentation, 13456
stability & variability in teaching styles, classroom management & academic achievement, junior high school teachers & students, 31045
stages of concern during participation in developmental reading course, college students, 3285
stimulus equalization using abrupt complexity reduction in computer presented stimuli, visual discrimination learning, preschoolers, 20471
stimulus manipulation vs delayed feedback, learning & generalization of missing minuend arithmetic problems, 9.1–13.4 yr old educable & borderline mentally retarded students, 27732
stimulus modification vs response prompting vs naturalistic vs error manipulation teaching strategies, skill learning, moderately to severely handicapped students, literature review, 17246
strategies & attitudes & school policies, management of classroom interruptions, junior high school teachers, England, 41306
strategies for instruction of controlling variables in experiment designs, students, meta analysis, 38120
strategies for teaching self evaluation skills in writing, learning disabled elementary & secondary students, 10174
strategies for teaching writing skills, hearing impaired college students, 10239
stress inoculation cognitive techniques in university course, motivation & positive energy & attention control & athletic performance, college varsity & recreational athletes, 20450
student beliefs, mathematics achievement & teaching methods for encouraging healthy beliefs, elementary school teachers & their students, 34651
student teacher ratios & instructional arrangements, mildly handicapped mainstreamed elementary & secondary students & their teachers, 34797
study guides, textbook comprehension, learning disabled vs remedial vs regular education 7th–10th graders, 24158
study instruction package, spelling assessed by tests & written work & teacher ratings, learning disabled 8–10 yr olds, 13628
study skills instruction, disabled students, 27696
study skills instruction in secondary curriculum, learning disabled students, 27734
study skills instruction of learning strategies, learning disabled college students, 27684
sustained silent reading vs directed reading activity, reading achievement test scores, medium vs high reading ability 8th grade English students, 27544
systematic skill training, practicum instruction & clinical research in social work education, 13423
take home mathematics games involving parents, mathematics achievement, 4–8 yr olds, 31027
taxonomy of cognitive skills & questions, assessment & development of higher level cognitive skills through questioning technique, speech & language disordered students, 38241
teacher & student generated questions, reading comprehension, poor readers, 41330
teacher experience & education & attitudes, selection of instructional strategies, mainstream elementary & secondary school teachers, 27668
teacher immediacy & use of prosocial vs antisocial behavior alteration techniques, ratings of compliance likelihood, college students, 20553
teacher imposed vs child initiated structure, writing acquisition, K–3rd graders, 23965
teacher practices, measurement of academic achievement, 4th & 7th & 10th grade teachers, 41355
teacher strategies, development of prosocial classroom environment, preschool age children, 38079
teacher vs self set deadlines, compliance, college students in self paced psychology course, 10091

teachers' attractiveness & sex & teaching philosophy, perceptions of competence in teacher evaluations, student teachers, 38252
teaching approach involving integration of internal concepts with external factors, learning, learning disabled junior high school students, conference presentation, 41340
teaching approaches, depersonalization of care for terminally ill patients, medical students, 23823
teaching basic math memorization, learning disabled 2nd–6th graders, Australia & US, 13674
teaching behavior, 8th grade mathematics teachers, Netherlands, 34698
teaching child & family assessment skills, medical students in psychiatric clinical clerkship, 20345
teaching diagnostic reasoning & treatment formulation, medical students on psychiatry clerkship, 3033
teaching enrichment activities to prepare for gifted & advanced academic curricula, public schools, minority students with low SES, 38229
teaching ethical theories & principles, occupational therapy students, 41124
teaching mathematical functions through example vs direct instruction, learning & transfer to abstract problems & other functions, college students in introductory Pascal class, 20494
teaching method using self management & goal clarification & individualized expectations, science locus of control, prospective elementary school science teachers, 6659
teaching methods & treatment, learning disabled students, literature review, 13645
teaching methods for group work, teachers, England, implications for educational psychologists, 41216
teaching methods for use in primary care settings, psychiatrists, conference presentation, 6603
teaching methods in psychohistory & psychoanthropology, college students, commentary, 17140
teaching methods in psychohistory courses, 17132
teaching methods, religious dogmatism & promotion of critical thinking skills, Christian college students, 3141
teaching model, futuristic problem solving, gifted elementary & secondary students, 34760
teaching of connection between theory & practice, social work education, 23838
teaching of optimal planning strategy, planning ability, educable mentally retarded students, 17271
teaching of title & main topic & subtopic & detail selection & format, outlining achievement as reading study skill, learning disabled male 15–17 yr olds, 41313
teaching of writing as communication, learning disabled children, 13633
teaching principle based rules in skill instruction, trainee flexibility & accuracy in skill performance in various situations, professional trainers, 24332
teaching principles, male 4th grader with reading & writing difficulties, 6771
teaching program using behavioral script, interactive signing in social play & generalization to other situations, severely mentally retarded 8–25 yr olds, 20642
teaching psychoanalytic concepts in psychoanthropology course, college students, 17136
teaching psychohistory seminar, college students, 17167
teaching strategies & effectiveness, teachers of high vs low ability ranked hearing impaired high school students, 24171
teaching strategies for school & community settings, psychosocial impact of sexually transmitted diseases, 27170
teaching strategy using easy vs difficult examples, generalization of liquid pouring ability to untrained pitchers & receptacles, profoundly mentally retarded 9–19 yr olds, 38199
teaching strategy using modeling & reinforcement, learning & generalization & maintenance of question answering skills, autistic 5.6–9.2 yr olds, 38231
teaching style, moral development, 19–65 yr old inmates in basic education classes, 27379
teaching techniques & topics in undergraduate transpersonal psychology courses, instructors, 3115
teaching using phases of learning cycle method, physics attitudes & achievement, 11th–12th grade physics students, test of theory by R. Karplus & H. D. Thier, 3156
technique for classroom demonstration of prediction & control of environmentally determined classroom, college students, 23984
text enhancement with supportive information vs elaborative questions, story understanding & recall, 10–13 yr old learning disabled elementary school students, 20589
theoretical vs procedural training, problem detection in computerized database query commands, college students, 41486
theory & practice in vocabulary instruction & learning, implications for reading comprehension, 20468
thinking skills activities applied to content areas, teaching critical thinking, childhood educators, 23966
thinking skills vs learning time intervention, mathematical problem solving, 4th graders, 5 mo follow up, 17171
thought process prior to & during teaching, assessment of effectiveness, teachers, 41188
time of year, use of reinforcement & corrections for mainstreamed vs general education students, middle school social studies teachers, 27671
time spent on learning tasks & teacher student interaction & lesson structure, learning, learning disabled secondary school students, teaching implications, literature review, 13682
tracking technique for learning speechreading, aurally handicapped, 23709
traditional vs experimental field instruction arrangements, learning outcomes, graduate students in MSW program, 2 yr study, test of G. W. Brown's field instruction research project, 30894
traditional vs generative teaching method, attitudes & cognitive dispositions, 8th graders, 34603
trainer articulation & legitimation & connections, learning, psychology graduate students in experiential small groups, 12769
training & cost effectiveness model, instructional systems media selection & use in Navy training, 24445
training based on modeling & role playing & practice, use of praise as intermittent reinforcement for sight word acquisition, 1st grade peer tutors, 20470
training for independent strategies for efficient study, learning disabled students, 27727
training in pilot judgment skills & simulated cross country flights vs classroom instrument flight instruction & simulation, judgment & decision making skills, student pilots, 20458
training in time delay procedure, teaching language skills to moderately or severely mentally retarded or autistic 8.1–9.5 yr olds with behavior problems, special education teachers, 38230
training in topic comment study technique, quality of note taking & subjective learning study of expository text, college students, 3120
training program, number of "why" questions asked during problem solving, graduate physics students, India, 24026
training, text annotation & underlining & studying efficiency, college students, conference presentation, 24012
training using sequential program for low level skills vs hierarchical program for integrated conceptual model vs program for exploration of software, word processing performance, college students, 13776
transferability of multicultural education from training to practice, teachers in continuing education course, 23943
transmission vs constructivist views, instruction in mathematics education, 6677
tree diagram, comprehension & recall of main ideas in expository text with multiple themes, 19–30 yr old college students, Israel, 34597
trial & error method of teaching vs systematic formation of actions & concepts & mental capacity, learning & academic achievement, children, 38082

tutorial program & teaching & learning styles, teacher student interaction, psychiatry faculty members & students, 13348
understanding of force & energy concepts prior to teaching, 11 yr olds, implications for teaching methods, 27553
usage guide to major types of clinical teaching methods, 27449
use of figurative information in classroom curriculum, conceptualization of economic aspects of agriculture, 4th graders, Italy, 31024
use of humor, student attention & enjoyment & performance & classroom environment, teachers, 38072
use of meta analysis, empirical educational data, normal vs hearing impaired students, 3305
use of shadows to teach concept of total behavior in control theory, 3rd graders, 38101
use of theater majors as clients in interview simulation for undergraduate psychology course, college students, 24001
validity of North Carolina Teaching Performance Appraisal Instrument & relationship to academic achievement & teacher coaching, 3rd–9th grade student teachers & their students, 20718
verbatim text recordings, textbook content learning & reading comprehension, learning disabled 9th–12th graders, 20649
videotape with vs without embedded headings & note taking with vs without outline, immediate vs delayed recall, college students, 41221
whole language approach to language arts education, elementary school students, 27551
whole language teaching surface communication for deep language of thought & meaning, learning disabled children, 20575
word categorizing, spelling, elementary school students, Australia, 31098
written vignette as aid in teaching & evaluation, group psychotherapist trainees, 38029
3 level special education strategies continuum, reading education, mildly & moderately handicapped elementary school students, 34793
4MAT system of instruction, achievement & retention of learning & attitudes, 3rd graders, 6719

Teams
ability & motivation, team effectiveness, 3-man military teams, Israel, 20929
activities to manage external dependence & transactions, new product team members & managers, 20816
acute stress, performance in military training vs team task & development of stress consequences model, military trainees, 13947
antecedents & level of team cohesion, economic performance, college students playing business game, 8371
background of organization development study of team building in local governments, 1987–88, Poland, conference presentation, 31428
career anchors & team perceptions, diagnosis of team building needs, managers, 6890
caregiver selection & training & screening & patient selection & matching & placement & home services, members of Community Care Program health care team, 13060
change theory & constructs of proactive change & team building, implications for organizational development & training, 31443
computer interactive video system, analysis of team behavior, field hockey players, 38535
cooperative team assisted individualization learning system, mathematics & behavioral & social skills, handicapped & adjudicated 13–15 yr old males, 9917
coordination of movement & art & music therapies assessment method, groups of clients, 9296
factors influencing development of intense loyalty, college athletic team, 1980–85, implications for organizational loyalty, 20814
group cohesion, starters vs nonstarters from high school vs college football teams, 10149
inpatient geriatric consultative teams, maintenance of functional abilities in elderly, faculty physicians & nurses & social workers & others in geriatric institutions, 27225
institutional context & leadership & goals & communication & relationships within interdisciplinary long term care teams, 12556
instructional processes strategies in team training, Naval Gunfire Support Department, implications & recommendations for future applications, 31482
leadership & participative management, development of effective teams & individuals in work environment, 34898
model of teamwork evolution & measurement & enhancement of team performance in training, Navy personnel, 17452
performance posting & goal setting & activity contingent praise, legal body checking rate, university hockey team, 10477
program for enhancement of skills & teamwork, airline aircraft crew, Australia, 20748
role of psychiatric teams in state mental health system, psychiatrists, 23573
sleep wake patterns, performance, solo & double handed ocean sailing racers, 35663
social task & team cohesion, college baseball team before vs after spring trip, 24492
team building interventions & group dynamics, organizational development, religious organizations, 31386
teambuilding model using Myers Briggs Type Indicator with developmental theory, promotion of appreciation of male/female differences, managers, 34912
tenets of teamwork in multidisciplinary treatment, clinical child care workers, 40544
use of performance consequences & monitors & focus on team coordination, effective supervision, skippers of sailboat crews in regatta, application of operant model, 34903
validity & applicability of P. Chelladurai & T. R. Haggerty's normative model for decision styles in coaching, players & coaches of intercollegiate soccer teams, Canada, 10017

Technical Personnel [See Also Technical Service Personnel]
attitudes toward work environment & military employers, civilian vs military technical employees, 2 yr followup, 41517
computer aided design vs manual drafting, job designs & work group structures & performance, designers & supervisors, 10345
construction of self report measure & definition & causes of obsolescence of knowledge & skills, technical professionals, 20763
individual differences, proficiency & skill in troubleshooting performance, US Air Force electronics technicians, 34986
intelligence & aptitude, work efficiency, industrial workers & technical students, 10351

Technical Service Personnel
age & tenure level & job complexity, technical performance, service engineers, 6881

Technology [See Also Nuclear Technology]
accomplishments & difficulties & potentials for social network research using new interactive communication technologies, conference presentation, 4974
adjustment to factory discipline & social participation & societal involvement & contact with technology & working class mentality, auto workers, South Korea, application of convergence theory, 4790
age, attitudes toward new technology, 35 yr olds & older, 21878
Aids to Communication in Education centers, provision of assessment services & microtechnology applications & in-service training, physically handicapped students, England, 31186
barcode technology using data menu, automated data collection of events & observation time for transfer to personal computer, implications for behavioral monitoring, 28037
behavioristic & cognitive approaches, development of effective educational technology, 23968

biological & social & technological changes, risk for developmental casualties, adolescents, implications for peer counseling & intervention, 40021
computer aided vs earlier forms of manufacturing technology, safety & well being & activities, machine operators, 38406
construction & reliability & validity of Computer Technology Hassles Scale, college students, 38631
coupling of automated manufacturing technology for job design, job performance & satisfaction & mental health, technical personnel & supervisors in plant, 3414
critique of ageist social policy involving age cutoff in use of expensive medical technology & advocacy of person tailored care, 30619
description of English Economic & Social Research Council initiative of information technology in education, 30973
developments in computer science & technology, mental health research, 9727
educational technology & audio & visual aids & use of radio & TV, multi media language learning, 38123
educational technology & development of creativity, literature review, 38071
electronic hardware &/or TV viewing styles, TV program rating values, viewers, 17472
environmental design technology, home living, persons over 85 yrs old, 11546
experience & skill & job involvement, attitudes toward advanced manufacturing technology, shopfloor employees, 24387
future technological organizational environment of 21st century, India, conference presentation, 10398
gender implications of technocratic organization in workplace, 38395
group technology & structure, prediction of work group performance, bank managers, 27921
human & external social factors as sources of error in risk assessment in technological systems, 18735
inequality of educational achievement & computer mediated learning, students, 34599
information technology, communication skills & information management, 25332
information technology, education & cognitive science & developmental psychology, students, 41248
interdisciplinary & interorganizational concerns, development of technology for physically disabled persons, 37868
issues in & sociological perspective of technological risk taking & decision making, 4787
lack of technological development concepts, role of social sciences, 15257
life expectancy increases, technology & health & employment & education & leisure, 22074
molecular genetics technology for correction of defects vs selection of traits, ethical problems in psychiatry, 34170
national & organizational cultures, international transfer of technology, 13862
natural vs human made disasters, psychological components of survival experience & PTSD & bereavement, victims, implications for community mental health programs, 40113
organizational assimilation of technological innovations, hospital personnel, 17403
perceived importance of various instructional & performance technology competencies, members of National Society for Perfomance & Instruction, 17349
perception of medical technology, 21–60 yr old females, 30583
postadoption attitudes & use behaviors, innovators vs late adopters of inhome personal computers, 24452
production vs maintenance vs innovation functions of communication, choice of face to face vs written vs electronic channels, for profit organizations, 38404
proximity, attitudes & perception of positive & negative impact of new & existing nuclear & oil sites, residents of Dorset county, UK, 24431
psychological & social implications of introduction of new technology into workplace, 20847
psychological aspects of pregnancy & technology & role of health professional, expectant parents, 37603
response alternatives, estimation of percentage of & preferences for electrical supply derived from different sources, adults, UK, 326
sex & demographic & political & religious characteristics, concern over dangers of technology, adults in agricultural or suburban or high technology areas, 24437
sex & mathematical ability & verbal intelligence & technical family background, attitudes toward craft & design & technology studies, high school students, 27653
signal processing strategies based on simulated nerve response, electrostimulated ear protheses for profoundly deaf, 14061
specification & implementation & use of information technology system & organizational culture, 10406
tactual & visual & auditory communications media & technology, blind & visually handicapped, 37834
technological coupling, perceived intrinsic satisfaction & other job characteristics, manager vs supervisor vs technical expert in computer manufacturing company, 24368
technological developments in treatment, elderly with cataracts or macular degeneration or diabetes mellitus or glaucoma, 12982
technological innovation implementation characteristics, management strategies, implications for organizational behavior, 38375
technological sources of & involvement in feedback, utilization of performance feedback, business students, 35357
technology & automation, organizational functioning, 20883
technology & cost containment, ethical considerations in clinical decisions, occupational therapists, literature review, 41146
technology & goals of EAPs vs parallel workplace strategies, organizational problems & troubled employees, 20870
technology & other factors contributing to worker obsolescence, model of strategies for human resource development, 24336
technology & society & role of social psychology, aging, 21886
technology, internal organizational adaptation & strategic human resources management, 24375
use of information technology, task characteristics, insurance underwriters vs change clerks, 27867
use of Likert type vs multiple choice vs written paragraph vs structured interview format, assessment of sources of beliefs about science & technology & society, 12th graders, Canada, 24075
vulnerability & risk perception & behavior & social psychological effects of natural vs technological disasters, literature review, implications for research, 10436
Teenage Fathers [See Adolescent Fathers]
Teenage Mothers [See Adolescent Mothers]
Teenage Pregnancy [See Adolescent Pregnancy]
Teeth (Anatomy)
behavior & environmental strategies, dental health promotion, children, 23129
behavioral & nutritional & demographic risk factors, 11–48 mo olds with nursing bottle caries, 33592
malocclusion, dental health & psychological well being & perception of physical attractiveness & orthodontic treatment, 11–12 yr olds, 3 yr followup, 40847
model for simultaneous recording of intradental multi unit A delta nerve activity & resulting information processing & psychophysics of evoked tooth pulp pain, 43–59 yr old dental patients, 39151
Teeth Grinding [See Bruxism]
Telecommunications Media [See Also Educational Television, Radio, Telephone Systems, Television, Television Advertising]
telecommunications, quality of life, elderly, 11542
teleconferencing to provide college coursework in nursing home, self esteem & adjustment to new environment, 74–89 yr olds, 9815
2-way TV system development & implementation, senior citizens, 11538

Telekinesis [See Psychokinesis]
Telemetry
miniature telemetry system, long term recording of heart rate, treeshrews & other small mammals, 14064
Telencephalon [See Also Amygdaloid Body, Auditory Cortex, Basal Ganglia, Caudate Nucleus, Cerebral Cortex, Cerebral Ventricles, Corpus Callosum, Frontal Lobe, Globus Pallidus, Gyrus Cinguli, Hippocampus, Limbic System, Motor Cortex, Occipital Lobe, Parietal Lobe, Somatosensory Cortex, Temporal Lobe, Visual Cortex]
bilateral lesions of Wulst, reversal learning, pigeons, 28783
development of neurons within word motor pathway during song learning, male zebra finches assessed from 20–40 days of age, 11041
luminous intensity difference threshold discrimination, pigeons with lesions of ectostriatum or neostriatum, 11145
microinjection of GABA antagonists into dorsal periaqueductal gray matter vs medial hypothalamus, flight behavior, detelencephalated male rats, 18245
passive avoidance training, spine dendrites in intermediate medial hyperstriatum ventrale, chicks, 7675
PCP, regional brain glucose metabolism in diencephalic & telencephalic regions, implications for animal model of schizophrenia, 11283
projections from auditory telencephalic areas to rostromedial archistriatum, possible involvement in learning & vocal motor control, budgerigars, 21492
sniffing odorants in 2 choice discrimination paradigm, EEG measures of entorhinal cortex & olfactory brain areas, male cats, 28589
tritiated estradiol or metabolites, accumulation pattern in telencephalon & caudal nucleus vocal control regions, bay wrens, 28813
Telepathy
geomagnetic activity, telepathic experiences, adults, 28004
mass dream telepathy, psychic sender, 35029
telepathic clairvoyant vs precognitive vs postmortem experiences & geomagnetic activity, adults, 38555
Telephone Hot Lines [See Hot Line Services]
Telephone Systems
acceptance & efficiency of synthetic speech in simulated telephone services, adults, 3452
characteristics & behavior & relation to exhibitionism, obscene phone callers, implications for treatment, 29722
common channel signalling system for rapid connections in local vs long distance toll calling networks, caller impatience & hanging up, 15–55 yr olds, 11327
cooperation in telephone survey about local youth service evaluation, respondents interviewed by professionals vs volunteer adults vs 14–17 yr olds, 7025
degree of handedness, preferred ear for telephone use, left vs right handed college students, 4166
demographic characteristics & telephone &/vs mail questionnaire data collection, response bias & experimental S retention, 63 yr olds & older in pharmaceutical assistance program, 18720
face to face survey vs telephone resurvey, data collection, elderly residents, 3532
factorial & criterion validity of telephone administered IQ test, age & gender differences in intelligence & short term memory, 27.5–82 yr old same sex twins, Sweden, 14146
family phone therapy in student counseling services, 18 yr old female who attempted suicide, 20672
fetishistic use of speech, 23 yr old male analysand with obscene telephone perversion, 36809
generalized case training procedure, telephone usage, learning & generalization, 17–21 yr old severely mentally retarded special education students, 27697
lack of concomitant exhibitionism or other sexually deviant behaviors, 23–29 yr old males charged with making obscene telephone calls, 8778
mailing & recorded message, reduction of inappropriate after hrs telephone calls to pediatrician, parents, conference presentation, 12954
postpartum telephone program in family practice, reassurance & guidance & early intervention, mothers & newborns through 1 mo old, 2650
procedural validity of "face-to-face" vs telephone administration of depression section of National Institute of Mental Health Diagnostic Interview Schedule, 18–81 yr olds, 19256
psychoanalysis by telephone, geographically separated patients & their analysts, 30268
reception of advance letter & use of surname during telephone contact, refusal rate in telephone survey using dual frame design, household members, 14066
self instruction &/vs self vs external reward vs behavioral training, acquisition & maintenance & refinement of telephone emergency skills, 5.7–8.2 yr olds, 19908
sequential request strategies, differential perception of source legitimacy in telephone survey & compliance, adults, 29347
sex of caller & tone of voice & time of day, length of time annoying phone call is listened to, community residents, 7950
task analysis & stimulus shaping, telephone skills training, moderately mentally handicapped 38 yr old female, 9448
telephone call reminder & questionnaire cover design, mail survey response rate, biotechnologists, Netherlands, 25334
telephone calls & home furloughs, marital relations & domestic life, male prisoners & their wives, 9910
telephone intake procedures, initial appointment keeping, parents of children referred to outpatient behavior management clinic, 16529
telephone messages/prompts, return rates, 1st time blood donors, Canada, 6 mo followup, 37680
telephone network, peer support & access to audiotaped lectures on care & medical & legal issues, caregiving spouses & adult children of Alzheimer's disease patients, 20055
telephone psychotherapy, adolescents, 2326
telephone study of voting intentions in general election, 1987, UK, 4882
telephone support service, use of medical care, elderly, Canada, 1 yr followup, 9631
time of day & day of week, response rates in telephone survey, 32–45 yr old male veterans, 14068
transtelephonic EKG risk management monitoring system, quality of life, postmyocardial infarction adult outpatients, 9619
use & reliability of 0–10 response scale in telephone health surveys, 25–74 yr olds, 7139
Televised Instruction
cognitive style, broadcast telecourse achievement, 17–64 yr old community college students, 24064
educational technology & audio & visual aids & use of radio & TV, multi media language learning, 38123
TV stress management program, coping behavior, viewers, 37435
Television [See Also Educational Television, Television Advertising]
accuracy of film & TV portrayals of DSM-III classifications of mental disorders, 8617
age & SES & experience with videocassette recorders, perceptions of TV reality, 4–9 yr olds who watched Sesame Street, 22042
analysis of TV presentations of disability, 12530
attitudes about stereotypically feminine vs masculine occupations encountered in real life vs on TV, 5th–6th graders, 1146
attitudes toward adequacy of minority character portrayal on TV & in commercials, Blacks vs Whites vs Hispanics, 25330
audiovisual vs auditory vs print TV program, recall, college students, 29001
comprehension of projective size on TV, 3–4 yr olds, 32367
content analysis of antisocial behavior portrayed on prime time commercial TV, 35943
content analysis of TV portrayal of female vs male older adults in family life context, 18715

content analysis, values communicated during televised Super Bowl football game, sportscasters, 20969
demographic characteristics & health behavior change interest & attitudes, cardiovascular disease prevention knowledge, 25–74 yr old cable TV subscribers vs nonsubscribers, 12385
demographic characteristics, preference for Spanish language radio vs TV, Mexican Americans, 21834
differential TV network coverage of speech by J. Jackson to Democratic National Convention, 1984, 4523
displacement errors in stereo TV pictures, binocular depth perception & subjective picture quality, adults, 17803
economic news release reports by "CBS Evening News" vs "The Wall Street Journal" vs "Washington Post", economic expectations, college students, 25336
education & age & newspaper & TV use, environmental knowledge & concerns & behaviors, citizens 16 yrs old & older, 6964
fictional depiction of suicide in TV films, imitation effects, 15–24 yr olds who committed suicide, 1760
geographic & source biases in network TV news, 1982–84, 39431
image size in interactive TV, evaluation of interaction, male college students, Netherlands, 11764
immediate vs deferred imitation of TV models, 15 vs 24 mo olds, 11413
impact of electronic media, social interactions & learning orientations & leisure activities, children & adolescents, 11457
journalistic determinants of news worthiness, evening news coverage of environmental risk stories, major networks, 1984–86, 35934
K. Horney's concept of alienation from self, psychoanalytic interpretation of "Jewel in the Crown" TV series & India's role in British Empire, 12046
length of narrative & initial audience response, number of references made to humorous themes in "Late Night with David Letterman" TV show, 35940
limitations & assumptions of research on perceived reality in TV, 4521
methodological issues in study of perception of TV violence, adult & child TV viewers, literature review, 18477
network permissiveness, frequency & duration of portrayals of sex & pregnancy & sexually transmitted disease prevention in afternoon soap operas, 1979 vs 1987, 35939
parental role & childrearing patterns & child's response to parent, mothers vs fathers on family oriented TV programs, 4835
perceptions of director's communication behavior & satisfaction with production situations, TV production crew, 24350
prevalence of consumer consumption behavior vs pursuit of virtuous objectives, characters in popular TV series, 20942
print vs TV vs conversation, patterns of word choice, children vs adults, implications for lexical acquisition, 21951
radio vs TV, stimulation of imagination & information transmission, Black vs White middle vs working class 1st–2nd vs 3rd–4th graders, 11397
rape as entertainment in movies & TV, 25343
rates of violence on TV, US vs UK, literature review, 18475
redundancy between auditory vs visual channels, auditory vs visual recall & comprehension of TV news story, college students, 35933
representation of children & adolescent characters in TV network dramatic programs, 1969–85, 936
rock music lyrics & videos, lyric comprehension & imagination, 4th–12th graders & college students, 1010
selection & application of TV literacy material, gifted students, 31184
self monitoring level, attitudes & intentions about cable TV subscription, heads of household, 3474
SES & exposure to newspaper vs TV, identification of social problems as important, adults, Venezuela, validation of nominal agenda diversity model, 35924
sex role stereotypes & identity, perception of similar male vs female characters sharing lead in crime detection dramas, college students, 36359
televised intraparty debates, candidate preference during presidential campaign, college students, 36318
televised vs radio vs newspaper presentation of well known politician, attitude change, college students, Netherlands, 39432
TV &/vs radio broadcasts of sweepstakes offer, participation in personal communication with friends about not smoking, 12–15 yr olds, 34377
TV distortion of social reality, perceptions about sex stereotyping of occupations, high school & college students & rail commuters, 6869
TV incidents involving youth & drinking, 1976–84, implications & suggestions for alternative presentations, 8086
TV movie "The Day After", attitudes toward nuclear war & intentions to engage in antinuclear war activities, adults, 29004
TV newscasts about suicides, incidence of teenage suicide, 1973–80 vs 1981–84, implications for imitation theory, 15858
use of TV as tool in patient education process, literature review, 6258
validity of narrative tapes, assessment of audience response to TV commercials, 7–11 yr olds, 4524
visual structuring of candidate arguments, verbal record of clash in TV debates, presidential candidates R. Reagan & W. Mondale, 1984, 21841

Television Advertising

academic & commercial perspectives on attention to & recall of TV advertisements, 17475
alcohol advertising on TV, students in research methodology course, Canada, 13966
alcohol advertising, reinforcement of under-age drinking, 10–17 yr olds, Scotland, 18636
attention at time of exposure & brand linkage in TV commercials, recall, 18–65 yr old females, 38525
attitudes toward advertisements, effect of emotional responses vs exposure level on TV advertisement effectiveness, college students, 20964
attitudes toward condom advertisements on TV, adolescents & their parents, health education implications, 38511
changes in information content level of TV advertisements, US vs UK, 1977 vs 1985, 20967
comparative & unique & preemptive & hyperbole & generic informational strategies, TV advertising of consumer products, 38517
content analysis of portrayal of women in TV commercials, 1972 vs 1986, 7949
coordinated ratio & TV advertising, information processing & memory & judgment, college students, 35001
direct instruction, discrimination of factual information vs persuasive techniques in TV advertisements, 6–10 yr olds in after school care center, 4634
emotion evoked by TV advertisement for novel product, perceptions of advertisement & brand attitudes & attribute evaluations, adults, 20933
emotional reactions to Super Bowl XX, recall of advertisements broadcast during game, viewers in winning vs losing vs neutral city, 20959
exposure to & attitudes toward TV viewing & commercials, eating patterns & food consumption & buying behavior, 9th–12th graders, Puerto Rico, 36121
host selling commercial format, discrimination of program vs commercial content & attribution of persuasive intent & attitudinal responses to commercial, 4–5 vs 7–8 yr olds, 36057
incidence of prime time network commercial types, 1976–86, implications for advertising testing, 38521
issue vs image attack & negative vs positive issue response strategies in negative TV political advertising, college students, 24472
language experience approach with media advertisements, development of critical thinking skills, elementary school students, 10038

number of commercials & other nonprogram content on TV, children, 1983–87, 15023
patent medicine & food or beverage advertisements during network TV evening newscasts, 1974–85, implications for audience stereotyping, 18479
perceptions of TV advertisements for alcoholic drinks, 10–16 yr olds, 25552
portrayal in TV commercials, Blacks vs Hispanics, 38526
portrayal of males vs females in TV commercials, 1971–85, 15376
price & locational signaling in local vs national TV commercials & newspaper advertisements, 38516
product involvement & commitment & familiarity & alternative TV ad claim strategies, brand beliefs & attitudes, college students, 17469
repetition of morning vs afternoon vs evening exposure to rational vs emotional appeals in TV commercials, immediate vs delayed recall vs recognition, consumers, 35006
time compression level in advertisement, thought patterns & recall & beliefs & behavioral intention, adults, 20966
time of day & sex role stereotyping in TV commercials, Italy, replication & extension, 39866
TV commercial video rhythms, recall, consumers, 38527
TV food commercials, temptation to transgress for eating prohibited food, kindergarten students, 18643
use of humor in TV advertising, ad agency executives, US vs UK, 41563

Television Viewing

age & TV viewing hours & speed of TV segments, short term temporal judgments, male vs female 4–10 yr olds, 1016
cognitive vs noncognitive techniques, alleviation or prevention of fright responses to TV programs, children, literature review, 19883
complexity & style of written narratives based on TV vs real life stories, 3rd & 5th & 8th grade low vs high TV viewers, 39585
consumption of violence containing action adventure TV programs, children & adults, literature review, 18539
coviewing of TV series featuring families, 2nd & 6th & 10th graders & their parents, 36124
critical viewing skills curriculum, beliefs & attitudes about TV programs & commercials, kindergartners vs 2nd graders, 10169
direct instruction, discrimination of factual information vs persuasive techniques in TV advertisements, 6–10 yr olds in after school care center, 4634
electronic hardware &/or TV viewing styles, TV program rating values, viewers, 17472
emotional reactions to Super Bowl XX, recall of advertisements broadcast during game, viewers in winning vs losing vs neutral city, 20959
expectancy & gratification seeking orientations, intention & exposure levels in TV news viewing, college students, 4517
expectancy value analysis of soap opera viewing, college students, 35927
expository TV programs, recollections & thoughts, 20–78 yr olds, Sweden, 35936
family communication patterns & parent mediation, cognition & aggression & comprehension of TV content, 6–7.7 yr olds, 2 yr study, 15040
formal features & violent content, visual attention to TV programs, male vs female 5–11 yr olds, 21994
frequency of viewing commercial TV fiction, perceptions of prevalence of racial integration & similarity between Whites & Blacks, Black adults, 22145
interpersonal attribution in parasocial interaction with soap opera characters, college students, 36445
involvement in & motivations for & effects of viewing daytime soap operas, college students, 935
Jungian archetypal symbolism in TV show "Doctor Who", 25377
mediation & perceptions of TV viewing, parents of gifted 4th graders, 32345
nontraditional TV programing, gender role perception, kindergartners vs 2nd graders, 1986–87, 36171
number & extensiveness & content of TV news items, learning, college students, 35929
parental education & ethnicity & demographic characteristics & family structure, TV viewing, Black vs White 4th–6th graders, 1–3 yr study, 8160
parental strategies for limiting TV viewing, parents of 3–16 yr olds, 25750
past & current methods in TV audience measurement, 10454
perception & information processing of TV characters vs real people, 2nd–6th graders, 39486
perceptions of conflict with parents & parental childrearing practices & role expectations, TV viewing patterns & content preferences, 4th–6th graders, 4731
perceptions of death & violence on TV, 12–18 yr olds, followup study, conference presentation, 36004
physiologically induced phasic affective states, TV program preferences, pregnant vs nonpregnant females vs new mothers, 36278
presence of 3rd party, ego involvement in televised news coverage of Middle East conflict, pro-Palestinian vs pro-Israeli vs nonpartisan college students, 35941
program preferences & perceptions of content & amount of TV viewing & impact of role models, physically abused 5–12 yr olds, 22698
public policy regarding TV, children, 25784
quantification of emotional tone of children's TV programs, US & Canada, 36186
shyness & loneliness & self esteem & social support, TV viewing for mood management vs social compensation, college students, 39957
single vs multiple camera TV shows, prediction of differential framing in prime time network programing, males & females, 39862
smoking prevention program using TV & classes with social influences approach, student & parent participation & smoking, 7th graders, 1 & 2 yr followup, 6686
social knowledge & structure of program, implicit representation of soap opera characters, regular viewers, 36441
sociodemographic family patterns & media exposure & access, parental mediation of TV & video cassette recorder use, 7th & 10th graders, 36149
sociological variables & program access & family attributes & TV & child characteristics, viewing of "Sesame Street", children observed from 3 to 5 vs 5 to 7 yrs old, 39659
story schema skills, attention & recognition memory during TV viewing, 5–8 yr olds, 39551
suicide stories on TV news programs, suicide rate, male vs females, 1968–85, 8835
tapes of identity vs visual cues intervention strategies, fear of "The Incredible Hulk", 3–5 vs 6–7 vs 9–10 yr olds, 16480
taping motivation & viewing pattern interactions & changes in TV viewing, videocassette owners or renters, 29002
technology of media consumption illustrated by joint book reading & TV viewing, children, 25401
televised 1984 presidential debates, effect on voter opinion, college students, 39827
televised 1984 Summer Olympic Games, TV viewing & celebratory activities, adults, 24495
TV & movie viewing habits, Black vs White 13–19 yr old pregnant vs nonpregnant females, 22063
TV audience appreciation vs viewer numbers, Great Britain, implications for discrimination in audience appreciation measures, 10468
TV broadcast of male suicide, suicide rates, males vs females 15 yrs old & older, West Germany, 19322
TV coverage, affective & cognitive reactions to space shuttle disaster, 4th–6th grade males vs females, 36187
TV exposure & selectivity, positive social perceptions, 17–88 yr olds, 39430
TV exposure, effect of parent adolescent cohesion & parental control on conceptions of social reality, 10–14 yr olds, 1118
TV programs, aggressive behavior, children & adolescents, literature review, 18697
TV, risk related driving behaviors, adolescents, conference presentation, 36111

TV viewing behavior & channel selection, adult TV-receive-only satellite viewers, 35938
TV viewing, gender schemata development, children, 1068
TV viewing preferences & amounts & life satisfaction, 15 yr olds & older, West Germany, 22017
TV viewing, reading skill development, children, literature review, 11368
TV viewing, sex role attitudes vs behavior, male vs female 8th graders, 1107
TV viewing vs allotment of time for other activities, reading skill development, school age children, 11416
TV viewing vs newspaper reading, importance of candidate personal qualities vs ideology & campaign issues & party affiliation in presidential elections, voters, 1952–80, 15345
TV vs picture book & audiotape format, memory for story events, 6–7 vs 9–10 yr olds, 25427
uses of TV, foreign vs American 6–12 yr olds, US, 4751
videocassette recorders, familial control of TV viewing, 24–62 yr old parents & their 6–16 yr old children, 14964
viewer sex & sex role orientation, perceptions of female & male TV characters, college students, 25801
viewing of commercial TV, hemispheric patterns of EEG activity, right handed adult females, 7681
viewing of drug education TV show with vs without parents, drug attitudes, 8th graders previously vs currently in smoking vs drug abuse prevention program, 6713
viewing of videotape of distressed high school student & news of peer suicide, ratings of own likelihood of committing suicide, 14–17 yr olds, test of TV inducement of suicidal contagion, 36805
viewing suicide in TV movies, suicide rate, adolescents, commentary, 8797
viewing televised political debate, perception of candidates' competence & sociability & personal attributes, college students, 39853
viewing TV film "The Day After", attitudes & cognitions & feelings about threat of nuclear war, college students, 14966
viewing TV program varying in presentation of flashback sequence, temporal comprehension, K & 1st vs 4th–5th graders, 15051
visual superiority effect & comprehensibility of auditory & verbal information, TV viewing behavior, children, 36080
Temperament [See Personality]
Temperature (Body) [See Body Temperature]
Temperature Effects [See Also Cold Effects, Heat Effects]
access to heated environment vs food, body temperature & weight & food intake, lean vs genetically obese mice, 4173
ambient temperature cycles, circadian running & drinking patterns, rats, 14718
beverage temperature & expectations, liking ratings of various beverages, college students, 21208
contributions of environmental psychology to research on residential thermal comfort, literature review, 13938
decrease in ambient temperature, sleep disruptions, young vs aged cats, 14751
density & water temperature & predator encounter rate, swimming & aggregating behavior, backswimmer, 3976
food & ambient temperature during meal, food intake, rats, 11082
gustatory & tactile & thermal stimulation of oral cavity, extracellular action potentials in ventroposteromedial nucleus of thalamus, monkeys, 25070
hot vs cold environment & rest vs exercise, physiological & psychological responses to clothing fibers, adults, 35675
incubation temperature, physiology & behavior, snakes, 35695
lead acetate exposure, nesting behavior & food & fluid intake induced by environmental temperature change, 60–365 day old male mice, 35797
light intensity & temperature, circadian activity & crawling & feeding behavior, slugs, 475
nociceptive thermal stimuli, sensory intensity & affective dimensions of pain perception in pregnancy vs labor vs postpartum stages, 18–43 yr old pregnant females, 24708
nonuniform thermal environments simulated by asymmetrical clothing, thermoregulation, sedentary male 18–27 yr olds, 32102
presence of male parent & decreased ambient temperature, litter & pup survival & growth, Siberian vs Djungarian hamsters measured from birth through 18 days old, 35734
solution temperature, perceived sweetness of glucose vs fructose vs aspartame vs saccharin, young adults, 14237
temperature & food & song playback, vocal territorial behavior, male wrens, 569
thermal sharpening, tactile spatial acuity, adults, 35267
Temperature Perception
skin adaptation temperature of hand, object temperature perception using dichiric matching, college students, 7304
skin temperature increases superimposed on noxious levels of thermal stimulation, activity of primary somatosensory cortical nociceptive neurons, male monkeys, 11115
Temporal Frequency
age, spatiotemporal contrast sensitivity, 13–67 yr olds, 25537
bandwidth frequency of noise stimuli, detection of spectral peaks vs notches, adults, 28279
categorical perception of natural contact calls with varied frequency peak temporal positions, Japanese macaques, implications for similarities with human speech perception, 28395
depth of modulation in master band & temporal position of signal, comodulation masking release, 22–38 yr olds, 31815
grating contrast ranges & amplitude of motion, visual EPs, 21–47 yr old emmetropic females, 28618
groove width & vibration temporal frequency, perceived roughness of metal grating by index finger passive touch, college students, 35254
light frequency & wavelength using photic driving technique, CFF for color vision, protanopic & deuteranomalic male college students, 10732
maternal behavior type & infant attention, tempo of spontaneous temporally patterned nonverbal stimulation, mothers interacting with their 3 mo olds, 36281
mechanical & psychophysical model of spatiotemporal tactile sensitivity, 38749
miscomprehension of initial vs final consonant vs entire word, temporal changes in vowel & consonant production, 5 vs 26–36 yr olds, 15099
mood & age, memory for event frequency, depressed vs nondepressed 18–24 vs 64–96 yr olds, 22093
movement of fused retinally stabilized image in pair or paired continuous & flashed stimuli, extention of Panum's fusional area in binocular vision, Os, 14266
perceptual integration of displays across brief temporal gap, dissociation & decay rate of visible persistence vs retinal afterimages, Os, 17760
practice & spatial & temporal conditions, perceptual learning of dynamic vibrotactile patterns with static visual patterns, adults, 17719
practice, forced choice temporal order judgment task, college students, 21307
preferred vs high vs low vs increasing tempo vs discovery learning training conditions, large amplitude high tempo fluent movement performance on ski simulator, 18–34 yr olds, 38750
rate of fluent sentences with vs without surrounding instances of stuttering, relative timing of speech, stuttering 18–35 yr olds, 16015
reproduction of temporally varied simple tone sequences, amateur keyboard musicians, 17828
simultaneous pure tone masking in frequency region of normal hearing vs hearing loss, temporal effects in signal detection, 61–67 yr olds with high frequency hearing loss, 22881
single vs multiple laser pulses with energy of 50 vs 500 percent of maximum permissible exposure, visual EPs measured in visual cortex, rhesus monkeys, 658
sinusoidal gratings spatial frequency, temporal summation functions measuring sensitivity shift from transient to sustained channels, 21–28 vs 60–77 yr olds, 21913

size & Gaussian luminance profile & temporal modulation of circular symmetric blob stimuli, contrast detection thresholds, adults, implications for multilayer receptive field model, 35270
spatial & temporal frequency of visual stimulation, steady state EPs measuring hemispheric lateralization, left vs right handed 24–39 yr olds, 32048
spatial & temporal parameters of 2 color threshold visual stimulation, foveal vs parafoveal isolation of pi-4 mechanism & spectral sensitivity & cone interaction, Os, 3731
spatial frequency & temporal transition of sine wave gratings, RT & visual persistence & temporal order judgments, Ss, 14294
spatial frequency of vertical sinusoidal signal grating & low vs high pass visual noise & temporal envelope & stimulus drift direction, spatial frequency tuning & detection, adults, 14280
spatially & temporally sampled grating targets, visual reconstruction, adults, 38789
stroboscopic frequency in raster vs tachistoscope display, individual differences in perception of apparent motion, college students vs experienced Os, 7321
temporal aspects of respiratory & articulatory & laryngeal coordination during fluent speech, stuttering preschool age children, 16009
temporal contrast sensitivity at various retinal eccentricities, adult male, 7338
temporal frequencies of drifting sine wave stimuli, contrast thresholds for accommodation initiation, adults, 3728
temporal frequency, figure ground organization of spatial frequencies, college students, 35289
temporal frequency of inducer oscillation, induced motion, 20–25 yr olds, 35303
temporal frequency, speed discrimination for high spatial frequency plaid, adults, 31809
temporal uncertainty & background & target movement, contrast sensitivity & grating acuity & RT, adults, 14276
Temporal Lobe [See Also Auditory Cortex]
abstract designs & verbal paired associates tests, differentiation of memory ability, unilateral temporal lobectomy patients, 27059
abstract visual designs, stimulus recognition & recall of presentation frequency, 10–67 yr olds with unilateral frontal vs temporal lobectomy, Canada, 5790
animal models of medial temporal lobe amnesia, literature review, 18126
attention & stimulus interaction, visual responses of inferior temporal neurons, macaques, 14701
atypical psychosis & alexithymia & fronto-temporal arachonoid cyst, 40 yr old male presenting with starvation & hyponatremic coma, case report & commentaries, 1555
auditory EPs & magnetic fields, detection of auditory cortical damage, male 46–63 yr olds with temporal lobe infarct, 37092
auditory P300 component of EP in temporal region, medicated schizophrenic males, 5198
category & modality specific semantic knowledge deficit, 63 yr old male with cerebral abnormality in left temporal lobe, 16167
complex tones with vs without fundamental frequency, pitch perception, epilepsy patients with unilateral temporal lobe excisions, 16777
deficit in memory for semantic information, 57 yr old male patient with anterograde amnesia following bilateral medial temporal lobe excision, case report, 12393
delayed recall performance, adult candidates for lobectomy for temporal lobe epilepsy, 22992
dichotic word memory tests measuring hemispheric memory functions, epileptic patients with complex partial seizures & left vs right temporal lobectomy, Sweden, 3 yr study, 36992
directional cue, visual target localization by finger tapping measuring choice RT, epileptic 14–55 yr olds with left vs right frontal vs temporal lobectomy, 36965
global stereopsis, adults with unilateral right vs left temporal vs right frontal lobe surgical lesions for intractable epilepsy, Canada, 9649
handgrip strength, 12–58 yr olds with unilateral frontal or temporal lobe excisions, 9126
integrity of right temporal lobe, Seashore Rhythm Test scores, patients with right vs left vs generalized cerebral lesions, 33623
lateralization of temporal lobe glucose metabolic rate, patients with chronic schizophrenia, 36577
left frontotemporal damage assessed by computer tomography & magnetic resonance imaging, 48 yr old male with behavioral & memory & language disorder, 22460
left temporal lobectomy, male 7 yr old & female 28 yr old with acquired verbal auditory agnosia & epileptic discharges & mutism, case reports, 2594
left vs right temporal lobectomy & age at onset, semantic & figural memory & IQ, 27.3–31.4 yr olds with epilepsy, 30611
lesions of temporoentorhinal connections, reaction to novelty & proactive memory & exploratory behavior, male rats, 35756
local vs global level hierarchical letter stimuli RT & interlevel interference measuring attention, adults with regional temporal-parietal lobe damage, 37086
mnemonic strategies, recall of main ideas of story, adults with temporal lobe seizures, 12473
monocular optokinetic nystagmus of covered vs uncovered eye, kittens with unilateral lesion of lateral suprasylvian area, 4287
neuropsychological & psychiatric examination before surgery, assessment of lobectomy outcome & possible side effects, epileptic patients, 20048
neutral vs conditioned auditory stimuli, P-3 like scalp recorded EPs, monkeys with vs without bilateral lesions of medial temporal lobe, 7814
personality correlates, males with epilepsy with left vs right temporal lobe EEG abnormalities, 2128
phonetic category of synthetic speech sounds, left vs right temporal vs parietal lobe auditory EPs, college students, 7647
present or past psychopathology, 13–18 yr olds with temporal lobe epilepsy vs bronchial asthma, Israel, 16121
presentation of learned vs new stimuli following visual memory task training, activity of temporal cortex neurons, monkeys, 21535
psychiatric aspects, patients with temporal lobe epilepsy, 19547
psychopathology associated with left vs right temporal deficits in auditory P300 EPs, male schizophrenic 23–32 yr olds, 29642
right temporal lobe function, smell matching, 15–45 yr olds with affective disorders or schizophrenia or neurosis, India, 36695
right temporal lobectomy for glioblastoma removal, cognitive & verbal & visuospatial ability & preserved intelligence & geographical memory, 75 yr old female, case report, 16694
risk of psychopathology & personality traits, 16–65 yr olds with temporal vs nontemporal lobe epilepsy, Greece, 16085
severe temporal lobe injury, onset of obsessive compulsive disorder, 17 yr old male, case report, 22563
shape selective neurons in temporal cortex, pictorial short term memory, monkeys, 650
single vs multiple presentations, word recognition & contextual retrieval & cortical EPs, epileptic adults with left vs right anterior temporal lobectomy, 19622
spatial memory & cognitive mapping, 15–47 yr olds with right vs left temporal lobectomy, 33529
synthesis of fragmented visual information, brain damaged 19–39 yr olds with frontal or temporal lobe excisions, India, 37037
task dependent hemispheric EEG, patients with left temporal lobe epilepsy, 9156
temporal lobe experiences, emotional stability & impulsiveness & tension & sensitivity, 18–45 yr olds, 5066

temporal lobe lability & personality traits, persons reporting visitor experiences or contact with extraterrestrial or religious entities, 31510
temporal lobes, storage & disruption of body image, conference presentation, 16246
uni- vs bimanual finger tapping task performance, 12–58 yr olds with unilateral frontal vs temporal cortex damage, 5708
unilateral anterior temporal lobectomy, visual attention & pattern recognition, epileptic patients, 20092
unilateral temporal lobectomy, recall of spatial location, 15–41 yr old inpatients, implications for role of hippocampus, 30089
visual discrimination learning with 24 hr intertrial interval measuring noncognitive habit formation, rhesus monkeys with bilateral inferior temporal cortical area vs amygdala & hippocampus lesions, 4297
visuomotor conditional discrimination vs 2-choice visual discrimination learning, male monkeys with fornix & unilateral inferotemporal & anterior corpus callosum lesions, 25167
volume of grey & white matter in temporal lobe & prefrontal region, schizophrenic inpatients, conference presentation, 29656
word finding difficulty in confrontation naming functionally located after semantic processing & before phonological processing, male 25 yr old with left temporal lobe hemorrhage, 37051
word naming task & reading ability, lateral temporal vs parietal EPs, 5.1–6.2 yr olds, Netherlands, 4 yr study, 4120
3 note pattern played successively vs simultaneously, detection of note change, adults with unilateral temporal vs frontal vs frontotemporal lobectomy for epilepsy, 13003
Temptation
coping with stress & temptation to drink, college students, 1333
processes of self control, overcoming compulsions & addictions & resisting temptations, implications for treatment, 37434
TV food commercials, temptation to transgress for eating prohibited food, kindergarten students, 18643
Tennessee Self Concept Scale
construct & convergent & discriminant validity & reliability & interval structure of Tennessee Self Concept Scale, 16–37 yr olds, 3605
normative scores on Rorschach & TAT & Tennessee Self Concept Scale & Personal Orientation Inventory & other measures, college freshmen, 10302
Tennis
game dynamics & ability level, psychological momentum & performance, male vs female tennis players competing in tournaments, 20991
knowledge of results vs performance oriented tennis instruction, performance, 12–15 yr olds with intrinsic or extrinsic mastery motivation, 29072
maladaptive achievement patterns associated with learned helplessness & attributional style, highly vs lesser skilled 11–25 yr old tennis players, 21903
prevalence of left vs right handedness, professional cricket batsmen & bowlers vs tennis players vs soccer goalkeepers, 41583
sex & psychological momentum, performance, college tennis players, 17498
supplemental visual aids, acquisition of tennis skills, college students, 27995
tennis backhand with vs without forehand instruction & practice, backhand performance measuring proactive interference, 7th–8th graders, 39516
Tenure (Occupational) [See Occupational Tenure]
Tenure (Teacher) [See Teacher Tenure]
Teratogens
drug therapy, pregnant or lactating females with psychiatric disorders, 34075
fetal neglect & abuse, 33339
l-propanol administered by inhalation, male fertility & behavioral & neurochemical teratology in offspring, male & pregnant female rats, 35872
lithium during pregnancy, subsequent stillbirth, 23 yr old female with manic excitement, case report, 26974
methylnitrosourea induced microcephaly on Day 13 of gestation, Biel & radial arm maze learning, male infant rats, 18278
neuropsychological & behavioral functioning, 6–15 yr olds exposed to narcotics in utero, 12221
opportunities & need for research on alcohol related birth defects, 1910
perinatal nicotine & alcohol & barbiturate & amphetamine abuse, gender & development & function of offspring, rats, animal model of behavioral teratology in humans, 28905
prenatal & postnatal lead, visual EPs & electroretinograms, monkeys, conference presentation, 21771
prenatal alcohol exposure, odor aversion learning, 10 day old rats, 18287
prenatal diethylstilbestrol, development of physical & psychological disorders, 2529
prenatal exposure to marihuana & alcohol & cigarettes, home environment & motor & mental & language development, 12 & 24 mo olds, 18514
prenatal gamma radiation, brain morphology & behavior, rats, 18229
prenatal methoxy-ethyl-mercury chloride, mortality & open field & ambulation behavior, rats, conference presentation, 21769
prenatal methylazoxymethanol, motor activity & maze learning, rats, 18282
prenatal methylmercury, physical development & reflexes & locomotor & perceptual performance & brain morphology & neurochemistry, rats, implications for teratological assessment techniques, 11213
prenatal methylmercury, visual recognition memory, infant monkeys, 18343
prenatal PCP, fetal brain levels & growth & aggressive behavior, mice, 18327
psychological reactions to knowledge of prenatal diethylstilbestrol exposure, 17.9–32.6 yr old females, 12837
sex & prenatal ethanol, pituitary adrenal stress response inhibition, rats, 21828
sodium valproate during pregnancy & lactation, reproductive performance & offspring development & social behavior, gerbils, 35787
teratogenic effects of methylmercuric chloride vs d-amphetamine sulfate, pregnant rats, reanalysis of data to study reproductivity of treatment effects, 32292
use of psychopharmacological agents, assessment of neurological bases of behavioral deficits following exposure to teratogenic agents, animals, 11232
Terminal Cancer
A. Kurosawa's film "Ikiru" about terminal cancer, death anxiety & attitudes toward death, adult film viewers, 949
adaptation to stress of living with & bereavement for sibling with cancer, children, 5792
long term adjustment, families with child cancer patients who died vs survived, 5 yr followup, 37157
pain vocabulary & intensity & anxiety & depression, 39–66 yr olds with terminal cancer vs chronic pain, 12533
patient's chronic severe depression vs physical pain vs terminal bone cancer, acceptability of suicide, college students, 19279
perception & interpretation & responses to cancer, families of children with cancer who died vs survived, 5 yr study, 37102
psychedelic psychotherapy, 70 yr old male with terminal cancer, case report, 12630
psychological & spiritual dimensions, survivors of terminal cancer, 26625
psychological training course, understanding & coping with death & dying issues, health professionals dealing with terminally ill cancer patients, 9993
similarities between A. Kurosawa's film "Ikiru" & psychotherapy case, 52 yr old male patient with fatal cancer, 2328

symptom experience & fluctuations in psychosocial correlates & quality of life, end stage cancer patients, 26670
Terminally Ill Patients
anticipatory grief, families of terminally ill patients, 33618
aspects of illness & death in everyday lives, healthy children & their 5–12 yr old terminally ill siblings, conference presentation, 26447
burnout in caregivers of terminally ill, medical & mental health personnel, 34512
care of dying & bereaved, developing countries, implications for educational services & health care delivery systems, 16735
clinical experience with dying patients, fear of death & dying, medical students, England, 3022
consequences & manner of truth telling to terminally ill patients, social workers, 34250
consistent & recurring themes in dream content, terminally ill adults, 5655
death symbols in drawings, terminally ill patients, art therapy implications, 37258
demographic & physiological & psychological characteristics, survival upon new admission to nursing home, adults with late stage cancer, 37824
demographic characteristics & medical & psychiatric history, suicide attempt & depression, terminally ill 26–76 yr olds, 9124
difficulties in caring for terminally ill children, pediatric house officers, 23816
dream content, terminally ill 27–78 yr olds, 33536
effects of dying & death, physical & occupational therapists in hospice programs, 17058
emotional responses & interventions & hospice care, terminally ill children & adults, literature review, 9655
emotional responses to death & dying, physicians & terminally ill patients, 27081
experience of & responses to terminally ill client's death, certified rehabilitation counselors, implications for further training, 20340
grief reactions to sudden death in terminal illness vs positively progressing convalescence, family members, treatment implications, 5762
hardiness & ego strength as components of resilience & role of optimism & health denial in coping, patients with terminal or cardiac illness or congenital disability, case reports, 9036
home care hospice program integrating AIDS & other medical patients, 27054
home vs hospice or hospital care, pain control & family anxiety & stress, terminally ill cancer patients & their caretakers, England, 34178
hypnotherapy, marriage or relationship conflicts or terminal illness or suicide, clients, conference presentation, 23475
identification of important health care provider behaviors, families of terminally ill cancer patients, 37640
job satisfaction based on optimal model of care, social workers who treat terminally ill patients, 20394
life review as counseling method, terminally ill & family members & counselors & caregivers, conference presentation, 37755
lymphocyte count & mitogen responses, husbands of terminally ill wives examined at 6–8 wk intervals during illness & 1–14 mo after bereavement, 5782
nursing staff training in care for dying, quality of life, terminally ill nursing home patients, 1 & 3 mo followup, 40983
pain control, patient's quality of life & survivors' distress, terminally ill patients, literature review, 9637
palliative care goals & services, dying children under age 16 yrs & their families, 30677
patient simulation, communication with terminally ill patients, medical students, 23853
principles & legal processes in Do Not Resuscitate policies & medical standards, terminally ill psychiatric patients, 6394
prolonged survival of terminally ill patients, psychotherapy, 22 yr old female with cancer, 9336
psychological support, children with malignant diseases & their families, 16797
quality of death, terminally ill hospice vs nonhospice cancer patients, 2655
quality of life, terminally ill children, implications for social workers, 27173
responsibility toward & practices affecting care of dying patients, physicians, 37677
sociological analysis of farewell conduct & attitudes, adult terminally ill cancer patients, Australia, 33561
teaching approaches, depersonalization of care for terminally ill patients, medical students, 23823
teaching of relationship with terminally ill patients, medical students, 23830
terminal medical treatment using home & ambulatory & palliative care, AIDS patients, 27068
therapeutic interventions, later phase AIDS patients with multiple problems, 16314
training & occupational stress & influence of organizational structure & values, health care providers & dying patients, literature review, 9607
view of differences in healthy vs seriously ill children's conceptualization of death, pediatricians & parents, 12527
3 phase model of psychosocial adjustment, patients with chronic terminal illness, implications for intervention, 9009
Terminology (Psychological) [See Psychological Terminology]
Territoriality
age & sex, intragroup spacing behavior, juvenile savannah baboons, 539
aggression & nearest neighbor distances, female reindeer during rut, Finland, 18009
aggression among females, spacing of nests & mating behavior & male polyterritoriality, female pied flycatchers, 3982
artificial selection & genetic variation for territorial success, male Drosophila melanogaster, 14653
authority & community in political uses of territoriality, 13941
availability of high quality & hoardable food, territorial & cooperative behavior, Mongolian gerbils, 28443
behavior patterns & territoriality, Australian magpies vs other cracticidae & Corvus species, 456
body size, aggressive encounters in competition for territories, male sticklebacks, 28542
body size, territoriality, male fruit flies, 496
call characteristics & amplitude, positioning behavior, neotropical male frogs, 14642
castration, territoriality & sexual behavior, free living male mountain spiny lizards, 32136
choice of already paired vs unpaired males, reproductive success, female polyterritorial wood warblers, 35554
concept & classification systems of human territoriality & interpersonal space, 4972
dispersal patterns, reproductive success & inbreeding avoidance, juvenile white footed mice, 4055
dominance rank, spatial distribution over large territories, brook chars, 10936
fecal pellet pheromones, territorial advertisement, noncourting female red backed salamanders, 10959
female choice vs male competition, maintenance of polygyny, yellow headed blackbirds, 519
female dummy presentation in solitary vs rival conditions, courtship & territorial aggression, male sticklebacks, 4034
food availability & competition, feeding & defense time & territory size, breeding male Willow Flycatchers, 546
genetic mechanisms underlying territorial behavior & motivation, desert spider strains, 35544
genotypic similarity, communal nesting & home range overlap, female vs male house mice, 4067
geographical location & sexual patterns in repertoire sharing & sources of vocal imitation, group living magpie, 7582
inheritance, dispersal tendencies, female spruce grouse & offspring, 1965–85, Canada, 561
interspecific mating territoriality against other male intruders, Anthidium manicatum males, 10999
interspecific territoriality & habitat use, sympatric breeding Black-capped & Mountain Chickadees, 39027

intruder size advantage, territorial prior residence effect, convict cichlids, 14587
intrusion by stranger vs neighbor, territorial response, 3 species of animals, application of game theory, 4057
manipulation of food resources & competitors, feeding territory size, coral feeding butterfly fish, 39067
natal & breeding dispersal, yearling & adult house wrens, 14583
neighbor vs stranger call recognition, territorial male bullfrogs, 466
nest habitat availability & mortality rate, California gulls, 28500
oviposition site selection & spatial predictability, female white faced dragonflies, 18060
patch use measuring technique, habitat preference & predation risk & competition & foraging, coexisting granivorous rodents, 457
pillar building, courtship & spacing & aggression, male fiddler crabs, 10937
piracy as alternative reproductive strategy, male peacock wrasse fish, 14632
plumage color, defense of nestboxes & mating success & sexual selection, male pied flycatchers, 4038
polygyny, territorial behavior & reproductive success, male pied flycatchers, test of deception hypothesis, 25010
population density & habitat size & oviposition substrate, territorial breeding system, pupfish, 4011
prey consumption & type of intruder, territorial defenses, female harriers, 35553
quality of songs, suitability of territory, naturally settled vs experimentally replaced male great tits, 4013
residence confusion, territorial contests, male damselflies, 4048
resource abundance & territory & group size & territory sharing behavior, Caribbean striped parrotfish, 28464
scent marking of home range boundaries, ring tailed lemurs, 31999
sensitivity to song type & variations, territorial male song sparrows, 568
settlement pattern & costs of search for mate, female pied flycatchers, 4039
sex ratio, territoriality & spawning success, male pupfish, 14602
social & territorial behavior, Mongolian gerbils, 28444
social organization & space use, Gunnison's prairie dogs, 551
social rank & aggressive tactics during territorial defense, cichlids in aquaria with several territories, 473
song repertoire size & territory acquisition & size & tenure & reproductive success, male song sparrows, 28491
song repetition & contrast, territorial response, male western meadowlarks, 499
song sharing & social behavior, magpie in territorial & nonterritorial groups, 7570
space & aggressive behavior, territoriality, mountain dusky vs three lined salamanders, 503
space assignment & territoriality & personalization & centrality & propinquity & office decor symbolism, space planning in renovated state capitol building, legislators & staff, 13893
stationary electrode stimulus mimicking conspecific discharge, signal localization & territorial behavior, electric fish, 25031
survivorship & body weight & spatial mobility, reproductive success, male vs female voles, 564
temperature & food & song playback, vocal territorial behavior, male wrens, 569
territorial & aggressive behavior & spatial & temporal patterns of scavenging, feral or abandoned domestic dogs living in garbage dump, 39010
territorial & reproductive behavior, male dragonflies, 444
territorial behavior & interpersonal distance strategies, bus passengers, Sweden, 22343
territorial fidelity & retaining or reclaiming breeding territory from preceding year, male warblers returning vs new to study area, 505
territorial success, male Drosophila melanogaster from different geographic regions, Australia, 35510
territory acquisition & loss, male song sparrows, 5 yr study, 28445
territory shifts, adaptation to habitat features & increase in territory size, sparrows, 14611
testosterone & corticosterone levels, acquisition of breeding territories & reproductive success, male red-winged blackbirds, 28640
unfamiliar intruders, aggressive displays & attacks vs indifference, breeding pairs of lion tamarins, 31971
vocalizations & acoustic communication, intergroup spacing, mantled howling monkeys, 583
winter, social structure & territoriality & foraging groups, black capped chickadees, 4041

Terrorism

assessment & treatment of psychological damage & posttraumatic stress reactions to terrorism & disasters, implications for military medicine, conference presentation, 15669
fanaticism & political suicide, understanding of terrorism, 22764
group psychotherapy, adult former hostages of terrorists, Denmark, 16466
issues in definition & concept of terrorism, 40220
media & intrapsychic & group dynamic motivations for terrorism & childhood & adolescent development of terrorists & children in terrorist countries, 22737
negotiation support system, dealing with terrorists in hostage taking situation, police negotiators, 18827
perception of political violence, coping strategies & trait neuroticism, 18 yr olds & older, Northern Ireland, 40209
psychoanalytic perspective on social violence & dictatorship as example of terrorism, Argentina, 39841
psychological impact of violence & terrorism, 1969–87, Northern Ireland, 19278
psychopathology & coping, male 42 & 50 & female 39 yr old victims of terrorist attack, Israel, 9 yr followup, 40236
PTSD & associated features, 16 yr old & older victims of civil & terrorist violence, Northern Ireland, 19158
social learning hypothesis of terrorism, prevention implications, 15883
sociomoral factors, motivation to fight against terrorists, Israeli soldiers, Lebanon, 22727
terrorism, long term psychological & psychosomatic aftereffects, hostages & their families, Netherlands, 9 yr study, implications for preventive care, 40056
traditional & behaviorist perspectives on terrorism, literature review, 15869
utility of Psychological Stress Evaluator, assessment of traces of terrorist voices before death threats vs at other time, 3531

Test Administration

administration & validity problems with 4th edition of Stanford Binet Intelligence Scale, gifted children, 146
administration of Abnormal Involuntary Movement Scale, screening for tardive dyskinesia, patients on neuroleptics, 19996
administration time & concurrent validity of paper & pencil vs computer versions of Self Directed Search, assessment of occupational interests, college students, 17628
annoying test administrator, emotional responses & attentional interference & test performance, college students with low vs high test anxiety, 17320
attitudes toward & history of & intentions about cheating, cheating on proctored vs unproctored examinations, 1st yr medical students, implication for honor systems, 17075
auditory & tactile administration, psychological tests, sighted 9–15 yr olds wearing blindfolds, 33553
auditory only vs auditory visual administration method, reliability of Test of Auditory Comprehension of Language, 11 yr olds with moderate sensorineural hearing losses, 35181
classroom vs examination situation, ESP, 16–20 yr old high school & college students, India, replication, 5
computer vs conventional MMPI administration, literature review, 14077

computerized vs paper & pencil version of attitude assessment in organizations, civilian Navy personnel, 38659
delay in response to computer generated test items, test performance, college students, 17170
development of pocket computer, self administration of cognitive tests, soldiers, 17549
development of telephone administered test battery, measurement of verbal & spatial & perceptual & memory abilities, 9–15 yr olds, 102
discrepancies between ability & achievement scores on individually vs group administered standardized tests, 3rd vs 5th vs 12th graders, implications for diagnosis of learning disabilities, reprint, 10244
dynamic assessment approach research, measurement & feedback of mental abilities & performance, children, 31569
errors in WAIS-R & WISC-R scoring, examiners, 17551
examiner effects on reliability of Neonatal Behavioral Assessment Scale, neonates & psychologists, 38608
examiner familiarity, test performance, White vs Black vs Hispanic students, meta analysis, 17306
extension of Profile of Mood States protocol for standardized administration & subscale reliability, college students, 21055
factorial & criterion validity of telephone administered IQ test, age & gender differences in intelligence & short term memory, 27.5–82 yr old same sex twins, Sweden, 14146
group vs individual administration of Piagetian tasks, assessment of cognitive development, 6th–10th graders, Pakistan, 38648
instructions for taking 16PF & Eysenck Personality Questionnaire, social desirability indexed by Lie scale, adult male applicants for public vehicle driving license, Israel, 31564
nominal recall vs multiple choice administration of WISC-R Information subtest, 6.4–15.3 yr olds with developmental specific learning disabilities, 31684
oral vs written test administration, validity of Improved Readability Form of MMPI, literate vs illiterate patients of rural mental health centers, 31585
order of general & specific questions in telephone survey, subjective well being, adults, 21110
pencil & paper vs computer administration of Western Personnel Test versions, adults, 17544
Personal Attribute Inventory modification vs Adjective Checklist, alternative assessment of self concepts, college students, 24634
procedural validity of "face-to-face" vs telephone administration of depression section of National Institute of Mental Health Diagnostic Interview Schedule, 18–81 yr olds, 19256
rationale & procedure for computer administered test in professional ethics, counseling students, 23910
rationale for & applications of selected response procedure for Rorschach test, 42
reading ability & test administration method, performance on tests of reading comprehension, 3rd graders, 3330
reading vs listening/reading administration technique, Reading Comprehension subtest score on Stanford Achievement Test, learning disabled 7th–9th graders with good vs poor reading, 41390
reliability of assessment of cognitive impairment by family caregivers, patients with mild to moderate dementia, 35120
repeated administration, validity of Daily Stress Inventory, employed adults, 7074
retesting with General Health Questionnaire, validity, medical students, Yugoslavia, 7168
Rorschach test with simplified inkblots or list of possible responses, responses & scoring, paranoid vs nonparanoid schizophrenic 18–43 yr olds, 3577
scoring & administration & clinical utility of studies involving Family Concept Assessment Method, measurement of family relations, implications for family therapy, 29206
self vs rater administered assessments of depression, elderly patients, 15799
setting & administration method, validation of curriculum based assessment of oral reading rates, 3rd–4th graders, 41363
sex & examiner's education, presence & type of clerical errors made on scoring WISC–R protocols, school psychologists or interns, 10283
silent vs listening reading administration method, performance on reading comprehension test, good vs poor reading learning disabled 11.7–14.1 yr olds, 10316
size of drawing of stimulus vs actual stimulus constructed in presence of S vs behind screen, block building test performance, kindergartners, Spain, 3539
strategies to enhance test performance, urban at risk students & their teachers, 38285
time limits & phrasing of directions, SAT scores, gifted 8th–10th grade males vs females, 38257
time of administration & scale format & item domain, variance in recreation experience preference measurement, adult wilderness course students, 7193
time pressure, performance on Eysenck Personality Questionnaire extraversion scale & WAIS subtests, 15–27 yr olds, 36492
Token Test commands for verb "to touch" as verb of perception, agentivity & causality relationship, 4–10 yr olds, Portugal, 38577
validity of orally administered Beck Depression Inventory & Self-Rating Depression Rating Scale scores vs DSM-III depression criteria, psychiatric inpatients, 7111

Test Anxiety

annoying test administrator, emotional responses & attentional interference & test performance, college students with low vs high test anxiety, 17320
cognition & emotion, test anxiety coping strategies, high school students, 3240
cognitive behavioral coping skills training, generalized self efficacy & locus of control, test anxious college students, 20710
computerized vs paper & pencil test administration, test anxiety & performance, college students, 10285
construct validity of checklist vs thought listing method, assessment of positive vs negative thoughts following classroom test & relation to test anxiety, college students, 14091
correlates & courses & effects & treatment of academic test anxiety, students, meta analysis, 10121
covert rehearsal vs induced affect coping skills rehearsal, test anxiety & performance, college students, 20711
development of Ottens Tucker Academic Anxiety Coping Scale, college students, 41381
examination stress, anxiety & physical symptoms, college students, 20567
examination types & anxiety state & academic achievement in science education, college students intending to be science teachers, Israel, 31105
hypnosis, examination anxiety, 12–17 yr old high school students, 10305
hypnosis, examination stress coping & performance, 18–20 yr old Indian medical students, conference presentation, 30544
intrusiveness of cognitions, test anxiety, medical students, longitudinal study, 20517
personality & mental stress reactivity, high vs low test anxiety students, conference presentation, 20561
progressive muscle relaxation vs visual imagery training, motor & physiological functioning, 3rd–6th graders with test anxiety, conference presentation, 19878
progressive relaxation, test anxiety & cognitive visual perception, college students, 26919
psychodynamic subliminal stimulation vs social support, test anxiety, college students, 10261
psychometric properties of Test-Taking Expectations Scale, assessment of unrealistic test taking expectations & relations with test anxiety, college students, 24208
psychopathology of test anxiety & incidence of fears & worries, 8–12 yr olds, 1551

restraining paradoxical interventions, procrastination or test anxiety, high vs low reactant clients, 5939
sex & ethnicity & social class, test anxiety, 7th–9th graders, Israel, 41311
stability of test anxiety & learned helplessness & future academic achievement, 3rd graders retested in 5th grade, 2 yr study, 24039
success vs failure expectancy with vs without self focused attention, achievement task performance, low vs high test anxious college students, 25950
task irrelevant negative self deprecatory thoughts, performance in testlike situation, high vs low test anxious college students, 41270
test anxiety & standardized test performance, Black vs White male vs female 7th & 8th graders, 3306
test anxiety, Chinese vs Anglo or European college students, Canada, 10145
test anxiety prior to oral examination, preclinical medical students, England, 13286
training in cognitive monitoring strategies, test anxiety, 4th–5th graders, 13711
Type A behavior & locus of control & test anxiety, preference for situations involving effort or time pressure or feedback, college students, Australia, 1442
visual vs nonvisual cognitive style, test anxiety, right handed 18–28 yr old nursing students, 38033
Test Bias [See Also Cultural Test Bias]
bias & inconsistency of Canadian substitute items for WISC-R, psychologists, Canada, 7066
biasing of attitude scale instructions vs statements, acquiescence vs reactance to issue, college students, 7098
construction of negative test items paralleling Bem Sex Role Inventory positive items related to androgyny & self derogation, male & female college students, implications for confound free scale, 24566
content bias of MacAndrew's Alcoholism Scale of MMPI, patients with psychiatric vs general medical vs seizure disorders, 28060
educational level, validity of Mini-Mental State Examination as measure of cognitive ability, elderly, 17599
evaluation of Australian Scholastic Aptitude Test & bias in allocation of tertiary education scores, Australia, 41373
genetics & psychometrics, animal model of minority group test bias in maze learning, rats, 14126
item bias in nonspeeded subtests of Armed Services Vocational Aptitude Battery, White vs Black vs Hispanic male vs female 10th–12th graders, 14134
item discrimination & measurement disturbance in intelligence & attainment tests, 6827
iterative procedures for linking metrics & assessing item bias in item response theory, 7212
learning style & test biases, norm referenced achievement tests, low income Blacks, school counseling implications, 20666
model misspecification & robustness & parameter linking issues in item response theory bias detection procedures, assessment of multidimensional item data, 24686
problems in use of standardized personality & self report instruments for assessment of health psychology & AIDS related behavior, iv drug abusers, 41
psychometric properties of Piers-Harris Self Concept Scale, American Indian vs White 8–18 yr olds, 3601
racial differences in IQ test performance, legal issues & social tensions & prospects for achievement of racial & ethnic parity, implications for social environment, 28045
reliability & social desirability bias in FIRO-B questionnaire, measurement of interpersonal needs, college students, 24645
reliability & validity & bias of 6 behavior rating scales, K–12th graders with behavior problems or disorders, 31689
SES, diagnostic validity of intermediate Test of Language Development, learning disabled vs non-learning-disabled 8–14 yr old Black students, 20665
sex bias & prediction of individual course grade vs GPA, college students, 27794
stability of W. H. Angoff's delta item bias index, Iowa Tests of Basic Skills Vocabulary & Language Usage tests, 5th graders, 31272
type of problem solving strategies on subtraction of fractions, differential item functioning, junior high school students, implications for item bias, 27813
validity generalization in employment tests, racial discrimination in personnel testing & selection, 24314
Test Bias (Cultural) [See Cultural Test Bias]
Test Construction [See Also Content Analysis (Test), Cultural Test Bias, Difficulty Level (Test), Item Analysis (Test), Item Content (Test), Test Bias, Test Forms, Test Items, Test Reliability, Test Standardization, Test Validity]
association of tasks & job skills by experts & factor structure of task to job skill linkage, employee selection test development, supervisors & experienced workers, 34872
choice of behavior to be measured & other methodological issues, construction of health behavior index to assess reduction of alcohol consumption & weight, 28146
cognitive psychology & achievement test development in education, 38282
combination of frequency & criticality data from job analysis, test plan development for licensure & certification examinations, 31616
computer program utilizing sentence verification technique, test construction, 38680
concept mapping for questionnaire development, evaluation of One to One Big Brother/Big Sister youth program, participating vs non-participating youths, 28091
construct validity in instrument development & modification for studies on nursing practice & research & theory associations, 10640
construction & clinical & psychometric significance of Wechsler Memory Scale-Revised, 31630
construction & construct validity of Idealism Scale, measurement of individual differences in regulatory functions of ideal self, 10664
construction & factor analysis & reliability & validity of scale, awareness & use of higher order cognitive processes in problem solving, Black & Hispanic 7th–11th graders, 24211
construction & factor analysis of Constructive Thinking Inventory, self report of automatic constructive & destructive thinking, college students, 38613
construction & factor structure & predictive validity of socialized coping scale, adolescent males released from residential treatment facility for behavior problems, followup, 14115
construction & factor structure of & score distributors for Spanish version of Rotter Internal External Locus of Control Scale, male vs female college students, Puerto Rico, 14180
construction & factor structure of Cooperative/Competitive Strategy Scale, 17–66 yr olds, 7178
construction & factor structure of Marihuana Perception Inventory, assessment of psychosocial factors & onset of marihuana usage, college students, 87
construction & factor structure of multidimensional questionnaire obtained from Anglo-American & German samples, assessment of assertiveness, nurses & 17–68 yr old psychiatric patients, 24649
construction & factor structure of Preschool Characteristics Questionnaire from modified Child Characteristics Questionnaire, temperament measurement, mothers rating their 4 yr olds, 38617
construction & factor structure of set of tests, measurement of simultaneous & successive cognitive coding & development, K–2nd graders, 14175
construction & factor structure of Teacher Efficiency Attitude Scale, evaluation of attitudes toward teaching & interaction with students, high school teachers, India, 7128
construction & field testing of measurement taxonomy system, documentation of consultant activities, special education consultant working with mildly handicapped 3rd grader, 27740

construction & internal consistency & temporal stability of inventory, assessment of knowledge of behavioral methods for inpatients, hospital staff, 3 mo followup, 21111
construction & internal consistency of Child Satisfaction Questionnaire & Physician Attribute Checklist, assessment of perceptions of medical care & perceptions of physicians, 6–14 yr old pediatric clinic patients, 6268
construction & interrater reliability & factor analysis of Hospital Treatment Rating Scales, assessment of prominence of psychiatric hospital intervention techniques, clinical staff, 17571
construction & psychometric properties of Child Activities Scale & Parental Role Preference Scale, assessment of parental involvement in child care, parents, 17572
construction & psychometrics of questionnaire, measurement of Maori language & cultural knowledge, Maori vs Pakeha children & college students, New Zealand, 28139
construction & reliability & clinical utility of Portland Adaptability Inventory, outcome evaluation, 16–59 yr olds with serious traumatic brain injury, 7124
construction & reliability & convergent & discriminant validity of global Job in General scale & correlation with Job Descriptive Index facet scales, measurement of job satisfaction, employees, 24603
construction & reliability & predictive validity of scale, measurement of beliefs about consequences of employing homosexuals, 21–72 yr old managers, 24632
construction & reliability & validity & factor analysis of self rating Functional Social Support Questionnaire, family medicine patients, 10565
construction & reliability & validity & factor analysis of Occupational Identity Scale, occupational dimension of J. E. Marcia's ego identity development model, high school & college students, 120
construction & reliability & validity & factor structure of Student Stress Inventory & cross validation of Maslach Burnout Inventory, gifted 10–17 yr old students, 31258
construction & reliability & validity of computer administered Adult Diagnostic Interview Schedule-Present, psychodiagnosis, psychiatric inpatients, China, 3656
construction & reliability & validity of law scale, assessment of attitudes toward law & legal processes, adults, India, 35144
construction & reliability & validity of locus of control scale, 13–16 yr olds, India, 10652
construction & reliability & validity of measure of kinship responsibility, hospital employees, implications for research on employee behavior, 55
construction & reliability & validity of personal adjustment inventory, creative secondary students, India, 21057
construction & reliability & validity of personality inventory, assessment of emotional & social adjustment, 20–54 yr old executives & job applicants, India, 31587
construction & reliability & validity of rating scales, measurement of Islamic work ethic & individualism, Arab college students, 24563
construction & reliability & validity of sex role preference scale, 6–9 yr olds, India, 138
construction & reliability & validity of socially valid parental measure of child creativity, teachers vs 31–52 yr old parents of 4th–5th graders, 35184
construction & reliability & validity of Achievement Motivation Scale, measurement of needs for academic & vocational & social & skill achievement, male vs female high school students, 38664
construction & reliability & validity of Actual Memory Scale, assessment of forgetting & self evaluations of retention, 14–80 yr olds, 130
construction & reliability & validity of Assessment of Motivational Outcomes questionnaire, measurement of classroom perceptions of success vs failure, college students, 41391
construction & reliability & validity of Child Consultation Rating Scale, assessment of psychopathology, 1–17 yr old hospitalized patients & their families, 35149
construction & reliability & validity of Chinese Depressive Symptoms Scale, adults, China, 24617
construction & reliability & validity of Cognitive Mode Questionnaires, assessment of artistic vs thinking personality types & relation to cerebral dominance, adults, 17635
construction & reliability & validity of Computer Technology Hassles Scale, college students, 38631
construction & reliability & validity of Conversational Skills Rating Scale, college students, 17640
construction & reliability & validity of Early Adolescent School Role Strain Inventory, 5th–6th graders, conference presentation, 41366
construction & reliability & validity of Firesetting Risk Interview, correlation of client variables & firesetting, 6–13 yr olds with mental disorders, support for conceptual model of firesetting, 31623
construction & reliability & validity of Frequency of Self Reinforcement Questionnaire, college students, 17589
construction & reliability & validity of Lao Depression Inventory, Laotian refugees over 16 yrs old, 21080
construction & reliability & validity of Likert type rating scale, measurement of cognitive & affective & conative attitudes toward sexually transmitted diseases, 7th–12th graders & college students, 31693
construction & reliability & validity of Maternal Separation Anxiety scale, 15–39 yr old mothers of infants, 38627
construction & reliability & validity of Neurological Evaluation Scale, assessment of neurological impairment, schizophrenic adults, 35101
construction & reliability & validity of Pinney Sexual Satisfaction Inventory, female college students, 35175
construction & reliability & validity of Sexuality Scale, assessment of sexual esteem & depression & preoccupation, college students, 35192
construction & reliability & validity of Stunt Movement Confidence Inventory, high vs low confidence 9–11 yr olds, 28095
construction & reliability & validity of 5 factor scale, measurement of perception of difficult psychiatric outpatients, therapists, 3623
construction & reliability of active/decisive & individual responsibility scale, assessment of decision making & sensation seeking, adults, 3579
construction & reliability of discomfort scales, assessment of physical & psychological discomfort, adult medical patients, 35132
construction & reliability of Louvain Observation Scales for Objectives in Psychomotor Therapy, psychiatric clients, 31553
construction & reliability of social support network instrument, adults with psychiatric disabilities, 122
construction & reliability of Suicide Checklist, assessment of suicide potential by nursing staff, jail inmates, Canada, 14090
construction & validation of Behavior Exchange Inventory, assessment of perceived behavior exchange patterns, healthy adults & psychiatric inpatients & outpatients, 14116
construction & validation of Community Health Intensity Rating Scale, classification of patients based on nursing care requirements, nurses, 14155
construction & validation of Index of Social Support, assessment of perceived social support & satisfaction, elderly community residents & depressed outpatients, UK, 14128
construction & validation of questionnaire, assessment of French & Raven bases of social power, college & graduate students & hospital employees, 38626
construction & validation of Short Form Impairment Index, measurement of age related cognitive differences & impairment, patients with psychiatric & neurological disorders, 99
construction & validation of Social Skill Behavioral Assessment System, molar vs molecular assessment of social skills in interaction, college students, Spain, 24577

construction & validation of Township Life Events Scale, assessment of perception of township life, Black blue collar workers, South Africa, 14193
construction & validity & reliability of adjustment questionnaire, measurement of emotional & social coping strategies, 50 yr olds & older, India, 17561
construction & validity & reliability of cognitive orientation questionnaire, prediction of decision to go for medical examination for cancer, 20–74 yr old females, 31685
construction & validity & reliability of functional assessment instrument, systematic individualized care planning, 30–96 yr old stroke patients, Sweden, 1 yr study, 38637
construction & validity & reliability of interactive videodisc Learning Style Survey, low literate 16–55 yr old entering community college students, 31266
construction & validity & reliability of pet attachment index, 65–95 yr old & older pet owners, 21137
construction & validity & reliability of Assault Response Questionnaire, assessment of emotional & biophysiological & social reactions, nurses assaulted by psychiatric patients, 3600
construction & validity & reliability of Children of Alcoholics Life Events Schedule, measurement of stressful experiences, high school students, 14164
construction & validity & reliability of Clinical Anxiety Scale, rapid assessment of anxiety, Army personnel & employees & college students & patients with anxiety disorders, 28147
construction & validity & reliability of Social Physique Anxiety Scale, female college students, 28096
construction & validity & reliability of Teacher Role Conflict Inventory, teachers, 10252
construction & validity of Academic and Social Self Efficacy Scale, prediction of academic achievement & sociometric status, 3rd–5th graders, 10271
construction & validity of Attitude toward Science in School Assessment, high school students, 24092
construction & validity of documentation questionnaire, assessment of subjective evaluation of application software, high level management information systems managers, 31604
construction & validity of perceived physical fitness scale, assessment of perceived physical fitness on psychological functioning, 21–68 yr olds, 29379
construction of Air Force Officer Qualifying Test Form P, psychometric properties & content & style resemblance to Form O, airmen & officer cadets in training, 21067
construction of Archaic Involvement Measure, assessment of relational & rapport factors in hypnosis, college students, 38645
construction of attitudes toward cheating scale, college students & faculty, 17307
construction of brief negative & positive affect scales from Profile of Mood States, assessment of psychological adjustment, cancer patients, 35127
construction of Change after Psychotherapy scale, rating of improvement using symptoms & adaptive capacity & insight & basic conflict resolution, outpatients finished with psychotherapy, Sweden, 133
construction of Children's Sleep Behavior Scale, parental ratings of sleep behaviors, 1st–6th graders, 31594
construction of Emotional Self Disclosure Scale, assessment of willingness to discuss specific emotions with different disclosure recipients, female vs male college students, 3636
construction of life events inventory, measurement of AIDS & HIV induced stress & emotional reactions & life change, homosexual & bisexual male 16–70 yr olds, Australia vs New Zealand, 14166
construction of manager & peer & self rating scale, measurement of psychological maturity, university hall directors & resident assistants, 3552
construction of Mental Adjustment to Cancer scale, cancer patients, 3649
construction of observational scale, measurement of approach-avoidance & behavioral distress during preparation for bone marrow aspiration, 3–11 yr olds with suspected leukemia, 3590
construction of rating scales, assessment of self control skills & school adjustment, teachers rating 1st–5th graders in urban vs suburban schools, 24226
construction of ratio scales, assessment of seriousness of crimes & offenses, college students, 14100
construction of self report measure & definition & causes of obsolescence of knowledge & skills, technical professionals, 20763
construction of self report measure, assessment of touching behavior, adults & college students, 25856
construction of Sex Fantasy Questionnaire, measurement of sexual desires & preferences & activities, male & female adults, sex therapy implications, 10662
demand characteristics & reactivity problems, development of affective states scale, college students, 109
design & implementation research on Developmental Editions of norm referenced standardized tests, 38622
design & reliability & validity & factorial structure of Depression Screening Instrument, general practice patients, 35094
development & application of scale for evaluation of early intervention programs, mentally handicapped & at risk 0–3 yr olds, Canada, 14141
development & assessment of behavior rating scale for use in residential special school, emotionally & behaviorally disordered 10–14 yr old males, 24256
development & concurrent validity of nonverbal intelligence test, 6–17 yr olds with hearing impairments, India, 35105
development & construct validity of consumer satisfaction questionnaire, measurement of satisfaction with hospital environment & treatment, psychiatric inpatients, 35140
development & construct validity of Q sort observational measure, assessment of family functioning, intact families with 2–6 yr olds, clinical implications, 38681
development & construct validity of Working Alliance Inventory, assessment of degree of success in counseling, graduate students in counseling psychology, 24600
development & content validity & clinical utility of Denver Developmental Activities, assessment of age appropriate development of child for pediatric consultation, 21–43 yr old parents, 21086
development & criterion & content validity of subscales for Sexual Attitudes Scale, college students, 35137
development & cross validation & reliability of Christensen Dietary Distress Inventory, identification of dietary induced mood disturbance, adults, implications for dietary treatment, 28072
development & cross validation of rating scale, assessment of probability of violence, adult male released mental patients, 35146
development & discriminant validity of AD MEM adjective list, assessment of memory attributes, male secondary school students, 15109
development & evaluation of Practitioners' Attitudes Toward Computer Applications Scale, psychologists, 21083
development & factor analysis & validity & reliability of REHAB behavior rating scale, chronic psychiatric patients, implications for clinical assessment & research, 7063
development & factor analysis of Interpersonal Conflict Scale, behavioral assessment, industrial supervisors, South Africa, 35168
development & factor analysis of Marihuana Perception Inventory, 30–60 yr old parents, implications for drug education, 35110
development & factor analysis of Rehabilitation Profession Job Task Inventory & Rehabilitation Profession Knowledge Competency Inventory, rehabilitation service providers, 21062
development & factor structure of aggression inventory, high school students, Mexico, 3565
development & factor structure of psychosocial behavior scale, assessment of disturbed & hysterical behaviors, mentally handicapped adults, 10581

development & field testing plan for Composite International Diagnostic Interview, cross cultural epidemiological measurement of mental disorders & symptoms, 17629
development & internal consistency & construct validity of Miller Hope Scale, college students, 3608
development & interrater reliability & construct validity of Classification of Intellectual & Other Psychological Impairments, severely mentally ill patients, 10658
development & interrater reliability & factor analysis of rating scales to assess collaboration in milieu treatment & relations with staff, chronic hospitalized psychiatric patients, 17556
development & national standardizations of Standard Progressive Matrices & Mill Hill Vocabulary Scale, assessment of general intelligence, students from different ethnic & SES groups, UK vs US, 34831
development & psychometric properties of self report psychosomatic complaints scale of stress, police officers, 17587
development & reliability & concurrent validity of computer assisted occupational interest inventory, functionally illiterate or academically disadvantaged adults, 21096
development & reliability & construct validity of self concept scale for industrial & business applications, 20–64 yr old employees, 28076
development & reliability & internal consistency of Social Phobia & Anxiety Inventory, college students, 24660
development & reliability & validity & factor structure of near death phenomena knowledge & attitudes questionnaire, registered nurses, implications for health care delivery, 24658
development & reliability & validity & scoring of personal & social & religious & economic values scale, adult females, India, 38666
development & reliability & validity of aggression risk profile, prediction of verbal & physical & general manifestations of aggression, psychiatric inpatients, 7125
development & reliability & validity of discipline self rating scale, assessment of deviant behavior, college students, India, 41389
development & reliability & validity of domestic assessment form, assessment of functioning, mentally ill elderly living alone vs with relatives vs discharged from day hospital wards, England, 31677
development & reliability & validity of life concerns checklist, measurement of response style & rates, hypertensive vs normotensive college students, 38601
development & reliability & validity of positive automatic thinking scale, adults, 10602
development & reliability & validity of scale for rating drug induced akathisia, 32–65 yr old chronic inpatients receiving antipsychotic medication, 38588
development & reliability & validity of scale measuring consumer susceptibility to interpersonal influence, adults, 38589
development & reliability & validity of self esteem questionnaire, 19–68 yr old cancer patients, 9 mo followup, 10592
development & reliability & validity of sexual irrationality questionnaire, assessment of beliefs contributory to sexual problems & intimacy difficulties, college students, sex therapy implications, 17598
development & reliability & validity of Adolescent Social Self Efficacy Scale & relation to self concept & social adjustment & mental health, emotionally disturbed vs functioning 12–19 yr olds, 38597
development & reliability & validity of Beck Anxiety Inventory, psychiatric patients, 10559
development & reliability & validity of Care Roles Attitude Questionnaire, assessment of attitudes toward professional roles in child care services, college students, Australia, 35141
development & reliability & validity of Community Functioning Scale, mentally ill clients entering community living & rehabilitation programs, 28110
development & reliability & validity of Environmental Appraisal Inventory, assessment of threat to self & environment posed by & perceived control over environmental hazards, adults, 31664
development & reliability & validity of GBS Scale, assessment of motor functioning & intellectual & emotional & mental disturbances, patients with dementia, 3554
development & reliability & validity of Industrial Relations Event Scale, assessment of stressful events, industrial relations employees, South Africa, 56
development & reliability & validity of Intimate Bond Measure, assessment of intimate interpersonal relationships, adults, 3651
development & reliability & validity of Life Events & Coping Inventory, assessment of life stress & coping behaviors, 12–14 yr olds, 17575
development & reliability & validity of Major Problem Rating System, assessment of psychiatric outcome, clients, 38670
development & reliability & validity of Mastery Orientation Inventory, assessment of generalized learned helplessness, adolescents, 31661
development & reliability & validity of Men's Adult Life Experiences Inventory, assessment of developmental concerns of middle age, White males & 25–58 yr old fathers, 31582
development & reliability & validity of Principal's Power Tactics Survey, assessment of administrative power strategies, elementary school principals & teachers, 31287
development & reliability & validity of Psychosocial Severity Index, inpatient social work cases, 7114
development & reliability & validity of Rating Scale of Dysphoria, self vs parental or significant other rating of depression, 35151
development & reliability & validity of Satisfaction with Performance Scaled Questionnaire, assessment of satisfaction with independent living skills, disabled patients, 38685
development & reliability & validity of Stokes/Gordon Stress Scale, assessment of stress & treatment planning, 65 yr olds & older, 3639
development & reliability & validity of Transition to Parenthood Concerns Scale, assessment of learning needs & concerns, expectant parents in last trimester, 24602
development & reliability & validity of Vanderbilt Psychotherapy Process Scale, clients & therapists, 38674
development & reliability of children's version of Eating Attitude Test, 8–13 yr olds, 17614
development & reliability of Learned Helplessness Scale, healthy adults & oncology & hemodialysis & spinal cord patients, 3621
development & reliability of Male Social-Sexual Effectiveness Scale, male college students, 38653
development & reliability of Narcissism Projective test, assessment of narcissistic personality disorder, college students, 3632
development & reliability of scale, assessment of attitudes toward psychosocial aspects of patient care, hospital residents & internists, 10612
development & reliability of self report instrument, assessment of class participation apprehension, college students, 20696
development & reliability of short form of Roommate Rapport Scale, college students, 65
development & standardization & validity of Holtzman Inkblot Technique, cross cultural personality assessment & psychodiagnosis, 10598
development & standardization of Bay Area Functional Performance Evaluation, assessment of general functional performance, patients in psychiatric occupational therapy, 31612
development & standardization of test, assessment of citizenship rights & responsibilities knowledge, mentally retarded 12–73 yr olds, 17647
development & unidimensionality of German vs English versions of social life feeling scales, adults, West Germany vs US, 35148

development & utility of questionnaire, assessment of psychosocial stressors in work environment, nurses, conference presentation, 7117
development & validation & potential of Referral Decision Scale, screening for severe mental disorders in jails, 16–68 yr old jail detainees & prison inmates, 24656
development & validation & reliability of High Sensitivity Cognitive Screen, bedside identification of cognitive dysfunction, 15–69 yr old psychiatric & neurological patients, 17576
development & validation of Arabic version of State Trait Anxiety Inventory, adults, Egypt, 31554
development & validation of Coping Confidence Scale, measurement of individual perceptions of self efficacy & coping with marital separation, separated or divorced adults, 28107
development & validation of ego strength scale for Child Abuse Potential Inventory, screening of child abusers, nurturing vs general population vs at risk parents vs parents involved in other family violence, 14140
development & validation of London House (1986) Employment Productivity Index scales, retail personnel, 24639
development & validation of modified clerical job specific Position Analysis Questionnaire, bank employees, 3657
development & validation of Nurse Patient Interaction Tool, female nursing students, 24613
development & validation of Preoccupation with Alcohol Scale, 20–30 yr old heavy drinking males, 10611
development & validation of scale, measurement of motives for interpersonal communication, 12–91 yr olds, 14167
development & validity & reliability & factor analysis of Anxious Self Statements Questionnaire, assessment of anxious self talk, high vs normal anxious college students, 24610
development & validity & reliability of community cohesion instrument, neighborhood residents, 24574
development & validity & reliability of leader power inventory, business executives & college students, 14159
development & validity & reliability of life history index of adjustment, 42–45 yr old females, 31654
development & validity & reliability of naloxone rating scale, assessment of opioid dependence, opiate abusing patients, 127
development & validity & reliability of rated ranking performance appraisal technique, skilled & semiskilled mine & processing plant employees, 17617
development & validity & reliability of sexual activity & homosexual vs heterosexual preference questionnaire, males vs females, 10625
development & validity & reliability of Agitated Behavior Scale, traumatic brain injured patients, 28073
development & validity & reliability of Attitudes Toward Rape Victims scale, college students & doctors & lawyers & social workers & psychologists, US vs Singapore, 10661
development & validity & reliability of Attitudes Toward Sexuality Scale, measurement & comparison of age differences in sexual attitudes, 12–20 yr olds & their parents, 10585
development & validity & reliability of Attraction to Sexual Aggression scale, assessment of self reported likelihood of committing rape, male college students, 31631
development & validity & reliability of Beliefs about Consequences of Maternal Employment for Children scale, adults, 3583
development & validity & reliability of Feminist Family Therapist Behavior Checklist, identification of feminist family therapy skills & behaviors, family therapists, 28070
development & validity & reliability of General Attitudes Toward Rape scale, male vs female college students, 10610
development & validity & reliability of Health Care Providers Inventory, evaluation of nursing aide applicants, nursing aides, 9925
development & validity & reliability of Significant Others Scale, assessment of social support, college students, 14157
development & validity & reliability of Social Adjustment Inventory for Children & Adolescents, assessment of social functioning & diagnoses, 6–18 yr olds of parents with vs without depression, 101
development & validity & reliability of Underprepared Math Teacher Assessment Project, measurement of cognitive competency for teaching endorsement, elementary & secondary school teachers, 10257
development & validity & revision & extension of Threat Index, assessment of death attitudes, adults, literature review, 38646
development & validity of Academic Self Concept Scale, high school students, Pakistan, 3300
development & validity of attitude to industry scale, 16–19 yr old science students, England, 27802
development & validity of Attitudes Toward Financial Accounting scale, assessment of knowledge development in accounting, college students in introductory vs advanced accounting courses, 10270
development & validity of Bath County Computer Attitudes Scale, 4th–12th graders, 7067
development & validity of computerized measure, assessment of neurotic symptoms, 18–85 yr old patients, 17612
development & validity of computerized psychomotor & cognitive test battery for personnel selection, prediction of dropout from or non-recommendation after pilot training, Air Force pilot candidates, 13950
development & validity of employee screening test, measurement of organizational delinquency, employees, 24599
development & validity of Groupthink Assessment Inventory, college business students, 28115
development & validity of multidimensional measure of patient satisfaction with pharmacy services, clients of family practice clinics, 38641
development & validity of premenstrual experience assessment instrument, 12–56 yr old females, 21087
development & validity of psychometric measure, assessment of power & influence as personality traits, college students, 14095
development & validity of School Interracial Climate Scale, 5th–8th graders, 13709
development & validity of self report behavioral inventory, assessment of color vision, male college students, 3571
development & validity of short form of Junior Eysenck Personality Questionnaire & relationship to religious attitudes, 15–16 yr olds, 17581
development & validity of short form of My Class Inventory, assessment of psychosocial environment of mathematics classrooms, 6th graders, 31261
development & validity of Sport Psychology Consultant Evaluation Form, assessment of consultation services, Olympic athletes, Canada, 17624
development & validity of Suicide Attitude Vignette Experience scale, male vs female college students vs 57–86 yr olds, 38672
development & validity of test battery, assessment of oral & written language skills, K–1st graders, implications for interventions with beginning readers, 14097
development & validity of word production checklists, assessment of early language, 11 mo to 2 yr olds, 24640
development & validity of work involvement measure correlated with lifestyle & family & work variables, college educated females, 28129
development of & normative data for computer literacy test & computer anxiety index, college students, 7179
development of & psychometric data for perceived supervisory & organizational support survey, city government employees, 17608
development of & psychometric data for Q sort instrument to measure perceptions of clinical teaching, faculty members in family medicine residency programs, 17622
development of & relationship between problem severity scales & response bias measures & DSM-III substance abuse diagnoses, 12–18 yr olds receiving chemical dependency treatment, 3587
development of & subscale correlations for multidimensional coping inventory, college students, 17570

development of Alzheimer's Disease Knowledge test, caregivers & professionals & other personnel involved in care of Alzheimer's patients, 7094
development of Behavioral Assessment Scale for Intercultural Communication effectiveness, college students, conference presentation, 21097
development of bipolar unidimensional scales, measurement of internal external locus of control in political behavior & achievement, college students, 10597
development of brief clinical scale, prediction of repetition of deliberate self harm, female vs male hospitalized patients, England, 7158
development of brief self report measure, screening for major depression & dysthymia, adult primary care & mental health outpatients, 14101
development of business & industry needs assessment questionnaire, hospital vs poultry processing plant vs financial corporation employees, implications for EAP planning, 31602
development of Christian Experience Inventory, empirical measurement of religious maturity, adult Presbyterians or seminarians or Catholics, implications for parish ministry, 35089
development of Client Assessment of Mediation Services scale, evaluation of attitudes & satisfaction with processes & outcomes, divorcing clients in family mediation, 10606
development of Cocaine Trigger Inventory, identification of cues that precipitate cocaine hunger, cocaine addicted hospitalized patients, 38667
development of cognitive difficulty level index, assessment of difficulty of electronics test items, high vs low achieving 10th–11th graders, 27815
development of Communicative Effectiveness Index, measure of functional communication, recovering & stable aphasic patients & their spouses, 28106
development of computer administered measure of conformity, college students, 28059
development of diabetes & specific family behavior scale, assessment of helpful family behaviors related to metabolic control, diabetic 7–17 yr olds, 28113
development of Early Neuropsychologic Optimality Rating Scale, assessment of tone & posture & movement & developmental delay, infants, 14092
development of Einstein Assessment of School-Related Skills screening test, identification of learning disorders, nonhandicapped & learning disabled K–5th graders, 31264
development of Explanation Appraisal Schedule, expository teaching style effectiveness assessment, science teachers, Nigeria, 27818
development of goal orientation index, attitudes toward educational objectives, engineering college faculty members, India, implications for survey research, 10248
development of Health Orientation Scale, measurement of emotional reactions to sickle cell trait & screening, carriers vs noncarriers before vs after counseling, 24668
development of Injury Severity Scale, measurement of societal considerations & perception of injury severity & effects, juries in personal injury litigation, 35182
development of instrument to measure affective behaviors relating to justice & religion & literature & science value domains, 7154
development of interview version & comparison with standard version of Lifestyle Criminality Screening Form, prisoners, 35202
development of Italian Pain Questionnaire, healthy 21–53 yr olds, Italy, 7092
development of Jealousy Coping Scale, assessment of relationship between jealous feelings & resulting coping behaviors, college students, 24622
development of Kahn Test of Symbol Arrangement, specific learning disabilities symptoms, learning disabled vs organic damaged vs emotionally disturbed adults, 3648
development of Likert attitude scale, assessment of perceived utility of self evaluation procedure, speech-language pathology graduate students, implications for clinical supervision, 24624
development of Likert type scale, assessment of attitudes toward egalitarian traditional sex roles, college students, 21099
development of Maslowian Assessment Survey & need gratification & importance & salience & self concept subscales, assessment of safety & belonging & esteem, college students, 38683
development of Mental Retardation Practice Inventory, assessment of skills for social work practice with mentally retarded, social workers, 31593
development of microcomputer based performance battery, 18–25 yr olds, implications for repeated measures in environmental & behavioral toxicology studies, 3598
development of observation scale, assessment of pain behavior, hospitalized back pain patients, conference presentation, 17653
development of Occupational Performance History Interview, encoding of work & play & self care performance history, psychosocially &/or physically disabled adolescents & adults & elderly, 31619
development of Ottens Tucker Academic Anxiety Coping Scale, college students, 41381
development of Parent-Adult-Child projective drawing task, assessment of ego states in transactional analysis, 26 & 39 & 57 yr old patients, 3643
development of Perceived Body Image Scale, measurement of perceptual & cognitive & affective aspects of body image, bulimic vs anorexic females, 14137
development of perceived stressors scale, prediction of adaptational outcomes, 65–93 yr olds living in long term care facilities, 31680
development of Personal Involvement with Chemicals Scale, assessment of dependency, 12–18 yr olds, 3652
development of Pressure Inventory vs Social Readjustment Rating Scale, prediction of psychological symptomatology, college students, 7191
development of pseudoword repetition test, phonological processing & academic achievement, 7–12 yr olds with learning disabilities, 38676
development of quality of life index, assessment of direction & magnitude of socioeconomic indicators, 1969–85, 17596
development of questionnaire, assessment of psychosocial disadvantages from occupational noise induced hearing loss, metal products factory workers & their families, implications for rehabilitation, 19553
development of rating scales, measurement of self participation in REM sleep & discrimination of phasic vs tonic phases, male college students, 24664
development of rating scales using prototype strategy, assessment of student motivation, junior high school students, Netherlands, 24221
development of Real Events Attributional Style Questionnaire, college students, implications for depression & learned helplessness theory, 24631
development of Recovery Attitude & Treatment Evaluator, profile of illness severity & treatment progress & matching, chemically dependent 13 yr old & older patients, 17616
development of scales, assessment of arousal & affect & attention as constructs of temperament, college students, 14111
development of screening questionnaire, measurement of attrition in weight control programs, adults, 38650
development of self assessment scale of quality of life & health & well being, elderly patients with severe heart failure, 3650
development of Self Development Project List-90, measurement of positive goal attainment, psychiatric patients & help seeking clients in psychotherapy, 28062
development of self efficacy scales, health related diet & exercise behaviors, college students & staff, 21131
development of self report questionnaire & rating scale, assessment of commitment & psychosocial factors & values & understanding & skills & conflict, divorcing couples seeking mediation, 10656
development of SERVQUAL multiple item scale, measuring service quality perceptions, consumers, 10632

development of small group consensus instrument, measurement of group agreement & satisfaction & commitment to group & decisions, college students, 10578
development of Speech Intelligibility Rating test, assessment of intelligibility of spoken passages for hearing aid comparisons, normal hearing adults, 31575
development of sports vision testing battery, 17–30 yr old athletes vs nonathletes, 21075
development of Spouse Situation Inventory, assessment of coping skills, wives of alcoholics, 38661
development of Structured Interview Guide, reliability of Hamilton Rating Scale for Depression, psychiatric inpatients, 150
development of survey, measurement of internal & external image of psychiatric hospital, consumers & employees, 81
development of telephone administered test battery, measurement of verbal & spatial & perceptual & memory abilities, 9–15 yr olds, 102
development of The Doherty Inventory of Psychological Morale, high school students, implications for teaching & classroom interaction, 3573
development of Vocational Evaluation Satisfaction Scale, 17–51 yr old rehabilitation clients, 17634
development of Work Locus of Control Scale, college students & employees, 17638
development of 15 subscale self report questionnaire, assessment of thought disorder, psychiatric patients, implications for use with schizophrenic patients, 31635
development of 2nd revision of Assessment of Occupational Functioning, 35205
development of 4 Dimensional Self-Consciousness Scale & concept of public self awareness, 22–48 yr old students & school principals, 14186
examination of test item responses, determination of item content & validity & logical interrelationships, commentary reply, 28135
factor analytic methods of scale development in personality & social & clinical psychology research, 7084
factor structure of newly designed verbal tests, 13–15 yr olds, Jamaica, 24636
factors influencing hostility toward lesbians & gay males, development & validity of attitude scale, heterosexual male vs female college students, 36346
feasibility & reliability of self administered cross modal matching task, rating scale descriptors of pain intensity & unpleasantness, medical students, 7156
framework for converting data from test development research to examiner's manual, 38669
history & development of science based ability measurement system for personnel selection, 13946
item construction & internal consistency & test retest reliability of Others Help Me Cope & Ways I Help Others to Cope scales, college students, 7130
item response theory, construction of unidimensional test using multidimensional items, 17695
job task & content analysis, development of standardized certification test, laboratory managers, 38640
limitations & appropriateness in construction & interpretation of psychiatric research scales, 3582
methodology for development of multiple choice critical thinking tests, controlling for background beliefs affecting test validity & fairness, 17620
options & steps in development of licensure examination & scoring methods, school psychologists, 17315
Pediatric Review & Observation of Children's Environmental Support & Stimulation, assessment of parent child relations & home environment during health visits, 2–18 mo olds & their mothers, 14104
perception of common pain experiences in design of pain intensity scale, adults, 28063
process of development of norm referenced tests, implications for pediatric occupational & physical therapy, 38593
psychometric approach to dimensions of emotional depth & questionnaire construction, adults with manic depression or schizophrenia or cycloid psychosis, conference presentation, 31653
psychometric properties of Test-Taking Expectations Scale, assessment of unrealistic test taking expectations & relations with test anxiety, college students, 24208
rating scale construction, measurement of attitudinal & personality characteristics, drug abusing 18–31 yr olds, 21120
reliability & validity of psychology licensing exams, evaluation of development & finalization & administration, psychologists, commentary, 38658
reliability & validity of 3 visual scales, assessment of scenic beauty of highways, college students, conference presentation, 17607
response alternatives to question about frequency of annoyance, interpretation of question & severity of reported examples, college students, West Germany, implications for questionnaire design, 10649
review of existing marital relationship questionnaires & new approach to marital questionnaire development, 10561
revision & implementation & analysis of patient satisfaction questionnaire, assessment of nonphysician care & services, hospitalized patients, 21089
scale construction, measurement of attitudes toward obesity & obese patients, female 21–55 yr old hospital nurses, 38587
scale item correlations reflecting semantic overlap & clusters for formalizing content overlap, maximization of reliability, commentary, 28126
spatial arrangement of positive adjectives on semantic differential scale, response bias in school attitudes survey, college students, 17582
standardization of academic achievement measures & ethical aspects of test preparation, 38290
Standards for Educational & Psychological Testing & application to clinical practice, 35095
test equating vs test construction from pretested item pool using item response theory, maintenance of educational examination standards, conference presentation, 27779
validity & factor structure of revision of Self Consciousness Scale, empirical separation of private vs public self consciousness vs social anxiety personality factors, college students, 14133
validity & reliability of computer aversion scale, prediction of individual differences in performance on computer administered tasks & tests, college students, 21113
validity & reliability of conventional morality scale, assessment of individual differences in ethical & moral values, college students, 14178
zero-one programing for simultaneous test construction, 57
Test Equating [See Score Equating]
Test Forms
abbreviated version of Miller Behavioral Style Scale, assessment of coping behavior in threatening situations, patients with metastatic cancer, 31676
adaption & standardization of Fuld Object Memory Evaluation, 35–55 yr olds, 21079
alternative scale formats, reporting of extreme attitudes on Likert scales of agreement, college students, New Zealand, 24561
alternatives per choice point & self rating Likert scale stability, 35169
BASIC program implementing A. F. Tellegen & P. F. Briggs's formulae, assessment of reliability & validity of short form tests, 28055
behaviorally anchored vs mixed standard rating scale format, accuracy of interviewer performance rating, undergraduate & graduate business students, implications for personnel evaluation, 10560
comparison of different WAIS—R short form conversion tables, IQ prediction, 18–68 yr old heterogeneous psychiatric inpatients, 35118
concurrent validity of OBD-168 measured against MMPI vs MMPI-168, high school & college students, implications for brain damaged populations, 14123
concurrent validity of revised vs original Beck Depression Inventory, profoundly hearing impaired college students, 7136

concurrent validity of short form of Questionnaire on Resources & Stress, mothers of 3 mo to 38 yr olds with developmental disabilities, 35186
construct & concurrent validity of Stanford Binet Intelligence Scale 4th Edition vs K-ABC, low income high risk 4.3–6.6 yr olds in Head Start programs, 24239
construction & validation of Short Form Impairment Index, measurement of age related cognitive differences & impairment, patients with psychiatric & neurological disorders, 99
construction of Air Force Officer Qualifying Test Form P, psychometric properties & content & style resemblance to Form O, airmen & officer cadets in training, 21067
correlation between state form of State-Trait Anxiety Inventory scores & clinical judgments & psychophysiological functions, clients in psychotherapy vs alcohol treatment program, 79
cross cultural reliability of J. R. Lumpkin's version of Rotter's Internal External Locus of Control Scale, adults, 5 countries, 10605
design & implementation research on Developmental Editions of norm referenced standardized tests, 38622
development & reliability of short form of Roommate Rapport Scale, college students, 65
development & utility of Short Geriatric Depression Scale, screening for depressive symptoms typical of elderly, 60–84 yr olds with clinical depression, Israel, 31579
development & validity of short form of Junior Eysenck Personality Questionnaire & relationship to religious attitudes, 15–16 yr olds, 17581
development of interview version & comparison with standard version of Lifestyle Criminality Screening Form, prisoners, 35202
development of measurement model for student version of Jenkins Activity Survey, assessment of Type A behavior, college students, 21035
development of 2nd revision of Assessment of Occupational Functioning, 35205
differential item difficulty on braille edition of SAT mathematics section, blind students, 34803
difficulty of British WAIS-R Vocabulary scale items, 16–76 yr olds, Great Britain, implications for testing method, 7181
equating of Standard vs Advanced forms of Raven Progrsive Matrices, college students, 17595
examination of simple Rathus Assertiveness Schedule & its conversion formula, commentary, 75
factor analysis of Arabic version of Junior Eysenck Personality Questionnaire, male vs female 14 yr olds, Egypt vs England, 38614
factor structure & construct validity of brief self report form of Nowicki-Duke Preschool-Primary Internal External Control Scale, 1st–2nd graders, 31301
factor structure & reliability & validity of 25 item version of Alcohol Dependence Scale, 18–54 yr old male prisoners, Canada, treatment implications, 35138
factor structure & utility of original vs revised Job Diagnostic Survey, measurement of job characteristics & prediction of satisfaction & internal motivation & productivity, dairy workers, 107
factor structure of Benton Visual Retention Test & tests for visual construction & discrimination & Rey Auditory Verbal Learning Test & Digit Span subtest of WAIS-R, psychiatric vs neurologic patients, 28177
factor structure of Halstead Reitan Neuropsychological Test Battery including WAIS vs WAIS-R, neuropsychiatric patients, 84
factor structure of short version of Job Descriptive Index, assessment of job satisfaction, accountants, 91
factor structure of 30 item version of General Health Questionnaire, mothers of preschool age children, Great Britain, comparison with US data, 35193
factor structure of 4th edition of Stanford Binet Intelligence Scale, 2–10 yr olds, 24633
factorial & concurrent validity of Study Attitudes and Methods Survey revised form, 10th graders, 20695
format & context of questions on multiple choice vs modified essay question test, test scores, medical students, 30926
impact of differential weighting scheme on revised Millon Clinical Multiaxial Inventory, assessment of personality disorders, commentary, 21051
internal consistency reliability of University of Pennsylvania Smell Identification Test & its 10 & 20 & 30 item fractions, adults, 35117
interrater reliability of revised Strauss & Carpenter Outcome Criteria, assessment of treatment outcome, borderline & psychotic patients 1 yr after psychiatric unit discharge, 3642
item analysis & geometric location within circumplex model, development of Interpersonal Adjective Scales short form, college students, 14181
left vs right brain damage, performance on P. Satz & S. Mogel's short form of WAIS-R, 17–79 yr olds, 16165
Microtest computer vs written administration of MMPI, validity & reliability & scale scores measuring test format equivalence, adults, 28097
modification of Adjective Checklist, client centered career assessment method, career counselors & clients, 27842
modifications to Functional Status Questionnaire-Specific & General & Rand Scales, assessment of child health status, parent of 4–16 yr olds with chronic illness, conference presentation, 35153
modifications to Sickness Impact Profile, assessment of psychosocial dysfunction, head injuried vs general trauma patients, conference presentation, 35196
oral vs written test administration, validity of Improved Readability Form of MMPI, literate vs illiterate patients of rural mental health centers, 31585
pencil & paper vs computer administration of Western Personnel Test versions, adults, 17544
performance on Luria Nebraska Neuropsychological Battery Children's Revision, 8–12 yr olds with attention deficit disorder with vs without hyperactivity, implications for clinical utility of test, 26630
Personnel Selection Inventory Form 35, prediction of accident prevention in workplace, occupational safety implications, 24554
psychometric properties & factor analysis of Wechsler Memory Scale Form 1 vs Form 2 Paired Associate Learning subtests, 20–79 yr old medical patients, 7093
reliability & validity of Forms A & B of Multidimensional Health Locus of Control Scale, psychiatric hospital staff members with vs without back injuries, 72
reliability & validity of Revised Asthma Problem Behavior Checklist, 18–75 yr olds with asthma, 38600
reliability & validity of short form of Beck Depression Inventory, depressed outpatients over age 60, 14173
reliability & validity of short forms of K-ABC, screening & clinical purposes, 4–12.5 yr olds, 17602
reliability & validity of version of Brief Psychiatric Rating Scale with item definitions, assessment of severity of schizophrenia, 21–58 yr olds, 3548
reliability of abbreviated version of psychometric battery, assessment of brain damage, adults with diffuse or focal cerebral lesions with vs without dementia vs Korsakoff's syndrome, 67
reliability of adapted Zung Self Rating Anxiety Scale, moderately & mildly mentally handicapped 19–57 yr olds, 17613
reliability of Faschingbauer Abbreviated MMPI, 65 yr olds & older, 31668
reliability of short form of Barrett-Lennard Relationship Inventory, assessment of supervisory relationship, clinical or counseling psychologists, 28131
retest reliability of pairs of Rorschach protocols with more vs less than 14 responses, adults, 10583
revised & extended Finnish version of A. R. Luria's clinical investigation, assessment of neural processes underlying cognitive & perceptual abilities, 4–8 yr olds, Finland, 28102

revised norms & reference list for Children's Form of Rosenzweig Picture Frustration Study, 4–13 yr olds, 17632
revision of Multidimensional Academic Specific Locus of Control Scale, measurement of expectancy of internal vs external control of reinforcement, 10629
revision of 1945 Wechsler Memory Scale, 10548
stability of PPVT-R Form L vs M in assessment of receptive vocabulary, emotionally handicapped 7th–9th graders in self control classrooms, 27791
standard vs printed stimulus card formats of PPVT, assessment of neurological symptoms, learning disabled 9–16 yr olds, 38673
Stanford-Binet Fourth Edition vs Form L-M scores, beginning 3rd graders classified as gifted, 38286
structure & applications of & recommendations for usage of Stanford Binet Intelligence Scale 4th edition in school psychology setting, 24233
test retest & parallel forms reliability of Randt Memory Test, college students, neuropsychological assessment applications, 31597
test retest reliability of Matrix Analogies Test—Expanded Form, measurement of nonverbal ability, 6–13 yr old students referred for academic difficulties, 27819
test retest reliability of revised version of Learning Style Inventory, college students, 38586
time of administration & scale format & item domain, variance in recreation experience preference measurement, adult wilderness course students, 7193
utility of Satz-Mogel short forms of Luria Nebraska Neuropsychological Battery, differential diagnosis, organic vs psychiatric patients, 10600
validity & diagnostic accuracy of Form A vs Form C of Rey Auditory Verbal Learning Test, inpatients with memory impairment, 131
validity & reliability & Eysenck Personality Questionnaire-Revised & relationship with religiosity, 15–16 yr olds, 10588
validity & reliability & standardization of revised version of Draw A Man Test for Indian Children, assessment of intellectual maturity, male vs female 2.5–15.5 yr olds, 10637
validity & reliability of Compliance Test 1 & 2, assessment of compliance with parental instructions, 2–7.2 yr olds, 24642
validity & reliability of original vs abridged role conflict & ambiguity scales, university administrators, 10296
validity & utility of WAIS-R & WISC-R short forms, measurment of intellectual ability, 12–20 yr olds with closed head injuries, 21136
validity of brief locus of control scales, 24–85 yr olds, 24619
validity of computerized version of Setting Conditions for Anorexia Nervosa Scale, adults, 28066
validity of Millon Clinical Multiaxial Inventory-II, assessment of treatment outcome, psychiatric patients, replication, 21124
validity of revised Halstead Category Test vs Category Test, male patients with brain damage, commentary reply, 24644
validity of revised Halstead Category Test vs Category Test, male patients with brain damage, commentary, 24661
validity of short form of Category Test, assessment of neuropsychological impairment, 15–34 yr olds with head injuries or other disorders, 10651
validity of short forms of WAIS-R, head injured 16–69 yr olds, conference presentation, 28127
validity of WAIS-R short forms vs full scale, female adult vocational rehabilitation clients, 7064
validity of 6 short forms of WAIS-R, 51–70 yr olds, 14127
validity of 6 vs 2 level response format of Multidimensinal Health Locus of Control Scales, college students, 10618

Test Interpretation

accurateness of assessment of & inferences about changes in SAT performance & self identification of ethnicity, minority examinees, 1980–85, 10315
age & interpretive tables for subtests of 4th edition Stanford Binet Intelligence Scale, test interpretation, 2–18 yr olds, 25513
conceptual framework for interpreting outcomes of tests with cutting scores, 14076
concurrent validity & interpretation of verbal & nonverbal measures on WISC-R & Matrix Analogies Test-Expanded Form & PPVT-R & subtests, 1st–12th graders referred for academic difficulties, 27796
dynamic assessment approach research, measurement & feedback of mental abilities & performance, children, 31569
educational test measurement error information, interpretation of scale scores, 10280
educational test validity & interpretation, 38308
ethnocentrism & world view & ethnic preoccupation & group/ethnic identity issues, bias in interpretation of MMPI results, Black & Asian & Hispanic & Native American clients, 7055
evaluation of Language Assessment & Remediation & Screening Procedure & phrase grammatical structure frequency norms, 5 yr olds, implications for remedial teaching, 24231
Jung's theory of psychological types & 5 factor model of personality, evaluation & interpretation of Myers Briggs Type Indicator, 19–93 yr olds, 31636
limitations & appropriateness in construction & interpretation of psychiatric research scales, 3582
math exam outcome interpretations & attributions & future expectancies, 6th graders vs their teachers, Finland, 3230
measurement error & generalizability in norm vs criterion referenced tests & recommendation for achievement portfolios vs school diplomas, conference presentation, 27760
model for repeat paired comparison preference tests, assessment of abstentions & discrimination ability & proportionate preference, 3660
Monte Carlo simulation of effects of data transformation on average correlations between Job Descriptive Index scores, assessment of job satisfaction, 28182
profile analysis procedure & interpretation of Carrow Auditory Visual Abilities Test, 4.7–5.8 yr olds, 31658
reliability of individual Rorschach cards & validity of A. Elizur's scoring method, assessment of hostility, depressed patients, India, 35130
scaling problems, interpretation of reading achievement data, 9–23 yr olds, 1984, 20663
standards for educational & psychological testing in APA's "Guidelines for Computer-Based Tests & Interpretations" & validity of computer interpretations, 35189
technique for interpretation of area standard scores in 4th edition of Stanford Binet Scale of Intelligence, 2–23 yr olds, 3541
use of estimated true vs observed scores on standardized educational tests, normative comparisons, 13740
use of estimated true vs observed scores on standardized educational tests, normative comparisons, commentary, 13741
utility of estimated true vs observed scores on standardized tests, normative comparisons in educational evaluation, commentary reply, 13700
validity of Millon's computerized interpretation system for Millon Clinical Multiaxial Inventory, psychotherapy outpatients, commentary, 24581
validity of Millon's computerized interpretation system for Millon Clinical Multiaxial Inventory, psychotherapy outpatients, commentary reply, 24625

Test Items

administration & validity problems with 4th edition of Stanford Binet Intelligence Scale, gifted children, 146
construction of negative test items paralleling Bem Sex Role Inventory positive items related to androgyny & self derogation, male & female college students, implications for confound free scale, 24566
convergent & discriminant validity of grouped vs randomized questionnaire items measured by LISREL factor analysis, job characteristics & life satisfaction measurememt, college students, 31739
deletion of items related to multiple sclerosis on MMPI, test scores, multiple sclerosis patients, implications for MMPI interpretation, conference presentation, 24628

feminine vs masculine test items, assessment of ability to design controlled experiments, male vs female 5th graders, Canada, 27806
item arrangement, differential item performance in mathematics achievement tests, males vs females, 20701
item calibration efficiency evaluation, errata, 31742
item discrimination & measurement disturbance in intelligence & attainment tests, 6827
item overlap, factor invariance of Millon Clinical Multiaxial Inventory, inpatients of Air Force alcohol rehabilitation unit & Air Force trainees referred for mental health evaluation, 7105
language & cultural test characteristics, differential item functioning on Verbal SAT, White vs Mexican American vs Puerto Rican students, 6839
order of general & specific questions in telephone survey, subjective well being, adults, 21110
passage & question factors, performance on reading comprehension tests, 5th–6th grade successful vs 9th–10th grade unsuccessful readers, 3308
replacement items for biased US items, WAIS-R information subtest, 16–70 yr old psychiatric patients vs forensic clients vs college students, Canada, 10563
selected MMPI items, identification of early sexual abuse, college females, 26289
serial & spatial structure of test items & field dependence, performance on Stroop Test, adults, 14078
similarity of randomly interspersed filler items, mindless responding to early vs later items on Dominance vs Impulsivity subscales of D. N. Jackson's Personality Research Form, adults, 31565
stem orientation & completeness, multiple choice test item difficulty & discrimination in assessment of academic achievement, college students, 31325
test length & difficulty, consistency of prediction of item performance of minimally competent student, college mathematics teachers, 31307
use of "don't know" response boxes, rate of substantive responses for factual questions on mailed questionnaire, respondents, 14156
utility of auxiliary test item information in estimation of Rasch item difficulty parameters, 7246
validity of models based on person &/vs item characteristics, prediction of test retest stability for structured inventory items, college students, Canada, 17578
validity of weight loss item scoring in Hamilton Rating Scale for Depression, psychiatric inpatients, commentary with reply included, 31660
Test Normalization [See Test Standardization]
Test Norms
accuracy & national norms of standardized achievement tests, elementary school students, 13687
accuracy & national norms of standardized achievement tests, elementary school students, commentary, 13696
age & education level & sex, performance on & reliability of Selective Reminding Test of verbal learning, 16–70 yr olds, implications for neuropsychological assessment, 38660
age & sex norms, Purdue Pegboard test of manual dexterity, 40–85 yr olds, 14070
age, normative Quick Test IQ scores, 60 yr olds & older, 7180
age specific norms for Mini-Mental State Exam, 40–89 yr olds, 17565
changes in mean elevation & dispersion & overall configuration & code type in MMPI profiles across standard vs contemporary norms, adults, 28117
clinical & research needs in test norms for MMPI, nonclinical adults, literature review, 31649
construction of Children's Sleep Behavior Scale, parental ratings of sleep behaviors, 1st–6th graders, 31594
educational status & age, normative performance on Wechsler Memory Scale, 20–39 vs 40–59 yr olds, Turkey vs US vs Great Britain, 21293
equating of Standard vs Advanced forms of Raven Progrsive Matrices, college students, 17595
establishment of scoring systems for norm referenced standardized tests, 38595
evaluation of Language Assessment & Remediation & Screening Procedure & phrase grammatical structure frequency norms, 5 yr olds, implications for remedial teaching, 24231
factor analysis & reliability & norms of Anger Expression Scale, 15 yr olds & older, New Zealand, 7129
factor norms & scoring keys for Swedish translation of Junior Eysenck Personality Questionnaire, male vs female 10–16 yr olds, Sweden vs England, 28086
factor scales & reliability & validity & norms of Work Personality Profile, rehabilitation clients, 14098
Halstead Reitan Neuropsychological Test performance, non-brain-damaged adults, meta analysis, 47
measurement error & generalizability in norm vs criterion referenced tests & recommendation for achievement portfolios vs school diplomas, conference presentation, 27760
methodology for conversion of California Psychological Inventory 1957 protocols to 1987 norms & variables, 21105
Millon Behavioral Health Inventory norms, chronic pain patients, 31626
MMPI code types produced by traditional vs recent norms, 12–18 yr olds from normal vs outpatient vs inpatient settings, 24548
MMPI norms, adolescents, 1947–65 & 1975 to present, 10631
nationally normed scores on standardized achievement tests, elementary school students, commentary, 13749
normative data & utility & reliability of Children's Depression Inventory, emotionally disturbed 6–18 yr olds, 3614
normative data from Hebrew language version of Stroop Color & Word Test, college educated 24–36 yr olds, Israel, 24553
normative data on Matching Familiar Figures Test, assessment of impulsivity or reflection, 17–59 yr old incarcerated males, 21092
normative data on Word Association Test, conference presentation, 310
norms for Child Behavior Checklist, 6–16 yr old psychiatric inpatients, 17545
norms for Children's Report of Parental Behavior Modified Form, assessment of perceptions & acceptance of parental behavior, 4th–6th graders, 7101
norms for Leyton Obsessional Inventory used in epidemiological study, assessment of obsessive compulsive symptoms, 9th–12th graders, 21065
norms for Rey Auditory Verbal Learning Test, healthy 19–51 yr old job applicants, 149
norms for Spatial Relations & Numerical Ability & Mechanical & Abstract Reasoning subtests of DAT career planning program, engineers vs trainees vs high school students, India, 41379
norms for verbal Selective Reminding Test, assessment of memory, healthy 65–75 yr old males vs females, 11537
norms from 1981 vs 1986, identification of giftedness from Standard Progressive Matrices scores, disadvantaged 3rd–8th graders, 31329
norms of AIDS attitudes scale, college students, 31547
perceptions of normal & own family functioning vs normative values on family assessment measures, mothers of 1–6 yr olds vs college students vs 51–79 yr old grandmothers vs 27–61 yr old therapists, 32643
perceptual norms for tachistoscope & grooved pegboard & auditory visual integration test, reading vocabulary & comprehension & arithmetic, normal achieving 4th & 5th graders, 3337
process of development of norm referenced tests, implications for pediatric occupational & physical therapy, 38593
psychometric equivalence of Urdu vs English version of California Psychological Inventory, bilingual college students, Pakistan, 49
reference profiles of grammatical development in Language Assessment Remediation & Screening Procedure & factors affecting reliability, children, commmentary, implications for language impairment, 21085

reliability & factor analysis & norms of Milton Life Stress Questionnaire, assessment of Type A behaviors, adults, New Zealand, 28071
reliability & validity & Israeli norms & cross cultural equivalence of Hebrew version of D. Kolb's Learning Style Inventory, college students, Israel, 17600
reliability & validity of & normative data for Suinn Mathematics Anxiety Rating Scale, 4th–6th graders, 20714
reliability of & normative data for Beth Israel Hospital Psychosomatic Questionnaire, assessment of alexithymia, healthy adults, 28136
revised norms & reference list for Children's Form of Rosenzweig Picture Frustration Study, 4–13 yr olds, 17632
score norms of Hostility & Direction of Hostility Questionnaire, adult females, implications for test manual discrepancy, 7148
scores on Trail Making Test, healthy 10–15 yr olds, Spain, 35152
Spearman's g mean IQ & space relations & perceptual speed & fluency, male vs female 6–15 yr olds, Hong Kong, 29073
standardization & normative data for Multilevel Informal Language Inventory, assessment of spontaneous language, 4–6 yr olds, implications for educational diagnosis of language disorders, 31318
Student Developmental Task Inventory norms, Black 18–50 yr old urban college students, implications for student personnel workers & services, 10274
Symptom Check List-90 profiles, female vs male Black vs White methadone patients, 28125
time bound nature of nationally normed scores on standardized achievement tests, elementary school students, commentary, 13753
use of estimated true scores in normative comparisons, commentary, 24219
use of estimated true scores vs observed scores in normative comparisons, commentary reply, 24254
utility of overlapping cell norm tables, maximization of clinical usefulness of normative neuropsychological test data, 19–71 yr olds, 14081
validation & standardization of Boston Naming Test, assessment of word finding skills, K–6th graders, 38268
Wechsler Memory Scale normative data, 1945–88, literature review, 38606
young adult norms for Southern California Figure Ground Visual Perception Test, 17–38 yr old college students, 53

Test Reliability

aggregations & test retest reliability, behavioral stability in personality research, 35079
alternatives per choice point & self rating Likert scale stability, 35169
auditory only vs auditory visual administration method, reliability of Test of Auditory Comprehension of Language, 11 yr olds with moderate sensorineural hearing losses, 35181
BASIC program implementing A. F. Tellegen & P. F. Briggs's formulae, assessment of reliability & validity of short form tests, 28055
child & parent versions of Anxiety Disorders Interview Schedule for Children, assessment of reliability of DSM-III & DSM-III-R childhood anxiety disorder diagnoses, 6–18.4 yr olds & their mothers, 21135
clinical reliability & validity of Basic Personality Inventory scales, adult psychiatric inpatients, 7115
computation & interpretation of reliability indices for mastery tests, 6842
conceptual & statistical approaches to agreement & reliability & accuracy & validity in direct observation methodology, commentary, 24559
concurrent validity & test reliability & clinical usefulness of Vineland Adaptive Behavior Scales vs AAMD Adaptive Behavior Scale, autistic 8–18 yr olds, 31651
consistency & reliability & correlation of Jenkins Activity Survey & Friedman Structured Interview, measurement of Type A behavior, meta analysis, 35210
construct & convergent & discriminant validity & reliability & interval structure of Tennessee Self Concept Scale, 16–37 yr olds, 3605
construct & discriminant validity & reliability of Fear Questionnaire, adults with agoraphobia or social or simple phobia, commentary & commentary reply, 38585
construct validity & reliability & factor analysis of 33 teacher belief scales, assessment of beliefs about parents & school administrators & perceptions of parent beliefs about teachers, teachers, 14113
construct validity & reliability of scale to measure conventional vs innovative problem solving approaches, research & development scientists, 10603
construct validity & test retest & interrater reliability of Social Skill Rating Scales-Teacher, 1st–5th graders, 10266
construction & reliability of active/decisive & individual responsibility scale, assessment of decision making & sensation seeking, adults, 3579
construction & validity & reliability of adjustment questionnaire, measurement of emotional & social coping strategies, 50 yr olds & older, India, 17561
correlation between state form of State-Trait Anxiety Inventory scores & clinical judgments & psychophysiological functions, clients in psychotherapy vs alcohol treatment program, 79
criteria for total test & subtest internal consistency & reliability & floor adequacy & item gradients & validity of intelligence measures, preschool students, 3303
CRITREL program, computation of coefficients for estimating reliability & validity of criterion referenced tests, 7062
cross cultural reliability of J. R. Lumpkin's version of Rotter's Internal External Locus of Control Scale, adults, 5 countries, 10605
cross time stability of computer based version of Austin Maze, neuropsychological assessment, male college students, Australia, 2 yr study, 14144
development & reliability & internal consistency of compliance questionnaire for work on interrogative suggestibility, 35128
development & reliability & validity of Mastery Orientation Inventory, assessment of generalized learned helplessness, adolescents, 31661
development & reliability of children's version of Eating Attitude Test, 8–13 yr olds, 17614
development & reliability of self report instrument, assessment of class participation apprehension, college students, 20696
development & validity & reliability of Attitudes Toward Sexuality Scale, measurement & comparison of age differences in sexual attitudes, 12–20 yr olds & their parents, 10585
development & validity & reliability of Attraction to Sexual Aggression scale, assessment of self reported likelihood of committing rape, male college students, 31631
development & validity & reliability of General Attitudes Toward Rape scale, male vs female college students, 10610
development & validity & reliability of Pet Relationship Scales, college students & elderly, 17609
development & validity & reliability of Underprepared Math Teacher Assessment Project, measurement of cognitive competency for teaching endorsement, elementary & secondary school teachers, 10257
development of reliability coefficient of multilevel discriminative test, 10680
development of Structured Interview Guide, reliability of Hamilton Rating Scale for Depression, psychiatric inpatients, 150
dimensionality & reliability & construct validity of Substitutes for Leadership Scale, assessment of leadership in organizations, government & mental health & hospital employees, 17657
distribution characteristics & sex & reliability & internal consistency of Group Embedded Figures Test, college business students, Canada, 24623
domain & construct validity & interobserver reliability of Test of Sensory Functions in Infants, developmentally delayed & difficult temperament 4–18 mo olds, 28078
estimation of reliability of computerized adaptive tests, 38693

evaluation & reliability of Staff Observation Aggression Scale, assessment of severity & frequency of aggressive behavior, psychiatric inpatients, 126
examiner effects on reliability of Neonatal Behavioral Assessment Scale, neonates & psychologists, 38608
factor analysis & internal consistency of Bulimia Test, female college students & other adult females with bulimia or other eating problems, 35207
factor analysis & reliability & norms of Anger Expression Scale, 15 yr olds & older, New Zealand, 7129
factor scales & reliability & validity & norms of Work Personality Profile, rehabilitation clients, 14098
factor structure & internal consistency of Gregorc Style Delineator & relationship to M. J. Kirton's adaptive-innovative distinction, college students, 17597
factor structure & reliability & internal consistency of Swedish translation of Self Consciousness Scale, high school & college students, 31645
factor structure & reliability & validity of Self Directed Learning Readiness Scale, vocational teaching & training students, Australia, 38260
factor structure & reliability & validity of Swedish measure EMBU, assessment of parental rearing practices, 19–64 yr old psychiatric patients, Netherlands, replication, 35090
factor structure & reliability of Devereux Elementary School Behavior Rating Scale, 3rd–6th graders, 34806
factor structure & reliability of Hamilton Rating Scale for Depression, 18–65 yr old moderately depressed outpatients, implications for clinical drug trials, 17621
factor structure & reliability of Reasons for Limiting Drinking scale & subscales, assessment of cognitions & self regulation of alcohol consumption, college students, 31601
factor structure & reliability of self report depression questionnaire, assessment of depressive symptoms, mentally retarded adults, 7171
generalizability theory, assessment of reliability or scores on vocational interest inventory, 17340
generalization of corrections for factor scores in 16PF test manual, male 17–71 yr old felons who distort scores to maximum degree, 35201
inclusion vs exclusion vs correction for guessing scoring procedures, reliability & validity indices & grade categories for multiple choice test items, graduate students, 10275
independence & reliability of political party identification & party closeness measures, adults, 21060
internal consistency & equivalence & discriminant validity of computer vs paper based measurement of semantic knowledge, naval aircraft crew members, 24591
internal consistency & factor analysis of new scales for Devereux Adolescent Behavior Rating Scale, assessment of psychopathology, 12–17 yr olds, 24567
internal consistency & factor structure of Hopelessness Scale, assessment of hopelessness & depression & health perceptions & suicidal ideation, depressed 58–82 yr olds, 3588
internal consistency & reliability & factor structure of Survey of Personal Beliefs, assessment of irrational thinking, 22–80 yr olds, 31583
internal consistency & reliability & validity of Informant Questionnaire on Cognitive Decline in Elderly, elderly, 28100
internal consistency & test retest reliability & factor structure of assertion measures, chronic alcoholic males, 28054
internal consistency & test retest reliability of Combat Exposure Scale, assessment of PTSD, male Vietnam era veterans, 24607
internal consistency & test retest reliability of Self Concept & Motivation Inventory-Preschool/Kindergarten form, kindergartners, 3309
internal consistency & validity of Beck Depression Inventory, assessment of depression, adults with Parkinson's disease, 21103
internal consistency of & correlation between Scale for Assessment of Negative Symptoms & Scale for Assessment of Positive Symptoms, schizophrenic patients, 21056
internal consistency of & method & error effects on self report interview responses about subjective well being & mental health, adults under vs over 60 yrs old, 3624
internal consistency of leadership in sports scale, wrestling coaches, 28083
internal consistency of Manifest Needs Questionnaire, assessment of needs for achievement & affiliation & autonomy & dominance, management & nonmanagement personnel, 31573
internal consistency of Sport Competition Anxiety Test, 18–27 yr old college student athletes, 24571
internal consistency reliability of University of Pennsylvania Smell Identification Test & its 10 & 20 & 30 item fractions, adults, 35117
internal construct validity & reliability of multiscale quality of life instrument, 9th graders vs high school vs college students, Australia vs US, 20720
interrater agreement & reliability of Driver Questionnaire items, assessment of personality traits related to transactional analysis concept of drivers, therapists & trainees, 28087
issues in educational evaluation including reliability vs validity & formative vs summative emphasis & uniform testing vs individual styles & culture, conference presentation, 27757
logical consistency & test retest reliability & convergent validity of paired comparisons vs visual analog rating scale, measurement of health care satisfaction, breast cancer patients, 17643
maximum split half reliability of Bender Visual Motor Gestalt Test, adults, 147
methodology for increasing test & interrater reliability of Adaptive Behavior Scale, staff member of rehabilitation services for mentally retarded, 115
methods & validity & reliability of estimates of prevalence rates of pathological gambling, 35113
methods for estimation of score reliability, teacher or textbook prepared norm referenced tests, 10268
microcomputer based evaluation & redesign of multiple choice test instrument, college students, 13731
Microtest computer vs written administration of MMPI, validity & reliability & scale scores measuring test format equivalence, adults, 28097
migration of reliability/validity of psychological assessment to courtroom & need for understanding of clinical neuropsychology, psychologists testifying as expert witnesses, conference presentation, 45
normalization & standardization & reliability of Polish version of MMPI, college students, Poland, 10630
normative data & utility & reliability of Children's Depression Inventory, emotionally disturbed 6–18 yr olds, 3614
predictive validity & reliability of DST, assessment of effect of hospital admission on test sensitivity & specificity, 19–73 yr old psychiatric inpatients with depressed mood, 34298
predictive validity & reliability of sensorimotor vs recognition memory tests, neurodevelopmental assessment, normal & high risk infants, theoretical & clinical implications, 28067
private self consciousness, test retest reliability of self reports, college students, 32887
receiver operating characteristic analysis, efficacy of Language of Addiction-Drug Version vs Reasons for Drug Use screening tests in detection of drug abuse, alcoholic inpatients, 14124
reference profiles of grammatical development in Language Assessment Remediation & Screening Procedure & factors affecting reliability, children, commmentary, implications for language impairment, 21085
relationship between Luria Nebraska Neuropsychological Battery-Children's Revision & WISC-R, diagnosis, learning disabled 7–12 yr olds, 3617
reliability & agreement of psychiatric diagnoses & parent checklists, assessment of adjustment problems & emotional disturbances, children, 1627

reliability & concordant & construct validity & factor analysis of Change after Psychotherapy scale, measurement of psychotherapeutic outcomes, psychologists vs psychology students rating outpatients, 132
reliability & concurrent & internal validity of Hamilton Anxiety Scale & subscales, patients with panic disorder or depression, 5273
reliability & concurrent validity of coping checklist & Kidcope, high school students & 10–18 yr old chronically ill patients or diabetic camp attenders, 17639
reliability & concurrent validity of Health Professions Stress Inventory, physicians & nurses & pharmacists, 3653
reliability & concurrent validity of Minnesota Child Development Inventory, measurement of developmental functioning, handicapped 3.2–6.4 yr olds, 7091
reliability & concurrent validity of Morrow Assessment of Nausea and Emesis with continuous self monitoring, chemotherapy outpatients, 16546
reliability & concurrent validity of Simulation of Initial Medical Problem Solving, medical students, 10577
reliability & concurrent validity of Spanish version of State Trait Anxiety Inventory, high school students, Uruguay, 28128
reliability & consistency & validity of subjective imagery ratings, implications for research, 28375
reliability & construct & discriminant validity of Kansas Family Life Satisfaction Scale, 22–77 yr olds, 3607
reliability & construct validity of Childcare Attitude Inventory, correlation with child abuse potential, parents, 28088
reliability & construct validity of Employability Maturity Interview, assessment of readiness for vocational planning, disabled clients, 17618
reliability & construct validity of Hindi adaptation of directiveness scale, assessment of authoritarian behavior, college students, India, 10628
reliability & construct validity of Modified Erikson Psychosocial Stage Inventory, measurement of life cycle development, adults, 10576
reliability & dimensionality of Interpersonal Rating Forms, assessment of group structure & behavior, commentary, 35176
reliability & discriminant validity of Present Functioning Questionnaire & Functional Rating Scale, assessment of everyday functioning, 51–89 yr olds with suspected malignant memory disorders, 31578
reliability & ecocultural validity of intelligence tests, 5–6 yr olds vs their mothers, Philipines, 68
reliability & factor analysis & norms of Milton Life Stress Questionnaire, assessment of Type A behaviors, adults, New Zealand, 28071
reliability & factor analysis & other properties of Center for Epidemiologic Studies Depression scale, 16–84 yr olds with cancer vs progressive vs end stage renal disease vs other illnesses, 28080
reliability & factor analysis of Anxiety Sensitivity Index, measurement of unitary personality trait vs domain specific appraisals, college students, 28138
reliability & factor structure of Achievement Motivation in Physical Education Test, elementary & junior high & high school students, Japan, 24249
reliability & factor structure of Alcohol Evaluation Instrument, male alcoholic patients, 119
reliability & factor structure of German version of Junior Eysenck Personality Questionnaire, school age children, Austria, comparison with English norms, 31592
reliability & factor structure of handedness inventory, adults, 111
reliability & factor structure of Italian version of Strelau Temperament Inventory, college students, Italy, 24646
reliability & factorial structure of State Trait Anxiety Inventory, 13–20 yr olds, Hong Kong, 31665
reliability & factorial validity & interrelationship of attitude measures, assessment of dogmatism & conservatism & directiveness & attitudes toward females, Black college students, Zimbabwe, 38684
reliability & factorial validity, Junior Eysenck Personality Questionnaire, male vs female 9–15 yr old students, Zimbabwe, 21144
reliability & generalizability of career commitment measures, assessmemt of turnover, bank tellers, 38590
reliability & generalizability of Fear Survey Schedule for Children, male vs female 7–16 yr olds, US vs Australia, 17623
reliability & implementation of parental participation in care instrument, parents of hospitalized children, 76
reliability & independence of cluster scores for Piers-Harris Children's Self Concept Scale, 6th & 8th graders receiving vs not receiving special education services, 20670
reliability & interdistrict comparability of standards for minimum competency tests in states with local option testing, educationally marginal vs learning disabled or mildly handicapped students, 20661
reliability & internal validity of Hamilton Rating Scale for Depression & Montgomery-Asburg Depression Scale & Bech-Rafaelsen Melancholia Scale, medicated depressed patients, 7142
reliability & item analysis of Peabody Mathematics Readiness Test, K–2nd graders, 34811
reliability & predictive validity of Depression Coping Questionnaire, adults with schizophrenia vs depression vs chronic pain, 104
reliability & predictive validity of questionnaire to measure knowledge of screening tests available during pregnancy, pregnant vs postbirth vs never pregnant females, 28111
reliability & sensitivity & validity of Cornell scale of depression, 65–88 yr old nondemented psychiatric patients, conference presentation, 3546
reliability & sensitivity of Seasonal Pattern Assessment Questionnaire, adults with seasonal affective vs bipolar affective disorder vs normal adults, 7186
reliability & social desirability bias in FIRO-B questionnaire, measurement of interpersonal needs, college students, 24645
reliability & temporal stability of Jenkins Activity Survey vs videotaped clinical interview assessments of Type A behavior, coronary patients, 3543
reliability & utility of Center for Epidemiological Studies Depression Scale, elderly Puerto Ricans, 116
reliability & validity & bias of 6 behavior rating scales, K–12th graders with behavior problems or disorders, 31689
reliability & validity & comprehensiveness of Sickness Impact Profile, assessment of health status & well being, elderly nursing home residents, conference presentation, 35183
reliability & validity & correlations between self report & clinician rated versions of Inventory for Depressive Symptomatology, psychiatric patients, Italy, 17650
reliability & validity & differential diagnostic utility of Children's Psychosomatic Symptom Checklist, 11–17 yr olds with vs without headaches, 21146
reliability & validity & difficulty of phonemic awareness tests, kindergartners, 13754
reliability & validity & factor analysis of Sexual Arousability Index, sexually active 22–65 yr old females with vs without gynecologic disease, 4 & 8 & 12 mo followup, 24564
reliability & validity & factor structure of Self Consciousness Scale, 11 vs 13 vs 17 yr olds vs college students, 31555
reliability & validity & fairness of Raven's Progressive Matrices, identification of giftedness, schoolchildren, 34824
reliability & validity & General Health Questionnaire 12 vs 28 vs 30 item forms, assessment of mental disorders, adolescents, Australia, 31690
reliability & validity & internal consistency of Hebrew version of Child Behavior Checklist & Child Behavior Profile, 12–16 yr old psychiatric patients, Israel, 14089
reliability & validity & sex & age & intergroup differences in Bulgarian translation of Marlowe-Crowne Social Desirability Scale, college students, 35172
reliability & validity & specificity of & correlations between instruments, assessment of social support networks, literature review, 96

reliability & validity & utility & ease of use & description & comparability of 70 assessment instruments used in school improvement projects, measurement of school climate & characteristics, 41369
reliability & validity of & normative data for Suinn Mathematics Anxiety Rating Scale, 4th–6th graders, 20714
reliability & validity of Addiction Severity Index, drug addicts, Netherlands, 31607
reliability & validity of Adolescent & Adult Psychoeducational Profile, measurement of independent functioning skills, 13.5–38.6 yr olds with autism vs mental retardation, 31639
reliability & validity of authoritarianism concepts & instruments by T. W. Adorno et al, assessment of political racism & ethnocentrism, high school students, Netherlands, 21115
reliability & validity of Autism Diagnostic Observation Schedule, assessment of social & communicative behavior, autistic vs mentally retarded vs normal 6.1–28.1 yr olds, 38639
reliability & validity of body image distortion questionnaire, college students, 10616
reliability & validity of Brief Social Support Questionnaire, unemployed 14–59 yr olds vs college students, New Zealand, 3633
reliability & validity of Children of Alcoholics Screening Test, identification of children of alcoholics for clinical & research purposes, 11th graders, Canada, 28081
reliability & validity of Chinese version of Beck Depression Inventory, depressed adults, China, 17658
reliability & validity of Chinese version of Hamilton Rating Scale for Depression, patients 16 yrs old & older, China, 7197
reliability & validity of Cognitive Behavioral Driver's Inventory, assessment of ability to operate motor vehicle safely, neurologically impaired clients, 21082
reliability & validity of Cornell Scale for Depression in Dementia, elderly demented nursing home residents & psychiatric patients, conference presentation, 3545
reliability & validity of Defense Mechanism Rating Scales, 18–39 yr olds with borderline vs antisocial personality disorder vs bipolar affective disorder, 31652
reliability & validity of Dementia Mood Assessment Scale, assessment of severity of depressed mood, Alzheimer's disease patients, 143
reliability & validity of Descriptor Differential Scale, clinical pain assessment, 18–39 yr old dental patients, 24593
reliability & validity of diabetes locus of control scale, assessment of compliance & self management, diabetic adults, 85
reliability & validity of Dieter's Inventory of Eating Temptations, assessment of behavioral competence regarding weight control, overweight adults, 3628
reliability & validity of Dutch translation of Defense Mechanism Inventory, adults with migraine & tension headaches, Netherlands, 21122
reliability & validity of Family Adaptability & Cohesion Evaluation Scale III & Parent Adolescent Communication Scale, 18–24 yr old male college students, India, 17562
reliability & validity of Feelings Reactions & Beliefs Survey, assessment of aspects of fully functioning persons, college freshmen, 24580
reliability & validity of feminism scale & relationship to quality of life, female college students & 21–77 yr old members of organization for advancement of women, Canada, 17627
reliability & validity of Finding Embedded Figures Test, assessment of field independence & dependence, college students, 21114
reliability & validity of Forms A & B of Multidimensional Health Locus of Control Scale, psychiatric hospital staff members with vs without back injuries, 72
reliability & validity of fuzzy graphic scale, assessment of occupational sex type & prestige & interests, 21–57 yr olds, counseling implications, 17590
reliability & validity of General Functioning subscale of McMaster Family Assessment Device, assessment of family functioning, 4–16 yr olds & their parents, 64
reliability & validity of Geriatric Depression Scale vs Zung Self Rating Depression Scale, 60–97 yr olds, 24588
reliability & validity of Happiness Measures index of emotional well being & global health, literature review, 17580
reliability & validity of HyperCard block design task vs WAIS-R subtest, psychology college students, conference presentation, 35156
reliability & validity of individualism collectivism scale, social scientists & college students, US vs China, 3591
reliability & validity of Internalized Shame Scale, chemically dependent 14–63 yr olds, 71
reliability & validity of Interparental Conflict Questionnaire, assessment of conflict over childrearing & other factors, married vs divorced mothers & fathers of adolescents, 31595
reliability & validity of inventory, measurement of knowledge of pediatric pain assessment & intervention methods, pediatric nurses & residents & medical students, 31678
reliability & validity of Issues in Disability Scale, assessment of cognitive & affective components of attitudes toward physically disabled persons, adults & college students, 3604
reliability & validity of Kew Test of intellectual impairment & correlation with Mini-Mental State Examination, 48–94 yr old patients, 7188
reliability & validity of Kiddie Formal Thought Disorder Story Game & Scale, assessment of illogical thinking & loose associations, schizophrenic vs schizotypal 5–13 yr olds, 35103
reliability & validity of Lowenstein Occupational Therapy Cognitive Assessment battery, 20–70 yr olds with traumatic head injuries or cerebrovascular accidents, 31618
reliability & validity of Marital Evaluation Battery, assessment of developmental competence within family, college students, theory verification, 7132
reliability & validity of Meaning of Illness Questionnaire, assessment of coping & adjustment to illness, patients with cancer vs rheumatological vs gastroenterological disorders, 24573
reliability & validity of measurement instruments, patients with alexithymia, 17644
reliability & validity of measures of tactile functions, learning disabled vs normal 8 yr olds, 31620
reliability & validity of measures of tactile functions, learning disabled vs normal 8 yr olds, commentary reply, 31621
reliability & validity of measures of tactile functions, learning disabled vs normal 8 yr olds, commentary, 31663
reliability & validity of MMPI family scales, assessment of dysfunction, families, 21069
reliability & validity of modified life events scale, assessment of desirability of life events & role of sociodemographic & school related variables, 11–17 yr olds, 88
reliability & validity of modified overt aggression scale, assessment of nature & prevalence of aggression, psychiatric patients, 7126
reliability & validity of modified symptom distress scale, cancer patients, 31611
reliability & validity of Modified World Affairs Questionnaire, college students, 21107
reliability & validity of multidimensional index, assessment of intervention effectiveness, adults at beginning vs after 6 mo vs 12 mo of treatment for alcoholism or other substance abuse, 31574
reliability & validity of multiple sleep latency test, assessment of narcolepsy, 16–79 yr olds with excessive daytime somnolence, 28053
reliability & validity of My Family & Friends, assessment of perceptions of availability of & satisfaction with social support, Black & White 6–12 yr olds from single vs 2 parent families, 38655
reliability & validity of My Vocational Situation questionnaire, psychiatric inpatients requiring vs not requiring vocational rehabilitation, 3626
reliability & validity of Myers Briggs Type Indicator in clinical & counseling settings, 24579

reliability & validity of Newcastle scales in relation to International Classification of Diseases-9, assessment of endogenous depression, inpatients, 117
reliability & validity of objective comprehensive examinations, assessment of quality assurance standards of nonuniversity clinical training program, adult students, 10 yr study, 41163
reliability & validity of paper vs computer based measurement modes, assessment of recognition of aircraft silhouettes, male Navy student pilots, 38615
reliability & validity of Peripartum Events Scale, measurement of stressful events relatd to childbearing, females followed through pregnancy & postpartum period, 31647
reliability & validity of Police Stress Survey, evaluation of stress & its components, 25–59 yr old police officers, 31632
reliability & validity of Positive & Negative Syndrome Scale, adults with acute or chronic schizophrenia, 3596
reliability & validity of psychological licensing exams, psychologists, commentary reply, 38633
reliability & validity of Psychological Effectiveness Scale, measurement of personality traits, college students vs schizophrenic vs alcoholic vs medical surgical patients, 24638
reliability & validity of psychology licensing exams, evaluation of development & finalization & administration, psychologists, commentary, 38658
reliability & validity of Quantitative Inventory of Alcohol Disorders, assessment of alcoholism severity, alcoholic inpatients & their spouses, 14163
reliability & validity of rating scale, assessment of cognitive & behavioral ability in occupational therapy setting, elderly patients, England, 7137
reliability & validity of "rationality & antiemotionality" scale, assessment of trait related to emotional control, healthy adults vs oncology patients, implications for cancer risk, 38678
reliability & validity of Raven Progressive Matrices, college students, Egypt, 3544
reliability & validity of reading comprehension tests based on sentence verification vs meaning identification formats, prediction of course exam scores, college students, 10287
reliability & validity of Revised Asthma Problem Behavior Checklist, 18–75 yr olds with asthma, 38600
reliability & validity of Rust Inventory of Schizotypal Cognitions, normal English- or Spanish-speaking adults & Chinese-speaking 17–20 yr olds vs acute schizophrenic patients, 14168
reliability & validity of S. Harter's intrinsic motivation scales, assessment of academic adjustment, 2nd–7th graders referred to clinic for evaluation, 17304
reliability & validity of scale, measurement of attitudes toward curriculum physical education, 9–12 yr olds, England, 3594
reliability & validity of scales used in asthma research, assessment of symptoms & respiratory disease & inconveniences & medication regimens & side effects, asthmatic adults, 35180
reliability & validity of Schalling-Sifneos Personality Scale vs MMPI Alexithymia Scale vs Toronto Alexithymia Scale, measurement of somatic symptoms, college students, 10557
reliability & validity of SCL-90-R subscales, assessment of cognitive & somatic aspects of depression, adult patients with chronic pain vs spinal cord injury in rehabilitation, 10567
reliability & validity of screening instruments, assessment of competency to stand trial, defendants admitted to state hospital for court ordered pretrial evaluation, 3615
reliability & validity of sensory developmental expectation questionnaire, mothers of newborns, implications for occupational therapy, 3616
reliability & validity of Sexual Interaction Inventory, assessment of sexual satisfaction, couples in which 29–68 yr old males had secondary erectile dysfunction, 17606
reliability & validity of short form EMBU, assessment of memories of parental rearing behaviors, young adults, 35209
reliability & validity of Short Form General Health Survey, assessment of physical & mental health & social & role functioning, 18–103 yr old medical patients, 10653
reliability & validity of short form of Beck Depression Inventory, depressed outpatients over age 60, 14173
reliability & validity of short forms of K-ABC, screening & clinical purposes, 4–12.5 yr olds, 17602
reliability & validity of shortened form of Burns Perfectionism Scale, adults, 3556
reliability & validity of shortened measure of need for cognition, medical patients, 10635
reliability & validity of simulation method, assessment of management style, adult managers, 3640
reliability & validity of Spanish version of Behavioral Attributes Psychosocial Competence & relation to cultural values, college students, Puerto Rico, 14151
reliability & validity of Spanish version of Hamilton Rating Scale for Depression, depressed patients, 7169
reliability & validity of standardized Battelle Developmental Inventory, program planning & determining special education eligibility, 0–8 yr olds, 38288
reliability & validity of summed indices & hierarchical scales, assessment of activities of daily living, occupational therapy patients, 31590
reliability & validity of Survey of Children's Social Support, 3rd–5th graders, 31588
reliability & validity of tests of creativity, 35114
reliability & validity of various objective scales for diagnosis of autism, children, literature review, 7155
reliability & validity of version of Brief Psychiatric Rating Scale with item definitions, assessment of severity of schizophrenia, 21–58 yr olds, 3548
reliability & validity of WAIS subtests, meta analysis, 93
reliability & validity of Work Performance Assessment, assessment of job coping behaviors, disabled adult rehabilitation clients, 17591
reliability & variance of socially valid measure of creativity, 15–17 yr old students, 3335
reliability & variety of measures & definition of intelligence, continuity of cognitive development, commentary, 35177
reliability of & normative data for Beth Israel Hospital Psychosomatic Questionnaire, assessment of alexithymia, healthy adults, 28136
reliability of abbreviated version of psychometric battery, assessment of brain damage, adults with diffuse or focal cerebral lesions with vs without dementia vs Korsakoff's syndrome, 67
reliability of adapted Zung Self Rating Anxiety Scale, moderately & mildly mentally handicapped 19–57 yr olds, 17613
reliability of Adolescent Drinking Inventory: Drinking & You, clinical screening of severity of adolescent problem drinking, 12–17 yr olds referred for evaluation, 24598
reliability of Arabic translation of Fear Survey Schedule, college students, Egypt, 14085
reliability of assessment of cognitive impairment by family caregivers, patients with mild to moderate dementia, 35120
reliability of Autonomy Control Scale, measurement of perceived parental control, college students, 14110
reliability of Beck Depression Inventory & Depression Self Rating Scale, developmentally & educationally delayed 11–23 yr olds, 3550
reliability of Center for Epidemiological Studies-Depression Scale, measurement of depressive symptomatology, Chinese American adults, 7196
reliability of concurrent & longitudinal correlates of preschool rating scale & nomination sociometric measures, assessment of social acceptance & cognitive & social ability, 4–5 yr olds, 1 yr study, 21119
reliability of direct vs derived individual difference measures using graphemic & phonemic analysis & semantic memory & lexical decision & letter classification, 18–24 yr old Navy personnel, 31707

reliability of Dyskinesia Identification System: Condensed User Scale, monitoring for tardive dyskinesia, developmentally disabled 5–59 yr olds being treated with neuroleptic drugs, 31672
reliability of Eating Values Survey, assessment of healthy eating behaviors, college students, implications for eating disorders, 28134
reliability of Expected Balance Scale & Hope Index, college students & adults, 31673
reliability of Eysenck Personality Questionnaire vs Sensation Seeking Scale vs Strelau Temperament Inventory, 16–55 yr olds, 24584
reliability of Faschingbauer Abbreviated MMPI, 65 yr olds & older, 31668
reliability of formaldehyde odor threshold measurements, 18–30 yr olds, 31563
reliability of Functional Assessment Inventory, discrimination of service setting, elderly in mental health facility vs nursing home vs visiting nurse service vs senior center, 28124
reliability of Gibb Experimental Test of Testwiseness, college students, 20694
reliability of individual Rorschach cards & validity of A. Elizur's scoring method, assessment of hostility, depressed patients, India, 35130
reliability of K-ABC, nonhandicapped 44–58 mo olds, 2 yr study, 24650
reliability of Leisure Interest Checklist vs BAROMAS stress scales, college students, 17631
reliability of Life Situation Survey, measurement of quality of life, adults in alcoholism treatment programs, 38671
reliability of Locus of Control Scale for Teachers, K–12th grade teachers, Singapore vs US, 6837
reliability of MMPI profiles, classification of chronic headache types, headache patients, replication, 9032
reliability of Morgan Russell Outcome Assessment Schedule, patients with anorexia nervosa, followup studies, 3610
reliability of Personal Orientation Inventory, assessment of self actualization, able bodied vs blind vs cerebral palsied 17–36 yr old atheletes, 24648
reliability of Processes of Change Questionnaire, assessment of smoking cessation, adults, 3620
reliability of reduced version of INDSALES, measurement of job satisfaction, industrial sales representatives, 38596
reliability of Revised Behavior Problem Checklist, stability of assessment of conduct disorder & other psychopathology, K–1st graders, 35139
reliability of Scale for Assessment of Negative Symptoms, assessment of affective flattening, schizophrenic adults, 31683
reliability of scale measuring patient collaboration in neuropsychological assessment, 15–76 yr old psychiatric vs neurology/neurosurgery patients, 31556
reliability of self report pain measures, differentiation of levels of pain intensity, 3–6 yr olds, 17560
reliability of self reports of past drinking & life events, alcohol abusing adults, 7182
reliability of semantic differential & role of age & knowledge level, measurement of perception of clinical concepts, male 33–55 vs 56–70 yr olds with myocardial infarction, 24654
reliability of short form of Barrett-Lennard Relationship Inventory, assessment of supervisory relationship, clinical or counseling psychologists, 28131
reliability of short form Speech Evaluation Instrument, assessment of public speaking, college students, 35129
reliability of WAIS-R subscale difference scores, 16–85 yr old psychiatric patients, 35174
reliability of "What Am I Doing" scale of J. Newlinger's leisure paradigm, measurement of perceived freedom & intrinsic motivation & positive affect over time, 15–17 yr olds, 7116
reliability of Zung Self Rating Depression Scale, depressed males vs females, Netherlands, replication, 38605
reliability theory & methods of estimation of true score from observed score, implications for psychological report writing, 28121
reliabilty & validity of evaluation form, assessment of appropriateness of short term anxiety provoking psychotherapy vs other brief psychotherapy, depressed &/or anxious 19–56 yr olds, 28057
RELWATE program, computation of reliability of weighted composite, 7198
retest reliability of pairs of Rorschach protocols with more vs less than 14 responses, adults, 10583
retest reliability of United States Employment Service Interest Inventory, physically or mentally disabled 17–54 yr old vocational rehabilitation clients, 17566
S & test characteristics, stability of personality assessment by self report inventories, meta analysis, 24647
scale reliability & construct stability, assessment of state anxiety, adults, 17619
scoring methods incorporating partial knowledge vs chance success levels, reliability & interitem correlations of multiple true false items, college & medical students, 10242
stability of Wide Range Achievement Test scores, 9.1–17.8 yr old psychiatric inpatients, 22–440 day followup, 31256
stability of WISC-R profiles, learning disabled elementary school students, 9–60 mo study, 34781
standardization & reliability & validity of Arabic translation of Psychological Screening Inventory, 16–50 yr old college students & prisoners & psychiatric patients, Kuwait, 31557
standardization & reliability of Gordon Diagnostic System behavior based measure, diagnosis of attention deficit disorder & hyperactivity, 4–16 yr olds, 7109
techniques using normal theory vs minimal distributional assumptions, pass-fail reliability estimation from single test administration using parallel half tests, licensure examination data, 31692
temporal stability & test reliability of Purdue Pegboard & use of right vs left hand, assessment of finger dexterity, adults, implications for neuropsychological assessment, 7170
test & interrater reliability of articulatory inventory using phoneme identification vs traditional judging formats, dysarthric 18–72 yr olds, 152
test discrimination & reliability of revised Balance Puzzle, assessment of proportional reasoning & identification of strategy use, college students, 14125
test retest & interrater & alternate forms reliability & internal consistency estimates of test reliability, 38604
test retest & parallel forms reliability of Randt Memory Test, college students, neuropsychological assessment applications, 31597
test retest reliabilities of measures of sucrose taste perception, adults, 3606
test retest reliability & attitudes towards self administered computerized Diagnostic Interview Schedule, psychiatric patients, 8554
test retest reliability & fall off effects of Munich Life Event List, 25–64 yr olds vs former psychiatric patients, 24667
test retest reliability & internal consistency & relationship to national standards & applicability of performance measures for use in vocational rehabilitation agencies, counselors, 17626
test retest reliability & internal consistency & validity of Vocational Assessment & Curriculum Guide, differentiation of work experience, mildly to severely mentally retarded 18–57 yr olds, 10621
test retest reliability of computer based modified confidence weighted admissible probability measurement vs conventional forced choice test scoring, elementary & junior high school students, 38244
test retest reliability of Continuous Performance Test, assessment of sustained attention, 36–59 yr old parents & their 12–22 yr old offspring, implications for assessment of psychiatric populations, 21076
test retest reliability of CV vs VCV stimuli in dichotic listening tests, assessment of brain laterality, right handed college students, 17588
test-retest reliability of Form A of Eysenck Personality Inventory, Indian high school students, South Africa, 10558

test retest reliability of J. Battle's Anxiety Scale for Children–Form Q, 2nd–9th graders, 21061
test retest reliability of Jenkins Activity Survey Form T, assessment of Type A behavior, college students, 21068
test retest reliability of Matrix Analogies Test—Expanded Form, measurement of nonverbal ability, 6–13 yr old students referred for academic difficulties, 27819
test retest reliability of pain drawing instrument, diagnosis & evaluation of treatment progress, patients in multidisciplinary pain treatment center, 7143
test retest reliability of Q-Sort Inventory of Parenting Behaviors, mothers of 3 yr olds, 28123
test retest reliability of recall/self report, assessment of lifetime prevalence & age of onset, psychiatric patients & their relatives, 10636
test retest reliability of revised Learning Style Inventory, college students, 10555
test retest reliability of revised version of Learning Style Inventory, college students, 38586
test retest reliability of Short Alcohol Dependence Data, young male offenders, 35162
test retest reliability of Stanford Binet Intelligence Scale & WISC & WISC-R & WAIS & WAIS-R, meta analysis, 28133
test retest reliability of time related questions in international & translated versions of Diagnostic Interview Schedule, adults with psychiatric disorders, West Germany, 31691
test retest reliability of touch scale, assessments of tactile defensiveness, 5.6–12.6 yr olds, 129
test retest reliability of WISC-R, educably mentally retarded vs learning disabled 13.5–14.9 yr olds, 13751
test retest scores & factor structure stability of WISC-R scores, learning disabled Black vs White male vs female 7.1–13.6 yr old students, 3 yr study, 17312
use & reliability of 0–10 response scale in telephone health surveys, 25–74 yr olds, 7139
utility & reliability & validity of Interpersonal Maturity Level Classification System, delinquent youth, 3584
validity & internal consistency & factor structure & utility of stress inventory of D. Goleman, identification of physical vs mental stress response style, college students, 17610
validity & reliability & clinical utility of Inventory of Interpersonal Problems, assessment of distress before vs during vs after psychotherapy, adults, 10599
validity & reliability & Eysenck Personality Questionnaire-Revised & relationship with religiosity, 15–16 yr olds, 10588
validity & reliability & factor structure of professional orientation inventory, measurement of attitudes toward inmates, correctional vs probation & parole officers, 148
validity & reliability & internal consistency of metamemory battery, assessment of organization & memory skills & capacity, 3rd vs 5th graders, 7069
validity & reliability & norms of Suinn Mathematics Anxiety Rating Scale Elementary Form, Hispanic 4th–6th graders, 24260
validity & reliability & standardization of revised version of Draw A Man Test for Indian Children, assessment of intellectual maturity, male vs female 2.5–15.5 yr olds, 10637
validity & reliability of Adaptive Functioning Index, mentally retarded adults in residential institution or community based group homes, Australia, 31688
validity & reliability of Borderline Symptom Inventory, psychiatric patients with borderline vs affective disorders, 14138
validity & reliability of Child Well Being Scales, assessment of child welfare service programs, commentary, 21134
validity & reliability of Childhood Autism Rating Scale, autistic 6–10 yr olds vs 13–22 yr olds, 7103
validity & reliability of chirp train streaming test, assessment of auditory selectivity & listening & impairment etiology, hearing impaired 12–91 yr olds, 9216
validity & reliability of Consultation Judgment Inventory, assessment of clinical skills in psychological consultations, college & graduate students, 34830
validity & reliability of Dutch translation of Fear Questionnaire, 18–65 yr old phobic outpatients, Netherlands, 24662
validity & reliability of dysphorimeter, assessment of depression or anxiety or pain by matching level of unpleasant sound to level of discomfort, schizophrenic patients, 31561
validity & reliability of Ethical Judgment Scale, measurement of ethical orientation in counseling decision making, community college counselor, 13695
validity & reliability of family rating scales, assessment of family functioning, 66
validity & reliability of Instrument Timbre Preference Test, music college & graduate students & faculty, 21133
validity & reliability of instruments & client centered therapy, psychodiagnostic process, commentary, 36689
validity & reliability of job satisfaction questionnaire, office & factory workers, 21118
validity & reliability of multidimensional self report assessment using SENOTS software package, cognitively able elderly, 24653
validity & reliability of original vs abridged role conflict & ambiguity scales, university administrators, 10296
validity & reliability of Position Analysis Questionnaire, assessment of job attributes & requirements, employees, 31671
validity & reliability of Sexual Experience Scale of Derogatis Sexual Functioning Inventory, measurement of sexual behavior, 22–65 yr old females, 17557
validity & reliability of social skills questionnaire, self assessment of social behavior at school, 12–17 yr old secondary school students, Canada, 31291
validity & reliability of subjective quality of life measures, program planning & evaluation, 7081
validity & reliability of The Integrity Interview, preemployment screening for employee honesty by telephone, employees, 38619
validity & reliability of traditional vs random response questionnaire vs carbon monoxide test, assessment of self reported cigarette smoking, high school students, 28112
validity & stability of JAREP, measurement of self concept constructs, high school & college students, 10593
validity of models based on person &/vs item characteristics, prediction of test retest stability for structured inventory items, college students, Canada, 17578
validity of self report Inventory to Diagnose Depression vs Diagnostic Interview Schedule, diagnosis of major depression, 1st degree relatives of schizophrenic or depressed patients, 153
Vividness of Movement Imagery Questionnaire vs other measures of imagery ability, college students, Spain, 24578
1 yr test retest reliability of WAIS-R Verbal & Performance & Full Scale IQs, 50–84 yr olds, 38668
Test Scores [See Also Cutting Scores, Intelligence Quotient, Standard Scores]
accurateness of assessment of & inferences about changes in SAT performance & self identification of ethnicity, minority examinees, 1980–85, 10315
age & maturation, ability to reproduce patterns on Bender Visual Motor Gestalt Test, 5–11 yr old females, Iran, 8014
bimodality in distribution of hypnotizability scores & relation to hypnotic types & factor analysis, 28359
change in SAT performance, gifted adolescents in academic summer residential program, 31188
cognitive reasoning level, achievement test scores, middle school students, 13553
completion time & performance on multiple choice vs essay tests, college students, 31260
computer assisted instruction, performance on New York State Regents Competency Test in Mathematics, remedial high school students, 20596
computerized vs paper & pencil test administration, test anxiety & performance, college students, 10285
correction for guessing formula scoring & test difficulty, test performance, examinees, 10241

correlation of scores on Cognitive Failures Questionnaire & Self Consciousness Scales, determination of relationship between cognitive failure & self focused attention, college students, 28298
correlation of scores on Eysenck Personality Questionnaire dimensions & Bem's Masculinity & Femininity scales of revised Sex Role Inventory, male vs female college students, 11822
creativity test scores, college students who scored high on measures of schizotypal traits of perceptual aberration or magical ideation, 15776
delay in response to computer generated test items, test performance, college students, 17170
demographics, distribution of third factor WISC-R deficits, standardization sample of 6.5–16.5 yr olds, 17550
discrepancies between ability & achievement scores on individually vs group administered standardized tests, 3rd vs 5th vs 12th graders, implications for diagnosis of learning disabilities, reprint, 10244
emotionality, Matching Familiar Figures Test scores, college students, 1434
environmental context, recall & test performance, college students taking final exam in lecture vs different room, 13689
ethnicity, performance on public education exams, high school students, 1985, England, 13542
examiner familiarity, test performance, White vs Black vs Hispanic students, meta analysis, 17306
examiner observations of test behavior vs teacher ratings of classroom behavior vs scores on measure of attention, learning disabled or emotionally disturbed 6–12 yr olds, diagnostic implications, 40018
format & context of questions on multiple choice vs modified essay question test, test scores, medical students, 30926
Gifted Student Screening Scale & IQ scores, 1st–10th graders, 34839
grade equivalent vs percentile rank vs deviation IQ test score reporting format, special education placement decisions, regular vs special education teachers, 13717
health & demographic characteristics, Mini-Mental State Examination scores, Black vs White community residents aged 60 yrs & older, 19506
history & importance of SATs & improving scores with coaching & curriculum, Black students, 3304
hypnosis, examination stress coping & performance, 18–20 yr old Indian medical students, conference presentation, 30544
individual target & population base rate of accuracy, acceptance of personality assessment statements, college students, 15463
intellectual function, performance on Benton Visual Retention Test, 18–30 yr olds ranked from mentally retarded to superior, 10844
interpretations of grade equivalents vs percentiles vs deviation IQs, diagnostic decision, school psychologists, implications for overidentification of learning disabilities, 27785
IQ & intrinsic token reinforcement, WPPSI scores, 4–6 yr olds, 4 wk followup, 25487
item analysis statistics & significance tests, test scores, 28151
learner vs programed control of science computer assisted instruction, learning time & test score, 8th graders, 3134
left vs right brain damage, performance on P. Satz & S. Mogel's short form of WAIS-R, 17–79 yr olds, 16165
limitations of standard vs developmental scores in individual achievement tests, identification of learning disabilities, 10301
long term stability of WISC-R & Wide Range Achievement Test scores, learning disabled elementary school students, 3 yr followup, 10277
low income, SAT scores, gifted students, 27742
mathematical analysis of & conditions for optimum validity of gain scores, 3666
mathematical model to estimate true change using additional information from auxiliary variable correlated with trait being measured, implications for educational testing, 31268
mathematics preparation & self efficacy, mediation of gender differences on Investigative & Realistic General Occupational Themes of Strong Campbell Interest Inventory, college freshmen, 27790
microcomputer vs textbook instruction, American College Test scores, high school students, 17153
patterns of subtest performance on British Ability Scales, 6.9–11.9 yr olds with reading disabilities, Australia, implications for educational diagnosis, 10291
performance verbal IQ discrepancy scores, depressed vs nondepressed 5.1–12.7 yr olds with learning disabilities, 26398
prediction & acceptance of scores & feedback on Eysenck Personality Inventory, adults, 11809
reading curriculum, scores on standardized & criterion referenced reading achievement tests, 3rd graders, 10105
reading vs listening modes of cloze test, responses & scores, 8–9 vs 11–12 vs 13–14 yr olds, Scotland, 38293
relationship between score disparity in WISC-R vs WAIS-R & IQ level, residential institution students with 45–81 IQ, 1942
reliability of WAIS-R subscale difference scores, 16–85 yr old psychiatric patients, 35174
reliability theory & methods of estimation of true score from observed score, implications for psychological report writing, 28121
results on National Board for Certified Counselors Examination, implications for training, 13369
scaled score development procedures for calculation & interpretation of group scores on norm, 6803
scores on inventory type measures of creative ability, life achievements, 35–63 yr old contributors in field of creativity, 39974
scores on SAT, visually impaired vs physically handicapped vs learning disabled vs hearing impaired high school students, 34802
self regulated learning strategy use reported by self vs teacher ratings & English & mathematics test scores, high school students, validation of learning strategy model, 3211
sex, Children's Embedded Figures Test scores, 8 yr olds, 29083
sex, scores on individual items of Swedish Scholastic Aptitude Test, high school students, Sweden, 24258
single & competing test & WAIS-R scores, assessment of intelligence & retrieval, college students, 3829
social class & American College Testing & SAT scores, academic achievement, business students, 6722
sociocultural factors, group performance on IQ test & learning tasks, Black vs White college students, test of cultural distance hypothesis, 21265
stability of WISC-R scores, learning disabled 7th–9th graders in special education, 3323
standard scores on individual achievement test, identification of learning disabilities, commentary reply, 27803
Stanford-Binet Fourth Edition vs Form L-M scores, beginning 3rd graders classified as gifted, 38286
statistical & methodological errors, identification with developmental standard score scales on achievement tests, learning disabled students, commentary, 27820
statistical analysis of overrepresentation of verbal/performance splits of Multidimensional Aptitude Battery, 16–71 yr old inmates, 14079
statistical significance testing of subtest score differences, frequency of Type II errors in profile analysis of intelligence test scores, 7210
subgroups based on Bender Visual Motor Gestalt Test errors, children & adolescents evaluated for learning difficulties, 19459
test scores & orientation toward science, male vs female 11 vs 16 vs 19 yr old students, Norway, 13605
test scores on WISC-R vs Stanford Binet Intelligence Scale-4th edition, gifted 7.7–15.8 yr old students, 31304
use of estimated true scores in normative comparisons, commentary, 24219

use of estimated true scores vs observed scores in normative comparisons, commentary reply, 24254
use of estimated true vs observed scores on standardized educational tests, normative comparisons, commentary, 13741
use of estimated true vs observed scores on standardized educational tests, normative comparisons, 13740
utility of estimated true vs observed scores on standardized tests, normative comparisons in educational evaluation, commentary reply, 13700
validity of cognitive abilities tests & role of test score range, prediction of job performance, 18–74 yr olds, 24663
Wide Range Intelligence & Personality Test vs WAIS-R scores, vocational outcome prediction in McCarron-Dial System, disabled 16–61 yr old rehabilitation clients, 16910
WISC-R vs Vineland Adaptive Behavior Scale scores, autistic 6.5–15.3 yr olds, 1589

Test Standardization

adaptation & standardization of Teacher's Report Form of Child Behavior Checklist & Profile, referred vs nonreferred male 7–12 yr olds, Turkey, 41354
adaption & standardization of Fuld Object Memory Evaluation, 35–55 yr olds, 21079
concurrent & construct validity & standardization of Parental Stress Inventory, assessment of effect of mother & child characteristics on parental stress, low income Black mothers & their 5–8 yr olds, 21064
development & national standardizations of Standard Progressive Matrices & Mill Hill Vocabulary Scale, assessment of general intelligence, students from different ethnic & SES groups, UK vs US, 34831
development & standardization of Bay Area Functional Performance Evaluation, assessment of general functional performance, patients in psychiatric occupational therapy, 31612
development & standardization of test, assessment of citizenship rights & responsibilities knowledge, mentally retarded 12–73 yr olds, 17647
development of & normative data for computer literacy test & computer anxiety index, college students, 7179
difficulty of British WAIS-R Vocabulary scale items, 16–76 yr olds, Great Britain, implications for testing method, 7181
formation of Joint Committee on Testing Practices & Code of Fair Testing Practices, 38255
inter-subtest scatter in WAIS-R standardization sample, 16–74 yr olds, 14139
major phases in standardization of tests, 38623
meta analysis methods based on standardized mean change measures, assessment of data from pretest-posttest designs, applications to motor skill development studies, 14191
normalization & standardization & reliability of Polish version of MMPI, college students, Poland, 10630
normative data for Self Monitoring Scale, standardized assessment in music therapy settings, chemically dependent 13–17 yr olds, 10604
normative data for Spanish version of Test for Auditory Comprehension of Language, monolingual vs bilingual Mexican American 4–8.9 yr olds, US, 7192
reliability & validity of standardized Battelle Developmental Inventory, program planning & determining special education eligibility, 0–8 yr olds, 38288
restandardization of Buss Durkee Hostility Guilt Inventory, measurement of aggressiveness, adults, India, 21140
standardization & dependability & validity of criterion referenced EKG certification test, measurement of competence, physicians, 7161
standardization & factorial validity & reliability of Adolescent Activities Checklist, 12–18 yr olds, 10573
standardization & normative data for Multilevel Informal Language Inventory, assessment of spontaneous language, 4–6 yr olds, implications for educational diagnosis of language disorders, 31318
standardization & reliability & validity of Arabic translation of Psychological Screening Inventory, 16–50 yr old college students & prisoners & psychiatric patients, Kuwait, 31557
standardization & reliability of Gordon Diagnostic System behavior based measure, diagnosis of attention deficit disorder & hyperactivity, 4–16 yr olds, 7109
standardization & validation of Substance Abuse Proclivity Scale, male 20–29 yr old college students vs psychiatric vs medical vs substance abusing outpatients, 3602
standardization & validity & reliability of Italian versions of General Health Questionnaire & Clinical Interview Schedule, estimation of psychiatric morbidity, 14 yr olds & older, Italy, 21100
standardization & validity of Tetradimensional Structural Questionnaire for Depression, adult psychiatric patients, 3547
standardization of academic achievement measures & ethical aspects of test preparation, 38290
standards for educational & psychological testing in APA's "Guidelines for Computer-Based Tests & Interpretations" & validity of computer interpretations, 35189
validation & standardization of Boston Naming Test, assessment of word finding skills, K–6th graders, 38268
validity & reliability & standardization of revised version of Draw A Man Test for Indian Children, assessment of intellectual maturity, male vs female 2.5–15.5 yr olds, 10637
W. Angoff vs L. Nedelsky method for setting cut scores on high school graduation test of reading comprehension, differential use of item information, teachers, 27810

Test Taking

annoying test administrator, emotional responses & attentional interference & test performance, college students with low vs high test anxiety, 17320
appropriateness measurement procedures & tests, assessment of typical vs atypical test taking behavior through use of answer patterns, examinees, 3668
certainty during test taking & performance on clerkships & board exams, medical students, 23912
completion time & performance on multiple choice vs essay tests, college students, 31260
correction for guessing instructions & formula vs number right scoring, multiple choice test taking strategies, college students, 10554
ethnic & social class, scholastic ability test attitudes & scores, male vs female 7th graders, Israel, 6848
history & importance of SATs & improving scores with coaching & curriculum, Black students, 3304
inappropriate omissions under conventional formula scoring instructions for multiple choice tests, simulated examinees, 34808
independent vs assisted completion of Self-Directed Learning Readiness Scale, performance & item analysis, 63 yr olds & older, 38638
intelligence & creativity & fluency & flexibility, undisciplined behavior during examinations, college students, India, 3341
model for preparation for standardized examinations, learning disabled students, Great Britain, 10223
models of decision making processes in multiple choice test responding, 10318
need for preservice & inservice training, teaching of test taking skills, teachers, 41196
prediction of 12 yr old son's performance on easy vs average vs difficult exams, 30–50 yr old mothers vs fathers, India, 24257
psychometric properties of Test-Taking Expectations Scale, assessment of unrealistic test taking expectations & relations with test anxiety, college students, 24208
reading & study techniques for GRE subject tests, 10299
reverse responding to MMPI, 50 yr old alcoholic male & college student, 31543
sentences with precise vs imprecise elaborations, self estimated vs actual sentence recall before vs after studying or testing, college students, 342
similarity of randomly interspersed filler items, mindless responding to early vs later items on Dominance vs Impulsivity subscales of D. N. Jackson's Personality Research Form, adults, 31565

slowing of speed of intelligent thought, psychometric intelligence test performance, college students vs 43–89 yr olds, 36048
strategies to enhance test performance, urban at risk students & their teachers, 38285
structure & reliability & utility of test session observations, assessment of test taking behavior, 7.5–14.3 yr old students, 34812
test taking skills training, behaviorally disordered 7th–9th graders, 6792
testing skills intervention, performance on Nursing State Board Examination, Black nursing students, 27414
vocabulary & geometric design teaching items, performance on WPPSI & McCarthy Scales of Children's Abilities, 3–4 yr olds, 28092
Test Tube Babies [See Reproductive Technology]
Test Validity
accuracy of 90% credibility value rule, transportability of employment test validities, implications for power of meta analysis to detect moderator variables, 17678
administration & validity problems with 4th edition of Stanford Binet Intelligence Scale, gifted children, 146
applicability & validity of Present State Examination & Relative Ratings of Symptoms & Social Behavior, schizophrenic 15–54 yr olds, Nigeria vs Japan vs India vs US, 24606
average reliability & stability & validity, MMPI & WAIS & Rorschach test, meta analysis, 14153
BASIC computer program for computation of sensitivity & specificity & predictive values of screening tests, 28094
BASIC program implementing A. F. Tellegen & P. F. Briggs's formulae, assessment of reliability & validity of short form tests, 28055
characteristics & concurrent validity of Pleasure Scale for Children, assessment of anhedonia, 6–13 yr old psychiatric inpatients, 35143
clinical & cross cultural utility of Eating Disorder Inventory, anorexic or bulimic patients, Sweden vs Canada, 14149
clinical reliability & validity of Basic Personality Inventory scales, adult psychiatric inpatients, 7115
clinical utility of California Test of Personality, assessment of adjustment, neurotic or alcoholic 18–43 yr olds, India, implications for treatment planning, 35195
clinical utility of Phenomenology of Consciousness Inventory, assessment of hypnoidal states during biofeedback, patients with insomnia or headaches, 35173
cluster score performance on Woodcock-Johnson Psycho-Educational Battery, identification of learning disabilities & aptitude, previously identified 5.7–14.3 yr old learning disabled students, 24268
cognitive functioning & special education placement as criteria for external validity of Personality Inventory for Children profile typology, learning disabled or mentally retarded 5–16 yr olds, 3322
comparison of different WAIS—R short form conversion tables, IQ prediction, 18–68 yr old heterogeneous psychiatric inpatients, 35118
Compu-Scan preemployment screening device, assessment of potential for substance abuse & theft & other security violations, job applicants, 28130
concept of validity in assessment, 10626
conceptual & statistical approaches to agreement & reliability & accuracy & validity in direct observation methodology, commentary, 24559
concurrent & discriminant validity of Parent Rating Scale, assessment of adjustment, 2nd–3rd graders referred for school mental health services, 34825
concurrent validity of Assessment of Occupational Functioning & Occupational Case Analysis & Interview Rating Scale, chronic schizophrenic clients, 35100
concurrent validity of short form of Luria Nebraska Neuropsychological Battery, adults with brain damage or psychiatric disorders, 21094
construct & convergent & discriminant validity & reliability & interval structure of Tennessee Self Concept Scale, 16–37 yr olds, 3605
construct & discriminant validity & concept factor analysis for Exercise of Self Care Agency scale, adolescents & adults, 10643
construct & discriminant validity & reliability of Fear Questionnaire, adults with agoraphobia or social or simple phobia, commentary & commentary reply, 38585
construct & discriminant validity of Malouff & Shutte Belief Scale, assessment of irrational beliefs, college students, 28149
construct oriented approach to test validation in studying predictor criterion linkages in personality & cognitive ability measures, Navy recruiters & Army soldiers, 14158
construct validity & stability of Asthma Symptom Checklist, asthmatic adults, 28065
construction & validation of Social Skill Behavioral Assessment System, molar vs molecular assessment of social skills in interaction, college students, Spain, 24577
construction & validity & reliability of adjustment questionnaire, measurement of emotional & social coping strategies, 50 yr olds & older, India, 17561
construction & validity of documentation questionnaire, assessment of subjective evaluation of application software, high level management information systems managers, 31604
construction of Brief Screen for Depression questionnaire, depressed vs nondepressed psychiatric patients, 35133
content & concurrent & external validity of Hamilton Rating Scale for Depression & Montgomery-Asburg Depression Scale & Bech-Rafaelsen Melancholia Scale, depressed patients, 7141
content & construct & criterion validity of Test of Word Finding, 1st–6th graders, 3313
content nonresponsivity vs content responsive faking in MMPI validity, psychiatric patients, 28118
convergent & discriminant & construct validity of Family System Test, assessment of perceived family cohesion & power, 10–12 & 14–18 yr olds, 14119
convergent & discriminant & predictive validity of Perfectionism Scale, college students, 21093
convergent & discriminant validity of Cognitive-Somatic Anxiety Questionnaire, adults with social phobia, 95
convergent & discriminant validity of grouped vs randomized questionnaire items measured by LISREL factor analysis, job characteristics & life satisfaction measurememt, college students, 31739
convergent & discriminant validity of interview vs questionnaire measures of social support & depression using multitrait multimethod matrix approach, college students, 35190
convergent & discriminant validity of MMPI vs Millon Clinical Multiaxial Inventory, measurement of DSM-III personality disorder, patients, 31641
convergent & discriminant validity of Oucher self report, measurement of pain intensity, hospitalized 3–12 yr olds, 7071
convergent & discriminant validity of Russell's Revised Wechsler Memory Scale, males referred to medical center psychology service, 7163
convergent & discriminant validity of social self concept measure, college students, 154
convergent & discriminant validity of Stress-Arousal Checklist, assessment of & subjective response to arousal, female graduate students, 31589
convergent & discriminant validity of subjective sexual arousal measures & relation to involvement theory, college students, 3612
convergent & discriminant validity of 4 self report measures of family cohesion & control, college students, 7175
convergent & divergent validity of Halstead Reitan vs Luria Nebraska neuropsychological tests vs short & long term memory measures, college students, 128
convergent & divergent validity of Psychological Screening Inventory, 14–18 yr old psychiatric inpatients, 28061
convergent & divergent validity of Wechsler Memory Scale vs Information subtest of WAIS-R vs Boston Naming Test, college students, clinical applications, 3629

convergent validity of Attitudes Toward Computers & Computer Anxiety Index & Computer Anxiety Scale & Blomberg-Erickson-Lowery Computer Attitudes Task, college students, 28082
convergent validity of Daily Stress Inventory vs endocrine measures of stress, adult males, 3555
correction for restriction in range & validity of Aptitude Index Battery, prediction of sales production, inexperienced life insurance sales persons, 10566
correlation between scores of Stanford-Binet Intelligence Scale IV & PPVT-R, college students, 3564
correlation between state form of State-Trait Anxiety Inventory scores & clinical judgments & psychophysiological functions, clients in psychotherapy vs alcohol treatment program, 79
correlation of Lubben Social Network Scale with health indicators & life satisfaction, assessment of social networks in health care settings, noninstitutionalized senior citizens, 21106
correlations between commonly used measures of sex typing, female vs male 3–5 yr olds, implications for sex role measurement, 3574
criteria for total test & subtest internal consistency & reliability & floor adequacy & item gradients & validity of intelligence measures, preschool students, 3303
criterion related validity of Battelle Development Inventory, handicapped 2 wk to 2.5 yr olds, 3630
criterion related validity of Personnel Selection Inventory Dishonesty scale, prediction of employee theft, employees & job applicants & students, meta analysis, 17615
criterion related validity of Survey of Heterosocial Interactions for Females, White female college students, 7123
criterion validity of computerized Programable Questionnaire System, assessment of psychological morbidity, 15–69 yr olds, UK, 35208
criterion validity of Correctional Officers' Interest Blank, prediction of job performance, correction & probation officers & juvenile counselors, 137
criterion validity of Interactional Dimensions Coding System vs Couples Interaction Scoring System, premarital 18–35 yr olds, 31615
criterion validity of Toronto Alexithymia Scale & relation to measures of intelligence & neurotic psychopathology & functional somatic complaints, 20–66 yr old outpatients, 17645
criterion validity of Waring Intimacy Questionnaire, assessment of marital intimacy, adult psychiatric patients, 7194
cross cultural validity & factor structure of Kirton Adaption-Innovation Inventory, assessment of personality in creative problem solving, adults, US vs England, replication, 7068
cross cultural validity of Kindergarten Teacher Rating Scale, early diagnosis of reading learning disabilities, 5–8.3 yr old male vs female kindergartners, Costa Rica vs US, 13739
cross cultural validity of Kohlberg's Moral Judgment Interview, assessment of universality of social-moral development, 15–80 yr olds, Poland, 14148
cross cultural validity of Personality Research Form, college students, Philippines, 5036
cross validation of discriminant equation, assessment of neuropsychological abnormality, 9–16 yr old psychiatric patients, 60
cross validation of Einstein Assessment of School Related Skills, identification of risk of learning problems, K–5th graders, 20603
cross validation of four point 16PF codes, 16–66 yr old incarcerated male offenders in reception & diagnostic center, 21129
cross validation of Neale Analysis of Reading Ability & South African Scholastic Achievement Test, reading disabled elementary school students, South Africa, 24222
cross validity of MMPI PTSD subscale & 3 point code, assessment of combat related PTSD, veterans, 7072
dating behaviors & level of feminist identity, female college students, behavioral validation of Feminist Identity Scale, 38656
decision impact validity of tests used in clinical settings, 31679
development & cross validation of motivational distortion scales for Children's Personality Questionnaire, 12 yr olds, 35102
development & reliability & internal consistency of compliance questionnaire for work on interrogative suggestibility, 35128
development & reliability & validity of Mastery Orientation Inventory, assessment of generalized learned helplessness, adolescents, 31661
development & standardization & validity of Holtzman Inkblot Technique, cross cultural personality assessment & psychodiagnosis, 10598
development & validation of London House (1986) Employment Productivity Index scales, retail personnel, 24639
development & validation of modified clerical job specific Position Analysis Questionnaire, bank employees, 3657
development & validation of Nurse Patient Interaction Tool, female nursing students, 24613
development & validation of scale, measurement of motives for interpersonal communication, 12–91 yr olds, 14167
development & validity & reliability of Attitudes Toward Sexuality Scale, measurement & comparison of age differences in sexual attitudes, 12–20 yr olds & their parents, 10585
development & validity & reliability of Attraction to Sexual Aggression scale, assessment of self reported likelihood of committing rape, male college students, 31631
development & validity & reliability of General Attitudes Toward Rape scale, male vs female college students, 10610
development & validity & reliability of Pet Relationship Scales, college students & elderly, 17609
development & validity & reliability of Underprepared Math Teacher Assessment Project, measurement of cognitive competency for teaching endorsement, elementary & secondary school teachers, 10257
development & validity of Bath County Computer Attitudes Scale, 4th–12th graders, 7067
development & validity of computerized measure, assessment of neurotic symptoms, 18–85 yr old patients, 17612
development & validity of Sport Psychology Consultant Evaluation Form, assessment of consultation services, Olympic athletes, Canada, 17624
development & validity of test battery, assessment of oral & written language skills, K–1st graders, implications for interventions with beginning readers, 14097
diagnostic differentiation validity of Gottfries, Brane & Steen rating scale for dementia syndromes, 65–98 yr olds with multi-infarct dementia vs senile dementia of Alzheimer type, 31648
diagnostic utility & circumplexity & characteristic profiles of revised Interpersonal Adjective Scales, assessment of psychopathology & interpersonal problems, college students, Canada, 17656
diagnostic utility of Luria Nebraska Neuropsychological Battery, learning disabled 8th–10th graders, 10284
diagnostic utility of Scales of Independent Behavior, discriminant analysis of intellectual ability, educably vs trainably mentally retarded special education students, 10273
diagnostic validity of Drug Abuse Screening Test, alcohol & drug abuse patients, 35121
differential performance in art & music & other areas, validation of Khatena-Morse Multitalent Perception Inventory, college students, 7157
dimensionality & stability of Organizational Commitment Questionnaire, Navy personnel, longitudinal study, 7185
discriminant & concurrent validity of Child Depression Inventory vs Child Behavior Checklist self reports vs parental ratings, 8–11 yr olds with major depression & their parents, 3625
discriminant validity of Family Therapy Coding System, assessment of verbal behavior in initial interview, expert vs novice structural family therapists, 118

discriminant validity of Idea Inventory, assessment of irrational beliefs, male psychiatric inpatients, 28099
discriminant validity of Junior Eysenck Personality Questionnaire, children referred for conduct disorders, 3580
discriminant validity of left & right hand sensorimotor measures, learning disabled 9–14 yr olds, Canada, 14118
discriminant validity of Life Orientation Test & correlations with measures of optimism & neuroticism & coping & symptom reports, college students, 24651
discriminate validity of Brazelton Neonatal Assessment Scale, measurement of neurobehavioral organization & diagnosis, respiratory distressed vs seizure disordered neonates, 28084
discriminating power of Wechsler Memory Scale, schizophrenic patients, Israel, 10571
discriminative validity of minority version of Tell Me a Story test, 5–14 yr old Hispanic vs Black psychiatric outpatients vs normal students, 10575
discriminative validity of Personality Inventory for Children, children with infantile autism vs child onset pervasive developmental disorder vs mental retardation, 105
discriminative validity of Personality Inventory for Children, 6–16 yr olds with somatoform vs neurological vs chronic medical disorders, 3619
domain & construct validity & interobserver reliability of Test of Sensory Functions in Infants, developmentally delayed & difficult temperament 4–18 mo olds, 28078
educational level, validity of Mini-Mental State Examination as measure of cognitive ability, elderly, 17599
educational test validity & interpretation, 38308
empirical distributions of range restricted standard deviations, test validity generalization analyses, 24562
evaluation of Brief Psychopathological Rating Scale, assessment of aggressive behavior, 22–66 yr old acute involuntarily admitted psychiatric patients, Sweden, 35171
F & F-K cut off validity, detection of malingerers on MMPI, 31628
factor analysis & structural validity of Index of Organizational Reactions, measurement of job satisfaction, financial institution employees, 7107
factor analysis & unidimensionality & generalizability of Rotter's Internal External Locus of Control vs Children's Locus of Control vs B. E. Collins' internal external scale, 3568
factor analysis & validity & cross age usefulness of Profile of Mood States, 65 yr olds & older, 28101
factor analysis & validity of Body Image Questionnaire, female vs male 10–40 yr olds, France, 3560
factor analysis & validity, professional commitment measure of N. Aranya et al, professional & scientific university employees, 24627
factor scales & reliability & validity & norms of Work Personality Profile, rehabilitation clients, 14098
factor stability of Ways of Coping Questionnaire, college students, 10648
factor structure & reliability & validity of Self Directed Learning Readiness Scale, vocational teaching & training students, Australia, 38260
factor structure & reliability & validity of Swedish measure EMBU, assessment of parental rearing practices, 19–64 yr old psychiatric patients, Netherlands, replication, 35090
factor structure & reliability of Devereux Elementary School Behavior Rating Scale, 3rd–6th graders, 34806
factor structure & validity of Attitudes About Reality Scale, assessment of personal epistemology, college students, 31614
factor structure of Adjective Checklist, cross measure validity of 5 factor model of personality, human service providers, 24618
factor structure of Pediatric Anger Expression Scale, 4th–5th graders, 24605
factor structure of short version of Job Descriptive Index, assessment of job satisfaction, accountants, 91
factor theories of personality & validity of 16PF, literature review, 38610
factorial & criterion validity of telephone administered IQ test, age & gender differences in intelligence & short term memory, 27.5–82 yr old same sex twins, Sweden, 14146
faking detection & incremental validity of response latencies to MMPI items, college students, 31613
generalization of corrections for factor scores in 16PF test manual, male 17–71 yr old felons who distort scores to maximum degree, 35201
inclusion vs exclusion vs correction for guessing scoring procedures, reliability & validity indices & grade categories for multiple choice test items, graduate students, 10275
instrumental & terminal value preferences & validity of Rokeach Value Survey, male vs female college students, Hong Kong, 21101
intercorrelation of Jensen & Keyboard RT tasks & correlation with WAIS-R, assessment of information processing speed & intelligence, 18–39 yr olds, 3634
internal consistency & construct & content validity of Ethical Judgment Scale, assessment of ethical orientation, graduate students in counseling courses, implications for education, 31657
internal consistency & equivalence & discriminant validity of computer vs paper based measurement of semantic knowledge, naval aircraft crew members, 24591
internal consistency & reliability & validity of Informant Questionnaire on Cognitive Decline in Elderly, elderly, 28100
internal consistency & stability of Parent Practices Scale, assessment of parent child interaction & parent & child mental health, parents of 3.6–4.6 yr olds, 17642
internal consistency & test retest reliability of Harvard Group Scale of Hypnotic Susceptibility Form A, college students & 26–64 yr olds, 3 wk vs 8–10 yr followup, Canada, 21090
internal consistency & validity of Beck Depression Inventory, assessment of depression, adults with Parkinson's disease, 21103
interrater reliability & diagnostic validity of Yale Guide to Family Assessment, families & couples, 14114
interrater reliability & validity of Denial Rating Scale, assessment of denial & alcoholism & aspects being denied, alcoholic inpatients, 7108
interrater reliability & validity of subjective experience of deficits in schizophrenia rating scale, measurement of cognitive disorganization & impoverishment, adult inpatients, 7138
issues in educational evaluation including reliability vs validity & formative vs summative emphasis & uniform testing vs individual styles & culture, conference presentation, 27757
latent variable approach to separate sources & types of support & validity of social support battery, 19–24 yr olds, 31643
least squares regression method, assessment of convergent & discriminant validity, 24687
legal challenges to employment tests based on adverse impact & face invalidity & validity generalization, racial bias in personnel selection, 22250
logical consistency & test retest reliability & convergent validity of paired comparisons vs visual analog rating scale, measurement of health care satisfaction, breast cancer patients, 17643
methodology for development of multiple choice critical thinking tests, controlling for background beliefs affecting test validity & fairness, 17620
methods & validity & reliability of estimates of prevalence rates of pathological gambling, 35113
Michigan Alcoholism Screening Test & 3 standard clinical laboratory tests, identification of concurrent alcoholism, 27–63 yr old male schizophrenic veterans, 28140
microcomputer based evaluation & redesign of multiple choice test instrument, college students, 13731
Microtest computer vs written administration of MMPI, validity & reliability & scale scores measuring test format equivalence, adults, 28097

migration of reliability/validity of psychological assessment to courtroom & need for understanding of clinical neuropsychology, psychologists testifying as expert witnesses, conference presentation, 45
MMPI K correction, false negatives or positives in profile shape, psychiatric inpatients, 35108
oral vs written test administration, validity of Improved Readability Form of MMPI, literate vs illiterate patients of rural mental health centers, 31585
power of Hidden Figures Test, assessment of selective attention for visuoperceptual cues, 51–78 yr olds with Alzheimer type dementia, 21072
predictive validity of school readiness battery, 5.5–6.5 yr old entering 1st graders, Israel, 1 yr followup, 38249
predictive validity of sequential probability ratio test, assessment of knowledge mastery, graduate students, implications for computer based instruction, 31262
proration of sum of scaled scores or subtest substitution, validity of WISC-R, children, 31666
psychometric comparison of Pupil Evaluation Inventory & positive & negative nominations, 1st–5th graders, Canada, 17310
Rasch analysis, assessment of validity & homogeneity of Beck Depression Inventory, 17–77 yr old psychiatric patients, 59
reliability & concordant & construct validity & factor analysis of Change after Psychotherapy scale, measurement of psychotherapeutic outcomes, psychologists vs psychology students rating outpatients, 132
reliability & concurrent & internal validity of Hamilton Anxiety Scale & subscales, patients with panic disorder or depression, 5273
reliability & concurrent validity of coping checklist & Kidcope, high school students & 10–18 yr old chronically ill patients or diabetic camp attenders, 17639
reliability & consistency & validity of subjective imagery ratings, implications for research, 28375
reliability & construct & discriminant validity of Kansas Family Life Satisfaction Scale, 22–77 yr olds, 3607
reliability & discriminant validity of Present Functioning Questionnaire & Functional Rating Scale, assessment of everyday functioning, 51–89 yr olds with suspected malignant memory disorders, 31578
reliability & factorial validity & interrelationship of attitude measures, assessment of dogmatism & conservatism & directiveness & attitudes toward females, Black college students, Zimbabwe, 38684
reliability & implementation of parental participation in care instrument, parents of hospitalized children, 76
reliability & sensitivity & validity of Cornell scale of depression, 65–88 yr old nondemented psychiatric patients, conference presentation, 3546
reliability & validity & bias of 6 behavior rating scales, K–12th graders with behavior problems or disorders, 31689
reliability & validity & comprehensiveness of Sickness Impact Profile, assessment of health status & well being, elderly nursing home residents, conference presentation, 35183
reliability & validity & correlations between self report & clinician rated versions of Inventory for Depressive Symptomatology, psychiatric patients, Italy, 17650
reliability & validity & differential diagnostic utility of Children's Psychosomatic Symptom Checklist, 11–17 yr olds with vs without headaches, 21146
reliability & validity & difficulty of phonemic awareness tests, kindergartners, 13754
reliability & validity & factor analysis of Sexual Arousability Index, sexually active 22–65 yr old females with vs without gynecologic disease, 4 & 8 & 12 mo followup, 24564
reliability & validity & factor structure of Self Consciousness Scale, 11 vs 13 vs 17 yr olds vs college students, 31555
reliability & validity & fairness of Raven's Progressive Matrices, identification of giftedness, schoolchildren, 34824
reliability & validity & General Health Questionnaire 12 vs 28 vs 30 item forms, assessment of mental disorders, adolescents, Australia, 31690
reliability & validity & internal consistency of Hebrew version of Child Behavior Checklist & Child Behavior Profile, 12–16 yr old psychiatric patients, Israel, 14089
reliability & validity & sex & age & intergroup differences in Bulgarian translation of Marlowe-Crowne Social Desirability Scale, college students, 35172
reliability & validity & specificity of & correlations between instruments, assessment of social support networks, literature review, 96
reliability & validity & utility & ease of use & description & comparability of 70 assessment instruments used in school improvement projects, measurement of school climate & characteristics, 41369
reliability & validity of & normative data for Suinn Mathematics Anxiety Rating Scale, 4th–6th graders, 20714
reliability & validity of Addiction Severity Index, drug addicts, Netherlands, 31607
reliability & validity of Adolescent & Adult Psychoeducational Profile, measurement of independent functioning skills, 13.5–38.6 yr olds with autism vs mental retardation, 31639
reliability & validity of authoritarianism concepts & instruments by T. W. Adorno et al, assessment of political racism & ethnocentrism, high school students, Netherlands, 21115
reliability & validity of Autism Diagnostic Observation Schedule, assessment of social & communicative behavior, autistic vs mentally retarded vs normal 6.1–28.1 yr olds, 38639
reliability & validity of body image distortion questionnaire, college students, 10616
reliability & validity of Brief Social Support Questionnaire, unemployed 14–59 yr olds vs college students, New Zealand, 3633
reliability & validity of Children of Alcoholics Screening Test, identification of children of alcoholics for clinical & research purposes, 11th graders, Canada, 28081
reliability & validity of Chinese version of Beck Depression Inventory, depressed adults, China, 17658
reliability & validity of Chinese version of Hamilton Rating Scale for Depression, patients 16 yrs old & older, China, 7197
reliability & validity of Cognitive Behavioral Driver's Inventory, assessment of ability to operate motor vehicle safely, neurologically impaired clients, 21082
reliability & validity of Cornell Scale for Depression in Dementia, elderly demented nursing home residents & psychiatric patients, conference presentation, 3545
reliability & validity of Defense Mechanism Rating Scales, 18–39 yr olds with borderline vs antisocial personality disorder vs bipolar affective disorder, 31652
reliability & validity of Dementia Mood Assessment Scale, assessment of severity of depressed mood, Alzheimer's disease patients, 143
reliability & validity of Descriptor Differential Scale, clinical pain assessment, 18–39 yr old dental patients, 24593
reliability & validity of diabetes locus of control scale, assessment of compliance & self management, diabetic adults, 85
reliability & validity of Dieter's Inventory of Eating Temptations, assessment of behavioral competence regarding weight control, overweight adults, 3628
reliability & validity of Dutch translation of Defense Mechanism Inventory, adults with migraine & tension headaches, Netherlands, 21122
reliability & validity of Family Adaptability & Cohesion Evaluation Scale III & Parent Adolescent Communication Scale, 18–24 yr old male college students, India, 17562
reliability & validity of Feelings Reactions & Beliefs Survey, assessment of aspects of fully functioning persons, college freshmen, 24580
reliability & validity of feminism scale & relationship to quality of life, female college students & 21–77 yr old members of organization for advancement of women, Canada, 17627
reliability & validity of Finding Embedded Figures Test, assessment of field independence & dependence, college students, 21114

reliability & validity of Forms A & B of Multidimensional Health Locus of Control Scale, psychiatric hospital staff members with vs without back injuries, 72
reliability & validity of fuzzy graphic scale, assessment of occupational sex type & prestige & interests, 21–57 yr olds, counseling implications, 17590
reliability & validity of General Functioning subscale of McMaster Family Assessment Device, assessment of family functioning, 4–16 yr olds & their parents, 64
reliability & validity of Happiness Measures index of emotional well being & global health, literature review, 17580
reliability & validity of HyperCard block design task vs WAIS-R subtest, psychology college students, conference presentation, 35156
reliability & validity of individualism collectivism scale, social scientists & college students, US vs China, 3591
reliability & validity of Internalized Shame Scale, chemically dependent 14–63 yr olds, 71
reliability & validity of Interparental Conflict Questionnaire, assessment of conflict over childrearing & other factors, married vs divorced mothers & fathers of adolescents, 31595
reliability & validity of inventory, measurement of knowledge of pediatric pain assessment & intervention methods, pediatric nurses & residents & medical students, 31678
reliability & validity of Issues in Disability Scale, assessment of cognitive & affective components of attitudes toward physically disabled persons, adults & college students, 3604
reliability & validity of Kew Test of intellectual impairment & correlation with Mini-Mental State Examination, 48–94 yr old patients, 7188
reliability & validity of Kiddie Formal Thought Disorder Story Game & Scale, assessment of illogical thinking & loose associations, schizophrenic vs schizotypal 5–13 yr olds, 35103
reliability & validity of Lowenstein Occupational Therapy Cognitive Assessment battery, 20–70 yr olds with traumatic head injuries or cerebrovascular accidents, 31618
reliability & validity of Marital Evaluation Battery, assessment of developmental competence within family, college students, theory verification, 7132
reliability & validity of Meaning of Illness Questionnaire, assessment of coping & adjustment to illness, patients with cancer vs rheumatological vs gastroenterological disorders, 24573
reliability & validity of measurement instruments, patients with alexithymia, 17644
reliability & validity of measures of tactile functions, learning disabled vs normal 8 yr olds, commentary reply, 31621
reliability & validity of measures of tactile functions, learning disabled vs normal 8 yr olds, 31620
reliability & validity of measures of tactile functions, learning disabled vs normal 8 yr olds, commentary, 31663
reliability & validity of MMPI family scales, assessment of dysfunction, families, 21069
reliability & validity of modified life events scale, assessment of desirability of life events & role of sociodemographic & school related variables, 11–17 yr olds, 88
reliability & validity of modified overt aggression scale, assessment of nature & prevalence of aggression, psychiatric patients, 7126
reliability & validity of modified symptom distress scale, cancer patients, 31611
reliability & validity of Modified World Affairs Questionnaire, college students, 21107
reliability & validity of multidimensional index, assessment of intervention effectiveness, adults at beginning vs after 6 mo vs 12 mo of treatment for alcoholism or other substance abuse, 31574
reliability & validity of multiple sleep latency test, assessment of narcolepsy, 16–79 yr olds with excessive daytime somnolence, 28053
reliability & validity of My Family & Friends, assessment of perceptions of availability of & satisfaction with social support, Black & White 6–12 yr olds from single vs 2 parent families, 38655
reliability & validity of My Vocational Situation questionnaire, psychiatric inpatients requiring vs not requiring vocational rehabilitation, 3626
reliability & validity of Myers Briggs Type Indicator in clinical & counseling settings, 24579
reliability & validity of Newcastle scales in relation to International Classification of Diseases-9, assessment of endogenous depression, inpatients, 117
reliability & validity of objective comprehensive examinations, assessment of quality assurance standards of nonuniversity clinical training program, adult students, 10 yr study, 41163
reliability & validity of paper vs computer based measurement modes, assessment of recognition of aircraft silhouettes, male Navy student pilots, 38615
reliability & validity of Peripartum Events Scale, measurement of stressful events relatd to childbearing, females followed through pregnancy & postpartum period, 31647
reliability & validity of Police Stress Survey, evaluation of stress & its components, 25–59 yr old police officers, 31632
reliability & validity of Positive & Negative Syndrome Scale, adults with acute or chronic schizophrenia, 3596
reliability & validity of psychological licensing exams, psychologists, commentary reply, 38633
reliability & validity of Psychological Effectiveness Scale, measurement of personality traits, college students vs schizophrenic vs alcoholic vs medical surgical patients, 24638
reliability & validity of psychology licensing exams, evaluation of development & finalization & administration, psychologists, commentary, 38658
reliability & validity of Quantitative Inventory of Alcohol Disorders, assessment of alcoholism severity, alcoholic inpatients & their spouses, 14163
reliability & validity of rating scale, assessment of cognitive & behavioral ability in occupational therapy setting, elderly patients, England, 7137
reliability & validity of "rationality & antiemotionality" scale, assessment of trait related to emotional control, healthy adults vs oncology patients, implications for cancer risk, 38678
reliability & validity of Raven Progressive Matrices, college students, Egypt, 3544
reliability & validity of reading comprehension tests based on sentence verification vs meaning identification formats, prediction of course exam scores, college students, 10287
reliability & validity of Revised Asthma Problem Behavior Checklist, 18–75 yr olds with asthma, 38600
reliability & validity of Rust Inventory of Schizotypal Cognitions, normal English- or Spanish-speaking adults & Chinese-speaking 17–20 yr olds vs acute schizophrenic patients, 14168
reliability & validity of S. Harter's intrinsic motivation scales, assessment of academic adjustment, 2nd–7th graders referred to clinic for evaluation, 17304
reliability & validity of scale, measurement of attitudes toward curriculum physical education, 9–12 yr olds, England, 3594
reliability & validity of scales used in asthma research, assessment of symptoms & respiratory disease & inconveniences & medication regimens & side effects, asthmatic adults, 35180
reliability & validity of Schalling-Sifneos Personality Scale vs MMPI Alexithymia Scale vs Toronto Alexithymia Scale, measurement of somatic symptoms, college students, 10557
reliability & validity of SCL-90-R subscales, assessment of cognitive & somatic aspects of depression, adult patients with chronic pain vs spinal cord injury in rehabilitation, 10567
reliability & validity of screening instruments, assessment of competency to stand trial, defendants admitted to state hospital for court ordered pretrial evaluation, 3615
reliability & validity of sensory developmental expectation questionnaire, mothers of newborns, implications for occupational therapy, 3616

reliability & validity of Sexual Interaction Inventory, assessment of sexual satisfaction, couples in which 29–68 yr old males had secondary erectile dysfunction, 17606
reliability & validity of short form EMBU, assessment of memories of parental rearing behaviors, young adults, 35209
reliability & validity of Short Form General Health Survey, assessment of physical & mental health & social & role functioning, 18–103 yr old medical patients, 10653
reliability & validity of short form of Beck Depression Inventory, depressed outpatients over age 60, 14173
reliability & validity of short forms of K-ABC, screening & clinical purposes, 4–12.5 yr olds, 17602
reliability & validity of shortened form of Burns Perfectionism Scale, adults, 3556
reliability & validity of shortened measure of need for cognition, medical patients, 10635
reliability & validity of simulation method, assessment of management style, adult managers, 3640
reliability & validity of Spanish version of Behavioral Attributes Psychosocial Competence & relation to cultural values, college students, Puerto Rico, 14151
reliability & validity of Spanish version of Hamilton Rating Scale for Depression, depressed patients, 7169
reliability & validity of standardized Battelle Developmental Inventory, program planning & determining special education eligibility, 0–8 yr olds, 38288
reliability & validity of summed indices & hierarchical scales, assessment of activities of daily living, occupational therapy patients, 31590
reliability & validity of Survey of Children's Social Support, 3rd–5th graders, 31588
reliability & validity of tests of creativity, 35114
reliability & validity of various objective scales for diagnosis of autism, children, literature review, 7155
reliability & validity of version of Brief Psychiatric Rating Scale with item definitions, assessment of severity of schizophrenia, 21–58 yr olds, 3548
reliability & validity of WAIS subtests, meta analysis, 93
reliability & validity of Work Performance Assessment, assessment of job coping behaviors, disabled adult rehabilitation clients, 17591
reliability & validity of Work Performance Assessment, vocational training/placement vs work adjustment clients with severe head injuries, 24616
reliability & validity of 2 forms of Diagnostic Role Playing Test, college students vs schizophrenic patients, 7120
reliability of Zung Self Rating Depression Scale, depressed males vs females, Netherlands, replication, 38605
reliabilty & validity of evaluation form, assessment of appropriateness of short term anxiety provoking psychotherapy vs other brief psychotherapy, depressed &/or anxious 19–56 yr olds, 28057
repeated administration, validity of Daily Stress Inventory, employed adults, 7074
retesting with General Health Questionnaire, validity, medical students, Yugoslavia, 7168
scores on auditory sequential memory subtests of WPPSI vs McCarthy Scales of Children's Abilities, 4.5–5.5 yr olds, 31572
scores on MMPI with vs without correction for defensiveness, scores on other hostility measures, adults, implications for psychosomatic medicine research, 28050
screening accuracy & predictive validity of Children's Self-Report Rating Scale, 3551
self deception & impression management components of social desirability, assessment of satisfaction with mental health treatment, former outpatients, 35185
self esteem measured by "Your Characteristics" section of Strong-Campbell Interest Inventory, 15–17 yr olds, 31570
sensitivity & specificity & predictive validity of Inventory to Diagnose Depression, manic depressive episodes, psychiatric patients, West Germany, 35147
sensitivity & specificity of Center for Epidemiologic Studies Depression Scale, screening for poststroke depression, elderly patients, 2 yr followup, 14152
sensitivity & specificity of Extended Scale for Dementia, demented vs nondemented elderly, 14131
sensitivity & specificity of General Health Questionnaire, detection of psychiatric comorbidity, 18–87 yr old gastroenterology patients, 38644
sensitivity of Bender Gestalt Test, screening for neurological impairment, 55–85 yr olds with dementia or pseudodementia, 38642
sensitivity of maintenance of wakefulness test vs repeated test of sustained wakefulness vs multiple sleep latency test & nap & time of night, assessment of physiological sleep & alertness, adults, 35194
serial & spatial structure of test items & field dependence, performance on Stroop Test, adults, 14078
shared items among scales, internal structural validity of Millon Clinical Multiaxial Inventory, 7140
Spanish language translation & validation of professional certification test, lactation consultants for facilitation of breast feeding, 31603
staff member's client group exposure, validity of behavioral coding on Nurses Observational Scale for Inpatient Evaluation, 17–69 yr old staff rating 17–99 yr old mentally ill inpatients, 24641
standardization & dependability & validity of criterion referenced EKG certification test, measurement of competence, physicians, 7161
standardization & reliability & validity of Arabic translation of Psychological Screening Inventory, 16–50 yr old college students & prisoners & psychiatric patients, Kuwait, 31557
standardization & validation of Substance Abuse Proclivity Scale, male 20–29 yr old college students vs psychiatric vs medical vs substance abusing outpatients, 3602
statistical confirmation of validity of Fry Readability Graph, assessment of readability, textbooks, 24232
study designs in assessment of generalizability of content validity ratings & test item & curriculum fit, mathematics achievement test, 27767
test retest reliability & internal consistency & validity of Vocational Assessment & Curriculum Guide, differentiation of work experience, mildly to severely mentally retarded 18–57 yr olds, 10621
test validation criteria, measurement of clerical abilities, meta analysis, 3613
transcultural generalizability of Disability Factor Scales-General, assessment of attitudes toward persons with disabilities, Jewish 11th– 12th graders & college students, Israel, 24665
use of calculators to reduce computational burden, validity of Quantitative Thinking subtest of Iowa Tests of Educational Development, 10th–12th graders, 31240
utility & validity of Beck Depression Inventory, identification of major depressive episode, 12–18 yr old hospitalized patients, 51
utility & validity of General Health Questionnaire, identification of mental illness during early pregnancy, 16–39 yr old females in 1st 20 wks of pregnancy, 10650
utility of Hassles Scale, differentiation of external stressors & internal responses, alcohol & substance abuse inpatients, 3622
utility of Michigan Alcoholism Screening Test, detection of alcoholism & problem drinking, alcoholic vs psychiatric vs medical patients, 125
utility of subtest items on Children's Psychiatric Rating Scale, evaluation of psychopathology, 2.3–7.8 yr olds with infantile autism vs conduct disorder, 7164
utility of Suicide Probability Scale, identification of suicidal ideation & lethality, male 24–53 yr old military veterans, 38612
validation & standardization of Boston Naming Test, assessment of word finding skills, K–6th graders, 38268
validation of Internal Control Index against Rotter's Internal External Locus of Control Scale, 17–66 yr olds, 7151
validation process for norm referenced tests, implications for occupational & physical therapy, 38609

validity & clinical utility of ENRICH marital inventory, assessment of marital relations & satisfaction, couples, 28089
validity & conceptual & methodological similarities of Watson Barker & Kentucky Comprehensive listening tests & The Communication Competency Assessment Instrument, college students, 17633
validity & diagnostic accuracy of Form A vs Form C of Rey Auditory Verbal Learning Test, inpatients with memory impairment, 131
validity & factor analysis of Classroom Adjustment Rating Scale, educational classification, teachers rating learning disabled vs emotionally handicapped male elementary school students, 24224
validity & factor structure of inventory, assessment of demographic & societal & familial factors & onset of marihuana usage, 15–19 yr olds, 28090
validity & factor structure of Kirton Adaptation Inventory, assessment of cognitive components of problem solving, alcoholic males, 7172
validity & factor structure of Multidimensional Health Locus of Control scales, 18–67 yr old psychiatric patients, 21142
validity & internal consistency & factor structure & utility of stress inventory of D. Goleman, identification of physical vs mental stress response style, college students, 17610
validity & interobserver reliability & internal consistency of Kansas Infant Development Screen, 18–69 mo olds, 17592
validity & interrater reliability of Cambridge Mental Disorders of the Elderly Examination, assessment & diagnosis of dementia vs mental disorders, elderly psychiatric patients, replication, 10596
validity & interrater reliability of Manchester Nurse Rating Scales for Depression & Mania, assessment of ward behaviors, depressed or manic patients & registered & student nurses, 10564
validity & reliability & clinical utility of Inventory of Interpersonal Problems, assessment of distress before vs during vs after psychotherapy, adults, 10599
validity & reliability & Eysenck Personality Questionnaire-Revised & relationship with religiosity, 15–16 yr olds, 10588
validity & reliability & factor analysis of Behavioral Index of Troubled Employees, assessment of attitudes toward impaired workers, 20–61 yr old automotive industry supervisors, 35093
validity & reliability & factor structure of professional orientation inventory, measurement of attitudes toward inmates, correctional vs probation & parole officers, 148
validity & reliability & factor structure of Social Training Achievement Record, assessment of social & self care skills, hospitalized mentally handicapped 13–80 yr olds, Scotland, 10654
validity & reliability & internal consistency of metamemory battery, assessment of organization & memory skills & capacity, 3rd vs 5th graders, 7069
validity & reliability & norms of Suinn Mathematics Anxiety Rating Scale Elementary Form, Hispanic 4th–6th graders, 24260
validity & reliability & standardization of revised version of Draw A Man Test for Indian Children, assessment of intellectual maturity, male vs female 2.5–15.5 yr olds, 10637
validity & reliability of Adaptive Functioning Index, mentally retarded adults in residential institution or community based group homes, Australia, 31688
validity & reliability of Borderline Symptom Inventory, psychiatric patients with borderline vs affective disorders, 14138
validity & reliability of Child Well Being Scales, assessment of child welfare service programs, commentary, 21134
validity & reliability of Childhood Autism Rating Scale, autistic 6–10 yr olds vs 13–22 yr olds, 7103
validity & reliability of chirp train streaming test, assessment of auditory selectivity & listening & impairment etiology, hearing impaired 12–91 yr olds, 9216
validity & reliability of Consultation Judgment Inventory, assessment of clinical skills in psychological consultations, college & graduate students, 34830
validity & reliability of Dutch translation of Fear Questionnaire, 18–65 yr old phobic outpatients, Netherlands, 24662
validity & reliability of dysphorimeter, assessment of depression or anxiety or pain by matching level of unpleasant sound to level of discomfort, schizophrenic patients, 31561
validity & reliability of Ethical Judgment Scale, measurement of ethical orientation in counseling decision making, community college counselor, 13695
validity & reliability of family rating scales, assessment of family functioning, 66
validity & reliability of Instrument Timbre Preference Test, music college & graduate students & faculty, 21133
validity & reliability of instruments & client centered therapy, psychodiagnostic process, commentary, 36689
validity & reliability of job satisfaction questionnaire, office & factory workers, 21118
validity & reliability of multidimensional self report assessment using SENOTS software package, cognitively able elderly, 24653
validity & reliability of original vs abridged role conflict & ambiguity scales, university administrators, 10296
validity & reliability of Position Analysis Questionnaire, assessment of job attributes & requirements, employees, 31671
validity & reliability of Sexual Experience Scale of Derogatis Sexual Functioning Inventory, measurement of sexual behavior, 22–65 yr old females, 17557
validity & reliability of social skills questionnaire, self assessment of social behavior at school, 12–17 yr old secondary school students, Canada, 31291
validity & reliability of subjective quality of life measures, program planning & evaluation, 7081
validity & reliability of summary measures of Luria Nebraska Neuropsychological Battery Form I, 28116
validity & reliability of The Integrity Interview, preemployment screening for employee honesty by telephone, employees, 38619
validity & reliability of traditional vs random response questionnaire vs carbon monoxide test, assessment of self reported cigarette smoking, high school students, 28112
validity & stability of JAREP, measurement of self concept constructs, high school & college students, 10593
validity & utility of & age differences in WISC-R Verbal & Performance Factorial IQs, learning disabled 6–11 yr olds, 10624
validity & utility of attributional style measures assessed at moderate level of specificity, college students, 14088
validity & utility of Family-of-Origin Scale, assessment of healthy family functioning, 20–69 yr old psychotherapy patients, 28105
validity & utility of WAIS-R & WISC-R short forms, measurment of intellectual ability, 12–20 yr olds with closed head injuries, 21136
validity generalization in employment tests, racial discrimination in personnel testing & selection, 24314
validity of & temporal stability issues in computer aptitude & attitudes measures, computer science teachers, 20703
validity of abbreviated reactive & neurotic hostility subscales of Buss-Durkee Hostility-Guilt Inventory & 4 other anger scales, parents of elementary school students, 31662
validity of Affect Intensity Measure, assessment of magnitude of emotional reaction to emotional stimuli, college students, 35124
validity of Affinity Seeking Instrument, assessment of ability to be interpersonally attractive & sociable, college students, 17567
validity of alcohol & drug use items on Preliminary Diagnostic Questionnaire, adults in drug units of correctional facilities & drug & alcohol treatment centers, 24595
validity of Armed Services Vocational Aptitude Battery with redesign for employment status vs job performance as criterion, employed civilians, implications for use in high schools, 17558

validity of articulated thoughts during simulted situations paradigm, cognitive assessment in prediction of smoking relapse, adult ex-smokers, 35131
validity of Assessment of Occupational Functioning & 6 model components of human occupation, occupational therapists serving as validity raters, 35099
validity of Assessment of Preterm Infant's Behavior, assessment of functional competence, premature vs full term newborns, 14087
validity of Beck Depression Inventory & Carroll Rating Scale for Depression, assessment of recovery, nonbipolar depressed outpatients, 6 mo followup, 24655
validity of Beck Depression Inventory vs Diagnostic Interview Schedule scores, diagnosis of depression, renal dialysis patients, 31577
validity of Bhatia's Battery of Performance Tests of Intelligence, adult neuropsychiatric patients, India, 17625
validity of Biber Figure Learning Test, assessment of impairments in long term visual memory, brain damaged vs amnesic patients vs healthy 40–79 yr olds, 35123
validity of Blessed Dementia Scale, screening for dementia, 70 yr olds & older with dementia, 31591
validity of Boredom Proneness Scale, assessment of alienation & assertiveness & internal external expectancy & sleep patterns, 21–59 yr olds, 28141
validity of brief locus of control scales, 24–85 yr olds, 24619
validity of British Ability Scales & correlation with WISC-R & Wide Range Achievement Test-Revised, 8–13.2 yr olds, Canada, 7085
validity of Children's Depression Inventory as diagnostic tool, hospitalized children diagnosed with affective vs conduct disorders vs normal children, 21143
validity of Children's Depression Scale & Children's Depression Inventory, prepubertal 8–12 yr olds, 15713
validity of Chinese translation of Rutter Parent Scale A2 & Rutter Teacher Scale B2, bilingual teaching hospital staff, Hong Kong, 14183
validity of Chinese translation of Rutter Parent Scale A2 & Teacher Scale B2, discrimination of disorders, school age children with emotional vs conduct disorders, Hong Kong, 14184
validity of clinical vs laboratory vs self report screening measures, early detection of alcohol abuse, alcoholic vs nonalcoholic 18–55 yr olds, 35091
validity of combat stress measures, investigation of effects of battle, male Vietnam veteran patients & hospital staff, 35203
validity of computer based personality & psychodiagnostic assessment, 7134
validity of computerized version of Gollin incomplete figures test, measurement of visual recognition development, 28–60 mo olds, 1007
validity of computerized version of Setting Conditions for Anorexia Nervosa Scale, adults, 28066
validity of Conflict Tactics Scale & adaptation of Buss-Durkee Hostility-Guilt Inventory, assessment of aggression, institutionalized & noninstitutionalized Black inner city 12–17 yr old males, 31566
validity of Crown-Crisp Experiential Index, measurement of neurotic pathology, 40–49 yr old community vs psychiatric inpatient females, 17563
validity of Developmental Indicators for the Assessment of Learning-Revised, special need identification & early reading achievement prediction, 4–5 yr olds, 20614
validity of Early Language Inventory, assessment of parent supported language at age 20 mo, full term vs preterm vs precocious infants, 38602
validity of Eating Disorder Examination & subscales, 18–35 yr olds with anorexia nervosa or bulimia, 38598
validity of Edinburgh Postnatal Depression Scale & Beck Depression Inventory, 17–40 yr old mothers, 38625
validity of English versions of new Likert scale, measurement of attitudes toward violence, college students, replication, 35104
validity of Examination for Professional Practice of Psychology, impact of inaccurate questions on licensing, psychologists, 38634
validity of family history & personality & substance use/abuse correlates & factor structure of Hyperactivity/Minimal Brain Dysfunction questionnaire, social drinking college students, replication, 7177
validity of Forbidden Food Survey, assessment of food related fears, 15–46 yr old obese vs bulimic binge-purger vs binge eater females, 10645
validity of free response self description personality assessment, prediction of success vs failure in educational exchange program, high school students from Belgium or Netherlands or Luxembourg, US, 34841
validity of French version of General Health Questionnaire & psychic distress measure, 20 yr olds, Switzerland, 38592
validity of General Behavior Inventory, identification of chronic unipolar & bipolar affective disorders, outpatients, 6 mo followup, 24611
validity of General Behavior Inventory, identification of unipolar & bipolar affective conditions, college students, research implications, 28079
validity of General Health Questionnaire & subscales, assessment of social & emotional adjustment, early breast cancer patients receiving chemotherapy, 28098
validity of General Health Questionnaire-30 screening test, identification of emotional disorders, medical outpatients, Nigeria, 28120
validity of Generalized Expectancy for Success Scale, assessment of self acceptance, 18–26 yr olds, 31637
validity of German version of Revised UCLA Loneliness scale, college students, West Germany, 7133
validity of Gortner Values in Choice of Treatment Inventory, assessment of values in choice of surgical treatment, coronary artery bypass or valve replacement surgery patients, 14122
validity of Halstead-Reitan Test Battery & Luria-Nebraska Neuropsychological Battery & WAIS, diagnosis of brain damage, commentary reply, 38632
validity of Handwriting Scale from Test of Written Language, assessment of general legibility, learning disabled 4th–6th graders, 38266
validity of Hindi version of Psychoticism & Extraversion & Neuroticism Inventory, psychotic vs nonpsychotic psychiatric inpatients, India, 28145
validity of Holland's hexagonal model of personality & environmental types, assessment of career interest, Black & White 20–34 yr old premedical students, 10329
validity of Hospital Anxiety & Depression Rating Scale, 67–89 yr old psychiatric patients, 14129
validity of Hospital Anxiety Depression scale, screening measure for psychiatric disorder, patients attending genito-urinary clinic, 7065
validity of Hutt Adaptation of Bender-Gestalt Test & Bender-Gestalt Test for Young Children, psychodiagnosis, emotionally disturbed 12–16 yr olds with vs without mental retardation or neuropathology, 31562
validity of imagery measures of ego & id & superego & identity, college students, 14103
validity of Importance Rating Scale of Patient Self Disclosure Instrument, male medical vs mental health outpatients, 28068
validity of indices derived from WAIS-R & WISC-R, assessment of cognitive impairment, learning disabled adults, 21102
validity of Infant Behavior Questionnaire, stability of activity level & responsivity & irritability, infants first assessed at 2 wks old, 12 mo study, 21147
validity of International Association for Evaluation of Educational Achievement Mathematics Achievement Test, female 6th–10th graders, Pakistan, 3331
validity of International Study Skills Inventory, college students, France, school psychology implications, 24242
validity of Italian version of Michigan Alcoholism Screening Test, 14–65 yr olds, Italy, 7104

validity of K-ABC & Stanford-Binet Intelligence Scale, differentiation of lower vs higher cognitive ability & risk of learning problems, 3.3–6.7 yr olds, 10562
validity of K-ABC, assessment of processing style & accuracy of reading & spelling, learning disabled 8–12.4 yr olds, 17605
validity of Kinetic Family Drawings, personality assessment, 7–11 yr olds referred to community mental health center for learning & anxiety & attention & conduct disorders, 3638
validity of love styles measure, correlation with sensation seeking & romantic relationship experiences, college students, 10642
validity of Luria Nebraska Neuropsychological Battery, assessment of neurologic cognitive deficit parameters, 1978–86, literature review, 121
validity of Luria Nebraska Neuropsychological Battery, measurement of cognitive deficits caused by neurological disorder or brain damage, literature review, 14145
validity of Megargee-Bohn MMPI typology, prediction of prison behaviors, 16–48 yr old females in state prisons, 3635
validity of Millon Clinical Multiaxial Inventory-II, assessment of treatment outcome, psychiatric patients, replication, 21124
validity of Mini-Mental State vs cognitive capacity screening examination vs tachistoscopic test, detection of organic mental disorders, medical surgical patients, 141
validity of Missouri Inpatient Behavior Scale, assessment of symptom & behavior change, adult chronic psychiatric inpatients, 6 mo study, 10582
validity of MMPI, detection of fabricated symptoms, Vietnam veterans with vs without PTSD, replication, 21108
validity of MMPI, discrimination between primary psychogenic vs organic impotence, 24–73 yr old males with diabetes mellitus, 35142
validity of MMPI, patients with multiple sclerosis, 7150
validity of Morningness-Eveningness Questionnaire, personality & mood & psychophysiological correlates of circadian rhythms, 18–38 yr old male vs female college students, 31633
validity of Mosher Guilt Scales, adult alcoholic males voluntarily in treatment, 3576
validity of Mutuality of Autonomy Scale, assessment of object relations phenomena in Rorschach responses, nonclinical 6–13 yr olds, 35198
validity of National Adult Reading Test, assessment of premorbid IQ, patients with Korsakoff's psychosis or alcoholic or multi-infarct dementia or Alzheimer's or Huntington's disease, 14106
validity of Newcastle 1 vs 2 scale vs Michigan Index, diagnosis of endogenous depression & treatment response to isocarboxazid & drug dose, depressed adult inpatients, 3572
validity of North Carolina Teaching Performance Appraisal Instrument & relationship to academic achievement & teacher coaching, 3rd–9th grade student teachers & their students, 20718
validity of Older Americans Resources & Services Multidimensional Functional Assessment Questionnaire, screening for psychiatric disorders, 65–94 yr olds, Brazil, conference presentation, 54
validity of Open Middle Interview vs Children's Assertive Behavior Scale Self Report, assessment of social skills & peer ratings of likability & playground behavior, male 4th graders, 38679
validity of Pediatric Examination of Educational Readiness at Middle Childhood, assessment of neurodevelopmental functioning, 9–14 yr olds referred for school problems, 3324
validity of Pediatric Symptom Checklist, psychosocial screening, at risk 6–12 yr olds at military outpatient pediatric clinic, 35200
validity of Personality Inventory for Children, diagnosis of learning disabilities, male elementary school students, 20674
validity of Physical Estimation Scale, prediction of running performance, male & female runners, 31600
validity of Polish version of MMPI using protocol of C. McAndrew, differential diagnosis, drug addicted or suicidal or criminal 18–40 yr olds, Poland, 10589
validity of Positive States of Mind Scale, assessment of types of positive mood, college students, 17594
validity of Profile of Mood States vs Visual Analogue Scale vs O's scale, detection of acute effects of amphetamine, depressed inpatients, implications for research, 30473
validity of psychiatric & psychological questionnaires, assessment of psychiatric & psychological symptoms & disorders, patients with chronic pain, 28143
validity of psychometric assessment, patients with head injuries, India, 33567
validity of Reasons for Living Inventory, assessment of suicidal thoughts & behaviors, delinqent 12–18 yr olds & normal 10th–12th graders, 24582
validity of revised Halstead Category Test vs Category Test, male patients with brain damage, commentary reply, 24644
validity of revised Halstead Category Test vs Category Test, male patients with brain damage, commentary, 24661
validity of revised Multidimensional Health Locus of Control Scales, 4th–6th graders, 21138
validity of Rutgers Alcohol Problem Index, assessment of problem drinking, male vs female 12 vs 15 vs 18 yr olds, 3 yr followup, 28148
validity of self actualization scale & effect of assertiveness training, college students, 7088
validity of self assessment screening test, prediction of success in military training course, 18–19 yr old males, 3578
validity of self report scales, measurement of communicative competence, 35159
validity of self report symptom scales vs examiner rated psychiatric case classification system, epidemiology of psychopathology, adults, Greece, 15726
validity of Self Reporting Questionnaire, assessment of psychiatric disorders, psychiatric or somatic patients, Ethiopia, 10609
validity of short form of Category Test, assessment of neuropsychological impairment, 15–34 yr olds with head injuries or other disorders, 10651
validity of short forms of WAIS-R, head injured 16–69 yr olds, conference presentation, 28127
validity of shortened Afrikaans version of E. M. Berger's scales of self acceptance & acceptance of others, college students, 14096
validity of single Rorschach responses, indication of suicidal risk, depressed 20–82 yr olds, 10594
validity of Situational Confidence Questionnaire, measurement of self efficacy, alcoholic adults in treatment vs abstinent for 12 mo or more, replication & extension, relapse implications, 35163
validity of Smoking Motivation questionnaire & 2 versions of Reasons for Smoking Test, assessment of smoking motives & patterns, smokers attending smoking cessation clinics, 3631
validity of Social Avoidance & Distress Scale & Fear of Negative Evaluation Questionnaire, patients with social phobia, commentary reply, 3644
validity of Social Avoidance & Distress Scale & Fear of Negative Evaluation Scale, patients with social phobia vs agoraphobia or panic or anxiety or obsessive compulsive disorder, commentary, 3586
validity of Social-Religious-Political Scale, college students, South Africa, 17601
validity of sociometric scale, assessment of peers & self & agreement with staff assessment, behaviorally disordered 6–13 yr olds in residential center, 31617
validity of Spanish version of Social Desirability Scales of Bem Sex Role Inventory, male vs female college students, Mexico, 7135
validity of Speed of Information Processing subscale of British Ability Scales, 6th graders, US, 38594
validity of Sport Orientation Questionnaire, measurement of achievement orientation & discrimination of competitive

sport participants vs nonparticipants, high school & college students, 10590
validity of St. Thomas' Questionnaire for Senile Dementia, differential diagnosis of depression with vs without underlying organic dementia involvement, 63–92 yr olds, 31656
validity of Stanford Binet Intelligence Scale vs K-ABC, learning disabled 8.5–11.8 yr olds, 27809
validity of Statistics Attitude Survey, college students in freshman statistics class, 34842
validity of subscales of Preliminary Diagnostic Questionnaire, physically vs psychiatrically disabled vocational rehabilitation clients, 17586
validity of Sulliman Scale of Social Interest, correlation with problem severity & history & expectancy for success, psychotherapy outpatients, 17579
validity of Superiority Scale & Goal Instability Scale, assessment of superior feelings & maturation & prediction of adjustment to college, female college students, 20702
validity of T. S. Langner's 22-item index, analysis of psychiatric symptom response, Anglo American vs Vietnamese Chinese vs Mexican adults, US vs Hong Kong vs Mexico, 28119
validity of Test of Attentional & Interpersonal Style, prediction of attention related visual information processing, college students, implications for sport psychology, 38607
validity of Test of English as a Foreign Language, assessment of ability to reason in reading, adult ESL students, 10300
validity of Token Test short vs regular form, assessment of auditory verbal comprehension & effects of perseveration, 46–89 yr olds with probable Alzheimer's disease, 38675
validity of Trail Making & Tactual Performance subtests of Halstead-Reitan Neuropsychological Test Battery, screening for learning disabilities, 9–14 yr olds, 31581
validity of WAIS-R short forms vs full scale, female adult vocational rehabilitation clients, 7064
validity of World Hypothesis Scale vs Organicism-Mechanism Paradigm Inventory, prediction of theoretical orientation & personality traits, scientists, 7121
validity of 2 shorter versions of General Health Questionnaire, 15–59 yr old psychiatric patients, India, conference presentation, 14094
validity of 2 versions of object sorting & house floor plan subtest of Bay Area Functional Performance Evaluation, 20–39 yr old schizophrenic patients, implications for occupational therapy, 10587
validity of 4th revision of Stanford-Binet Intelligence Scale, evaluation of verbal & quantitative & abstract/visual reasoning & short term memory, 2–6 vs 7–11 vs 12–23 yr olds, 7127
validity of 6 short forms of WAIS-R, 51–70 yr olds, 14127
validity of 6 vs 2 level response format of Multidimensinal Health Locus of Control Scales, college students, 10618
2-stage model using signal detection theory, invalid response pattern detection for California Psychological Inventory, college students, 31627

Testes
autosomal & heterosomal factors, behavioral components & body & testes weight, heterogeneous line of mice developed from cross between unrelated inbred strains, 602
beard growth & testicular volume, depressed male adults, 26157
desipramine induced testicular swelling & pain, 59 yr old male with bipolar affective disorder & 45 yr old male with major depression, case reports, 2548
modeling & guided practice in comprehensive testicular self examination cancer education program, male college students, 30623
nestboxes, vernal testosterone & LH & testicular size & reproductive behavior, male starlings, 683
prenatal exposure to alcohol, testosterone level & testicular morphology, male rats, 7890
psychosocial sequelae of treatment, 18–60 yr old survivors of testicular cancer, 37222
testicular hormones, individual differences in aggression & possible mediation mechanism in olfactory system, male mice, theory of hormone action, 14721
written information on vs lecture & self examination technique for testicular cancer, knowledge level & self exam, 16–32 yr olds, 12 wk followup, 40833

Testes Disorders [See Endocrine Sexual Disorders]

Testimony (Expert) [See Expert Testimony]

Testing [See Also Computer Assisted Testing, Content Analysis (Test), Cultural Test Bias, Difficulty Level (Test), Educational Measurement, Item Analysis (Test), Item Content (Test), Item Response Theory, Minimum Competency Tests, Rating, Repeated Measures, Scaling (Testing), Scoring (Testing), Test Administration, Test Bias, Test Forms, Test Interpretation, Test Items, Test Reliability, Test Standardization, Test Validity]
classroom environment with emphasized vs deemphasized normative evaluation, self rating of current vs predicted academic achievement, kindergartners vs 4th graders, 3246
cognitive evaluation of mathematical problem solving, arousal & emotional responses, discussion of theory by G. Mandler, 3818
G. Rasch's logistic latent trait model, communication education & testing, college students, 20424
National Association for Education of Young Children guidelines for early standardized testing & interpretation of test results, 3–8 yr olds, 6830
research on impact of classroom evaluation procedures on student outcomes, 38254
testing of cognitive abilities, children from different cultural backgrounds, 24557

Testing (Job Applicants) [See Job Applicant Screening]

Testing Methods [See Also Adaptive Testing, Cloze Testing, Essay Testing, Forced Choice (Testing Method), Multiple Choice (Testing Method), Q Sort Testing Technique, Scaling (Testing)]
application of Role Construct Repertory Test grid technique to vocational assessment, 31549
assessment methods, measurement of social skills competence & training effects, handicapped students, 37440
closed sequential testing procedure using indifference zone approach, setting of mastery test cutoff scores & generalization to stratified sampling item domains, 39
computerized vs paper & pencil test form, random responding on attitude measure, college students, 28058
construct validity of checklist vs thought listing method, assessment of positive vs negative thoughts following classroom test & relation to test anxiety, college students, 14091
drug dose & training testing interval, enhancement of short vs long term retention, male mice, 4358
exposure to word misspelling, subsequent word spelling or recognition performance, college students, implications for spelling instruction & testing, 14422
hypnotic susceptibility & question format & hypermnesia suggestions, free recall of short movie, college students, replication, 24915
imaginal or semantic elaboration strategies & free recall vs forced choice vs yes/no recognition tests, hypermnesia in recall vs recognition, college students, 14468
insertion of metacognitive questions in open ended vs multiple choice tests of reading comprehension, text recall, college students with low vs high reading ability, 3338
misleading postevent information, memory for original event assessed by reanalysis of yes-no vs forced choice test data, commentary, 24896
nitrous oxide & oxygen atmosphere, memory impairment assessed by covert association & word completion vs overt recall tests, 18–33 yr olds, 21714
objective evaluation & consideration of test conditions & role of O, children in testing situations, 20704
oral vs silent reading & testing format, recall for text idea units of varying thematic importance, 12–41 yr olds with learning disabilities, 3267
postevent misleading information, memory for original event assessed by yes-no vs forced choice test, college students, commentary, implications for eyewitness testimony, 24890

question order & repeated testing using written vs computerized MMPI, item vs scale level effects, college students, 28052
reading ability & test administration method, performance on tests of reading comprehension, 3rd graders, 3330
scoring methods incorporating partial knowledge vs chance success levels, reliability & interitem correlations of multiple true false items, college & medical students, 10242
silent vs listening reading administration method, performance on reading comprehension test, good vs poor reading learning disabled 11.7–14.1 yr olds, 10316
task presentation medium & test format & numerical content, performance on Piagetian reasoning tasks, 7th vs 9th vs 12th graders, 8057
test anxiety prior to oral examination, preclinical medical students, England, 13286
testing in English vs Navajo, language lateralization measured by dichotic listening task, Navajo 5th graders, 25496
trainer vs self guided practice & difficulty of speeded vs power test, locus of plasticity in fluid intelligence, 63–89 yr olds, West Germany, 1147
use of Likert type vs multiple choice vs written paragraph vs structured interview format, assessment of sources of beliefs about science & technology & society, 12th graders, Canada, 24075
utility of & methods for D. T. Campbell & D. W. Fiske's multitrait multimethod matrix, 21159
visual memory & auditory recall ability, performance on spot vs viva vs essay anatomy examinations, medical students, 3007
visual reinforcement with vs without operant conditioning vs play audiometry, 2 yr olds, 32454
weekly formative quizzes, semester examination performance, college students, 3178

Testosterone

academic examination stress, plasma levels of LH & testosterone, male vs female medical students, 11094
acute vs chronic immobilization stress, beta endorphin levels in anterior vs neurointermediary pituitary vs hypothalamus, castrated male rats with vs without testosterone treatment, 14756
age & previous maternal experience, care of pups, normal virgin vs androgenized female rats, 35841
age & stress & chronic heart disease, plasma testosterone, hamsters, 21658
aggression, mortality rates & weight changes & conspicuousness & survivorship, testosterone implanted male lizards, 14892
androstatriene-3,17-dione, sexual behavior, intact vs testosterone maintained castrated male hamsters, 7919
antiserum to testosterone &/vs antiserum to progestin or progesterone acetate, play & social behavior, rats, 7826
aromatase inhibitor of testosterone vs castration, mating behavior, adult male ferrets, 4226
aromatization inhibitor ATD, sexual behavior & androgen receptor binding, testosterone treated male rats, 28879
castration, copulatory behavior & plasma testosterone levels & hypothalamic nuclear estrogen receptors, C57BL/6J vs DBA/2J vs B6D2F1 male mice, 793
cerebral laterality & testosterone levels, assessment of disorder subtypes, 30–59 yr old males with affective disorders, 33224
chronic lithium, circulating levels of testosterone & plasma & pituitary levels of LH, mice, 18309
chronic testosterone, fighting behavior against olfactory bulbectomized male & lactating female mice, ovariectomized adult female mice, 11318
circulating plasma testosterone, aggressive behavior, 15–17 yr old males, 11512
cohabitation with female vs serum testosterone concentration, activation of testosterone-dependent aggression, male rats, 28639
daily testosterone for 3–9 wks, anatomical changes & sex reversal & aggressive behavior in isolated vs group setting, female beta splendens, 822
diurnal rhythms of scent marking & serum testosterone & heart rate, male Mongolian gerbils, 692
early exposure to testosterone, aggressive behaviors in adulthood, inbred strains of female mice, 886
early vs late prenatal exposure to testosterone, social behavioral & genital masculinization, androgenized female rhesus macaques, 25229
estradiol benzoate vs 5-beta-dihydrotestosterone on Day 9 vs 14 of embryonic life, sexual differentiation & behavior, quail, 28968
estradiol vs testosterone & mating experience, male vs female sexual partner preference, ovariectomized rats, 908
exposure to odor of urine from estrous females, mounting of receptive females, ovariectomized female rats with silastic testosterone implants, 14750
food competition, defensive vs testosterone dependent aggression, castrated male rats with medial hypothalamic vs sham lesions vs with testosterone vs sham implants, 11104
gonadectomy with vs without chronic testosterone, autoshaped responding, male vs female rats, 25151
gonadotropin releasing hormone & exposure to estrous mare, sexual behavior, pony geldings with vs without testosterone replacement, 32244
high dosage testosterone propionate, copulatory behavior, obese male rats, 11234
im testosterone, schedule induced attack on conspecific target, male pigeons, 14926
implanted dosage of testosterone &/vs estradiol &/vs 5-alpha-dihydrotestosterone, sexual responsiveness, castrated male rough skinned newts, 4232
levels of testosterone & FSH in midgestation amniotic fluid, sexual differentiation of brain, fetuses of female 35–40 yr olds, implications for study of postnatal development, 25385
neonatal castration of males or sc testosterone in females, morphological development of pars compacta & scent marking & gonadotropin secretion, male vs female gerbils, 770
neonatal testosterone & in utero development adjacent to males vs females, male copulatory behavior, adult female mice, 4362
operant response perseveration, gonadectomized male vs female rats with vs without chronic testosterone, 28788
past losing experience & testosterone treatment, social preferences & passive avoidance learning, male vs female Tryon Maze Dull rats, 21664
personality traits & saliva testosterone, male college students, 7719
plasma dihydrotesterone before vs during vs after lordosis response, female rats tested during estrus cycle, 680
prenatal &/vs neonatal exposure to oil vs testosterone propionate, lordotic behavior & estrous patterns, female rats, 11239
prenatal &/vs postnatal nicotine, sexual behavior & plasma testosterone, adult male rats, implications for development of brain sexual differentiation, 28970
prenatal exposure to alcohol, testosterone level & testicular morphology, male rats, 7890
prolactin & testosterone levels, paternal behavior, mice, 39137
prolonged high testosterone levels, survival, male brown headed cowbirds with vs without testosterone implants, 39281
region of dihydrotestosterone implantation in brain, male typical sexual behavior, castrated lizards, 39189
REM sleep deprivation, effect of testosterone on masculine sexual behavior including mounts & intromission & ejaculation, castrated male rats, 25320
sc & intracranial dihydrotestosterone vs testosterone vs cholesterol, sexual behavior, castrated male rats, 28704
seasonal variations in reproductive cycle & testosterone level & ethanol & social status, aggressive behavior, male squirrel monkeys, 7943
serum testosterone & LH, adult nonviolent sex offenders, 15885

serum testosterone, hospitalized adult males with undifferentiated vs paranoid schizophrenia vs manic vs major depression, 5279
synthetic androgen vs dihydrotestosterone vs testosterone, development of lordotic behavior, female hamsters, 7900
synthetic progestin medroxyprogesterone acetate, plasma testosterone & ejaculatory behavior, male cynomolgus monkeys, 4516
testosterone & alcohol, aggressive behavior, dominant vs subordinate male monkeys, 14957
testosterone & corticosterone levels, acquisition of breeding territories & reproductive success, male red-winged blackbirds, 28640
testosterone & estradiol, restoration of sexual copulatory behavior, castrated male B6D2F1 mice, 926
testosterone & estradiol, song organization & quality, young female canaries, 28987
testosterone concentration in saliva, criminal violence, female inmates vs college students, 8777
testosterone cypionate &/or aromatise inhibitor, mounting behavior, gonadectomized male vs female guinea pigs, 21806
testosterone, flank marking induced by arginine vasopressin within medial preoptic anterior hypothalamus, castrated vs intact male hamsters, 14804
testosterone, habit reversal problem learning in E maze, castrated rats, 4499
testosterone implants, rate of aerial alarm calls, castrated male domestic fowl, 21747
testosterone propionate or estradiol benzoate in preoptic area, male typical copulatory behavior, castrated Japanese quails, 39195
testosterone replacement therapy, sexual maturation & aggressive sexual behavior, 31 yr old male with 48 XXYY karyotype variant of Klinefelter's syndrome, case report, 23455
testosterone, sexual motivation, males vs females, 21811
testosterone vs dihydrotestosterone vs androsterone vs estradiol, aggression & dominance, sparrows, 25185
testosterone vs estradiol, distraction during runway performance, chicks, 14829
testosterone vs estradiol, sexual interactions, estrous female & castrated male rats, 11206
testosterone, young vs old male rhesus monkeys with low sexual activity levels, 14921
time of testosterone administration, nocturnality & total activity, castrated male rats, 32112
total & free testosterone & estradiol & cortisol, 20–50 yr old depressed males, 8646
TRH & LH releasing hormones, LH & FSH & testosterone level responses, patients with major depressive disorder, Sweden, investigation of hypothalamic-pituitary-gonadal axis, 19248
Tests [See Measurement]
Tests (Achievement) [See Achievement Measures]
Tests (Aptitude) [See Aptitude Measures]
Tests (Intelligence) [See Intelligence Measures]
Tests (Personality) [See Personality Measures]
Tests (Statistical) [See Statistical Tests]
Testwiseness
deficits in & instructional strategies for improving test taking skills, learning disabled students, 20706
reliability of Gibb Experimental Test of Testwiseness, college students, 20694
Tetrabenazine
tetrabenazine, monoamine transmitter depletion, patients with Huntington's disease, 16614
tetrabenazine, 38 yr old Chinese female with 10 yr history of Pisa syndrome, case report, 34009
Tetrahydrocannabinol
acute vs chronic administration of delta-9-tetrahydrocannabinol, repeated acquisition of serial position responses, male pigeons, 7892
delta-9-tetrahydrocannabinol, electrical intracranial self stimulation, male rats, 18335
delta-9-tetrahydrocannabinol, potassium evoked release of dopamine in neostriatum, male rats, implications for marihuana europhorigenesis & abuse, 11278
delta 9-tetrahydrocannabinol, visual recognition memory & discrimination learning, monkeys, 14803
discrimination of effects of 2.7 vs 0 percent of tetrahydrocannabinol in marihuana, 18–31 yr old marihuana smokers, 28825
discrimination training with tetrahydrocannabinol, generalization to diazepam, pigeons & gerbils, 4387
long term tetrahydrocannabinol, hippocampal structure & glucocorticoid & plasma corticosterone & ACTH levels, male rats, 8 mo study, 4402
low vs medium vs high tetrahydrocannabinol content, self administration of marihuana, 19–33 yr old regular marihuana smokers, 40273
PCP or delta-9-tetrahydrocannabinol or ethanol or morphine, intake of water or sweet or salty solutions, rats, 32254
tetrahydrocannabinol discrimination ability, tetrahydrocannabinol sensitivity & operant learning ability, male rats, 4447
tetrahydrocannabinol enantiomers, activity level & rectal temperature & tail flick latency & catalepsy, male mice vs dogs, 39350
tetrahydrocannabinol potency & amount of joints consumed, marihuana smoking patterns, healthy adult male habitual users, 8926
Text Structure
ability to understand & reproduce coherent text, normally achieving vs learning disabled vs underprepared college writers, 34736
accompanying pictures of details vs proposition interrelations in text, memory for narrative vs expository text, college students, 14481
age & previous exposure to literature, awareness of narrative themes, K–4th graders, 11408
amount & format of text on VDU screen, proofreading accuracy & speed & preferences, adults, 24420
amount of text visible in moving text window, reading efficiency, slow vs fast reading college students, 21260
anaphora in popular stories, evaluation of Story Grammar vs Conceptual Dependency models of narrative structure, 21860
antecedent distance of sentences subsequently read & intervening text structure, interpretation of elliptical verb phrases, college students, UK, 300
arousal & structural task properties, recall of incidentally learned text, introvert vs extravert college students, 32838
awareness of spaces between words in written text, 5.3–8.6 yr old students, 1 yr study, conference presentation, 24065
causal relations in hierarchical vs sequential narrative text structure, perception of statement importance, 3rd–12th graders, 1053
causal vs temporal vs reference distance between clauses in stories, inferences, college students, implications for causal network model, 38861
cognitive ability & expository vs narrative text, reading comprehension & recall, 18–80 yr olds, 28314
comprehensibility & structural importance & meaningfulness & interest & specificity of denotation & concreteness, recall of biblical text, college students, 24894
computerized vs printed documentation system, performance & system satisfaction, college students, 20904
concept & definition of "text" & its forms & relation to language, 11334
considerate vs inconsiderate contextual factors in history text, vocabulary learning, 8th graders, 34641
consistency of outline organization with text, delayed vs immediate recall & recognition & summarization of text, knowledge obtained, college students, 349
content & tone of rejection letter, attitudes & behavioral intentions toward organization, job applicants, 20742
context of previous questionnaire items, cognitive processes & response bias in attitude surveys, 14082

contextual constraint & use of redundancies in information processing, verbal test recall, 18–47 yr olds, Denmark, replication, 28303
culture semiotics & text as complex code storage & message receiving & generating system, 11335
degree of imagery & emotion evoked by & perceived importance of story, female college students, 10812
density of text in computer video display, reading time & task performance & user preferences in computer assisted instruction, college students, 17158
detection of subtle order violations in narratives, 2nd vs 5th graders, 11437
divided vs alternating text structure, learning & retention of scientific material, college students, 23986
education & readability of & typeset used for materials, comprehension of informed consent information, 60–69 vs 80–89 yr olds, 11563
evaluation of linguistic complexity of text & selection of materials for use in classes, 3rd vs 6th grade teachers of regular vs hearing impaired classes, Israel, 6700
explanatory analogies, expository text recall & inferencing, 5 vs 7 yr olds, 15132
formats of information labels at art museum exhibit, label preference, frequent vs infrequent exhibit visitors, 4519
headlines, recall & biases toward material presented, college students in writing course, conference presentation, 24038
history of text comprehension research, instructional implications, 23922
importance of text content structure with vs without instructional objectives, thinking aloud & rehearsal & free recall & reading time, college students, 3146
inconsiderate vs considerate text, vocabulary learning, 11th graders, 20518
inconsistent premise & outcome sentences in story, detection of propositional inconsistency & judgment of story adequacy & memory for propositional content, 2nd–6th graders vs college students, 4572
induced interest as function of text structure, recall of expository text, 4th vs 6th graders, Canada, 11399
inserted question aids vs experimentally provided perspectives, metacomprehension activities during text reading, college students, 17898
instructions & outlines & headings, identification of false statements in text, 15–17 yr old students, implications for schema theory, 18565
interactive vocabulary instructional strategy, content area text comprehension, high school students with learning disabilities, 34708
lexical structure of primitives in backward counting task, multidigit number omission errors in speeded performance, Walloon French speaking college students, 21278
line & jump lengths during horizontal movement on computer display, text readability & reading rate & movement speed selected, college students, 228
metacognitive knowledge of vocabulary difficulty & passage organization assessed by ease & length of passage studying, above average vs average vs learning disabled 5th–7th graders, 19469
microcomputer generated vs printed text, reading comprehension, 4th–12th graders, 13478
multiple story surface representations of same deep structure, risk aversion in decision making, college students, test of subjectively expected utility theory, 14412
normal vs inverted vs mirror image vs reversed spelling text structure, retention of specific information & gist & transfer of pattern analyzing skill & lexical information, college students, 28344
oceanography text & task characteristics & solution strategies, comprehension & reasoning, native vs nonnative English speaking college students with vs without prior subject knowledge, 34635
oral vs silent reading & testing format, recall for text idea units of varying thematic importance, 12–41 yr olds with learning disabilities, 3267
original vs reversed text, verbatim memory for noun vs pronoun referential statements, college students, 14477
outlines prefacing & headlines inserted in text, recall & comprehension of prose, college students, 35382
paragraph markings in test, reading time & judgment of important ideas, college students, 25361
passage & question factors, performance on reading comprehension tests, 5th–6th grade successful vs 9th–10th grade unsuccessful readers, 3308
pictorial &/vs verbal supplements, learning of biographical texts on historical figures, college students, 3167
prepared review notes in completed text vs linear outline vs matrix format, recall of videotaped lecture, college students, 17152
primerese language used in basal stories, miscues in oral reading, 1st graders, conference presentation, 24061
printout of computer text, preferences & standards for legibility judgments, adults, 24422
prior knowledge & text structure, reading comprehension performance, junior high school students with learning disabilities, 34785
prior knowledge level, text reading & retention with vs without headings, college students, 28347
proper names for vs descriptions of character, control of textual discourse focus, college students, 18495
propositional density of text, recall of narrative vs expository prose passages, 18–30 vs 60–83 yr olds, 11438
protagonist goals, storyhood & liking of plan based stories, 1st & 3rd & 5th graders vs college students, 25390
reading ability & presentation rate & moving vs stationary text display of word vs phrase sentences, recall, college students, 14420
reading ability, use of text heading as search strategy, 4th vs 6th vs 8th graders, 4618
reading proficiency, use of cohesion while reading fiction vs nonfiction, 11–12 yr olds, UK, teaching implications, 36061
reading skill, detection of conflict between instructional text & presented example & procedure use, college students, 311
real vs perceived effectiveness of problem solving text vs word level strategies, 2nd language comprehension, college students enrolled in French course, 10775
reconstruction of scrambled passages with vs without feedback, recall of idea units & recognition of original passages, college students, 35384
role of problem solving schematic, comprehension of narrative vs expository written texts, 3819
script structure assessed by additive tree & interproposition distance, perceived separation induced by punctuation marks, college students, 14976
self generated retrieval cues, text recall, college students, 38939
self questioning & story structure training, reading comprehension, 9–13 yr olds with learning & reading disabilities, 38208
serial & spatial structure of test items & field dependence, performance on Stroop Test, adults, 14078
signaling & feedback by sentences, reconstructed text comprehension, college students, 3857
spatial configuration of prose materials & lateral preference pattern, reading comprehension & short term memory, college students, 7644
spatially transformed sentences, memorability of graphemic information, college students, 38898
spatially transformed text, eye movements & attention during reading, college students, 38830
standard vs nonstandard printed poetic formats, pause reports in poem reading, French vs American English speakers, erratum, 35948
standard vs nonstandard printed poetic formats, pause reports in reading of poem, French vs American English speakers, 7955
story organization or presentation modality, developmental & individual differences in reading comprehension & recall, 3rd–6th graders, 15083
structure & content of summary essays, 8th graders, 24041
structure of braille text, comprehensibility, 4520

text enhancement with supportive information vs elaborative questions, story understanding & recall, 10–13 yr old learning disabled elementary school students, 20589
text hierarchical structure, reading speed & comprehension, graduate students, 21316
text length, reading strategies, 8.3–11.1 yr olds with good vs poor reading ability, 36017
text presentation methods in computer based instruction, reading comprehension, 13479
text revisions of basal readers, comprehension, hearing impaired vs normal hearing 8.6–11.8 yr olds, 23988
text rotation & horizontal vs vertical finger position & degraded dots in lateral dot gap density scanning, perceptual coding & speed in fluent braille, blind high school students, 2073
text segmentation into syntactic units, comprehension, 3rd–6th graders with different reading & information processing abilities, Australia, 20473
text structure & context of presentence report & formal & informal protocols, case processing, probation officers in county department, 8288
text structure & prior knowledge factors, judgments of important information in expository text & written summaries, college students, replication, 24851
text structure & story grammar & oral recall of text passage, 18.5–25 yr old college students with learning disabilities, 34705
text structure & type, inference & comprehension of main idea, 4th vs 6th vs 11th graders, 24045
text structure &/vs context schemata, selection of important information & strategic awareness in reading task, 5th–9th graders vs adults, 11418
text structure recognition & utilization training, recall of expository prose, learning disabled high school students, 20641
text subdivision into sections with different colors on paper vs CRT, retrieval of information, 18–47 yr old females, England, 3839
text vs reader schema & language competency, interactive processing of 2nd language text, readers, 10816
textual proximity, metacognitive awareness & strategic comprehension behavior, learning disabled 10.3–12.7 yr olds, 16000
TEXTVISION computer program, representation of conceptual relations in text, educational applications, 23998
training in chemistry or biology text structure, reading comprehension & recall, college students, 17138
training in structure of scientific journal articles, recall of articles with vs without canonical organization, college students, 7478
tree diagram, comprehension & recall of main ideas in expository text with multiple themes, 19–30 yr old college students, Israel, 34597
underlining of textbook sentences during reading, retention, below average college students, 23991
unity & coherence in retold stories, high vs low achieving K–1st grade readers, implications for speech assessment & therapy, 17195
use of story structure in reading comprehension, children, 34609
verbal ability & text genre, age differences in sensitivity to semantic structure of prose, 18–84 yr olds, 32430
well vs poorly designed computer assisted instruction in technical writing, computing behavior & quality of prewriting & attitudes, junior & senior level college students, 13474
word information distribution, eye fixations during sentence comprehension, adults, 17799
word vs text level transfer following different reading experiences, college students, Australia, 24827

Textbooks
citation analysis of recent social psychology textbooks, social psychologists, 17049
communication apprehension in public speaking textbooks, 31070
content analysis of social motive themes of achievement & power & affiliation in English vs Urdu fiction textbook for grades 6–10, 3150
core literature cited in psychologically vs sociologically oriented social psychology textbooks, 22311
experimental method & causality concepts in introductory psychology textbooks by R. S. Woodworth, 7019
frequency of occurrence of photographs of racial minorities in introductory psychology textbooks, 17142
H. Ebbinghaus's "Psychology: An Elementary Textbook" vs 7 modern introductory texts, conference presentation, 17506
illustrations in scientific text, systematic thinking & understanding & learning, college students, 34646
image forming words in college history textbooks, comprehension, college students, 13516
knowledge of research findings in developmental psychology textbooks, high school & college students, 31107
logical vs empirical readability & interest of general psychology textbooks, college students, 1977–88, 34613
methods for estimation of score reliability, teacher or textbook prepared norm referenced tests, 10268
microcomputer vs textbook instruction, American College Test scores, high school students, 17153
obstacles & strategies for improving presentation of information in textbooks in medical education, 30934
price knowledge, choice of textbooks, psychology vs other faculty in community colleges vs universities, 6666
ratings of objective features of introductory psychology textbooks, psychology professors, 6718
readiness & success in school & classroom communication interactions & textbook language, hearing impaired school age children, 34788
reading strategies, comprehension of informational text, elementary school students, 10108
reported preferred method of studying new textbook chapter for comprehension, college students, 3209
representation of humanistic or existential or phenomenological psychology in introductory textbooks, 27539
representation of Rogerian motivational constructs of actualization & self actualization in psychology textbooks, 34594
representation of schizophrenic parenting in abnormal psychology textbooks, 34622
retention of material from original instructional texts vs those revised by experts, college students, implications for school learning, 34626
rules about importance of types of information, reading times & recall for science text, experts vs novices, 14426
social science text graphic vs verbal displays & learning, college students, Israel, 24043
statistical confirmation of validity of Fry Readability Graph, assessment of readability, textbooks, 24232
training & research & textbooks in educational psychology, 1910–25, 17024
treatment of sensory deprivation & restricted environmental stimulation research in introductory psychology textbooks, 1956–86, 31088
underlining of textbook sentences during reading, retention, below average college students, 23991

Texture Perception
discrimination of mirror image vs nonmirror image compound Gabor micropatterns vs textures, adults, 3762
display size & background texture, parallel vs serial processing in feature discrimination task, college students, 17761
function of whiskers in discrimination of sandpaper roughness, binocularly occluded rats, 28417
groove width & vibration temporal frequency, perceived roughness of metal grating by index finger passive touch, college students, 35254
ground texture, visually guided control of simulated altitude, 17–35 yr olds, 21224
hard vs soft textual preferences, 3–5.8 yr olds with vs without cerebral palsy, 40382
object texture vs hardness vs planar contour, haptic integration & exploratory procedures, college students, 17726

object weight & surface friction, adaptive grip adjustment, 13–27 yr olds with Down's syndrome, 29795
retinal position, perceptual segregation performance, college students, 17772
shape vs size vs texture of stimuli, word extension in lexical learning, 2 vs 3 yr olds vs college students, 29066
surface texture perceived using reinforced hand movements, firing rate of somatosensory cortex neurons, male monkey, 7686
task & signal dependent rules for visual masking & texture discrimination & pattern recognition, 17753
taste & viscosity, perception of fat content in dairy products, adults, 213
textural pattern discrimination, patients with right vs left parietal temporal lesions, 22940
texture & edge orientation information to multiple finger locations, disjunction & conjunction search task processes, adults, 14243
texture boundaries & segregation, cross dimensional interaction, college students, 3756
texture discrimination & motion perception & pattern detection without Lapacian zero crossings, implications for model of early visual image representation, 14262
texture perception using active vs passive touch, sighted vs blind 20–55 yr olds, 26515
2 phase filter operations, gray scale textures discrimination, adults, 3734
Thailand
coping with educational & cultural differences, American managers, Japan vs Thailand, 34914
cultural influence, prevalence of behavioral & emotional problems, 6–11 yr olds, US vs Thailand, 1539
culture, threshold for concern over child behavior problems, parents vs teachers vs clinical psychologists, US vs Thailand, implications for referral for clinical problems, 5471
development of community psychology movement, Thailand, 37737
restraints to protect from sorcery accusations & persecution, supernaturalist curers, Thailand, 18748
Thalamic Nuclei
active vs passive limb movement vs flash vs click stimulation, single unit activity in pulvinar nucleus, monkeys, 4126
aimed arm reaching movements, electrical activity in extracellular unit recording of pulvinar lateral posterior complex, monkeys, 35585
backward masking in visual number recognition tasks, neuronal responses & EPs in thalamic nuclei & striatopallidal system, Parkinson's disease patients, 19551
gustatory & tactile & thermal stimulation of oral cavity, extracellular action potentials in ventroposteromedial nucleus of thalamus, monkeys, 25070
ibotenic acid lesions of anterior vs dorsomedial thalamic nuclei, spatial orientation & learning & memory, rats, 35747
medial vs lateral knife cuts to mediodorsal nucleus of thalamus, learned heart rate, rabbits, 39210
parasagittal knife cuts lateral to thalamic nucleus severing prefrontal cortex afferents & efferents, classical conditioning of eyeblink & heart rate, female rabbits, 25164
visual threshold recognition task, thalamic & pallidal neuronal responses, 34–58 yr olds with Parkinson's disease, 33469
visuotopic sectors of area V2 including prestriate & striate cortex, neural visual projections to & organization of pulvinar visual maps, macaques, 11027
Thalamus [See Also Geniculate Bodies (Thalamus), Thalamic Nuclei]
amphetamine dosage & reticular formation electrical stimulation, EPs measuring cortical-neostriatal interactions, male rats with vs without thalamic lesions, 32113
auditory localization cues, response of auditory thalamic neurons, female cats, 637
basal ganglia vs thalamic lesions, depression, adults with acute thromboembolic infarction or intracerebral hemorrhage, 16233
bromocriptine, presleep behavior & apathy & memory disorder, 38 yr old female with bilateral thalamic infarction, case report, 9497
clinical & autopsy data, 77 yr old male with aphasia & right hemiparesis due to ischemia thalamic infarct, case report, 9218
clinical & neuroradiologic manifestations, 71 yr old male with transient global amnesia & acute infarction in left thalamus, case report, 5652
depolarization burst into anterior dorsal thalamus following hypothalamic stimulation, pulsatile profile of plasma corticosterone response, pigeons, 14778
disinhibition syndrome affecting speech with manic delirium like symptoms, 72 yr old female with right hemisphere thalamic infarct, case report, 1965
dopamine & norepinephrine levels in thalamus, postmortem brains of schizophrenic patients, 5297
left medial thalamic hematoma, severe anterograde amnesia with normal short term memory, Black 69 yr old male, case report, 29879
motor neuron disease & degeneration of thalamus, 46 yr old right handed female with progressive dementia & amyotrophy, case report, 26473
neuropsychological deficits, 51–70 yr olds with paramedian thalamic infarctions, 26652
novel object in open field apparatus, activity level & exploratory behavior, rats injected bilaterally with procaine in pedunculopontine vs mediodorsal thalamus, 35863
noxious ischemia, aversive conditioning & thalamic neuronal responses to graded thermal stimulation of tail, male rats, 14758
picrotoxin injection into mediodorsal thalamus vs pedunculopontine nucleus, locomotor activity, male rats, 4433
pretectum vs lateral vs medial posterior thalamus lesions, black vs white horizontal vs vertical discrimination acquisition & low frequency flicker detection, male rats, 11151
thalamic dopamine to norepinephrine ratios, schizophrenic patients, commentary, implications for chemical etiology of schizophrenia, 26107
thalamic electrical stimulation, dichotic CVC verbal stimuli recognition & recall, 61 yr old male with chronic pain, 29863
unilateral primary visual cortex lesion, thalamus & pretectum retinofugal projections to lateral posterior nucleus & rostral pretectal areas & behavior, rabbits, 806
unilateral thalamic lesion, interocular transfer of visual discrimination, pigeons, conference presentation, 14799
Thanatology [See Death Education]
Theatre [See Also Drama]
distancing in theater & drama therapy, behavior, individual or audience setting, 19680
Theft [See Also Shoplifting]
assessment & treatment of nonconfrontative stealing behavior, children, 26271
bank robberies, stress reactions & symptoms, bank employees, 1978–82, Sweden, 12149
Compu-Scan preemployment screening device, assessment of potential for substance abuse & theft & other security violations, job applicants, 28130
convictions of theft, bulimic patients, 16261
criterion related validity of Personnel Selection Inventory Dishonesty scale, prediction of employee theft, employees & job applicants & students, meta analysis, 17615
identification & differentiation in development & treatment, 14 yr old female who stole clothes & jewelry from neighbor's house, 23209
opportunity variables, burglary & rape, 22768
parental SES, attitudes toward stealing, 11–12 yr olds, India, 40203
recurrent compulsive stealing, 71 yr old male with dementia, case report, 19572
robbery information program & prevention kit, convenience store robberies, store managers, 1981–84, Canada, 18830
subjective perception of external stress factors, homicide & robbery rates, Israel, 22722

types & causes of theft & personal characteristics of perpetrators & theft reduction measures, employees, 20829
Thematic Apperception Test
induced anxiety & defensive style, TAT performance, college students, 8469
normative scores on Rorschach & TAT & Tennessee Self Concept Scale & Personal Orientation Inventory & other measures, college freshmen, 10302
"or" responses on Rorschach test & TAT, personality organization, persons with psychopathology, 32949
TAT & Rorschach Test, assessment of psychotic features, mildly to moderately retarded 25–64 yr olds, 1930
thematic apperceptions of sibling affiliation & conflict & separation at childrearing vs empty nest periods of adulthood, 30–69 yr olds, 25721
Theology [See Religion]
Theophylline
behavior problems & self competence & self worth & family climate, compliance with theophylline treatment, 7–17 yr olds with chonic asthma, 30420
caffeine vs theophylline vs proparagyl xanthines, brain adenosine receptor & phosphodiesterase activity & open field motor activity, mice, 11197
iv theophylline vs sodium bicarbonate infusion, lithium intoxication, adults, 19956
theophylline, development of psychotic reactions, 5 yr old with sleeplessness & disorientation of several day's duration, case report, 30477
theophylline, haloperidol induced catalepsy, rats, implications for patients on neuroleptic drugs, 18300
tolerance & cross tolerance to theophylline vs caffeine, stimulation of locomotor activity, rats, 7847
Theoretical Interpretation [See Also Psychoanalytic Interpretation]
Adlerian concept of goal directedness in psychological development, Job in Old Testament, 18502
application of E. Kubler-Ross's stages of death to experience of death sentence in A. Koestler's "Darkness at Noon", prisoners, 16970
contemporary media ritual of film "The Wizard of Oz", cultural context & therapeutic rationale of narrative, children vs adults, 29013
cybernetic approach, sexually abused children, 33298
descents & punishments in epic literature, 15012
evolution of feminine character in archetypal & rhetorical forms & changing frontier myth in films "Alien" & "Aliens", 29014
hermeneutical inquiry approach to career counseling, 17341
interpretation of art work, schizophrenic male, 19167
M. Erickson's approach to psychotherapy, 30321
M. Merleau-Ponty's phenomenology of perception, interpretation of Benjy's consciousness in W. Faulkner's "The Sound and the Fury", 29017
portrayal of racial & sexual otherness in 1934 vs 1959 versions of "Imitation of Life", Black females, 29011
racial issues in S. Crane's "Monster" as reflection of problem of masculine individuation, 39442
S. de Beauvoir's vs R. Butler's views on reminiscence & aging, 32590
scientific psychology, understanding of artistic representations of behavior & personality in film noir, 35971
sexual difference & enunciation in A. Resnais's film "Last Year at Marienbad", 29016
theme of Oedipal crisis in young male & war in films "Hope and Glory" & "Empire of the Sun" & "Radio Days", 29018
themes of birth & loss in J. Joyce's novel "Ulysses", 15000
value analysis vs phenomenological psychobiography method, analysis of R. Wright's "Black Boy", 18498
voice & body & representation & gender & power in films "Diva" & "Thriller", 29019
Theoretical Orientation
A. Terruwe's Thomistic psychology & Catholic moral theological approach to neuroses, 29494
absolutist vs relativist vs universalist approach to cross cultural psychology, Piagetian research, 18509
abstinence vs controlled gambling treatment approach using active gamblers as peer counselors, problem gambling, 19713
Adlerian psychotherapy vs other brief therapy schools, 30300
alienation & detachment & radically changed value system & transgression in work, 20th century artists, 35968
appetite approach to interpersonal needs in context of Gestalt theory & practice, 21021
application of C. A. Whitaker's therapy of absurd to pastoral counseling, families, 13088
application of E. Berne's social orientation of development & functioning to Adler's character types, 22412
application of E. Husserl's phenomenologically observable dictate to meaning vs object oriented therapy, 19811
application of self confirmation therapeutic model to schools of psychotherapy, 30205
attitudes toward conceptual & practical obstacles to psychotherapy integration, members of Society for Exploration of Psychotherapy Integration, 9988
beliefs about & approaches toward supervision of social work students, 27–61 yr old micro vs macro supervisors, 30965
beliefs about nature & epistemology of discourse, research style & methods, 4 authors from different disciplines, 21855
client characteristics & stage of treatment & analyst's theoretical perspective, analytic stance, psychoanalysts, 23181
clinical observation & experience & development of behavior therapy, 9452
cognitive theories of drawing development, children, 1885–1986, 25531
comments of V. E. Frankl on major concepts of prominent personality theorists, 2210
comprehensive model for integration of individual & family therapy, school age & adolescent children & their parents, 37298
concept of true self & psychotherapy, 37269
concepts common to psychology & theology in understanding development of pathology, 40045
constructivism & autopoiesis & problem determined systems, family therapy, 16439
constructivist theory & clinical conceptualization of incest disclosure & family therapy, 16430
constructivist theory & family therapy, 16442
content analysis of psychological research literature focusing on evolution & genetics & eugenics & biology & neurosciences, 1894–1985, 11003
contextual theory, diagnosis & intervention in family therapy, parents & their adolescent children, 2349
contribution of H. Maturana's biology & neurophysiology to Milan school approach to family therapy, 16447
contribution of relativity & complementarity & indeterminacy physical science concepts to psychological relativity paradigm, 14023
contribution of sociology to social movement & organizational & psychosocial aspects of hospice care, 23497
critique of realist approaches to psychology & psychopathology, 14016
cross cultural psychotherapy from theoretical perspective, 39 yr old male Middle Eastern refugee, commentary, 33794
cross cultural research in sociohistorical approach to human development, US vs USSR, 957
current status & future challenges for daseinsanalysis, 16347
daseinsanalytic analysis of Freud's Irma dream, 16346
daseinsanalytic approach, patients with narcissistic neurosis, 16374
daseinsanalytic psychology & psychotherapy, annotated bibliography, 16349
daseinsanalytic psychotherapy, elderly, 16373
deconstruction & psychology & concept of mind as machine, commentary, 14046
defensive reactance to metaphysical foundation for integrating psychology & positivistic vs humanistic epistemology, psychologists, 13345
development of typology & attitudes toward enrollment of patients & participation in randomized clinical trials, physicians specializing in treating breast cancer, 3059

dialogic communication in work of C. Rogers & M. Buber & M. Friedman, 28016
dialogical constructivist theoretical conceptualization of family therapy, implications for ethics & psychotherapeutic process, 40685
dialogical constructivist theoretical conceptualization of family therapy, implications for ethics & psychotherapeutic process, commentary reply, 40684
dialogical constructivist theoretical conceptualization of family therapy, implications for ethics & psychotherapeutic process, commentary, 40699
drive & ego & object relations & self experience psychologies & psychoanalytic perspectives on motivation & personality organization, 28027
drive & ego & object relations & self perspectives within clinical psychoanalysis, 9361
eclectic hypnotherapeutic legacy of M. H. Erickson, 16665
eclectic psychotherapy, 34 yr old male with agoraphobia & depression & 23 yr old female with panic attacks & 20 yr old female with suicidal depression & panic attacks, 2323
eclecticism in behavior therapy, conference presentation, 12786
Eurocentric vs Africentric world views in rehabilitation counseling models, disabled Black clients, 27274
exclusivity vs equifinality approach to psychotherapies, 30281
existential fundamentals of daseinsanalytic approach to psychology & psychoanalysis & psychotherapy, 16348
existential meaning in & current state of daseinsanalysis, 16335
existential psychoanalytic psychotherapy, maternal mourning, 60 yr old female grieving death of 38 yr old son, 33765
existentialism & M. Heidegger's philosophy & daseinsanalytic psychotherapy, 16345
F. S. Perls' theory of personality integration as treatment for dualistic personality, 40645
factionalization & possible rapprochement of separate schools in contemporary psychiatry, 21012
false dichotomy of interpersonal vs mass media communication research, intellectual costs, 25337
family systems theory & G. Bateson's vs J. Haley's views of family power & violence & abuse & victimization, implications for therapy, 30330
formal clarification of E. Husserl's distinction between phenomenological psychology & transcendental phenomenology, 7018
foundations & objectives of prescriptive psychotherapy, 2273
generalization of psychotherapy approaches, 2299
H. R. Maturana's theory of bringing forth reality, individual & family therapy, 16304
history & development of & changing disciplines in psychiatry, Great Britain, 19719
history & psychodynamic action of psychopharmacologic drugs & "target symptom" vs "antipsychotic" approach to psychopharmacologic therapy, conference presentation, 37562
imagined psychotherapy using single vs combined therapeutic orientation, self reported affects, psychotherapists, 9337
inclusion of subjective mental states vital to religion in mentalist paradigm, 22
individual psychology vs Mental Research Institute approaches to brief psychotherapy, 30228
influences on anonymity & tolerance & alienation & community social bonds & deviant behavior in urban settings, adults, test of predictions from 3 perspectives, 39731
integrated practice approach in social work education & practice, 23881
integration of aspects of other psychotherapy orientations, client centered relationship, 19816
integration of parallel distributed processing approaches & Gestalt psychology, 38566
integration of psychotherapy systems & theories, general & specialized psychotherapy practice, 2 commentaries included, 9351
integrative psychotherapy & techniques, personality disorders, conference presentation, 2296
integrative systems perspective, therapist client relationship, 19807
interpersonal diagnosis model & visions of reality underlying psychotherapeutic schools, 26755
interpersonal perspective vs D. Feinsilver's Kleinian & object relations perspective on therapeutic action of psychoanalysis & psychoanalytic psychotherapy, 23236
irreconcilable differences in eclectic psychotherapy, 33835
K. Lewin's early views on applied psychology, 38320
M. H. Erickson's therapeutic approach to ego states & self concept & script, implications for transactional analysis, 30203
mechanistic & emerging alternative paradigms, special education theory in learning disabilities field, commentary, 41312
mechanistic & emerging alternative paradigms, special education theory in learning disabilities field, 41320
mechanistic & emerging alternative paradigms, special education theory in learning disabilities field, commentary, 41323
mechanistic vs natural sciences paradigm, special education theory in learning disabilities field, commentary, 41327
mechanistic vs nontraditional spontaneous systems perspective, interactions with clients, social workers, 23627
mental health counseling models & theories, commentary, 30682
mental health counseling models & theories, commentary, 30691
mental health counseling models & theory, 20 yr old female with grand mal epilepsy & adjustment problems, 30693
mind body dualism in psychiatry, conference presentation, 37234
mind/body controversy, biological vs psychodynamically oriented psychiatry, implications for training, 2200
mode of field instruction, practice orientations, female postgraduate social work students, 30937
models of metapsychology & psychoanalytic theory, 17510
movement toward psychotherapy integration, 23170
multiple language approach, communication, psychotherapists of different orientations, commentary, 20355
multiple language approach, communication, psychotherapists of different orientations, commentary reply, 20390
necessary preconditions for unified concept of reality in family therapy, 33885
need informational approach to study of psyche & behavior, psychological concepts & interdisciplinary communication, 28003
neurophysiological & psychological approach to psychotherapy, conference presentation, 5932
normalization as empirically grounded theoretical system & behavior modification, self injurious behavior, mentally retarded clients, commentary, 33988
overview of professional status & training in psychology & prevalent schools of thought & psychological problems, Hungary, 9994
personal vs integrative theory, family therapy, 23293
perspectivism & psychiatry, 9300
philosophical & psychological constructs, A. Michotte's experimental investigation of perceived causality, 28196
philosophical anthropology & human image & dialogue, integration of human sciences, 31517
Piagetian egocentric vs innate sociocentric views, perspective taking ability, children, 29069
pluralism & personal experience & schools of depth psychology, 17522
political & social background & theoretical perspective, self help groups, West Germany, conference presentation, 6056
practice compatibility & framework type, practice approach, primary care practitioners, Israel, 27388
professional activities & self views & theoretical orientation & career & training satisfaction, 31–83 yr old counseling psychologists in private vs public practice, 41173
psychoanalytic & behaviors & multigenerational & structural/strategic systems theories of psychotherapy, married couple with husband with penile obsession & hypersexuality, 37297

psychoanalytic vs cognitive behavioral vs problem solving approaches to brief psychotherapy vs Adlerian psychotherapy, 30306
psychoanalytic vs eclectic vs behaviorist orientation, perception of own vs typical therapist's personality characteristics, psychotherapists, Israel, 34486
psychological journal citations, relative influence of Pavlov vs J. B. Watson, 1911–43, US, 17949
psychotherapeutic approach combining redecision & psychodynamic & behavioral therapies, female 20 & 60 yr old former child & sexual abuse victims, 16365
relationship of emotion & cognition & action as metatheoretical framework, change process in different forms of psychotherapy, 40653
relationship of phenomenology & psychology & E. Husserls' philosophy, conference presentation, 28019
relativist approach to consumer research, commentary reply, 20931
resistance to psychotherapy integration, psychotherapists, 9996
role of theory in technical eclecticism & theoretical integrationism, implications for psychotherapy, 37277
S. Minuchin's structural vs J. Haley's strategic approach to family therapy, 16465
scientific rationality & need for human science for development of society, 25674
scientific tradition vs systems vs naturalistic methods for evaluation of corporate culture development, middle managers in global change training programs, UK, 10390
scientifically oriented eclecticism in psychotherapy, conference presentation, 5862
self confirmation theory, rescripting of critical incidents in psychotherapy by C. Rogers & F. Perls & A. Ellis & J. Wolpe & L. Wolberg, clients, 37268
self vs ego psychological vs interpersonal psychoanalytic theory, relationship, therapist & client, 19794
sex role attitudes, perception of sociocultural vs personal counseling intervention for weight & body image concerns, female college students, implications for feminist counseling, 19762
significance of life history in orthodox psychoanalysis vs daseinsanalysis, patients, 16363
simultaneous application of treatments with different theoretical bases, hospitalized psychiatric patients, Hungary, 30767
social context & scientific orientation, empirical study of creativity, 36463
sources of & solutions to affective responses to integration of psychotherapeutic approaches, implications for training, 9969
specific vs nonspecific debate & integrative perspective on psychotherapeutic theory & technique, 33834
subjectivity & Q methodology in interbehavioral psychology, 34
supervision, theoretical orientation & values, psychotherapist trainees, 9955
T. Reid & Common Sense Psychology, 18th century, Scotland, 31525
teleological theory, behavior, humans, 3519
teleological vs learning theories, counseling relationships & behavior, clients, 6369
theoretical approaches & frame of reference for community involvement in mental health prevention, conference presentation, 6337
theoretical approaches to environmental change in relation to action, 24442
theoretical aspects of transcultural concept of self, 15500
theoretical orientation & work setting, 28–78 yr old clinical vs counseling psychologists, 23913
theoretical synthesis of D. H. Olson's circumplex & W. R. Beavers' systems models of family process, commentary, 1216
theoretical synthesis of D. H. Olson's circumplex & W. R. Beavers' systems models of family process, 1224
theories & modes used in clinical practice, clinical social workers, 3026
theories of W. James & G. Bateson & guidelines for integration of psychotherapeutic approaches, 9366
traditional vs Kohutian approach to psychoanalytic theory & technique, application to psychoanalysis & neurosis & narcissism, 19779
training & research programs at Daseinsanalytic Institute for Psychotherapy & Psychosomatics, Switzerland, 17027
transactional world view in psychology research, commentary reply, 28015
translated selections from M. Heidegger's notes & commentary by M. Boss on daseinsanalysis, 16362
transpersonal phenomenology & validity of personal experience, 24527
unification of disparate elements of psychology, 16
validity of World Hypothesis Scale vs Organicism-Mechanism Paradigm Inventory, prediction of theoretical orientation & personality traits, scientists, 7121
views of self actualization & psychotherapeutic techniques expressed by C. R. Rogers vs M. Buber in 1957 dialog, 26775
1- vs 2-person psychology & psychoanalytic theory & practice, 30235
2 types of self understanding, psychoanalytic vs daseinsanalytic psychotherapists, 17020

Theories of Education
assessment & curriculum in & theoretical development of J. S. Renzulli's 3-ring conception of giftedness, commentary reply, 34773
debate over regular education initiative proposal merging special & regular education, 20585
developmental theory, teaching, 10097
geragogy teaching theory, elderly, 23990
problems with grounded theory as research paradigm, teachers, 41179
strategies for changes in practical theory, teachers, 41181
theory & practice in vocabulary instruction & learning, implications for reading comprehension, 20468

behavioral & cognitive conceptualizations & theories of PTSD, 33042
behavioral quantal theory of brain function, 32058
behavioral theory of social microstructuring involving rewards & material gratification, 25683
behavioral theory of social structure as commitment to behaviorism vs basic needs & their explanation by event regularities, commentary, 36229
behavioral theory of social structure using needs to generate social interaction & change, commentary, 36224
behavioral theory of social structure using problematic interpretation of history & social theory, commentary, 36226
bioenergetics, physical illness as coping structure, 33466
changes in representation & interpretation theories of dreams, implications for depth psychology, conference presentation, 10875
chaos theory in understanding of alcoholism & other addictive behavior, 36892
classical Piagetian theory & rise of neo-Piagetian theories, 15054
cognitive disability theory & human occupation model, assessment, 12–18 yr old psychiatric patients, Israel, 22463
cognitive evaluation of mathematical problem solving, arousal & emotional responses, discussion of theory by G. Mandler, 3818
cognitive theory of commitment, implications for therapy, 33817
command hypothesis, assessment of synaptic interactions of command neurons & role in abdominal positioning & motor output, crustaceans, 18111
common resources hypothesis & mental effort model, assessment of memory development & cognition in dual tasks, 5th graders, commentary, 18548
comparison of theories of family therapy approaches, 40706
complementarity & causal isomorphism in monist mind brain philosophies & behavioral response variables, 15
components of & methodology for control theory, assessment of behavior, living & nonliving systems, 10522
concept of Christian maturity in contemporary feminist theory, 11601
concept of time in explanation of indeterminism, physics & other sciences vs humanities, 23
concept of work feelings vs thoughts as emotions arising from work activity vs judgments about work, 27961
concepts & history & application of theory of logical types to analysis of communication, 14963
concepts of Balance Theory & General Systems Theory, understanding interactional dynamics & marital adjustment & communication patterns, father–daughter incest families, 36773
conceptual framework for fit in strategic management research & analysis, 38384
conceptual structure & assumptions of S. Moscovici's social representation theory, commentary, 11721
concern for natural environment in context of adult surveys & social learning & psychoanalytic theories in explanation of environmental dispositions, children, 39610
conflict ideologies & theories & residential care, adults, implications for change, 40986
conflict theory model of decision making, prediction of outcome of alcoholism intervention, 34399
construct of meaning in learning process & social action & perspective transformation & adult education theory, commentary reply, 38043
constructivism theory vs traditional view of generation & revision & fallible vs functional representation of knowledge & reality, 35330
constructivist theory of knowing, implications for meta physics, commentary, 35361
constructivist theory of knowledge & ontological & epistemological presuppositions in pursuit of knowledge, commentary, 35327
constructivist theory of knowledge & pragmatic & existential constructivism & relativism & realism & entrainment, commentary reply, 35328
constructivist theory of knowledge, commentary, 35338
constructivist theory of knowledge, implications for central issues in psychology & philosophy & cognitive science & artificial intelligence, commentary, 35343
constructivist theory of self & self perception, 15510
contemporary behavior analysis of child development as contextualistic vs mechanistic in world view, 14032
context of problem, Allais Paradox type of choice & probability judgment, graduate business students, implications for independence axiom of utility theory, 24803
continuity &/vs discontinuity theories of intellectual development, 36092
continuity theory of aging, 35979
contribution of visual & auditory EP research to selective attention theories, humans, 25064
convergence of social support & organizational contingency theories, explanation of social behavior & effects on mortality rate & causes of death, 29453
creationism & scientism & academic curriculum, attitudes toward Christianity, 16–24 yr old high school students, Kenya, 6752
creativity & quantum theory, 5040
criteria for theoretical models of problem solving development, commentary reply, 11404
critique of Lacey hypothesis of interaction of heart rate & task performance as illustration of psychophysiological theory, 7730

cross cultural & differential perspectives on neo-Piagetian theories & research, 15062
cross cultural validity & universality of preconventional moral reasoning stage, male 7–30 yr olds, Iceland vs West Germany, test of moral development theory by L. Kohlberg, 25391
cultural historical theory of activity, understanding phenomena of political repression, 32700
cultural philosophies, stress concept, India, 23020
decision theory, work accident research, 31334
definitions & boundaries & meta theory of constructivist theory of knowledge, commentary, 35354
demographic characteristics & stage & risk factor theories of etiology of substance abuse, adolescents & young adults, implications for prevention, 5492
demographics of aging & social variables & social control perspective of deviance, understanding of alcohol abuse, elderly, 12248
development & role of orienting response theory in psychophysiology, 721
development of & differences between behaviorism vs cognitive psychology vs new cognition theories, 17
development of graded index taper optical element in visual system, explanation of distinctive measurements vs theory predictions, butterfly & other insect eyes, 25023
development of numerical taxonomy of evaluation theory vs practice, evaluation theorists, 31542
development of theoretical tradition in psychology, 24526
deviance & anomie theories of E. Durkheim vs R. K. Merton, 39726
dialectic interpretations of relativism & determinism at core of Saussurean structuralism, 35956
dialectical framework for understanding between Piagetian & Vygotskian theories of development, 18547
dimensionality & antecedents of normative belief-motivation to comply construct & expectancy-value attitude, potential blood donors, 4991
E. Berne's concept of strokes & their biological correlates & relationship to failure to thrive & depression, 29435
E. Durkheim & theory of social construction of emotions, 32760
E. E. Lawler's vs other motivation theories, model for guiding occupational therapy practice & research, 34353
ecological factors, visual perception of people & faces, commentary, 22359

environmental factors in cultural genetic epistemology, expansion of Piaget's theory, 18513
ethical implications of nursing theorizing, 34513
etiological theories of incest as guidelines for legal & therapeutic intervention, 11650
etiology & DSM-III classification of paraphilias including masochism & relation to opponent process theory & antiandrogen therapy, 36782
evaluation of cognitive & physiological & Skinnerian theories of pain, 21025
evolution, computational theory of social exchange, college students, 39894
explanation of Allais paradox in expected utility theory of J. Von Neuman, formulation of mathematical decision rule, 21161
explanation of visual tunnel effect illusion, college students, test of direct vs indirect perceptual theories, 24770
factors influencing transgressive vs protective decision making, implications for theory, 35351
failure of A. Maslow's theory of self actualization as mythical interpretation of personal development, 5029
family environment, theories of criminal behavior, 12132
family theory as framework & relevance to group dynamics in group counseling, 23630
family therapy based on concepts of meaning & understanding & linguistics & communication vs social theories, 26833
feminist model vs C. Gilligan's theory of gender & male & female normative ethics, social work & societal sex roles, 23619
focus of attention & negative outcome expectations & job satisfaction & organizational commitment, affective behavioral reactions to work, retail salespersons, extension of control theory, 34935
folk psychology, theories of human behavior & social life, 22308
formative approach to theory & research in psychology, 10526
fractional vs holistic theory of bilingualism, experimentation on neurolinguistics & language learning & speech modes, 25353
fundamental premises & research findings of cognitive relational theory of emotions & coping, 32875
G. Mead vs B. Skinner's views on agency & determinism in behaviorism, commentary, 24517
G. S. Coles's critical evaluation of learning disabilities field in his book "The Learning Mystique", commentary reply, 29797
gender schema theory of biological & environmental gender differentiation & sex typing & androgyny, 29108
generalizability theory, estimation of dependability of behavioral measures, 31529
generic utility representation using additive combination of utility outcomes, preference order for subset of 2 outcome gambles with fixed probability, 21171
genetic similarity vs kin selection theory, commentary reply, 39073
goals of theoretical research in psychology, conference presentation, 3536
group development theory & its application to trends in business & industry, 10366
group vs single case studies of disordered populations, theories of normal cognition & neuropsychology & pathophysiology, commentary, 25975
H. Gardner's theory of multiple intelligence, gifted education, 34758
historical & metatheoretical contexts for rationalist vs empirical traditions in behavioral medicine, 2205
history & conflict in theoretical models of person situation interaction, literature review, 36421
history of family therapy theory, 26844
hopelessness theory of clinical depression, 26014
human models, impact on theory & practice of psychotherapy, 23242
humoral theories & explanations of mental illness, 14–50 yr olds, India, 19255
hypotheses for connectionist vs traditional approach, cognitive modeling & relation to neuroscience, commentaries & reply included, 21024
hypoxic theory of REM sleep, 7712
images of humanity reflected in theoretical & methodological evolution of psychology, 21015
implicit assumptions underlying contemporary psychological theory & practice & research, 24502
increased quantity & quality of research on racial & ethnic issues & minority researchers & participation in Gerontological Society of America, theories on psychology of aging, 29180
influence source strength & foot in the door vs door in the face technique, zoo donation compliance, community residents, test of social impact theory, 32802
integration of FIRO & family theory as framework for group & family dynamics, 22173
integration of human & animal theories of Pavlovian conditioning, conference presentation, 3917
integration of O. F. Kernberg's conflict theory & G. Adler's deficit theory of borderline pathology, 40107
integration of theoretical models of confluence of human development & environment, 39466
interactional perspective & G. S. Coles's critique of learning disabilities field, commentary, 29789
interdisciplinary theory regarding time served & recidivism, released prisoners, 1 & 2 yr followup, 20332

intuitive data sorting vs quantum mechanical O theory, 3508
irrationality in hypothetical choice as challenge to principles of Bayesian decision theory, application of model by R. Zeckhauser, 17849
issues of Black racial identity formation, implications for counseling, commentary, 37761
J. Bell's theory of nonlocality & Jung's concept of synchronicity, 14025
J. Gibson's vs W. James' theories of stream of consciousness as temporal continuum or sequence of distinct awareness, 10878
J. Mezirow's theory of adult education & development & perspective transformation, commentary, 27480
Jung's theory of enantiodromia illustrated graphically utilizing catastrophe theory, continuous & discontinuous change in psychoanalysis, analysands, 33824
keyboard theory & ethosystem of maintenance of motivation & welfare, animals, 35429
L. Vygotsky's social formation theory of mind & language & cognitive development, commentary, 32460
learning disabilities theories of J. K. Torgesen vs A. O. Ross vs H. S. Adelman, implications for research & special education curriculum development, reprint, 10238
Levi-Strauss's concept of "bricolage" & work characteristics & form, teachers, 41227
linear & other models of memory development, interpretability of dual task performance, commentary, 18576
linear system theory, response rate under VR schedules, 3941
Marxist-Leninist theory of cognition as origin & contemporary problems & understanding, cognitive psychology & its methodology, 35049
mathematics of holonomic theory of sensorimotor perception & neuropsychology of brain, 28604
mental health & behavioral & process consultation theories, problem solving & strategies in school based consultation, 20459
methodology of human individuality theory, explanation of individual personality differences due to natural or biological factors, application of findings by P. K. Anokhin, 36496
misunderstandings & omissions in works about W. Reich's "Mass Psychology of Fascism" in Marxist perspective, 28033
model & theory of crowding in family vs nonfamily settings, 39896
models, empirical research & theories, 10524
modes & mechanism of brain evolution & role of "initial brain" concept, cetacea, commentaries & reply included, 21508
motivational control theory, integration of other theories of motivation, 5001
motivational theory, work with long term psychiatric patients, psychiatric nurses or nursing students, 34138
multidimensional stochastic similarity theory, definition of distance based similarity function & expected value of similarity, 21157
multiple discrepancies theory, measurement of demographic characteristics & life satisfaction & happiness & well being, 18–55 yr olds, Netherlands, 36502
multiple story surface representations of same deep structure, risk aversion in decision making, college students, test of subjectively expected utility theory, 14412
need for theory of child sexual abuse, 1777
need for theory of child sexual abuse, commentary, 1787
neurological dissociability of visual vs spatial components of mental imagery, brain damaged 36 yr old male, implications for cognitive theories, 9048
neuropsychological theory, clinical assessment & retraining of neuropsychological impairments, conference presentation, 30058
neuropsychosocial theory of persistent criminality, forensic patients, implications for assessment & treatment, 22773
nonalgebraic rule use, theories of problem solving development, commentary, 11449
normal learning ability & filtered or distorted linguistic input, language impaired children, 40341
O. Kohler & social loafing theory & Ringelmann effect, small group task performance, 36432
objectification & anchoring as processes in social representation & rhetorical approach to social psychology, 22307
organizational trait theories, illusory correlations in perception & prediction of organizational traits, management students, implications for J. Hage's axiomatic theory, 34921
output interference theory of dual task deficits, method for assessing specialization of memory pools, implications for common resources hypothesis, 18554
output interference vs resource theory, dual task studies of memory development, commentary, 18570
output interference vs resource theory, explanation of cognitive development, commentary reply, 18607
overview & application of cognitive affective pharmacological control theory of drug abuse, substance abusing Vietnam veterans, 36860
P. J. Lang's theory of & research on emotional imagery, commentary, 35408
P. J. Lang's theory of & research on emotional imagery, commentary reply, 35400
parallel implementations of minimal mapping & structural theories of apparent motion perception, 17766
pattern matching approach with multitrait-multimethod matrix framework, establishment of construct validity between theory & operationalization in research, 28161
pay & working conditions in Royal Irish Constabulary, 1914, criticism of M. Weber's writings on social class & status, 36303
perceptual errors & J. Gibson's direct theory of perception, 206
personal choice & organizational process theories, energy conservation program evaluation, 38491
Persuasive Arguments Theory & individual cognitive arguments prior to discussion, group decision making, college students, 32791
philosophical & historical & theoretical foundations of schema theory in cognitive psychology, 37332
Piagetian constructivist approach, study of creativity & nature of cognitive acquisitions, 3815
political & social attitudes & structure of sociopolitical systems, college & gymnasium students, US vs Sweden, test of F. N. Kerlinger's critical referents theory, 29274
pornography, lessening inhibitions & intensifying predispositions to rape, males, 15882
postmodern theory of ritual & social behavior, totality vs transformation & temporality, 22114
priming with related vs unrelated category cue & stimulus onset asynchrony, RT & errors in lexical decision, college students, Japan, test of 2 process vs strategy assumption in verification theories, 10774
principle of creative self activity in Soviet psychology, 28028
probabilistic choice theories, behavioral decision research, 156
procedural semantics theory, 39435
psychoanalysis & counseling psychology theory & research & practice, 37344
psychoanalysis & nature of data modalities, 33820
psychoanalysis, relation to Western culture & other psychological theories, 3524
quantal interpretation, behavioral units & stimulus control, 21317
quantitative theoretical approach to vowel perception based on auditory perceptual theory of phonetic recognition, 38808
quantum theory & psychology, 35062
quantum theory & psychology, commentary, 35038
quantum theory & psychology, commentary, 35041
quantum theory & psychology, commentary, 35059
quantum theory & psychology, commentary, 35066
reaction to G. S. Coles's critical discussion of learning disabilities field in his book "The Learning Mystique", commentary, 29820
recognition & free recall failures, relation between recall & recognition, college students, failure to support generate-recognize theory, 14436

religion suicide link & E. Durkheim's theoretical interpretation, social network theory of suicide, 29728
resources vs response competition models of cognition & memory development, commentary, 18560
risk taking in medical treatment decision making, 25–50 yr old health department employees, application of expected utility theory, 37629
role of psychological theories & empirical data in ethical inquiry, 14050
role of science & theory in methodology of social psychology research, 1341
role of theory in cognitive psychophysiology research, 702
role of theory in research & psychotherapeutic treatment, 37270
role of theory in technical eclecticism & theoretical integrationism, implications for psychotherapy, 37277
root metaphors & philosophical assumptions in formism vs mechanism vs contextualism vs organicism, framework for counseling & psychotherapy, 26796
S. Braude's 1979 critique of observational theories in parapsychology, commentary, 38554
S. Braude's 1979 critique of observational theories in parapsychology, commentary reply, 38550
schematic outline of normal & pathological developmental theories, explicit or implicit theories of psychopathology & interventions, implications for diagnosis, 1573
sense of relative superiority hypothesis, analysis of perceptions of major life role performance, adults, Australia, 18956
sequential decision vs information integration theory, development of problem solving skills in compensation tasks, literature review, 11405
simple target vs dynamic specification vs elaborated target theories of vowel perception, 38814
situational insensitivity hypothesis & theory of alcohol related expectancies, prediction of problem drinking, adolescents & adults, 40308
situational vs characterological theories of loneliness, 12–14 yr olds, 25618
Skinnerian explanations of species specific behavior & causality, applicability to scientific theory & research, animals, implications for theories of human mental functioning, 14502
Skinner's behaviorism theory vs W. Glasser's control theory, applications to reality therapy, 37310
slow circular motion of ellipses & circles with eccentric dot, stereokinetic illusion of 3 dimensional cone with defined height, implications for Gestalt theory minimum principle, 21238
social class & cognitive ability, academic achievement & behavior, high school students, England, application of differentiation polarization theory, 38137
social cognition theory & methodology, perspectives on clothing & human behavior, literature review, 32810
social cognitive theory & organizational behavior & management decision making, 38387
social gerontology theories & leisure involvement, elderly, literature review, 1155
social identity theory & organizational socialization & role conflict & intergroup relations, 20818
social learning & cognitive developmental theories of political learning, 5 yr olds, 5 yr study, 25501
social learning & matching law & optimal foraging theories, integration of self control research, animals & humans, 20 commentaries & reply included, 25937
social learning theory constructs, explanation of preventive health behavior, female college students, Great Britain, 11824
social representation theory, determination of link between human psychology & modern social & cultural trends, commentary reply, 11724
social structural & contextual bases of human experience as new direction for theory & research in sociological social psychology, 36387
sociobiology & genetic similarity vs kin selection theory, commentary reply, 39071
splitting & triangulation theories, sociopsychological processes of conflict movement, organizations including public school system, 34963
stimulus-response vs comparator habituation theories, commentary, 38931
stimulus-response vs comparator habituation theories, commentary reply, 38909
structuralist reconstruction of cognitive dissonance theory, 17533
structure determinism theory applied to alcoholism & alcohol treatment, 19346
structure of implicit theories of intelligence, 17–79 yr olds, replication, 298
synthesis of theories of systemic causes of sociopolitical instability & aggregate economic behavior, 15256
systematic reformulation of Piaget's formal operations theory, commentary, 11402
teaching of connection between theory & practice, social work education, 23838
test of Regret Theory of decision making, adults, 38825
theoretical & methodological developments in coping research, West Germany, 5052
theoretical & methodological factors in research on form & magnitude of relationship between age & job satisfaction, 21–61 yr old female nurses, 27943
theoretical & practical issues in learning disabilities research in G. S. Coles's book "The Learning Mystique: A Critical Look at 'Learning Disabilities'", 29796
theoretical assumptions underlying expectation states & status characteristics, social cognition & status generalization models, 22370
theoretical controversies of automaticity & resource processing vs memory, implications for design of training programs, 17895
theoretical development of psychophysiology & multicomponent model for analysis of activation processes, 706
theoretical distinction between anxiety sensitivity & trait anxiety, commentary reply, 29407
theoretical framework for hypotheses on social intelligence from neuropsychosocial perspective, 32057
theoretical issues of frustration aggression hypothesis, 36458
theoretical models of incentive/drive & sexual motivation, humans & animals, 36362
theoretical perspectives & empirical research on pedagogical interaction & communication & social intercourse, Czechoslovakia, 6644
theoretical problems in research on role taking competence & performance, social structure, 25681
theoretical proposition of common brain reward system, cocaine & alcohol addiction, 1858
theories & models & standard systems of measurement, 24546
theories & research in managerial leadership, literature review, 41446
theories & treatment, vaginismus, 23102
theories for intergenerational programing & research, 40884
theories of attachment to caregiver & wariness of strangers & exploratory competence, applied & public policy, infants, 39608
theories of emotions, reprint of W. B. Cannon's 1927 article, 3876
theories of evolution of consciousness, 35409
theories of feminism & epistemology, 36344
theories of mental wellness & creativity, 1439
theories of momentary vs global maximization of reinforcement vs matching under dependent concurrent VR schedules, prediction of schedule choice, 20–27 yr old females, 21268
theories of nursing ethics, 41119
theories of W. Kohler from Gestalt psychology perspective, avoidance of false dichotomies, 35047
theory & analytical extensions of H. Akaike's information criterion for statistical model selection, 17663
theory & methodology for studies on executive leadership & organizational performance, top level personnel, 13801

theory & practice, treatment of communication difficulty, young children, 23160
theory & research & application, thanatology, 9634
theory & research on & therapy of communication disorders, commentary, 33434
theory & research on & therapy of communication disorders, commentary reply, 33441
theory based vs theory free statistics, reporting of scientific results, 17670
theory of adolescent development consistent with tenets of self psychology, 21902
theory of human plausible reasoning based on analysis of answers to everyday questions about world, 38822
theory of language paleodigms as formulation of ancient folk wisdom with causal explanation influencing behavior, etiology of psychiatric syndromes, 22472
theory of prior behavior as predictor of voter behavior & candidate choice, 4889
theory of psychotherapeutic action, milieu therapists, 9304
theory of size spacing constraints for dot grouping, 20–25 yr olds, 17808
theory predicting response time to competitive strategic actions, organizational performance & sales growth, top managers of high technology electronic firms, 38382
"thick comparison" & G. P. Murdock's approach, cross cultural human self awareness & study, 39747
tri-level integrative social work practice model, 30685
trichromatic vs opponent process theories of color vision, commentary, 21538
universalistic vs culturally oriented theories of moral reasoning & development, Taiwan & other Chinese cultures, conference presentation, 36237
utility of control theory & sex education, sexuality & pregnancy, adolescents, 2732
violation of independence axiom, analysis of rational decision making under uncertainty, 10780
W. McGuire & contextualism & mass communication research, 35942
Western vs Buddhist theories of emotions & relation to psychotherapy & cognitive theories, 8219
2 choice decision under risk, rationale for apparent irrational decision paradox, test of classical theory of von Neumann, 17860
2 factor theory of existence based on coequal status of life purpose & meaning, 21022

Theory Formulation

cognitive action theory of PTSD, treatment implications, 19070
computer simulation, theory construction & applications in social psychology, 15415
conceptualization & testing of theory based causal model of disciplinary offender status, college students with offender vs nonoffender status, 41305
effect of sex & intelligence & social status on behavior control, delinquent behavior, 14–18 yr olds, 1976 vs 1985, formulation of integrative control theory, 12143
grounded theory approach to theory creation & research in psychology, 7046
hyperventilation theory & probability model of panic disorder during sleep, implications for treatment, 22585
hypothesis formation followed by collection & testing of data, applications in psychophysiological research, 7722
illusory conjunctions & neon colors, 17–22 yr old college students, development & test of functional theory, 31796
immediacy theory of schizophrenia, 29631
instance theory as alternative to modal theory, cognitive & behavioral aspects of skill acquisition & automaticity, 10838
interactionist model of components of social deviance, 5387
levels of analysis in formation of hypotheses in evolutionary biology, 4066
metatheoretical strategies for development of general systems theories, 10527
metatrait hypothesis & study of personality, 22387
neglect of theory development in psychology, 35060
objective behavioral model of sleep, amimals & humans, 24920
operant theory & contingency analysis as basis for unified theory of social work practice, commentary reply, 16844
operant theory & contingency analysis as basis for unified theory of social work practice, commentary, 16840
panetics as academic discipline for study of infliction of suffering, 17528
prediction of IQ by attention habituation to novel stimuli, construction of intelligence continuity theories, infants, 36060
rational & empirical epistemologies, theory development & evaluation & research methods & application, commentary, 10520
role of social structure & process in symbolic interactionist approach to self, 15503
schema paradigm in perception, 28193
self confirmation theory, rescripting of critical incidents in psychotherapy by C. Rogers & F. Perls & A. Ellis & J. Wolpe & L. Wolberg, clients, 37268
simulation game construction with goals & interdependence of actions, simulated community conflict & esteem in high school & collective decision making for social theory development, players, 39900
synthesis of social learning & critical social theories, study of economic & cultural & social dependency behavior, populations of developing Third World countries, 22121
theoretical conceptions of social phobia & anxiety, therapeutic implications, 19245
theoretical foundations & alterations of transactional analysis concept of parent ego state, 5055
theory development in gifted education, 34718
theory testing vs result centered research, confirmation bias & scientific progress, commentary, 10513
theory testing vs result centered research, confirmatory bias & scientific progress, commentary reply, 10514
theory testing vs result centered research, confirmatory bias & scientific progress, commentary, 10523

Theory of Evolution

adaptionist vs nonadaptive evolutionary view of human female genitalia, commentary, 35568
adherence to social Darwinism world view, preferred nuclear defense policy & political activity, adults, Australia, 32696
aggressive interactions in contest experiments, development of theory of evolutionarily stable strategies, larval damselflies, 17982
behavioral ecology & evolutionary biology, theory of deviance & expropriative crime etiology without implied genetic influences, implications for behavior strategies, 22691
cognitive & evolutionary psychology & psychological mechanisms & interactions of individuals' private cultures in social groups, 25709
courtship song acoustic characteristics measuring evolutionary innovation, strains of drosophila, 7590
cultural evolution of threat & exchange & integrative systems of relationship, development & functioning of human interdependence & social values, 11723
Darwinian anthropology & evolutional psychology & theory of natural selection & psychological vs behavioral level of adaptation & reproductive success, 25708
data & theories from biology & evolution & modern generative grammar, absence of instructive learning, 35386
evolution & etiology & biopsychological process of homosexuality & gender identity, 1316
evolution, computational theory of social exchange, college students, 39894
evolution of red nucleus & rubrospinal tract, connectivity complexity & relation to cerebellum & motor performance, terrestrial vertebrates, conference presentation, 4159
evolution of right handedness & left cerebral representation, humans vs other primates, 35584
evolution of symbolic language & self awareness, humans & chimpanzees, 7966
evolutionary & ontogenetic & neurophysiological viewpoints, development of empathy, humans vs primates, 18065

evolutionary aspects of neural mechanisms, neuroethology of functional brain states & behaviors, humans, 4141
evolutionary model of cannibalistic nest raiding by females, creation of mating opportunities with & defensive behavior of male, sticklebacks, 7630
evolutionary perspective on carriers of schizophrenia genotype & their difficulties with social relationships, 22503
evolutionary psychobiological explanation of panic disorder, 15748
evolutionary psychology computational theory of social exchange & natural selection & adaptive cognitive processes in problem solving, 25687
evolutionary social psychology models, prediction of association of genetic relationship & mitigation of homicide & violence risk, families, 22695
evolutionary theory of r/K reproductive strategies & sexual characterisitics, personality & sexual behavior, Asians vs Whites vs Blacks, commentary reply, 32747
evolutionary theory of r/K reproductive strategies & sexual characteristics, personality & sexual behavior, Asians vs Whites vs Blacks, commentary, 32739
evolutionary theory of r/K reproductive strategies & sexual characteristics, personality & sexual behavior, Blacks vs Whites vs Asians, commentary, 32740
evolutionary theory of r/K reproductive strategies & sexual characteristics, personality & sexual behavior, Blacks vs Asians vs Whites, commentary reply, 32748
evolutionary view of human female genitalia, commentary reply, 35574
exact population genetic vs inclusive fitness models of kin selection, evolution of altruism, 7632
importance of self concept & self objectification in society, evolutionary success & society survival & social & personal problems, 29196
levels of analysis in formation of hypotheses in evolutionary biology, 4066
long term selection for geotaxis, low line stable equilibrium for positive geotaxis & evolution of new coadaptation among genes, drosophila, 597
modes & mechanism of brain evolution & role of "initial brain" concept, cetacea, commentaries & reply included, 21508
motivation, parental solicitude, animals, application of Darwinian psychology, conference presentation, 39009
natural selection & human evolutionary history & experience, cultural & social & emotional variations in attitudes toward animals, conference presentation, 18957
nuptial gifts by males to females, insects, implications for species evolution & paternal vs mating investment theories, 39058
parasitic infection prevalence & plumage brightness, North American passerine birds, test of theory of evolution of secondary sexual characteristics, 39072
parcellation as process in ontogeny of neural circuits, commentary & reply included, 21520
perception of resource quantity, reproductive decision making & fertility & marriage systems, Africa, implications for evolutionary ecology, 25726
phylogenetic regression progression continuum model of human behavior, explanation of rape motivation, 40202
r-selected vs K-selected approach to reproduction rate & offspring care, victimful criminal behavior, 12119
repeated Prisoner's Dilemma models of evolution of reciprocal altruism, 8380
reproductive suppression & kin selection & parental manipulation, anorexia nervosa as adaptive reproductive strategy, females, literature review, 40522
role of neuroevolution in characterology & personality development, 15511
roots of affectivity & role in knowledge & Piagetian theory of evolution, 12
selection leading to culture revision traits at individual level & likely to be maladaptive cultural information, fitness reducing behavior, implications for socialization, 25686
social context & cultural evolution theory of violence & individual motives of protagonists, variation in homicide rates, implications for Darwinian psychology, 26224
sociobiology & evolution of human behavior, commentary with reply included, 32026
theoretical & methodological principles of interdisciplinary investigation of pair interaction as factor in evolution & psychogenesis, laterality, conference presentation, 14029
traditional vs modern synthetic theory of evolution, research in behavior & learning & gender differences & adaptation & interaction with environment, humans, 21011

Theory Verification

character practice, pen slips in rapid repeated writing of similar kanji or kana characters, college students, verification of recency hypothesis, 35258
choice of local vs absolute rate of reinforcement, male pigeons, test of melioration theory of matching in concurrent schedules, 28440
cognitive style & drawing & clay modeling & storytelling, 1st graders, lack of support for covariance structure model of symbolic functioning, 11441
conceptualization & testing of theory based causal model of disciplinary offender status, college students with offender vs nonoffender status, 41305
consistency & distinctiveness & consensus factors in causal attributions & evaluations, 16–54 yr old college students, test of S. G. Green & T. R. Mitchell's model, 27854
critical review of A. Treisman's feature integration theory & phenomenon of illusory conjunctions, commentary, 31807
energetic vs tense arousal dimensions, preference for high arousal color, college students, test of R. E. Thayer's arousal theory, 38946
estimation of letter string length, differential P300 amplitude, 21–26 yr olds, support for adaptation level theory of P. Ullsperger et al, 25077
Euler circles & immediate inference & syllogistic reasoning tasks, errors in interpretation of quantifiers, college students, test of syllogistic reasoning theories, 28307
feature integration theory & illusory conjunctions, commentary reply, 31779
feature integration theory & illusory conjunctions, commentary reply, 31806
functional research on deviance, literature review, 5416
gender differences in coping & social support, adults, tests of socialization & role constraint theories, 1317
nested multinomial logit model of consumer choice, type & brand & size of coffee purchases, consumers, 24456
person environment fit & GPA, 20–34 yr old premedical students, support for J. L. Holland's hypothesis, 34683
priming of associative judgments, college students, test of spreading-activation vs composite retrieval-cue theories, 31876
radical behaviorism & support for theses concerning theory appraisal, 7013
rational & empirical epistemologies, theory development & evaluation & research methods & application, commentary, 10520
reduced deficit vs serial recovery hypothesis, behavioral effects of single vs multiple staged lesions of medial frontal cortex, rats, 28759
significance tests & binary decisions in theory verification, commentary, 35217
significance tests & theory verification, commentary reply, 35215
simple addition problems, choice of cognitive problem solving strategies & solution times, 4–6 yr olds, test of R. S. Siegler & J. Shrager's strategy choice model, 25459
size of subordinate workforce, type of social power used, college administrators, test of J. French & B. H. Raven's social power theory, 27521
tests of R. L. Trivers's theory of reciprocal altruism, monkeys, 7623
text on density processing in preattentive perception, RT in visual search, adults, test of theory by B. Julesz, 21234
theory of distributed associative memory, effects in memory for serial order, 14457

theory testing vs result centered research, confirmation bias & scientific progress, commentary, 10513
theory testing vs result centered research, confirmatory bias & scientific progress, commentary reply, 10514
theory testing vs result centered research, confirmatory bias & scientific progress, commentary, 10523
W. R. Bion's group dynamic theory & pairing & fight or flight responses, patients in group therapy, 33911
Therapeutic Abortion [See Induced Abortion]
Therapeutic Camps
competency oriented summer camp & year round community program, competence & self esteem & discipline & control, troubled adolescents & their families, 33693
counselor modeling of holistic living behaviors, emotionally or behaviorally disturbed 9–13 yr olds at therapeutic summer camps, 30668
decision making in outdoor pursuits setting & programing, outdoor instructors, implications for experiential safety & quality, 37410
outdoor adventure & psychosocial counseling program, adolescents with behavior disorders, 23136
Outward Bound program, bipolar & androgyny perspectives of masculinity & femininity, 16–37 yr olds, Australia, 35018
Outward Bound recreation program, trait anxiety, students 15 yrs old & older, 1 yr followup, 9428
therapeutic summer camp, psychosocial needs & adjustment demands, children with cancer & nursing staff members, 16321
wilderness therapy program as alternative to psychiatric hospitalization, 13–17 yr olds with behavior disorders, 23639
Therapeutic Community
behavioral sciences, therapeutic community vs other drug treatment modalities, 16954
compulsory treatment in drug free therapeutic communities, legally referred adult & adolescent clients, 16955
diagnosis & therapeutic nursery school environment & involvement of mother in analytic treatment, 2.5 yr old male with severe temper tantrums & head banging behavior, case report, 16393
duration of treatment in different therapeutic communities, adjustment, drug abusing adults, 6 mo & 1 yr followup, 20307
effectiveness of family member involvement in group therapy, abstinence, heroin addicted clients in therapeutic community, 2 yr followup, 20278
effectiveness of therapeutic communities, drug abuse, 34412
first vs last name use in psychiatric ward & milieu characteristics & relation to therapeutic community model, hospitalized psychiatric patients & staff members, 6383
group psychotherapy & therapeutic community, psychotic adolescents, 33915
historical review of implementation & processes & outcome of therapeutic community, Canada, 9816
intensive drug free therapeutic community, substance abusing male veterans, 10 yr followup, 41060
legal referral, therapeutic community retention & outcome, drug abusing clients, 23752
nontraditional therapeutic community, psychotic & schizophrenic patients, 6395
prerequisites for successful therapeutic community in short term psychiatric therapy wards, Norway, 16871
provision & use of "holding" environment in therapeutic community, 7–14 yr old inpatients, 37810
rational emotive therapy, relapse, chemically dependent patients in therapeutic community, 30853
role of food & social dining & group discussion, psychotherapeutic processes, adolescents in residential therapeutic community, reprint, 34323
sociometric test, group structure & norms in therapeutic community, mentally ill Roman Catholic clergy & members of religious communities, 6437
therapeutic community, elderly residents & staff, Finland, 16870
therapeutic community, outcome of methadone maintenance to abstinence program, adults, 4–24 mo followup, 2948
therapeutic community, transference & countertransference, commentary included, 6435
treatment & interaction with staff, drug dependent residents with AIDS or AIDS Related Complex in therapeutic community, 34379
Therapeutic Devices (Medical) [See Medical Therapeutic Devices]
Therapeutic Outcomes [See Treatment Outcomes]
Therapeutic Processes [See Also Psychotherapeutic Processes]
accuracy of patient demographic & personal information elicited during medical interview & student characteristics & attitudes & self perceived competence, 3rd yr medical students, 3000
ambivalent attitudes toward patients, 5th yr medical students & their physician tutors, Israel, 13358
anxiety & depression ratings for self vs female patients on videotape, 4th yr medical students, implications for empathic skills & bias recognition in medical education, 3021
art of practice in occupational therapy, 37862
attitudes & knowledge, dissatisfaction with medical communications & noncompliance with advice & instructions, 1st time expectant parents, England, 34183

cluster analysis of Therapist Personal Reaction Questionnaire, assessment of reactions to clients over course of counseling, practicum trainee graduate students & their clients, 24659
competency evaluations in training, psychotherapist trainees, 10001
emotional & cognitive & aesthetic learning during creative arts therapy & training, 13403
evaluation of clinical internship program, therapist trainees & supervisory clinicians, 9987
experiences with & knowledge of AIDS & HIV, family therapy trainees, 16033
feminist psychotherapy training program, awareness of & attitudes toward feminist issues, 22–40 yr old & older mental health students & professionals, 23843
objectives & methods & problems in supervision of integrative psychotherapy, experienced trainees, 13390
one to one relationship as therapeutic tool in treatment of long term mental illness, mental health personnel in training, 27432
parallel processes in counseling & supervisory relationships, client & therapist trainee & supervisor, 27413
perceptions of supervision, supervisees in American Association for Marriage & Family Therapy accredited programs, 23817
predictable therapist turnover in clinical training settings, group psychotherapeutic processes & core group phenomenon, 20348
predicted MMPI responses for healthy males vs females, male vs female clinical or counseling psychology students, 9932
supervision issues & strategic family therapy ritual, supervision & therapist trainees, 3039
supervision, theoretical orientation & values, psychotherapist trainees, 9955
systemic case consultation framework of systemic family therapy training & clinical experience & observation, trainer & trainee, 9922
training for counseling of sexual performance problems, therapist trainers, 34470
written vignette as aid in teaching & evaluation, group psychotherapist trainees, 38029
Therapists [See Also Related Terms]
changes in personal & family life, family therapist with brain tumor, 23874
concerns about paying for therapy as integral part of therapeutic relationship & treatment success enhancement by proper fee management, therapists & their clients, 33851
curriculum revisions & self study alternative, model of graduate course on family patterns & substance abuse, marriage & family therapists, commentary, 27460
didactic/experiential marital workshop, family therapists & their spouses, 13431

discussion of session with family present, therapists, 23256
expert testimony in child delinquency & custody & visitation & abuse or neglect issues, family therapists, 36329
graduate course on systemic treatment of substance abuse, marriage & family therapists, 27420
history of licensure as marriage & family & child counselors, art therapists, 34462
interpersonal/psychodynamic psychotherapy vs cognitive/behavioral therapy, verbal response mode profiles, therapists & mentally ill clients, 9373
issues surrounding role in foster care & protective service system & therapeutic relationship, therapists, 13386
legislative & rehabilitative strategies, therapists who sexually abused clients, 34471
recommendations to address sexual exploration of clients, therapists, 27441
resident inflicted injuries, residential treatment team members, 9775
sex & use of client characteristics, prognostic judgments, 34–82 yr old marital therapists, 23914
strategies for reporting & management & rehabilitation, sexually exploitive therapists, 20368
supervision model in home based family therapy, novice level family therapists, 40709
therapist pregnancy, transference, 18 yr old male & female & 26 yr old female, 37336
transference as denial & defense mechanism, therapists, 26813
Therapy [See Treatment]
Therapy (Drug) [See Drug Therapy]
Thermal Acclimatization
winter thermal conditions, foraging intake responses, pregnant free ranging beef cows, 38999
Thermoregulation (Body)
access to heated environment vs food, body temperature & weight & food intake, lean vs genetically obese mice, 4173
current intensity, leverpressing & body extension thermoregulatory responses, intracranial self stimulating rats, 7801
ethanol & neurotensin, thermoregulation & locomotor activity, long vs short sleep male mice, 32192
ethanol, behavioral thermoregulation, rats, 21743
ethanol exposure, aquatic temperature selection, goldfish, 4443
feeding induced brown adipose tissue thermogenesis or glycogen, feeding behavior, male rats, 35651
FR magnitude & lever weight & reinforcement size & probability, nocturnal vs daytime feeding behavior & hypothermia, pigeons, implications for thermoregulation in energy conservation, 25001
heat exposure & tail amputation, leverpressing & thermoregulation, intracranial self stimulating rats, 7761
icv beta endorphin, feeding & water intake & thermoregulatory responses, Rock-Cornish vs white leghorn chickens, 18388
insulin & exercise & diet, behavioral thermoregulation, albino rats, 35730
involvement of saliva production & Harderian material in thermoregulation, male gerbils, 32069
mucosal surface temperature reduction prior to & rise following ejaculation, heat exchange & ventral brain temperature modulation, male rats, 11065
nonuniform thermal environments simulated by asymmetrical clothing, thermoregulation, sedentary male 18–27 yr olds, 32102
photoperiod & cold exposure melatonin, thermoregulatory nesting & burrowing activity, hamsters, 757
prolactin suppression with vs without progesterone replacement, thermally regulated maternal behavior, intact vs adrenalectomized female rats, literature review, 7715
self regulation method of self control, hand surface temperature & permeation of warmth, trained vs beginner adults, implications for psychotherapy & biofeedback, 35670
sex & season, rectal temperature responses to exposure to ambient cold, 18–26 yr olds, Japan, 18165
sex differences in thermoregulatory behavior, social behavior & male mating strategies & male reproductive success, southern sea lions, Argentina, 24966
shielding of pineal complex from photic cues, aggression in paired encounters & thermoregulations, male curly tailed lizards, 756
thermoregulation disrupted by propranolol hydrochloride & heat reinforcement, autoshaped keypecking performance, chicks, 24937
Theta Rhythm
alpha theta brainwave biofeedback training program, beta endorphin levels, chronic alcoholic adults, 13 mo followup, implications for relapse prevention, 37917
EEG frontal midline theta & platelet MAO activity & personality traits, male college students, implications for CNS monoamine functions, 631
hypothesis of patterns of neural connectivity in cortico-hippocampal interaction in mammalian brains, implications for theta rhythm & learning & memory, 39108
paradoxical sleep & wakefulness & pharmacological agents, neocortical rhythmic slow activity, rats, 7843
visual vs auditory vs tactile stimulation, immobility related Type 2 hippocampal theta activity induced by presence of ferret, rats, 21536
Thinking [See Also Abstraction, Divergent Thinking, Inductive Deductive Reasoning, Inference, Logical Thinking, Reasoning]
balance levels theory of intelligence thinking, implications for educational psychology, 38859
characteristics of higher vs lower levels of thinking, 35364
classroom task work in mathematics, thinking during instruction & comprehension of curriculum domain, 7th–8th graders, 6731
cognitive & psycholinguistic & neuropsychological perspectives on language & thought, 35954
computer based instructional program, creativity & higher level thinking strategies, students, 17159
computer programing instruction, mathematical thinking & fundamental concept development, 6th graders, 24015
constructivism theory vs traditional view of generation & revision & fallible vs functional representation of knowledge & reality, 35330
constructivist theory of knowing, implications for meta physics, commentary, 35361
constructivist theory of knowledge & ontological & epistemological presuppositions in pursuit of knowledge, commentary, 35327
constructivist theory of knowledge & pragmatic & existential constructivism & relativism & realism & entrainment, commentary reply, 35328
constructivist theory of knowledge, commentary, 35338
constructivist theory of knowledge, implications for central issues in psychology & philosophy & cognitive science & artificial intelligence, commentary, 35343
constructivist vs cognitive psychology vs philosophy of science models of reality & knowing, 35329
creativity & schizotypal thinking, college students, replication, 40172
curriculum to promote thinking skills & decision making, elementary through high school students, 3103
definitions & boundaries & meta theory of constructivist theory of knowledge, commentary, 35354
evolution of teaching approaches & development of historical thinking, elementary school students, England, 17165
free association & critical thinking skills, problem solving & decision making, counselors, 41116
how vs why thinking, attribution for worst possible outcome of anticipated conversation, college students, implications for problem solving & cognitive restructuring, 1373
illustrations & social & cognitive factors & thinking about task, problem solving performance assessing Einstellung effects & cognitive rigidity, children & college students, 18588
illustrations in scientific text, systematic thinking & understanding & learning, college students, 34646

inservice education, teaching of higher order thinking skills, middle & high school teachers, 34560
instruction in self directed thinking, gifted students, 34726
intuitive thinking, executive decision making, managers, 24351
language experience approach with media advertisements, development of critical thinking skills, elementary school students, 10038
models of fit between teacher's instructional & student's intellectual style in transmission of thinking skills, 13509
nature of thinking, subjectivity of machines, 21252
perceptual thinking & body movement intervention program, classroom behavior, 6th grade underachievers, Pakistan, 3218
play behavior & thinking strategies, learning & writing skills, children, 32391
reading & writing, critical thinking skills, college students, 31865
reflective thought processes in J. Dewey's revised "How We Think" book, 3802
research & models of teacher thinking, conference presentation, 41199
small group discussion based training of self directed critical thinking, problem solving, 4th–5th graders, 17149
thinking & learning, children, implications for family therapy, 32406
thinking aloud during production of highway related formulas, moment by moment measurement of & changes in intuitive vs analytical cognition, highway engineers, 24816
thinking skills activities applied to content areas, teaching critical thinking, childhood educators, 23966
thinking skills, commentary, 24810
time compression level in advertisement, thought patterns & recall & beliefs & behavioral intention, adults, 20966
3 macrological vs 3 micrological thinking skills curricula, 31023

Thiopental
thiopental induced anesthesia, fetal movements, pregnant 17–36 yr olds in 1st trimester, 12975
thiopentone, 12–57 yr old patients with nonorganic locomotor disorders, 6–9 yr followups, 9590

Thioridazine
age, serum concentrations of thioridazine & its active metabolites, 20 to over 65 yr old inpatients, drug dosage implications, 19935
clinical & pharmacokinetic factors, effect of thioridazine on individual symptoms, patients with acute psychotic disorders, 2445
concentration & distribution of thioridazine & its metabolites in post mortem brain tissue, schizophrenia patients, 5341
concomitant bromocriptine & thioridazine treatment, psychotic 28 & 32 yr old males with neuroleptic malignant syndrome, case reports, 26957
diet & vitamin & thioridazine therapy, schizophrenic adult male with hyperasparaginemia, case report, commentary, 2193
fixed dose thioridazine & mesoridazine & sulforidazine, plasma concentration & side effects, 18–55 yr olds with acute episode or exacerbation of psychosis, 37488
haloperidol vs clozapine vs thioridazine, dextroamphetamine induced stereotyped behavior, male rats, 32300
penfluridol & thioridazine induced prolactinoma, 24 yr old schizophrenic female, Jordan, case report, 6132
psychopharmacology & side effects of remoxipride vs thioridazine therapy, schizophrenic 19–67 yr olds, 16599
stress & thioridazine, sleep walking & night terrors & assault on wife, 44 yr old male, case report, 27009
thioridazine & withdrawal dyskinesias, workshop performance, institutionalized mentally retarded 14–26 yr olds, retraction, 30413
thioridazine dosage & stereotyped behavior, clinical response, moderately to profoundly mentally retarded inpatients, 9480
thioridazine enantiomers, dopamine & norepinephrine & muscarinic receptor binding in brain & catalepsy, male rats, 28977
withdrawal of thioridazine treatment, aged patients with senile dementia of Alzheimer's type, 34025

Thiothixene
steady vs increasing doses of thiothixene, treatment resistant schizophrenia, 21–55 yr old inpatients, conference presentation, 26965
thiothixene dosage & blood plasma level & clinical response, 21–55 yr old treatment resistant schizophrenic patients, 26963
thiothixene vs chlorpromazine, mania, bipolar psychiatric inpatients, 12868

Third World Countries [See Developing Countries]

Thirst
intracranial renin, milk intake & anorexia & ontogeny of thirst, 35–45 day old vs adult rats, 25255
kainic acid induced damage to lateral preoptic region neurons, drinking response to thirst producing solutions, male rats, 18267
stimuli of renin angiotensin aldosterone system, water intake & sodium appetite, mice, 28959
thirst or hunger, concurrent chain pulling & leverpressing reinforced by sucrose solution or food pellets, rats, 10900
vasopressin antagonists, water intake & osmotic thirst, dogs, 917

Thoracic Nerves [See Spinal Nerves]

Thorax
alprazolam, atypical chest pain & panic disorder, patients without evidence of coronary artery disease, 16539

Thorazine [See Chlorpromazine]

Thought Content [See Cognitions]

Thought Control [See Brainwashing]

Thought Disturbances [See Also Amnesia, Delusions, Fantasies (Thought Disturbances), Memory Disorders, Obsessions, Perseveration]
activities with close vs nonclose individual at home & continuation at school, intrusive thoughts & emotions, female college students, 15534
associated vs unrelated word in lexical decision task, semantic associations, unipolar affective vs schizophrenic patients with vs without thought disorders, 33120
cognitive functioning & thought disorders & depression, 16–31 yr old females with anorexia &/vs bulimia, 2134
content analysis of spontaneous causal explanations for bad life events extracted from dysfunctional thought diaries, 19–56 yr olds with depression vs anxiety, 33162
deficits in thought patterns, adults with Alzheimer's disease, conference presentation, 5625
development of 15 subscale self report questionnaire, assessment of thought disorder, psychiatric patients, implications for use with schizophrenic patients, 31635
formal thought disorder, manic vs schizophrenic patients, diagnostic implications, 29563
frequency of delusions & intrinsic thinking disturbances & formal thought disorders & deficient real world knowledge, schizophrenic patients, 5180
intensity & consistency of Grid Test of Schizophrenic Thought Disorder scores & psychoticism, college students vs psychiatric patients, 31687
measurement of thought disorder as predictor of psychotic & psychotic-like symptoms, 18–39 yr olds with borderline vs antisocial personality vs bipolar disorder, 33141
overinclusive thought disorder, parents of schizophrenic patients, 33180
patterns of thought disorder, 16–46 yr old patients with bipolar mania vs schizophrenia vs unilateral right hemisphere cortical damage, 1494
quality of thought disturbance & object relations, male 5–13 yr olds with separation anxiety disorder, 33057
reliability & validity of Kiddie Formal Thought Disorder Story Game & Scale, assessment of illogical thinking & loose associations, schizophrenic vs schizotypal 5–13 yr olds, 35103

test-retest assessment, cognitive deficits & thought disorder, manic vs schizophrenic patients, 8609
thought & affective disturbances of "How" & "Charlie" MMPI subtypes, male forensic inpatients vs outpatients, 33260
use & accuracy of self report, assessment of thought disorder, psychiatric patients, commentary, 31606
verbal reference performance & severity of positive vs negative thought disorder, manic vs schizophrenic patients, 11942

Threat
buspirone & gepirane, defensive reactivity to proximal threat, wild rats, 28807
cognitive & motivated errors, misperception of threat in international relations & politics, 11667
development & reliability & validity of Environmental Appraisal Inventory, assessment of threat to self & environment posed by & perceived control over environmental hazards, adults, 31664
enemy images expressed by associative technique, assessment of stereotyped & geopolitical & militaristic attitudes & other perceived threats, college students, Sweden, 39799
group contingency threat, accuracy of control question polygraph test, psychopathic vs nonpsychopathic male prison inmates innocent vs guilty of mock theft, 26277
identification & inferences of threat vs opportunity in perception of business issues, general managers & strategic planners & MBA graduates, 20795
industrial threat & anxiety, secure vs accepting vs defensive vs vigilant response, residents of heavily industrialized area, 17445
intrafamily threats, therapeutic processes & outcome, family therapy clients, 37376
locus of control & threat appraisal & coping, combat related PTSD, veterans of Lebanon War, Israel, 33185
management & resolution of threats from 32 yr old male patient with borderline personality disorder & depression, 32 yr old female clinical psychologist, 12634
perceived threat of AIDS, attitudes toward methods of social restriction imposed, 18–28 yr old male & female college students & 40–60 yr old married females & 23–44 yr old male homosexuals, 33545
perception of & anticipated responses to property vs life risks, male vs female 9–12 yr olds, Scotland, 8089
reliability & factor validity of danger & anxiety expectancy scales, identification of fear of flying & heights & public speaking, college students, 92
semantic & psychological & forensic aspects of assassination threats against president, 22256
threat vs affiliation situations, interpersonal reactions, male forensic psychiatric patients with personality disorders, 8753
threatening stimulus & rights of threatened group, tolerance toward racists & other unrelated groups, Black respondents, 1972–84, 11773
threatening vs neutral homophones, interpretative bias & skin conductance response, recovered vs currently anxious patients, 19169
trait & state anxiety, attention to threatening material, medical students, 23867
uncertainty & threat, centralization of group structure & communication & performance, college students, 22319

Threshold Determination
automated Modified Binary Search procedure, measurement of resting states of eyes & other psychophysiological threshhold phenomena, conference presentation, 7358
biodynamic basis for perceived heights for sitting & stair climbing, college students, 210
constant stimuli vs adaptive trial placement, variability & bias in simulated threshold estimation, 17715
odor detection thresholds, 15 vs 55 yr old males vs females, 29036
rate of change of signal frequency &/or level, duration discrimination & detection threshold, adults, application of new estimation method, 17816
reflex modification audiometry, determination of sensory thresholds, male rats, 10903
stimulus frequency, reliability of inter- & intratester estimates of auditory threshold using high frequency prototype audiometer, 21–57 yr old testees, 14348
swept contrast gratings & visual EPs, measurement of spatial contrast sensitivity & thresholds, infants & adults, 35994
validity of QUEST algorithm, measurement of vibrotactile thresholds, adults, 14209

Thresholds [See Also Auditory Thresholds, Critical Flicker Fusion Threshold, Dark Adaptation, Olfactory Thresholds, Pain Thresholds, Sensory Adaptation, Vibrotactile Thresholds, Visual Thresholds]
acoustic reflex development & reflex threshold for tones & noise, 24–48 hr old & 38–45 day old infants, 970
arm ergometry training, physiological & perceptual responses at ventilatory threshold & peak exercise capacity, females, 35244
buprenorphine, sensitivity to brain stimulation reward to medial forebrain bundle/lateral hypothalamus, rats, 7866
constant stimuli & footshock, jump thresholds during sexual receptivity vs nonreceptivity, female rats, 7790
darkness vs O-fixed illuminated visual display, detection thresholds for Y axis linear & Z axis angular whole body movements & apparent motion of display, 21–58 yr olds, 35243
detection thresholds of acceleration vs deceleration of objects along horizontal vs vertical visual axes, 19–25 yr olds, 35275
differential threshold & exponent for sucrose vs benzaldehyde taste perception, adults, application of S. S. Steven's equation, 215
duration of body rotation on vertical axis, angular motion detection threshold, 20–49 yr olds, 21186
interstimulus intervals of double electrical pulses, temporal integration thresholds & magnitude estimates, male adults, 4272
measurement of tactile thresholds, 23–47 yr olds with psychogenic hypaesthesia, 23059
phonological vs semantic auditory priming words, forced choice sentence completion task measuring prime subawareness & subrecognition, adults, replication, 10787
size of pay increase, perception of just meaningful differences, white collar workers, 34961
stimulus NaCl volume & intertrial rinse, taste detection threshold, 18–30 yr olds, 28222
sucrose vs caffeine vs citric acid vs sodium chloride, magnitude estimates of taste intensity, 18–31 vs 65–83 yr olds, 28217
threshold regulation, EEG synchronization & EP components, 11020
threshold regulation, EEG synchronization & EP components, commentary, 11016
threshold regulation, EEG synchronization & EP components, commentary, 11044
vibrotactile & electrical stimulation thresholds for fingertip vs penis, 21–38 vs 56–75 yr olds vs 32–57 yr olds with diabetic impotence, 33632
volume of sodium chloride vs sucrose vs citric acid vs quinine sulfate, taste detection thresholds, 17–43 yr olds, 31757

Thromboses
deep cerebral venous thrombosis, cognitive functioning & memory & abulia & disorientation, 18 yr old female taking oral contraceptives, case report, 26507
migrainous type visual disturbances & cerebral venous thrombosis, 30 yr old female & 52 yr old male, 30041

Thumb
closing of finger & thumb in object grasping behavior, acollosal right handed 22 yr old female, 5677
maximum possible vs comfortable angular displacement of thumb, male vs female 21–64 yr olds, implications for instrument control design, 17724

Thumbsucking
aversion therapy, indirect treatment of trichotillomania, 39 mo old male who engaged in thumbsucking & hair pulling, case report, 33968
physical proximity of parent & child, use of attachment object & thumbsucking, healthy infants, 32689
prevention of covarying response, 5 yr old female who chronically sucked her thumb while holding doll, case report, 33960
response prevention & fading, nocturnal thumbsucking, 5 yr old female, 1 yr followup, replication, 16499
response prevention, daytime thumbsucking, moderately mentally retarded or developmentally normal 8–11 yr old males, 16516
Thymoleptic Drugs [See Tranquilizing Drugs]
Thyroid Disorders [See Also Hyperthyroidism, Hypothyroidism]
autoimmune thyroiditis, panic disorder patients, 22643
behavioral symptoms, females with thyroid disease, 33625
chronic lithium, hypothyroidism & thyroiditis & antithyroid & antimicrosomal & antithyroglobulin antibody development, 26–72 yr old psychiatric patients, 12877
cognitive development & thyroid related disorders & other physiological factors, 7–15 yr olds in villages with heavy vs normal water iodine levels, China, 16120
history of hypothyroidism or hyperthyroidism or goiter in self or 1st degree relatives, female 14–78 yr old psychiatric patients with history of panic disorder or agoraphobia with panic attacks, 15754
metabolic rate & thyroid dysfunction, females with refractory depression, 1593
metabolic rate & thyroid dysfunction, females with refractory depression, commentary, 22680
prevalence of lithium carbonate induced thyroid disorders, patients with affective disorders, Canada, 2570
psychiatric symptoms & diurnal serum cortisol & melatonin & prolactin, 31–76 yr olds with primary hyperparathyroidism vs goiter before vs after adenoma removal, 16149
screening for & rate of thyroid disease, patients during psychiatric admission, 13165
thyroid function & disorders, 18–62 yr olds with generalized anxiety vs panic disorder with vs without agoraphobia, screening implications, 12027
thyroid function tests in clinical psychiatry, 2213
thyroiditis, 18–42 yr old hospitalized psychotic postpartum females, 15794
thyroxin supplementation, hypothyroidism or low borderline thyroid function, 2–51 yr olds with Down's syndrome, Israel, 34117
Thyroid Gland
abnormalities of hypothalamic pituitary thyroid & hypothalamic pituitary adrenal axis in affective disorders, conference presentation, 40155
cigarette smoking, thyroid function & thyroxine level, patients with unipolar nonpsychotic major depression, 33079
desipramine, thyroid functions & TRH stimulation of TSH, male 37–77 yr olds with major depression, 33016
ECT, thyroid function, 30–77 yr olds with affective disorders, 2231
excess of thyroid hormone administration, sodium & water intake & preference, thyroidectomized vs nonthyroidectomized rats, 11106
long term lithium, thyroid function & side effects, 26–65 yr olds with major depression, 30453
models of thyroid function & metabolic regulation, depression, 19263
pituitary thyroid axis & hypothalmic activity, 22–71 yr olds with primary endogenous depression, 1692
rate of antithyroid antibodies, adults with major depression, 1617
removal of thyroid &/vs parathyroid glands, lithium mediated circadian wheelrunning activity, male rats, 810
thyroid function & utility of TRH test, patients with affective disorders or alcoholism, 8515
thyroid functioning, patients with obsessive compulsive vs depressive disorder, 22566
Thyroid Hormones [See Also Thyroxine, Triiodothyronine]
altered thyroid function & levels of iodothyronines, CNS & pathogenesis & treatment of affective disorders, 9 commentaries included, 15624
catecholamine & cortisol & thyroid hormone response to stressors, human Ss, implications for DST, 703
combined administration of thyroid hormones & antidepressant drugs, patients with refractory depression, literature review, 12891
desipramine, thyroid functions & TRH stimulation of TSH, male 37–77 yr olds with major depression, 33016
excess of thyroid hormone administration, sodium & water intake & preference, thyroidectomized vs nonthyroidectomized rats, 11106
lithium, thyroid hormones, affective disordered patients, 2489
logistic regression analysis, assessment of probability of endogenous depression in relation to hypothalamo pituitary adrenal cortical & thyroid variables, 22–71 yr olds, 26163
thyroid function & disorders, 18–62 yr olds with generalized anxiety vs panic disorder with vs without agoraphobia, screening implications, 12027
thyroid function & life course of illness, male vs female adults with bipolar affective disorder treated with lithium carbonate, 19960
thyroid function & utility of TRH test, patients with affective disorders or alcoholism, 8515
thyroid hormones with vs without antidepressants, affective disorders, 16639
TRH analog, hippocampal cholinergic activity & memory deficit, male medial septal lesioned rats, animal model of Alzheimer's disease, 35705
TRH stimulation test, sensitivity & specificity of TSH response, 13–17 yr olds with major depression vs other psychiatric disorders, 15577
triiodothyroacetic acid, pharmacological & behavioral tests as measure of antidepressant like effects, male mice, 28907
Thyroid Stimulating Hormone [See Thyrotropin]
Thyrotropic Hormone [See Thyrotropin]
Thyrotropin
age, TSH response to TRH, 24–64 yr old males with unipolar major depression, 22667
age, TSH responses to TRH test, depressed 16–75 yr olds, Belgium, 22588
bilateral injection of TRH into nucleus accumbens, affective aggression & dominance, male rats, 11287
circadian rhythms of body temperature & plasma TSH, bipolar inpatients in depressed state vs remission, 5334
clomiphene & TRH, cognitive performance, elderly patients with senile dementia, England, 12892
clomipramine vs maprotiline, TRH induced changes in plasma prolactin, patients with major depression, 12826
desipramine, thyroid functions & TRH stimulation of TSH, male 37–77 yr olds with major depression, 33016
domperidone, TRH induced TSH secretion, depressed 28–81 yr olds, 19163
DST & TRH stimulation test responses & urinary MHPG content, depressed 13–17 yr old inpatients, 1624
DST & TSH & growth hormone responses to TRH, females with bulimia nervosa, 26539
ECT & seizure duration, serum TSH & illness recovery, 28–78 yr olds with major depression, 2179
elevation of TRH in CSF, drug free 17–70 yr olds with major depression vs peripheral neurological vs somatization disorder, 15620
etiological risk factors, elevated TSH & hypothyroidism during hospitalization, chronically psychotic patients, 2856
growth hormone releasing factor, growth hormone & thyrotropin & prolactin levels, patients with major depression with melancholia, 36705
hypothalamic growth hormone releasing hormone-44 amide & TRH, growth hormone & TSH release & plasma insulin-like growth factor I, 37–59 yr olds with major depression, 26121

icv histidyl-proline diketopiperazine & its stereoisomers, food intake, male rats, implications for anorexia nervosa, 4324
icv TRH & central serotonergic system, intracranial self stimulation, male rats implanted with electrodes in ventral tegmental area, 28877
LH releasing hormone or lithium, plasma LH & TRH responses, male 20–53 yr olds with acute mania vs normal volunteers, 36610
monocular leukocyte TSH responsiveness to TRH, patients with major depression, 5218
psychostimulant properties of TRH vs dextroamphetamine, healthy 18–35 yr olds, 18376
repeated methamphetamine, immunoreactive TRH levels & TRH binding in brain, male rats, 25276
rise in prolactin levels as response to ECT stress & utility of TRH test in identification of depression, commentary with reply included, 40601
sleep deprivation, nocturnal TSH & prolactin levels & antidepressant response, patients with major depression, 19698
TRH & ACTH or bombesin or beta endorphin, grooming behavior, male rats, 4503
TRH & LH releasing hormones, LH & FSH & testosterone level responses, patients with major depressive disorder, Sweden, investigation of hypothalamic-pituitary-gonadal axis, 19248
TRH & severity of illness & thyroid hormones & monoamines & sex hormones & corticosteroids & nutritional state & age, TSH responses, depressed females, 36640
TRH & sex hormones & corticosteroid & monoamine & amino acid levels & age, prolactin responses, depressed females, 36641
TRH, abnormal ocular movements, spinocerebellar degeneration patients, 2569
TRH analog DN-1417 vs des-tyrosine-gamma-endorphin, adult inpatients with chronic schizophrenia, 6168
TRH analog, patients with motorneuron disease, 23427
TRH, behavior & endocrine effects, psychiatric patients, literature review, 37526
TRH derivative YM-14673 vs TRH, reserpine induced behavior & EEG, cats & male mice, 11324
TRH induced prolactin release, unipolar depressed patients, 19213
TRH injection to nucleus accumbens septi, maintenance of tolerance to ethanol induced hypothermia, male rats, 898
TRH, prolactin & TSH & growth hormone responses, schizophrenic patients, 29628
TRH, serum TSH & growth hormone & prolactin levels, bulimic adult females, 2052
TRH stimulation test results & REM latency & NREM sleep, male 20–56 yr olds with major depression, 19188
TRH stimulation test, sensitivity & specificity of TSH response, 13–17 yr olds with major depression vs other psychiatric disorders, 15577
TRH, thyrotropin response, 20–67 yr old males with schizodepression vs schizophrenia vs major depression, 12079
TRH, TSH & prolactin & catecholamines & depression & heart rate & BP & anxiety, panic disorder patients, 5168
TRH, TSH, males with early onset of Alzheimer's disease, 12430
TRH vs dexamethasone, plasma prolactin, 27–75 yr olds with major depression, 11911
TSH & cortisol plasma levels during sleep & sleep deprivation, female rapid cycling bipolar adult patients, 5322
TSH response to TRH & DST, adults with manic type schizoaffective disorder vs mania vs schizophrenia, 15710
TSH response to TRH & therapeutic responses to lithium vs haloperidol, acutely psychotic 17–44 yr olds, 16538
TSH response to TRH, patients with major depressive disorder vs schizophrenia, 15625
TSH response to TRH, patients with unipolar depression with vs without panic attacks, conference presentation, 33055
TSH response to TRH, postdexamethasone plasma cortisol levels & urinary norepinephrine & normetanephrine, patients with unipolar major depression, 5317
TSH response to TRH, serum triiodothyronine & thyroxine, manic vs depressed inpatients, West Germany, 5289
weight reducing diet, TRH stimulation of TSH & dexamethasone suppression of cortisol, male vs female adults, 4179

Thyroxine
cigarette smoking, thyroid function & thyroxine level, patients with unipolar nonpsychotic major depression, 33079
serum free total thyroxine levels, differential diagnosis, 20–58 yr old males with paranoid or undifferentiated schizophrenia or bipolar I or manic or major depressive disorders, 36646
thyroxin supplementation, hypothyroidism or low borderline thyroid function, 2–51 yr olds with Down's syndrome, Israel, 34117
thyroxine & TSH & personality assessed by MMPI & sensation seeking & susceptibility to punishment scales, psychosomatic patients vs healthy adults, 8984
thyroxine blood levels & cause of hyperthyroxinemia, psychiatric patients, 2046
TSH response to TRH, serum triiodothyronine & thyroxine, manic vs depressed inpatients, West Germany, 5289

Tics
desipramine, 7–11 yr old males with attention deficit hyperactivity disorder with tics, 23441
entities associated with neurotransmitter disturbances, development of tics & other Tourette syndrome symptoms, 12330
etiology & role of psychological factors & related disorders & possible treatments, 6–60 yr olds with ear tics, case reports, 16126
indications for & side effects of haloperidol or pimozide or fluphenazine or clonidine or clonazepam, tics, children with Tourette syndrome, 12848
l-tryptophan, 9 & 12 yr old male with attention deficit/hyperactivity disorder & stimulant induced or aggravated tics, case report, 30419
sensory tics, 7 & 36 yr old females & 34 yr old male with Tourette syndrome-590 14, 37085
stimulant drugs, manifestation & severity of tics, children with attention deficit disorder & Tourette syndrome, 12860
topographically dissimilar competing response contingent on occurrence of muscle tics, male 24 & 32 yr olds & female 66 yr olds with muscle or facial tics, 30392
transient tic disorder, 19 yr old female & 35 yr old male from families with Gilles de la Tourette disorder, 22973

Time [See Also Interresponse Time]
acoustic & cutaneous stimuli, temporal integration in blink reflex, 18–32 yr olds, 28218
acute temporal phase shift, symptoms of jet lag, adult males, 4188
auditory thresholds for temporal order stimuli, commentary, 24790
auditory thresholds for temporal order stimuli, commentary reply, 24800
C language functions, millisecond timing on IBM PC, 21027
chronobiology & time perception, literature review, 28216
concept of time in explanation of indeterminism, physics & other sciences vs humanities, 23
development of & cognitive processes used in analog & digital clock display reading, 1st–5th graders, 21947
development of curiosity & number & time concepts, 4–6 yr old males, 8039
distraction & time pressure & familiarity & personality, quantity & content of consumer product label information recall, 18–34 vs 35–59 vs 60 yr olds & older, 17474
duration of free play periods, social & cognitive levels of play, 4–5 yr olds, 29114
duration of visual images, college students, 7507
extended play Prisoner's Dilemma game using various opponent strategies, time & cost of cooperation training, simulated character who learns only by CRs, 35381

factor analysis of types & timing of agitated behaviors, 70–99 yr old nursing home residents, 40959
flight training deployment across 9 time zones, personality & sleep quality & patterns & circadian temperature rhythm adjustment, male Royal Norwegian Air Force volunteers, 39135
group attention to time & pacing, production of creative products, MBA students, 34927
individual vs work group vs collectivity level of analysis of time spent communicating & job satisfaction & autonomy, law enforcement agency employees in work groups, 13904
interval from referral date to intake appointment, failure to keep appointment, psychiatric patients at day treatment center, 2819
length of time since death of spouse, depression & anxiety & well being, bereaved 60–90 yr olds, Canada, 39718
load & controlled temporal conditions, force & force variability in rapid reversal responses with horizontal lever, male college students, 21203
menstrual cycle & day of week, psychological & physical events, 22–45 yr old couples, 28655
object size & tolerance for grasping error & movement speed, finger-thumb aperture & wrist velocity in prehensile movement, male 19–25 yr olds, 21205
organizational time, organizational dynamics & decision making processes, 13853
physiological model for genesis of heartbeats, measurement of cardiac activity over real time, 4195
point light computer simulation of arm movement & timing, action identification & movement reproduction, male 12 yr olds, 39588
postmodern theory of ritual & social behavior, totality vs transformation & temporality, 22114
prediction confidence vs accuracy of event occurrence within 4 vs 14 days, college students, Netherlands, 7430
self care educational intervention, judgment & timeliness of ambulatory care utilization, medical patients, 34193
self psychology perspective, experience of time within psychoanalytic process, 16382
sex of caller & tone of voice & time of day, length of time annoying phone call is listened to, community residents, 7950
simple IBM AT C language timer, 21028
status of desired position & interviewer, waiting time before scheduled job interview, job applicants, 27849
store environment knowledge & time available, unplanned purchases, consumer panel members, 41539
store knowledge & available time for shopping, purchase intention & outcome & instore deliberation, consumer panelists, 41558
temporal research in organizational & management practice, 3381
theory of factors influencing temporal & seasonal & holiday fluctuations in suicide rates, 19286
time & liquor vs wine vs beer, blood alcohol curve, adult male moderate social drinkers, methodological implications, 18344
time & recall & mode & memory expectancies, memory for conversation, college students, 361
time &/vs system feedback messages during delay for text retrieval, annoyance, adults, 10431
time available, exploration to choose better of 2 patches prior to foraging, pigeons, 35476
time compression level in advertisement, thought patterns & recall & beliefs & behavioral intention, adults, 20966
time constraints, prey selection, shrews, 447
time course of associative & item information availability in recognition memory, adults, 38893
time delay, evaluation of videotaped managerial performance, college students or MBA students with supervisory experience, 34883
time horizon, expectations of vs actual grades received, college students, Norway, 13545
time limits of cyclical events, activity organization, male farmers, 35368
time of bright light pulses, circadian rhythm phase shifts & photoreception, stripe faced dunnarts maintained in darkness, 462
time of day & sex role stereotyping in TV commercials, Italy, replication & extension, 39866
time of day & task difficulty, interpretation of elliptical verb phrases in context, adults, England, 317
time of day, onset & length of labor & epidural & augmentation administration in labor ward, primiparous vs multiparous female 17–43 yr olds, England, 34145
time of day, perceived pain & mood state including tension & anxiety & fatigue, mechanical low back pain patients, implications for pain management, 2001
time pressure, performance on anagram task, Type A vs Type B female college students, 29384
time since separation & home environment, prediction of social adjustment to divorce, 8–11 yr old female vs male children of parents separated 1 yr or longer, 29134
time spent providing direct services per case, consultation psychiatrists treating hospitalized medical & surgical patients, 16885
variation in time per session spent with patient, psychiatrists & clinical psychologists, 30259
weather & day of week & place of residence, suicide attempts, under 15 through 65 yr olds & older, Hong Kong, 22689

Time Disorientation

circadian temperature rhythm, sleep wake cycles, internally desynchronized adults, 28737
place disorientation sparing time orientation, 68 yr old female with right carotid artery stenosis, case report, implications for diffuse encephalopathy & nondominant hemisphere functions, 22963
premorbid school performance & physical treatments, age disorientation, 15–42 yr old chronic schizophrenic inpatients, 8562
theophylline, development of psychotic reactions, 5 yr old with sleeplessness & disorientation of several day's duration, case report, 30477

Time Estimation

age & TV viewing hours & speed of TV segments, short term temporal judgments, male vs female 4–10 yr olds, 1016
alcohol, timing responses to single vs dual ear stimulation, college students, 11200
awareness of optimal division of attention, time estimation on psychometric task, college students, 38754
E vs self paced intertrial & retention interval, estimation of auditory time lengths, college students, 205
knowledge of results, time estimation, college students, 7297
minimum frequency cues, duration estimates of rotating spot patterns, college students, 217
motor preparation & stimulus anticipation in delayed buttonpress timing task, heart rate & slow brain potentials, 17–35 yr olds, 613
musical selection duration & context, psychophysics of retrospective vs prospective timing judgments, college students, 17815
paper vs computer presentation & difficulty, estimation of time allowed for anagram solving, college students, 28212
physiological parameters during perception of 1 min time intervals after extinguished orienting reaction, 18–30 yr old males, 17733
procrastination & optimism, estimation of time to complete essay & likelihood of setbacks, 19–68 yr old college students, 29404
reliability & validity of ratio judgments of empty durations with numeric scales, adults, 14247
stimulus presentation apparent velocity, time estimation, female college students, 17782
temporal duration estimates, numeric values of Weber's fractions, college students, 24710
temporal structure of event, dynamic future oriented & analytic attending & time estimation, adults, application of weighted contrast model, 35251

test tone & mask duration & interstimulus interval & presentation ear, discrimination of auditory duration, college students, 278
time estimation, crossover effect & EPs, schizophrenic or alcoholic patients, 1488
time estimation of verbal task vs unoccupied interval, 50–70 yr olds with cerebral atherosclerosis vs remaining manifestations of right or left sided stroke, 40480
time regulation motor task performance, 3 vs 4 vs 5 yr olds, 8035
verbal estimation of 40 sec interval, 19–49 yr old females, 24802
visual field restriction & distance evaluation & speed & time variations, estimation of time to collision, 18–40 yr old experienced vs beginner drivers, 38761
Time Limited Psychotherapy [See Brief Psychotherapy]
Time On Task
academic engagement behaviors in regular vs resource classroom, mainstreamed learning disabled 8–12 yr olds, 17255
academic learning time, performance, learning disabled students, 20656
approving vs disapproving responses & student behavior & time spent on task, secondary school teachers, England, 41309
behavior alteration techniques of P. Kearney, academic engagement time & cognitive learning, college students, 20483
components of nurse facilitated room manager role, time on task, 21–39 yr olds with severe to profound mental retardation, 34369
controllable vs uncontrollable noise, time on insoluble puzzles & frustration tolerance, high vs low dependency college students, India, 39942
cooperative learning strategy, on task & cooperative behaviors & academic performance, emotionally disturbed 14–18 yr olds, 24188
data entry & selection methods for specifying dates, time accuracy of performance, experienced vs inexperienced computer users, 38474
direct instruction vs seatwork & task difficulty & student ability level & teacher behaviors, time on task, 3rd & 4th graders in single vs mixed age classes, Netherlands, 17239
E interest, time & performance on anagram task, Type A vs Type B vs intermediate college students, Taiwan, 1478
engaged time & interactions with teachers & peers during computer assisted instruction vs independent seatwork, 9–12 yr olds with learning disabilities, 3283
foreperiod duration & labeled motor programing & parameterization & initiation stages, choice RT & movement velocity on line drawing task, right handed writers, 35256
goal setting & student teacher contract, on task behavior & academic performance, 4 yr olds with behavior problems or developmental disabilities, 20465
group vs individual occupational therapy, on task attending, developmentally handicapped preschoolers, 23738
motivational factors of response contingencies for low vs high frequency work activities, adult males in residential laboratory, implications for workplace settings & spaceflight operations, 17918
premedication time on task & methylphenidate dosage, on task behavior, 6–11 yr olds with inattention & impulsivity & overreactivity, 27001
product vs nonproduct oriented activity, heart rate & time spent on task, female college students, implications for occupational therapy, 39165
reality therapy & teacher directed vs independent seatwork instruction, on task behavior, 9–11 yr olds, 38270
self monitoring of attention, teacher interaction & independence & time on task, 12.3–14.1 yr old learning disabled male students in middle school, 20632
special education resource room strategies, time on task related to specific objective with high success rate, learning disabled students, 34704
special vs regular class vs resource room vs special school, time on learning tasks, handicapped elementary school students, 27723
subordinate social category membership, observation time & rating accuracy, college students, implications for employee performance evaluations, 41416
token economy, on task behaviors & academic achievement, emotionally disturbed & behavior disordered 1st–7th graders, 1 yr study, 24147
VI schedule of token rewards, on task behavior & academic achievement, mildly handicapped or learning disabled or trainable mentally retarded 6.6–15 yr olds, 20609
visualization of factors that could enhance vs impair performance, self efficacy judgment & task persistence, college students, 35393
Time Out
effectiveness of time out procedure, 5–18 yr olds in psychiatric hospitals vs day treatment program for behavior disorders vs correctional facilities, 19884
guidelines & standards for time out use in public schools, 10037
legal & ethical issues of time out procedures & physical restraint, emotionally disturbed 3–8 yr olds in educational day treatment facilities, 31206
parental positive reinforcement vs time out, deviant children, commentary, 26909
physical confinement vs time out, aggression, 18–53 yr old long term hospitalized psychiatric patients, 27200
quiet room usage, preadolescent psychiatric inpatients, 20186
room time outs vs spanking, subsequent escape efforts from chair time outs, 2–6 yr olds with behavior problems, 19909
stimulus change & interreinforcer interval or time out in fixed time FI schedule, spatial retreat from reinforcer, pigeons, 28406
time out procedure in residential care, legal implications, 34309
Time Perception [See Also Time Estimation]
ability to time light & tone stimuli & directionality of intermodal transfer, pigeons, implications for timing in rats, 14552
addition of unreinforced discriminative stimuli during waiting period, acquisition of temporal response regulation, beagles, 17948
age & familiar vs novel events, immediate & delayed recall for temporal order of events, 16 & 31 mo olds, 21925
age & physical & mental work & quantity, time perception, 2nd vs 4th vs 6th graders, 29043
ambient illumination & auditorily vs visually bounded intervals on computer monitor, time perception of interval, psychology students, conference presentation, 35255
anticholinergic side effects of benztropine vs amantadine, free recall & time perception, 18–53 yr olds, 32200
attention measured by temporal discrimination of discrete vs simultaneous stimuli, male rats with frontal cortex vs hippocampal system brain lesions, 4295
auditory vs visual presentation & serial position & interpair interval of words, free recall vs order judgments, college students, 14440
beat based vs interval based mechanisms, judgment of timing irregularities, college students, 38736
chronobiology & time perception, literature review, 28216
circadian system & time perception, humans & animals, 39128
circadian variations, judgment of acoustic stimulus intervals, graduate students, 35323
cognitive efficiency, time perception, female 17–19 yr old college students, India, 21185
cognitive representations of space & time & number, animals, literature review, 24943
daily activities & development of time concept, 3–6 yr olds, 18614
development & expression of concept of time, deaf, 26635
diisopropyl phosphorofluoridate, time discrimination & internal clock, rats, 18417
discrimination of silent intervals between tone elements of auditory patterns, 6.5–9.5 mo vs 5.5 yr olds, implications for temporal processing, 1052
discrimination of temporal duration of visual stimuli, pigeons, 3920

duration & informational content of interval, recall & retrospective time judgments, college students, Australia, 3714
EEG activity in motor vs somatosensory vs parietal vs premotor vs frontal cortex during anticipation vs execution of movement vs feedback reception, 17–37 yr olds, 4081
equal inspection duration for unambiguous vs ambiguous figures vs alternating sequence of 2 unambiguous figures, perceived inspection duration, college students, 35263
frontal cortex & nucleus basalis magnocellularis lesions, temporal discrimination & short & long term memory, rats, 28777
hippocampal damage, control of internal clock's criterion, rats, 11154
hypnotic procedures, time estimation, college students, 10884
illusory conjunctions, clock time processing, college students, 21192
interpolated temporal activity, temporal short term memory, college students, 28323
large vs small discrepancy between majority opinion & physical reality of tone duration, overt behavior & time perception, male vs female college students, 11760
learning vs judgment of temporal order for new vs historical stimuli or events, 39 yr old male with left retrosplenial damage & amnesia, case report, 16040
measures of average EPs during visual inspection task, inspection time estimates, 15–47 yr olds, 35640
methodology using relative sensitivity of direct vs indirect perception indices, measurement of perception without awareness in lexical decision & temporal duration judgment tasks, college students, 21201
noncontingent intertrial interval reinforcement, discrimination of light duration, male rats, 21396
number of & period between clicks, discrimination of interaural differences of time, adults, 24778
olfactory bulb electrical stimulation patterns as discriminative stimuli & respiration, prediction of reinforcement & temporal aspects of olfactory coding, food deprived male rats, 39206
paintings viewed 18 vs 36 vs 72 sec, estimation of exposure duration & pleasure ratings, male vs female college students trained vs not trained in art appreciation, 3692
perception of empty time duration between sound bursts, 18–26 yr olds, 281
perception of visual stimuli temporal order & grouping effects measuring developmental vs sensory deficit, reading disabled 8–31 yr olds, 19405
perceptions & experiences of time & leisure & approaches to sport & physical activities, males vs females, Canada, 24487
predisposition to psychosis, temporal processing in stimulus duration & visual backward masking tasks, college students, 11909
presentation order & interstimulus interval, time order error in judgments of sequentially presented temporal intervals as recency effect, adults, 14250
proactive interference & covert counting, short term retention of temporal information, college students, 3854
sex, discrimination of duration of auditory stimuli, adults, 31821
stimulus circle size, perceived time duration of interstimulus intervals, college students, 24732
stress, time perception, obese adults, 29931
subjective vs objective interstimulus interval, perceived spatial distance between tactual stimuli, college students, 38746
target & response motion complexity, coincident timing performance measured by target interception, adults, 28200
temporal orientation & pace in psychotherapy sessions, nonpsychotic female clients, development of 2 component model, 5942
temporal vs spatial information, reinforcement of observing behavior in mixed variable time extinction schedule, pigeons & rats, 7527
time & pain perception & illness behavior, Sicilian immigrants, Canada, 32616
time & place food availability learning, garden warblers, 31913
time & space perception, depressed 13–17 yr olds, 19091
time constraints for activities, sleep & sleepiness & perceived day length, 44–81 yr olds, 21590
time interval production as analog of peak procedure used with rats, college students, implications for scalar timing & Weber's law, 21206
time perception & rehabilitation, elderly, literature review, 2885
time perception, schizophrenic 23–50 yr olds, India, 8559
time pressure, preferences for & attractiveness judgments of student apartments, college students, 7426
training vs environmental support cues, reality orientation program, senile demented 70–89 yr olds, 2416
understanding time concepts, historical understanding, children, implications for teaching history, 18623
upright vs inverted facial stimuli, duration perception, 35–40 yr olds, 24724
viewing TV program varying in presentation of flashback sequence, temporal comprehension, K & 1st vs 4th–5th graders, 15051

Time Perspective

attitudes toward future, study motivation & work orientation, 6th graders vs college students, 32525
descriptions & organization of memories for distant vs recent past experiences, 29–35 mo olds, 1006
experiences over time & self identity, elderly, 22085
frontal lobes & spatial vs temporal components of memory, commentary, 32038
future orientation & temporal coding efficiency, college students, 14415
growth patterns of inner direction & time competence, 19–55 yr old females, 4691
home gardens, experience of natural environment & time, North America & Great Britain vs Japan, conference presentation, 20921
importance of addressing past in psychoanalysis, conference presentation, 37349
modification of Delphi method, assessment of perception of future, 10–12 yr olds, 4700
onset asynchronies for successive spatially overlapping faces or visual & auditory stimuli in proximity, perception of 1st vs 2nd face & stimulus temporal order, judgment, 25–30 yr olds, 35241
perception of interpersonal lifestyles in the future, female college students majoring in human services vs nursing vs child vs family studies, 4968
perspectives & use of time & adjustment, draftees in military basic training, Israel, 10440
prediction of future psychology related events, 1st vs 3rd yr psychology students, South Africa, 1976 vs 1985, 17228
remote & autobiographical & temporal context memory & frontal atrophy or dysfunction, 38–76 yr olds with Korsakoff's psychosis vs Alzheimer's disease, England, 36530
sex & sociocultural variations, future orientation, Jewish vs Arab high school seniors, Israel, 15212
spatial & temporal representations of nursery school routine & novel unidirectional route, preschool students, 25455
teaching model, futuristic problem solving, gifted elementary & secondary students, 34760
telescoping in date estimation of naturally occurring events, college students, 14479
temporal orientation & pace in psychotherapy sessions, nonpsychotic female clients, development of 2 component model, 5942
temporal perspective & uncertainty, explanations of events, college students, 38843
time perspective & attitude & orientation, alcoholic adults, literature review, 8886
time perspective & organizational choice & involvement, consumer union activists vs communist party members, France, 11574
time perspective of future interpersonal lives including marriage & divorce & family structure, male vs female 15–17 yr olds, 39603

time references, verb tenses, 8–10 yr old native speakers of French, 36018
time structure & purpose & mental health & study habits & role demands, college students, Australia, 1423
Time Series
autocorrelation of baseline vs intervention experimental data, single S or single case or small sample or interrupted time series research, 21152
frequent momentary time sampling data, interrater agreement in observation of behaviors assessed by statistical analysis, pair of Os, 38699
reference reliability concept, measurement of reliability & estimation of stability & change & error in times series data, 7261
simple nonparametric statistical tests, facilitation of accurate description of single case time series data, 32 yr old mildly mentally handicapped female, 28176
statistical analysis, sequential social dyadic interactions, 14205
time series analysis of economic indexes & lynchings, Blacks vs Whites, southern US, commentary, 1184
use of ANOVA residuals vs raw baseline data & time series analysis, testing for autocorrelation in behavioral data, commentary, 21175
use of past item average vs temporal pattern information, generation vs forecasting of number sequence patterned by 1st order autoregressive algorithm, college students, 31844
Timers (Apparatus)
computerized method of establishing time intervals to precision of less than 1 msec & tachistoscopic applications, 10534
software for Turbo PASCAL timing routines with 55 vs 1 msec resolution, IBM microcomputers, 28035
time resolution of clocks & RT measurement, formulae for correction of bias of mean & variance of RTs, 31749
Turbo Pascal 4.0 program for millisecond interval timing for IBM personal computers, applications for measurement of auditory RT, 38570
Timidity
aggressiveness & timidity & sociability & locomotor activity with haired litter mates, genetically hairless mice, 4012
behavioral restraint vs spontaneity & peripheral sympathetic reactivity, 21 & 31 mo olds, 5 yr followup, implications for genetics, 8113
client & family characteristics & coping strategy & response to social skills training, shy adults, 6050
continuities & consequences of childhood shyness, males vs females, 30 yr study, 8082
definition of shyness as psychological construct, 14–58 yr old shy females, 36460
depression & loneliness & shyness & social anxiety, college students, 15489
family therapy techniques, shy family members, 9407
help seeking from same vs opposite sex person, shy vs not shy college students, 25905
individual response aggregation vs response selection profiles, prediction of self vs other ratings of shyness, college students, 31559
level of shyness, perceptions of others' evaluations, college students, 36448
loneliness & shyness, type & effectiveness of plans to request date or ingratiate roommate, male vs female college students, 25835
physiological processes & temperament in infancy, basis & prediction of inhibited vs uninhibited social behavior, school age children, conference presentation, 25601
private shyness & social loneliness, self perception of supervisory behavior, managers, conference presentation, 27893
recognition & memory & likability judgments for hypothetical maladjusted aggressive vs withdrawn peers, 1st–7th graders, Canada, 32553
sex, motor performance & shyness & disobedience, 6 yr olds born of risk pregnancies or deliveries, conference presentation, 5807
shyness & competitiveness & optimism ratings of self vs TV soap opera characters, 17–40 yr olds, 15460
shyness & introversion & neuroticism, college students, 15494
text vs computer program training, heterosexual interaction & conversational skills, shy adult females, 12770
Tinnitus
applied relaxation & perceptual restructuring behavior therapy, tinnitus loudness & discomfort & depression & irritation, adults with severe tinnitus, 9 mo followup, 2423
behavior therapy, 26 yr old deaf female with severe tinnitus, Sweden, case report, 40728
benzodiazepine withdrawal following long term therapy, protracted tinnitus, 34–57 yr old patients, 19931
biofeedback as research method, 62 yr old with postacoustic neuroma & tinnitus, 33982
imipramine, development of tinnitus, female depressed 38 yr old, case report, 37524
level or frequency of inducing noise, tinnitus, normal hearing 18–35 yr olds with vs without ongoing tinnitus, 33528
masking noise exposure & ipsilateral vs contralateral pulsed tone, judgment of change in tinnitus strength & comparative loudness of tone, adults with hearing loss, 16197
prevalence of major depression, adults with disabling tinnitus, 12515
psychological correlates of ability to cope with tinnitus, 19–75 yr old patients, 33566
relaxation & EMG & thermal biofeedback training, subjective tinnitus, 19–62 yr olds, 16496
sodium salicylate, tinnitus in conditioned suppression paradigm, rats, 28874
symptoms & coping behaviors & beliefs, 20–76 yr olds with tinnitus, 9073
Tiredness [See Fatigue]
Tissues (Body) [See Bone Marrow, Bones, Membranes, Myelin Sheath, Nasal Mucosa, Nictitating Membrane, Olfactory Mucosa, Skin (Anatomy)]
Tobacco (Drug) [See Nicotine]
Tobacco Smoking
access to & sources of cigarettes, 10th graders, 32493
active vs passive smoking, RT & movement time, college students, Australia, 35777
actual vs ideal self image & image of smokers vs cigarette advertisement models, prediction of cigarette smoking intentions, 7th graders, 32479
ad lib smoking vs 24 hrs abstinence, DST cortisol levels, adult tobacco dependent smokers, 1877
age & sex & income & work & smoking status, self ratings of health, 17–88 yr olds, UK, support for social representation & multiple discrepancies models, 11900
age & sex, use of & exposure to & attitudes toward tobacco, rural Anglo American vs Hispanic vs Native American 8–14 yr olds, implications for health education curriculum, 11484
age of onset & patterns of progression & periods of risk for drug use, American Indian high school students, 1897
alcohol & tobacco & illicit drug usage & attitudes, 12–13 yr olds, Great Britain, implications for school based alcohol education, 27530
alcohol & tobacco & psychoactive medicine use, high school students, Italy, 1106
alcohol & tobacco usage patterns, Black & White 12–24 yr olds, 22004
alcohol availability, tobacco smoking, healthy female adults, conference presentation, 11716
alcohol consumption &/vs cigarette smoking, visual information processing & psychophysiological functions, 18–30 yr old females, Switzerland, 28918
alcohol education program, alcohol or tobacco or other drug use, 4th–12th graders, 1978–81, 3129
alcohol use & smoking during pregnancy, child's IQ, mothers, 4 yr followup, 15121
alcohol vs tobacco, mental performance, female smokers, conference presentation, 18394

analgesic effect of acute tobacco smoke or nicotine exposure, development of tolerance & pain sensitivity, male rats, 28930
anger expression & aggressive behavior, college students who were current vs occasional smokers vs ex-smokers, 22305
antismoking movement & legislation, discrimination against smokers & lack of attention to other environmental pollutants, 1264
apparatus for controlling puff volume & consistent tar & nicotine values in cigarette smoking research, 38574
attitudes & behaviors toward risk of coronary heart disease, 17–60 yr old moderate to heavy smokers vs nonsmokers, 36985
attitudes toward drinking & smoking, 20–30 yr old females, Australia, 8315
attitudes toward smoking & drinking & smoking patterns, males, Scotland, 4930
attitudes toward worksite nonsmoking policies & norms about smoking & cessation, employed smokers & recent ex-smokers in private sector, conference presentation, 27963
attractiveness of model & inclusion of general vs specific health warnings, reactions to printed cigarette advertisements, smoking vs nonsmoking female college students, 3476
automated system for administration of quantified doses of tobacco smoke, plasma nicotine concentrations, male 21–47 yr olds, 31538
beer drinking & tobacco smoking behavior, prenatal development & stillbirth or spontaneous abortion, pregnant females, Australia, implications for experimental methods, 40313
belief correlates of perceived addiction, 11–16 yr old smokers, England, 22786
carbon monoxide dosage, eye darkness adaptation time & light sensitivity & carboxyhemoglobin saturation, 19–23 yr old smokers vs nonsmokers, 7931
cardiovascular & subjective withdrawal symptoms before vs after abstinence period, cigarette smoking adults, implications for nicotine tolerance, 4936
change in factors influencing smoking behavior, 13–17 yr olds, Ireland, 36160
characteristics of 1st opportunities to use cigarettes or smokeless tobacco, 10th graders, 32483
cigarette & marihuana & alcohol use during pregnancy, Hispanic vs non-Hispanic White adolescent mothers, 19379
cigarette advertising, cigarette consumption, 1973–85, New Zealand, 8316
cigarette advertising, development of smoking habit, children & adolescents, 29157
cigarette puffs, correct detections & RT on visual information processing task, 18–21 yr olds, 25830
cigarette smoke & nicotine exposure, neuroendocrinology & immune system, animals, literature review, medical implications for humans, 39300
cigarette smoking & academic lifestyle & emotional wellbeing & social impact efficacy, 7th–9th graders, 8 yr study, 25623
cigarette smoking & alcohol & drug use & misconduct & peer behavior, junior & senior high school students, 1144
cigarette smoking & alcohol consumption during pregnancy, fetal morbidity, 17–41 yr old females & their spouses, Denmark, 15958
cigarette smoking & alcohol drinking discordance & health condition, 47–87 yr old monozygotic vs dizygotic like-sex pairs of twins reared apart vs together, Japan, 22291
cigarette smoking &/vs caffeine, BP & heart rate reactions to stress, college students, 28902
cigarette smoking, bilateral skin conductance of orienting reflex, 18–30 yr olds, 14889
cigarette smoking, initiation & progression of other drug usage, middle school students, 2 yr followup, 39619
cigarette smoking, resting EEG & visual EPs & photic driving & heart rate, adult habitual cigarette smokers, 4918
cigarette smoking, thyroid function & thyroxine level, patients with unipolar nonpsychotic major depression, 33079
cigarette smoking vs organizational commitment or stress or somatic symptoms of cold/flu, absenteeism, employees, 3371
coffee drinking & tobacco smoking, male vs female college students, 32750
cognitive & affective & medical & social factors, short vs long term changes in smoking behavior, myocardial infarction patients, 5 yr study, 29965
cognitive behavioral smoking modification programs with controlled smoking vs cessation goals, cigarette smokers, 23757
cognitive developmental smoking prevention program, intention to smoke & smoking behavior & knowledge of health effects of smoking addiction, 6th–8th graders, 18 mo study, 31056
cognitive factors & fear, effects of fear arousing health threat communications, adult cigarette smokers, 13006
consumption of different meal types, cigarette craving & satisfaction, 19–55 yr old heavy smokers, 29328
contingency based strategies, prevention of alcohol & drug & tobacco use, adolescents, literature review, 23753
cost effectiveness of worksite vs community contest recruitment strategies, participation in self help smoking cessation programs, adults, 34404
cultural differences in perceived self efficacy to avoid cigarette smoking & addiction, Hispanic vs White smokers, 36379
curricular smoking education, smoking prevalence, 11–16 yr old comprehensive school students, England, 6684
delivery of social resistance skills smoking prevention curriculum, program instructors, 34619
deprivation & subsequent smoking, mood during computer simulation of air traffic control task, college students, 21632
description of male vs female peer smoker vs nonsmoker, first impressions & stereotypes, nursing & physiotherapy students, 41135
descriptive vs mediating peer influences, smoking initiation, junior & senior high school students, 25583
design & implementation & evaluation of tobacco interventions at HMOs, 34416
determinants of smoking & cigarette use, nurses, 3043
dietary habits, adult smokers vs nonsmokers, Great Britain, 4937
discrimination of risk for tobacco use, 4th–5th graders, prevention implications, 11469
distal family environment, smokeless tobacco use vs smoking, 6th–12th graders, 22007
drinking & smoking patterns before & during pregnancy, females of Afro Caribbean or Asian or Oriental origin, England, 36384
dropping out of high school, cigarette smoking & illicit drug involvement, young adults, longitudinal study, 8895
dropping out of high school, cigarette smoking & illicit drug involvement, young adults, longitudinal study, erratum, 33379
drug education program considering sociocultural context, alcohol & tobacco usage, resettlement area residents 15 yrs old & older, India, 6539
drug related cues, heart rate & skin resistance & desire for & difficulty resisting drugs, adult cigarette or heroin current vs former users vs nonusers, 12241
educated vs noneducated reference community, school based education on cigarette smoking related to cardiovascular health, smoking rates, 6th graders followed through 10th grade, 34611
EEG & personality correlates, 25–35 yr old male vs female smokers vs nonsmokers, 11708
EEG changes during cigarette smoking, 20–41 yr olds, 18363
effectiveness of tobacco & alcohol abuse prevention curriculum, 6th–7th graders, 3125
efficacy of behavioral smoking cessation program, male vs female adolescents, 2957
efficacy of video based vs teacher led discussion classroom antismoking curricula, 5th–6th graders, 34588

environmental & intraindividual factors, initiation of smoking, 12–19 yr olds, India, 36145
epidemiology & prevention of smoking behavior, adolescents, literature review, 32755
extraversion & introversion & psychoticism & health status, smokers vs nonsmokers, 36383
extraversion & introversion & submissiveness, smoking vs nonsmoking farmers, India, 8325
factor structure of cigarette smoking motives assessed from survey data, males vs females, longitudinal study, 18860
Fagerstrom Tolerance Questionnaire, assessment of nicotine dependence, adult smokers, 36831
family cigarette smoking, test performance, 8th graders, 36013
family smoking patterns, smoking behavior, 8th–10th graders, 11488
feasibility of & reactions to nonsmoking ward in psychiatric hospital, staff & patients, 30754
future intention & current use of cigarettes or alcohol or cannabis or nonprescription or hard drugs, Asian vs Black vs Hispanic vs White 7th–9th graders, 5 yr study, 4707
gum containing 0 vs 2 vs 4 mg nicotine following 12 hr cigarette deprivation, performance on computerized cognitive performance tasks, 27–50 yr old healthy male smokers, 28973
Hawthorne effect, measurement of smoking behavior, 15–16 yr olds, 5 yr study, 18676
health care use & bed disability days & alcohol & tobacco & marihuana usage, adults with major disabling conditions, 20071
home based behavioral intervention, passive tobacco smoking, infants during 1st 6 mo of life, longitudinal studies, 41091
home environment & perceived relationship with parents & friends who smoke & school commitment, adolescents, 18678
hostility, smoking & alcohol consumption, Mexican Americans, 22298
individual characteristics in tobacco dependence, light vs heavy smokers, 36380
individual characteristics, prediction of relapse, male vs female ex-smokers, 6–12 mo followup, 13262
intervention trials & behavioral epidemiology, development of effective public health smoking cessation methods, 34406
issues in assessment of smoking behavior in relation to worksite smoking policies, conference presentation, 27932
job characteristics, general & on the job use of alcohol vs cigarettes vs marihuana vs cocaine, 19–27 yr olds, 12247
joint participation in formal focused activities with parents & friends & parental knowledge of friends, cigarette smoking, high school students, 25609
leadership style, smoking vs nonsmoking 17–24 yr olds, India, 22394
lecture & slide show on negative health & social image consequences of smoking, intention to smoke & smoking behavior, 5th–8th graders, 30842
low to middle tar/medium nicotine cigarette, smoking behavior & uptake of tar & nicotine, 19–45 yr old smokers of middle tar cigarettes, 25822
manifest anxiety, light vs heavy vs nonsmoking college students, India, 25827
manifest anxiety, male medical students classified as heavy vs light smokers vs nonsmokers, India, 37997
mathematical model of psychological & physiological habituation & addiction & application to smoking data, 29758
menstrual cycle & cigarette smoking, 18–40 yr old females, 36381
mental health, smoking vs nonsmoking college students, 36382
methodological shortcomings & bias in research, smoking & health & cancer, 9231
minority dissenter, willingness to abstain from smoking, college students, implications for behavioral conversion, 32788
model for dissemination of information promoting prevention & cessation of tobacco use, 34387
nicotine addiction, treatment complications, psychiatric inpatients, 9774
nicotine administration & withdrawal, determinants of tobacco ingestion & dependence, conference presentation, 7860
nicotine dosage by chewing gum vs cigarettes, nicotine blood levels & avoidance responding, adult male smokers, implications for smoking cessation, 39263
nicotine nystagmus, resolution of moving targets under velocity & duration conditions, heavy vs light smokers, 28901
nicotine yield of cigarette brand, smoke exposure & smoking behavior, adults, 15411
noise &/vs physical exercise, temporary hearing threshold shifts & heart rate & blood pressure, smoking vs nonsmoking 16–20 yr old males, 704
nonsmoking ward in psychiatric hospital, policy changes at other psychiatric facilities, 1 yr followup, 30755
normative vs informational social influences, tobacco use development & prevention, youth, 39680
parent child relations, usage of tobacco & alcohol & drugs, 10–18 yr olds who lived with 1 vs both parents, 1124
parental & peer smoking & social skills & academic achievement, smoking behavior, 12–16 yr old females, 4690
parental smoking during & after pregnancy, health & neurobehavioral & intellectual development & childhood mortality, offspring, implications for health education, 32980
parental smoking habits & industrial lead emissions, lead & cadmium in blood, 4–11 yr olds, Sweden, 26682
parity & SES & age & marital status & current alcohol consumption & smoking, under 20 to over 35 yr old pregnant females in antenatal clinic, England, 36385
partial vs total cigarette cessation, withdrawal symptoms, tobacco smokers, 30830
paternalism & anti-smoking policy, Finland, 29326
perceived believability of warning label information in cigarette advertising, smoking vs nonsmoking business students, 17463
perceived daily stress, eating & drinking & smoking coping behavior, 25–45 yr old normal vs overweight vs recovering alcoholic females, 4 mo study, 8526
perceived quality of leisure experiences, 10th graders who do vs do not smoke, conference presentation, 39675
perception of number of cigarettes smoked in office environment, smokers vs nonsmokers, 1336
personality & cigarette smoking, cancer & coronary heart disease, adults, 9047
personality & general prejudice, attitudes toward smoking & smokers, adults, West Germany, 10 yr followup, 11709
personality correlates, smoking behavior, male angiography or coronary artery bypass surgery patients, 12 mo followup, 8990
personality differences & smoking behavior, adult male monozygotic vs dizygotic twins discordant for smoking vs individual twins, 1337
personality traits & motivation for smoking, adult smokers, 4925
personality type & stress & smoking habit, cancer & coronary heart disease, adults, West Germany vs Yugoslavia, 9067
physical & mental health & academic achievement & parental drug use, 9th–12th graders who do not use drugs or alcohol or tobacco, 8130
physical & sexual abuse, tobacco & alcohol & illicit drug use, 10–18 yr old delinquents, 12222
physical fitness & demographic characteristics, currently vs formerly smoking shipboard Navy males, 22287
pipeline assessment, accuracy of self reported use of cigarettes & smokeless tobacco, rural 7th–8th grade males, 11465
potential nicotine consumption, definition of smokeless tobacco use, 18–85 yr old males, conference presentation, 22303

prediction of smoking status & knowledge of health consequences of smoking, Black vs White adults, 29329
predictors of chewing tobacco & cigarette use, Black vs Mexican American vs Oriental vs White 6th–7th graders, 8092
predictors of onset of vs continued smoking, 7th & 9th–10th graders, 1 yr study, 11453
prevalence & trends & correlates of alcohol & nonmedical drug & tobacco use, military personnel, 1980 vs 1982 vs 1985, 27980
prevalence of & attitudes about & problems with & psychosocial correlates of cigarette smoking, high school age kibbutz residents, Israel, 18661
prevention program using social influences model vs health consequences, cigarette use, 7th graders, 4–5 yr followup, 13212
problem behavior theory, prediction of future smoking, adolescent experimental smokers, 39627
psychiatric hospital program to curtail tobacco smoking, staff & patients, conference presentation, 6409
psychological factors & cues-to-action & Health Belief Model, smokers in smoking cessation program, Australia, 34393
psychological functions of eating & drinking & smoking, 20–30 yr old females, 8314
psychophysiological effects of smoking, stress reactions, conference presentation, 18288
public service clinic approach to smoking cessation, 34397
reactions to community mental health center no smoking policy, patients, 16 mo followup, 40905
receptivity for & actual use of school based tobacco use prevention programs, school administrators & 7th grade health & science education teachers, 34610
reduced tar & nicotine yields, behavioral & biochemical effects, pregnant vs nonpregnant smokers, 11251
referral to smoking cessation classes & physician counseling & educational materials, smoking behavior, primary care patients, 2951
residual effects of cigarette smoking, cognitive performance, 64–83 yr olds, 32569
restrictive worksite smoking policy, smoking related behaviors & attitudes & air quality, hospital employees, 6 & 12 mo followup, conference presentation, 27390
risk factors & predictors of smoking, 11–13 yr olds, UK, 29153
risk factors for & consequences & social epidemiology of smoking during pregnancy, adult females, Mexico, implications for prevention & health promotion programs in developing countries, 25829
risk for & prevention of cigarette smoking & smokeless tobacco use & substance abuse, American Indian youth, 33390
school based interventions, alcohol & tobacco usage, children & adolescents, meta analysis, 10256
self efficacy & smoking habits during pregnancy & attitudes, intentions to not smoke after childbirth, pregnant nullipara, implications for health promotion programs, 13245
self efficacy questionnaires, prediction of abstinence at end of treatment, cigarette smokers participating in smoking cessation program, Spain, 3 vs 6 vs 12 mo followup, 9867
self interest, attitudes toward smoking restrictions & cigarette taxes, smoking vs nonsmoking community residents, 32752
self report of smoking, female student nurses & teachers, longitudinal study, 22288
SES & other factors, alcohol consumption & tobacco use, pregnant females 15 yrs old & older, England, implications for adverse fetal outcome, 12234
single oral haloperidol dose, pharmacokinetics & reduced haloperidol, smoking vs nonsmoking Black vs White 18–50 yr old males, 32253
skin surface sampling, identification of nicotine, smokers, 32757
smoke-free cigarettes, nicotine levels & short term withdrawal & side effects & acceptability, cigarette smokers, 30829
smokeless tobacco, personality, 8th & 10th grade males & females, 22293
smoking & academic specialty, mental health & smoking attitudes, male college students, India, 36373
smoking & alcohol use & oral contraceptive use, Type A 8–17 yr olds, 36139
smoking & drinking patterns before medical confirmation of pregnancy vs at 16 vs 28 weeks of pregnancy, 16–45 yr old pregnant females in antenatal clinic, England, implications for prevention, 36386
smoking & intelligence & personality traits, choice RT & odd man out task performance, 17–60 yr old smokers, 11222
smoking & state trait anxiety, adults, 25826
smoking & tobacco use, military personnel, health status implications, 36372
smoking area signs & ashtray placement, restriction of smoking activity to designated area, smokers in university setting, New Zealand, 2 wk followup, 17442
smoking ban, patient related problems & staff & patient perceptions, medical & nursing staff & psychiatric hospital patients, 30764
smoking behavior & expectations & self image, 7th–8th graders, West Germany, 1 & 2 yr followup, 22059
smoking behavior, sleep wake cycles, 14 yr olds, 1984–85, UK, 15188
smoking cessation, food intake & activity level, adult smokers, 26 wk followup, implications for weight gain, 25824
smoking, contingent negative variation & mood during go/no go avoidance task, adult male smokers, 21793
smoking habits & attitudes toward quitting, adult Black outpatients, 36376
smoking, heart rate & skin temperature & pulse transit time, Type A vs Type B male college students, 28830
smoking histories & psychosocial attributes & quitting methods, self quitters vs recidivist smokers, 30825
smoking patterns, performance on learning & memory tasks, smokers, 11717
smoking prevention program, acquisition of refusal skills, junior high school students, 38095
smoking prevention program using TV & classes with social influences approach, student & parent participation & smoking, 7th graders, 1 & 2 yr followup, 6686
smoking prevention strategies, 7th graders, 5 & 6 yr followups, 38105
smoking, psychophysiological reactivity to noise stress, high vs low carbon monoxide absorbing smokers, 18227
smoking topography, nicotine blood levels, adult smokers, 1330
smoking with vs without noise, attention in rapid information processing & EEG & plasma cortisol & prolactin & growth hormone levels, 19–37 yr old females, 39176
social & preoccupational characteristics & occupational differences, smoking, 17–19 yr old student nurses & teachers vs nurses & teachers, 6594
social image of smokeless tobacco use & cigarette smoking, adolescent athletes vs cowboys vs other high school students, implications for prevention, 1070
social inoculation strategies in smoking prevention programs, adolescents, 2190
sociocultural & demographic factors, drug & alcohol & tobacco use & involvement in sensation seeking sports & activities, medical students, implications for preventive education, 13330
sociodemographic characteristics of smoking status, quitting motivation & smoking cessation initiatives, Blacks, 34405
stress & family factors, nicotine &/or alcohol &/or marihuana use, 7th graders, conference presentation, 1857
stress, heart rate & BP, female 17–31 yr old smokers vs nonsmokers who do vs do not use oral contraceptives, implications for pathogenesis of coronary heart disease, conference presentation, 7721
stressful events & coping responses, smoking relapse, ex-smokers, 13267
subjective expected utility, externable variables & onset of alcohol drinking & cigarette smoking, 7th & 9th graders, 39596
subjective norms & self efficacy, smoking behavioral intentions, 3rd graders, Netherlands, 22012

survey of smoking policies, psychiatric hospitals, 6445
tobacco & alcohol abuse prevention program, high school students, 3124
tobacco abstinence, cognitive performance, male 23–42 yr old cigarette smokers, 40309
tobacco smoking & smokeless tobacco use & motivation, physical fitness test performance, Army soldiers, 10437
tobacco smoking, alcohol &/vs drug abusing male inpatients, 5483
tobacco smoking as dieting strategy, college students, 8322
tobacco use, males vs females, Africa vs Asia vs Pacific Islands vs Latin America, 15410
TV &/vs radio broadcasts of sweepstakes offer, participation in personal communication with friends about not smoking, 12–15 yr olds, 34377
use of alcohol & tobacco & illicit drugs, sexual behavior & use of condoms & other contraceptives, 16–20 yr olds, Scotland, implications for risk of HIV infection, 16213
validity & reliability of traditional vs random response questionnaire vs carbon monoxide test, assessment of self reported cigarette smoking, high school students, 28112
validity of articulated thoughts during simulted situations paradigm, cognitive assessment in prediction of smoking relapse, adult ex-smokers, 35131
validity of Smoking Motivation questionnaire & 2 versions of Reasons for Smoking Test, assessment of smoking motives & patterns, smokers attending smoking cessation clinics, 3631
viewing of drug education TV show with vs without parents, drug attitudes, 8th graders previously vs currently in smoking vs drug abuse prevention program, 6713
workplace environment, attitudes toward & satisfaction with & intentions to & actual change in smoking behavior, state personnel participating in health promotion project, 1 yr followup, 41480
2 vs 4 mg nicotine chewing gum vs cigarette smoking, vigilance & heart rate, male 18–26 yr old smokers, 32263
Tobago [See Trinidad and Tobago]
Toes (Anatomy) [See Feet (Anatomy)]
Tofranil [See Imipramine]
Toilet Training
bladder control training, enuresis, Kurdish vs Moroccan vs Ashkenazi 3–18 yr olds & their mothers, Israel, 40346
development & implementation of behavior management toilet training program, encopresis, autistic 16 yr old female, case report, 9441
stimulus control & positive & negative reinforcement, generalization of toileting skills, hydrocephalic 9 yr old male, 9447
Token Economy Programs
auditory visual complex stimulus using spoken word "food" & flashing light, token insertion conditioning to word only, institutionalized profoundly mentally retarded 15–26 yr olds, 34368
effectiveness of token economies, head injured patients, 16475
hospital based token economy socialization program, residential & occupational adjustment, educable mentally retarded 16–36 yr old male offenders, England, 27191
perils of token economies, head injured patients, 16526
self managed response cost system using free tokens, on task behavior modification, mainstreamed emotionally disturbed 4th grader & learning disabled 6th grader, 20636
token economy, on task behaviors & academic achievement, emotionally disturbed & behavior disordered 1st–7th graders, 1 yr study, 24147
Token Reinforcement [See Secondary Reinforcement]
Tolerance
D. W. Winnicott's concepts of tolerance for paradox & mirroring & applications to reader's reactions to fictional discourse, 21858
educational courses promoting tolerance for homosexuality, extent & duration of attitude changes & methodological problems in research, literature review, 38127
object size & tolerance for grasping error & movement speed, finger-thumb aperture & wrist velocity in prehensile movement, male 19–25 yr olds, 21205
purposeful vs nonpurposeful activity, tolerance to electrically induced pain, college students, 18253
schizophrenia label & type of behavior & recipient interactions, tolerance of deviance, college students & male members of service organization, 8727
sex & political experience & cognitive moral reasoning & perceived threat, political tolerance, Black vs White 9th vs 11th graders, 18504
threatening stimulus & rights of threatened group, tolerance toward racists & other unrelated groups, Black respondents, 1972–84, 11773
tolerance & sociability & attitudes toward interracial marriage, male vs female White vs Black vs Asian vs Hispanic college students, 8269
tolerant vs intolerant reactions to gang violence & community relationships & cultural & social order, Hispanic community residents & gang members, 1801
Tolerance (Drug) [See Drug Tolerance]
Tolerance for Ambiguity
circle touch test, assessment of tolerance for logical ambiguity under simulated vs induced hypnosis, college students differing in hypnotic susceptibility, 380
cognitive style & ambiguity/rigidity, authoritarianism & conservatism & racism, commentary, 11853
cognitive style & ambiguity/rigidity, authoritarianism & conservatism & racism, commentary, 11858
cognitive style & ambiguity/rigidity, prediction of authoritarianism & conservatism & racism, 11843
essay with positive vs negative vs ambiguous behavior descriptions, memory distortion of person descriptions matching vs not matching self, uncertainty vs certainty oriented college students, 10835
intolerance for ambiguity, aftereffect perception, 15–18 yr old females, 24765
intolerance of ambiguity, 1st yr medical students, 34459
need for task clarity, job satisfaction & performance under leader initiated structure, research & development professionals, implications for path goal theory, 27887
positive uncertainty decision strategy in counseling, dealing with ambiguity & inconsistency, clients, 27162
Tomography
age, computed tomographic scan measurements & cognitive function, healthy 31–87 yr old males, 4153
aging & brain glucose utilization assessed through PET & 2-deoxyglucose markers, patients with Alzheimer's disease or dementia or Down's syndrome, 22448
application of positron emission tomography to study of regional brain function & glucose metabolism, schizophrenic patients, 8752
applications of computed tomography & magnetic resonance imaging & positron emission tomography to psychiatry, 9244
auditory symptoms & identification through computerized tomography imaging, 22 yr old male with discrete hemorrhagic lesion in posterior body of corpus callosum, case report, 8978
brain characteristics assessed by tomography, 17–54 yr olds with 1st episode schizophrenia, Scotland, 36649
clinical & psychological assessment & computer tomography, detection of cerebral ventricular enlargement & cognitive dysfunction, elderly patients with late paraphrenia, England, 12028
cognitive & brain imaging measures, diagnosis of Alzheimer's disease, commentary, 1984
cognitive function measures & brain imaging by positron emission tomography, diagnosis of Alzheimer's disease, literature review, 2106
computed tomographic study of cerebral atrophy, patients with multi-infarct dementia, 37068
computed tomography, 60–90 yr olds with delirium vs neurological disorders, 29992

computer assisted tomographic & topographic techniques, assessment of anatomical & physical changes, patients with language disabilities, literature review, 33436
computer tomography scan abnormalities & pink spot diagnostic test & enlarged ventricle hypothesis of schizophrenia, literature review, 19089
computerized tomography & psychometric findings, patients with Pick's disease aged 48–65 yrs at onset vs 48–64 yr olds with Alzheimer's disease, implications for early diagnosis, 33569
computerized tomography head scans, 64–89 yr old psychiatric patients, implications for treatment & prognosis, 40048
computerized tomography scan & neuropsychological function & deterioration, schizophrenic patients, 33009
computerized tomography vs magnetic resonance imaging, brain diagnosis & use in experiments, psychotic 16–55 yr olds, 5603
correlation of magnetic resonance imaging with neuropsychological test performance, 27–61 yr olds with multiple sclerosis, 23033
diagnostic applications of radiopharmacortical & single photon emission computed tomography assessment of cerebral perfusion, patients with Alzheimer's disease, 22952
diagnostic utility of magnetic resonance imaging vs computer tomography, female 43 yr old with multiple sclerosis presenting as major depression, case report, 19607
diagnostic value of positron emission tomography, dementia cases, 33482
evaluation of brain imaging techniques, mental illness research, literature review, 8539
exposure to fetal imaging, state anxiety & stress, expectant fathers, 23488
illness severity & computerized tomography results, schizophrenic adults, erratum, 33150
imaging brain structure & function & diagnosis, alcoholic patients, 29757
iofetamine uptake assessed with single photon emission computed tomography as measure of dementia severity, 59–90 yr olds with probable Alzheimer's disease, 5680
magnetic resonance imaging technique for measurement of brain & CSF & other intracranial cavity volumes, 20–60 yr olds, implications for aging, 24534
magnetic resonance imaging vs computerized tomography, visualization of brain structure, medication free schizophrenic 18–28 yr olds, 36569
mental impairment or focal neurological or other clinical signs, prediction of computed tomography findings, psychiatric patients, 11915
methodological issues in computed tomography vs magnetic resonance imaging research, assessment of cerebral ventricular system, schizophrenic patients, 33212
midsagittal area & 4th ventricle measured with magnetic resonance imaging, autistic 5–19 yr olds, 29538
midsagittal magnetic resonance imaging, autistic 5–22 yr olds, 1590
multidimensional scaling of computerized tomography parameters & response to haloperidol treatment, schizophrenic patients, 30442
need for & role of brain imaging techniques in early diagnosis & evaluation of disease progression, patients with Alzheimer's disease, commentary, 2008
need for improved models of Alzheimer's disease & measurement techniques, clinical utility of neuropsychological & brain imaging measures, commentary, 2108
neuropathology as assessed by magnetic resonance imaging, 50–76 yr olds with Alzheimer's disease vs multi-infarct dementia vs Korsakoff's syndrome, 12354
neuropsychological functioning & computed tomography results, head injured patients with vs without visual field defects, 5818
neuropsychological screening battery & brain magnetic resonance imaging, patients with chronic progressive multiple sclerosis, 22925
positron emission tomographic measurement of activity related regional cerebral blood flow changes & identification of active brain regions during auditory & visual word processing, adults, 11045
positron emission tomography & verification of brain pathology in violent behavior, adult males, implications for law & public policy, 8853
positron emission tomography, identification of biological markers & studies of neuroleptic drug effects on neural receptors, psychotic patients, literature review, 12058
positron emission tomography imaging of neurotransmitter receptors, understanding of pathophysiology & role of dopamine & neuroleptic treatment, schizophrenic patients, 36710
positron emission tomography, neurochemical effects of cocaine abuse, humans, treatment implications, conference presentation, 5480
progression of ventricular enlargement & increased cortical markings assessed by tomography, chronic schizophrenic patients, 8 yr followup, 5228
regional cerebral blood flow vs positron emission tomography procedure, controversy of cerebral metabolic hypofrontality in schizophrenia, 15809
single photon emission computed tomography brain imaging, prediction of language & neurologic recovery, 51–70 yr olds with ischemic cerebral infarction, 40373
sleep EEG & brain computed tomography scan variables & negative symptoms & premorbid functioning, drug free male schizophrenic 24–50 yr olds, 33203
utility of head CAT scan in 1st psychotic episode, 17–54 yr old psychiatric inpatients, 26020
utility of positron emission tomography, diagnosis of Alzheimer's disease & dementia, commentary, 1960
utility of positron emission tomography with labelled 2-deoxyglucose, diagnosis of Alzheimer's disease, commentary, 1988
volume & symmetry of caudate nucleus & other brain structures assessed using quantitative X-ray computed tomography, male 17–24 yr olds with severe obsessive compulsive disorder, 5715
X-ray computerized tomography & magnetic resonance imaging & positron emission tomography, diagnosis of dementia, elderly, 30015
Tone (Frequency) [See Pitch (Frequency)]
Tongue
benztropine vs physostigmine, ketamine induced linguopharyngeal motor activity, female rats, 25259
cooling of tongue vs solution, perceived intensity of taste, adults, 735
ion transport across lingual epithelium & electrophysiological measures from taste nerves, male rats, 4151
neocortex & cingulate cortex ablations, tongue protrusion to obtain food, 1 day old vs adult female rats, 39239
nicotine applied to tongue with vs without mecamylamine pretreatment, intensity of burning sensation measuring existence of cholinergic receptors, 20–35 yr old nonsmokers, 11247
reliability of lingual vibrotactile threshold screening procedure, adults, 7303
sex & handedness, tongue rolling ability, college students, 25036
withdrawal from perphenazine, lingual dyskinesia presenting as tongue pain, female 79 yr old, case report, 34041
Tonic Immobility
acute vs subchronic dihydroergocryptine, immobility in constrained swim "despair" test & haloperidol induced catalepsy & motor performance & coordination, aged male rats, 11209
antidepressants, anti-immobility in behavioral despair, male rats, 14839
application of pinch clip to various body regions as predation simulation, motor activity level & analgesia, male mice, 21638
atropine or scopolamine, duration of tonic immobility, chickens, 14860
chronic administration & withdrawal of methamphetamine vs imipramine or desipramine, duration of immobility following forced swimming, rats, 28880

clonidine & citalopram vs indalpine vs fluvoxamine, swim induced immobility & spontaneous motility, mice, 18382
computerized tail suspension test, measurement of escape & immobility responses to different psychotropic drugs, male mice, 25313
E with vs without eyeglasses or sunglasses & visibility, tonic immobility reactions, hens, 39033
high vs low doses of serotonin with vs without serotonergic antagonists cyproheptadine vs cinanserin, tonic immobility, domestic chicks, 21752
icv corticotropin releasing hormone, stress induced freezing & pain sensitivity, rats, 18437
novel olfactory stimuli with vs without atropine, immobility related hippocampal type 2 theta activity & nuchal muscle EMG, male rats, 28936
painful administration of dynorphins or morphine or beta endorphins, immobility induced by forced swimming, rats, conference presentation, 914
sc corticosterone infusion, tonic immobility & plasma corticosterone & heterophil/lymphocyte ratios, hens, 4389
suspension of rope vs straw in tank, duration of immobility & escape attempts during forced swim test, male rats, 14546
visual vs auditory vs tactile stimulation, immobility related Type 2 hippocampal theta activity induced by presence of ferret, rats, 21536
Top Level Managers
attributions of responsibility for success & failure, male vs female chief executive officers, 17361
career counseling, executives, 24303
causes & cures of self defeating behavior, executives, 34902
closed vs open office type & visibility & audibility of coworkers, privacy & distraction & performance & friendliness, senior government managers, Australia, 27880
consistency of responses as moderating mechanism in self vs supervisors' assessment of extraversion & emotionality & self reliance, male executives, 10350
construction & reliability & validity of personality inventory, assessment of emotional & social adjustment, 20–54 yr old executives & job applicants, India, 31587
dealing with EAP consultants in corporate setting, human resource executive, 38468
demographic & work characteristics & work roles, executive officers from different industries & different size companies, 38363
descriptive model of office surrounding characteristics, work performance, senior managers, 24338
development & validity & reliability of leader power inventory, business executives & college students, 14159
development of confidant role & relationship with chief executive officer, professional management consultant, 13807
development programs, learning, chief executive officers, 20782
environmental settings within & generic strategies & performance of industrial firm, top management personnel in electronics industry, Korea, 17363
explanations & dimensions of occupational success vs derailment, senior managers, 6892
home culture, international marketing decisions, executives, China vs Hong Kong vs Canada, 10476
human resource management issues, executive & operating level human resource managers, literature review, 41430
job satisfaction & job anxiety & personality differences, executives vs workers in manufacturing plant, India, 13894
leadership, corporate performance, chief executive officers of large retail firms, reanalysis of 1946–65 data & new 1965–84 data, US & UK, commentary, 20811
Machiavellianism & experience level, job satisfaction & success, department store executives, 13804
Machiavellianism & job satisfaction, male vs female discount store executives, 13821
management training program integrating workshops & application of on-the-job organizational change, senior managers at Department of Education, 10368
managerial interaction, strategy of innovative differentiation, top level managers of firms, Canada, 27894
Mexico's international debt crisis, attitudes & centralization of decision making & control, top & middle level managers of US companies with operations in Mexico, 24347
orientation to community mental health center governance, volunteer board chairpersons vs executives, 9723
outplacement counseling & consultation, terminated executives, 20828
perceptions about use of aged spokespersons in advertisements, creative advertising executives, 3469
personality & process & content dimensions of strategy, model of mediation between organizational context & structure, chief executive officers, 10367
regional differences in attitudes toward female executives, executives, US, 20809
role overload & ambiguity, job stress & strain & satisfaction, executives, India, 24345
sex, perceptions of presidential candidates as chief executive officers, college students, 29249
tournament vs social comparison models, analysis of compensation levels, chief executive officers, 13816
training program, management of organizational change & upheaval, top level managers, 20775
upper management attendance & management vs worker initiated activity, quality circle productivity & problem solving speed, blue vs white collar manufacturing workers in quality circles, 27905
work motivation & job satisfaction, organizational commitment, executives, India, 38385
Topography
awareness of water shortages, grass lawn tradition replaced by desert environment, 24438
ratio scaled version of scenic beauty estimation method, assessment of positive & negative landscapes, conference presentation, 20916
Torticollis
haloperidol, cognitive shifting & motor task performance, adults with idiopathic spasmodic torticollis, 37480
personality correlates & marital relations, 49–61 yr olds with torticollis, 12419
personality variables, neurological & psychiatric symptoms, 18–70 yr olds with idiopathic spasmodic torticollis, 9157
prevalence of psychiatric disorder & depression & feelings of hopelessness before vs after onset of disorder, 17–78 yr olds with idiopathic spasmodic torticollis vs cervical spondylosis, 26530
Torture
development & delivery of psychotherapeutic services, victims of torture living in exile, 40633
medical psychological program for psychotherapeutic work & research, victims of torture & political repression, Chile, 9259
REM sleep patterns & sleep disturbances, male Iranian or Palestinian or Iraqi or Afghan 23–37 yr old torture victims, Denmark, 26211
sociological & psychological characteristics before & during & after experiencing torture & political repression, families who sought health assistance, Chile, 33250
testimony & other treatment strategies, torture victims, 12724
torture & psychoanalytic theory, Latin American political militant, 39852
torture, anorexia nervosa, Ethiopian 22 yr old female, England, case report, 19504
torture issues, health care professionals, 34509
training & selection procedures & binding factors to authority, learning mechanisms & behavior change of torturers, ex-military police, Greece, 17454
treatment & rehabilitation, torture victims & their families, Denmark, 30794
Touch [See Tactual Perception]
Touching [See Physical Contact]
Tourette Syndrome [See Gilles de la Tourette Disorder]
Toxic Disorders [See Also Acute Alcoholic Intoxication, Alcohol Intoxication, Carbon Monoxide Poisoning, Lead Poisoning, Mercury Poisoning, Narcosis, Neuroleptic Malig-

nant Syndrome, Toxic Encephalopathies, Toxic Hepatitis, Toxic Psychoses]
arsenic intoxication, cocaine abusing 18 yr old male, 36853
chronic occupational exposure to ethylene oxide, memory & emotional lability & cognitive function & thermal & vibrating sense in distal limbs, 29 yr old female, case report, 9016
chronic salicylate intoxication as cause of morbidity, 90 yr old male & 88 yr old female, diagnostic implications for patients with delirium &/or dementia, 40747
demographic & geographical characteristics, self poisoning, 15 yr olds & older, 1974–80, West Germany, 1756
hypnosedative drug withdrawal or psychotropic drug overdosage, toxic delirium & paroxysmal EEG dysfunction, nonepileptic 38–73 yr olds, 30116
ictal confusion induced by drug withdrawal & toxic conditions, nonepileptic 38–73 yr olds, 40057
iv theophylline vs sodium bicarbonate infusion, lithium intoxication, adults, 19956
Lanthony D-15 color discrimination test, early identification of solvent neurotoxicity, printshop workers, 29875
physical & psychosocial health status following botulism poisoning, 20–73 yr olds, 3 yr study, 26464
psychopathology & social dimensions & rehabilitation, toxic oil syndrome victims with symptoms of PTSD, Spain, 5714
psychopathology of unsubstantiated complaints of being poisoned, 25–64 yr olds, 26526
social factors & drugs used & possible influence of weather, suicide attempts, adults, 15824
Toxic Encephalopathies
cerebral blood flow measured at time of diagnosis vs 24–84 mo following cessation of exposure, 33–63 yr old males with organic solvent induced chronic toxic encephalopathy, 37042
disordered metabolism of nonesterified fatty acids or lysolecithins or ammonia or methionine, etiology of schizophrenia as induced hepatic encephalopathy, 12061
icv aluminum vs sodium tartrate, open field behavior acquisition & retention of shock avoidance & EEGs & glucose uptake, male rats, 4410
lithium & haloperidol vs loxapine, encephalopathy, 44 yr old White male with chronic paranoid schizophrenia, case report, 40766
neuropsychological findings, patients with acute confusional states induced by toxic encephalopathies vs focal right hemisphere disease, 16145
solvent exposure & presumed toxic encephalopathy, neuropsychological assessment originally indicating impairment, 25–62 yr old workers, data reanalysis, 24277
Toxic Hepatitis
disulfiram induced hepatoxicity, alcoholic 52 yr old male, literature review, implications for frequent liver function evaluation, 23786
Toxic Psychoses
clozapine, drug induced psychotic symptoms, 61–77 yr olds with Parkinson's disease, 23436
combination of cocaine & nonprescription cold medicine, homicidal psychosis, male 27 yr old, case report, 36895
haloperidol & cannabis withdrawal, cannabis psychosis, 26–27 yr old males, India, 37884
propranolol withdrawal, psychotic syndrome, 68 yr old female & 52 yr old male, case reports, 26955
relapse due to neuroleptic induced supersensitivity psychosis, 25–63 yr old schizophrenic or schizoaffective patients, 16576
suicidal ideation, patients with corticosteroid induced psychosis, 40753
Toxicity
atropine & clonidine, soman induced lethality & behaviors & suppression of stereotyped behaviors, male rats, 4327
causes & symptoms & treatment of lithium intoxication, 52 & 64 yr old males, case report, 23409
clonidine vs atropine, soman induced acute vs chronic behavioral toxicity, male rats, 35782
EEG correlates, neurotoxicity, conference presentation, 21732
exposure to hexavalent chromium vs silica dust vs polycythemia vera, personality traits, patients & workers, 11261
factors in collection & outcome of traditional neurotoxicologic data, assessment of neurobehavioral dysfunction, animals, conference presentation, 664
intensity of water flavor & color cue compound, potentiation vs overshadowing in visually mediated toxicosis conditioning & avoidance, pigeons, 28426
interrelationships between immune & endocrine & nervous system & elements of neuroimmunologic feedback loops, neurobehavioral assessment of neurotoxicity, animals & humans, conference presentation, 657
ip vs oral aspartame, toxicity assessed by conditioned taste aversion & wheel running, male rats, 35827
lithium carbonate & fluoxetine, severe lithium toxicity, 44 yr old female with bipolar affective disorder, case report, 23448
lithium toxicity following mefenamic acid for other disorder & prostaglandin inhibition, 62 yr old female with bipolar manic depressive psychosis & cervical osteoarthritis, case report, 2531
lithium toxicosis, instrumental responses, male rats, 14542
neonatal exposure to cadmium chloride, tissue concentrations & operant behavior, rats, 28941
nonsteroidal anti-inflammatory drugs, lithium nephrotoxicity, implications for role of prostaglandin mechanisms, 20014
observation of social & exploratory behaviors & thirst induced drinking, detection of toxicity of chemicals administered in low doses, rats, 11305
PCP like drugs, blockage of shock induced tonic extension seizures & N-methyl-D-aspartic acid induced lethality, male mice, 11262
piroxicam, phototoxic reaction, male 65 yr old with rheumatoid arthritis, case report, 40762
plasma tricyclic antidepressant levels, cognitive & behavioral toxicity, psychiatric inpatients, 12884
reliability & sensitivity & validity of behavioral & neurological tests, assessment of neurotoxicity, animals, conference presentation, 671
role of quinine toxicity & cinchonism related to tonic water ingestion, vision & hearing & balance disturbances & aviation accidents, conference presentation, 38313
sensory EPs, assessment of neurotoxicity, rats, conference presentation, 21781
stimulus properties & toxicity & locomotor stimulant activity of 4-methoxy analog of methamphetamine, male rats & mice, 25227
toxic effects of antidepressant drugs in overdosage, 37478
toxicity in overdose, 31 yr old female who attempted suicide by ingesting 1400 mg of fluoxetine, case report, 15845
toxicology assessment & types of complex indoor air pollutant mixtures including tobacco smoke & combustion appliances & materials, 38495
types & interpretation of neurobehavioral tests, assessment of chemical neurotoxicity, animals, conference presentation, 670
Toxins [See Poisons]
Toy Selection
differential reinforcement in individual or social context, self reported vs actual number of toys used in play, 3–5 yr olds, 39615
factors in selection & purchase of toys, parents or adult friends of normally developing vs handicapped preschool children, 40395
learning principles vs no intervention, preference for Black vs White doll, Black vs White preschool children, 8151
microswitch training, expression of toy preferences & activities requests, multiply handicapped 13–20 yr old special education students, 20654
racial identification & preference in doll selection test, Black preschool children, US vs Trinidad, 8097
Toys
adapted vs standard leisure materials, engagement & aberrant behaviors & staff interaction & smiles, nonambulatory

profoundly mentally retarded & multiply handicapped clients, 37820
instruction in use of modified battery powered leisure equipment, independent leisure activity, profoundly multiply handicapped 13–42 yr olds, 6493
parental involvement & social interaction & play patterns with feminine vs masculine vs neutral toys, parent child interaction, 18–23 mo olds & their parents, 22171
play production & arrangement of toys, 10.3–11.6 yr old psychiatric patients in residential treatment, 1621
play tunnel as therapeutic technique, recreation of birth experience & bonding experience, infants & children, 9400
play with anthropomorphic vs nonanthropomorphic toys, verbal behavior, 5 yr old females, 39544
pleasant or unpleasant handling & availability of toys, growth & carcass composition & adrenal morphology & exploratory behavior, male pigs, 39049
plush animals, health self concept & life satisfaction & well being & psychosocial & mental function & depression, 57–96 yr old male inpatients of VA nursing home, 13111
presence or absence of toys &/or barrier, social involvement with peers, 27–33 mo olds, 18669
snow sled type, steering ability on downhill course measuring age appropriateness & safety, 6–12 yr olds, implications for design, 39563
use of new toys in therapy, exploration of incidents of sexual & physical abuse, 5–15 yr olds, 33860

Trachea
intelligence & language & behavior development, 1.7–12.1 yr olds who had tracheostomy for more than 1 mo, 1972–82, 40868

Tracking [See Also Rotary Pursuit, Visual Tracking]
amplitude & interstimulus interval of visual step stimuli, manual tracking response amplitude & latency & RT, 17–32 yr olds, 10695
application of optimization model for self paced tracking in linear courses to circular courses, graduate students, 28175
bisensory visual & auditory target tracking, saccadic eye movements, 20–36 yr olds, 38730
estimation of future position of moving visual target during tracking task, monkeys, 430
integrated vs separated axis controls & error displays, task interference in dual axis compensatory tracking performance, college students, 17722
scopolamine or clonidine, learning & performance of tracking task, 18–50 yr olds, 39299
time of day & practice & sex, mirror tracking performance, college students, 35262
tracking task induced mood, word list learning & recall & attribution of mood, college students, replication, 7457
visuospatial information processing, amplitude transition function in rapid manual & oculomotor movements in double step target tracking, 10694
whole body vertical vibration frequency, complex manual pursuit task performance, male 22–28 yr olds, 7296

Tractotomy
stereotactic subcaudate tractotomy, female patients with bipolar affective disorder, 2–4 yr followups, 6265

Traditionalism [See Conservatism]

Traffic Accidents (Motor) [See Motor Traffic Accidents]

Trainable Mentally Retarded
abbreviated progressive relaxation vs behavioral relaxation, pulse rate & rated anxiety, moderately or severely mentally retarded 25–69 yr olds with chronic anxiety, Scotland, 33971
action mnemonic procedure, acquisition of letter sound correspondences, trainable mentally retarded 10.2–19.8 yr old students in special school, 10198
age & IQ, social relationship, moderately mentally retarded students, 24192
alternation of total communication & oral speech methods, ability to combine words to form sentences, moderately mentally retarded 5.3 & 13 yr olds, 27032
assessment & observational strategies & utility of independence trait as measure of development, preschoolers with moderate to severe mental retardation, 27713
assessment of mainstream learning environment, educational placement, mildly & moderately handicapped students, 24120
background music, work related behavior, adults with moderate mental handicaps, 23716
behavior problems & size & type of living setting, psychotropic drug utilization, moderately mentally retarded 37–79 yr olds living in congregate or group care settings, 23397
behavioral assessment of reinforcer preferences, development & outcome of treatment for self injurious behavior, severely multiply handicapped & moderately mentally retarded 4 & 8 yr old males, 30395
behavioral checklist for evaluation of job skill level in community based vocational training, mildly or moderately mentally retarded 15–21 yr old special education students, 20645
child's characteristics & other sources of stress, parents of trainable mentally retarded 5–21 yr olds, Canada, 36912
circadian sleep wake cycle rhythm disorder & chronotherapy, congenitally blind 4–12 yr olds with severe or moderate mental retardation, 23015
constant time delay vs system of least prompts, teaching sight word reading, moderately mentally retarded 8.9–13.4 yr old females, 13630
cues-pause-point training with generalization assessments, use of signed labels in question answering, moderately & mildly mentally retarded male 18 & 20 yr olds, 12784
data based vs creative dance training, self concept & dance & gross motor skills, moderately mentally retarded 11–16 yr olds, 13664
decreasing prompt hierarchy vs time delay procedure, teaching banking skills, moderately mentally retarded 15–19 yr olds, 30383
deinstitutionalization, community care & education, moderately or severely mentally retarded children & adults, 1970–85, 2697
development of nonverbal cognitive ability & receptive language, mildly & moderately mentally retarded school age children, 26366
diagnosis & lithium treatment, acute manic symptoms, male 9.8 yr old with infantile autism & 24 yr old with infantile autism & moderate mental retardation, case reports, 2540
Dial-A-Phone instructional package with vs without least intrusive prompt hierarchy, male 36 yr old with developmental disabilities & 44 yr old with Down's syndrome & severe developmental disabilities, 34355
epidemiology & clinical features of fragile X syndrome, 9.8–15.8 yr olds with moderate mental retardation, England, 1944
everyday environmental conditions, distributions of epileptiform EEG activity & clinical seizures , severely or mildly mentally retarded epileptic 31–36 yr olds, 32969
everyday life activities & experiences, mildly & moderately mentally retarded 24–66 yr olds living in community residential facilities, 40964
forward vs concurrent chaining strategies, teaching use of washing machine & laundry soap dispenser, moderately or severely mentally retarded 16–19 yr olds, 20245
freely available high vs low probability responses, instrumental reinforcement effect, moderately to mildly retarded 17–19 yr olds, test of response deprivation hypothesis, 23311
functionally based classroom behavior modification, self injurious behavior, moderately & severely mentally retarded 9–15 yr olds, 27680
general case in vivo vs classroom based general case simulation with in vivo training, purchase of food & drink items in fast food restaurants, moderately & mildly mentally retarded 11–14 yr olds, 13650
general case simulation on job task sequences, actual community job site performance, moderately mentally retarded 19 & 21 yr olds & 20 & 24 yr olds with Down's syndrome, 27299
graduated guidance & reinforcement procedure, self dressing skills, multihandicapped & moderately to severely mentally retarded 5 & 9 yr old males, 20262

group relaxation training procedures, 25–69 yr olds with moderate or severe mental retardation, 33917
hearing loss, institutionalized moderately or profoundly mentally retarded adults, 15977
in vivo exposure treatment, acrophobia, psychotic institutionalized moderately retarded 34 yr old female, 18 mo followup, 23346
instructional methods, acquisition of phonemic segmentation, moderately retarded 6.3–19.4 yr olds, 34739
instrumental vs movement activities vs music listening, ability to follow directions, trainable mentally retarded 16–40 yr olds, 9302
integration into museum art education program, social interaction & behaviors of handicapped & attitudes of nonhandicapped toward handicapped peers, moderate & severely retarded 7–10 yr olds, 10227
legislation for vocational rehabilitation, impact on occupational therapy & prevocational school program, special educators & trainable mentally retarded 11–15 yr olds, 41334
maternal estimates of child's intelligence, mildly or moderately mentally retarded 3.5–14 yr olds & their mothers, India, 19427
ongoing mood rating procedure, therapeutic interventions, moderately mentally retarded 30 yr old male with rapid cycling bipolar affective disorder, 20268
overcorrection vs phonic analysis, oral reading ability, moderately mentally retarded 9–12 yr old females, 12814
partial sequential withdrawal design, assessment of meal preparation skills maintained following trainer withdrawal, moderately to severely mentally retarded 24 & 28 & 41 yr olds, 27283
personality disorders, mildly or moderately mentally retarded male vs female 21–81 yr olds, implications for appropriateness of community treatment setting, 5552
playground skills, mainstreamed moderately mentally retarded 6–11 yr olds, Canada, 17292
probability level of freely available alternative response & response deprivation, instrumental performance, severely or trainable or educable mentally retarded 18–66 yr olds, 23321
problem solving strategies on balance scale & inclined plane tasks, gifted vs average vs trainable or educable mentally retarded 7.11–14.17 yr old students, 22842
program for teaching basic reading skills, moderately mentally retarded 8.4–13.4 yr olds, 24157
progressive time delay vs system of least prompts reinforcers, effectiveness & efficiency in learning to identify functional objects, 8.3–16 yr old trainable mentally retarded students, 27689
progressive vs constant time delay procedure, teaching community sign word reading, moderately mentally retarded 8.1–11.3 yr olds, 10170
psychiatric & psychological & social status, 43 yr old moderately mentally retarded male with Williams' syndrome, case report, 29792
reliability of adapted Zung Self Rating Anxiety Scale, moderately & mildly mentally handicapped 19–57 yr olds, 17613
response prevention, daytime thumbsucking, moderately mentally retarded or developmentally normal 8–11 yr old males, 16516
rewarding series of easy requests, compliance with subsequent difficult task, 7–10 yr old moderately or severely retarded elementary school students, 3293
role in proactive administrative strategies, community based instruction for students with moderate/severe handicaps, special education administrators & team members, 13655
role playing & cue correction procedure, learning to greet coworker at vocational training site, moderately or mildly retarded female high school students, 20644
role playing procedure & generalization effects in training program for cafeteria use, moderately to severely mentally retarded adults, 30775
running endurance test & verbal encouragement with vs without pacer prompter, heart rate, moderately mentally retarded 10–12 vs 13 yr olds & older, 12314
self recording & minimal teacher intervention, maintenance of appropriate eating behaviors, moderately retarded 6 yr old male, 20631
self vs external instruction, performance on complex sequencing task, mild to moderately mentally retarded 18–46 yr olds in vocational training, 27298
sign language, reading & identification & retention of vocabulary, trainable mentally retarded 15–19 yr olds, 38232
simulation & community based instruction, vending machine use, moderately mentally retarded 9.7–12.8 yr olds, 6472
social construction of mental retardation & labeling, moderately mentally retarded adults, 8941
social interactions, nondisabled vs learning disabled or moderately retarded workers, 19465
social skills training & self monitoring & continued functioning in supported competitive employment setting, moderately retarded 22 yr old male with Down's syndrome, 12818
staff supervision &/vs self management strategies, work productivity, 20–48 yr old educable or trainable mentally retarded workers in sheltered workshop, 30803
stimulus reinforcer relations & type of reinforcing stimuli, conditional discrimination, moderately mentally retarded 14–20 yr old males, replication, 26377
stimulus variation, generalization performance, trainable mentally retarded 75–120 mo olds, 27738
supported jobs model of vocational rehabilitation, provision of competitive work experience, moderately retarded 19 yr old female, 9861
surveillance by E, reactivity to self monitoring of work productivity, mildly & moderately mentally retarded 26 & 53 yr olds, implications for self management programs, 33955
symbolic play intervention, trainable mentally retarded 5.4–10.2 yr olds, 34746
tactile prompts, task performance & generalization to novel tasks, deaf & blind & moderately to severely mentally retarded 19 yr old female, 30371
task type, gestural vs physical guidance prompts, moderately or severely mentally retarded adult employees of sheltered workshop, 13200
TAT & Rorschach Test, assessment of psychotic features, mildly to moderately retarded 25–64 yr olds, 1930
thioridazine dosage & stereotyped behavior, clinical response, moderately to profoundly mentally retarded inpatients, 9480
training, acquisition & generalization of labeling & data entry skills, moderately mentally retarded 18–25 yr olds, 20266
training in verbal label responding, generalization to maladaptive speech correction, severely or moderately mentally retarded 13–40 yr olds, 20034
transfer of discriminable functions among stimulus classes, mildly to moderately mentally retarded 25–31 yr olds, 19410
use of dreams in psychotherapy & interpretation from Jungian vs Freudian vs Gestalt approach, mildly to moderately retarded 19–37 yr olds, conference presentation, 12721
verbal imitation, comprehension of & transfer to production of novel object location responses, moderately mentally retarded 6.1–9.9 yr olds, 29801
VI schedule of token rewards, on task behavior & academic achievement, mildly handicapped or learning disabled or trainable mentally retarded 6.6–15 yr olds, 20609
whole task training & graduated guidance, acquisition & expansion of independent dressing skills, multiply handicapped moderately mentally retarded 4 & 4.9 yr old males, 19918

Tranquilizing Drugs [See Also Alprazolam, Amitriptyline, Chlordiazepoxide, Chlorpromazine, Diazepam, Fluphenazine, Haloperidol, Lorazepam, Loxapine, Meprobamate, Minor Tranquilizers, Molindone, Neuroleptic Drugs, Oxazepam, Perphenazine, Phenothiazine Derivatives, Pimozide, Promazine, Reserpine, Tetrabenazine, Thioridazine, Thiothixene, Trifluoperazine]
acebutolol vs atenolol, induced anxiety, males, 11257
adjunctive buspirone in benzodiazepine treatment, 27–47 yr olds with panic disorder, 37504
alcohol & alpidem or lorazepam, physiological & psychomotor & subjective effects, healthy adults, 28793
alpidem, adult inpatients with anxiety disorder, 12913
alpidem, patients with anxiety disorders, 30488
alprazolam vs chlormethiazole, acute alcohol withdrawal, 21–65 yr old hospitalized patients, Ireland, 13264
antipsychotics vs benzodiazepines in rapid tranquilization, conference presentation, 26951
anxiolytic & anxiogenic drugs, behavior change on anxiety tests & corticosterone stress responses, rats, conference presentation, 28850
anxiolytic drugs, behavioral action, animals, implications for role of brain behavioral inhibition system, 28860
anxiolytic drugs, punished responding & dopamine vs norepinephrine vs serotonin metabolites in CSF, pigeons, 14891
anxiolytic drugs used in surgical or situational stress paradigms, literature review, conference presentation, 28945
anxiolytic vs anxiogenic agents, effect of illumination on exploratory behavior, different strains of mice, test of validity of white & black box as animal model of anxiety, 39271
benzodiazepine & nonbenzodiazepine anxiolytics & adrenergic beta blocking drugs, stress induced anxiety, medical patients, 27025
benzodiazepine or GABA antagonists, anticonflict effects of diazepam or zopiclone or lormetazepam or flurazepam or phenobarbital in amygdala in water lick suppression test, male rats, 39392
benzodiazepine receptor inverse agonists, anxiolytic properties of ethanol, male mice, 4317
beta adrenoceptor antagonists &/vs diazepam or phenobarbital, conflict behavior, rats, animal model of anxiety, 39295
buprenorphine & temazepam use, drug abusing clients, Scotland, 36885
buspirone & chlorimipramine vs desipramine vs maprotiline vs mianserin, myoclonic seizures, rats, 7846
buspirone & gepirane, defensive reactivity to proximal threat, wild rats, 28807
buspirone & tetrahydropapaveroline injected in brain monoaminergic pathways, chronic ethyl alcohol drinking, male rats, 7906
buspirone, akathisia type syndrome, 54 yr old male with anxiety, case report, 16613
buspirone, alcohol abuse, 18–55 yr old outpatients, conference presentation, 37882
buspirone analog tiaspirone, actively psychotic schizophrenic males, 2483
buspirone, anxiety, 34 yr old male dependent on alprazolam, case report, 34057
buspirone, anxiety, 80 yr olds & older, 34063
buspirone, anxiolytic therapy, 30425
buspirone, development of jitteriness, 28–40 yr olds with panic or generalized anxiety disorder, case reports, 6159
buspirone, development of mania, 38 yr old male with depression & anxiety, case report, 34087
buspirone dosage with vs without haloperidol vs apomorphine, formation of cold immobilization gastric stress ulcers, male rats, 28976
buspirone dosages, 65–75 yr old inpatients with anxiety, Canada, 12915
buspirone hydrochloride with vs without bronchodilators, anxious ambulatory patients, 23412
buspirone induced acute myoclonus & dystonias & akathisia, 62 yr old female hospitalized with severe medical problems, case report, 12905
buspirone, neuroleptic induced akathisia, 28 & 31 & 60 yr olds with schizophrenia or bipolar mania with psychosis, case reports, 34018
buspirone, obsessive compulsive disorder, adult patients, implications for serotonergic etiology, 9529
buspirone, obsessive compulsive disorder, 35 yr old male with fear of pesticides, case report, 16653
buspirone, oral dyskinesia, 85 yr old female with advanced dementia, case report, 20017
buspirone, serum prolactin & growth hormone levels, 21–52 yr olds with generalized anxiety disorder, 34118
buspirone, urge to smoke & withdrawal symptoms, smokers, 27311
buspirone vs apomorphine vs other neuroleptics, benzodiazepine receptor binding, male mice, implications for receptor labeling & tomography, 4365
buspirone vs benzodiazepines for long term therapy, withdrawal symptoms, anxiety patients, 2496
buspirone vs clorazepate, patients with panic disorder, 16632
buspirone vs clorazopate vs benzodiazepines side effects, patients with anxiety &/or panic disorder, conference presentation, 30503
buspirone vs diazepam, treatment efficacy & withdrawal symptoms, 17–61 yr olds with generalized anxiety disorder, England, 37536
buspirone vs fenfluramine vs methylphenidate, autistic 9.1–10.4 yr olds, 34091
buspirone vs gepirone vs 8-hydroxy-2-(di-n-propylamino)tetralin, responding under multiple FI & FR schedule of food presentation, male pigeons, 14810
buspirone vs imipramine vs placebo, patients with panic disorder, 30512
buspirone, 13.6 yr old male with overanxious disorder, case report, 23417
buspirone, 18 yr old female patient with chronic undifferentiated schizophrenia, case report, 30516
buspirone, 46 yr old male with generalized anxiety disorder & transvestic fetishism, case report, 23379
caffeine with vs without clonazepam, sodium chloride intake as indicator of anxiolytic action, rats, 39402
CGS 20625, central benzodiazepine receptor binding & blocking of pentylenetetrazol discriminative cues & conflict responding, male rats, implications for treatment of anxiety & seizures, 28992
chlordiazepoxide vs buspirone, behavior in shock-probe/burying test for anxiolytics, male rats, 18460
chlordiazepoxide vs pentobarbital vs busipirone vs chlorpromazine vs morphine, stretched attend posture test, mice, 4460
chloridazepoxide vs meprobamate vs imipramine vs morphine vs buspirone vs chlorpromazine, conditioned defensive burying, male rats, 14833
demographic & psychosocial predictors & prevalence of prescribed tranquilizer & hypnotic drug use, adults, UK, 40745
diazepam or chlordiazepoxide or pentobarbital or dextroamphetamine or morphine or chlorpromazine, thigmotaxis, rats, 32297
diazepam vs guaiphenesin vs methypranol vs tofisopam, perception of inhibitory effect & vigilance performance, adults, conference presentation, 874
diazepam vs suriclone, neurologic effects, normal adult males, 14936

discriminative stimulus properties of midazolam vs other benzodiazepines vs sedative vs anxiolytic drugs, pigeons, 28846
dorsal or median raphe nuclei lesions vs cinanserin vs cyproheptadine vs ipsapirone vs 8-OH-DPAT, buspirone blockade of fear potentiated acoustic startle reflex, male rats, 28707
doxepin, manic 60 yr old female, case report, 34050
efficacy & risks of benzodiazepine therapy & potential of buspirone, anxiety disorders, 6201
efficacy of alpidem vs diazepam twice daily, chronically anxious outpatients, 34080
endogenous anxiolytic adrenal steroid alpha-THDOC & interaction with benzodiazepine receptor antagonist Ro 15-1788, non opioid defeat analgesia, male mice, 32275
fluoxetine, anxiolytic action of buspirone, 35 yr old substance abusing male with depression & anxiety & panic attacks, case report, 33996
fluspirilene vs bromazepam, neuroleptanxiolytic action, patients with anxiety & psychoreactive disorders & psychovegetative symptoms, 16571
hypnotic & anxiolytic drugs, insomnia & anxiety, elderly, literature review, 6158
ICS 205-930 vs GR38032F vs diazepam, anxiety in passive avoidance test, male rats, 39368
imipramine vs buspirone, patients with panic disorder or agoraphobia with panic attacks, conference presentation, 37546
intrathecal vs intraventricular buspirone vs gepirone, fear enhanced acoustic startle reflex, male rats, 28881
ip buspirone vs meprobamate vs phenobarbital vs chlordiazepoxide vs diazepam, parietal & frontal cortex EEG patterns during vigilance, rats, 876
ipsapirone, aggressive & other social behavior, male mice, 18314
long term buspirone treatment, 16–84 yr olds with generalized anxiety disorder, 2471
mianserin vs chlorpromazine vs haloperidol vs ECT, DST, patients with depression or schizophrenia, Ireland, 2490
neuroleptic or anxiolytic or antidepressant drug therapy, psychopathological side effects, 6176
noreleagnine & chlordiazepoxide with or without RO 15-1788, anxiogenic effects of modified approach schedule with two levels of conflict, male rats, 39391
pharmacokinetic & encephalotropic & psychotropic properties of anxiolytic imidazo-pyridine alpidem or lorazepam, healthy 19–38 yr olds, 25300
pharmacology of nonbenzodiazepine anxiolytics, 28889
pyrimidinyl-piperazines vs other 5-HT-1A receptor agonists vs L-5-HTP, anxiety measured by exploration in Montgomery's conflict test, male rats, 35898
repeated doses of buspirone & clobazam, cognitive & psychomotor performance & RT, healthy 20–45 yr old females, 35857
sedative & hypnotic effects of buspirone, sleep, 21–52 yr olds with generalized anxiety disorder, 34015
selective serotonin 1A receptor partial agonist anxiolytics, generalized anxiety disorder, conference presentation, 37498
serotonin receptor agonists buspirone & gepirone, adults with major depression, conference presentation, 37557
severity of withdrawal during detoxification, patients who had consumed alcohol with vs without minor tranquilizers, 27351
sodium valproate & chlordiazepoxide, elevated plus-maze test of test anxiety, male rats, 39290
suffering & anxiety symptoms, animals, conference presentation, implications for animal models of anxiety & anxiolytic drug development, 21350
symptoms & response to anxiolytic drug therapy, 23–60 yr olds with anxiety disorder & high vs low levels of cardiovascular complaints, 37513
tranquilizer use, males assessed before & after coronary bypass surgery, 30626
urban vs rural environments, psychotropic drug use & prescription rates for tranquilizers, 2567
5-HT agonists & antagonists vs benzodiazepine anxiolytics vs tricyclic antidepressants, restraint stress induced anorexia, rats, 4344
5-HT agonists 5-hydroxy-3(di-n-propylamino)chroman vs 8-hydroxy-2(di-n-propylamino)tetralin vs buspirone, sexual behavior, male rats, 21710
5-HT receptor agonist RU-24969, brain synthesis of 5-HT & dopamine & assessment of potential anxiolytic & antidepressant properties, rats, 4329
5 vs 10 mg buspirone with 10 mg clobazam, cognitive function & psychomotor performance, healthy 20–45 yr old females, 35856
8-hydroxy-2(di-n-propylamino) tetralin vs buspirone vs gepirone vs ipsaprione, food intake or plasma ACTH levels, male rats, 35819

Transactional Analysis

development of Parent-Adult-Child projective drawing task, assessment of ego states in transactional analysis, 26 & 39 & 57 yr old patients, 3643
etiology & transactional analysis approach, females with multiple personality disorder, 16401
group observational training model, transactional analysis therapist trainees, 17028
guna dynamics vs transactional analysis approach to human interaction & ego states, 23305
interface between traditional diagnostic & intuitive humanistic approaches to transactional analysis therapy, 30215
interrater agreement & reliability of Driver Questionnaire items, assessment of personality traits related to transactional analysis concept of drivers, therapists & trainees, 28087
mandala model of adult ego states, 5062
original concept of E. Berne's model of ego states & psychotherapeutic goal, 5023
parent ego state & reparenting in psychotherapy, 5960
reparenting strategies in transactional analysis therapy, 30274
round table discussion of ego state theory, 5034
script analysis & 5 possible psychotherapeutic outcomes for transactional analysis, 16342
script theory & systems analysis in transactional analysis, 30272
short term inpatient drug rehabilitation, functional ego states, heroin addicted males, 6512
systematic approach to diagnosis & treatment of feeling dysfunction in context of psychosomatic disease, clients, 16338
theoretical foundations & alterations of transactional analysis concept of parent ego state, 5055
transactional analysis framework in psychodiagnosis & treatment planning, 16369
transactional analysis, improvement in marital relationships, couples, literature review, 16440
transactional analysis perspective of ego states & intrapsychic function & defense mechanisms, 5033
transactional analysis "rechilding" intervention, 5929

Transaminases

GABA receptor agonist vs GABA transaminase inhibitors, haloperidol induced dyskinesia, monkeys, 4311

Transcultural Psychiatry

Anglo American psychiatry from ethnomedical perspective, 30152
community structure & transcultural psychiatric rehabilitation, Nicaragua, 9713
cultural psychiatric training, psychiatric residents, 27439
cultural psychiatry education & training, US, 3031
cultural relativism & its application to psychopathology & psychiatry, 40551
cultural relativism & its application to psychopathology & psychiatry, commentary, 40562
emotional & symbolic meanings of "nervios" & family relations & understanding of mental disorders, Mexican American families with schizophrenic relative, 26101
health & healing & social stability & religion, culturally sanctioned vs deviant self mutilation, 40218

international mental health education & consultation & collaboration, diffusion of psychiatric knowledge & practice, Southeast Asia, 20376
need for socioculturally sensitive approach to care & use of consultation liaison team, 30 yr old Native American female with alcohol abuse problems & liver disease, case report, 2196
psychiatric & materialistic perspective of political economy & culture & prevalence & outcome of schizophrenia, commentary, 26019
psychiatric & materialistic perspective of political economy & culture & prevalence & outcome of schizophrenia, commentary reply, 26199
racial & cultural factors & L. Gottschalk-Gleser method of content analysis of verbal behavior & emotional meaning, application to transcultural research, 39733
relativistic view of language & cross cultural psychiatry & psychoanalysis, 19748
social continuity of spirit possessions & trances in families & personal & social identity, Malagasy speaking families, Mayotte, 22139
therapeutic processes in transcultural psychiatry, 5896
transcultural psychiatry & cross cultural psychotherapy & studies in stress & anxiety & mental health, Whites vs Blacks vs Indians, South Africa, 2229

Transducers

portable programable transducer amplifier with analog display, continuous self monitoring of blood volume pulse, 24540

Transfer (Learning) [See Also Negative Transfer, Positive Transfer]

ability to time light & tone stimuli & directionality of intermodal transfer, pigeons, implications for timing in rats, 14552
age, tactual oddity problem solving ability & transfer to visual modality, 3–8 yr olds, 18586
black & white hardware cloth & smooth floor stimuli in Y maze under differential outcome condition, facilitation & cross modal transfer of matching to sample, rats, 28411
classroom instruction & use of computerized LOGO interactive microworld for plotting in Cartesian space, concept knowledge & transfer ability, 6th graders, 17174
conditional discrimination & equivalence classes, transfer of conditional ordering response, college students, 21322
context of CS, transfer of learning, rats, 35451
contextual interference, transfer & retention of gross motor skill, mildly mentally handicapped 8.3–12.1 yr olds, educational implications, 19444
cooperative planning & self control strategies, generalization of writing skills to mainstream classroom, 10th–12th graders with learning disabilities, 41344
cross modality transfer training using noise cues, recovery of preoperatively learned avoidance task using light cues, male rats with bilateral occipital lesions, 14784
cue stimulus to forget, transfer to unfamiliar stimuli, pigeons, 7536
explanation & verbalization & problem type, transfer of reasoning, college students, 31885
feedback effectiveness & efficiency, learning & retention in memory & transfer tasks, college students, 38116
fidelity in design of computer instructional simulations & transfer of learning, 13468
flight simulation training, subsequent weapon training course performance, student aviators in US Navy, 24754
free study vs mnemonic conditions, acquisition & transfer of learning strategies, gifted vs nongifted 5th–6th graders, 10228
graduate training in law vs medicine vs psychology vs chemistry, reasoning & transfer, graduate students, commentary, 41224
graduate training in law vs medicine vs psychology vs chemistry. reasoning, graduate students, commentary, 41235
guided discovery method of teaching LOGO computer language, learning & transfer to other contexts, 1st graders, 20474
information presentation, transfer to simple insight problem solving, college students, 347
instructional strategies, retention & transfer of procedures of different difficulty level, college students, 41232
interdomain transfer between algebraic arithmetic progression & physics constant acceleration problems, high school & college students, 17879
intermanual transfer & palm rotation, tactile recognition of mirror images, 6 yr olds, 32405
interpolated learning, retroactive inhibition & transfer of specific responses, reprint of 1940 article by A. W. Melton & J. M. Irwin, 3860
knowledge of 1 vs 2 computer programing languages, transfer to problem solving skills, high school students, 27617
learned ball pushing & transfer to pulling to clear obstructed alleyway for goal box access as measure of behavioral flexibility, decorticate rats, 39236
learning transfer & learning by example for novel tool uses & biology information, 3–5 yr olds, 8001
mnemonic imagery vs free study conditions, recall of science information from text in immediate or delayed or transfer tasks, 6th graders, replication, conference presentation, 24072
nonverbal mental capacity & conceptual repertoire & performance in Spanish & English, cross language transfer & metaphor interpretation, 7–12 yr olds, 39536
normal vs inverted vs mirror image vs reversed spelling text structure, retention of specific information & gist & transfer of pattern analyzing skill & lexical information, college students, 28344
note taking, recall & transfer learning, college students with low prior knowledge of presented subject matter, 34662
novel visual or taste CS paired with lithium chloride or saline injection, transfer of aversion effects, chicks, 35450
oddity transfer problem performance, classification into normally achieving vs mentally retarded groups, mildly mentally retarded 6–9 yr olds, 26405
overt vs covert verbalization & goal specificity search, acquisition of procedural knowledge in problem solving, college students, 31900
pictorial &/vs lexical stimulus pairs controlled for vs varying in size, information transfer RT & same different judgment of meaning, college students, test of theoretical model, 14409
practice & single task training & transfer from single to dual task performance, implications for connectionist/control architecture in skill acquisition, 17906
practice with beanbags, learning juggling, 10–12 yr olds, 25471
problem solving & recall & isomorphic & nonisomorphic transfer & analogical reasoning processes, 3rd–4th graders, 8015
program comprehension using feedback with vs without translation from English, transfer learning of BASIC programing language, college students, 31042
prompted learning, maintenance & transfer of problem solving strategy, mentally retarded vs nonretarded 11.3–16.0 yr olds, 26375
prompting & feedback & automatic correction in scenario machine designs, performance on transfer of learning tasks, adults, 6937
schedule & length of training, reward induced stereotypy & negative transfer, college students, 21296
self management vs task specific instruction, transfer of learning, mildly mentally retarded 13–20 yr old students, teaching implications, 31207
signaler reliability & referent similarity, habituation transfer across call types, vervet monkeys, 3911
single vs variable vs identical goal movement task, transfer of timing skill, college students, implications for contextual interference hypothesis, 35246
specific word transfer, measurement of processing in word superiority paradigm, college students, 31880
stimuli signaling absence of response reinforcer contingency, suppression of operant responding, rats, 21356

stimulus bidirectional associations, conditional discrimination task learning, pigeons, 17956
stimulus complexity & visual tactual vs tactual visual direction, cross modal transfer of form learning, 9 vs 11 vs 14 yr olds, 25479
stimulus modality & intermixing of nonreinforced feature & target cue presentations, acquisition & transfer of conditional discrimination performance, rats, 28423
systematicity of mental model & surface similarity, transfer of learning to operate computer simulated devices, college students, 17907
thinking skills training program, transfer of cognitive skills, mentally handicapped 21.7–43.3 yr old clients in sheltered workshop, 16903
training for volitional control of ocular accommodation responses, focus on visual targets moved progressively outward & transfer to binocular vision, myopic 13–25 yr olds, 16512
training in unimanual motor task, contralateral overflow, children & adult males, 4558
transfer in perception & discrimination of tonal sequence patterns, monkeys with experience in auditory discrimination & matching & memory, 21341
transfer of discriminable functions among stimulus classes, mildly to moderately mentally retarded 25–31 yr olds, 19410
transfer of oddity from sample performance, pigeons, 31931
transfer of Pavlovian facilitators vs instrumental discriminative stimuli, reinforcement of target stimulus, rats, 14523
transfer specific paired associate learning, proactive interference in long term word list retention measuring item vs relational information encoding, college students, 38875
trial unique video picture stimuli, matching to sample & concept learning, pigeons, 21398
unreinforced new discriminations, conditional responding, mildly mentally retarded 14.6–25 yr olds with history of equivalence class development, 22864
variability vs consistently mapped contex, perceptual learning skills for words in visual search task & transfer between target & distractor, 17888
verbal imitation, comprehension of & transfer to production of novel object location responses, moderately mentally retarded 6.1–9.9 yr olds, 29801
visually inspected vs noninspected real vs subjective contour Poggendorff figure, illusion magnitude & decrement transfer, college students, 38758
word vs text level transfer following different reading experiences, college students, Australia, 24827

Transfer Students
group orientation program, school & emotional adjustment, mobile transfer 7th–8th graders, 31245
personal background & educational aspirations & psychosocial factors & institutional integration, probability of transferring from 2 yr to 4 yr college, junior college students, 38182
school counseling from grief stages perspective, school adjustment, new students, 13721

Transferases [See Also Transaminases]
aspartic acid aminotransferase activity, spiking vs nonspiking lateral cortex, epileptic patients, 9108
fibria fornix transection, neurofilament phosphorylation & choline acetyltransferase in medial septal nucleus, male rats, implications for development of Alzheimer's disease, 32134
haloperidol, CNS cholinergic marker enzymes acetylcholinesterase & choline acetyltransferase, rats, implications for pathophysiology & treatment of schizophrenia, 7883
inpatient treatment with multiple vitamin therapy, thiamin diphosphate activation of erythrocyte transketolase, alcoholic 21–63 yr olds, 2922
lesions of nucleus basalis magnocellularis, cortical choline acetyltransferase activity & passive avoidance performance, male rats, 4281
nucleus basalis magnocellularis lesions & cholinesterase inhibitors, cortical choline acetyltransferase & passive avoidance, rats, 28786
persistent infection with lymphocytic choriomeningitis virus, regional brain choline acetyltransferase activity, mice, 7948
sensitivity & specificity of plasma transferrin & mitochondrial aspartate aminotransferase tests, assessment of early alcohol abuse, 20–28 yr olds, 29751
swollen choline acetyltransferase profiles in neocortex appearing as single axon enlargement of clusters of immunoreactivity, 6 vs 24–27 mo old rats, implications for Alzheimer's disease, 7636

Transference (Psychotherapeutic) [See Psychotherapeutic Transference]

Transformational Generative Grammar
data & theories from biology & evolution & modern generative grammar, absence of instructive learning, 35386
government binding theory as dominant grammar theory in linguistics & application in child language development & disorders & adult aphasia, 14983
simple declaratives & questions with gaps, grammaticality judgment measuring filler driven parsing with active filler strategy, native Dutch speaking adults, 39434

Transfusion (Blood) [See Blood Transfusion]

Transitional Objects
body as transitional object & separation individuation issues, 14–26 yr old females with bulimia, 2164
normative sociocultural variation in transitional object attachments, infants & children, 36109
phenomenological theory of music therapy based on concepts of Gestalt & transitional objects, 2169
physical proximity of parent & child, use of attachment object & thumbsucking, healthy infants, 32689
therapeutic construction of transitional object, autistic 10 yr old female, case report, 16405
transitional phenomena & projective identification in & essential ambiguity of psychoanalytic situation, 19734

Transpersonal Psychology
dream description with transpersonal or transcendental experience, impossibility of objective experimentation & verification, 10873
fairy tales about transpersonal mid-life development, 956
historical & psychological & philosophical uses & original construction of term "transpersonal", 31531
holistic health concepts & health belief models & transpersonal psychology & stress management, elderly, 33721
modern shamanism & transpersonal orientation of drama therapy, 16397
personal account of psychological transformation after defection from Siberia to Esalen, 11837
regression therapy with hypnosis, hermaphroditic 32 yr old raised as female who later assumed male identity, case report, conference presentation, 16371
salvific effect of rational emotive therapy & critique of transpersonal psychology, commentary reply, 23182
salvific effects of rational emotive therapy & critique of religion & mysticism & transpersonal psychology, commentary, 23249
spirituality & transpersonal psychology & alcoholism & drug abuse counseling, 2946
teaching techniques & topics in undergraduate transpersonal psychology courses, instructors, 3115
transpersonal phenomenology & validity of personal experience, 24527
transpersonal psychology & interpretation of objective & subjective experiences, drug dependent clients, implications for treatment & model of recovery, 33373
transpersonal psychology to transcend cultural differences in counseling, Asian clients, 23172
transpersonal therapy based on guided imagery, depression & paranoia & other emotional problems, adult male, case report, conference presentation, 16354
transpersonal therapy including special creativity therapy, 47 yr old male artist with bipolar disorder, case report, conference presentation, 16388

Transplants (Organ) [See Organ Transplantation]

Transportation [See Also Air Transportation, Ground Transportation, Public Transportation]

structured bus service to day treatment, attendance at & compliance with hospital & community care programs, chronically mentally ill clients, 40869
Transportation Accidents [See Also Air Traffic Accidents, Motor Traffic Accidents]
assessment of role of sleepiness & circadian dysrhythmia & fatigue in transportation accidents, police policy implications, conference presentation, 24280
Transposition (Cognition)
history & methodology, discovery of Gestalt transportation principle in speed perception, J. F. Brown & W. Kohler, 35064
Transsexualism
adequacy of surgical gender reassignment, postoperative psychological readjustment, 22–39 yr old male to female transsexuals, followup study, 37662
age at presentation for assessment & childhood femininity, etiology of transsexualism, asexual or bisexual or heterosexual vs homosexual males, 11676
anandron, sexuality & aggression & mood, presurgical male-to-female transsexual 19–33 yr olds, Netherlands, 40811
autocastration & autopenectomy, 26 yr old male with dual diagnosis of schizophrenia & transsexualism, case report, 32962
estrogen & androgen level during brain differentiation & estrogen feedback, neuroendocrine responses & sexual orientation & sex role behavior, heterosexuals vs homosexuals vs transsexuals, 4093
factors used for classification as authentically transsexual & behaviors & developmental history, 17 yr old female, 22664
family background & developmental history, 23 yr old transsexual male, case report, 33284
model of gender dysphoria for classification of transsexualism as syndrome vs symptom, conference presentation, 1583
personality characteristics & sexual activity patterns, female to male vs male to female transsexual adults, Poland, 8295
prediction of regrets following sex reassignment surgery, transsexual homosexual males vs females vs heterosexual males, 30567
presurgical spironolactone with estrogen & medroxyprogesterone, clinical & hormonal response, male to female transsexual patients, 34090
prevalence of transsexualism, males vs females undergoing cross gender hormonal treatment, 1976–86, Netherlands, 9042
prevalence of transsexualism, males vs females, Poland, 18839
psychodiagnosis & hormonal or sex reassignment & individual &/or group therapy & gender identity issues, transsexual clients, 30188
psychodynamics of enlistment choice & hypermasculinity, 20–44 yr old gender dysphoric servicemen meeting DSM-III criteria for transsexualism, 18837
psychosocial characteristics & cross gender behavior, transsexual males vs females in hormonal treatment, Netherlands, 8311
rearing by parents as if female & male to female transsexual surgery, 20 yr old male, China, case report, 37663
sex reassignment surgery, treatment satisfaction & adjustment to new gender role, transsexual 19–69 yr olds, Netherlands, 27064
sexual & partnership behavior & psychosocial adjustment, transsexual males vs females seeking gender reassignment surgery, 18843
sexual representatives of speech patterns, male to female transsexuals, 11700
stages of treatment process, psychiatric symptoms, male to female transsexuals, 6 mo to 2 yr postsurgery followup, 9641
Transvestism
buspirone, 46 yr old male with generalized anxiety disorder & transvestic fetishism, case report, 23379
distress & sexual functioning profiles assessed by Derogatis Sexual Functioning Inventory, transvestite vs married heterosexual males, 8786
gender dysphoria & sexual responses to cross dressing, heterosexual males, implications for revision of diagnostic criteria, 4901
psychodynamic & demographic characteristics, 25–39 yr old female partners of transvestite nonpatients, 32730
self esteem & feelings of control, marital adjustment, wives of transvestites, 11702
sexual & social behavior & male & female relations & psychotherapy, transvestite males, 30287
Tranylcypromine
caffeine vs tranylcypromine vs lisuride, locomotion & rearing & exploratory activity, hypertensive rats, animal model of depression, 4367
enantiomers of tranylcypromine, aggressive behavior & monoamine uptake & release, male rats, 25311
L-deprenyl vs tranylcypromine, nondepressed 56–72 yr olds with Alzheimer's disease, 12923
nighttime melatonin peaks, daytime melatonin response to single dose of tranylcypromine, healthy adults, 4450
phenelzine or tranylcypromine, severe daytime somnolence, 29–53 yr old depressed patients, 16642
tranylcypromine addiction & withdrawal, dysphoric male 34 yr old with history of abusing prescribed drugs, case report, 40315
tranylcypromine, depressed 20–65 yr olds resistant to cyclic antidepressants, 37539
tranylcypromine, development of spontaneous hypertensive reactions, 21–40 yr olds with major depression with vs without bulimia nervosa, case report, 30464
tranylcypromine, dystonic reaction, depressed 65 yr old female, case report, 34081
tranylcypromine or 4-fluorotranylcypromine vs clorgyline, brain monoamine metabolism, male rats, 39310
tranylcypromine, patients with social phobia & secondary alcoholism, 16652
tranylcypromine vs trifluoperazine & tricyclic antidepressant, complications & side effects, adults with therapy resistant depression, 12911
Trauma (Emotional) [See Emotional Trauma]
Trauma (Physical) [See Injuries]
Traumatic Psychosis [See Reactive Psychosis]
Traveling
anthropologist led academic tours of China, cultural prejudice, under 30 to over 60 yr olds, 39734
computer simulated travel vs conventional map study methods for learning spatial network, demonstration of efficient routes, college students, Israel, 3858
"learn how to learn" approach to cross cultural orientation program, sojourners, 23987
normalization perspective of marketing strategies for recreational travel, elderly, 22112
professional role & travel experience, perceptions of professional travel situations, male vs female university employees with travel responsibilities, 6931
psychocentrism vs allocentrism, travel preferences, college students, 5045
reentry adjustment, 19–41 yr old American college students who lived at least 6 mo abroad vs domestic travelers, 22157
risks & consequences of substances abuse, international travelers, 40288
Trazodone
daily trazodone infusion, depressed outpatients, 9487
fluoxetine vs trazodone, major depression, adult outpatients, 23371
iv levotryptophan before & during trazodone treatment, 5-HT function assessed by neuroendocrine & cardiovascular responses & subjective mood, 28–67 yr olds with major depression, 12899
nighttime administration of trazodone vs mianserin, sleep & morning psychomotor performance & clinical improvement, depressed 18–65 yr olds, Great Britain, 9548

nocturnal administration of trazodone vs mianserin vs dothiepin vs amitryptyline, depressed 18–65 yr olds, Great Britain, 9488
trazodone & L-tryptophan, 15–63 yr olds with obsessive compulsive disorder, 26983
trazodone, aggressive behavior, male 52–71 yr olds with organic mental disorders, 9560
trazodone, clinical response in primary care clinic, patients with major depression, 30523
trazodone, depressed patients, literature review, 9509
trazodone, EEG sleep patterns, depressed patients, 9551
trazodone induced anorgasmia, 60 yr old female, case report, 30460
trazodone induced libido increase, depressed 36–56 yr old males, 12920
trazodone, MAO inhibitor associated insomnia, 19–69 yr old psychiatric patients, 30490
trazodone, self abusive behavior, depressed 38 yr old female, case report, 12895
trazodone side effects, 60–76 yr olds with major depression & various organic complaints, 30517
trazodone vs amitriptyline, depressed patients, 9536
trazodone vs amitryptyline vs mianserin, depressed 60–83 yr olds, 9479
trazodone vs tricyclic antidepressants, brain aminergic systems, implications for etiology of depression, 9579
trazodone with vs without hypothalamic phospholipid liposomes, 24–74 yr olds with major depression, 34030
3 daily vs single evening dose of trazodone, depressed 18–65 yr olds, 9502

Treatment Compliance

adherence to weight control & urine & blood tests & medication & symptoms reporting & safety demands, diabetic 17–80 yr olds, 37244
affirmation approach, compliance with counseling homework, student clients, 6826
AIDS related laws & management & treatment & deterrence of high risk behavior, HIV infected psychiatric patients, case reports, 30144
assessment of dimensions of pain beliefs, manifestation of pain experience & compliance with treatment, industrially injured workers, 33668
attitudes & knowledge, dissatisfaction with medical communications & noncompliance with advice & instructions, 1st time expectant parents, England, 34183
behavior problems & self competence & self worth & family climate, compliance with theophylline treatment, 7–17 yr olds with chonic asthma, 30420
behavioral assessment & approaches, compliance with hypertension medication regimens, hypertensive 32 & 46 yr old males, 12783
behavioral treatment, adherence to factor replacement therapy, 10–16 yr olds with hemophilia, 4.5 mo followup, 12787
biomedical & psychological & social influences, drug taking regimens, elderly, 20000
biopsychosocial approach to psychotherapeutic treatment, fluid noncompliance, 45 & 52 yr old male hemodialysis patients, 12714
change in color & shape of generic drug tablet, treatment noncompliance, 50 yr old male with temporal lobe epilepsy, case report, 9539
characteristics & clinical variables & attitudes toward treatment, compliance with aftercare, psychiatric patients, 6 mo followup, 37768
characteristics & treatment outcome, 17–48 yr old parents who completed vs dropped out of child abuse treatment program, 26710
characteristics, compliance in cognitive therapy & stimulant medication treatment program, 6–13 yr olds with attention deficit disorder, 12551
client admission data, prediction of treatment compliance & term of residence & discharge status, adult patients in alcohol treatment facility, 9893
client characteristics, child psychiatry outpatient clinic attendance, children, UK, 6393
clinical symptomatology & drug compliance, schizophrenic patients, 6116
clinical trial of methylphenidate vs placebo, parent & teacher treatment attitude & compliance & behavior ratings, children with attention deficit disorder, 40763
cognitive & interpersonal & environmental factors, adherence to heart healthy diets, literature review, 16282
cognitive developmentally enhancing environment, participation in day treatment center programing, clients, 2764
commitment rationale & medication refusal & admission to forensic hospital, mentally ill inmates, 1977–84, 30860
compliance vs noncompliance with referrals to community agencies, adult EAP clients, 34925
compliance with medication & aftercare, community mental health center patients with vs without frequent rehospitalization, 18 mo study, 6410
compliance with prescription for psychotherapeutic counseling for child, parents of referred children, 1–2 yr followup, 30251
compliance with referral to community mental health or substance abuse agencies after psychiatric emergency room evaluation, patients, followup, implications for social work, 5906
compliance with stimulant drug treatment, teacher ratings of symptom severity, elementary & middle school students with hyperactivity & inattentiveness, 40798
demographic & clinical variables, treatment continuation, community mental health center clients, 30654
demographic & medical & social characteristics, refusal of hospitalization, patients 65 yrs old & older, conference presentation, 13094
demographics & locus of control & knowledge about dental care, compliance with recommended oral hygiene practices, adults, 16720
development of diabetes & specific family behavior scale, assessment of helpful family behaviors related to metabolic control, diabetic 7–17 yr olds, 28113
developmental psychodynamic model, adaptive & maladaptive responses to self care requirements, pregnant diabetic patients, 2149
dietary treatment & compliance, adults with insulin dependent diabetes mellitus vs obese adults with noninsulin dependent diabetes mellitus, test of G. A. Marlatt & J. R. Gardon's model of relapse, 12593
doctor patient communication & relationship, misuse of prescription drugs, elderly minority female patients, literature review, 37503
documentation of patient behavior during diagnosis & treatment & followup, evidence of patient noncompliance in malpractice suits, psychologists & other health care professionals, 13424
drug capsule color preferences & relation to cognitive dissonance, college students, implications for treatment compliance, 19934
drug therapy compliance, ambulatory elderly, literature review, 23382
drug therapy with vs without education & counseling & social support, treatment compliance, tribal patients with onchocerciasis river blindness, Nigeria, 37541
education course, disease knowledge & exercise & illness attitude & treatment compliance, 56–89 yr old low income osteoarthritis patients, 37595
educational videotape &/vs special pill packaging, adherence to tetracycline treatment regimen, 14–59 yr olds with sexually transmitted disease, 12916
electronic monitoring of tablet medication compliance, outpatients, 16559
engagement in activities & marital adjustment, dietary compliance, chronic hemodialysis patients & their spouses, 13004
etiological beliefs & drug treatment compliance, White vs West Indian hypertensive 35–55 yr olds, England, 26987
family & friends & neighbors, prevention of misuse of prescription medicine, elderly low SES minority females, application of task specific theory of group structure, 37517

family relations & parental marital satisfaction, metabolic control, adolescents with insulin dependent diabetes mellitus, 34037
family therapy techniques, compliance with medical treatment, 61 yr old female with deteriorating neurologic function & 40 yr old hypertensive male, 6038
feedback training, estimation of food portion sizes, diabetic 55 & 58 & 65 yr old male outpatients on special diets, 1 mo followup, 16310
"foot-in-the-door" effect, compliance & motivation to change in counseling, clients, 27177
forgetting & assessment factors in medication nonadherence & use of computer assisted instruction in medication recall training, elderly patients, 23420
frequency & causes of self discharge against medical advice, iv drug abusers with endocarditis, 8843
group discussions & communication strategies, self persuasion & self care regimen compliance, diabetic inpatients, 2376
health belief & theory of reasoned action models & psychosocial factors, prediction of drug therapy compliance, 16–79 yr old females with uncomplicated urinary tract infections, 16623
health-belief-model based clinical & telephone intervention, treatment or referral compliance, hospital emergency department patients, 30740
health beliefs & attitudes toward & adherence to regimen prescriptions, 25–69 yr old diabetic American Indians, 2632
health beliefs & preference for physician compliance-gaining message strategies, Black vs Hispanic vs Asian 19–68 yr olds, 16741
health care provider strategies, medication compliance, elderly, 26972
health promotion & disease prevention programs & treatment compliance & behavioral issues, ambulatory elderly, literature review, 37605
hypnosis, compliance with oral hygiene habit, college students, 16668
interdisciplinary behavioral geriatrics in long term care, treatment compliance, severely disabled 64 yr old male with aphasia, case report, 34320
interdisciplinary treatment, drug misuse, noninstitutionalized elderly minorities, 37551
interval from referral date to intake appointment, failure to keep appointment, psychiatric patients at day treatment center, 2819
introduction of patient information during initial visit, compliance with recommendation for medication, male hospital patients, 30758
judgment of competency to assent to neuroleptic drug treatment, psychiatric patients, 19926
knowledge about chronic bronchitis & emphysema, patient compliance enhancing activities, male primary care practitioners, 20058
knowledge of disease & adherence to self care behaviors & treatment & metabolic control, rural diabetic 27–84 yr olds, 23118
learning resource package, assessment & intervention for elderly clients with drug treatment compliance difficulties, community health nurses, 23361
legal & clinical issues in definition of psychiatric emergency in treatment refusal, 22 yr old male with schizophrenia & 36 yr old male with borderline personality disorder, 2230
legislation authorizing routine imposition of treatment & right to refuse treatment, involuntarily committed mental health patients, Canada, 9306
letter prompt or orientation letter, appointment no-show, adult & child community mental health clinic clients, 20145
lithium, side effects & degree of distress & compliance, 20–89 yr olds with bipolar depression, 37506
medical noncompliance in family/treatment system, 55 yr old male with chronic obesity, 37628
medical vs other explanations of illness, fear & treatment compliance, chronically ill children, 2602
medication matching & on time administration, medical regimen adherence, 32 yr old female with developmental disabilities, 37439
methods for maintaining client medical self determination when unable to make autonomous decisions, implications for social workers, 34265
midwives as mediators, initiation & compliance with mental health service, mothers who had previously refused psychiatric services, 6344
model for assessment of therapeutic adherence & recurrent pain, children & adolescents with diabetes mellitus or obesity or rheumatoid arthritis, 22880
motivation & program philosophy & side effects, preference for disulfiram & treatment compliance, alcoholic males in inpatient rehabilitation program, 20283
motivation & rationale, treatment noncompliance & continuum between blind adherence & nonadherence, 19–68 yr olds in asthma treatment program, 2611
noncompliance with exposure therapy & homework practice, 27 yr old female with persistent obsessive compulsive rituals, case report, 26882
noncompliance with prescription drug regimens, geriatric patients, 30472
nurse patient interactions, compliance with dietary regimen, hemodialysis patients, 2642
parent adolescent concordance, compliance with cancer chemotherapy, 9–19 yr old oncology patients & their parents, 9665
participation in day treatment program & psychiatric outpatient followup, psychiatric patients, 9753
patient characteristics measured by MMPI, prediction of treatment completion, males in residential alcoholism treatment program, 6557
patient practitioner interaction, compliance with prescribed medication & exercise & splint use, patients with rheumatoid arthritis, 12574
perception & occurrences of stress & coping, insulin regimen adherence & glycemic control, 16–65 yr olds with insulin dependent diabetes mellitus, 9513
personality correlates of meditation practice frequency & dropout, outpatients referred for relaxation therapy, 3–24 mo followup, 33691
personality factors & social support, treatment compliance, hemodialysis patients, 13008
positive reinforcement, treatment compliance, developmentally delayed 2.7 yr old male with respiratory tract disorder, case report, 26915
predictors for compliance with psychotherapy referral, 18–71 yr old patients from general hospital psychiatric outpatient clinic, 9346
predictors of premature withdrawal from behavioral conditioning program, 5–14 yr olds with nocturnal enuresis & their parents, 16528
prescription medication noncompliance & recommendations for medication instructions, elderly, 26988
prior medication compliance & health beliefs, intentions to comply with imagined tuberculosis regimen, college students, 16598
problematic concept of compliance, medical patients, 27091
program adherence & coping strategies as predictors of success, adult smokers in behavioral smoking cessation program, 30832
program structure, attendance in day hospital program, chronic psychiatric patients, 2814
psychological needs & personality patterns, drug abuse treatment program completers vs dropouts, 2903
psychometric properties & concurrent & predictive validity of self report medication adherence measure, patients with essential hypertension, 24626
psychosocial adjustment to illness, adult cancer patients who dropped out of vs completed chemotherapy, Israel, 23391
psychosocial factors, compliance with behaviorally oriented weight control program, obese 10–16 yr olds & their parents, 16527

psychosocial factors, prediction of regimen adherence & metabolic control, 61–92 yr old non-insulin-dependent diabetes mellitus patients in retirement community, 16283
psychosocial variables, compliance with dietary restrictions, dialysis patients, 12550
psychotherapeutic strategies, compliance, 32 yr old female who resisted drug treatment for depression, case report, 16384
quantitative spectrofluorometer assay of urinary riboflavin tracer of compliance in drug therapy, healthy males & females, 37474
range of motion dance program vs traditional home exercise & rest, self reports of compliance & body image & joint range, ambulatory adults with rheumatoid arthritis, 4 mo followup, 2235
rates & predictors of compliance with outpatient stress reduction program, medical patients with stress vs pain related disorders, 12793
referral source & nature & duration of problem & waiting period & sociodemographic characteristics & parental attitudes, failure to keep 1st appointment, children referred to child guidance clinic, 16806
relaxation therapy, symptoms & compliance, 12–17 yr olds with chronic headaches, 23351
relaxation training with vs without practice at home with vs without compliance training, anxiety, college students, 2412
reliability & validity of diabetes locus of control scale, assessment of compliance & self management, diabetic adults, 85
research issues & problems in studying noncompliance with prescription drug regimens, elderly minority females, 37529
right to refuse nonemergency medication & competency, involuntarily committed psychiatric patients, 37817
right under Rogers v Commissioner to refuse antipsychotic medication in nonemergency situations, psychiatric patients, 1267
role playing in cardiac rehabilitation program, treatment compliance, patients in Air Force facilities, 16704
scheduled awakenings by compliant parents, spontaneous awakening & crying episodes at night, 6 mo to 2.5 yr olds, 2419
side effects & other factors associated with premature discontinuation of phenelzine vs imipramine, depressed 18–65 yr olds, 12821
sociocultural & familial & intrapsychic perspectives of health care belief systems, compliance, health care patients, 9657
sociological & legal issues in mental health treatment refusal, correctional institution inmates, 9906
structured bus service to day treatment, attendance at & compliance with hospital & community care programs, chronically mentally ill clients, 40869
structured drug education program including verbal explanations & reinforcement & written information, medication compliance, psychiatric inpatients ready for discharge to aftercare, 2837
suicide by self starvation or treatment noncompliance, bedridden aged patients with major depression, clinical & legal implications, 36691
telephone intake procedures, initial appointment keeping, parents of children referred to outpatient behavior management clinic, 16529
time induced stress, problem solving skills, parents of children with phenylketonuria with good vs poor dietary compliance, implications for preventive intervention, 26698
treatment & normative attitudes & behavioral intentions, prediction of lithium therapy compliance, 20–89 yr old outpatients with bipolar disorder, 6126
treatment compliance & outcome & utilization of inpatient & family physician services, alcoholic patients, Canada, 9885
treatment during adolescence, sex offense relapse, 14–72 yr old male offenders, 37443
treatment refusal, hospitalized forensic psychiatric patients, 2862
type of drugs & other reasons, initial noncompliance with drug therapy, 60 yr olds & older, 23383
utility of multidisciplinary approach, 63 yr old female Polish immigrant with cardiac & pulmonary disease who refused treatment, case report, 2593
verbal vs written behavioral prescriptions, compliance with therapeutic homework assignments, adult patients, 23315
written & pictorial & verbal instructions in native language, compliance with child's antibiotic treatment, 20–30 yr old Hispanic mothers with children with acute otitis media, 37565

Treatment Dropouts

age & demographic & therapist & treatment variables, premature termination of child & family therapy, 3–68 yr olds, 19710
client characteristics, child psychiatry outpatient clinic attendance, children, UK, 6393
continuing in treatment with alprazolam or desipramine, selection bias for biochemical variables, patients with panic disorder, 23376
decentralization & accessibility of mental health services, therapy dropout rates, clients, Canada, 6334
definition of psychotherapy dropouts in child psychotherapy & problems of generalization, commentary, 26776
demographic & psychological testing & headache history information, prediction of early termination from self regulatory treatment program, chronic headache patients, 30374
demographics & history & precipitants & institutional issues & diagnoses & treatment factors, 12–16 yr olds absent without leave from residential treatment centers, 30761
demographics & personality variables & drug use, early attrition from abuse treatment programs, drug abusing 14–46 yr olds, 27349
demographics & services received & delivery & failure to return, Asian vs Black vs Hispanic vs Native American community mental health clients, replication, 37723
development of screening questionnaire, measurement of attrition in weight control programs, adults, 38650
dropouts & refusers in child psychotherapy, commentary reply, 26826
facilitative strategies, prevention of early treatment withdrawal, alcohol dependent clients, 30854
factors associated with group treatment dropout, literature review, 9382
factors leading to premature therapy termination, social work therapists, 2324
general learning ability & verbal & numerical & spatial aptitudes, prediction of attrition, delinquent 15–20 yr olds in community vocational training program, Ireland, 27376
interval from referral date to intake appointment, failure to keep appointment, psychiatric patients at day treatment center, 2819
motivation for premature termination of treatment, couples with sexual dysfunction in female partner, 2241
patient & family characteristics, completion of day care treatment, multiple drug abusing adolescents, conference presentation, 2909
patient history & clinical diagnosis & treatment team separation, adolescent psychiatric inpatients who eloped from hospital, 9813
personality characteristics, severely obese adults who dropped out of vs persisted in long term behavioral treatment program, 37433
personality correlates of meditation practice frequency & dropout, outpatients referred for relaxation therapy, 3–24 mo followup, 33691
prediction of early attrition, adult private practice psychotherapy patients, 5940
predictors of dropout & outcome in cognitive therapy, depressed private practice patients, 19805
predictors of participation & attrition & outcome in workplace smoking cessation program, 24–58 yr old smokers, 6 mo followup, 31419
predictors of premature withdrawal from behavioral conditioning program, 5–14 yr olds with nocturnal enuresis & their parents, 16528

psychiatric hospital treatment termination against permission, hospitalized psychiatric patients, UK, 34334
psychological & demographic variables, completion vs dropout from violence treatment program, 19–53 yr old male spouse or female partner abusers, 16292
psychological needs & personality patterns, drug abuse treatment program completers vs dropouts, 2903
psychosocial adjustment to illness, adult cancer patients who dropped out of vs completed chemotherapy, Israel, 23391
psychotherapy discontinuance, newly hospitalized 17–35 yr old patients with borderline personality disorder, 6 mo study, 19769
race, treatment continuation at Black community mental health center, adult clients, 37734
sociodemographic & clinical characteristics, psychiatric inpatients who discharged themselves against medical advice or were discharged while absent without leave, 23644

Treatment Duration

admission patterns in district general hospital psychiatric department, patients under 65 yrs old, 6421
advice vs extended inpatient vs outpatient treatment, alcoholic adults, Scotland, 2 yr followup, 2902
average length of stay, medical psychiatric unit inpatients, 23704
benzodiazepine withdrawal following long term therapy, protracted tinnitus, 34–57 yr old patients, 19931
brief parent assisted treatment, child nighttime fears, 4–5 yr olds & their parents, 37444
buspirone vs benzodiazepines for long term therapy, withdrawal symptoms, anxiety patients, 2496
characteristics & ECT frequency & length of hospitalization & average time between admission & ECT & adequacy of preceding medication trials, psychiatric patients, 1970 vs 1980–81, 27243
client admission data, prediction of treatment compliance & term of residence & discharge status, adult patients in alcohol treatment facility, 9893
community based system of care, length of hospital stay & use of mental health services, long stay & long term psychiatric patients, 2 yr followup, Italy, 2666
computer simulation model of patient flow in public hospital psychiatric emergency service, 9781
continuation & long term preventative drug therapy, clients with major affective disorders, literature review, 23369
demographic & diagnosis related variables, prediction of length of stay & development of DRGs, 3–16 yr olds in hospital psychiatric wards, implications for feasibility of payment model, 2767
development & operation of triage unit as adult services entry point in public psychiatric center & psychiatric/medical & crisis evaluation & intervention & length of stay, 9807
diagnosis & patient history & hospital course, length of hospitalization & restoration of competency to stand trial, maximum security forensic hospital patients, 23806
duration & frequency & administration of long term anxiolytic therapy, patients with generalized anxiety disorder, 2524
duration & structuredness & composition, treatment outcome, personal learning & change counseling groups, meta analysis, 12772
duration of clozapine trial, neuroleptic resistant schizophrenic patients, 40785
duration of treatment in different therapeutic communities, adjustment, drug abusing adults, 6 mo & 1 yr followup, 20307
effect of long term clozapine treatment, schizophrenic or schizoaffective patients, Sweden, 12878
effectiveness & safety of continuation therapy with nortriptyline or phenelzine, 55–77 depressed patients, 4–8 mo followup, 12857
efficacy of & patient characteristics warranting short vs long term therapy & service availability & utilization, implications for 3rd party reimbursement, conference presentation, 41154
expanded assessment approach incorporating client & provider environmental factors, psychotherapists providing short vs long term therapy, conference presentation, 40634
fatigue & emotional reactions during postpartum period, parents offered hospital discharge 24–48 hrs vs 6 days after birth, 9822
government policy, psychiatric diagnosis & treatment duration, mentally ill patients, 1975–82, Brazil, 15334
home help service, length of hospital stay & well being, 65–99 yr old outpatients with impaired mobility, Wales, 6460
hospital & DRG characteristics, length of stay, patients in mental hospitals, implications for Medicare prospective payment systems, 16895
interhospital relocation, mortality rate, long stay psychiatric patients, 9797
length of behavior therapy for obesity, weight loss, 21–60 yr olds, 30388
length of care & subjective feelings & needs & patient's functional ability, subjective feelings of burden, 55–91 yr old caregivers of patients with Alzheimer's disease, 27072
length of stay in short stay units vs conventional hospital, adults admitted with psychiatric emergency, Canada, 30707
long term carbamazepine, bipolar vs psychotic disordered patients, 3–4 yr followup, 16563
long term doxepin, depressed 40–83 yr olds with concomitant physical disease, 26930
long term lithium, irreversible hypothyroidism, 66 yr old male with bipolar disorder, case report, 2450
long term lithium therapy vs poisoning, renal function & structure, patients, 23398
long term lithium treatment, renal function, 31–80 yr olds with major affective disorder, 40755
long term phenothiazine, ocular pigmentation, psychiatric patients, Malaysia, 6175
long term po physostigmine, memory, patients with Alzheimer's disease, 23358
maintenance of creativity & interest in long term analysis, depressed 39 yr old female, commentary on case report, conference presentation, 30212
maintenance of creativity & interest in long term analysis, depressed 39 yr old female, case report, conference presentation, 30232
maintenance of creativity & interest in long term analysis, depressed 39 yr old female, commentary on case report, conference presentation, 30309
merits of short vs long term psychotherapy, implications for therapist training, conference presentation, 41164
milieu techniques in acute short term inpatient care, schizophrenic patients, conference presentation, 40978
number of days of psychiatric hospitalization, psychiatric patients, 6450
patient characteristics & dangerousness assessment & length of stay & outcome, committed patients whose appeal was accepted vs rejected by Commission des Affaires Sociales, Canada, longitudinal study, 6436
patient chart variables, prediction of improvement & need for long term care, 13–18 yr olds in short term psychiatric hospitalization, 27197
patterns of psychotherapy utilization, outpatients, 33801
personality style, prediction of length of hospital stay, psychiatric patients, 2766
prerequisites for successful therapeutic community in short term psychiatric therapy wards, Norway, 16871
presence of delirium & length of hospitalization, older adults, 13158
pretreatment symptomatology & treatment length, therapeutic alliance & outcome, 20–57 yr old clients, 19752
processes in long term psychoanalysis, sexually & psychologically abused 16 yr old female, case report, conference presentation, 30252
psychiatric comorbidities, hospital length of stay & charges, adult patients with traumatic head & spinal cord injuries, 13125
psychiatric comorbidity & length of hospital stay, medical patients, conference presentation, 27195

psychotherapy discontinuance, newly hospitalized 17–35 yr old patients with borderline personality disorder, 6 mo study, 19769
psychotic vs nonpsychotic diagnosis & recency of hospitalization & type of admission, prediction of length of hospital stay, 17–60 yr old enlisted Navy personnel, replication, 37792
sample & temporal invariance & factor structure stability of Inpatient Multidimensional Psychiatric Scale, 15–60 yr olds with various mental disorders, 31640
short vs long term efficacy of fluoxetine, adult patients with major depression, 30482
short vs long term oral physostigmine, recall & intrusions measuring memory, elderly Alzheimer's disease patients, 23457
statistical methodology for quantification of civil commitment detention time & cost, 2781
survey of admission & discharge rates of & length of stay in brief hospitalization programs, psychiatric patients, Canada, conference presentation, 9810
time limit & simple focus for brief psychodynamic therapy, outcome, well vs less well adjusted 29–57 yr olds, 30247
time limited intensive fire evacuation skills group training, institutionalized mentally retarded 25–64 yr olds, 3 & 6 mo followup, 34324
time parameters, psychoanalytic psychotherapy outcome, clients with neurotic or functional or psychosomatic disorders, 30262
timing of psychiatric consultation & coexisting depression, length of hospital stay, medical & surgical patients, implications for DRGs, 2754
understanding & education of & preparation for client & initial interview length, engagement for more than 1 session, male vs female trainee vs experienced psychologists & patients, 23243
use of jazz metaphor in description of processes in long term psychoanalysis, sexually & psychologically abused 16 yr old female, commentary on case report, conference presentation, 30299
visual screening duration & constant release, self injury & screaming & generalization, 56 yr old institutionalized developmentally disabled female, 34287
vocational evaluation program length, expressed satisfaction with services, 17–59 yr old vocational rehabilitation clients, 27266
10 vs 21 day oral methadone withdrawal regime, opiate withdrawal symptoms, drug addicts, 34388

Treatment Effectiveness Evaluation

alcoholism treatment assessment, literature review, 27324
alcoholism treatment outcome assessment, 27343
alternating vs simultaneous treatments single S design in evaluation of 2 or more independent variables, 30167
application of patient psychotherapy plan formulations, assessment of therapeutic change & development of outcome measures for plan attainment, psychotherapists & patients, 23234
assessment methods, measurement of social skills competence & training effects, handicapped students, 37440
assessment of effectiveness of self help & support groups & psychotherapy bereavement followup, 33729
behavior management & recidivism rate & cost & attitudes in treatment programs, juvenile offenders, 9915
behavioral vs insight oriented marital therapy outcome research, commentary, 12733
behavioral vs insight oriented marital therapy outcome research, commentary reply, 12764
choice of drug use measures in drug treatment outcome studies, 23783
circumplex model of family functioning, evaluation of treatment effectiveness in social service agency, low income families, 34253
community case register, evaluation of new services & continuity & patterns of care & deinstitutionalization, child & adult psychiatric patients, Netherlands, 20146
construction of Change after Psychotherapy scale, rating of improvement using symptoms & adaptive capacity & insight & basic conflict resolution, outpatients finished with psychotherapy, Sweden, 133
critical lay perspective, specific effects approach to biofeedback evaluation, 2414
critical lay perspective, specific effects approach to biofeedback evaluation, commentary, 2435
data collection, treatment outcome & program effectiveness research, 26741
des-tyrosine-gamma-endorphin, measures of improvement, schizophrenic patients, 19982
descriptive & comparative & experimental evaluation, community mental health center, UK, 6 yr study, 20109
development & evaluation of strengths oriented treatment program & multidisciplinary inpatient geropsychiatry program, geriatric patients, 34314
development & reliability & validity of Major Problem Rating System, assessment of psychiatric outcome, clients, 38670
drug therapy evaluation protocol, brain injured patients, 23461
effect & value of therapeutic intervention against control, nonparametric methods for analyzing survival time data, 40559
effectiveness of behavioral treatment vs nonspecific factors, meta analysis, 16472
effectiveness of day treatment programs, psychiatrically disturbed children, literature review, 2785
effectiveness of procedure & 8 vs 13 yr old target child, acceptability of school based behavioral interventions, college students, 41256
effectiveness of therapeutic communities, drug abuse, 34412
eliminate & subtract method vs no difference findings, elimination of threats to validity in treatment estimate effects, 31738
endpoint vs pattern analysis, antidepressant response to fluoxetine, patients with unipolar major depressive disorder, 6141
evaluation of alcoholism treatment programs, 27334
evaluation of community psychiatry with multidisciplinary treatment approach, mental health professionals, Canada, 20127
evaluation of controlled smoking group cessation program, adults, 1 yr followup, 2920
evaluation of effectiveness, drug & alcohol program consultants, 30836
evaluation of effectiveness of hypnotherapy in alcohol rehabilitation, 37929
evaluation of quality of psychiatric care since reform Law 180, Italy, 40554
evaluation of treatment package, females with history of sexual victimization in childhood & sexual dysfunctions in adulthood, 5863
evaluation problems in treatment outcome research, mental disorders, 2212
experimental design & methods, assessment of rehabilitation outcome, patients with traumatic head injury, 27275
experimental design of control groups with attention to social influences in psychotherapeutic efficacy studies, 26780
fiscal & service analysis, general hospital psychiatry department, Canada, 13121
generalized least squares method, assessment of psychotherapeutic treatment efficacy & outcome, 33788
guidelines & evaluation of specialized & highly structured treatment unit, inpatients with eating disorders, Belgium, 34335
hierarchical model fitting procedure, detection of response shift bias in pretest/posttest design for estimates of treatment effects, 174
hypnotherapy vs trauma desensitization vs psychodynamic therapy, adults with pathological grief following major losses, Netherlands, 5876
hypothetical case presentation of behaviorally disordered family, acceptance of single system evaluation vs practitioner's opinion procedure, 24–27 yr old mental health service clients, 13074

length of stay & satisfaction with care, outpatients treated by medical students vs psychiatric residents, 30909
long term effectiveness of cost effective training programs, parents of 3–8 yr olds with conduct problems, 1 yr followup, 40715
mathematical model of single case design, treatment evaluation in social work research, 34266
methodological issues in couples or marital group therapy outcome research, 26860
methodological issues in evaluation of drug &/vs behavioral treatment, hypertension, literature review, 40579
methodological issues in evaluation of implementation of psychiatric reform Law 180, Italy, 40583
methodological issues in smoking cessation evaluation studies, 37879
methodological problems in natural history vs treatment outcome research, treated vs untreated alcoholic patients, commentary, 30840
metrical issues, index of effect size, meta analyses of therapy effects, 19789
multidimensional paradigm approach to categorization of outcome criteria in rehabilitation, implications for rehabilitation practice, 20242
need for randomized clinical trials for evaluation of effectiveness of psychogeriatric services, 6295
outcome measures of frequency & symptom reduction & quality of life & attitudinal change, recovering substance abusing clients in EAP program, longitudinal study, 34952
partial sequential withdrawal design, assessment of meal preparation skills maintained following trainer withdrawal, moderately to severely mentally retarded 24 & 28 & 41 yr olds, 27283
patient characteristics & level of care & service match to patient needs & treatment characteristics & peer review, evaluation of chemical dependence treatment, 41081
peer review process, treatment evaluation, professionals treating hospitalized patients, 40971
power of tests for treatment-control group differences with small sample sizes, severe & profound retardation, 19673
randomized controlled trial design in psychiatric treatment evaluation, 9288
reactivity & reliability & accuracy of self monitoring, literature review, implications for social work, 30381
recidivism data & evaluation of in home ecobehavioral approach to treatment & prevention of child abuse & neglect, families in Project 12 Ways service, 2695
RELAX biofeedback program, assessment of effectiveness of relaxation therapy using T. Budzynski's hypnotic subliminal audiocassettes, anxious 14–61 yr old female vs male patients, Australia, 12778
relaxation techniques, clinical symptoms, meta analysis, 40721
reliability & validity & appropriateness of chronic pain assessment & treatment outcome research, literature review, 24666
reliability & validity of multidimensional index, assessment of intervention effectiveness, adults at beginning vs after 6 mo vs 12 mo of treatment for alcoholism or other substance abuse, 31574
reliability of pre- & posttherapy status vs regression transformation vs inner restructuring, measurement of psychotherapeutic change, patients in psychotherapy, 2312
research group for planning & implemention of drug studies & use of diagnosis & severity outcome for rating scales in chlomipramine trials, depressed patients, Denmark, 26937
retrospective pretesting in pretest posttest design, response shift bias in evaluation of communication skills training, hospital employees & dental students, 26880
scientific validation of clinical biofeedback evaluation, commentary, 2431
specific effects approach to biofeedback evaluation, commentary reply, 2415
stimulus control & self punishment & rewards, severity & duration of obsessive compulsive behavior, adults, 2418
test retest reliability of pain drawing instrument, diagnosis & evaluation of treatment progress, patients in multidisciplinary pain treatment center, 7143
time series methodology for evaluation of terminal care programs, 27056
timing of baseline & followup measurement in drug treatment outcome studies, 23784
treatment effectiveness evaluation, community based psychiatric services, 20147
treatment goals, evaluation of bereavement followup, 33718
treatment integrity in design & implementation of consultation & prereferral interventions, students, 27782
unitary vs multidimensional models, alcoholism treatment outcomes, 6505
validity & reliability & clinical utility of Inventory of Interpersonal Problems, assessment of distress before vs during vs after psychotherapy, adults, 10599
validity & usefulness of medical chart weights, evaluation of weight loss programs, HMO members in behavioral weight loss program, 6105
Wide Range Intelligence & Personality Test vs WAIS-R scores, vocational outcome prediction in McCarron-Dial System, disabled 16–61 yr old rehabilitation clients, 16910
Treatment Facilities [See Also Child Guidance Clinics, Clinics, Community Mental Health Centers, Halfway Houses, Hospitals, Nursing Homes, Psychiatric Clinics, Psychiatric Hospitals, Therapeutic Camps, Walk In Clinics]
characteristics & mental health treatment in comprehensive medical facility vs community mental health centers, Black clients, 13028
characteristics of residential treatment centers, emotionally disturbed child & adult patients & staff, 1983, 27242
client & facility characteristics, directors of vocational rehabilitation facilities, 16911
disulfiram use at hospital based vs free standing alcoholism treatment centers, program directors, 20286
frequency of psychiatric evaluation at treatment facilities, 13–18 yr olds, 1981–82, Finland, 9692
institutional treatment center environment, burnout, mental health personnel, 34546
legal & ethical aspects of patients' desire & right to forgo treatment & health care facilities' policies, 31 & 49 & 55 yr old female patients, 40574
low vs high exposure to patients with poor prognosis in acute vs long term care facilities, burnout, professional vs paraprofessional nurses, 9959
mental health care delivery & facilities & rehabilitation, chronically mentally ill patients, Poland, 12959
needs in administration priority areas, vocational rehabilitation facilities, 20229
types & frequency of mental health organization & staffing, 1985, 23602
Treatment Methods (Physical) [See Physical Treatment Methods]
Treatment Outcomes [See Also Psychotherapeutic Outcomes]
acceptability & outcome & effectiveness of behavioral treatment recommendations, parents of 3–13 yr old outpatients with severe behavior problems, 16514
across treatment changes in cumulative puff duration, prediction of treatment outcome in nicotine fading, adult smokers, 30818
active followup & aftercare methods, treatment outcomes, alcoholic adult males, 6523
age & sex & diagnosis & functional status & treatment type & duration, outcome, 60–94 yr olds in community mental health outreach program, 13035
age & sex & hypnotizability, behavioral treatment outcome, 6–17 yr olds with migraine vs tension vs mixed headaches, 37460
age, long term response to ECT, patients with unipolar depression, 40600
age of onset & duration of episode & hospitalization & lithium treatment & comorbidity & suicidal thoughts, treatment response, bipolar manic patients, 9250

alcoholic subtype, drinking status & psychosocial outcome, adult male alcoholism treatment inpatients, 18 mo study, 9896
Alcoholics Anonymous affiliation, treatment outcome, problem drinkers, 16977
Alcoholics Anonymous attendance & alcoholism, outcome in prison system, males, 1 yr followup, 27345
alprazolam vs diazepam, treatment outcome, adults with DSM-III personality & panic disorders, 6186
anxiety & demoralization & depression, prediction of response to anxiety management, patients with generalized anxiety disorder, 16281
application of patient psychotherapy plan formulations, assessment of therapeutic change & development of outcome measures for plan attainment, psychotherapists & patients, 23234
assessment of cognitions in outcome studies of marital therapy using communication skills training vs cognitive techniques, commentary reply, 16432
attitudes toward partial hospitalization program, treatment outcome, psychiatric patients, 20221
audio-psycho-phonology technique vs alternative therapy program, treatment outcome, anxious Afrikaans-speaking primary school pupils, South Africa, 26696
auditory EPs, prediction of disorder course & outcome, schizophrenic male vs female 19–55 yr olds, implications for classification, 11973
Axis V scale of DSM-III, assessment of treatment outcome & psychological functioning, psychiatric patients, 9265
baseline function & mental status, outcome of cataract surgery, 70 yr olds & older, 1 yr followup, 16710
Beck Depression Inventory vs Self-Rating Depression Scale vs Hamilton Rating Scale for Depression, measurement of treatment effects over time, depressed 19–40 yr olds, 24614
biological & personality & comorbidity & demographic & drug therapy factors, treatment resistant patients with major depression, 40777
cerebellar vermis brain ratio, neuroleptic response, male schizophrenic patients, 20018
client & service & provider characteristics, service utilization & outcome, 13–17 yr olds attending mental health clinic, 6348
client characteristics & treatment & treatment outcome, 65–91 yr olds in geriatric psychiatric unit, Australia, 23656
client characteristics predictive of successful rehabilitation counseling outcomes, disabled Black workers, 27253
client counselor agreement about client problems & effective treatment approaches, treatment outcomes, Black vs White vs Hispanic narcotic addicted males vs females, 6542
clinical & pharmacokinetic factors, effect of thioridazine on individual symptoms, patients with acute psychotic disorders, 2445
clinical features & symptoms, outcome, patients with neurotic depression, 6 & 20 wk followups, 5298
clomipramine & alternate sleep with total sleep deprivation & rectal temperature, clinical response, endogenously depressed 22–69 yr olds, 12572
coerced vs voluntary admission to rehabilitation program, control over drinking & other outcome measures, hospitalized alcoholic males, 2 wk to 18 mo followups, 2956
cognitive behavioral vs relationship oriented psychotherapy, treatment outcome, professional & managerial workers with depression or anxiety, 2314
cognitive performance assessed at start vs 8 mo following treatment & robustness of observed statistically significant relationships, male detoxified patients in alcohol rehabilitation, 6518
cognitive style & anxiety & extraversion & neuroticism, response to acupuncture, patients with chronic pain, 33715
cognitive theoretical vs in vivo exposure, treatment outcomes, agoraphobic patients, 37197
conflict theory model of decision making, prediction of outcome of alcoholism intervention, 34399
conservative treatment, neurological & neuropsychological outcome & occupational status, patients with cerebral arteriovenous malformation, 23087
construction & reliability & clinical utility of Portland Adaptability Inventory, outcome evaluation, 16–59 yr olds with serious traumatic brain injury, 7124
correlates of nonresponse to ECT, depressed elderly, 23135
counselor effectiveness, methadone maintenance outcomes, opiate dependent male veterans, conference presentation, 13256
cultural & historical dimensions of remission & relapse in alcoholism, implications for treatment & models of recovery, 6548
cultural differences in recognition & labeling & interpretation of deviant behavior, outcomes of psychiatric disorders & distress, implications for ethnopsychological experimentation, 40123
data collection, treatment outcome & program effectiveness research, 26741
demographic & MMPI characteristics, prediction of treatment outcome, chronic back pain patients, 9276
demographic & orthopedic & psychometric factors, prediction of orthopedic & rehabilitation outcome, adult candidates for 1st lumbar surgery, 2599
demographic & psychological & interactional variables, retention & success, adults in residential drug treatment center, 37925
demographic & psychological variables, treatment success, obsessive compulsive neurotic patients, Netherlands, 9268
demographic characteristics & history of drug abuse & treatment outcomes, 15–34 yr old heroin addicts, Spain, 1 yr followup, 20313
demographic characteristics & medical history & personality traits & family background & short term outcome, outpatients with major depression & dysthymia vs episodic major depression, 8628
demographic factors & smoking habit & pattern variables & stress & social support, participation & success in worksite smoking modification program, 18–57 yr olds, 6 mo followup, 6913
denial, medical outcome during acute hospitalization, patients with angina, 30746
depression & participation in or outcome of rehabilitation, chronic pain patients, 13204
depressive symptoms & mood & treatment outcome, 17–79 yr olds with sleep disorders, implications for differential diagnosis, 23010
development & reliability & validity of Major Problem Rating System, assessment of psychiatric outcome, clients, 38670
diagnosis of personality disorder, alcohol treatment outcome, alcoholic adult males, Italy, 1 yr followup, 20308
diagnostic criteria, prediction of drug response, schizophrenic 18–55 yr olds treated with chlorpromazine or haloperidol, 19923
differential diagnosis & individualized treatment & drug therapy, symptom remission, 24–80 yr old patients referred to mood disorder clinic for treatment resistant depression, Canada, 23134
disability compensation, inpatient pain management outcomes, male chronic low back pain patients, 13227
drug use, alcoholism treatment outcome, patients in hospital alcohol detoxification ward, 16950
early intervention teenage mother & infant program, maternal coping behavior & self esteem & child's cognitive & academic & behavioral functioning, low SES mothers & their 5–8 yr olds, followup study, 23601
ECT, endogenous vs nonendogenous symptoms, depressed patients, 26734
ECT, neurophysin response & treatment outcome, depressed patients, 30190
evaluation of bereavement program, widowed adults, 27137
experimental design & methods, assessment of rehabilitation outcome, patients with traumatic head injury, 27275
factors associated with response to ECT, patients with schizophrenia or schizoaffective disorder, 40546

family disposition & obstetrical complications & ventricle brain ratio, antipsychotic drug response, schizophrenic inpatients, 19998
frequency of followup interviews with vs without written self monitoring, alcohol use, alcoholic adults discharged from inpatient treatment, 1 yr study, 6544
Goal Attainment Scaling, evaluation of effectiveness of individual habilitation plans, severely or profoundly mentally retarded clients of state residential institutions, 13092
group norms, outcomes in spousal bereavement groups, widows & widowers, 33916
guidelines for determination of clinically significant change in behavioral medicine, patients with hypertension or obesity or cigarette smoking or headache or irritable bowel syndrome, 19665
guidelines for evaluation of efficacy & need for client outcome research in drug & alcohol rehabilitation, 20274
hospital based day treatment outcome, 4–12 yr olds with behavior disorders, 2786
IES Arrow-Dot test scores, prediction of successful completion of detoxification program, cocaine abusing patients, 30849
information & relaxation & cognitive behavioral & modeling interventions, stress during noxious medical procedures, patients, literature review, 12985
insight, clinical outcome, 18–61 yr old schizophrenic patients, 2.5–3.5 yr followup, 19708
intensive case management, hospitalization & functioning & care costs, chronically thought disordered 20–57 yr olds, 5 yr study, 37690
interrater reliability of revised Strauss & Carpenter Outcome Criteria, assessment of treatment outcome, borderline & psychotic patients 1 yr after psychiatric unit discharge, 3642
intracultural & cross cultural labeling, health behavior & treatment success, North American Indians, 23130
intrafamily threats, therapeutic processes & outcome, family therapy clients, 37376
legal coercion vs civil commitment vs voluntary treatment, outcome, opiate addicted patients, 23768
legal status, drug rehabilitation & long term outcome, clients in Drug Abuse Reporting Program, 6 & 12 yr followups, 16993
limitations of self report & need for additional measures, alcoholism treatment outcomes, 20287
lithium therapy & factors predicting favorable response, schizophrenic patients, literature review, 40746
locus of control & life events, treatment outcome & relapses, alcohol dependent adults in multimodal treatment, Italy, 16946
marital paradigm, outcome & treatment issues, couples in systems oriented marital therapy, 26862
medical & psychiatric & social outcome, medical inpatients with psychiatric disorder, 4 mo followup, 30748
methadone maintenance, heroin addicted White vs Hispanic male vs female adults, 23763
method using item cohorts with equivalent behavioral difficulty, within S comparisons of multiple treatment effects on nonacademic behaviors, 17540
methodological problems in natural history vs treatment outcome research, treated vs untreated alcoholic patients, commentary, 30840
methodology in outcome & followup of residential treatment & psychiatric hospitalization, 3–21 yr olds, 27230
MMPI classification system, prediction of drinking & adjustment outcomes, 16–65 yr old alcoholic inpatients, 16972
MMPI, determination of rehabilitation potential, successful vs unsuccessful 17–61 yr old male criminals in residential treatment centers, conference presentation, 13281
MMPI profiles, acupuncture vs behavior therapy vs placebo smoking cessation treatment outcomes, cigarette smokers, 20279
MMPI subgroup, long term treatment outcome, chronic pain patients, 1973–79 vs 1980–85, 2187
MMPI, treatment outcome prediction, 17–22 yr olds with anorexia nervosa restricting vs bulimia subtypes, 8–60 mo followups, 12568
morbidity & mortality, voluntary vs involuntary adolescent psychiatric patients, 4 yr followup, Canada, 20216
multidimensional paradigm approach to categorization of outcome criteria in rehabilitation, implications for rehabilitation practice, 20242
multidimensional scaling of computerized tomography parameters & response to haloperidol treatment, schizophrenic patients, 30442
need for research in goal setting & outcome measurement, alcohol rehabilitation, 20285
neurosurgery, rehabilitation outcome, epileptic patients, 20050
new MMPI based scale, prediction of postoperative pain & health status & social functioning, patients operated on for lumbar disk herniation, 2 yr study, 16758
noncompliance with & nonprescription & discontinuation of & nonresponse to lithium treatment, manic depressive patients, 9576
nontreatment factors, treatment outcome for drug or alcohol addiction, literature review, 30852
normalization & meaningfulness of clinical significance, 19691
objective vs subjective social support, depressive symptoms, 35–60 yr olds & older with major depression, 6–32 mo followup, 36590
outcome & risk, dual participants in multiple offender drinking driver & nondrinking driver alcohol treatment programs, 23765
outcome of home oxygen therapy, infants with bronchopulmonary dysplasia, 34185
outcome, patients with chronic mental illness who were committed to outpatient treatment vs released vs involuntarily hospitalized, 6 mo followup, 27207
outcomes of short term crisis housing alternatives to psychiatric hospitalization, clients with severe & persistent mental illness, 4 mo followup, 30630
outcomes, treatment by specialist mental health professionals vs general practitioners, meta analysis, 20041
paradoxical intention or symptom prescription or reframing, treatment outcomes, 1980–86, literature review, 26769
parental & patient participation in interdisciplinary team treatment planning, outcomes & length of hospital stay & staff attitudes, adolescent psychiatric inpatients, 9827
partial vs total corpus callosotomy, neurological & neuropsychological outcomes, 12–39 yr olds with uncontrolled epilepsy, 2644
participation in vocational rehabilitation programs & treatment outcomes, Hispanic vs White vs Black blind & visually impaired adults, 1985–87, 27294
patient & economic characteristics, outcome of inpatient vs outpatient vs inpatient to outpatient treatment, alcoholic adults with vs without concurrent drug use disorders, 6530
patient beliefs about alcoholism & expectations of success, prediction of detoxification outcome, alcoholic & drug abusing adults, 34380
patient characteristics & dangerousness assessment & length of stay & outcome, committed patients whose appeal was accepted vs rejected by Commission des Affaires Sociales, Canada, longitudinal study, 6436
patient characteristics measured by MMPI, prediction of treatment completion, males in residential alcoholism treatment program, 6557
patient health behavior education, clinical outcomes, elderly with various conditions & problems, 19663
perceptions of obsessive beliefs, response to clomipramine & live exposure, 18–60 yr olds with compulsive rituals, 19704
perceptions of parents, course of illness & outcome, schizophrenic patients, 19729
personality, survival time after bone marrow transplantation, 18–40 yr old patients with acute leukemia or chronic myelogenous leukemia or severe aplastic anemia, 30605
physician patient interaction, health outcomes, chronically ill patients, conference presentation, 37635

po DST prior to vs during antidepressant treatment, plasma dexamethasone concentrations, inpatients with major depression, 12589
predetermined period of psychiatric hospitalization & parent training, treatment effectiveness, 7–12 yr old patients, New Zealand, 1 yr followup, 23678
prediction of treatment outcomes in alcohol rehabilitation, married males, 10 yr followup, 20282
predictive index using sociodemographic variables, drinking behavior, alcoholic adult males in treatment program, 6531
predictors of & outcome characteristics related to against medical advice discharges, 20–62 yr old males discharged from psychiatric hospitals, 34312
predictors of dropout & outcome in cognitive therapy, depressed private practice patients, 19805
predictors of ECT responses, depressed inpatients, 5889
predictors of length of hospital stay & nursing home admission & 6 mo mortality & other outcomes, patients 70 yrs old & older admitted to acute care unit, 20195
predictors of outcome & long term maintenance of behavioral treatment, 17–78 yr olds with chronic insomnia, 23331
predisposing factors & treatment outcome, depressed Hmong refugees, 8748
presurgical coping behavior & expectations, postsurgical experiences & attitudes & mood & satisfaction with outcome, 14–43 yr old dentofacial surgical patients, 8 yr study, 12978
pretreatment & posttreatment predictors of relapse & outcome, stuttering 17–60 yr olds treated with behavioral vs dynamic psychotherapy, 16274
pretreatment characteristics & marital adjustment & alcohol treatment outcomes, couples recruited through radio advertisements vs traditional clinic sources, 41078
progress & use of services & outcome of treatment in different hospitals & groups, chronically ill day patients, Scotland, 3 yr followup, 16888
psychodynamics of success vs failure of treatment, patients with depression, 9294
psychological & physiological variables, prediction of success in biofeedback & cognitive self management for control of diastolic BP, borderline hypertensive 31–54 yr olds, 6096
psychological stress, immune status & surgical outcome, males undergoing hernia repair, 12984
psychopathology & precipitating stress & cognitive inefficiency, prediction of treatment outcome, 14–18 yr old psychiatric inpatients, 1.5 yr followup, 37794
psychosocial & personality characteristics, treatment outcomes, male incest & heterosexual pedophilic offenders in therapeutic community, 36 mo followup, 12595
psychosocial factors, success vs failure in penile prosthesis surgery, 12992
psychotherapeutic change due to changing self talk, 30197
psychotherapy vs pharmacotherapy treatment effects & goals, methodology in comparative studies, 5856
psychotic withdrawal & character pathology & violence-agitation & suicide depression, difficult to treat organically impaired vs nonimpaired long term psychiatric patients, 4 commentaries included, 16848
quantitative analysis of timing of observable behavior, prediction of response to sleep deprivation, depressed patients, 19668
quantity & duration of antidepressant drugs or lithium or ECT & patient characteristics, treatment outcome, 18–64 yr olds with major depression, 5865
re-evaluation of goals & methodology for assessment of clinical significance, 19688
rehabilitation following coronary bypass surgery, males with coronary heart disease, Finland, 16711
rehabilitation vs nonrehabilitative treatment, posttreatment characteristics & outcome, patients with severe traumatic brain injuries, 27252
relationship & social factors & events, treatment outcomes, patients with anorexia nervosa, England, followup study, 2222
relaxation training vs attention control vs problem discussion & personal characteristics, prediction of treatment outcome, 16–18 yr olds with recurrent headaches, 9279
reliability & validity of MMPI, assessment of behaviorally oriented treatment outcome, patients with chronic back pain, 1 mo followup, 24629
REM latency & patient characteristics, prediction of response to amitriptyline vs desipramine, 18–65 yr old outpatients with endogenous vs nonendogenous depression, 40797
research design & methodological issues in alcoholism treatment outcome research, 20299
research methodology in studies of marital therapy utilizing communication skills training vs cognitive techniques, commentary, 16434
research priorities for assessment of alcohol treatment outcomes, 41073
residential re-education treatment & role of client characteristics, aggressive behavior, 10.9–17.4 yr olds with behavior disorders, 20190
response to lithium vs rapid vs delayed vs nonbeneficial response to haloperidol, nosology of psychotic disorders, patients with schizophrenia or schizophreniform disorder or major depression or mania, 26075
risk factors & overall functioning & clinical variables, prediction of treatment outcome, 3–6 yr olds with developmental delays &/or emotional & behavioral problems in therapeutic preschool, 2770
risk taking in medical treatment decision making, 25–50 yr old health department employees, application of expected utility theory, 37629
selection of elective vs progressive mutism label & therapeutic goals & parents' expectations, treatment outcomes, 23140
service provision & treatment outcome, interdisciplinary inpatient assessment center, 60–96 yr old clients presenting with confusion, Scotland, 20103
sex & demographic & clinical severity & psychophysiologic variables, prediction of outcome with chlomipramine & exposure therapy, 18–60 yr old obsessive compulsive patients, 23089
sex of patient & family environment, course of treatment, schizophrenic patients & family members, 26701
single S ABAB & multiple baseline research designs for group psychotherapy outcome studies, 40705
social stability, abstinence rates following drug & alcohol rehabilitation, adult patients, 6 mo followup, 27352
social support from caregivers & peers & family, illness outcome, medical patients, 2186
sociodemographic & family & clinical & hospital variables, prediction of psychiatric hospitalization outcome, 20–29 yr olds, conference presentation, 27202
specific & nonspecific treatment effects in behavior therapy, meta analysis, 16477
status method, reporting client outcomes of community services, mentally ill, 13048
strategies & guidelines for measuring group counseling outcomes, 10th–12th graders, 10249
stress inoculation vs assertion training vs supportive psychotherapy & information group therapy, adult female rape victims, 6037
suggestion & social demand & contingent success in placebo procedures, improvement in treatment, socially anxious males, 27180
symptomatology vs diagnostic subtypes vs neuroendocrinology, prediction of amitriptyline response, patients with major depression, 6188
termination of subsidized methadone maintenance with vs without transfer to private program, outcome & societal costs, patients, 2.5 yr followup, implications for public policy, 41055
test items referring to personal social history, MMPI profile before vs after psychotherapy, prisoners, implications for evaluation of treatment outcomes & diagnoses, 134
therapist differences, outcome of cognitive behavioral prescriptive vs interpersonal psychodynamic exploratory treat-

ment in Sheffield Psychotherapy Project, 27–62 yr old patients, 33855
time limited vs unlimited compensation, pain behavior & treatment outcome, chronic low back pain male patients, 1 yr followup, 9272
treatment, adjudicated juvenile offenders, 1980–87, literature review, 16999
treatment completion vs dropout & abstinence vs relapse, serum prostaglandin synthesis, male alcoholic inpatients, 2 yr followup, 2925
treatment effectiveness evaluation using 4 yr longitudinal classification, prediction of behavioral outcomes, opioid addicted adult males, 6 & 12 yr followups, 6533
TSH response to TRH & therapeutic responses to lithium vs haloperidol, acutely psychotic 17–44 yr olds, 16538
underestimation vs overestimation of body shape, treatment response, female anorexic patients, 19725
unitary vs multidimensional models, alcoholism treatment outcomes, 6505
urine toxicology, prediction of outcome in outpatient treatment program & prevalence of concomitant drug use, alcoholics, 9902
utility of Quality of Life Index, assessment of outcome & goodness of fit between client & environment, mentally retarded adults in community program, 21049
utilization of psychiatric emergency services & subsequent outcome, 65 yr olds & older, conference presentation, 16897
validity of Millon Clinical Multiaxial Inventory-II, assessment of treatment outcome, psychiatric patients, replication, 21124
validity of predictors for treatment success, stuttering patients, commentary, 30154
value clarification, vocational training outcome, 16–63 yr old mentally & physically handicapped rehabilitation clients, 20246
verbal denial, medical & social & psychological outcome, myocardial infarction patients, 3–5 yr followup, 12408
views of vocational rehabilitation success & failure, rehabilitation counselors vs their clients, 6491
6 wk inpatient vs outpatient alcoholism treatment vs single confrontational interview, recidivism, alcoholic patients, New Zealand, 6511

Treatment Termination

analyst's geographic termination of private psychoanalytic practice, clients' reaction & analyst's counterreactions & countertransference, 30271
biographical & historical context of Freud's work on analysis terminable & interminable, conference presentation, 16387
closure in psychodrama, 12741
concept of termination in psychoanalytic process, conference presentation, 40606
criteria for psychoanalytic termination, 15 yr old female with absence of consciousness in difficult situations, conference presentation, 16409
demographic variables & semester break, prediction of premature termination of ongoing counseling, college students, 24238
developmental aspects, transference & countertransference & termination, 5 yr old male, conference presentation, 19733
discontinuation of lithium therapy, subsequent relapse or withdrawal symptoms, literature review, 9485
discontinuation of neuroleptic medication, return of psychotic symptoms, 34 yr old female, case report, 37516
discontinuation of tricyclic antidepressant or neuroleptic or antiparkinsonian medication, withdrawal symptoms & hematemesis, 66 & 76 & 79 yr olds, case reports, 23418
ego psychology & object relations perspective, termination process in psychoanalysis & psychotherapy, neurotic or borderline clients, 16332
legal issues in withdrawal of treatment, severely damaged neonates, UK, 33732
length & frequency of psychotherapy & termination criteria & clinical improvement, psychotherapists in private vs public clinic practice, 23178
medication termination, recurrence, 21–65 yr olds with unipolar depression, 34027
political & historical interpretation of Freud's work on analysis terminable & interminable, conference presentation, 16385
predictors of & outcome characteristics related to against medical advice discharges, 20–62 yr old males discharged from psychiatric hospitals, 34312
process & significance of termination in brief psychotherapy, college students, 31306
professional supervision for treatment termination, staff of psychiatric unit scheduled to be closed, 34291
psychiatric hospital treatment termination against permission, hospitalized psychiatric patients, UK, 34334
reasons for premature termination of group psychotherapy, 22–52 yr olds, 37371
reduction of antiepileptic medications, mentally retarded 11–67 yr olds with past history of epilepsy, 8 yr followup, 33990
reduction of antiepileptic medications, mentally retarded 11–67 yr olds with past history of epilepsy, 8 yr followup, commentary, 34044
reduction of antiepileptic medications, mentally retarded 11–67 yr olds with past history of epilepsy, 8 yr followup, commentary, 34054
reduction of antiepileptic medications, mentally retarded 11–67 yr olds with past history of epilepsy, 8 yr followup, commentary, 34076

use of health promotion & healing techniques, holistic physicians vs family practitioners, 23501
use of physical interventions in treatment, psychologists, 19694
utilization of goal directed treatment planning & diagnostic reasoning, male 15 yr old inpatient with behavior problems, 1825
vestibular habituation training, 20–80 yr olds with positional vertigo, 37243
videotape recorded playback in psychiatric treatment, adult psychiatric inpatients, 13091
voluntary vs court ordered treatment, abusive & neglectful parents & their 1–6 yr olds, 5869
Worker's Compensation intervention strategies, workers with physical disabilities incurred through work related injury, 37201

Tremor
diazepam or CL 218,872, pentylenetetrazol induced tremor & hyperactivity, rat pups, 39332
extrahepatic portacaval shunting, episodic confusion & tremor, 69 yr old male with cirrhosis associated with alcohol abuse, case report, 34182
glucose-physostigmine injections, scopolamine induced tremors & locomotor activity, 6 wk old mice, 21820
lithium & elimination of coffee from diet, worsening of induced tremor, 38 & 63 yr old females with bipolar affective disorder, case reports, 2484
unilateral frontoparietal lesions, stability & tremor in fingers, 29–78 yr olds, 22903
visual guidance & somaesthetic sensory imput, control of postural & kinetic tremor, patients with cerebellar system disorders, 16223

Triadic Therapy [See Conjoint Therapy]

Trial and Error Learning
contextual change effects as flexible responses vs memory failure, rats, 35445

Triazolam
adverse drug reactions to triazolam vs temazepam, hospitalized 16–94 yr olds, 40765
bicuculline with vs without pentobarbital or muscimol or triazolam, GABA receptor system & circadian rhythm of locomotor activity, SK/Nga vs C57BL/6 mice, 25210
flurazepam vs temazepam vs triazolam, plasma concentration & sedative intensity & performance impairment & memory, healthy 20–45 yr olds, 28861
immobilization, phase shifting effects of dark pulses & triazolam on circadian activity rhythm, hamsters, 35729
low dose alprazolam vs triazolam vs clonazepam, open field activity, male mice, 18377
Ro 15-1788 dosage, triazolam induced circadian rhythm phase shifts in wheel running, male hamsters, implications for neural receptors, 4502
time of daily triazolam, phase relationship between circadian activity rhythm & light-dark cycle, male hamsters, 923
triazolam & age, daytime sleep & nocturnal sleepiness during simulated night shift work, 20–55 yr olds, 21827
triazolam administered during entrained vs free running conditions, circadian rhythm of locomotor activity, hamsters, implications for physical & mental disorders, 21824
triazolam at start of long airflight, cognitive performance & mood & sleep, 18–51 yr old male soldiers, 34083
triazolam, behavioral & endocrine circadian rhythms, hamsters, implications for treatment of circadian abnormalities & depression, 11312

triazolam dosages, daytime sleep & nocturnal performance in work shift, 20–45 yr olds, 32165
triazolam into medial preoptic area, sleep, rats, 35859
triazolam, psychomotor performance & sleep, 18–34 yr old males, implications for commercial air travel insomnia, 32260
triazolam vs temazepam, immediate & delayed recall, insomniac adults, 6189
5 wk nightly triazolam, mood during & rebound anxiety after discontinuance of drug therapy, adults with chronic insomnia, 19928
Tribes
alcoholism & other disorders & suicidal ideation & suicide in custody, 12–65 yr old Aborigine prisoners, Australia, 19296
analysis of causes of criminal offenses & definitions of mental illness in bicultural setting, Maori offenders, New Zealand, 12138
analysis of community organization methods of Shuswap tribe & role of community psychology, Canada, 37704
childrearing practices & reservation life situation & aggression, Indian tribe, 25697
concept of individual & tribal integration & cohesion, Gurungs, Nepal, 29203
culturally sensitive approach to tribal governance issue management, Native American tribal leaders, 22130
factors in suicide, Aborigines, 1957–86, Australia, 19295
factors influencing well being & quality of life in retirement, Zulu migrant workers returning to rural lifestyle, South Africa, 29184
intelligence, tribal vs nontribal 16–20 yr olds, India, 22054
memories of parental rearing behaviors, conservatism, tribal vs nontribal college students, India, 22043
mental health reform & access to justice in bicultural society, Maori & Pakeha, New Zealand, 13034
psychoactive substances, healing ceremonies & trance induction, Kung Bushmen, Africa, literature review, 37578
self disclosure patterns, tribal vs nontribal adolescents, India, 8127
social & cognitive learning, socialization of homosexuality & heterosexuality in transition from childhood & adolescence to adulthood, Sambia males, Papua New Guinea, 32469
socialization of homosexuality & heterosexuality in transition from childhood & adolescence to adulthood, Sambia males, Papua New Guinea, commentary, 32500
tribal differences & alcohol related mortality, American Indians vs Blacks vs Whites, 1968–1978, 29752
tribal objects & artifacts & traditional dress, self representation & group identity, Bedouins, Jordan, 29202
Trichotillomania [See Hair Pulling]
Trifluoperazine
tranylcypromine vs trifluoperazine & tricyclic antidepressant, complications & side effects, adults with therapy resistant depression, 12911
trifluoperazine, CSF & plasma HVA, schizophrenic adults, 16633
Trigeminal Nerve
lingual trigeminal nerve transection resulting in oral deprivation, development & homing & orienting & play, kittens, 32135
Trigonum Cerebrale [See Fornix]
Trihexyphenidyl
chlorpromazine &/or trihexyphenidyl, pituitary gonadal axis, males with paranoid schizophrenia, 16624
chronic trihexyphenidyl vs carbamazepine with vs without haloperidol, regional brain substance P, male rats, implications for affective disorders & extrapyramidal side effects, 11276
trihexyphenidyl, predominantly negative symptoms, chronic schizophrenic patients, 16641
Triiodothyronine
acute & repeated administration of l-triiodothyronine & ECS, receptor function of 5-HT subtypes & hypothermia & locomotor response, mice, implications for antidepressant therapy, 25235
latent transient primary hypothyroidism or low T3 syndrome with elevated serum TSH, 24 yr old male & 15–20 yr old females with anorexia nervosa, case reports, 26577
triiodothyronine, antidepressant response to phenelzine, depressed 32 & 58 yr olds, case reports, 23403
TSH response to TRH, serum triiodothyronine & thyroxine, manic vs depressed inpatients, West Germany, 5289
ventricular size & plasma triiodothyronine, 15–32 yr olds with bulimia vs anorexia, 29995
Trinidad [See Trinidad and Tobago]
Trinidad and Tobago
cultural modification of alcoholism model, recovering alcoholic 60 yr old male, Trinidad, case report, 40268
mate selection & guarding & agonistic interactions, adult males vs females, Trinidad, 1305
naturalistic & personalistic medical knowledge paradigms, treatment & explanation of somatic & mental illness using local medicine, Creoles, Trinidad, 16301
Triplets
autism & cognitive disorder & perinatal stress, 2–23 yr old monozygotic vs dizygotic twins & triplets with vs without autistic twin members, Denmark & Finland & Iceland & Norway & Sweden, 33189
Trisomy [See Also Trisomy 21]
electrical membrane properties of cultured dorsal root ganglion neurons, trisomy-16 mice, animal model of Down's syndrome, 35578
murine trisomy 16 & abnormal cytoskeletal interactions, mice fetus, animal model of Down's syndrome, 35629
Trisomy 21
basal metabolic rate, healthy 22–35 yr olds with trisomy 21 Down's syndrome, 36933
glucose metabolism & neuropsychological assessment, dementia, 47 yr old male with Down's syndrome, 8950
location of gene encoding beta subunit of S100 protein on chromosome 21, implications for neurologic disturbances in Down's syndrome, 5532
Truancy [See Also School Truancy]
prevention & intervention plan for unauthorized absences in psychiatric facility, psychiatric patients, 6380
Trucks [See Motor Vehicles]
Trust (Social Behavior)
application of goal/expectation theory & prediction of cooperation in maintenance of sanctioning system, college students with high vs low levels of trust, US vs Japan, replication, 25892
conceptions of trust in context of social expectations, 1st vs 3rd vs 5th graders, 8114
factor analysis of Self-Report Trust Scale, assessment of interpersonal trust, adults, 28172
friendship & popularity attitudes & concerns about trust, high school juniors, 8152
group singing, trust & cooperation, 22–41 yr old males, Israel, 22318
group size, trust in social dilemmas, college students, 11755
high vs low risk condition, degree of trust formed toward interaction partner, college students, West Germany, 8347
male vs female supervisor & compliance gaining style, subordinate job satisfaction & trust in supervisor, employees, 13826
need for change in assumptions & values & priorities & reward systems, production of trust optimizing organizational environment, supervisors & managers, 24344
organizational political behavior, interpersonal trust & alienation & feelings about job performance, 23–58 yr old male public & private sector organization managers, 34940
personal trust, marketing & advertising research, managers & researchers, 17487
racial or sexual discrimination & parental or grandparental educational level & perceived social support, trust & self esteem, 19.8–20.5 yr old Black, 15194
sex, interpersonal trust toward males vs females, college students, 1976 vs 1986–1987, replication, 32772
subordinate trust & loyalty & leader personality & job characteristics & expectations, prediction of leader behavior, supervisors & workers, 13798

supervisor expertness & attractiveness & trustworthiness, performance & perceptions, counselor trainees, 23821
theistic vs atheistic counselor values, client trust, Mormon counseling clients & church leaders, 23628
trust & commitment & other orientation & dependency & comparative resources, perceived egalitarianism in dating relationships, unmarried college students, 1357
trust & organizational health of school, secondary school teachers & principals, 27523
trust in officials & knowledge of & emotions toward nuclear power, 18–21 yr olds, 22236
trustworthiness & expertise & dynamism as credibility factors, leadership practices, subordinates of senior managers, 27897
Tryptamine
iproniazid with vs without tryptamine vs 5-HT, active avoidance task learning, male rats, 35810
Tryptophan
bilateral microinjection of 5-HTP in lateral hypothalamus, response suppression, rats, animal model of depression, 4378
circadian & menstrual & postpartum stability of tyrosine & tryptophan transport across erythrocyte membrane, adults in their 30s, implications for biological marker of manic depression, 18166
clinical improvement, erythrocyte membrane transport of L-tyrosine & L-tryptophan & their plasma concentration, depressed treated 30–77 yr olds, 30142
dietary tryptophan, nutrient selection, male rats, 11319
DST & plasma L-tryptophan & glucocorticoid secretion, synthesis of xanthurenic acid measured in urine, patients with minor vs major depression with vs without psychotic features, 1645
fenfluramine following dietary tryptophan & pyridoxine, serotonin mediated behavior, male weanling rats, 4248
food before vs after morning observation period, CSF tryptophan & 5-HIAA & social & individual behaviors, monkeys, 4222
glycolic acid vs glycine vs tryptophan, feed intake & hypothalamic 5-HT & 5-HIAA, chicks, 35880
idebenone enhancement of cerebral metabolism, tryptophan deficient food motivated learning & scopolamine impairment of memory, male rats, animal model of presenile dementia & Alzheimer's disease, 39426
iv L-tryptophan, 5-HT function & serum prolactin level & mood responses, 3,4-methylenedioxymethamphetamine using 22–47 yr olds, 19386
iv levotryptophan before & during trazodone treatment, 5-HT function assessed by neuroendocrine & cardiovascular responses & subjective mood, 28–67 yr olds with major depression, 12899
iv tryptophan before vs during lithium treatment, neuroendocrine & mood responses, 24–63 yr old patients with affective disorders, 20005
ketanserin, quipazine vs 5-HTP induced leverpressing on FR schedule, squirrel monkeys, 4512
L-tryptophan competing amino acids ratio vs DST, clinical diagnosis, 18–75 yr olds with major or minor depression, 1646
L-tryptophan loading & age & sex, xanthurenic acid flow in urine after 24 hrs, 23–71 yr old patients with major vs minor depression, 1647
l-tryptophan, 9 & 12 yr old male with attention deficit/hyperactivity disorder & stimulant induced or aggravated tics, case report, 30419
levotryptophan vs phenylthiocarbamide vs dextrotryptophan vs saccharin vs water, differential intake, serotonin-deficient Fawnhooded vs Wistar rats, 11311
opioid agonists or naloxone & 5-HTP, feeding behavior, food deprived male rats, 4353
phenothiazines vs haloperidol vs anticonvulsants, whole blood serotonin & tryptophan & platelet count, autistic adolescents & adults, 34072
plasma tryptophan, depressed vs nondepressed 19–28 yr old bulimic females, 22989
plasma tryptophan ratio during bingeing & vomiting, bulimic females, 5684
platelet uptake & content of 5-HT & MAO activity & plasma tryptophan levels, adults females with PMS, 8985
pretreatment with oral tryptophan dietary supplement, alcohol induced impairment of face recognition & verbal recall, 21–29 yr old males, 14953
psychopharmacology of L-tryptophan & relation to serotonin, antidepressant & hypnotic action, literature review, 6119
pyrimidinyl-piperazines vs other 5-HT-1A receptor agonists vs L-5-HTP, anxiety measured by exploration in Montgomery's conflict test, male rats, 35898
ratio of plasma tryptophan levels to other neutral amino acids, depressed 26–55 yr olds, 26050
serum tryptophan conversion to kynurenine, newly abstinent adult male alcoholic inpatients, 3 mo followup, 1873
short vs long term fluvoxamine vs desipramine, prolactin response to tryptophan, depressed 21–70 yr olds, 40794
suppression test dose of dexamethasone, liver tryptophan pyrrolase activity & cerebral 5-HT synthesis &/or turnover, male rats, 25272
tranylcypromine vs 5-HTP vs nomifensine, 20–65 yr olds with major depression resistant to cyclic antidepressants, 26992
trazodone & L-tryptophan, 15–63 yr olds with obsessive compulsive disorder, 26983
tryptophan deficient vs nutritionally balanced amino acid mixture, plasma tryptophan & food selection, 18–30 yr olds, implications for role of 5-HT in protein selection, 25154
5-HT precursor 5-HTP, dextroamphetamine induction of acute psychotic symptoms, schizophrenic adults, 1615
5-HTP, Hoffman reflex recovery curve, medicated vs unmedicated manic or depressed patients vs normal adults, 6167
5-HTP vs clomipramine, patients with anxiety disorders, implications for role of brain serotonergic pathways, 26970
5-HTP with vs without benserazide, 25–77 yr olds with major depression, 34127
Tubal Ligation
government power & authority & incentives, decision making for sterilization, rural couples, India, 2633
preference for & number of sons & joint vs nuclear family structure, decision to undergo tubectomy, female clients under vs over 33 yrs old in rural areas, India, 22191
Tuberculosis
knowledge & beliefs & feelings about tuberculosis, Black 15–68 yr olds, South Africa, 40529
prior medication compliance & health beliefs, intentions to comply with imagined tuberculosis regimen, college students, 16598
Tumors [See Neoplasms]
Turkey
attitudes toward mental patients, college students in psychology vs science vs medical curriculum, Turkey, 22530
experiences teaching in graduate counseling program under Fulbright Act, counseling psychologist, 1982–83, Turkey, 13415
incidence of anorexia nervosa, Greek & Turkish 13–19 yr old students, West Germany vs Greece vs Turkey, 16079
SES & education & current practice & contraceptive method, perceptions of advantages &/vs disadvantages of breast feeding, Turkish mothers of infants, Sweden vs Turkey, 8256
Turners Syndrome
anorexia nervosa, female 19 yr old with Turner's syndrome, etiological implications, 5637
sex chromosome & hormonal anomalies & psychopathology & social functioning, female 18–40 yr olds with Turner syndrome, 29914
Turnover [See Employee Turnover]
Tutoring [See Also Peer Tutoring]
application of artificial intelligence to intelligent tutoring systems, 27585
authoritative parenting & scaffolding in tutoring of children's learning, task performance, 3 yr olds & their mothers vs fathers, 8045

cognitive reeducation tutorial program, adaptive & cognitive functioning, head injured 4.0–10.9 yr olds, 10208
expert & intelligent tutoring systems, knowledge base for performance of specialized tasks & instruction similar to human tutor, Air Force personnel, 13917
formal & informal academic help seeking behavior, college students, 13581
improvements in PIXIE tutoring system using artificial intelligence & defined subject rules, 13496
intrinsic vs extrinsic motivation & assessment of success, college students, tutors at disadvantaged elementary schools, Israel, 20437
order of stimulus presentation &/vs error contingent reprimands &/vs seating proximity to tutor, acquisition of number facts during flash card instruction, 1st–4th graders, 31095
paired reading tutoring technique, learning ESOL & Chinese orthography, ethnic Chinese students, Hong Kong, 31104
parental home tutoring education, academic skills & learning attitudes & self confidence & positive interactions, parents & their children, 34620
prompting corrections vs context cue vs praise for self correction tutoring strategies by mother, reading ability & comprehension, underachieving 7–7.7 yr olds, 24010
role of structural learning theory & relativistic knowledge & learner models in intelligent tutoring system, flexible assessment of learner capability, 17164
token reinforcement remedial reading program by cross age tutors, reading achievement, Black male 4th & 5th & 8th graders, 34711
training mothers as home reading tutors, children's reading accuracy & comprehension, 8–9 yr olds & their mothers, 27593
tutoring, mathematics achievement, college students, 31050
use of pause & prompt & praise in remedial reading strategies & tutoring, low progress readers, England, 3297
Tutors [See Teachers]
Twins [See Also Heterozygotic Twins, Monozygotic Twins]
affect attunement & attachment & temperament & zygosity, 10–12 mo old twins & their mothers, 32682
art & milieu therapy & grief expression, 9 yr old male with psychosomatic symptoms whose twin brother died at birth & his parents, case report, 33739
biometrical genetic analysis of handedness, male vs female 8–80 yr old twins, England, 593
birth of twins, maternal & infant behavior, langurs, 24963
birth order & birth weight & sex & zygosity, parental view of personality & relationship with parents & nontwin siblings, 3–19 yr old twins, England, 32674
birth weight differences of 25 percent or more, fine motor performance & coordination & visuomotor perception & risk of minimal brain dysfunction, infant twins, 23080
cognitive & social characteristics, verbal ability, 9 yr old twins vs singletons, 7 yr followup, 1026
environment &/vs heredity, interest in music profession & performance in or out of school & receiving honors for music, young adult twins, 35564
ethanol, emotional responses & intoxication, twins & adoptees, 1 mo followup, 21791
eye tracking dysfunctions, schizophrenic offspring of discordant twins, 1611
factor vs simplex models for repeated measures, psychomotor assessment of alcohol sensitivity, 18–34 yr old twins, 28571
genetic factors in etiology of anorexia nervosa, adult female twin pairs, conference presentation, 29969
genetic vs environmental variance on MMPI factors, 14–34 yr old same sex twins, 1117
genetics & personality traits, willingness to drive drunk, 18–34 yr old twins, 28579
heritability of Cook & Medley Hostility Scale & Cynicism & Paranoid Alienation subscales, adult male monozygotic & dizygotic twins, implications for study of coronary heart disease, 3563
interaction & egalitarian strategies & compensation mechanisms & adaptation, mothers & their twins followed from birth to 3 yrs, 32667
interpersonal relationship, development & mental health, twins, parenting implications, 8141
language abilities, 23 & 30 mo old twin pairs in which 1 twin suffered brain injury at birth, longitudinal study, 29932
LISREL, maximum likelihood estimates in fitting genetic models, twin data, 28580
LISREL model, effects of age & sex & genotype on self reported drunkenness after alcohol challenge dose, twins, Australia, 28581
LISREL model, effects of social homogamy & cultural inheritance on resemblance, twins & their parents, 28575
LISREL model, resemblances in sports participation & heart rate, 14–20 yr old twins & their parents, 28572
LISREL, testing of model of phenotypic means & covariances, twin data, 28574
LISREL, testing of univariate & bivariate & multivariate genetic models, cross sectional twin data, 28167
phenotypic factor structure of Eysenck Personality Questionnaire, adult twins, Australia, 3585
predictive power of 16PF vs Children's Personality Questionnaire, 11 yr old twin pairs & parents, 18 mo study, 7149
problems with unrepresentative ascertainment procedures in research, twins with psychiatric disorders, conference presentation, 1723
reactions to death of twin, 18–92 yr old identical & fraternal twin survivors, 3 yr study, England & Wales, 32915
regional cerebral glucose metabolism & integrity of cerebral structure, 19–23 yr old identical twin sets with psychotic episodes, 33029
schizophrenia or personality disorder or substance abuse or other psychiatric diagnosis, patients with alive vs dead cotwin, England, 5094
size for gestational age, temperament, full term vs premature 1–19 day old same sex twins, 19021
stability of genetic determination of social & antisocial & neurotic behavior & speech & IQ & achievement & body size, 2.5 yr old male twins, 7 yr study, 25395
statistical model for assessing genetic vs environmental causes of continuity & changes using longitudinal twin study design, 7230
suspicion of twin pregnancy prior to medical confirmation, mothers, US & Canada, implications for diagnosis, 32648
Type A behavior pattern & physiological cardiovascular disease risk factors, 6–11 yr old twins, 19528
validity of questionnaire method, determination of twin zygosity, 7–16 yr old same sex twins, Czechoslovakia, 18072
within pair EEG similarity, twins reared apart, 14658
Tympanic Membrane [See Middle Ear]
Type A Personality [See Coronary Prone Behavior]
Type B Personality [See Coronary Prone Behavior]
Type I Errors
control of Type I errors & power, normal approximation to binomial test with vs without continuity correction, 3672
conventional ANOVA vs epsilon correction vs nonparametric vs parametric univariate tests, Type I error rate & power in groups by trials analysis under violated assumptions, 31737
G. S. James's & Y. Yao's test of equality of mean vectors, assessment of Type I error rates under variance covariance heteroscedasticity, 7199
MANOVA vs multiple ANOVAs, control of Type I error, 21163
Monte Carlo evaluation of ordinal interaction technique vs ANOVA & population main effects, power & type I error rate in 2 factor design analysis, homogeneous vs heterogeneous populations, 24692
parametric & nonparametric analysis of groups by trials design under variance-covariance in homogeneity, 31736
probability of Type I errors using moderated multiple vs principle component regression, evaluation of moderator effects, 181

Type I & II errors in Likert scale measurement, commentary, 14216
type I error rate & power of & critical percentages for Schmidt & Hunter meta analysis procedure, 10686
violation of multisample sphericity & unbalanced design, power & Type I error rates of repeated measures multiple comparison procedures, 7238
violation of multisample sphericity for multiple comparison ANOVA procedures for pairwise contrasts in nonorthogonal split plot repeated measures designs, Type I error rate, 17680
Type II Errors
statistical significance testing of subtest score differences, frequency of Type II errors in profile analysis of intelligence test scores, 7210
statistical Type II errors of equivalence of 2 regression models, leisure research & management policies that disenfranchise recreationists, 3665
Type I & II errors in Likert scale measurement, commentary, 14216
Typing [See Clerical Secretarial Skills]
Typists [See Clerical Personnel]
Typologies (General) [See Taxonomies]
Typologies (Psychodiagnostic) [See Psychodiagnostic Typologies]
Tyramine
moclobemide, po & iv tyramine induced changes in BP & heart rate, 20–26 yr old healthy males, implications for drug treatment of depression, 39419
tyramine excretion vs MAO activity, prediction of response to imipramine vs phenelzine, nonmelancholic depressed adults, 20015
tyramine, mydriatic response, healthy African vs Caucasian young adults, 11202
Tyrosine
alpha-methylparatyrosine &/vs reserpine, bromocriptine induced yawning, male rats, 7930
circadian & menstrual & postpartum stability of tyrosine & tryptophan transport across erythrocyte membrane, adults in their 30s, implications for biological marker of manic depression, 18166
clinical improvement, erythrocyte membrane transport of L-tyrosine & L-tryptophan & their plasma concentration, depressed treated 30–77 yr olds, 30142
gepirone vs ipsapirone, haloperidol vs alpha-methyl-p-tyrosine induced serum prolactin secretion, male rats, 35871
po tyrosine, 8–14 yr olds with attention deficit disorder & hyperactivity, 12847
triadimefon & reserpine or tyrosine hydroxylase inhibitor, motor activity in maze, male rats, 32178
tyrosine hydroxylase gene restriction fragment length polymorphisms, probands with bipolar affective disorder, 29658
tyrosine, stress due to cold & hypoxia in simulated high altitude, 18–20 yr old Army personnel, 40749
tyrosine, stress resistance in combat, military personnel, implications for prevention & treatment of stress casualties, 28964
Ulcerative Colitis
illness variables, coping styles, adults with ulcerative colitis, 5572
psychoanalysis, 31 yr old female with ulcerative colitis, case report, conference presentation, 19782
Ulcers (Gastrointestinal) [See Gastrointestinal Ulcers]
Ulnar Nerve [See Spinal Nerves]
Ultrasound
amino acids vs beta casomorphins vs naloxone vs morphine, ultrasound vocalization, rat pups, conference presentation, 21729
brain ultrasound appearance, prediction of neurodevelopmental impairment, preterm infants assessed at age 4, 29906
contact with silent vs intact females & age, ultrasonic vocalization, castrated vs neonatally gonadectomized vs intact male vs female mice, 32142
critical period for use of ultrasound sonicguide, congenitally blind 5–48 mo olds, 34364
endogenous late components of cortical EPs in response to ultrasonic signals, estrous female rats, 11025
exposure to fetal imaging, state anxiety & stress, expectant fathers, 23488
monitoring system for ultrasonic vocalization, mice, 28563
psychological aspects of ultrasound imaging during pregnancy, expectant mothers & fathers, 20097
reactions before vs after ultrasound examination, pregnant females with normal vs raised serum alpha fetoprotein, 30621
single ultrasound scan, child image & body perception, pregnant 18–31 yr olds, Austria, implications for iatrogenic effects, 12981
ultrasonographic observation of in utero behavior vs behavior after birth, infants assessed from 14th–18th prenatal week to 1 yr of age, 15038
ultrasound brain scanning & neurological examination, prediction of neural development, at risk infants born at less than 33 wks gestation, 1 yr followup, 5801
ultrasound examination, anxiety & depression & hostility & somatic symptoms of distress, pregnant 21–42 yr olds, 37651
ultrasound scanning with vs without visible monitor screen, attitudes toward procedure, White primiparous 18–32 yr olds, 13001
utility of ultrasound detector, assessment of orofacial dyskinesia, 37–77 yr olds with chronic schizophrenia, 1654
8-hydroxy-2-(di-n-propylamino)-tetralin, ultrasonic vocalizations & immobility reactions, rat pups, 18346
Unconditioned Reflex [See Unconditioned Responses]
Unconditioned Responses
adaptive function of CRs & UCRs, evolution of higher nervous activity according to theories of Pavlov, 442
amphetamine, unconditional vs conditional responses to alimentary vs social rewards, male dogs, 4398
cerebellar nucleus or cortex lesions, eyelid alpha & classical conditioning & responses, male rabbits, 11167
perceived UCR strength, magnitude of CR during Pavlovian electrodermal conditioning, college students, 17882
Unconditioned Stimulus
conditioned opioid analgesia, shock induced associative UCS preexposure deficit, rats, 21382
context UCS associations, simultaneous associations between CS & UCS, water deprived rats, 10915
distribution & number of preacquisition UCS presentation & UCS preexposures, magnitude of retardation of nictitating membrane conditioning, rabbits, 35475
estradiol benzoate vs progesterone vs testosterone propionate as UCS, conditioned taste aversion using saccharin as CS, gonadectomized male vs female mice, 4252
lithium chloride UCS, within compound learning in taste aversion, rats, 418
method of signal introduction, CS & US response, pigeons, 35448
methoxamine as UCS in cardiovascular classical conditioning, BP & bradycardia & heart rate, rabbits, 11228
nonaversive RT task as UCS, conditioned heart rate & GSR, 20–37 yr olds, 21614
preconditioning injections of lithium chloride vs saline, conditioned taste aversion, weanling vs young adult vs old rats, 437
random CS & US, stimulus learning & acquisition & maintenance for blocking like procedures, pigeons, 35473
sensory preconditioning & UCS inflation, differential aversive electrodermal CR, 18–35 yr olds, 24892
shifts in CS duration & UCS probability, positive conditioned suppression, male rats, 17955
UCS revaluation, classical CR strength & self observed changes, 17883
vasopressin as UCS, passive avoidance behavior, rats, 14844
Unconscious (Personality Factor)
art & psychotherapeutic techniques as methods for modifying unconscious belief systems, conflict resolution & organizational development, 17390

attitude/orientation of unconscious complexes, distress symptoms, college students, test of Jungian hypothesis, 36480
computer model of unconscious spread of anxiety linked inhibition in cognitive networks, female college students, implications for psychodynamic vs cognitive methods, 24804
contribution of E. Sapir's concept of unconscious to L. Strauss & J. Lacan's psychoanalytic theories, 14010

self image, 13–19 yr olds, West Germany vs US, 18696
self reported fears, college students, UK vs Netherlands vs US, 15490
sequential vs simultaneous processing performance, 2.5–8.5 yr olds, Japan vs US, 8024
sex & culture, structure of emotions, college students, US vs Canada, 32882
smokeless tobacco research, US, literature review, implications for drug education, 36375
social & psychological factors & life stress, development of schizophrenia & depression, adults, Israel vs US, progress report on research begun with B. Dohrenwend, conference presentation, 1582
social interaction, 2–8 yr olds, US vs Indonesia, 15164
social policy, compulsory treatment of drug addiction, US & West Germany, 23774
social science record, Hispanic females, US & Puerto Rico, bibliography, 1175
social studies education, American world view & responses to Vietnam & Vietnamese, soldiers, US, 20452
socialization & perceptions & attitudes making up world view, US vs USSR, 15267
socio-cognitive conflict in task pairs of differing cognitive development, conservation task performance, 5–7 yr old pairs, US vs USSR, 36097
sociometric status & self esteem, 4th–6th graders, Taiwan vs US, 25568
special education, Great Britain vs US, 13641
standard deviation of job performance, hosiery or knitwear industry employees, US vs UK, 34964
successful career attainment, middle aged females, Israel vs US, 34860
teaching of psychology, US vs UK, 6703
techniques for examination of stereotypical thinking during cultural exchanges, Soviet & American filmmakers & physicians, 18745
telephone crisis lines in suicide prevention & caller characteristics, callers & staff, US vs Yugoslavia, 27148
turn allocation in lessons with 3rd graders, teachers, US vs Puerto Rico, 41239
unemployment, mental health, US & Europe, 24288

use of humor in TV advertising, ad agency executives, US vs UK, 41563
victim characteristics & family structure & perpetrator profile & description of abuse, sexually abused children, Canada vs US, 22761
views of punishment & rationales, adults, US vs Japan, 11649
vocational interests & personality characteristics, college students & professional engineers, Mexico vs US, 27837
willingness to communicate & communication apprehension & competence, college students, Australia, comparison with US data, 36391
work values, males, US vs Japan, 31404
Universities [See Colleges]
Unwed Mothers
ethnographic analysis of taxonomy of social support, unmarried adolescent mothers, 11458
motor & cognitive & nonplanning impulsiveness, male felons & unwed mothers, 5456
welfare policies & illegitimate birth rates, adolescent females, policy implications, 34176
Upper Class
affluent lifestyle, narcissism & multigenerational family disorder & individual vs family therapy, adolescents, 6028
history of private asylum, upper class patients, 1792–1917, England, 20191
Urban Environments
academic achievement & attrition, Black vs White urban college commuter students, 1979–85, 27613
active vs traditional classroom environment in city vs kibbutz schools, interactive & noninteractive behaviors, 3rd graders, Israel, 20550
age & fear of crime, constrained social behavior, city residents 16 yrs old & older, 4939
age & urban vs rural environment, attitude toward women's liberation movement, females 16–20 yrs old vs 40 yrs old & older, India, 4914
altruism for telephone vs face-to-face requests in urban vs rural environments, 22–25 yr old males, India, 8345
angling socialization & sex, angling participation, Black vs White urban 6th–9th graders, 32484
assertiveness & substance use, White vs Black vs Hispanic 12–14 yr olds in suburban & inner city settings, 39693
attitudes & knowledge about & interest in wildlife, urban Black adults & college & junior & senior high school students, 36123
attitudes toward disabled persons, high school students from city vs kibbutz, Israel, 29934
attitudes toward drinking & drunkenness, urban Black & Colored & Indian & White 18–64 yr olds, South Africa, 18863
Catholicism as indicator of social integration, suicide rates, urban populations, 8787
city size & other factors, walking speed measuring pace of life, adult pedestrians, Australia & England, 22117
clinic use & physical & mental health concerns, at risk inner city 13–18 yr olds, 13005
cognitive maps & perceptions of crowding in city center, Black vs White urban residents, South Africa, conference presentation, 20912
concepts of rural vs urban places & self images, college students from urban vs rural environments, 6963
conceptual framework for understanding alienation & commitment, urban high school students & teachers, implications for policy, 31155
construction & validation of Township Life Events Scale, assessment of perception of township life, Black blue collar workers, South Africa, 14193
content categories & viewing time & predictor variables, preferences for slides of urban environments containing prominent natural elements, college students, 34980
contraceptive responsibility vs irresponsibility, sexual attitudes & values & knowledge, Black inner city 9th graders, 18686
demographic & personal characteristics & incidence of physical & mental illness, urban vs rural females who refused vs responded to survey of psychiatric disorders, 5126
demographics & employment & drug use & treatment & AIDS knowledge, social context of HIV risk, iv drug abusers, 1918
differences in intelligence & educational levels, male draftees from urban vs rural areas, Denmark, 20430
disability in instrumental activities of daily living, mortality rate, 65 yr olds & older in urban community, Japan, 1 yr followup, 40440
elevated subway train noise over time, visual vigilance performance, Black lower SES kindergartners, 15081
emotional life & expression & interpersonal relations & self concept, male vs female Holocaust survivors from city vs kibbutz, 40 yr followup, Israel, 26133
experience & knowledge & perception of environment measured using model analysis of knowledge systems, 4th graders in urban area, Spain, implications for urban education & planning, 39635
family values, college students from Athens vs small rural communities, Greece, 32639
future work family relations research & public policy, urban underclass, 31414
health dependency, rural vs urban 65 yr olds & older, 37641
hospitalization, fears & negative behaviors & anxiety, urban vs rural 4–17 yr olds, 2852
identification of needed research on perception of urban architectural & natural border environments, Mexico, 24439
implementation of urban community support system, mentally ill, 30639
industrial & urban environments & formal education, psychological differentiation, 7–10 yr olds of formerly nomadic tribe, India, 29171
influences on anonymity & tolerance & alienation & community social bonds & deviant behavior in urban settings, adults, test of predictions from 3 perspectives, 39731
interaction & development of paired cities along border region, Mexico & US, 24432
interpersonal communication & media use, attitude toward & commitment to community, neighborhood vs large metropolitan area residents, 36409
involvement with school & in children's education, low income urban parents, 24076
leisure & recreation activities in urban parks, White vs Hispanic vs Black social groups, 3487
locus of control & achievement motivation, educational & occupational aspirations, rural vs metropolitan 11th graders, 4750
meaning of city image, planning & design project, adults, conference presentation, 20918
mental health services, inpatients in metropolitan vs nonmetropolitan counties, 37829
needs & role in prevention of pregnancy, adolescent fathers & at risk adolescent males in urban communities, social service implications, 39624
number of participants in Transcendental Meditation programs, local crime rate, 1972–79, 28007
perceptions of change from low density residential desert landscape to high density urban land use, residents, 20920
perceptions of problems & issues, kibbutz vs urban adolescents, Israel, 35985
perceptions of their students' parents & related factors, urban elementary school teachers, France, 41187
physical & mental health status, 65 yr olds & older living in large city, West Germany, implications for health services delivery, 32922
poverty & social & economic & political disparities & racial economic inequality, forcible rape, metropolitan communities, 19315
practice in rural vs urban settings, members of National Association of Social Workers, 38036
prevalence & patterns of drug abuse, Black & Hispanic 17–74 yr old inner city psychiatric inpatients, 1871

prevalence & severity of alcoholism in inner city, household vs homeless 18–70 yr olds, 15935
primary relationships & social participation, urban adults, Korea, 1362
program & client characteristics of treatment system based on minimal institutionalization, bed utilization, urban psychiatric patients, 20212
psychosocial factors, adjustment to old age & retirement, urban vs rural 62 yr olds, Finland, 8187
roles & activities & stresses & physical & psychological well being, urban vs rural ministers providing disaster relief after flood, 37747
rural vs urban environment, attitudes toward parents, 13–20 yr old males, India, 4698
rural vs urban environment, mental health, 17–18 yr old students, India, 11523
rural vs urban residence, adjustment, higher secondary school students, India, 11529
SES & kin interaction, urban Black adults, 11632
sex & age & rural vs urban environment, content & intensity of self reported fears, 4th & 6th graders, 25575
sex & age, anxiety, 16–21 yr olds in rural vs urban environment, India, 22072
sex & urban vs rural background & demographic characteristics, field independence, Birom 16–20 yr olds, Nigeria, 8161
sex & urban vs rural environment, achievement motivation & academic performance, 10th graders, India, 6734
sex, time spent on housework, rural vs urban full time employed couples, 1223
small vs large urban communities, choice of front or back seat, female vs male solo taxi passengers, Australia, 15555
social & emotional role of pets, urban adult pet owners vs non-pet-owners, 11794
social class & intragroup regionality & leisure patterns, urban or rural Blacks, 24499
social psychological variables, cognitive evaluations of distance in urban retailing environment, community residents, England, 3466
sociodemographic characteristics & health & number & proximity & characteristics of adult children, frequency of contact, rural vs urban elderly, 8183
spasmodic vs congestive dysmenorrhea, rural vs urban 16–35 yr old females, India, conference presentation, 37103
strategies for fostering establishment & maintenance of inner city self help groups, community residents, 13032
town size in urban vs rural area, family & friendship & life & job satisfaction, community residents, Canada, 29412
urban environmental psychology models, Christian spirituality, 3456
urban vs rural environments, psychotropic drug use & prescription rates for tranquilizers, 2567
urban vs rural residence & age & sex & race & educational level & marital status & utilization of health services, somatization, 18–65 yr olds, 26654
urban vs rural residence, personality traits, primary school students, India, 22053
utility of Pediatric Early Education Exam, neurodevelopmental assessment, inner city males with behavioral disorders, 26255
views of R. E. Park on community development & race relations in cities, immigrants & Blacks, 1914–44, 1188

Urban Planning
experience & knowledge & perception of environment measured using model analysis of knowledge systems, 4th graders in urban area, Spain, implications for urban education & planning, 39635
interaction & development of paired cities along border region, Mexico & US, 24432
political economy, aesthetic quality & urban development & design, 13940

Urbanization
social support system structure, mortality rates, modern vs premodern societies, 4792
traditional vs modern rural settlements, quality of environmental experiences, Saudi Arabia, 3453

Uric Acid
release of oxytocin & monoamines & uric acid in olfactory bulb & substantia nigra during parturition & sucking of & separation from lambs & eating, ewes, 4183
serum uric acid & hyperactivity, male vs female Cajun French preschoolers, 12331

Urinalysis
quantitative spectrofluorometer assay of urinary riboflavin tracer of compliance in drug therapy, healthy males & females, 37474
quasi-delusions & anxiety about urine sample, pregnant patient, case report, 19222
role of alcohol programs in evolution of EAPs & differences in EAPs dealing with alcohol vs other problems & urinalysis, 20827
urinalysis & family therapy in drug treatment program, adolescents, 2950

Urinary Function Disorders [See Also Urinary Incontinence]
beliefs about symptoms of lower urinary tract infections & interaction with & management by health professionals, female 18–60 yr olds, 2095
bethanechol chloride prior to exposure therapy, psychogenic urinary retention patients, 6209
biofeedback & behavior therapy, self catheterization, anxious 7 yr old female with noncompliant bladder, 37428
health belief & theory of reasoned action models & psychosocial factors, prediction of drug therapy compliance, 16–79 yr old females with uncomplicated urinary tract infections, 16623
relaxation training & Kegel exercises & practice in urinary control, 32 yr old female with urinary urgency associated with sexual arousal, case report, 12776
sex therapy, sexual problems, 22–69 yr old females with interstitial cystitis, 26721
transference resistance manifested by lowering voice, 25 & 32 yr old male analysands with inhibition of urination in public places, case reports, 30279

Urinary Incontinence
alarm vs day bed training, enuretic 6.1–14.4 yr olds, 16479
behavioral analysis of labor cost, management of independent vs dependent continent vs incontinent nursing home patients aged 65 yrs old & older, nursing staff, 16893
behavioral approach, nocturnal enuresis, mentally handicapped & epileptic & hyperactive 16 yr old male, 9466
behavioral intervention, urinary incontinence, 65–93 yr old inpatients, 6387
behavioral training with vs without biofeedback, urinary incontinence, elderly ambulatory patients, 2406
behavioral treatment & elimination of dietary caffeine, nocturnal enuresis & anxious behavior, mildly mentally retarded 21 yr old female, 12801
bell & pad vs dry bed method vs tangible rewards with fading nocturnal enuresis treatments, outpatients over 6 yrs old at enuresis clinic, 33966
biofeedback & behavior therapy, 62 yr old female with urinary stress incontinence & 46 yr old female with fecal incontinence secondary to multiple sclerosis, case reports, 9469
bladder control training, enuresis, Kurdish vs Moroccan vs Ashkenazi 3–18 yr olds & their mothers, Israel, 40346
changes in sleep stages & body movement, 5–12 yr olds with idiopathic nocturnal enuresis, 26527
childhood history of functional nocturnal eneuresis, females with hyperprolactinemic vs normoprolactinemic amenorrhea, Italy, 37022
contingent music with vs without bell pad, enuresis, severely mentally retarded 21 yr old female, 12577
developmental & family history profiles, 6–14 yr old & older enuretic vs other psychiatric patients, 32978
etiology & evaluation & treatment & relationship to sleep, primary enuresis, children, literature review, 16225
hypnotherapy, 17–74 yr old females with urinary incontinence due to detrusor instability, 2 yr followup, 16663
imipramine &/vs alarm device &/vs random awakening &/vs placebo, enuresis, 5–14 yr olds, 2005

immediate vs delayed vs random alarm awakening & linen changing & practice walks to bathroom enuresis, mentally retarded 13–29 yr olds, methodological considerations, 19890
incidence of secondary enuresis, institutionalized 12–17 yr olds with conduct disorders, South Africa, 33335
Kegal exercises & biofeedback, management of urinary incontinence, 60 yr olds & older, 6 mo & 1 yr followup, 37415
misdiagnosis of agoraphobia, 74 yr old male with bladder control dysfunction & urinary incontinence, case report, 33590
overnight simultaneous EEG & cystometric monitoring, proposal of classification system of enuresis, 5–31 yr olds, 40528
partial vs thorough awakening, bedwetting, 4–11 yr olds, 23341
pharmacologic & behavioral & psychotherapeutic treatment program, childhood enuresis, 5899
predictors of premature withdrawal from behavioral conditioning program, 5–14 yr olds with nocturnal enuresis & their parents, 16528
progressive retention training & cognitive restructuring & desensitization, 32 yr old male with psychogenic urinary frequency, case report, 2–10 mo followup, 6091
risk benefit information for 4 treatments, choice of treatment, college students role playing parent of enuretic male, 16504
short term hypnotherapy, 5 yr old female with postvoid urinary dribbling, case report, 27030
use of health services & personal health behaviors, urinary loss control, incontinent 60 yr olds & older, 37630
use of "King Tiger" character in family therapeutic setting, behavior change, aggressive 8 yr old male with enuresis, 2392
Urination
anogenital stimulation, urination, male vs female 4–5 day old rats, 24969
environmental & social stress & medical problems, house soiling behavior problems, cats, 18031
fluid intake & urinary excretion patterns & creatinine concentration, polyuric vs nonpolyuric patients with chronic psychosis, 33207
kainic acid selective damage of neurons in medial septum of forebrain, body weight & food & water intake & urine output, male rats, 21694
natural & artificially stimulated urine amounts & uterine position, elicitation of maternal anogenital licking, male vs female gerbils, 35491
water excretion & plasma vasopressin, water intoxication, 18–42 yr olds with schizophrenia or schizoaffective disorders, 22531
Urine
dextroamphetamine sulfate vs fenfluramine hydrochloride, renal clearance & plasma concentrations of HVA, 6–12 yr old males with attention deficit disorder, 37120
high performance liquid chromatographic vs fluorometric assays, measurement of stress-induced changes in catecholamine excretion, healthy 3 & 30–50 yr olds, 28684
L-tryptophan loading & age & sex, xanthurenic acid flow in urine after 24 hrs, 23–71 yr old patients with major vs minor depression, 1647
lithium toxicity derived from drinking own urine, 52 yr old male with bipolar disorder, case report, 2521
period of behavioral musth & androstenedione & LH urine concentrations, 37 yr old African bull elephant in captivity, 39131
preweaning stimulation with urinary chemosignals, age of sexual maturation, female mice, 393
proportion of urine from male vs estrous vs pregnant vs lactating female, acceleration vs delay of first vaginal estrus in young females, mice, 842
puberty accelerating male urine vs puberty delaying female urine, investigatory behavior, peripubertal female mice, 28834
quinine in tonic water, false positive urine drug screen, drug-free & medication-free male 25–45 yr olds, 36897
response to own vs different species' urine, pigtailed vs stumptailed macaques, 28468
situational stress, self assessed mental tension & urinary biogenic amines & heart rate & BP & skin conductance level & EMG, champion rifle & pistol shooters, 11093
stability of urinary MHPG levels during depressive episodes, adults with major depression, 8572
urinary catecholamines & their metabolites & serotonin metabolites, mentally retarded 10–17 yr olds, 12303
urinary epinephrine & waking time during daytime & nighttime bed rest, adult males, implications for detection & sleep disturbance, 11098
urinary free & conjugated catecholamines & metabolites, autistic 3–10 yr olds, 15622
urinary free cortisol excretion, male alcoholic patients whose depression lifted vs remained after 4 wks of treatment, 20294
urinary norepinephrine to cortisol ratio, differential diagnosis, male inpatients with PTSD vs endogenous depression vs bipolar disorder vs paranoid vs undifferentiated schizophrenia, 5278
urinary output of MAO inhibitor tribulin, adults with generalized anxiety disorder, 15645
urinary phenylacetic acid excretion levels, depressed 27–79 yr olds, implications for biological marker of depression, 19109
urinary sulphatoxymelatonin as index of melatonin output from pineal gland, females with anorexia nervosa or bulimia, commentary, 29982
urine from donors of different ages & sexes to anogenital regions of 19 day old mouse fetuses killed by freezing, parental care, virgin naive albino female mice, 35714
urine odor of cage mate vs unfamiliar same sex gerbil, investigative behavior & ultrasonic vocalization & scent marking, male vs female gerbils with male vs female cage mate, 3984
urine toxicology, prediction of outcome in outpatient treatment program & prevalence of concomitant drug use, alcoholics, 9902
work conditions, urinary excretion of catecholamines, adult male prison guards & administrators & supervisors, Sweden, 7725
22.8 hr day, sleep & circadian rhythms of temperature & urinary excretion, adults, 4253
Urogenital Disorders [See Also Amenorrhea, Dysmenorrhea, Endocrine Sexual Disorders, Genital Disorders, Gynecological Disorders, Hermaphroditism, Hypogonadism, Infertility, Kidney Diseases, Klinefelters Syndrome, Menstrual Disorders, Turners Syndrome, Urinary Function Disorders, Urinary Incontinence]
female telephone perversion, urogenital infections caused by urinary retention as sadomasochistic perversion, 20 yr old heterosexual female analysand, 33845
ketoconazole, auditory & visual hallucinations, 51 yr old male being treated for urethritis, case report, 37499
prevalence of alcohol misuse, 16–60 yr old genitourinary patients, 22780
psychotic episode induced rhabdomyolysis & renal failure, schizophrenic 40 yr old Black male, case report, implications for psychiatrists, 36586
Urogenital System [See Also Cervix, Female Genitalia, Gonads, Kidneys, Male Genitalia, Ovaries, Penis, Prostate, Testes, Uterus, Vagina]
anogenital stimulation & thoracic spinal transection, leg extension response, 20-day old rat fetus, 11168
application of urogenital substances from estrous females to external urogenital areas of ovariectomized mice, genital sniffing & mounting & attack behavior, male mice, 18056
lithium with vs without neuroleptics or antidepressants or benzodiazepines, renal function, 21–87 yr old psychiatric patients, 1963–84, Sweden, 30400
medroxyprogesterone acetate with vs without tamoxifen, aggressive behavior & testis & seminal vesicle weight, male mice, 18442

models of renovascular hypertension, renin angiotensin system & voluntary alcohol intake, male rats, 7700
Uruguay
reliability & concurrent validity of Spanish version of State Trait Anxiety Inventory, high school students, Uruguay, 28128
Uterus [See Also Cervix]
disconfirmation of belief that womb wandered & caused globus hystericus in ancient Egyptian papyri, 40146
proximity to males in utero, rate of sexual development, female Mongolian gerbils & their daughters, 392
Utilization (Health Care) [See Health Care Utilization]
Vacation Benefits [See Employee Leave Benefits]
Vacationing
domain specific approach to study of life satisfaction following vacation, working adults, 36474
motivation for & interaction during & consequences of hand feeding of mountain sheep, tourists, 20984
personality correlates of psychocentric vs allocentric vacation behavior, college students, 1452
psychological studies of behavior & experience, tourists, 3493
structure of & therapeutic strategies used in Group Out of School program, emotionally & behaviorally disturbed 12–15 yr olds, UK, 6772
therapeutic vacation in treatment of affective & anxiety disorders, 40538
Vaccination [See Immunization]
Vagina
behavioral & vaginal changes during estrous cycle, tayras, 39145
electrical stimulus, vaginal sensitivity under nonerotic conditions, 18–60 yr olds, 35743
intrusive investigation on vaginal eroticism, retrospective reactions, coitally experienced adult females, 36331
pressure or pleasurable self stimulation of anterior or posterior vaginal wall vs clitoris, pain or tactile thresholds, females, 11704
self reported central sexual arousal without objective vaginal arousal, 19 yr old female, 36351
vaginal bacteria, sexual attractiveness, female rats, 21587
Vaginismus
diagnosis & treatment of vaginismus, females & their partners, 26717
hypnotic techniques in sex therapy, vaginismus & 22 yr unconsummated marriage, 46 yr old female, case report, 30543
relaxation & hypnotically guided imagery in therapy, 32 yr old female with vaginismus, case report, 9596
theories & treatment, vaginismus, 23102
Vagotomy
parasympathetic vs sympathetic autonomic nervous system, negative tilt UCS for heart rate interbeat interval UCR, dogs with bilateral vagotomy, 32133
Vagus Nerve
breathing & relaxation with vs without training in vagal innervation methods, tachycardias & cognitive anxiety, adults with panic disorder, 6100
cholecystokinin, real vs sham feeding, rats with gastric vagotomy, 25133
direct sensorimotor coupling through superficial sensory layers mapping directly onto underlying motor layer in vagal lobe, oropharyngeal reflexes, goldfish & carp, 621
interstimulus interval in signaled vs unsignaled choice RT task, cardiac cycle time, adults, model of vagal excitation in attention demanding tasks, 4207
lesions of vagal afferent terminals at area postrema & subsequent nucleus of solitary tract, glucagon induced suppression of feeding, 14800
selective gastric vagotomy, motion induced conditioned taste aversion, hooded rats, 21691
stimulus & response RT task timing during cardiac cycle, primary bradycardia & vagal inhibition, commentary, 11063
stimulus & response RT task timing during cardiac cycle, primary bradycardia & vagal inhibition, commentary reply, 11072
stimulus & response RT task timing during cardiac cycle, primary bradycardia & vagal inhibition, male college students, 11071
Validity (Statistical) [See Statistical Validity]
Validity (Test) [See Test Validity]
Valium [See Diazepam]
Values [See Also Ethnic Values, Personal Values, Social Values]
acceptance of cultural values & social norms & extent & meaningfulness of intergenerational interaction & marihuana use, college students vs their parents or guardians, 18699
acculturation & values, Greek immigrant families, Australia, 39746
age & yrs of formal education & work values, middle managers, 27878
aspiration level & value preferences, occupational decisions, rural vs urban vs non-Gujarati secondary & college teachers, India, 13462
behavior & values of voluntary simplicity, consumers, 31493
beliefs & values, sterilization decisions, errata, 23523
commitment to rational process & humanity in social studies & science & mathematics disciplines, values education in secondary schools, 38109
consumer research laddering technique, interviewing & analysis & interpretation of values & attitudes, consumers, 35012
content & source of organizational values & culture, organizational effectiveness, 13900
cross cultural differences in value of children, childrearing attitudes & behavior, parents, Asia vs US, 11616
cultural influences & values, clothing choices & appearance, 28–32 yr old Mexican American females, 36242
development & reliability & validity & scoring of personal & social & religious & economic values scale, adult females, India, 38666
development of instrument to measure affective behaviors relating to justice & religion & literature & science value domains, 7154
educational expansion, achievement values & behavior, educational & occupational groups, 1950s through 1980s, West Germany, 23921
emotions & values & decision making model, 14370
expectancy & task value ratings, achievement behavior in physical education skills classes, college students, 31118
goal values & instrumental values & role of peace, 30 yr old & younger workers, Romania, 29199
guiding principles & values in old age & significant life events & work attitudes, retired elderly & employed 16–60 yr olds, Bulgaria, 22108
historical review of society's changed perception of values of childhood & motherhood from 1st century to present, 32678
individualistic vs societal values & language choice, bilingual Hindu vs Muslim vs Sikh immigrants vs indigenous adults, Great Britain, 15269
interdependence structure & values & expectations of other's preferences, social decision making, college students, 1365
intergenerational continuity of attitudes & values about dogs as companions, young married couples with 1 child & their parents, implications for socialization, 18778
intra-individual variability in factor analysis, Work Values Inventory administered daily, college students, implications for vocational personality traits, 7176
logotherapy course based on social learning theory, value system behavior change, psychology graduate students, conference presentation, 3025
McClelland's distinction between needs & values, commentary, 8463
Monte Carlo design, correlation among 6 scales of Survey of Interpersonal Values, 28184
perceived value congruity & departmental power, department members vs top managers, 13803
perceived value similarity & stability, social evaluations of Black American vs African targets, Black college students, 25881

perception of family, personal values, college students, 22204
perceptions of age appropriate behavior in recreation vs family vs career, 24 yr old & younger females vs their mothers vs their grandmothers, 32524
personal vs impersonal vs nonpersonal teaching style & cultural performance value, 7th–8th grade teachers in suburban middle class school, 38059
philosophical differences in consideration of patient's best interests, competent or incompetent or never competent patients, 23545
political considerations in & value influences of Management Information Systems, implications for social casework, 41440
priorities in expressed values from survey data, 1968–81, US, conference presentation, 25677
response nondifferentiation in value surveys, rating vs ranking result discrepancies, adults, implications for form resistant correlation, 28103
response order effect, cognitive theory in survey measurement of values, respondents, 11825
role of education in fostering beliefs & values & behaviors outside of cultural norms, 13440
role of gravity center shift & symbolic values, transgressive decision making, commentary, 35369
salience of exercise value & degree of attitude behavior inconsistency & dissatisfaction with current behavior, confrontation induced change in physical exercise behavior, college students, 10499
sex & age & SES, traditional vs nontraditional values, 14–19 yr olds, India, 36180
sex & sex role typing, preferences for work role values, 11th graders, Israel, 32489
sex, work values, college students vs their parents, 34866
shared values & priorities, knowledge utilization in public mental health systems, implications for quality of care, 30660
small group humanistic approach, integration of ethics & values & medical education, medical students, 41148
social orientation & instrumentality, prediction of self reported values & accomplishments & competencies & goals, male high school students applying for college fellowship, 8072
social values & egocentric bias, perception of cooperative vs competitive behavior, college students, 4989
societal change, values & norms, West Germany, 18739
subjective belief value structures & housing attribute dimensions, residential preferences & choices, adults, Sweden, 8441
value & interest differences, conflict resolution, adults, 11735
value analysis vs phenomenological psychobiography method, analysis of R. Wright's "Black Boy", 18498
value aspects & technical validity & judgments & useful functions of psychodiagnosis, commentary, 36688
value hierarchies, 15–18 yr olds & their parents, Belgium, 1074
value orientations & coping strategies & vulnerability to stress, prediction of depression, Korean American vs White college students, 1542
values & cooperation, productive organizational collaboration, employees, Singapore, 31442
values as orienting beliefs & therapeutic relationship & strategies & intercultural treatment, counseling, commentaries included, 23620
values, college students at Christian liberal arts college vs state university, 24073
values education in family life education, 37404
values education in family life education, commentary, 37403
values framework, selection & implementation of interventions, families with handicapped children, 23271
values placed on controversial social behaviors & self vs peer vs teacher rated social competence, 7th & 8th graders, 29104
work values & sex role orientation, occupational choice, female graduate counseling students, 38336
work values, college students preparing for various occupations, implications for validation of Work Importance Study, 24307
Valves (Heart) [See Heart Valves]
Vandalism
junior high school environment & discipline procedures, vandalism, 6th–9th graders, 20426
verbal IQ levels, property vs violent offenses, male juvenile delinquents, 1848
Variability (Response) [See Response Variability]
Variability (Stimulus) [See Stimulus Variability]
Variability Measurement [See Also Analysis of Covariance, Analysis of Variance, Interaction Variance, Standard Deviation]
analysis of misspecified structural equation models using 1 vs 2 incorrect restrictions, sampling variability & z-values of parameter estimates, 31720
dichotomous & continuous variables in robust classification of univariate or multivariate observation, 7201
pedometer vs vibrarecorder, between day & cow recordings of bite number & grating bouts, dairy cows, 28530
protocol analysis of variability of consumer survey questionnaire completion strategies & decision making, college business students, 38524
variability in EPs due to sex & age & other effects, implications for methodology in schizophrenia research, 33080
Variable Interval Reinforcement
acute vs chronic physostigmine, leverpressing under random vs VI schedules, male rats, 35817
amphetamine vs pimozide, response rates & motor capacity in VI reinforcement, male rats, 28993
chain VI VI schedule concurrent with single VI reinforcement schedule, keypecking, pigeons, 24939
change after reinforcement vs elapsed time, pecking rate under VI component of multiple VI extinction schedule, male pigeons, 38989
cocaine vs pentobarbital, FI & random interval performance, male monkeys, 7863
component duration in multiple VI schedules in open vs closed economies, keypeck responses rate, male pigeons, 24949
concurrent VI choice as simulation of naturally occurring food procurement in patchy environment, rats, 31919
concurrent vs multiple VI schedules reinforced by food &/vs alcohol, behavioral contrast, rats, model of alcohol consumption, 24953
conditioning with VI schedule & interspersed extinction periods using flashing vs steady light measuring successive discrimination, male rats with dorsal noradrenergic bundle lesions, 4298
dose level of mephenytoin & multiple VI extinction schedule, response rate, pigeons, 14934
equal response costs in interval & ratio schedules, reinforcement maximizing performance, pigeons, replication, 38976
FR vs VI reinforcement, nicotine vs amphetamine discrimination, male rats, 28975
independent vs nonindependent concurrent VI-VI schedule, sensitivity to amount & delay of reinforcement, pigeons, 14518
multiple VI reinforcement rate schedules, behavioral contrast, pigeons vs rats, 35447
overall reinforcer rate feedback function & schedule preference, control of responding in concurrent VI schedules, pigeons, 31915
pimozide pretreatment, VI operant response rate & free feeding & extinction, rats, 14954
reinforcement magnitude & frequency in concurrent VI VI schedule, choice behavior, 18–21 yr old male college students, 28292
reinforcement rate, choice of reinforcement schedules, pigeons, 7538
reinforcer frequency & duration in concurrent VI schedules, choice behavior, pigeons, 7531
response independent vs dependent conditioned reinforcers in VI schedule, anticipatory contrast during schedule transition, pigeons, 7562

signalled VR vs VI schedules, overshadowing & potentiation of instrumental responding, rats, 3953
simple matching vs maximization of reinforcement choice behavior under concurrent VI & VR schedules, male pigeons, 21384
time allocation & component reinforcer rates in multiple VI VI schedules, local response rates, pigeons, 38971
transitivity in choices between VI & FI schedules, pigeons, 38983
unsignaled vs briefly signaled vs completely signaled delays to reinforcement, pecking response rate under VI schedule, pigeons, 14553
variable time reinforcement independent of responding vs DRO, keypeck response rate under concurrent VI schedule, pigeons, 21377
VI reinforcement schedules, response rate, male monkeys, 7551
VI schedule of reinforcement, response rate of leverpressing, male rats, 35472
VI schedule of token rewards, on task behavior & academic achievement, mildly handicapped or learning disabled or trainable mentally retarded 6.6–15 yr olds, 20609
VR vs VI-plus-linear-feedback schedules, responding, 31–41 yr olds, 38912
30 vs 60 second response independent FI vs VI reinforcement schedules with inconsistent color signals, superstitious behavioral responses, college students, 38956

Variable Ratio Reinforcement
concurrent VR schedules, response & time distribution, male rats, application of generalized matching law, 14540
equal response costs in interval & ratio schedules, reinforcement maximizing performance, pigeons, replication, 38976
linear system theory, response rate under VR schedules, 3941
reinforcement ratio requirements, rates of key pecking or pressing for food, pigeons, 414
reinforcer magnitude & ratio size, postreinforcement pause under VR schedules, female pigeons, 14508
signalled VR vs VI schedules, overshadowing & potentiation of instrumental responding, rats, 3953
simple matching vs maximization of reinforcement choice behavior under concurrent VI & VR schedules, male pigeons, 21384
theories of momentary vs global maximization of reinforcement vs matching under dependent concurrent VR schedules, prediction of schedule choice, 20–27 yr old females, 21268
VR reinforcement vs concurrent extinction, transition state choice behavior, pigeons, 3945
VR schedule with diffuse vs localized visual vs auditory signals correlated vs uncorrelated to reinforcement delay, response rate, male rats, 3952
VR vs VI-plus-linear-feedback schedules, responding, 31–41 yr olds, 38912

Variance Homogeneity
hierarchical clustering of rows & columns of contingency table, 7228
variance heterogeneity, differences between group means in educational & social science research, 7254

Vascular Disorders [See Cardiovascular Disorders]

Vasectomy
government power & authority & incentives, decision making for sterilization, rural couples, India, 2633
performed vs refused vasectomy & popularity & attitudinal change toward delayed physical & psychological sequelae, physicians & family planning clinic staff, 27092

Vasoconstriction
finger nerves blocked by local anesthetic, blood flow in all fingers during digital vasoconstriction biofeedback training, 19–33 yr olds, 35668

Vasoconstrictor Drugs [See Amphetamine, Angiotensin, Bufotenine, Methamphetamine, Methoxamine, Norepinephrine, Serotonin, Tryptamine, Tyramine]

Vasodilation
biofeedback training to vasodilate in cooling environment, vasospastic attacks, 21–63 yr old Raynaud's patients, 19914
d,l-homocysteic acid into subtentorial midbrain periaquiductal gray, hindlimb movement & vasodilation measuring coordination somatic & autonomic changes, decerebrate cats, 32098

Vasodilator Drugs [See Also Nicotinic Acid]
calcium channel blocker nifedipine, development of depression, 57–76 yr olds, case reports, 9526
calcium channel blocker nimodipine vs diazepam vs haloperidol vs morphine, discriminative stimulus effects of dextroamphetamine in drug discrimination paradigm, male rats, 18404
nifedipine & haloperidol, 9 yr old male with Gilles de la Tourette's syndrome, case report, 37469
nifedipine, iminodipropionitrile induced dyskinetic syndrome, male rats, 4328
nimodipine, associative eyeblink learning, aging rabbits, 28840
nimodipine efficacy assessed with nuclear magnetic resonance imaging & psychometric measures, patients with multi-infarct dementia, 33995
nimodipine vs nifedipine vs nitrendipine, antidepressant effects, rats & mice, 35792
peripeduncular nucleus administration of verapamil, neuronal activation of lordotic behavior, ovariectomized female rats, 4415
verapamil, cortisol & prolactin & growth hormone levels & psychopathology, bipolar patients, 9505
verapamil or nifedipine, 17 yr old female & 48 yr old male with obsessive compulsive disorder, case report, 16562
verapamil, PMS, 45 yr old female, case report, 19939
verapamil, tardive dyskinesia & psychosis, schizophrenic patients, 20008
verapamil, tardive dyskinesia, 67 yr old female with schizoaffective disorder, case report, 16544
verapamil treatment, 30–70 yr old stutterers, 30409
verapamil vs amitriptyline vs state adjusted treatment, depressed inpatients, 26964
verapamil, 35–66 yr old psychiatric patients with severe & stable tardive dyskinesia, 34017

Vasopressin
ACTH vs vasopressin vs cortisol, sensory perception & attention reflected in auditory EPs, 28590
active & passive avoidance & conditioned freezing acquisition & retention, male rats with vasopressin deficiency vs heterozygous for diabetes insipidus, 4185
arginine vasopressin analog, urinary active kallikrein & urine concentrating ability, lithium treated 29–75 yr olds, implications for nephrogenic diabetes insipidus, 2562
arginine vasopressin injection into brain stem & amygdala, behavior, male rats, 25322
arginine vasopressin, reversal learning, Holtzman albino vs Long Evans hooded rats, 35903
arginine vasopressin, reversal learning & retention of black & white visual discrimination, male rats, 825
arginine vasopressin vs oxytocin, learning & recall & auditory EPs, male college students, 4352
bingeing & vomiting, insulin & cortisol & prolactin & vasopressin secretion, bulimic females, 33560
bovine parathyroid hormone & arginine vasopressin, urinary cyclic adenosine monophosphate response & concentrating ability, schizophrenic 24–67 yr olds on long term neuroleptics, 2563
desglycinamide arginine vasopressin, verbal memory, 21–30 yr old males, 32266
desglycinamide-8-arginine vasopressin, organometal neurotoxin trimethyltin induced deficits in operant responding, rats, 910
desglycinamide-9 (Arg)-8 vasopressin vs vasopressin antiserum, learning of iv cocaine self administration, male rats, 11207
diurnal variations in serum sodium plasma arginine vasopressin & urine osmolality, schizophrenic 31–49 yr olds with psychosis & intermittent hyponatremia & polydipsia, 33208

epinephrine vs ACTH-(1-24) vs lysine vasopressin, extinction blocking & retroactive interference in inhibitory avoidance task, female rats, 25246
intranasal 8-arginine-vasodepressin, hypothalamus-pituitary-adrenal apparatus, female 19–42 yr old outpatients with migraine headaches, 26926
intrathecal vasopressin, antinociception vs motor effects assessed through pain tests, male rats, 18456
iv hypertonic saline, thirst & plasma arginine vasopressin, female 18–37 yr olds with anorexia nervosa vs bulimia, 40473
neonatal vasopressin antagonist treatment, lordosis response & hypothalamic vasopressin, female rats, 21786
neuropsychological performance & memory & CSF vasopressin & HVA & 5-HIAA & MHPG, 61–85 yr olds with Alzheimer's disease, 40431
osmolality of urinary arginine vasopressin & sodium & potassium & creatinine & water, manic depressive 49–64 yr olds, 5299
osmotic simulation vs induced hypotension vs metoclopramide, plasma vasopressin response, patients with Alzheimer's disease, 16189
oxytocin vs vasopressin, EPs following dichotic listening & BP & heart rate, male college students, 11011
physostigmine, plasma arginine vasopressin & beta endorphin & epinephrine, patients with Alzheimer's disease, implications for role of cholinergic mechanisms, 37123
posttraining &/vs pretesting administration of naloxone &/vs ACTH vs vasopressin vs epinephrine, retention of shock avoidance learning, rats, 7869
solution osmolality & sodium content, drinking & lysine vasopressin responses, minipigs, 39405
testosterone, flank marking induced by arginine vasopressin within medial preoptic anterior hypothalamus, castrated vs intact male hamsters, 14804
tolerance & etiology & impact of arginine research in study of mechanisms of alcoholism, 5524
vasopressin & vasopressin analogs, mnemic problems, literature review, implications for treatment of memory disorders, 37091
vasopressin, ACTH & cortisol response, depressed patients with normal vs abnormal DST responses, 8535
vasopressin analog desmopressin, 24 yr old female Marine sergeant with memory dysfunction following transsphenoidal resection of pituitary adenoma, 30428
vasopressin analog vs oxytocin vs hypertonic saline, discrimination learning, neonatal rats, 18305
vasopressin antagonists, water intake & osmotic thirst, dogs, 917
vasopressin as UCS, passive avoidance behavior, rats, 14844
vasopressin modulation of nicotinic cholinergic mechanisms, retention, male mice, 11215
vasopressin receptor & cholinergic nicotinic antagonists, hypertonic saline & vasopressin facilitation of retention of inhibitory avoidance task, male mice, 35774
vasopressin receptor blockade in anterior hypothalamus, suppression of aggressive behavior, male hamsters, 21736
vasopressin vs d-amphetamine vs desglycinamide vasopressin, visual attention performance & signal detection measures, male rats, 11293
vasopressin vs vasopressor antagonist into lateral septum, memory of exposure to sexually immature conspecific measured by investigatory behavior, male rats, 14837
water deprivation, plasma vasopressin & osmolality, pony mares, 35706
water excretion & plasma vasopressin, water intoxication, 18–42 yr olds with schizophrenia or schizoaffective disorders, 22531
1-desamino-8-D-arginine-vasopressin, memory & information processing, 18–60 yr olds recovering from minor head injury, 34024

Velocity

aperture orientation & grating speed & contrast, perceived vertical motion in barberpole illusion measuring motion integration, college students, Japan, 35288
apparent vertical & horizontal motion, displacement of judged vanishing point, adults, 14283
background parameters in visual space conditions, judgment of space vehicle approach velocity, adults, 21220
bar velocity & movement distance with vs without static reference, motion sensitivity & preferences, 8–20 wk olds, 32392
change in spatial location of target, correction of velocity components of visually guided reaching, cats, 398
city size & other factors, walking speed measuring pace of life, adult pedestrians, Australia & England, 22117
dark interstimulus interval between successively presented illuminated spots, speed of apparent motion, college students, 28237
detection thresholds of acceleration vs deceleration of objects along horizontal vs vertical visual axes, 19–25 yr olds, 35275
goal directed continuous elbow movements in motor task, adaptive programing with use & peak & average velocity increases, monkeys, 21358
history & methodology, discovery of Gestalt transportation principle in speed perception, J. F. Brown & W. Kohler, 35064
hypothesis using relative velocity differences, prediction of perceived rotating stereokinetic cone height, 24774
isoluminance & temporal or spatial or spatiotemporal stimuli, RT & perceived velocity, adult males, 7355
length of metal rod or path delimited by apparatus & speed of finger movement, perceived length, blindfolded adults, 7293
motion angle of sinusoidal line stimulus & resulting local velocities in visual field, motion perception & mathematical model for prediction of sensitivity to motion change, adults, 14299
movement in 1 of 2 sinusoidal gratings with same orientation, discrimination of motion direction & velocity, Os, 17769
object size & tolerance for grasping error & movement speed, finger-thumb aperture & wrist velocity in prehensile movement, male 19–25 yr olds, 21205
optical flow speed & displayed dot density, perception of translational heading, college students, 10754
parallel & mirror movements & relative velocity, bimanual coordination, 5 vs 7 vs 9 yr olds, 1004
pattern of angular velocity in rotating visual scene, standing postural sway responses, 23–34 yr olds, construction of visuomotor interaction model, 17740
perceived rigidity of moving 2 dimensional figures with limited range of contour orientations, Os, test of E. C. Hildreth's velocity perception algorithm, 14298
peripheral field movement & target location & velocity & direction, target motion detection, college students, 7337
police radar, speeder slowdown & overall speeds of cars with & without radar detectors, drivers, 13756
postevent information, accuracy of speed estimates for automobile accidents witnessed visually &/vs auditorily, college students, 212
preferred vs high vs low vs increasing tempo vs discovery learning training conditions, large amplitude high tempo fluent movement performance on ski simulator, 18–34 yr olds, 38750
previous drinking experience & blood alcohol level, automobile speed perception, male 22–48 yr olds, 11256
random trial to trial variations in target disparity, angular & objective velocity vs size discrimination & constancy, adults, 35295
rotation speed of optokinetic drum, perceived illusory self motion & motion sickness symptoms & gastric myoelectric activity, college students, 28711
salience of angle & velocity information & distal mass ratio of object, heuristic model of judgment of mass of 2 objects involved in collision, adults, 31786
sequential finger tapping, laterality differences in speed & control, right handed adults, conference presentation, 28622

signal frequency & sound source velocity, auditory localization, 21–45 yr olds, 14343
size of moving target & uniform vs contour background pattern moving in same vs opposite direction, perceived direction during visual tracking, college students, 7341
speed &/vs accuracy objective in visually directed pointing tasks, limb & eye movement, left vs right handed college students, 35248
tactile brushing stimuli delivered to dorsal forearm, discrimination & scaling of perceived & actual velocity, adults, 17720
target step amplitude & initial eye position, maximum velocity of centripetal saccadic eye movements, human males & females, 655
temporal frequency of inducer oscillation, induced motion, 20–25 yr olds, 35303
validity of one-third power law & conformity to relation between tangential velocity & radius of curvature in movement, 20–40 yr olds, 10716
velocities of flow field relative to O, qualitative & quantitative motion parallax, college students, 10721
velocity discrimination thresholds, ability to detect contrast vs luminance variations, adults, 28262
velocity gradients & segmentation boundaries, perception of 3 dimensional structures from motion of dot patterns, Os, 17786
velocity of random dot patterns, velocity & direction & opposite direction discrimination, adults, 28232
velocity of target movement, EEG slow waves during smooth pursuit tracking, 23–33 yr olds, 32031
velocity of visual stimuli, smooth ramp vs step ocular accommodations responses measuring dual mode behavior in feedback control process, 34 & 38 yr olds, 14284
walking speed & delay & practice with vs without feedback, distance estimation & variability in movement direction, college students, 7288
Venereal Diseases [See Also Herpes Genitalis, Syphilis]
construction & reliability & validity of Likert type rating scale, measurement of cognitive & affective & conative attitudes toward sexually transmitted diseases, 7th–12th graders & college students, 31693
descriptions of most common sexually transmitted diseases & suggestions for client education & counseling, 26621
educational program on sexually transmitted diseases, attitudes & knowledge & sexual behavior, 7th–12th graders, 20496
educational videotape &/vs special pill packaging, adherence to tetracycline treatment regimen, 14–59 yr olds with sexually transmitted disease, 12916
fear of venereal disease or pregnancy, restraint of premarital coitus, college students, 36347
knowledge of gonorrhea &/vs syphilis &/vs herpes &/vs AIDS, 13–22 yr old male street prostitutes, conference presentation, 33485
mathematical model for contagion rate of sexually transmitted diseases as function of number of sex partners, 20–70 yr olds, Japan vs US, 9115
psychosocial factors & social work facilitation, disclosure of sexually transmitted disease to partners, clients, 27168
psychosocial factors, predisposition for promiscuity & possibility of contracting sexually transmitted diseases, 15 yr olds & older, Canada, social work implications, 26684
teaching strategies for school & community settings, psychosocial impact of sexually transmitted diseases, 27170
Venezuela
evaluation of diagnosis of 1st admissions to inpatient psychiatric unit, patients with schizophrenia vs organic psychosis vs manic depressive illness, 1974–83, Venezuela, 30709
extrinsic vs intrinsic religiosity & prejudice, 16–19 yr old college students, Venezuela vs other countries, 11593
SES & exposure to newspaper vs TV, identification of social problems as important, adults, Venezuela, validation of nominal agenda diversity model, 35924
Ventricles (Cerebral) [See Cerebral Ventricles]
Ventricles (Heart) [See Heart Ventricles]

Verbal Ability
allographic writing disorder, 48 yr old dysgraphic male with left hemisphere damage, case report, 40386
capacity to differentiate identity & resemblance & difference relationships & metaphor production, preschoolers, 4623
cerebral laterality as reflected by visuospatial vs verbosequential skills, reading & language & mathematics achievement, 9–12 yr olds, 20513
cognition & language function & behavior & emotional reactions, 41–70 yr olds with frontal lobe degeneration of non-Alzheimer type or Pick's disease, conference presentation, 37070
cognitive & social characteristics, verbal ability, 9 yr old twins vs singletons, 7 yr followup, 1026
compensatory processes, conversational speech, right handed 54 yr old male with stroke & neologistic jargon aphasia, case report, 2090
content & construct & criterion validity of Test of Word Finding, 1st–6th graders, 3313
content vs structural schemas & oral vs written verbal tasks, organization of speech, 2nd–11th graders, 15110
description of pictures in written English vs sign language, locative prescription sentence errors, hearing impaired 12–20 yr olds vs normal hearing 6–9 yr olds, 29981
development & validity of test battery, assessment of oral & written language skills, K–1st graders, implications for interventions with beginning readers, 14097
development of pseudoword repetition test, phonological processing & academic achievement, 7–12 yr olds with learning disabilities, 38676
epilepsy, verbal behavior & language, literature review, 12435
error rate on Memory for Designs Test, verbal performance achievement levels on WAIS-R, patients with seizure disorder or unipolar or bipolar epilepsy, 9135
familiarity with proverbs & age & education & childhood SES, scores on Proverbs Test, Black 18 yr olds & older, 10811
grammatical semantic abilities, patients with dementia of Alzheimer type, 37155
hampered production of words vs restricted vocabulary, 7.5–10.5 yr old males with learning problems referred for special education placement, 13676
handedness, verbal ability, primary school students, Greece, 39554
hemispheric specialization for mental calculation & verbal tasks using time sharing paradigm, abacus experts, 21513
individual vs group attention vs play contexts & verbal skill, stereotypy & task involvement, autistic 5.6–10.6 yr olds, Australia, 15656
intelligence & language ability, Asian ESL students vs native English speakers, conference presentation, 21848
intracarotid amytal test, determination of speech & memory lateralization, preoperative epileptic 13–51 yr olds, 19617
intrusion errors in verbal recall & recognition, patients with Huntington's vs probable Alzheimer's disease, 16137
IQ scores, reading & spelling & syntax & memory performance, reading disabled vs nondisabled 7–16 yr olds, 12307
Japanese group intelligence test Kyoto New NX, measurement of verbal & numerical & visuospatial abilities & cross cultural differences, 13–14 yr olds, Northern Ireland, 114
kindergarten experience, performance on Bankson Language Screening Test, male vs female preschoolers, 5 mo followup, 17314
language abilities, 23 & 30 mo old twin pairs in which 1 twin suffered brain injury at birth, longitudinal study, 29932
language abilities, 54–71 yr olds with Alzheimer's type dementia, 16243
language processing, 20–80 yr olds with right cerebral hemisphere damage, 12345
large verbal nonverbal ability differences, reading &/or mathematics underachievement, 11 yr olds, UK, 10137

laterality of motor & verbal & spatial deficits as neuropsychological symptom pattern in early stages, patients with left vs right sided Parkinson's disease, 29870
left parietal lesion of vascular etiology, accuracy & temporal characteristics of handwriting, 54 yr old right handed male, case report, 40477
left vs right nostril breathing, spatial & verbal task performance measuring hemispheric dominance, male vs female college students, 28588
level & coherence & fluency of written vs oral story production, 10–15 yr olds with learning disabilities vs low vs average achieving 3rd–7th graders, 3289
level of speech intelligibility, speech pauses, deaf 17–23 yr olds, 1964
lexical & syntactic errors & level of representation in written vs spoken verbal number production, brain damaged adult male, case report, 12509
lexical processing & dyslexia in reading & writing of arabic numbers vs numeral, 11 yr old male with developmental dyscalculia, case report, 40334
linguistic capacities, mentally retarded 14–20 yr olds, 26382
linguistic vs spatial preferred strategies, solving 3 term series problems, college students, 330
maternal speech, autistic lower functioning nonverbal vs high functioning verbal 20–117 mo olds, 15714
memory & psychomotor performance & language, 63–83 yr olds with very mild dementia of Alzheimer type, 37166
memory & verbal & spatial lateralization & performance, male 17–32 yr olds with congenital idiopathic hypogonadotropic hypogonadism, 26458
microcomputer telecommunication with hearing impaired vs normal hearing partner, scholastic achievement & literacy & language skills, hearing impaired 6th & 8th graders, 38192
multifaceted model, assessment of correlation between math & verbal self concept & academic achievement, 11th–12th graders, 3237
musical & spatial & verbal abilities & dichotic & dichaptic performance, right vs left handed 9–14 yr old males vs females, West Germany, 4 yr study, 18571
phonemic segmentation skills, spelling, 3rd–5th graders, Australia, 18610
PPVT-R & Boston Naming Test & Paired Associate Learning subtest of Wechsler Memory Scale & verbal fluency tests, measurement of development of linguistic abilities, 6–12 yr olds, 38624
production of poems containing rhyme or alliteration or other phonological devices, 2–6 yr olds, England, 25445
referential 1st mentions in narrative reports, mildly mentally retarded 21–52 yr olds, 26388
REHABIT retraining program, verbal development, brain damaged 6 yr old male, 25 mo followup, 9834
report card marks in reading & math & verbal achievement test scores, Black vs White 1st graders followed through Grade 2, commentary & reply included, implications for school transition, 20498
scores on Proverbs Test & Shipley Institute of Living Scale & effects of sociodemographic variables, measurement of abstract reasoning, Black 18–70 yr olds, 10634
sex & handedness, laterality in visuospatial & verbal task performance, adults, 18118
sex hormone levels in blood & saliva, spatial & verbal abilities & field dependence, 20–30 yr old males, West Germany, 676
short term memory & phonological processing ability, 24 yr old female with focal brain damage, 40362
simultaneous vs successive verbal vs nonverbal processing, 16–67 yr olds with left vs right anterior vs posterior brain damage, 8988
spatial ability & environmental cognition & mathematics & English achievement, male vs female college students, 39560
spatial vs verbal spans for digits & words, 43–78 yr olds with Alzheimer type dementia, 26599
speech & language functioning, literate vs illiterate lusitanophone adult victims of unilateral stroke, Brazil & Portugal & France & Canada, 9122
stability of verbal & spatial processing abilities, males with severe reading &/or spelling disabilities initially assessed near end of 6th grade, 2–11.6 yr followup, 19456
statistical analysis of overrepresentation of verbal/performance splits of Multidimensional Aptitude Battery, 16–71 yr old inmates, 14079
storytelling & communication skills, working vs middle class school age children, England, implications for school language instruction, 41218
strategy selection & verbal fluency abilities, 3rd & 6th graders, 1042
systematic auditory comprehension vs conventional stimulation therapies, auditory & reading comprehension & oral expression, 45–83 yr olds with stroke induced aphasia, 30555
textual vs extratextual cues, identification of antecedents for ambiguous pronouns, 28–64 yr olds with moderate aphasia, 36989
theoretical basis & role of discourse analysis & intonation, communicative competence & proficiency, 18484
verbal & nonverbal skills, reading achievement, male students with reading abilities measured in kindergarten & 2nd & 5th grades, 34734
verbal & spatial ability, comprehension & production of route directions, college students, 14411
verbal ability & text genre, age differences in sensitivity to semantic structure of prose, 18–84 yr olds, 32430
verbal ability, aggressive behavior, physically abused 6–14 yr olds, treatment implications, 33243
verbal abstraction ability & Similarities subtest of WAIS as index of premorbid intellectual competence, poly substance abuse patients, 29782
verbal intelligence & drinking behavior, 14–21 yr olds, implications for alcoholism, 32461
verbal intelligence scores, response latencies to computer presented verbal ability test items, college students, 11830
verbal performance discrepancy score on WAIS as diagnostic aid, 17–69 yr old acute psychiatric inpatients, Ireland, 19081
verbal reference performance & severity of positive vs negative thought disorder, manic vs schizophrenic patients, 11942
verbal vs nonverbal problem solving involving color & size judgments, language impaired 3.5–5.8 yr olds, 26422
words vs pictures & spelling congruence, rhyme judgments, deaf vs hearing 5.9–16.6 yr olds, 22897
work performance & verbal ability & voluntary turnover, psychiatric aides, 30878
Verbal Communication [See Also Articulation (Speech), Conversation, Handwriting, Language Proficiency, Oral Communication, Pragmatics, Storytelling, Written Communication]
ability to verbalize understanding & affective meaning in music, 4–6 yr vs 18–24 yr olds, 25437
adult's angry behavior, behavioral & physiological & verbal responses, 4–5 yr olds, replication, 36126
adverbial marking of author's or speaker's stance & speech style, 7952
age & comprehension & match to sample comparison task performance, referential communication, 5.1–8.4 yr olds, Italy, 18556
alcohol drinking & previous acquaintance, mood & verbal interaction in small groups, college students, Finland, 4409
algorithm of interpersonal dialog, change in belief based on incomplete information, 1350
biologically based spontaneous & socially based symbolic aspects of verbal & nonverbal communication, 937
birth order & positive vs negative reinforcement type, conditioning of verbal abusive behavior, 13–16 yr olds, India, 11406
camouflaging of artificially constructed mixed messages with naturally occurring consistent messages, nonverbal domi-

nance effect in social perception of affect, college students, 11790
characteristics & benefits of oral interpreters, hearing impaired, 23706
class size & verbal teacher immediacy, learning, college students in communication courses, 20546
communication to speech understanding computer by natural language typing vs speaking directly vs through human interpreter, language usage, adults, 13916
communicative behaviors, autistic vs language delayed 36–155 mo olds, 15578
communicative role of frequently repeated utterance, autistic 9 yr old male, 15646
communicator competence & listening ability & frequency of task related talk, performance, 22–48 yr old insurance claims adjusters, 38359
computer dialog with person vs computer system, use of anaphors & lexical choice, college students, Scotland, 24423
computer text instructions, learning & thinking aloud protocols, 1st yr high school students, 23971
computerization & cognition & language style, shortcomings of computer mediated psychodiagnosis & therapy, 5969
confessions vs apologies vs excuses vs justifications to obtain deadline extension, definition of failure & attitude toward person committing failure, college students, 4998
content analysis of verbal samples, prediction of psychiatric day hospital treatment outcome, emotionally disturbed children with behavior disorders, 3 mo to 1 yr followup, 40970
descriptive analysis of verbal behavior during youth soccer game, adult spectators, 3495
discursive structure of religious statement, impact & interpretation of message about social goals, listeners, 36262
disturbance of communicative function of language, bulimarexic analysands, 16406
dose & type of beverage & sex of confederate, verbal aggression, 18–34 yr old female bar patrons, 21790
dynamic aphasia & selective impairment of verbal planning, 42 yr old right handed male with space occupying lesion in left frontal lobe, case report, 37009
E & S verbalizations in correspondence training, play behavior with toys, 4 yr olds, 19879
emotional distress & narrative explanatory models of somatically experienced disorder "move san", pregnant females & nursing mothers, Haiti, implications for medical anthropology, 5632
emotional induction in countertransference, nonexpressive 7 yr old male, 12656
euphemism & jargon & bureaucratese inflated language types of double speak in political & social settings, implications for communication, 942
factors of politeness & effectiveness of communication in data transcripts of aviation accidents & simulated flights, air crew members, 18489
frequency discharge patterns of individual neuron populations during verbal-mnemic activity, adults, 21509
imagery vs verbal propositional aspects of self, social independence, college students, Poland, 39991
impact of field of rhetoric in mass communication & communication research, 35947
individual differences, standards for cognitive editing of arguments in compliance gaining task, college students, 302
internal external control & verbal behavior in classroom, college students, 13609
judgment of personality traits from spoken language, 28–48 yr old Greek immigrants, Sweden, 4995
knowledge of consultation entry information & issues, verbal behavior during problem identification interview & perceptions of consultation process, 20–38 yr old teachers, 34579
language skills & cognitive processes, reading comprehension, learning disabled 15–18 yr olds, 19448
left focal brain injury & age of onset, intra- vs interhemispheric speech organization, patients, 5779
masculine vs feminine topic discussion, power displays, adult males vs females in mixed sex dyads, 4953
maternal communication style, child vocal & communicative behavior, mentally retarded 1–3 yr olds & their mothers, 1936
maternal speech, autistic lower functioning nonverbal vs high functioning verbal 20–117 mo olds, 15714
motivation & reinforcing speech attempts, nonverbal autistic 3.3–11.8 yr olds, 16684
music therapy, verbal & nonverbal communication, withdrawn & depressed Black 91 yr old female, case report, 9297
paranoid style of apologetic rhetoric in book & comic book, defense of character in face of criminal conviction, Congressman G. Hansen, 1838
parent training using natural language & paradigm, verbalizations, autistic 5–9.6 yr olds, 20035
patterns of omissions & substitutions of grammatical morphemes in spontaneous speech, agrammatic & aphasic 21–68 yr olds, 37106
patterns of verbal interaction with students, effective vs ineffective K–3rd grade teachers, 13830
perceived similarity of outdoor recreation activities presented verbally vs photographically, college students, 17499
personal pronoun usage in 5 min monolog, assessment of narcissism, college students, 15542
physician patient interaction via audio vs typed transcript telephone communication, evaluation of physician's vocal & verbal behavior, male vs female college students, 20060
play with anthropomorphic vs nonanthropomorphic toys, verbal behavior, 5 yr old females, 39544
production deficiencies in elicited language vs spontaneous verbalizations, hyperactive 7.3–10.9 yr olds, 16268
racial & cultural factors & L. Gottschalk-Gleser method of content analysis of verbal behavior & emotional meaning, application to transcultural research, 39733
ranking of satisfaction & curative factors in music vs verbal inpatient group psychotherapy, short term adult inpatients, 20176
referential speech, sign language training, severely mentally retarded 5.4–9.8 yr olds & 12.1 yr old male with phenylketonuria, 20033
selection of verbal messages, mood management, males vs females, 379
self management vs letter & telephone treatments, sobriety, alcoholic male veterans who completed treatment program, 1 & 3 & 6 mo followup, 13241
serial reconstruction of losses & alternations in transmitted information, female graduate students, 35955
serial vs dual processing model of discourse & taxonomy of humor & wit, 7963
settings & time of informal conversations, consistency of verbal & nonverbal component behaviors of social skills & competency ratings, 16–59 yr old participants vs confederate psychology students, 36423
social & psychological significance of rules of address, male vs female secondary school teachers, Italy, 1351
social context, attention directing gesture & language use, autistic vs developmentally language delayed 36–155 mo olds, 40030
spoken digit recognition rate by electronic system, string length for digit repetition & verification minimizing recognition time, adults, 13905
spoken vs signed vs other method of communication in dreams as metaphor for human interaction, deaf adults, conference presentation, 12417
spontaneous conditions vs visual vs auditory stimulus storytelling complexity & sentence length, 3rd graders, 1021
stimulus presentation with vs without labeling phrases, attention to object during vs after presentation, 10–14 mo olds, 21921
structure & semantics & scope & purpose of problem statements in policy formulation & negotiation, 22254
susceptibility to bias, channel controllability in nonverbal & verbal communication of positive vs negative affect, preschool & elementary school teachers, Israel, 17102

talking about choking, subsequent basketball freethrow performance, male physical education college students, 13988
teacher verbalization, self esteem, students, 20556
use of verbal-nonverbal consistency principle to judge truthfulness & lying, 5–9 yr olds, 21976
use of verbal vs nonverbal cues in judgment of competency vs trustworthiness vs attractiveness, counselors vs clients, 2741
utility of Luria's regulatory concept in verbal-nonverbal correspondence training, children, 9460
validity of distraction vs situational familiarity hypothesis, assessment of verbal vs nonverbal cues in judgments of veracity, college students, 25889
value of discourse in labor management negotiation processes, 31367
verbal & nonverbal hand & speech behaviors during simulated doctor patient interaction involving conveyance of distressing information, medical students & residents & general practitioners, 13384
verbal behavior during microcomputer vs group work vs recitation, 1st–2nd vs 4th–5th vs 8th–9th graders vs teachers, 3224
verbal comments & ideas & feedback & self assessment during small group discussions, teacher trainees, 22329
verbal communication, minority adolescent mothers, implications for prevention & intervention in communication disorders, 8084
verbal communication patterns, mothers of children with Down's syndrome vs language impairments, 5672
verbal communication skills, learning disabled vs nondisabled 9–13 yr olds, 5544
verbal content of interaction with newborn child, Hispanic vs White mothers, 4864
verbal expression of love in personal relationships, male vs female college students, 11752
verbal interaction & problem solving behavior, 9–10 yr olds in high & average academic ability groups performing computer assisted problem solving task, 31127
verbal interaction, BP, hypertensives & normotensives, literature review, implications for noninvasive measurement devices, 35679
verbal interactions of professional vs peer led group counseling sessions, 14–19 yr olds & counselors, 30337
verbal vs visual interaction vs tactual contact, heart rate & BP, college students interacting with dogs, 21623
verbal vs written behavioral prescriptions, compliance with therapeutic homework assignments, adult patients, 23315
words & verbal symbolization, experience of emotion & consciousness & subjectivity, 14986

Verbal Comprehension [See Also Listening Comprehension, Reading Comprehension, Sentence Comprehension]
ability to form mental representations in conditioned sequential discrimination & comprehension & cognitive skills, sea lions & dolphins, commentary reply, 31920
acquisition & comprehension of plural vs singular possessive pronouns, 2.5–5 yr olds, 4655
age, comprehension of positive & negative dimensional adjectives, 2–4 yr olds, India, 21970
age, interpretation of idioms presented in context vs in isolation, 14–17 yr olds, 25504
aging & auditory cognitive factors, speech understanding, 60–87 yr olds with dementia, commentary, 33552
analogy training with direct instruction vs inquiry approach & peer tutoring, performance on analogy & comprehension task, gifted vs nongifted 6th graders, 13639
Apple-Psych system, assessment of cognitive processes involved in language comprehension research, conference presentation, 7951
auditory only vs auditory visual administration method, reliability of Test of Auditory Comprehension of Language, 11 yr olds with moderate sensorineural hearing losses, 35181
cognitive strategies, verbal fluency & comprehension, 3rd & 6th graders, 1043
comprehension & retention of monologs vs dialogs, aphasic 41–74 yr olds, 16123
comprehension & use of causal expressions containing "if" and "because," 2.9–3.8 vs 4.2–4.8 yr olds, 4582
comprehension of & discrimination between metaphor & irony vs lies & mistakes & recognition of speaker attitude & intention, 1st & 3rd graders, 4576
comprehension of abstract or ambiguous language, mathematical word problem solving, 1st–3rd graders, 8004
comprehension of advertisements with ambiguous physical & psychological meanings, 9–18 yr olds, 4630
comprehension of complement clauses, educable mentally retarded 7–16 yr olds vs nonretarded 5 yr olds vs 5th–6th grade vs high school students, Greece, 29816
comprehension of metaphor vs irony, 6–10 yr olds, 25547
comprehension of metaphors describing emotional reactions, 5 vs 7 vs 9 yr olds, 15133
comprehension of referential messages from hearing vs deaf children, 4–10 yr olds, 33480
comprehension of specialist terminology regarding educational diagnosis, parents of children with learning or behavior difficulties or physical or sensory handicaps referred for special education, 3260
comprehension problems in interpretation of figurative language, college students, 17900
conditional sequential discrimination & comprehension & classification in training performance, sea lions & dolphins, commentary reply, 31933
conditioned sequential discrimination & cognitive skills in sentence like instruction comprehension, sea lions & dolphins, commentary, 14533
conditioned sequential discrimination & cognitive skills in sentence like relational instruction comprehension, sea lions & dolphins, 14554
consistency of outline organization with text, delayed vs immediate recall & recognition & summarization of text, knowledge obtained, college students, 349
contextual factors, interpretation & perceived truthfulness of contradictory social proverbs, college students, 938
controlled connected discourse materials & prompting, verbal tracking performance with visual vs auditory stimuli, normally hearing college students, 3709
degree of explicitness, comprehension & production of & reasoning about directives, 1st vs 3rd vs 5th graders, 8033
detection of subtle order violations in narratives, 2nd vs 5th graders, 11437
Echo II Plus speech synthesizer or EvalPac VOCA vs natural male speaker, intelligibility of single words, female 19–29 yr old college students majoring in pathology & audiology, 38809
evaluation of consistency of experience vs nonexperience based oral passages, preschoolers & 1st graders, 25508
explanatory analogies, expository text recall & inferencing, 5 vs 7 yr olds, 15132
figurative vs literal meaning, comprehension & production of idioms, 7–10 yr olds, Italy, 39496
frequency discharge patterns of individual neuron populations during verbal-mnemic activity, adults, 21509
frequency of echolalia, receptive language ability, autistic 4.8–17.4 yr olds with mild to severe mental retardation, 40167
identification of English words on Quick Test, Acadian-French vs Anglophone 3rd graders, Canada, 8028
impaired verbal comprehension & speech production with spared automatic speech & singing, 69 yr old female with infarct induced transcortical aphasia, case report, 9217
language comprehension deficits, abused vs severely vs generally neglected 3–8 yr olds, 5397
language comprehension skills, learning disabled 9–10 yr olds with memory span difficulties, 16006
language comprehension vs representation of speech input as heard, aphasic adult male, case report, 12521
language fluency & comprehension & cerebral glucose metabolism, patients with Broca's vs Wernicke's vs conduction aphasia, 26586
language membership, discrimination & classification of audible vs visual English vs Spanish speech passages, 5 mo

olds from English vs English-Spanish speaking homes, 15046
lexicalization & degree of familiarity of phrase, preference for idiomatic interpretations, native vs nonnative English speaking college students, 18496
literal vs anomalous vs metaphorical comparisons & similarity model of metaphor comprehension, 4631
locus & extent of lesion, subtypes of language comprehension defect, right handed aphasic 35–70 yr olds with left hemisphere cerebrovascular accidents, 37176
logographic vs phonetic symbols, Stroop effect in word comprehension & naming in Japanese vs English, 20–35 yr old native Japanese readers vs American college students, 14990
models of cognitive development & knowledge, comprehension of mathematical word problem semantics, K–3rd graders, 15108
original vs reversed text, verbatim memory for noun vs pronoun referential statements, college students, 14477
paired associates with correct vs randomly assigned incorrect meanings, comprehension of synthesized vocal segregates, adults, implications for human computer interaction, 29007
pairs of emotion words appearing early vs late in developing lexicon, referential meaning & informativeness & superordination relations, college students, 15120
phenomenological analysis of view of language comprehension as inferential process, commentary, 7423
preferential looking paradigm, assessment of noun & verb comprehension, 2.7–6.8 yr olds with cerebral palsy or other motor impairments & low receptive language skills, 36987
priming by superordinate, comprehension of metaphors, college students, 31847
problem solving & verbal comprehension & naming & category identification, adults with focal brain lesions, 26668
production & comprehension of metaphors in everyday life & poetry, adults & children, 25447
reading ability, spoken sentence & noun phrase comprehension & working memory, 2nd vs 4th graders vs college students, implications for reading disabilities, 19431
self vs other as intended audience, message production & comprehension, college students, 36403
semantic focus of sentence, lexical access & processing of ambiguous words in language comprehensions, adults, 14970
sentences with figurative vs literal idiom, recall & comprehension, college students, 14473
speech & speaker characteristics, speechreadability, 21852
text summarization skills & strategies, hearing impaired vs unimpaired college students, 5755
time course of process of creating new meanings for old words in conversation, college students, 32315
time of day & task difficulty, interpretation of elliptical verb phrases in context, adults, England, 317
topic vs vehicle imagery, metaphor comprehension & processing & RT, college students & workers, implications for dual coding theory, 3821
understanding & use of linguistic uncertainties, adults, conference presentation, 32332
user selected vs nominated vs original technical terms, word processing instruction comprehension & performance, computer naive college students, 10423
validity of Token Test short vs regular form, assessment of auditory verbal comprehension & effects of perseveration, 46–89 yr olds with probable Alzheimer's disease, 38675
verbal & spatial ability, comprehension & production of route directions, college students, 14411
verbal imitation, comprehension of & transfer to production of novel object location responses, moderately mentally retarded 6.1–9.9 yr olds, 29801
waveform envelope cues provided by single channel tactile aid vs spectral cues provided by multichannel tactile device, recognition of segmental speech stimuli, artificially deafened 18–25 yr olds, 3690
written message sequence with delayed identification of 1 message as incorrect, message recall & comprehension & related inferences & correction in memory, college students, 10851

Verbal Conditioning [See Verbal Learning]

Verbal Fluency
cognitive strategies, verbal fluency & comprehension, 3rd & 6th graders, 1043
concept of fluency & application to stuttering research, 33439
confrontation object naming & rate of "automatic speech", verbal fluency, adults with Parkinson's disease, 37039
educational level & memory capacity, length & clause structure & fluency of oral & written answers & statements, 18–92 yr olds, 29064
electrical stimulation of hippocampal, verbal intrusions during memory testing, adult epilepsy surgery candidates, 9123
focus on persuasive effectiveness vs voice mechanics, speech fluency during presentation to audience of high vs low persuasibility, college students, implications for action identification theory, 18903
hampered production of words vs restricted vocabulary, 7.5–10.5 yr old males with learning problems referred for special education placement, 13676
impaired verbal comprehension & speech production with spared automatic speech & singing, 69 yr old female with infarct induced transcortical aphasia, case report, 9217
labial coarticulatory activity & jaw coarticulation, methodological problems in data collection, nonfluent aphasic patients, 23057
language development & nonfluency, 10.8–15.1 yr olds with Down's syndrome, 12316
language fluency & comprehension & cerebral glucose metabolism, patients with Broca's vs Wernicke's vs conduction aphasia, 26586
level & coherence & fluency of written vs oral story production, 10–15 yr olds with learning disabilities vs low vs average achieving 3rd–7th graders, 3289
paraphasic naming errors during spontaneous speech, aphasic children, 9225
prior linquistic predictive vs nonpredictive context, reversible passive sentence comprehension, fluent vs nonfluent aphasic 39–77 yr olds, 29970
production & perception of final consonant cluster /-ts/, 6–7 yr olds who misarticulate phonemes vs normally articulating children vs adults, Netherlands, 4639
productive naming & verbal recall, elderly with Alzheimer's type dementia vs major depression, implications for differential diagnosis, 22457
rate of fluent sentences with vs without surrounding instances of stuttering, relative timing of speech, stuttering 18–35 yr olds, 16015
reciprocal nonfluencies in mother vs father vs peer dyads, 2–6 yr old stutterers, 29836
respiration vs phonation vs articulation, fluent & nonfluent speech utterances, stuttering 19–28 yr olds, Netherlands, 5568
response contingent stimuli, stuttering & speech disfluency, literature review, 16510
severity of dementia & verbal fluency & semantic memory & naming, aged patients with multi-infarct dementia vs Alzheimer's disease, 22920
Spearman's g mean IQ & space relations & perceptual speed & fluency, male vs female 6–15 yr olds, Hong Kong, 29073
speech disfluencies, male vs female Black vs White 6–7 yr olds, erratum, 25428
speech disfluencies, male vs female Black 6–7 yr olds, 985
stimulus context & response coding, word retrieval, fluent vs nonfluent dysphasic 57–69 yr olds, 33508
strategy selection & verbal fluency abilities, 3rd & 6th graders, 1042
utility of Woodcock Language Proficiency Battery & dialectal differences, assessment of oral & written language & discrimination of skills, culturally diverse learning disabled 12–14.5 yr olds, 31238
utterance length & linguistic complexity, language disfluencies & "stuttering", 60–71 mo old males vs females, 29076

verbal fluency task induced activation, regional cerebral glucose metabolism, 26–77 yr olds, 7674
voice onset time values in production of apparent homonyms & ability to differentiate own production, normal speaking vs velar fronting exhibiting 3.4–4.7 yr olds, 19474
word fluency, high functioning autistic male 11.1–15.9 yr olds, 15635
Verbal Learning [See Also Paired Associate Learning, Serial Anticipation (Learning), Serial Learning]
action & sound impact of computer microworld, preferential selection & recall of verbal content, preschool children, 31115
age & education level & sex, performance on & reliability of Selective Reminding Test of verbal learning, 16–70 yr olds, implications for neuropsychological assessment, 38660
auditory vs visual suffix stimuli, immediate & delayed recognition memory of letters & words, college students, 7451
authoritarianism & rigidity, learning & recall of verbal paired associates, college students, India, 7444
California Verbal Learning Test performance, head injured vs neurologically normal males, 16055
category & whole object & taxonomic & object category constraints on word learning, children, implications for lexical development as social convergence, 29084
concrete vs abstract word learned in silence vs noise, memory performance tested by unexpected recognition vs recall tests, college students, implications for automatic process, 14439
considerate vs inconsiderate contextual factors in history text, vocabulary learning, 8th graders, 34641
correctional analysis of Wechsler Memory Scale & California Verbal Learning Test, clinical assessment, patients with Alzheimer's or Huntington's or Korsakoff's disease or multiple sclerosis, 10673
demographic & seizure related & language function factors, verbal learning & memory, adults with complex partial seizures, 12412
feedback timing & verbal learning, students, meta analysis, 10075
free study vs semantic vs mnemonic conditions, acquisition of word components, college students, 7459
intercorrelation of clinical tests of verbal memory, patients with known or suspected cerebral dysfunction, 7059
learning ability for foreign language vs other verbal stimuli, 47 yr old female with anterograde amnesia, case report, 16105
linguistic & nonlinguistic factors, differential language learning styles, children, 25495
memory systems & verbal learning & remembering strategies, adolescents & adults, 36044
metacognitive awareness of strategy efficacy before vs after use of mnemonic keyword method vs semantic context generation for vocabulary learning, 24–39 vs 60–88 yr olds, 4579
mnemonic vs directed rehearsal strategy training, vocabulary acquisition, learning disabled 7th–8th graders, 20626
motor skill learning & verbal recognition span test performance, patients with Huntington's disease vs dementia of Alzheimer type vs amnesia, 12409
norms for Rey Auditory Verbal Learning Test, healthy 19–51 yr old job applicants, 149
perseveration & verbal retrieval, adults with left vs right anterior or posterior cerebral lesions, 37180
pictorial map of information as spatial primers for encoding narrative text, free & cued recall for feature & event information, college students, 20506
prior recall test, rate of normal forgetting of verbal lists, college students, 14474
recognition memory span for verbal vs spatial vs organizational information, elderly with mild vs moderate dementia of the Alzheimer type, 40493
Rey Auditory Verbal Learning & Rey-Osterrieth Complex Figure Design performance, 18–85 yr olds with Alzheimer's disease vs closed head injury, 29865
secondary cognitive task, performance & relearning of primary verbal task requiring interaction with 2 computer personalities, college students, England, 3855
self generation of retrieval cues during learning or recall of text, access to paragraphs, college students, 7484
self referent vs semantic memorization instructions for dysthymic vs hypomanic adjectives, recall, 21–61 yr old females with current depression vs in remission, 36665
sex, recall & recognition & learning characteristics & errors, 20–25 yr olds, 14382
social science text graphic vs verbal displays & learning, college students, Israel, 24043
stimulus significance, verbal conditioning in orienting response context, college students with high vs low psychoticism scores, 3843
syntactic & conceptual constraints, learning meaning of words that name solid materials, 3 vs 4 vs 5 yr olds, 8009
temporal characteristics of stimulus presentation, effect of training in keyword method on vocabulary learning, literature review, implications for bias argument of J. W. Hall et al, 354
timing of post training negative vs positive comment, recall of verbally learned material, 20–52 yr olds, 17893
validity & diagnostic accuracy of Form A vs Form C of Rey Auditory Verbal Learning Test, inpatients with memory impairment, 131
verbal imitation, comprehension of & transfer to production of novel object location responses, moderately mentally retarded 6.1–9.9 yr olds, 29801
verbal repetition &/vs repeated perceptual processing vs active retrieval attempts, motor facilitation & recall of digit string, college students, 38890
words recited vs sung to matched vs inappropriate musical accompaniment, short & long term verbatim recall, 5 vs 7 yr olds, 1 wk followup, 11392
Verbal Meaning [See Also Word Meaning]
changes in lexical items in idioms, perception of figurative meaning, college students, 25352
color vs shape words prior to presentation, interpretation of lateralized Rorschach inkblots, right handed male college students, 28617
comprehensibility & structural importance & meaningfulness & interest & specificity of denotation & concreteness, recall of biblical text, college students, 24894
comprehension of ambiguous sentences, college students vs elderly, 14973
consonance & sincerity & communality & externalization rules of communication & nonnatural meaning, 8351
contextual factors, interpretation & perceived truthfulness of contradictory social proverbs, college students, 938
contextually relevant aspects of meaning not explicitly stated in paragraph & immediate vs delayed verification testing, inference encoding during reading, college students, 7465
dichoptic masking of priming word, evaluation of good vs bad connotation of target word, college students, 24813
emotion & affect & verbal system, conference presentation, 32880
emotional content of personality describing words, memory, college students, 8404
explicit action statements in written task instructions, reading speed & comprehension, college students, implications for knowledge level, 21259
figurative vs literal meaning, comprehension & production of idioms, 7–10 yr olds, Italy, 39496
frequency of use & familiarity with literal vs figurative idioms, college & graduate students, 29008
inconsistent premise & outcome sentences in story, detection of propositional inconsistency & judgment of story adequacy & memory for propositional content, 2nd–6th graders vs college students, 4572
lexicalization & degree of familiarity of phrase, preference for idiomatic interpretations, native vs nonnative English speaking college students, 18496
local system of symbols & forms &: meanings in organizational speech, TV station employees, 14974

paired associates with correct vs randomly assigned incorrect meanings, comprehension of synthesized vocal segregates, adults, implications for human computer interaction, 29007
presentation of "warm" vs "cold" colors, body temperature on right vs left side, female college students, 7741
quantification of verbal probability expressions, college students, 32327
recall of similar sounding word, retrieval of intended word, college students, 24879
salience ratings of nominal properties for words in varied contexts, semantic flexibility, college students, 4538
sentences with figurative vs literal idiom, recall & comprehension, college students, 14473
subjective meaning components of terms expressing varieties & degrees of probability & uncertainty, college students, conference presentation, 32329
transitional psychotherapeutic process from literal experience to metaphorical understanding, schizophrenic patient, 16379
translation technique for matching equivalent infant cry terms from English & German & Japanese, native speaking raters, New Zealand & Germany & Japan, 15089
understanding & use of linguistic uncertainties, adults, conference presentation, 32332
verbal & vocal cues of counselor self confidence, client perceptions & satisfaction, college students, 13072
Verbal Reinforcement [See Also Praise]
positive verbal reinforcement, decision making, 13–16 yr olds, Canada, 1140
positive vs negative verbal feedback, intrinsic motivation, male vs female college students, replication, 11791
positive vs negative verbal recognition, perception & job satisfaction, managers & subordinates, 20794
rewarding & punishing verbal reinforcers, verbal operant conditioning, female college student extraverts vs introverts vs ambiverts, India, 28324
verbal encouragement, self rated lipreading performance, 28–32 yr olds, 38796
Verbal Stimuli
age, EP latency in response to letter discrimination & lexical decision tasks, 7–29 yr olds, 25535
anxiety provoking vs novel verbal stimuli, short latency cardiac & electrodermal responses, 18–45 yr old obsessional patients with cognitive rituals, 33040
auditory vs visual suffix stimuli, immediate & delayed recognition memory of letters & words, college students, 7451
BASIC computer program for making presentation slides of verbal material for experiments, 7357
bizarreness effect, free recall of nouns, college students, 3848
complexity of written directions vs graphic maps, driving time to unfamiliar destination, college students, 17431
detection of intraword vs interword letter repetition in words vs nonwords, college students, test of word unitization hypothesis, 24825
dichoptic presentation of text streams or character strings, reading meaningful text & target detection, adults, 14253
explicit vs implicit retrieval of words vs pictures, college students, 24891
immediate color memory assessed by verbal vs visual stimuli & responses, reading disabled children with perceptual motor vs general vs memory verbal disorder subtypes, 29826
lateral eye movements during verbal & spatial questions in dark, adults, 21547
lateralized affective prime faces vs words, judgments of affective value of visually lateralized verbal target stimuli, right handed adults, 609
local vs global components of verbal & nonverbal stimuli, error rate in right vs left visual field, college students & teachers, 11056
nonword stimuli, generation effect, college students, 7456
orienting & defensive & consonant vowel stimuli, skin conductance responsivity, psychopathic criminals, 22745
salience of stimulus word pairs preceded vs followed by comparative, congruity effect in comparative judgments, college students, implications for expectancy hypothesis, 24848
simultaneous vs successive bilateral stimulus presentation, interhemispheric cooperation & activation during integration of verbal information, adults, conference presentation, 14662
thalamic electrical stimulation, dichotic CVC verbal stimuli recognition & recall, 61 yr old male with chronic pain, 29863
type of acoustic & visual codes, visual letter matching task RT, Spanish vs English speaking college students, 35276
verbal stimuli, EEG spectral reaction curves, aphasic 30–70 yr olds, diagnostic implications, 33617
verbal vs pictorial representations, human & computer interaction, college students & building automation system operators, 41493
verbal vs spatial visual stimuli presented to left vs right visual field, stimuli reproduction by writing vs drawing using left vs right hand & cortical EPs, college students, 14707
visual lateralization, perception of legal vs illegal Chinese characters & words, college students, Taiwan, 35949
Verbal Tests
California Verbal Learning Test word recognition profiles, differentiation of consolidation vs encoding retrieval deficits in verbal memory, males with severe blunt head injuries, 33497
concurrent validity & interpretation of verbal & nonverbal measures on WISC-R & Matrix Analogies Test-Expanded Form & PPVT-R & subtests, 1st–12th graders referred for academic difficulties, 27796
concurrent validity of Bracken Basic Concept Scale with Preschool Language Scale & Slosson Intelligence Test, preschoolers, 14154
diagnostic utility of staggered spondaic word test & auditory brain stem response & 40 Hz EPs, 16–34 yr olds with acoustic neuromas vs brain stem vs temporal lobe lesions, 9176
factor structure of newly designed verbal tests, 13–15 yr olds, Jamaica, 24636
PPVT-R & Boston Naming Test & Paired Associate Learning subtest of Wechsler Memory Scale & verbal fluency tests, measurement of development of linguistic abilities, 6–12 yr olds, 38624
primitive behavioral models, misconception of verbal multiplication & division problems, female early education major college students, 27498
revised scoring methods for Token Test & Reporter's Test, sensitivity to errors, normal vs language disordered K–4th graders, 35135
SES, diagnostic validity of intermediate Test of Language Development, learning disabled vs non-learning-disabled 8–14 yr old Black students, 20665
Verbalization [See Oral Communication]
Verbs
ability to generate synonyms & sentences for sets of nouns & verbs, aphasic 40–80 yr olds, 37082
acquisition of complex sentences with verbs taking complement 2nd verbs, 2 yr olds, 1 yr study, 25424
adult caregiver sentences, classification of transitive & intransitive action verbs, 2 yr olds, Japan, 39564
consensus & distinctiveness information & interpersonal experience verb, sentence causal ratings, college students, 11339
correction of over regularized plural nouns & past tense verbs, 4.9–6.8 yr olds, 25435
development of concepts of motion verbs, 3–5 yr olds vs adults, 11389
development of taxonomy of personality descriptive verbs, measurement of self & other judgments of personality, adults, Netherlands, 32851
dimensions of transitive & intransitive verb acquisition, Japanese males observed from 22–24 mo, 8049
event schema & verb type & animacy of participant in sentence, causal attributions, college students, 14975

grammatical category shifts of lambic vs trochaic nouns vs verbs, college students, 14981
instruction to integrate noun & verb pairs, cued recall test, college students, commentary on replication, 38882
instruction to integrate noun & verb pairs, cued recall test, college students, replication, 38896
position of word "could" in enrichment sentence, auxiliary acquisition, 2 yr olds, 6 mo study, 25522
rhythmic alternation in stress patterns in pronunciation of disyllabic nouns vs verbs, adults, 25354
state vs interpretive active verbs & sentence context, causal attributions to sentence subject vs object, college students, Germany, 7959
time of day & task difficulty, interpretation of elliptical verb phrases in context, adults, England, 317
time references, verb tenses, 8–10 yr old native speakers of French, 36018
Token Test commands for verb "to touch" as verb of perception, agentivity & causality relationship, 4–10 yr olds, Portugal, 38577
universality of state process & punctual nonpunctual distinctions in verb acquisition, preschool age children, meta analysis, 39511
verb acquisition, children learning Polish vs other languages, commentary reply, 25423
verb complexity & structural information contained in sentence, verb processing, college students, 38855
verb control information use in initial analysis of sentences, generalized phrase structure vs government & binding style grammar systems, commentary, 11331
verb inflection acquisition in agglutinating language, 2 yr olds, India, 39562
Verdict Determination [See Adjudication]
Vergence Movements [See Eye Convergence]
Verification (of Theories) [See Theory Verification]
Vernier Acuity [See Visual Acuity]
Vertigo
behavioral & subjective & organic aspects of dizziness, 16–76 yr old patients attending neuro-otology clinic, 9164
inability to sneeze & coryza & lightheadedness, patients with schizophrenia vs endogenous vs neurotic depression vs hypochondriasis vs other mental disorders, India, 40176
prevalence & severity of dizziness, community residents 60 yrs old & older, 30088
vestibular habituation training, 20–80 yr olds with positional vertigo, 37243
Vestibular Apparatus
abnormalities in vestibular system functioning, patients with panic disorder, 11982
cerebellum vestibular determined neurological & electronystagmographic parameters, learning disabled 7–50 yr olds, 29808
clinical observations & description of space & motion phobic stimuli, 24–55 yr olds with panic disorder & vestibular dysfunction, 40025
dual process & central posture regulatory center underlying postural control adaptation in weightlessness, 11032
habituation of vestibular nystagmus, 19–21 yr old military student pilots, 38793
lack of vision & occipital lobectomy & head rotation, nystagmus & vestibular compensation following unilateral labyrinthectomy, juvenile rhesus monkeys, 733
optokinetic & perceptual span parameters & cerebellar vestibular dysfunction, 17–50 yr olds with anxiety disorders, 36635
passive whole body vs active head oscillation, mental influence in vestibulo-ocular reflex, male 12–39 yr olds, 10703
role of vestibular dysfunction in learning disabilities & treatment approaches, commentary, 19731
vestibular functioning & motor coordination, 7–12 yr olds with hearing loss vs motor impairment & learning disability, 5105
vestibular functioning, 4.2–5.7 yr olds with vs without history of otitis media episodes, 1989
vestibular habituation training, 20–80 yr olds with positional vertigo, 37243
vestibular vs aerobic exercise, spatial & figure ground perception, male 7–12 yr olds with learning & reading & attention problems & abnormal vestibulo-ocular responses, special education implications, 40829
vestibuloocular reflex saccade interactions in goal directed gaze responses in oculomotor range, adults, 4190
vestibulospinal reflexes in corrections for head & body instability, implications for occupational therapy, 35654
visual vestibular interaction & role of vestibular system in oculomotor control & spatial orientation, implications for occupational therapy, 35646
visual vestibular systems neurophysiological interaction, literature review, implications for therapeutic use of vestibular stimulation for visual problems due to head injury, 41020
Vestibular Nystagmus [See Nystagmus]
Vestibular Stimulation [See Somesthetic Stimulation]
Veterans (Military) [See Military Veterans]
Veterinary Medicine
clinical ethology & veterinary medicine & practice, welfare, domestic food animals, 35434
distressing experiences & procedures & attitude change toward animals & euthanasia & ethical issues, graduating veterinary students, 34480
exposure techniques, phobias, humans, implications for veterinary treatment of domestic animals, 33954
Vibration
acceleration level & vibration of X axis with vs without Z axis, judgment of vibration intensity, Air Force personnel, 6973
artificial airborne vibrations, conditioned hearing responses, honey bees, 35435
external ear stimulus resonance characteristics, 3–13 yr olds, 32375
groove width & vibration temporal frequency, perceived roughness of metal grating by index finger passive touch, college students, 35254
multiple sensory channels, mediation of tactual vibration perception & thresholds, 20–49 yr olds, 21188
reinforcement with response contingent visual & auditory & vibratory stimulation, head turning, nonambulatory profoundly mentally retarded 11.3–29.2 yr olds, 26891
temporal frequency of inducer oscillation, induced motion, 20–25 yr olds, 35303
vertical & horizontal whole body vibration at low magnitude, frequency dependence of subjective responses, 22–61 yr olds, 14332
vibratory cues, detection of moving insect prey, sandfish lizards, 28490
visual vs vibratory cues of presence of firefly prey, orientation & approach behavior, wolf spiders, 24989
whole body vertical vibration frequency, complex manual pursuit task performance, male 22–28 yr olds, 7296
whole body vibration with vs without noise, vibration perception assessed through cross modality matching, males, 17734
Vibrotactile Thresholds
auditory masking, magnitude estimation scaling for 8 lingual vibrotactile suprathreshold intensity levels, 4.2–5.3 yr olds, 36073
bilateral auditory masking, lingual vibrotactile thresholds & magnitude estimation scaling, college students, 24718
delayed auditory feedback, oral & tactile sensation, college students, 7954
multiple sensory channels, mediation of tactual vibration perception & thresholds, 20–49 yr olds, 21188
psychophysical scaling method & body test site & contactor surface area, vibrotactile sensation magnitude, adults, 14238
reliability of lingual vibrotactile threshold screening procedure, adults, 7303
stimulus onset asynchrony & frequency, vibrotactile masking, adults, 38733
stimulus onset asynchrony of successive vibrotactile spatial patterns presented to left index fingerpads, forward vs backward masking in pattern identification, adults, 203

suprathreshold responses to lingual vibrotactile/auditory stimulation using magnitude estimation & cross modal matching, male vs female 19–23 yr olds, 24717
validity of QUEST algorithm, measurement of vibrotactile thresholds, adults, 14209
vibrotactile magnitude estimation & cross modal matching within same experiment, exposure effects on psychosocial scaling methods, college students, 7291
whole body vibration with vs without noise, vibration perception assessed through cross modality matching, males, 17734
Vicarious Experiences
modeling with vicarious vs direct reinforcement, observational learning & imitation & maintenance of buttonpressing, 4.7–5.5 yr olds, Japan, 15063
Vicarious Reinforcement [See Vicarious Experiences]
Victimization
age, symptomatology of PTSD, children who are victims of school related abuse, 33293
approaches to conjoint therapy, adjustment, family members or children or significant others of rape or molestation victims, 26735
aspects of sexual abuse in day care centers, 1–9 yr old victims, 40217
assessment & psychotherapy, physically abused 7 yr old female, case report, 26773
assessment interview process, victimized or traumatized psychiatric patients, 33223
causes & treatment of female battering, review of 3 books, 33278
characteristics & abuse, adolescents at crisis shelters for homeless & runaways, 33340
characteristics of school related victimizations, 12–17 yr old crime victims & offenders, 1786
child abuse, self identity, F. Kafka, 5449
childhood sexual victimization, male college students, implications for term definition & methodological issues in epidemiological research, 12124
childhood victimization, desensitization in later life, college students, implications for victims' risk of becoming perpetrators, 40222
circumstances of childhood & adult sexual & physical victimization, 19–65 yr old Black psychiatric outpatients, conference presentation, 32951
clinical criteria for judging credibility of sexual abuse allegation, school age children, 19282
compassion vs control strategies of police intervention, abused wives, 32718
conceptual model for victim services, implications for counseling psychology, 23559
construction & validity & reliability of Assault Response Questionnaire, assessment of emotional & biophysiological & social reactions, nurses assaulted by psychiatric patients, 3600
cultural factors, vulnerability & aggravation of PTSD symptoms, trauma victims, US, 33231
decision making & criminal target selection, offenders, 1802
development & delivery of psychotherapeutic services, victims of torture living in exile, 40633
development of peer nomination scale, assessment of victimization through physical & verbal abuse by peers, 3rd–6th graders, 7165
differentiation of nervous shock vs PTSD, adult victims of violence, Northern Ireland, 5152
discriminant analysis of risk factors for sexual victimization, female college students, 26253
distress & psychopathology, females who had been raped, 5443
early childhood abuse, anxiety disorders, socioeconomically disadvantaged adult patients, 33337
early experiences of violence, future violent or criminal behavior, victims of child abuse or neglect, 36810
early victimization experiences, sexual perpetration behavior, 4–13 yr old males, 12139
emotional consequences of sexual victimization & discrimination, special populations of females, 33286
empathy for victims of human rights violations & support for political action, college students, US vs Australia, 15337
environmental conditions & victim characteristics, incidence of assaults on children & adolescents, 1980–81, 40229
escalation & maintenance & cybernetic model of spouse abuse, 5391
experience of anti-gay & lesbian violence, 21 yr old & older homosexual males & females, implications for legislation & policymaking, 33251
experiences of sexual harassment, college students at small university, 40246
factors associated with marital violence, working class females, 3 yr study, 19269
family functioning, sexually abused vs nonabused emotionally disturbed children & adolescents, 40231
family victimization theory, 29687
fear of crime & victimization & occupational factors, job satisfaction, public school teachers, 31022
fear of hostile response to disclosure, countertransference of hate in therapy, incest victims, 5964
fear of reprisal, failure to report personal crime, crime victims, 1974–75, 22757
feminist psychology & issues in psychotherapy related to violence against females, conference presentation, 26311
forced sex & sexual victimization by dating partner, female vs male college students, 12196
Freud's seduction hypothesis, negative attitudes toward & prejudices against child victims of sexual abuse, 35036
functions of nature, planning & design of safe & secure shelters, female & child victims of domestic violence, conference presentation, 20138
group psychotherapy, adult former hostages of terrorists, Denmark, 16466
group therapy experience, 19–35 yr old female rape survivors, 30362
group therapy techniques, 4–17 yr old sexual abuse victims, 30356
guided imagery within systemic framework, adult survivors of childhood sexual assault, 23232
hate crime victimization, gay men & lesbians, implications for research & public policy, 33289
heavy marihuana or hashish use & crime & physical abuse experiences or sexual victimization, adolescents entering juvenile detention center, 1776
heightened consciousness of victimization as result of Holocaust, critics' reproach of Freud's repudiation of seduction theory of hysteria, 7015
history of delinquency & previous victimization, male juvenile sexual offenders, treatment implications, 26304
hypnotherapy, 20 & 25 & 28 yr old female rape victims with PTSD, 16660
increased aggression & relationship of offender pleasure to victim resistance, 23–55 yr old serial rapists, 33288
individual difference & situational & general coping variables, reactions to unwanted sexual episodes, female college students, 33327
inquiry about prevalence of past sexual & physical abuse, 11–84 yr old psychiatric inpatients, implications for clinical assessment procedure, 8571
intentions for postshelter living, female victims of domestic violence, 36743
interpersonal transaction vs process group therapy vs wait list condition, 23–55 yr old females sexually abused as children, 40675
intervention to improve coping & professional functioning, psychiatric nurses assaulted by patients, 41144
issues in rape & sexual abuse, victims, 22703
issues in victimization & trauma & traumatic stress, commentary, 22454
life span development, coping with & adaptation to sexual abuse as child, female 55 yr old, 12164
medical & legal & therapeutic service delivery, battered lesbians, 30168
model of psychological responses to traumatization, survivors of rape or childhood sexual or physical abuse or domestic

violence or crime or disasters or Vietnam War, treatment implications, 22469
nature & extent of sexual aggression & victimization & effects of alcohol & drugs, emotional impact of & coping with sexual assault, students at rural colleges, 33282
negative aspects of civil damage suits, victims of sexual assault, commentary, 32694
organizational variables & staff & client characteristics, abuse of mentally retarded in residential care, literature review, 37620
peer support program, coping with conflict & stress after patient assault, psychiatric nurses, 6591
perceived severity of rape attack, frequency & severity of somatic complaints, female rape victims, 12181
physical vs sexual abuse, aggression & sexuality, children, 22706
positive aspects of civil damage suits, victims of sexual assault, commentary, 32697
powerlessness & fear of social change & social integration, fear of crime & victimization, 60 yr olds & older, 5393
presenting behavior & psychopathology, 2–18 yr old sexually abused females receiving psychiatric treatment, 40226
prevalence of spouse abuse, 17–80 yr old male & female psychiatric inpatients, Canada, 27208
prior childhood sexual &/or physical abuse, behavior disorders, 14–17 yr old psychiatric patients, 40022
prior victimization, long term functioning, 17 yr old & older rape victims, 15864
pros & cons of civil damage suits, victims of sexual abuse & other crimes, 32695
psychoanalytic theory & diplomacy & politics of victimization, 39835
psychological characteristics, 18–35 yr old males who had been sexually abused as children or sexually assaulted as young adults, treatment implications, conference presentation, 40250
PTSD & associated features, 16 yr old & older victims of civil & terrorist violence, Northern Ireland, 19158
PTSD & its treatment, victims of violence, 23154
PTSD, female 18–46 yr old rape victims, implications for treatment & legal professionals, 33242
r-selected vs K-selected approach to reproduction rate & offspring care, victimful criminal behavior, 12119
rape by stranger vs acquaintance vs family member, offender's aggression & victim's resistance & help seeking & current psychological symptoms, female college students, 5423
reactions to victimization & coping strategies & leaving abusive relationship, battered females, literature review, 5396
reasons for underreporting of child sexual abuse, male victims, 40253
recent victimization & individual characteristics & perceived likelihood of victimization, worry about crime, 60 yr olds & older, 5402
recommendations for assessment & treatment, child victims of sexual abuse, 29696
salient moments of victimization, Black adults whose homes had been bombed during political unrest, South Africa, 15255
sex role changes resulting from women's movement, risk of criminal victimization, females, 1840
sexual & physical abuse victimization, drug use & abuse, adolescent male juvenile detention center detainees, replication, 40215
sexual abuse, PTSD, 2–6 yr olds, 19299
sexual assault history, mental health & medical services use, adults, 27058
sexual coercion, 17–36 yr olds in gay or lesbian relationships, implications for counseling & support services, 33357
sexual harassment experiences, fear of crime & victimization, 16–55 yr old females, 1805
sexual victimization, anxiety & depression & behavioral deviancy, adolescent females, 40221
sexual victimization by males & young females, 14–24 yr old males, 22756
sexual victimization, male children, literature review, conference presentation, 5469
sexual violence & rape, victimized females, 1976, Sweden, 5462
short & long term impact of rape, 19–49 yr old female survivors & 22–44 yr old significant others & parents, implications for treatment, 29703
social judgments about male vs female victims of heterosexual or homosexual rape, college students, 12190
social support theory, male abuse of females in dating relationships, 12115
social victimization process following sexual assault, female rape victims, implications for intervention & research, 8839
status of child or wife or elderly parent or husband as abuse victim in vignette, ratings of seriousness of family mistreatment, college students, implications for social policy, 22739
symptomatology associated with childhood sexual victimization, adult females, 5379
systemic approach to family training employing 1 way mirror, 14 yr old incest victim & her family, 2364
testimony & other treatment strategies, torture victims, 12724
therapeutic treatment issues, lesbian rape victims, 30285
traumatic responses, 5–17 yr olds who witnessed sexual assault of their mother, 19317
treatment & rehabilitation, torture victims & their families, Denmark, 30794
treatment issues, bulimic victims of physical or sexual abuse, 33734
use & perceived helpfulness of informal vs social support sources, adult victims of sexual assault, 30642
victim & incident & contextual characteristics, decision to resist attack &/vs report crime, 12–55 yr old & older crime victims, 39691
victim characteristics & batterer persuasive techniques, returning to battering relationship, females, 26297
victim characteristics in dating violence, female college students, 26234
victimization issues, male victims of child sexual abuse, 1763
victimization screening, 4–80 yr old medical center outpatients from poor neighborhood, 2584
violence & victimization, self esteem, males vs females who were married or living together, 5445
violent adult modeling, characteristics of violence experienced from their children, single mothers, 5438
violent victimization by clients, social workers, 40257
work & personal relationships & self esteem & ability to achieve goals, 19–52 yr old female former incest victims in self help or directed therapy programs, 36800

Video Display Terminals [See Video Display Units]

Video Display Units

amount & format of text on VDU screen, proofreading accuracy & speed & preferences, adults, 24420
antialiasing technique & software, smoothing of jagged line on personal computer graphics images, 28041
calibration method for mapping internal coordinates & viewing plane on high resolution CRT display, 13920
color video monitor with touch sensing system & microcomputer interface, experimentation with nonhuman primates, 24926
color vs blinking vs reverse highlighting on CRT, visual search for target digit, college students, 24538
computer controlled laser videodisc programs, speechreading & assertive listening skills, hearing impaired children & adults, 37589
computer interactive video system, analysis of team behavior, field hockey players, 38535
CRT color & luminance contrast & character matrix densities, proofreading rate & accuracy & other tasks, adults, 31465
CRT color phosphors, speed & accuracy of target search & color preference, 20–57 yr olds, 31463
CRT digit visibility & interstimulus intervals, estimation of sums, college students, 28265

CRT work, urinary excretion of noradrenaline & adrenaline, young vs middle age vs elderly, 17436
density of text in computer video display, reading time & task performance & user preferences in computer assisted instruction, college students, 17158
design of user adaptive computer graphics using artificial intelligence, 17428
distortions of CRT displays in psychophysiological research, 11092
entire network vs scrolling or hierarchically paged restricted window displays, computer generated network fault diagnosis performance, college students, 6946
halftone patterns, gray scale rendition of images & digitization of images between aspect ratios for computer display or printer, 28039
hidden surface removal & multiple light sources & shading, speed & accuracy of object mental rotation & perceived realism of computer generated 3 dimensional image, adults, 17422
high precision dynamic accommodation measurement system, assessment of CRT induced eyestrain & visual fatigue, 18–46 yr olds, 17541
icon use in computer display, assessment of document content in electronic retrieval task, implications for mnemonics & visual search, 7281
joystick control of cursor position vs velocity & level of control display gain, performance in isometric positioning task, male college students, application of Fitts' law, 10704
multidimensional rating scale technique, evaluation of CRT formats for display of safety parameters, 26–44 yr old nuclear power plant operators, 6940
occupation type, effect of new computer technology on perceived work demands & employee interaction patterns, CRT users in large electronics company, Sweden, 20817
physical symptoms & presence of small refractive errors, 18–32 yr old video display terminal operators, 24369
pose change using slides vs video, recognition of suspects from selection of photos, college students as witnesses, 22240
potential educational value of interactive video systems, children, 3163
quantified visual load from CRT screen, eye strain & accommodation & visual EPs, females, Japan, 17429
reading strategies & online definitions, comprehension of technical material read from CRT, college students, 27575
reading text on CRT vs in print, threshold for detection of contrast sensitivity, 20–32 yr olds, 10740
reading videotext vs print, foveal vs peripheral 2 pulse resolution, 20–32 yr olds, 13922
self paced computerized rapid serial word presentation with vs without permitted visual regression, reading rate & comprehension & discomfort, college students, implications for display design, 6948
size of tactual recognition field & target & angle between user & display at seated vs standing work station, performance & accuracy of video display touch entry system, male vs female adults, 13915
times square vs rapid serial visual presentation in electronic text displays, preference & reading & comprehension, college students, 31461
use of display terminals, stress, male bank employees, 6939
validity of visual display terminal legibility test, users with normal vision, Sweden, 38480
video display character spacing & control & format & scrolling speed, reading fatigue & speed & comprehension, college students, Taiwan, implications for Chinese language office automation, 6941
video display terminals in office, work load & time urgency, clerical workers, 17409
videocassette or videotape recording of video & digital information on discrete stimuli & responses, 25
viewing angle & location of stimulus on video display unit screen, legibility of words vs number string vs alphanumeric messages, engineering students, 6947

Video Games [See Computer Games]

Videotape Instruction
abduction prevention training using videotape program with vs without behavior rehearsal vs standard safety program, acquisition of self protective behaviors, K–1st graders, 13500
computer assisted instruction using interactive vs noninteractive videodisc vs videotaped lecture & practice, electromechanical maintenance task performance, college students, 20751
drug education program using videotapes & life skills approach, drug attitudes, high school students, England, 6683
efficacy & limitations of videotapes in patient education programs, literature review, 20051
efficacy of self instruction video in learning speechreading, hearing impaired adolescents & adults, 23731
entertaining vs didactic video, knowledge of & attitudes toward drugs, 14 yr olds, England, 20675
individual videotape modeling vs group discussion with vs without videotape modeling treatment, parents of 3–8 yr olds with conduct problems, 6110
interaction videodisc vs conventional laboratory, attitudes toward biology instruction, college students, 31060
social skills training with vs without self monitored videotape feedback, interactions with peers & conversation with novel partner, severely & trainable & educable mentally retarded 23–63 yr olds, 27269
supplemental visual aids, acquisition of tennis skills, college students, 27995
videos in school based social competence promotion programs, children & adolescents at risk for behavior problems, 3314
videotape with vs without embedded headings & note taking with vs without outline, immediate vs delayed recall, college students, 41221
videotaped positive vs negative models, counselor training, graduate students, 23878
visual vs kinesthetic instruction, learning gross motor skills, college students, 3862

Videotape Recorders
ambulatory EEG & simultaneous video recording, females with Rett syndrome & profound mental & physical handicaps, 19426
computer animation, calibration of color video projectors, 21032
demographics & motives & psychographics, patterns of videocassette recorder use, videotape rental club members, 17480
microcomputer assisted system for coding of multiple events from videotapes to common time base, 32
reactions to & issues in use of video recording in doctor's consulting room & psychiatric hospital, patients, literature review, implications for occupational therapy, 23139
recording system based on video system & memory card & personal computer, tracking of movements, isolated microorganisms, 3895
taping motivation & viewing pattern interactions & changes in TV viewing, videocassette owners or renters, 29002
videocassette or videotape recording of video & digital information on discrete stimuli & responses, 25
videocassette recorders, familial control of TV viewing, 24–62 yr old parents & their 6–16 yr old children, 14964
videocassette recording of interaction with microcomputer & science software, studying concepts & problem solving strategies, college chemistry students, 3195

Videotapes
attitudes toward & use of sexually explicit materials, adult females, 11688
audiovisual vs video vs audio narrative, comprehension, 5–12 yr olds, 36049
clinical & legal & ethical issues raised by videotape recordings, assaultive inpatients, commentary reply, 22694
clinical & legal & ethical issues raised by videotape recordings, assaultive inpatients, commentary, 22724
discussion of AIDS source materials, 40429
erotic & violent content of rock videos, attitudes toward violence against females, male college students, 32343

group therapy using video & masks, intrapersonal communication, psychotherapy patients, 19679
legal & ethical issues in videotaping therapeutic sessions & right to privacy, 25766
manipulations of point of view in videotaped narratives, recall of story events, adult males of Pokot tribe with little visual media experience, Kenya, 21838
microcomputer based system for generating machine & human readable numbers for recording with visual information on videotape, medical applications, 38571
microcomputer video digitizers, monitoring of spontaneous locomotion & moving appendages, animals, 17941
number of visual fixations & eye color of live vs videotaped model, accuracy & interrater agreement in observation of direction & duration of fixation, college students, 38773
peer vs adult narrated education videotape with parents absent vs present, anxiety, 2–12 yr old elective surgery patients, 37657
resources on AIDS, bibliography, 40343
sex role stereotypes in rock music videos, appraisal of male female interaction in job interview, college students, 25806
taped vs live observations, coding of child's behavior & reactions & reactor, 19–31 yr old Os & 18–36 mo olds, 25584
team video self portraits approach to group psychotherapy, adolescent & adult psychiatric & suicidal patients, 33894
TV commercial video rhythms, recall, consumers, 38527
use of & gratification with home video cassette recorder vs other media, 4th–10th graders, Israel, 39502
validity & reliability of modified variable image video system, assessment of body image, obese vs normal weight vs pregnant adults, 26580
videofeedback vs behavior modification program, weight loss & body image, obese females, 16501
videotape as externalizing object in drama therapy, 14 yr old male with dysthymic disorder, case report, 37245
videotape based examination of mental status evaluation & interviewing skills, medical students, 30943
videotape interview guidelines, sexually abused children, legal implications, 33348
videotape of mime presenting concepts of Adler, concept identification, male vs female college students, 7305
videotape recorded playback in psychiatric treatment, adult psychiatric inpatients, 13091
videotaped coping model & distraction technique, stress, 34–68 yr olds in hyperbaric oxygen therapy, 40824
videotaping techniques in group therapy, 7–14 yr old emotionally disturbed & acting out children of alcoholic parents, 2907
5 step method for analyzing videotaped human actions, 14055

Vietnam

factor analysis of brief pain inventory, assessment of pain severity & pain interference items, cancer patients, US vs Vietnam, 3566

Vigilance

age & extraversion, arousal & performance on sustained attention task, 32–91 yr old males, 8429
arousal vs resource limitation of vigilance performance, verbal intelligence, 5th–7th graders, 32452
attention & vigilance & visual search factors, detection of skeleton weed in agricultural environment, adults, Australia, 31459
attention to group mates vs nonsocial environment during simulated foraging task, role of social organization in vigilance for predators, tamarins vs squirrel monkeys, 10934
benzodiazepine antagonist Ro 15-1788, vigilance, sleep deprived 22–27 yr old males, 21794
caffeine, vigilance & finger tapping & other performance tests, 18–40 yr olds, 21734
degraded stimuli in visual continuous performance task, rapid vigilance & skin conductance, college students, 7738
diazepam vs guaiphenesin vs methypranol vs tofisopam, perception of inhibitory effect & vigilance performance, adults, conference presentation, 874
ethanol, vigilance task performance in presence of auditory stressor, college students, 25282
exposure to organic solvents, memory & manual dexterity & perceptual accuracy & vigilance & perceptual motor speed & subjective symptoms, male automobile painters, India, 38452
fluoxetine, nocturnal sleep & daytime alertness, adult males, 11279
GOFER course using conflict theory, decision making self esteem & vigilance & maladaptive strategies, high school students, 34602
group size & conversation, visual scanning behavior, college students eating in cafeteria, comparison with animal vigilance behavior, 25891
group size, time spent feeding & vigilance, eastern grey kangaroos, 31988
high visual task load in simulated air traffic control task, time & aircraft detection, college students, 20902
iv oxytocin, contingent negative variation & memory & mood & vigilance, healthy 23–30 yr old males, 21740
local X-ray irradiation to head followed by meclophenoxate, inhibition of motor activity & vigilance, female rats, 766
memory load in sensory vs cognitive tasks, performance & subjective effort & GSR, college students, Netherlands, test of R. Parasuraman's taxonomy of vigilance tasks, 24913
natural repetitive & nonrepetitive calls, vigilance, ground squirrels, test of communication hypothesis, 18014
protriptyline, vigilance & memory & response latency on short term memory task performance, narcoleptic patients, 9521
proximity in time of infant social contact & infant risk of being hit, mother infant contact & vigilance, mother & 10–17 mo old monkeys, 25008
recognition & visual target detection tasks, sustained attention & vigilance, mentally retarded 16–28 yr olds, 1945
sensory isolation vs alertness vs relaxation, signal detection task for altering vigilance, college students, 24729
signal for absence of reinforcement, observing responses, female pigeons, 38988
signal value vs vigilance, electrodermal & heart rate orienting responses, adults, 18174
sleep deprivation, vigilance task performance & sleepiness, 61–77 yr olds, 28706
social influences, vigilance during feeding, free ranging rabbits, 10979
strategies & age, target detection on sustained attention task, male 18–89 yr olds, 10872
sublingual vs po prazepam, vigilance, normal male adults, 7818
sustained attention deficit & vigilance, hyperactive 9.1–11.7 yr olds, Netherlands, 16252
vigilance & feeding method, predator scanning & feeding efficiency, teals, 544
vigilance behavior, gazelles hunted by cheetahs, 31969
within group birth synchrony, vigilance behaviors & association patterns to reduce neonatal predation, adult female squirrel monkeys, 14562
2 vs 4 mg nicotine chewing gum vs cigarette smoking, vigilance & heart rate, male 18–26 yr old smokers, 32263

Violence [See Also Family Violence]

acute vs chronic alcohol use or abuse, violence, convicted male criminals, 22692
age of illness onset & diagnosis, level of violent behavior & psychopathology & social functioning, adult psychiatric inpatients, 3 wk study, 8632
antecedents & course of violent behavior, 14–69 yr old psychiatric patients referred to psychiatric unit for mandated psychiatric assessment, Canada, 20171
antisocial personality & childhood history of aggression, manifestation of violent behavior while drinking vs sober, hospitalized alcoholic adult males, 8888
approaches to PTSD after college campus violence, student personnel professionals, 41388
assaultive behavior measured by charts & ward journals vs official reports, male schizophrenic inpatients under 36 yrs old, 6392

assaults against psychiatrists, 13–64 yr old outpatients, 19281
assaults by male prisoners, male vs female correctional officers, 1981–82, 2977
assaults on psychiatric staff & need for psychological profile, psychiatric inpatients, 6412
behavioral treatment, violent psychiatric hospital patients, 23702
biochemical imbalances identified by hair mineral analysis, violent vs nonviolent prison inmates, 33255
biological factors, violent criminal offending, birth cohort of adult males, Denmark, 8821
biopsychosocial characteristics, juvenile murderers vs violent vs nonviolent incarcerated delinquents, 19305
body image boundary & self inflicted cuts, tattooed vs nontattooed males incarcerated for violent crimes, 1792
causes & treatment of female battering, review of 3 books, 33278
circumstances & situations, patterns of violence against correctional officers, prisoners, 1979–81 & 1983–85, 17003
circumstances of childhood & adult sexual & physical victimization, 19–65 yr old Black psychiatric outpatients, conference presentation, 32951
clinical & legal & ethical issues raised by videotape recordings, assaultive inpatients, commentary reply, 22694
clinical & legal & ethical issues raised by videotape recordings, assaultive inpatients, commentary, 22724
clinical & statistical strategies for prediction of violence, 29711
clinical assessment, violent patients, 22746
color naming of violence related words using special version of Stroop Color Word Test, Irish vs English college students, England vs Northern Ireland, implications for coping with political violence, 29189
common concern method for treatment of group violence in schools, students, 41383
Connecticut law & Abuse Investigation Division of Office of Protection & Advocacy, protection from abuse & neglect, mentally retarded adults, 1985–87, 32702
construction & validity & reliability of Assault Response Questionnaire, assessment of emotional & biophysiological & social reactions, nurses assaulted by psychiatric patients, 3600
consumption of violence containing action adventure TV programs, children & adults, literature review, 18539
court mandated community psychiatric & medical treatment programs, violent youth, 20327
critical psychology & political repression & violence, implications for psychologists & mental health workers, 32710
cultural & socioeconomic factors, criminal violence, literature review, 22734
delusion of physical transformation into wolf, violence leading to death of guest, 28 yr old male, case report, 36727
demographic & historical & EEG & neurological & neuropsychological variables, schizophrenic inpatients with histories of high vs low vs no violence, 36627
demographic & psychiatric characteristics, violent behavior, 15–58 yr old female offenders, 1981–85, Canada, 36738
determinants of lethal vs nonlethal violence, implications for control theory as research perspective, 5375
development & cross validation of rating scale, assessment of probability of violence, adult male released mental patients, 35146
differentiation of nervous shock vs PTSD, adult victims of violence, Northern Ireland, 5152
drug therapy, violent patients, literature review, 23363
duty to warn deposing attorney of closed-head-injured 14 yr old female's propensity toward violent outbursts during deposition, psychotherapists, case report, 30951
early experience of paternal & maternal violence, adult alcoholic females, 12224
early experiences of violence, future violent or criminal behavior, victims of child abuse or neglect, 36810
effects of mass media portrayal of violence in sports, literature review, 38548
emotional &/or physical abuse by spouse, potential for client abuse & absenteeism & job performance, female employees of residential facility for mentally retarded, 30935
environmental conditions & victim characteristics, incidence of assaults on children & adolescents, 1980–81, 40229
erotic & violent content of rock videos, attitudes toward violence against females, male college students, 32343
examination of "violence breeds violence" hypothesis, abused children, literature review, 36811
experience of anti-gay & lesbian violence, 21 yr old & older homosexual males & females, implications for legislation & policymaking, 33251
exposure to filmed violence, aggression, female vs male college students, Sweden, 1447
exposure to sexually violent erotica, sexual arousal & rape perceptions & subsequent aggressive behavior, commentary reply, 12116
exposure to sexually violent erotica, sexual arousal & rape perceptions & subsequent aggressive behavior, commentary reply, 12154
extent & type of dating & parental violence, Black vs Hispanic vs White college students, 12179
factor structure of lethal behaviors scale, female vs male adolescents & adults, 48
factors affecting decision to leave abusive relationship, limitations of research methodology & theoretical models, 1841
factors in & management of violence in treatment unit, adolescent psychiatric inpatients, 2753
feminist psychology & issues in psychotherapy related to violence against females, conference presentation, 26311
formal features & violent content, visual attention to TV programs, male vs female 5–11 yr olds, 21994
forms & health & other effects & epidemiology of political violence, Central America & South Africa, implications for public health workers, 33360
genetic & hormonal & neurochemical & electrical & substance abuse & psychiatric factors, violence, 22685
genetics & frustration-aggression, group propensity for violence, commentary, 36225
group vs individual couple counseling at family service agency, 19–46 yr old abusive males & their battered female partners, Canada, 26853
heat increase, violent behavior, literature review, 36724
high vs low potency neuroleptics, violent behavior, male schizophrenic inpatients, 9522
history & attitudes toward various types of violent behaviors, marriage & family & demographic & psychosocial characteristics, males violent towards family &/vs nonfamily targets, 15886
history & current status & criticisms & future of sport of boxing, 38534
history of physical &/or sexual assault, 19–75 yr old psychiatric outpatients, 33078
hospitalization & arrests & violence, male psychiatric patients 18 yrs old & older, 1 yr followup, 26113
identification of predictors of assault on inpatient psychiatric staff, assaultive vs nonassaultive patients, 23666
incidence & forms & correlates of violence in relationships, lesbians, 26288
incidence & type of & attitudes toward violence & acquaintance rape in dating relationships, male vs female college students, 12091
incidence of & risk factors associated with & staff reactions to patient assault, hospitalized psychiatric patients & assaulted nurses, 23665
incidence of dominance or possessiveness & sexual pressure & use of physical force & other abuse in relationship, married vs dating college students, 26293
incidence of rape &/or sexual abuse &/or child abuse &/or battery, bulimic 14–59 yr old females, 16216
incidence of violence, psychiatric patients in special vs general psychiatric hospital, 16875
Indian Health Services Special Initiatives Team, family & community violence prevention & crisis intervention, American Indian & Alaskan Native communities, 9681

injuries from inpatient violence, nursing vs professional staff, 1 yr study, 27188
inquiry about prevalence of past sexual & physical abuse, 11–84 yr old psychiatric inpatients, implications for clinical assessment procedure, 8571
instrumentation issues in measurement of violence, psychiatric inpatients, literature review, 3611
intersexual nature of violent crime, 1826
intervention to improve coping & professional functioning, psychiatric nurses assaulted by patients, 41144
issues associated with accounts of violent crime & deadly force situations, victims & bystander witnesses, implications for police officers & postevent counseling, 19338
judo principles, conflict solving strategies & advancement in psychotherapy, regressed & violent patients, 5948
juvenile & family violence, adult criminal record including violent offenses, 19.9–25.2 yr olds previously incarcerated as delinquents, 36774
Juvenile Offender Law, violent crime rates, juveniles, 22251
learning history & environmental & situational & demographic variables, prediction of violent behavior, violent vs nonviolent male prisoners committed to psychiatric hospital, 15873
macrosociological analysis of gender inequality & circulation of pornography & cultural spillover of violence & social disorganization & incidence of rape, conference presentation, 1755
management & clinician reactions, acute episode of violence, hospitalized psychiatric patients, 23695
measurement of seriousness of crime & societal stakes, prediction of violent criminal behavior, 29710
media coverage of sports, violent behavior, audiences, 38532
media violence & aggressive behavior, 29000
media violence, behavioral & attitudinal effects, children, literature review, 29133
mental illness & violence, criminals referred for forensic evaluation, 2 yr followup, conference presentation, 22470
methodological flaws in studies on effects of exposure to sexually violent erotica, commentary reply, 12161
methodological flaws in studies on effects of sexually violent erotica on sexual arousal & rape perceptions & subsequent aggressive behavior, commentary, 12162
methodological issues in study of perception of TV violence, adult & child TV viewers, literature review, 18477
midazolam, aggressivity & violence, mentally retarded 14–26 yr olds, 37481
military adjustment & traumatic violence, development of PTSD, Vietnam veterans, 33047
minor physical anomalies due to prenatal neural disturbances, prediction of recidivistic adult violent criminal behavior, 11–13 yr olds, 9 yr followup, prevention implications, 33556
multifaceted treatment approach, violent psychiatric inpatients, 2774
nature & frequency of grief reactions to sniper attack, 6–13 yr olds, 1 yr followup, 5452
neurological & psychiatric & demographic variables, prediction of violence, hospitalized neuropsychiatric patients, 25985
neurpsychological correlates of episodic violent behavior, neuropsychiatric patients, 5741
nonseclusion policy, violent incidents, hospitalized psychiatric patients, England, 27216
nuclear fallout, criminal violence, 15–24 yr olds, 1940–85, biogenic predisposition implications, 15874
object relations therapy framework & transference issues, violently abused 7 yr old female, 37351
offense & history of violence & crime, mentally disordered vs non-mentally disordered prisoners, 29684
patient race, use of physical restraint in response to violence, White staff members of psychiatric hospital for adolescents, 23641
patterns of physical & sexual abuse & help seeking behavior, male vs female college students in dating relationships, 36806
PCP induced violence & crime, 1966–86, literature review, 22778
peer support program, coping with conflict & stress after patient assault, psychiatric nurses, 6591
perception of political violence, coping strategies & trait neuroticism, 18 yr olds & older, Northern Ireland, 40209
perceptions of death & violence on TV, 12–18 yr olds, followup study, conference presentation, 36004
personality characteristics, violent vs nonviolent prisoners, 26300
personality differences, male sex offenders vs violent prisoners, 1782
pharmacotherapy, violent & aggressive behavior, humans & animals, 2469
physical abuse by male intimates, fear of violent crime, 18–65 yr old females, Canada, test of feminist hypothesis, 12189
physical-aggressive-avoidance-response-remediation technique, prevention of physical assault, emotionally disturbed children & adolescents in institutional or community setting, 23664
pinodol, serum levels of thioridazine &/vs haloperidol &/vs phenytoin &/vs phenobarbital, 35–77 yr olds with organic brain disease & violent explosive behavior, 6146
political violence, development & health, children, South Africa, 33274
political violence, mental health, children & adults, Northern Ireland, 40208
pornography, sexual & nonsexual violence, adult females, Canada, 5463
positron emission tomography & verification of brain pathology in violent behavior, adult males, implications for law & public policy, 8853
preadmission threats of violence, violent behavior during 1st 3 days of hospitalization, 18–92 yr olds admitted to acute psychiatric inpatient unit, 40987
prediction of assault & violent behavior, juvenile psychiatric inpatients, 2805
prediction of battery or threatening or suicidal behavior, psychiatrists examining 14–74 yr old psychiatric inpatient admissions, 20185
predictive variables in development of aggression & violent behavior, 8–32 yr old males, England, longitudinal study, 39618
predictors of violence, adult male schizophrenic vs nonschizophrenic mental health patients, 1 yr followup, 5250
predictors of violence, civilly committed acute psychiatric patients, 2815
prejudiced attitudes toward children & relation to violence, 15865
prior arrest for violent crime & other factors, rearrest for violent crime after hospital discharge, males psychiatrically preoccupied with prominent politicians, 29643
prolonged exposure to films varying in sexual explicitness & violence toward females, rape attitudes & sexual objectification of females, male college students, 8815
proximity of exposure to sniper attack, affective & cognitive development & traumatic memories, elementary school children, conference presentation, 33336
psychiatric assessment & treatment of PTSD & other psychopathology, Asian survivors of mass violence, 40568
psychiatric diagnosis & EEG & psychological test data & social history, violence, male forensic hospital patients, 27362
psychoanalytic perspective on social violence & dictatorship as example of terrorism, Argentina, 39841
psychodynamic construct for theoretical & clinical understanding of violent & homicidal behavior, patients with borderline or psychotic or psychopathic disorders, 1520
psychological impact of violence & terrorism, 1969–87, Northern Ireland, 19278
psychosocial & family & personal correlates, juvenile chronic violent vs sex offenders, 15841
PTSD & associated features, 16 yr old & older victims of civil & terrorist violence, Northern Ireland, 19158
PTSD & its treatment, victims of violence, 23154

public health prevention strategies & interpersonal violence, predictive implications, 29724
questioning & testimony, victims of sexual vs physical assault, Canada, 15359
rate & severity of assaults on staff & other patients, adult psychiatric inpatients, 27235
rates of violence on TV, US vs UK, literature review, 18475
ratings of importance vs semantic similarity judgment techniques, causal attributions of psychological & physical interpersonal violence, college students, Spain, 5468
ratings of sexual violence in Playboy magazines, college students, 1954–83, 36801
recall of important details from videotape of violent event during successive trials, college students, implications for eyewitness testimony, 1293
research methodology in studies on effects of exposure to sexually violent erotica, commentary, 12166
resurgence of racially motivated harassment & violence against minority students at predominantly White institutions of higher education, 38165
risk assessment of violence, patients with mental disorders, 26130
risk factors for suicide & violent death, 15–19 yr old suicide attempters, 1973–82, Finland, 40239
risk screening & early intervention & psychological first aid, PTSD & grief & concerns about safety, school age children exposed to community violence, 34232
role in treatment of violent patients in general hospitals, psychiatrists, 23647
salient moments of victimization, Black adults whose homes had been bombed during political unrest, South Africa, 15255
school violence, 9th & 11th graders, Israel, 24098
self concept & prison subculture & attitudes toward law enforcement officials & prison authorities, violent vs nonviolent prisoners, 27375
sex typing, verbal & sexual & physical abuse in dating relationship, male vs female college students, 5376
sexual violence & rape, victimized females, 1976, Sweden, 5462
social context & cultural evolution theory of violence & individual motives of protagonists, variation in homicide rates, implications for Darwinian psychology, 26224
social influences & ideological issues in violence prevention & relation to public health prevention strategies, 12628
statutory approaches to limiting psychiatrists' liability for their patients' violent acts, 37960
testosterone concentration in saliva, criminal violence, female inmates vs college students, 8777
theoretical nursing model, prediction of violent behavior, hospitalized psychiatric patients, 30750
theories of motivation for rape by power & control & violence & domination vs sex, 36787
theories of violence & management & aftermath of violent behavior against doctors in vs out of hospital setting, patients, literature review, 8830
therapeutic holding technique without seclusion or mechanical or chemical restraints, violent behavior, seriously disturbed 12–19 yr olds in psychiatric unit, 30749
type of gun control legislation, firearm assaults, communities, 15343
utility of empirically based actuarial systems, prediction of violence, 12117
utility of Lion's inpatient violence scale & Brief Psychiatric Rating Scale & WAIS-R & Premorbid Adjustment Scale, violent vs nonviolent 25–44 yr old schizophrenic males, 1690
utilization of mechanical restraints, violent or self injurious child or adolescent psychiatric patients, 23676
validity of clinical prediction of violent or dangerous behavior, 36760
validity of English versions of new Likert scale, measurement of attitudes toward violence, college students, replication, 35104
verbal IQ levels, property vs violent offenses, male juvenile delinquents, 1848
victim characteristics in dating violence, female college students, 26234
viewing competitive vs violent ice hockey action, aggression, male college students, 38543
violence & delusions, patients with Fregoli or intermetamorphosis or subjective doubles or Capgras syndrome, case reports, 5187
violence & victimization, self esteem, males vs females who were married or living together, 5445
violence at soccer matches, Victorian England, 38537
violence counseling incorporated into routine community medical health care, adolescents, 16819
violence during sleep from confusion on sudden awakening vs sleepwalking vs dream content, male 17–34 yr olds charged with murder, implications for adjudication, 5413
violence during sleep resulting from absence of atonia during REM sleep, commentary, 40249
violence in dating relationship, high school females, 12103
violent attacks toward peers & teachers' & staff responses, hospitalized deaf 14 yr old male referred to hearing psychiatric facility, case report, 9794
violent behavior, patterns of adjustment in family, mentally ill adults & their family, 8732
violent crime arrests, paranoid schizophrenic patients who attempted to see US President or other political figures, 9–12 yr study, 15783
violent incidents in psychiatric hospitals, commentary, 30722
violent victimization by clients, social workers, 40257
Viral Disorders [See Also Acquired Immune Deficiency Syndrome, Encephalitis, Herpes Genitalis, Herpes Simplex, Influenza, Poliomyelitis]
age specific prevalence of Epstein-Barr virus antibodies, 18–65 yr olds with affective disorders, 19077
Coxsackie B viral infection, 5–12 yr olds with prolonged fatigue & physical & psychological symptomatology, Scotland, 23079
disease induced fever & related behavior changes & anorexia & depression, organized & evolved behavioral strategy for combating viral & bacterial infections, humans & animals, 14720
diurnal variation, symptom severity of colds & influenza B, adults, 26641
epidemiology & mortality of Creutzfeldt-Jakob disease, 46–73 yr olds, 1974–84, Finland, 16135
experimentally induced respiratory virus infections, speed of response in serial reaction task, adults, 9200
exposure to viral disorders, prenatal development of schizophrenia, births from 1920–55, 33198
immune responsiveness to viral pathogens & genetic predisposition, etiology of schizophrenia, 15758
inoculation of brain tissue from schizophrenic patients, chimpanzees & monkeys & guinea pigs, implications for viral etiology of schizophrenia, 743
knowledge about HIV action in development of AIDS, 12404
murine retrovirus models for AIDS, assessment of immune cells & functions, mice, 21675
persistent infection with lymphocytic choriomeningitis virus, regional brain choline acetyltransferase activity, mice, 7948
possible chronic infections process of CNS, etiology of schizophrenia, 15800
psychological status, 26–70 yr olds with serological profile & clinical symptomatology indicative of chronic fatigue syndrome, 40466
research in genetics & virology & immunology related to schizophrenia, 22528
retrovirus transposon hypothesis of etiology through genetic rearrangement, patients with functional psychoses, conference presentation, 1575
signs & symptoms & multimodal management of chronic Epstein-Barr viral syndrome, 26 yr old female, 33745
T-cell lymphotropic retroviruses, etiology, schizophrenic 20–47 yr olds, 29532
viral etiology & impaired immune response, schizophrenia or depression, literature review, 26791
Vision [See Also Autokinetic Illusion, Binocular Vision, Brightness Perception, Color Perception, Critical Flicker

Fusion Threshold, Dark Adaptation, Foveal Vision, Linear Perspective, Monocular Vision, Peripheral Vision, Stereoscopic Vision, Visual Discrimination, Visual Field, Visual Perception, Visual Thresholds]
anatomical & physiological & psychophysical aging of eye, visual functioning, 8186
brief electric shocks & arousal, attentional switching mechanism between central & peripheral visual systems, right handed college students, 598
clinically relevant neurological features of visual system, literature review, implications for head injured patients with visual deficits & their treatment, 40525
development of sports vision testing battery, 17–30 yr old athletes vs nonathletes, 21075
interaction of excitatory & inhibitory motion stimuli, visual sensitivity inferred from landing motor response, flies, 38962
pan-retinal photocoagulation, adaptation ability in center of vision, diabetic adult males with retinopathy, 2643
random words presented to left vs right visual hemifield, long latency visual EPs measuring blindsight, female 25–39 yr olds with homonymous hemianopia, 2121
short vs long range motion patterns in visual displays directed at attentive vs unattentive conspecific viewers, iguanid lizards, 17991
transdermal scopolamine, psychological performance & visual functioning at sea, 18–40 yr old male naval volunteers, 9558
visual changes & impairment in daily life, 18–100 yr olds, 9113
visual system plasticity, adults, literature review, therapeutic implications, 645
visual vestibular systems neurophysiological interaction, literature review, implications for therapeutic use of vestibular stimulation for visual problems due to head injury, 41020
Vision Disorders [See Also Eye Disorders]
acuity card testing, 2–26 yr olds with cerebral visual impairment, 22950
age, heterophoria & associated heterophoria & fixation disparity & stereopsis for near vision & other binocular vision anomalies, 10–65 yr olds, Iran, 40532
artificial retinal image stabilization using eye movement information, oscillopsia & visual acuity, 22–82 yr olds with nystagmus due to neurologic disease, 2050
assessment & instrumental procedures during implementation of augmentative & alternative communication device, 11 yr old male with severe communication & visual & cognitive impairments, 6487
characteristics of vocational success, 17–68 yr old visually impaired vocational rehabilitation clients, 37873
chronic methylmercuric chloride, brain somatostatin & CNS glutamic acid decarboxylase & spastic/dyskinetic syndrome & visual deficits, rats, 14915
color sorting performance in FM 100-hue test, patients with left vs right sided visual field disorders, 23083
cone mediated flicker & color detection thresholds by dark adapted rod system, 15 & 38 yr old males with congenital stationary night blindness, 8977
contrast, reading performance, 19–72 yr olds with low vision, 30075
counseling & other interventions with visually impaired children & their families, school psychologists, 24225
development of object permanence skills, visually impaired 4–25 mo olds, 9180
dioptric blur & age, speech reading, normal hearing 22–37 yr olds vs hearing impaired 21–87 yr olds with vs without visual pathologies, 37169
early visual processing dysfunction, 54–75 yr olds with progressive dementia, case reports, 16025
efficacy & validity of optometric vision therapy, vision disorders, 2894
evaluation & rehabilitation of diplopia, head injured patients, 41042
fading & feedback training, visual acuity, myopic vs emmetropic college students, 16481
low level visual deficits, reading difficulties, children, commentary, 12288
migrainous type visual disturbances & cerebral venous thrombosis, 30 yr old female & 52 yr old male, 30041
neuro-ophthalmologic symptoms, patients with rostral basilar artery syndrome, 9143
neuropsychological functioning & computed tomography results, head injured patients with vs without visual field defects, 5818
observations of R. Balint on patient with psychic paralysis of gaze & spatial disorder & optic ataxia, 1907, 2025
optic nerve hypoplasia, literature review, 40512
performance on "maze" reading test, 4th–6th graders with fusional or accommodative visual abnormalities, 30098
peripheral visual fields, 2–5 yr olds vs 11–40 yr old neuroophthalmology patients, 12368
physical symptoms & presence of small refractive errors, 18–32 yr old video display terminal operators, 24369
pituitary tumor & bitemporal visual field defect, delusion of inanimate doubles & misidentification of people, male 74 yr old, implications for prosopagnosia & Capgras syndrome, England, 26434
school achievement, 8–16 yr olds with normal vs defective color vision, Spain, 6788
self reported vision loss, everyday life functioning, 65 yr olds & older living in community, 36977
serial pattern stimulation, visual EPs, 76 yr old female with visual impairment caused by ethambutol treatment, case report, 6179
SES & ear disease & hearing loss & vision problems, Black 6 mo to 11 yr olds, 29917
stress & stress reduction techniques, mobility training process, visually impaired students & clients, literature review, 9854
stress management through imagery, eye problems resulting from stress & asymmetric postures, professional symphony musicians, 23328
suppression of blur by monovision contact lenses & ocular dominance, monovison task performance, 44–67 yr olds with presbyopic vision, 34186
theoretical implications, 80 yr old male with visual agnosia, case report, 9131
transdisciplinary therapy model & visual training, visual function, 19 yr old male with visual defects & cerebral palsy, case report, 2181
vision disorders, speechreading performance, hearing impaired, 22958
visual changes & impairment in daily life, 18–100 yr olds, 9113
visual deficit, driving performance, traumatically brain injured patients, rehabilitation implications, 40510
visual EP pattern abnormalities & disability, severe traumatically brain injured 3.8–8.1 yr olds, 40486
visual EPs before & after surgery, patients with central visual field defects, 20091
Vision Disturbances (Hysterical) [See Hysterical Vision Disturbances]
Visions (Mysticism) [See Mysticism]
Visitation (Institution) [See Institution Visitation]
Visitation Rights [See Child Visitation]
Visual Acuity
acuity card testing, 2–26 yr olds with cerebral visual impairment, 22950
artificial retinal image stabilization using eye movement information, oscillopsia & visual acuity, 22–82 yr olds with nystagmus due to neurologic disease, 2050
behavioral training, visual acuity & refractive error, myopic adults, 16507
central vs peripheral retinal contrast sensitivity for low vs high spatial frequencies, prediction of performance on other visual tasks, 19–74 yr olds, implications for models of vision loss, 17756
color match area & Stiles Crawford effects, 50–78 yr olds with age related macular changes, 25526

dioptric blur & age, speech reading, normal hearing 22–37 yr olds vs hearing impaired 21–87 yr olds with vs without visual pathologies, 37169
English translation of T. Mayer's pioneering experimental work on visual acuity, 10748
fading & feedback &/vs incentives, visual performance & search & facial expression identification, myopic adults, 16515
fading & feedback training, visual acuity, myopic vs emmetropic college students, 16481
grip strength & RT & vision & other factors, male outpatients 65 yrs old & older who were frequent vs infrequent drivers vs nondrivers, 18729
imagery of vertical line near visual fixation, perceived fixation offset in vertical line display measuring vernier acuity, college students, 7318
left vs right eye visual acuity, 10–40 yr olds, 15041
luminance gradient & relative phase of spatial frequency components, effect of edge information on stereoacuity, adults, 35283
masking by incoherent vs coherent laser light & luminance, photopic visual acuity assessed by square wave gratings, Os, 17746
neural factors, postnatal development of visual acuity, monkeys, 14679
nicotine nystagmus, resolution of moving targets under velocity & duration conditions, heavy vs light smokers, 28901
optically induced retinal image slip, postsaccadic ocular drift, 18–61 yr olds, 39103
prognostic value of interferometry, 3–5 yr olds with visual acuity disorders, 37128
refractive error & preferential looking visual activity, 12–24 mo olds, longitudinal study, 21960
sinusoidal gratings spatial frequency, temporal summation functions measuring sensitivity shift from transient to sustained channels, 21–28 vs 60–77 yr olds, 21913
size of stabilized background in photopic & scotopic vision & role of retinal cell spatial filtering, spatial pattern sensitivity & saturating effect & rod & cone interactions, adults, 35282
spatial & temporal contrast sensitivity in central vs peripheral vision, albino 22 yr olds, implications for arrested visual development, 19658
spectral sensitivity for flicker & acuity, magnocellular vs parvocellular visual perception channels & their cone inputs, 14678
static & dynamic visual sensitivity, 7–61 yr olds, implications for spatial vision models & performance screening & aging, 17791
stimulus contrast, stereoacuity, adults, 31787
stimulus orientation & spatial frequency, visual contrast sensitivity, 17–51 yr old psychiatric patients with drug induced parkinsonism, implications for dopaminergic deficiency, 32928
stimulus size & eccentricity, vernier hyperacuity vs spatial resolution performance from fovea toward periphery, adults, evidence for nasotemporal asymmetry, 4096
temporal uncertainty & background & target movement, contrast sensitivity & grating acuity & RT, adults, 14276
uniform field flicker masking, artifact of synchrony with luminance in assessment of visual neural channels & contrast sensitivity, college students, 7309
Vernier & grating acuity, infants born with symmetric intrauterine growth retardation, UK, 40506
visual acuity & motor speed & dexterity, performance on Trail Making Test-Part B & performance subtests of WAIS, 21–73 yr old male neuropsychiatric patients, 29472
visual acuity card assessment procedure, low vs high risk infants & children 3 weeks old & older, 8520
visual field location of stimuli, line orientation & spatial interval discrimination thresholds, adults, implications for role of striate cortex neurons in visual acuity, 28620
waveform velocities & duration of retinal slip velocities, vocabulary saccades & visual performance, 12–48 yr olds with congenital nystagmus, 29840

Visual Contrast [See Also Brightness Contrast, Color Contrast]
abrupt grating contrast increments, binocular vs monocular RTs, adults, replication, 3772
abrupt visual onset vs stimulus luminance & hue, capturing attention, college students, 3735
age & retest interval & psychophysiological method, spatial contrast sensitivity, 20–59 yr olds, 25474
age, spatiotemporal contrast sensitivity, 13–67 yr olds, 25537
aging & target luminance, spatial contrast sensitivity, 19–35 vs 68–79 yr olds, 25524
aperture orientation & grating speed & contrast, perceived vertical motion in barberpole illusion measuring motion integration, college students, Japan, 35288
assimilation & contrast of large squares, Baldwin illusion, college students, 3775
bright bar with asymmetrical spatial contrast profile, visual coding of stimulus spatial location, 25–27 yr olds, 14309
carbamazepine, visual contrast sensitivity & CFF, epileptic 18–50 yr olds, 16643
central vs peripheral retinal contrast sensitivity for low vs high spatial frequencies, prediction of performance on other visual tasks, 19–74 yr olds, implications for models of vision loss, 17756
concurrent adaptation of spatial frequency or orientation, contrast threshold, adults, 28238
construction of facial representation & face vs nonface decision making & awareness of familiarity & spatial contrast sensitivity, male military personnel with left vs right brain damage, UK, 37112
contextual lines within or outside attentive field & orientation coding, length assimilation & contrast, college students, 7326
contrast & additive noise in dynamic images, ability to identify visually presented American Sign Language, deaf persons, 2092
contrast & spatial frequency & test duration, tilt aftereffect, 23–56 yr olds, 28239
contrast & spatial frequency of checkerboard stimuli, pattern onset/offset binocular electroretinogram contrast functions, adults, 28633
contrast flash masking of just visible bar, parafoveal mask spectral response curves during detection by long wave cones alone, adults, 14698
contrast level of black & white checkerboard pattern, fixation & visual attention, 4 mo olds, 15086
contrast of moving grating & visual adaptation, motion aftereffect duration measuring types of direction specific mechanisms, college students, 10731
contrast, reading performance, 19–72 yr olds with low vision, 30075
contrast reversal & visual persistence, perceived bending of moving hourglass, college students, 28266
contrast transfer functions for spatial mechanisms, suprathreshold contrast perception, 3765
contrast vs luminance near contour, apparent size of squares in illusion with dark vs light figures vs backgrounds, Os, implications for retinal receptive field model, 3769
detection & phase identification thresholds of sine- vs cosine-phase visual stimuli, adults, support for late nonlinearity hypothesis, 28257
development of spatial contrast sensitivity, 5–52 wk old monkeys vs human infants, 24930
development of visual contrast sensitivity to low vs high spatial frequencies, infant macaques, 1 yr study, 3892
domain dependency & specificity, presence & absence of length specific orientation contrast, commentary, 28269
feedback, estimates of visual contrast sensitivity, 10–40 yr olds, 29047
Fourier transform of temporally sampled impulse response of eye, band of high contrast perceived when viewing rotating striped pattern under stroboscopic illumination, 14711
Gabor patch size with constant spatial frequency, contrast perception thresholds using magnitude estimation & contrast matching, experienced Ss, 14256

grating contrast & spatial frequency & laser energy, flashblindness, male monkeys, 18233
increased contrast, spatial discrimination, implications for increasing vs constant noise model, 35308
interaction of luminance & chrominance masking gratings, contrast dependence, Os, 14308
letter size & contrast level, letter recognition threshold, adults, implications for role of early stages of visual processing, 221
luminance & spatial frequencyy & senile miosis, spatial contrast thresholds, 19–35 vs 67–79 yr olds, 21910
morphine with vs without naloxone, discrimination between blank field & sinewave gratings of varying contrast, pigeons, 28809
ocular fixation vs pursuit conditions, contrast sensitivity for oscillating sine wave gratings, adults, 14272
onset asynchrony in successively paired forms, time course of target apparent contrast enhancement as perceptual retouch vs forward masking, 22–31 yr olds, 21210
orientation & spatial frequency, changes in perceived contrast of suprathreshold grating, adults, 14306
pattern contrast & motion, transient & steady state responses of movement sensitive brain intervention vs computer simulated visual system, female blowflies, 25033
periodic harmonic visual stimuli pairs in reversed contrast & different phase, reversal discrimination thresholds, adults, implications for edge & bar detectors, 35274
point spread functions & detail detection & contrast threshold model, 10719
psychophysical luminance & chromatic spatial contrast sensitivity functions, luminance variations in contrast sensitivity functions, 28259
reading text on CRT vs in print, threshold for detection of contrast sensitivity, 20–32 yr olds, 10740
rotating striped pattern & impulse response of eye, band of high contrast seen obliquely across pattern, 14712
size & distance & location of stimulus configuration, spatial contrast discrimination thresholds, adults, 14290
size & Gaussian luminance profile & temporal modulation of circular symmetric blob stimuli, contrast detection thresholds, adults, implications for multilayer receptive field model, 35270
spaced randomly presented vs massed positive vs negative stimuli, visual flicker rate dimensional discrimination, pigeons, 21376
spatial & temporal contrast sensitivity in central vs peripheral vision, albino 22 yr olds, implications for arrested visual development, 19658
spatial contrast sensitivity & orientation selectivity of visual neurons in foveal striate cortex, monkeys, application of 2 dimensional receptive field model, 4135
spatial contrast sensitivity, 16–59 yr olds with benign intracranial hypertension, 22894
spatial frequency & content & adaptation to & recovery from prolonged viewing of counterphase sinusoidal gratings, EP estimates of time course, adults, 28607
spatial frequency & contrast of sinusoidal grating & interstimulus interval, bistable stroboscopic motion perception & persistence, 27–40 yr olds, 21212
spatial frequency of vertical sinusoidal signal grating & low vs high pass visual noise & temporal envelope & stimulus drift direction, spatial frequency tuning & detection, adults, 14280
spatial frequency of vertical vs horizontal grating, contrast sensitivity, Parkinson's disease patients, 1970
spatially & temporally sampled grating targets, visual reconstruction, adults, 38789
stimulus constrast threshold, foveal velocity discrimination, adults, 3755
stimulus contrast, stereoacuity, adults, 31787
stimulus orientation & spatial frequency, visual contrast sensitivity, 17–51 yr old psychiatric patients with drug induced parkinsonism, implications for dopaminergic deficiency, 32928
subjective vs real contours & luminance contrast, edge displacement in Bourdon illusion, college students, 7363
swept contrast gratings & visual EPs, measurement of spatial contrast sensitivity & thresholds, infants & adults, 35994
temporal frequencies of drifting sine wave stimuli, contrast thresholds for accommodation initiation, adults, 3728
temporal uncertainty & background & target movement, contrast sensitivity & grating acuity & RT, adults, 14276
theory of context & contrast & constancy, enlarging hole on palm illusion & illusion of moon's size on horizon, 3767
tracking vs yes-no staircase psychophysical procedures, measurement of human contrast sensitivity functions in large groups, 21–31 yr olds, 14273
uniform field flicker masking, artifact of synchrony with luminance in assessment of visual neural channels & contrast sensitivity, college students, 7309
uniform field flicker masking, contrast sensitivity, reading disabled 13 yr olds, 19433
variability in contrast increment & frequency of grating pattern, sensory gain & increment thresholds for contrast, Os, 17747
velocity discrimination thresholds, ability to detect contrast vs luminance variations, adults, 28262

Visual Cortex

age, long term potentiation in visual cortex following stimulation of cortical afferents, neonatal to adult rats, 4276
anatomical & physiological & perceptual subdivisions in visual system, primates, implications for human perception, 7668
attention to informative vs noninformative stimuli, striate cortex neurons, cats, 39075
bilateral lesions of medial temporal cortical area, visual search for moving items, adult female, 40462
bilateral occipital strokes, saccadic nuclei & smooth pursuit eye movements, blind 28 yr old male, case report, 33627
calcium entry blocker nimodipine, recovery of preoperatively learned brightness discrimination, rats with visual neocortical injuries, 39180
conceptual framework for concurrent cognitive processing streams in visual cortex, monkeys, 7645
direction & velocity of continuously moving vs flashed bar stimuli, electrical activity of striate cortex neurons, cats, 7637
discrete chemical lesions of visual cortex, physiological properties of cortical neurons & motion information processing, rhesus monkeys, 14794
extinction of differential heart rate classical conditioning to tone, rabbits with bilateral auditory vs visual cortex lesions, 28785
functional logic of segregation & integration in visual cortex neural pathways, primates, 18146
functional properties of visual cortical areas & neural maturation, hemispheric specialization of face recognition, infants, commentary, 36037
glucose metabolic activity in visual cortex, 26–58 yr olds blind before age 4, 9232
interaction of corpus callosum & visual system during development, cats, 18089
intracortical inhibitory mechanisms in visual cortex cells with different orientation selectivity, cats, 21512
luminance intensity modulations, apparent movement & visual cortex processing, mathematical model, 38706
microiontophoretic bicuculline, ocular dominance in visual cortical neurons, cats reared with normal vs abnormal monocular visual experience, 28719
monocular transmission delay induced by filtering input, responses of disparity selective neurons in visual cortex, cats, comparison to Pulfrich effect in humans, 28592
morphology & distributions of GABA & neuropeptide immunoreactive cell populations in visual cortex, fetal monkeys assessed from 110–155 days postconception, 18102
movement & novelty of visual display, 2-deoxyglucose uptake in visual cortex, male rats, 28615
moving light bars spatially oriented to visual cortex cells, synchronization of oscillatory responses & firing patterns, cats, implications for visual pattern recognition, 32035

neurofibrillary tangles & senile plaques & astrocytic gliosis in visual cortex, 41–98 yr old Alzheimer's disease vs control patients, implications for visual deficit, 22888
ocular fixation with vs without patterned visual stimulation to left vs right hemifield, left vs right visual cortex metabolism, male 18–30 yr olds, 643
organization & function & distribution of metabolic enzyme cytochrome oxidase in visual cortex, primates, 14684
orientation of light bars, neural responses & connectivity in infragranular striate cortex layers, monkeys, 25049
parietal vs striate vs peristriate lesions, visual discrimination acquisition & retention, rats, 18266
possible role of extrastriate cortical cell mechanisms in visual orientation & perception, 14709
recovery of depth perception on visual cliff, amphetamine treated cats with visual cortex ablations, 39222
right then left monocular deprivation & 2-amino-5-phosphonovaleric acid blockade of left visual cortex receptors, neural pathway & ocular dominance of striate cortical neurons, kittens, 39175
role of visual cortex in visual perception, commentary, 32054
saccades from fixation point to visual periphery stimuli, activity of periprincipal prefrontal cortex neurons, rhesus monkeys, 39079
single vs multiple laser pulses with energy of 50 vs 500 percent of maximum permissible exposure, visual EPs measured in visual cortex, rhesus monkeys, 658
spatial & temporal factors, direction selective velocity tuning in striate cortex neurons, cats, 4072
spatial contrast sensitivity & orientation selectivity of visual neurons in foveal striate cortex, monkeys, application of 2 dimensional receptive field model, 4135
stimulus duration & surrounding contours, tilt illusion, college students, implications for processing in striate cortex vs parvocellular color-form pathway, 18143
stimulus parameter manipulations affecting inhibitory interactions, neural mechanisms of direct vs indirect tilt illusion, adults, 4164
temporal structure of conjugated discharges of visual sensorimotor neuronal pairs during calm alertness, rabbits, 32043
topical eye application of atropine, 2-deoxyglucose uptake in visual system, cats, 4471
uncertainty about weak vs all stimuli, contrast discrimination & cortical neuron thresholds, 606
unilateral primary visual cortex lesion, thalamus & pretectum retinofugal projections to lateral posterior nucleus & rostral pretectal areas & behavior, rabbits, 806
visual cortex lesions, vertical optokinetic nystagmus, cats, 14786
visual cortical function & preference for novel stimulus & orientation discrimination, newborn infants, 39573
visual EP correlates of metacontrast in striate cortex, adults & monkeys, commentary, 4078
visual field location of stimuli, line orientation & spatial interval discrimination thresholds, adults, implications for role of striate cortex neurons in visual acuity, 28620
visual split brain & monocular deprivation, responsiveness of cortical cells to visual stimuli, kittens, 18276
visual stimulation, onset latencies of visually responsive neurons in various brain regions, rhesus monkeys, implications for human visual response research, 25074
visual stimuli duration times, visual EPs from symmetrical sites of occipital visual cortex, female 20–35 yr olds, 14703
visuotopic sectors of area V2 including prestriate & striate cortex, neural visual projections to & organization of pulvinar visual maps, macaques, 11027
6-OHDA & brief monocular deprivation, suppression of ocular dominance shift & visual cortex binocular cells & role of noradrenergic receptor system, dark reared cats, 39192

Visual Discrimination

ability to distinguish shadow cast stimuli with vs without optical collision, 3–6 wk olds, 32423
ability to respond to shadowed information & recognize & manipulate own shadow, 13–42 mo olds, 32381
ability to time light & tone stimuli & directionality of intermodal transfer, pigeons, implications for timing in rats, 14552
acquisition of visual & auditory discriminations, male vs female Wistar rats, 38994
adaptation to high contrast sine wave grating, waveform spatial frequency discrimination thresholds, Os, 17764
adaptive psychophysical step method vs maximum likelihood estimation technique vs constant stimuli, discrimination of dot number, adults, 38795
age & comprehension & match to sample comparison task performance, referential communication, 5.1–8.4 yr olds, Italy, 18556
age, EP latency in response to letter discrimination & lexical decision tasks, 7–29 yr olds, 25535
age, tactual oddity problem solving ability & transfer to visual modality, 3–8 yr olds, 18586
agnosia of visual object recognition & shape discrimination, male 60–69 yr olds with unilateral right hemisphere lesions, 26673
amphetamine & morphine & naloxone, visual discrimination, rats, 28795
anodal vs cathodal polarization of occipital vs frontal cortex, flash brightness discrimination, adults, 17774
anterior vs posterior amygdaloid lesions, food reinforced visually cued operant responding, male rats, 811
apparent motion cues of familiar objects, 3rd dimensional visual discrimination, bees, 3896
attention & vigilance & visual search factors, detection of skeleton weed in agricultural environment, adults, Australia, 31459
attention during familiarization & novelty preferences & fixation shifts in paired comparison paradigm, visual recognition memory, 4 mo olds observed weekly & longitudinally from 4 to 7 mo, 11381
attention precue & target type, target discrimination latency, adults, 10865
change in illumination conditions during testing, performance of delayed matching to sample task, pigeons, 3927
changing slides of geographic locations, discrimination learning, homing vs nonhoming pigeons, 35482
chronic inhalation dosage of styrene monomer, neurobehavioral changes including activity level & coordination & visual discrimination & nerve conduction, male rats, 28887
color & form & size & category of constant number stimulus, discrimination of relative numerosity, pigeons, 35456
color of different letter pairs as redundant dimension, comparison vs classification RT, college students, 17762
conditioning with VI schedule & interspersed extinction periods using flashing vs steady light measuring successive discrimination, male rats with dorsal noradrenergic bundle lesions, 42?8
confidence & number of responses in discrimination task with constant stimuli, college students, Italy, 24759
constant vs variable pattern condition of small dots & numerosity, pattern recognition vs subitizing, college students, 14317
context of & preexposure to words & letters & phrases, identification performance, college students, 14230
contextual control by tone, visual conditional discriminations, college students, 24863
continuous vs pulsed wave & color of laser flash, color discrimination measuring suprathreshold cone functioning, rhesus monkeys, 400
contrast level, matching of line drawings in photocopy vs ditto reproductions, normal 3.5–10 vs visually impaired 5–30 yr olds with vs without blue purple color deficit, 26546
control by exclusion, arbitrary visual matching to sample, 8 & 11 vs 19–24 yr olds, 39576
cost benefit analysis of spatial cueing & visual stimulus location & quantity & onset asynchrony & attention, peripheral visual discrimination thresholds, male 20–28 yr olds, 35297
creative visual synthesis of geometric forms & lines & alphanumeric characters, college students, 7396

cue for internal attention shift while maintaining central fixation, visual form discrimination, female Os, 244
delayed visual matching & conditional position discrimination, single unit neuron activity & distribution in dorsolateral cortex, male monkeys, 21546
demands on visual selective attention, hemispatial neglect in geometric figure cancellation task, adults with right hemisphere lesions, 30057
density of background lines of different orientation, feature discrimination of line segments, adults, 10747
detection & integration of visual features in complex display, learning disabled 9–11 yr olds, 5538
direction distribution bandwidth & exposure duration & constancy of moving dot's path, direction discrimination of global motion, adults, 28268
discrimination among & habituation to mid & long wavelength chromatic squares, 1–7 day olds, 18540
display size & background texture, parallel vs serial processing in feature discrimination task, college students, 17761
duration & masking & orientation of familiar alphanumeric characters & offset duration, detection of change, college students, 17785
elevated subway train noise over time, visual vigilance performance, Black lower SES kindergartners, 15081
EPs & RT & number of errors & omissions on visual target detection paradigm, male schizophrenic patients, 8623
EPs in visual discrimination task, Parkinson's patients, conference presentation, 5697
estimation of spatial phase of simultaneously presented stimuli, adults, 3750
exercise induced arousal, visual detection performance, 8 vs 11 yr olds vs adults, implications for feature integration theory, 15025
extraversion vs introversion & exposure duration, error detection in visually presented words, adults, 17792
feature positive vs negative reinforcement trials, visual discrimination, pigeons, 417
field juxtaposition vs separation, chromatic discrimination, adults, 38764
figure complexity & training method, visual discrimination performance, cats, 7559
figures presented at retinal midline & 2.5 degrees from midline in same vs opposite visual field, similarity judgment measuring foveal splitting, 33 yr old female with commissurotomy, 33518
fixation with temporal retina, visual pattern discrimination, rabbits, 18110
flash brightness discrimination, errors & time course of slow electrical activity in occipital vs frontal lobe, adults, 18104
fruit coloration, ability to descriminate colors across spectrum, cotton top tamarins vs human adults, 10920
gamma hydroxybutyrate, visual discrimination performance & EEG activity, rhesus monkeys, 893
harmonic visual stimuli, spatial phase sensitivity & discrimination in central & peripheral vision, adults, 35296
hemispace location of stimuli, hemispheric interaction in visual vs tactile angle discrimination task, normally sighted vs blind 16–35 yr old males, 40515
hue vs saturation vs brightness of color stimuli, dissimilarity judgment & spontaneous & instructed classification, college students, 7314
hypnosis, lateral asymmetry in visual detection task, right handed college students, 3886
identical vs similar vs different vs totally dissimilar objects, vocalized responses to discrimination learning questions, African grey parrot, 24956
identification of positive vs negative highpass vs lowpass filtered multitone vs bilevel quantized images, adults, implications for high & low spatial frequency processes, 31788
illuminance level & pattern complexity & arrays of simulated achromatic surfaces, lightness & brightness matches of patches in arrays, 219
increased contrast, spatial discrimination, implications for increasing vs constant noise model, 35308
individual letter features, letter recognition, 35272
information measurement method using derivation of euclidian interstimulus distance, classification & perceived distinctiveness & similarity of photographs, high school & college students, 21217
instructional & probability manipulations of bias, multiletter matching RT, college students, 24762
intelligence, visual & auditory inspection time test performance, college students, 35238
interstimulus interval in vertical & oblique spatial frequency gratings, preattentive deficit, chronic schizophrenic patients, 5326
intradimensional vs extradimensional shifts, visual discrimination learning with simple & compound stimuli, marmosets & 20–48 yr old humans, 21387
irregular presentation of sine vs square wave gratings, stimulus detection vs discrimination, Os, implications for visual system sampling scheme, 3751
judged differences between color pairs using 3 dimensional configuration scaling & KYST algorithm, college students, 24757
key colors, positional response vs conditional discrimination, pigeons, 31936
lateral &/vs central amygdala lesions, visual discrimination learning, male rats, 39230
lateral presentation of complex gratings at various distances from vertical meridian, choice RT for right vs left hemifield discrimination, right handed females, 7638
laterality for visual spatial processing, language trained chimpanzees, 28608
left right vs middle edge position & discovery vs application instructions, classification of randomly positioned dot in square, college students, 35370
lesions of substantia innominata & ventral & dorsal globus pallidus, visual discrimination acquisition & performance & reversal, male rats, 39214
letter size & contrast level, letter recognition threshold, adults, implications for role of early stages of visual processing, 221
limits of parallel processing, visual pattern discrimination of orientation & magnification, college & graduate students, England, 21222
luminance modulation of stimulus, detection of signals embedded in spatially uncorrelated visual noise, 242
luminous intensity difference threshold discrimination, pigeons with lesions of ectostriatum or neostriatum, 11145
monocular vs binocular stimulation by 1 vs 2 shadows, visual discrimination, college students, 7328
morphine with vs without naloxone, discrimination between blank field & sinewave gratings of varying contrast, pigeons, 28809
movement in 1 of 2 sinusoidal gratings with same orientation, discrimination of motion direction & velocity, Os, 17769
neural mechanisms, detection & discrimination of spatial patterns, cats, implications for understanding human spatial vision, 4075
neuroticism & task difficulty, visual discrimination, 13–17 yr old males, 25539
number & compactness of precued or cued positions on visual display, RT & attention focus, college students, 28235
number of digits & letters & exposure duration, visual selection of digits in partial report paradigm, college students, 10750
number of distinctive features in vs degree of fragments of line drawings, object recognition, nursery school children vs female college students, 29081
number of distractor items in visual array, accuracy & speed of odd item search, pigeons, 14509
optical predetection processing vs electronic postdetection filtering of object illumination, optimizing optical system, implications for image estimation, 28250
output of visual filters of fovea & parafovea, blur discrimination task, adults, 28242
paired comparison visual discriminations, novelty preferences & short term spatial memory & attention span,

infants at 4 & 7 & 16 mo old, implications for intelligence development, 39504
parietal vs striate vs peristriate lesions, visual discrimination acquisition & retention, rats, 18266
pattern composition, attention to global vs local levels in same different judgments, adults, 3740
patterned targets different in color &/or luminance from background, discrimination of orientation & magnification, adults, 21223
pentobarbital & visual stimuli, stimulus blocking during compound discrimination training, male rats, 35459
periodic harmonic visual stimuli pairs in reversed contrast & different phase, reversal discrimination thresholds, adults, implications for edge & bar detectors, 35274
photographs of different views of 2 locations, rate of discrimination learning, pigeons, implications for concept formation, 24946
physical & temporal characteristics of stimuli, conditional auditory & visual discrimination learning, pigeons, 21392
physical context cues in slides or videotapes of robbery or suspect, confidence in & accuracy of suspect identification, college student witnesses, 21215
picture matching task induced EPs, 6–8 vs 20–38 yr olds, 18563
point spread functions & detail detection & contrast threshold model, 10719
postoperative environmental enrichment vs impoverishment, visual go/no-go discrimination reversal task, hemidecorticated rats, 25181
prediction of relative vs absolute right hemisphere superiority, recognition of faces & geometrical figures, 22–28 yr old right handed females, 21495
preference for locally simple completion vs mosaic interpretation vs visual pattern completion in tracing contours of overlapping figures, college students, 7312
presentation of learned vs new stimuli following visual memory task training, activity of temporal cortex neurons, monkeys, 21535
presentation of visual stimuli to right vs left visual hemifield, same different decision task, right handed college students, implications for geometric & contrast models, 28600
pretectum vs lateral vs medial posterior thalamus lesions, black vs white horizontal vs vertical discrimination acquisition & low frequency flicker detection, male rats, 11151
prompt fading on reinforced vs unreinforced stimulus vs trial & error learning, acquisition of complex vs simple visual discrimination task, severely mentally retarded 7.9–16.2 yr olds, 40735
rapid visual patterns discrimination using search task, 42–60 yr olds with unilateral cerebral lesions, 26627
reading ability, response latency for comparison matching of letters vs words, 2nd–6th graders, Canada, 18590
reduced ability to direct attention &/or action contralaterally vs failure to disengage attention from ipsilesional side of line segment, 69 yr old right handed male with left side neglect, 26455
reflective vs illumination background edge & lightness contrast vs constancy effects, lightness discrimination, college students, 7322
reinforced visual pattern discrimination, behavior & dorsal lateral geniculate body activity, female cats, 39082
relevant vs irrelevant stimuli in visual matching task, same different RT & EPs, female college students, 4091
removal of AGm region on dorsomedial shoulder of frontal cortex, visual conditioned motor performance & spatial delayed alternation, male rats, 11158
repeated alcohol intoxication, sensitivity & decisional processes in visual discrimination of movement, 21–39 yr old light vs moderate vs heavy female social drinkers, 32153
repeated visual images, noise limited visual detection & discrimination & inconsistency, Os, application of internal noise component model, 3721
response deadlines & asymmetric monetary payoffs, response latency in line length discrimination task using random-walk binary choice model, college students, 35398
retinal eccentricity, identification & localization of target letters presented in isolation vs embedded in arrays similar to target vs alternate response, 19–32 vs 56–69 yr olds, 11560
reversible cold prestriate cortex lesions, visual discrimination retention deficits, monkeys, 39228
right vs left visual field stimulation & feedback, temporal microintervals differentiation & EP, right handed adults, 21523
scopolamine hydrobromide vs scopolamine methybromide, previously trained discrimination of continuous vs intermittent visual vs auditory stimuli, male vs female rats, 39412
selective commissure transections, interocular transference & visual recall for preoperatively trained color vs shape discrimination task, goldfish, 39220
self or externally paced & fixed or random foreperiod, inspection time in visual discrimination task, 8 vs 12 yr olds, 36010
semantic congruity effects, perceptual comparisons, graduate students, 35301
sequential analysis of visual discrimination based on ideal observer concept in signal detection theory, 24741
shape & color disparities, determining 2 or 3 dimensional perceptual rotation & apparent motion, college students, 3752
simple curved vs high vs low frequency bandpass filtered contours, curvature discrimination measured by increment thresholds, Os, 24772
sine wave gratings with stationary periodic random phase shifts, spatial frequency discrimination, adults, 35284
single cell activity in caudate nucleus related to saccadic eye movements during visuomotor tasks, monkeys, 35600
single vs multiple word substrings vs nonword strings, target letter discrimination, college students, 7316
size & distance & location of stimulus configuration, spatial contrast discrimination thresholds, adults, 14290
spaced randomly presented vs massed positive vs negative stimuli, visual flicker rate dimensional discrimination, pigeons, 21376
spatial arrangement & unilateral vs bilateral presentation of letter pairs, discrimination RTs, college students, 7345
spatial frequency, meridional anisotropies of orientation discrimination for thin lines & sine wave gratings, adults, 3732
spatial frequency of gratings, visual discrimination, male patients with right vs left hemisphere damage vs neurological disorders, 33531
spectral sensitivity & chromatic discrimination, 3 & 7 wk olds, 25433
spiral or rectangle shape & Fibonacci vs Mid vs Equi spatial divisions, visual preferences & spatial discrimination, 4th vs 6th vs 8th graders, 8043
statistical analysis & interpretation of concurrent detection rating task, assessment interaction among sensory signals, 38716
stimuli at varying blur parameters & distances from retina, differential spatial displacement discrimination threshold & blob alignment, adult males, 7353
stimuli presented within same perceptual task at different levels of difficulty, visual neuron responses, monkeys, 11050
stimulus constrast threshold, foveal velocity discrimination, adults, 3755
stimulus equalization using abrupt complexity reduction in computer presented stimuli, visual discrimination learning, preschoolers, 20471
stimulus exposure duration, discrimination of spatial structure in eccentric vision, adults, 17789
stimulus fading vs guided response procedure, visual pattern discrimination, rats, 38967
stimulus familiarity, global vs local processing of complex visual patterns, 3 & 4 mo olds, 4602
stimulus significance in visual discrimination task with color response cues, neuronal unit activity in prefrontal cortex, male monkeys, 21573

stimulus variation within positive or negative stimulus sets, positive dimensional contrast in visual discrimination, male homing pigeons, 28421
successive vs simultaneous standard & variable stimuli, asymmetry effect in method of constant stimuli determination of subjective equality, college students, Italy, 24758
superior colliculus lesions & salience of visual stimulus, orienting responses & detection of neglected visual cues, rats, 11156
tachistoscopic line identification & same different accuracy & ratings of 3 dimensionality & dissimilarity, college students, 14269
target differentiation by size &/vs brightness, visual search RT, preschoolers vs adults, test of mathematical models of visual perception & pattern recognition, 36094
targets embedded in background patterns, rapid visual discrimination, 9–11 yr olds vs adults, 4643
text on density processing in preattentive perception, RT in visual search, adults, test of theory by B. Julesz, 21234
texture boundaries & segregation, cross dimensional interaction, college students, 3756
type of acoustic & visual codes, visual letter matching task RT, Spanish vs English speaking college students, 35276
unexpected dissimilar vs similar size circles, RT for same vs different responses, college students, extention of research by D. L. King, 24752
unilateral thalamic lesion, interocular transfer of visual discrimination, pigeons, conference presentation, 14799
unilateral visual deprivation during early period postemergence, cytochrome oxidase activity in retina vs optic lobe vs central brain areas & development of visual patten discrimination, flies, 7768
validity of Neonatal Behavioral Assessment Scale orientation behavior, prediction of visual discrimination performance, 2–3 day olds, 3 mo followup, 10622
variation of length or orientation, discrimination, adults, 17759
velocity of random dot patterns, velocity & direction & opposite direction discrimination, adults, 28232
visual & tactile & auditory discrimination, monkeys with unilateral removal of posterior insula vs 2nd somatic sensory projection area ipsilateral vs contralateral to preferred hand, 799
visual cluster continuum & measurement in pattern & numerosity discrimination, college students, 14275
visual cortical function & preference for novel stimulus & orientation discrimination, newborn infants, 39573
visual detection of suprathreshold bandlimited signals embedded in nonwhite Gaussian filtered noise, adults, 10741
visual discrimination & memory tasks, wintering over staff, Antarctica, 3830
visual discrimination learning with 24 hr intertrial interval measuring noncognitive habit formation, rhesus monkeys with bilateral inferior temporal cortical area vs amygdala & hippocampus lesions, 4297
visual discrimination memory, 4–5 vs 26–27 yr old monkeys, 21537
visual discrimination of food vs nonfood, neuronal responses in inferotemporal cortical & amygdalar & lateral hypothalamic areas, monkeys, 35626
visual discrimination of rotation & magnification for simple pattern elements, college students, 10729
visual discrimination task & P300 potential, assessment of predisposition for alcoholism, male college students, 5512
visual EPs & behavioral responses & development of orientation discrimination, 2–13 wk olds, 39485
visual flicker rate continuum, dimensional stimulus control, pigeons, 31921
visual recognition & retention delay & intervening stimuli in matching task performance, 36–64 yr olds with Korsakoff amnesia vs alcoholism, 5372
visual search processes & use of information & organizational clues about systematic spatial arrangements, aphasic 21–65 yr olds, 1981
visual-visual vs gustatory-visual conditional discriminations, formation of equivalence classes, college students, 21299
visuomotor conditional discrimination vs 2-choice visual discrimination learning, male monkeys with fornix & unilateral inferotemporal & anterior corpus callosum lesions, 25167
visuospatial neglect, overt & covert perception, 49 yr old female with right cerebral brain damage, 26575
Western vs Chinese numerals, search functions, 24–38 yr old Chinese speakers who could read & write English, England, 35279
width & disparity direction & magnitude & orientation of dynamic random element stereograms, stereoscopic orientation discrimination, adults, implications for oblique effect, 28256
writing errors & visual imagery & letter identification, 65 yr old male with left parieto-occipital infarction & agraphia & Gerstman's syndrome, 19557
yellow & green isoluminant vs nonisoluminant compound gratings, phase discrimination thresholds, adults, implications for neural representation, 17798
2 dimensional pattern vs 3 dimensional object visual discrimination, hemispherectomized adults, 2098
2 phase filter operations, gray scale textures discrimination, adults, 3734
2nd spatial derivative of disparity-disparity curvature invariant with viewing distance, perception & discrimination of 3 dimensional curved surfaces, adults, 38790

Visual Displays [See Also Video Display Units]
abstract diagrams, recall relations in text, 19–30 yr old college students, Israel, 17145
abstract visual designs, stimulus recognition & recall of presentation frequency, 10–67 yr olds with unilateral frontal vs temporal lobectomy, Canada, 5790
achromatic luminance polarity vs chromatic color of ambiguous motion display, apparent motion perception, adults, 24744
adaptation to high contrast sine wave grating, waveform spatial frequency discrimination thresholds, Os, 17764
adaptation to vernier offset visual stimulation, negative aftereffect of straight contour apparent offset in opposite direction, college students & E, 7368
algorithm for feature point matching in computational vision, implications for computer assisted manufacturing, 41500
antialiasing technique & software, smoothing of jagged line on personal computer graphics images, 28041
attention & physiology of visual system, military aircraft instrumentation head up display symbology & design, 41524
auto instrument panel luminance & chromacity & word complexity & character size, driving behavior & oral reading preference or performance, 19–30 vs 31–50 vs 51–73 yr olds, 38477
blocked vs random highlighted visual computer displays, visual search time, college students, application of mathematical model, 38472
calendar configuration & beginning day, search performance, college students & staff, New Zealand, ergonomic implications, 17802
centrally vs peripherally presented dots, detection of mirror symmetry in pattern, experienced Ss, 14305
cognitive model of visual display complexity, simulated aircraft bombing mission performance, adults, 27973
color differences, visual search of videotex displays, 14313
competing left hand task, sequence initiation in right hand finger tapping to visual display, stuttering 20–40 yr olds, implications for interhemispheric communication, 29839
computer bar graph vs object display, integration task, college students, 38482
computer generated visual masks on stimuli simulating human gait, identification of walker's direction, college students, 17757
computerized iconographic communication system, 47–64 yr old males with severe aphasia, replication, 37871
concept maps viewed as soft science vs hard art, 28191

consistency of display augmenting cues, performance on & mental models of secondary tracking task, college students, 20887
consistent map legend color codes, RTs & automatic vs controlled processing of computerized map reading task, adults, 31456
cost benefit analysis of spatial cueing & visual stimulus location & quantity & onset asynchrony & attention, peripheral visual discrimination thresholds, male 20–28 yr olds, 35297
darkness vs O-fixed illuminated visual display, detection thresholds for Y axis linear & Z axis angular whole body movements & apparent motion of display, 21–58 yr olds, 35243
depth differences & element density & color & orientation, perceptual segregation of stereoscopic transparency, adults, 17743
design of user adaptive computer graphics using artificial intelligence, 17428
display organization, detection of horizontal line segments, 20–38 yr olds, 28253
distortions of CRT displays in psychophysiological research, 11092
estimation of bivariate normal data correlation in computer scatter diagrams, MBA students employed in technical or managerial positions, 38426
exhibit signs, behavior & learning, zoo visitors, conference presentation, 20919
expertise in interpretation of scientific diagrams, mental representation & search strategies of diagrams, meteorologist vs nonmeteorologists, Australia, 38840
extension of meaning of visual graphic symbols, nonspeaking 18.9 & 19.4 yr old females with severe mental retardation, case report, 40255
familiarity & number of elements & representation, recall of locations & names in maps & diagrams & encoding strategies, high school students, 28348
fixed achromatic vs 2 color orthogonal circular & radial figures, binocular rivalry, 26–43 yr olds, 17795
grid labeling with letters & numbers vs colored circles, use of coordinate references in location of place on grid, 4–6 yr olds, 25422
hardware interrupts, presentation & timing of visual displays & controlling RT keys, 38
heuristic method, placement of labels in computer generated scatterplots, commentary, 17690
human factors engineering & design of automobile instrument panel displays, 41492
human prompters vs postings to display traffic signs reading "Fasten Safety Belt", safety belt use, drivers, 31336
icon use in computer display, assessment of document content in electronic retrieval task, implications for mnemonics & visual search, 7281
image disparities & shading & edge information in computer generated ellipsoids, stereoscopic depth perception, Os, 17752
imagery of vertical line near visual fixation, perceived fixation offset in vertical line display measuring vernier acuity, college students, 7318
integrated vs separated axis controls & error displays, task interference in dual axis compensatory tracking performance, college students, 17722
interests & computer experience, characteristics of computer graphics devised with BASIC language, 10–13 yr olds, 11452
irregular presentation of sine vs square wave gratings, stimulus detection vs discrimination, Os, implications for visual system sampling scheme, 3751
line & jump lengths during horizontal movement on computer display, text readability & reading rate & movement speed selected, college students, 228
mathematical model of reconstruction of 3 dimensional spatial layouts from perspective projections, judgment of relative direction of objects, Os, 3730
menu design in user-system interface, performance, college students, 10428
microcomputer based system for generating machine & human readable numbers for recording with visual information on videotape, medical applications, 38571
mnemonic vs visual spatial display based direct instruction, learning of categorical geological information, learning disabled elementary vs junior high school students, 13669
motion signals with respect to retina & orbit vs pattern elements, induced motion theories using uniform motion model, 7362
motion stimuli for detection of 3-dimensional structure, rhesus monkeys & humans, 3899
movement in 1 of 2 sinusoidal gratings with same orientation, discrimination of motion direction & velocity, Os, 17769
neural mechanisms, detection & discrimination of spatial patterns, cats, implications for understanding human spatial vision, 4075
number of blocks & pattern type, perception of symmetry, college & graduate students, Japan, 10738
number of distractor items in visual array, accuracy & speed of odd item search, pigeons, 14509
numeric vs geometric vs facial representations of money vs satisfaction with money vs situation, social orientation & choice behavior, college students, Poland, 8388
optical & electronic computer systems, spatial & temporal analysis of video images for visual perception experiments, 28245
optical flow speed & displayed dot density, perception of translational heading, college students, 10754
orientation & texture of hemi ellipsoid stereograms, characteristics influencing speed & accuracy of visual interpretation, 21231
Pascal function for selection & display of pictures produced by Macintosh computer, applications to psychological experiments, 38572
pattern of angular velocity in rotating visual scene, standing postural sway responses, 23–34 yr olds, construction of visuomotor interaction model, 17740
perceptual integration of displays across brief temporal gap, dissociation & decay rate of visible persistence vs retinal afterimages, Os, 17760
posted antilittering signs, littering attitudes & stated intentions, college students studying natural environment & adults visiting state park, 20913
presentation of light vs dark characters on screen vs paper, reading speed & comprehension, 16–40 yr olds, 3820
procedures & software for visual presentation & cluster analysis of eye movement data, 18112
product familiarity & hazard type & written warnings with vs without symbols, noticing vs recalling vs complying with warning & perceived hazards, college students, 6981
progressive vs constant time delay procedure, teaching community sign word reading, moderately mentally retarded 8.1–11.3 yr olds, 10170
radial motion of quasi-sinusoidal circular nonuniform pattern designed to fit inhomogeneity of retina, illusion of forward & backward motion in depth, Os, 24749
rapid vs slower viewing of words presented on CRT screen & perceptual identification, recognition, college students, 7468
real time graphic display & simultaneous interpreting & paid note taking, perceived helpfulness, hearing impaired college students, 27737
row separation & dot sizes in step-like array, illusion of step pivoting, Ss, implications for neural coding model, 7313
sampling structure & viewing situation & imagery, visibility of sampling artifacts, 35271
search strategy in selection from computer menu, college students, 41504
segment angle in solid vs outline vs oblique Zollner vs Fraser illusion & role of Fourier components, illusion strength, Os, 17796
sine wave gratings with stationary periodic random phase shifts, spatial frequency discrimination, adults, 35284

spatial frequency & contrast of sinusoidal grating & interstimulus interval, bistable stroboscopic motion perception & persistence, 27–40 yr olds, 21212
spatial frequency & orientation as independent parallel features in Triesman search tasks vs selective parallel channels in threshold & masking tasks, 7344
speech training curriculum with vs without visual vs tactile displays, monotone voice, severely to profoundly hearing impaired 7–18 yr olds, 40823
static displays with implied motion, mental extrapolation & representational momentum, college students, 7397
stationary fixations vs pursuit eye movements in computer generated optical flow displays, perception of direction of self motion, adults, 21237
structural display flow chart before vs after instruction, learning of computer based editing task, students, Wales, 13498
target & adjacent chromatic surround with vs without separation by achromatic gap, target color constancy assessed using forced matching, Os, 17749
TEXTVISION computer program, representation of conceptual relations in text, educational applications, 23998
theoretical approaches to Craik-O'Brien-Cornsweet effect concerning luminance distributions of visual displays, 259
time series trend & randomness & graphic presentation, judgmental forecast & confidence interval, MBA students, 24826
tree diagram, comprehension & recall of main ideas in expository text with multiple themes, 19–30 yr old college students, Israel, 34597
variability in contrast increment & frequency of grating pattern, sensory gain & increment thresholds for contrast, Os, 17747
video task paradigm with computer generated stimuli for obtaining discrimination learning set data, rhesus monkeys, conference presentation, 35480
viewing of achromatic gratings before vs after McCollough effect induction, strength of apparent color aftereffects contingent on spatial features of patterns, females, 17794
visual field processing superiority for words vs dots & digits, commentary, 11010
visual field processing superiority for words vs dots & digits, commentary reply, 11028
visual patterned stimulus duration & payoff for correct response, feature sensitivity & bias & interdependencies in pattern perception, college students, test of Blobloc model, 7354
warning vs standard signs, deterrence of unauthorized use of handicapped parking spaces, store customers, 26679
word commands vs abstract vs representational icons on computer menus, search & select times, college students, 3448

Visual Evoked Potentials

abnormal visual EPs, 65–85 yr olds with major depression with melancholia, conference presentation, 33204
age & stimulation frequency, ontogeny of flash EPs, rats, 783
age, EP latency in response to letter discrimination & lexical decision tasks, 7–29 yr olds, 25535
alcohol, pattern reversal visual EPs, 18–21 yr old males at risk for alcoholism, 22817
asymmetry of visual EPs & lateralized occurrence of neuroleptic induced parkinsonism or tardive dyskinesia, psychiatric patients, 2551
backward masking in visual number recognition tasks, neuronal responses & EPs in thalamic nuclei & striatopallidal system, Parkinson's disease patients, 19551
cigarette smoking, resting EEG & visual EPs & photic driving & heart rate, adult habitual cigarette smokers, 4918
complex apparent motion stimulus producing wagon wheel effect, visual EPs, adults, 28613
context congruency of words, saccade related brain potentials during reading, adults, 4128
contribution of visual & auditory EP research to selective attention theories, humans, 25064
degraded stimuli, movement related visual EP overlap as index of motor preparation in reaction tasks, commentary reply, 39104
degraded stimuli, P3 & other components of movement related visual EPs in go/no go reaction tasks, commentary, 39119
difficulty of visual step tracking task with vs without auditory discrimination task, brain EPs measuring resource reciprocity, male 18–25 yr olds, 35633
dynamic random dot stereograms, scalp recorded EPs, adult males, 4133
EEG & oculomotor activity during problem solving, adults, 21542
EPs in visual discrimination task, Parkinson's patients, conference presentation, 5697
estimation of letter string length, differential P300 amplitude, 21–26 yr olds, support for adaptation level theory of P. Ullsperger et al, 25077
family history of psychosis, visual EP latencies, medicated schizophrenic males, 22638
fixation on spot of light, visual & auditory responses of caudate nucleus neurons, monkeys, 35599
fixed vs moving visual target, RTs & EP latencies & search strategies & learning, 18–24 vs 65–75 yr olds, 25032
flash & pattern reversal visual EPs, elderly patients with primary or multi-infarct dementia, diagnostic implications, 9239
flash & pattern reversal visual EPs, 58–79 yr olds with probable Alzheimer's disease, meta analysis, 40479
flash intensity, visual EPs from various brain regions, 17–30 yr olds, 18147
flash visual EPs, intraoperative monitoring of N2/P2/N3 components, patients undergoing craniotomy vs visual pathway vs noncranial surgery with anesthesia, 6228
form of pyridine, visual EPs & retinal electrical activity & dopamine & DOPAC, monkeys, implications for Parkinson's disease, 11227
foveal task difficulty, EPs during & performance on visual spatial attention task, 20–26 yr old graduate students, 18108
graduated processing difficulty, P300 component of event related brain potential, 23–25 yr old males, 14686
grating contrast ranges & amplitude of motion, visual EPs, 21–47 yr old emmetropic females, 28618
induction of pattern reversal visual EPs using digital filters, 3–13 & 21–50 yr olds with vs without neurological disorder, implications for assessment of patients with attentional problems, 5647
integrated amplitude parameters of visual EPs, 19–51 yr olds with epilepsy, 23009
interhemispheric organization of emotions using late components of visual EPs, right handed 19–26 yr olds, 21549
intracerebral flash & pattern reversal stimulation, visual EPs in nucleus ventralis lateralis thalami, patients with severe dyskinesia undergoing stereotactic procedures, 5622
judgment of proximity of 2 letters in alphabet, visual EPs & RT & errors, college students, 11036
ketamine or naloxone or physostigmine, superior colliculus flash EPs & body temperature, rats, 39319
lateral middle latency auditory & visual EPs, patients with obsessive compulsive disorder, 36624
luminance & color contrast EPs in right eyes, human males, 642
middle latency auditory & visual EPs, adults with melancholic depression, 29569
model of maturational changes in auditory & somatosensory & visual EP latencies, 18087
motion specific visual EPs, 5–12 yr olds vs adults, 35983
normal P300 during visual continuous performance test, schizophrenic 18–37 yr olds, 33213
novel vs well memorized nonverbal visual pattern, left vs right hemisphere EPs, 8–15 yr olds with specific visual cognitive disability & dyslexia, implications for visual learning & pattern analysis, 33401
pattern reversal stimulation, visual EPs, premature 32–35 wk olds, 25468

pattern reversal visual EPs, 18–21 yr old sons of male alcoholics, Denmark, 22816
pattern reversal visual EPs, 6.9–13.2 yr olds with moyamoya disease with vs without posterior cerebral artery occlusion, 40513
perceptual reversals & nonreversals of Necker cube orientation vs physically varying cubical figures, visual EPs, college students, 7673
personality correlates of visual & auditory EPs & augmenting reducing theory, college students, 11052
phase independent spatial frequency of retinal image in visual pathway, adults, 660
predatory processes & attention, size of N100-P200 visual EPs & N150-P260 EPs elicited by painful intracutaneous electrical stimulation, 20–46 yr olds, 28616
prenatal & postnatal lead, visual EPs & electroretinograms, monkeys, conference presentation, 21771
preparation & stimulus processing & response execution & feedback about accuracy, spatial synchronization of EPs during bimanual visuomotor task, right handed males, 35596
P300 component of auditory vs visual EP & attentional impairment, schizophrenic patients, 15670
quantified visual load from CRT screen, eye strain & accommodation & visual EPs, females, Japan, 17429
random words presented to left vs right visual hemifield, long latency visual EPs measuring blindsight, female 25–39 yr olds with homonymous hemianopia, 2121
red & green & yellow & blue & white color stimuli, visual EPs, 15–28 yr olds, 4136
repeated stimuli & varied stimulus intensity & frequency & dishabituation attempts, flash EP peak N160 amplitudes, male rats, 35589
RT & accuracy of visual selection & memory search task & EPs, 18–24 vs 65–75 yr olds, 25442
run length of visual patterns & rapid attention switching, N1-P2 amplitude of EPs, 20–23 yr olds, 35594
selective attention, visual EPs, depressed vs healthy 23–60 yr olds, 26041
sensation seeking & stimulus intensity, auditory & visual EPs & heart rate, male college students, 8480
sensory monomodal & bimodal interaction in superior colliculus, visual & acoustical EPs, male rats, 14665
sequential auditory &/or visual stimuli, auditory & visual neuronal activity in superior colliculus, cats, 39113
serial pattern stimulation, visual EPs, 76 yr old female with visual impairment caused by ethambutol treatment, case report, 6179
single oral vs inhalation exposure to varying doses of toluene vs paraxylene, flash EPs, rats, 11210
single vs multiple laser pulses with energy of 50 vs 500 percent of maximum permissible exposure, visual EPs measured in visual cortex, rhesus monkeys, 658
somatosensory & visual & auditory EPs, 21–49 yr olds at risk for Huntington's disease vs hospitalized neurotic patients, 19003
spatial & temporal frequency of visual stimulation, steady state EPs measuring hemispheric lateralization, left vs right handed 24–39 yr olds, 32048
spatial frequency & content & adaptation to & recovery from prolonged viewing of counterphase sinusoidal gratings, EP estimates of time course, adults, 28607
spatial frequency of checkerboard stimuli, hemispheric differences for visual EPs, adults, 21544
stimuli dance to eye fixation locus, spatial distribution of visual attention field measured by target detection & EPs, 18–30 yr olds, 21532
surgical extracranial shunting of CSF, cognitive functioning & tomographically assessed brain morphology & visual EPs, 37–82 yr olds with hydrocephalus, 23540
swept contrast gratings & visual EPs, measurement of spatial contrast sensitivity & thresholds, infants & adults, 35994
target stimuli class probability & number & matching, visual EP N2 components, adults, 39080
toluene inhalation, auditory & visual & somatosensory EPs, rats, 39376
unilateral section of optic nerve & corpus callosum, visual EPs in response to grating contrast reversal, rats, 28628
uniocular vs binocular stimulation, visual EPs & test of binocular vision, cats, 18124
visual & auditory EPs, clinical diagnosis, medicated vs unmedicated psychiatric patients, 8722
visual discrimination task & P300 potential, assessment of predisposition for alcoholism, male college students, 5512
visual EP correlates of metacontrast in striate cortex, adults & monkeys, commentary, 4078
visual EP N1 latency & amplitude, preterm 1 day olds, 39469
visual EP pattern abnormalities & disability, severe traumatically brain injured 3.8–8.1 yr olds, 40486
visual EPs & auditory brain stem EPs, 10–40 yr olds with Wilson's disease, 26628
visual EPs & behavioral responses & development of orientation discrimination, 2–13 wk olds, 39485
visual EPs & related RTs, 51–80 yr olds with progressive supranuclear palsy, 33614
visual EPs as diagnostic test, 63–88 yr olds with Alzheimer's disease & presenile or senile dementia, 33624
visual EPs, assessment of brain damage, alcoholic patients, 1885
visual EPs before & after surgery, patients with central visual field defects, 20091
visual EPs, mildly mentally retarded 10–13 yr olds, 22847
visual EPs, 85 yr old female with Charles Bonnet syndrome, case report, 9175
visual presentation of nonwords & semantically different words, brain EPs, 19–23 yr olds, 4110
visual stimulation, onset latencies of visually responsive neurons in various brain regions, rhesus monkeys, implications for human visual response research, 25074
visual stimuli duration times, visual EPs from symmetrical sites of occipital visual cortex, female 20–35 yr olds, 14703
visual threshold recognition task, thalamic & pallidal neuronal responses, 34–58 yr olds with Parkinson's disease, 33469
visual vernier offsets & motion displacements, visual EPs, 1–13 mo olds vs adults, 4622
weighted quadratic regression, age & sex normal latency curves of P100 component of visual EPs, 20–60 yr olds, implications for multiple sclerosis diagnosis, 4140
xenon flash & spatial frequency of square wave grating, visual EP & behavioral measures of flashblindness, adults, validation of animal model using laser, 659

Visual Feedback

aversive conditioning with aromatic ammonia & visual screening & drug invervention, aggressive & destructive & loud screeching behaviors, 6.8 yr old severely retarded male, 26892
corpus callosum, bimanual motor skill with vs without visual feedback, 5–6 vs 9–11 vs 18–22 yr olds, 21612
velocity of visual stimuli, smooth ramp vs step ocular accommodations responses measuring dual mode behavior in feedback control process, 34 & 38 yr olds, 14284
visual evaluation checklists, performance feedback, 3348
visual feedback, pointing accuracy, 20–43 yr olds, 17741
visual feedback vs subjective feedback from past performances, repetition precision of force generation between index finger & thumb, 20–35 yr olds, 17739
visual guidance & somaesthetic sensory imput, control of postural & kinetic tremor, patients with cerebellar system disorders, 16223

Visual Field

age at start & duration of monocular deprivation by suture vs contact lens, visual fields, monkeys, implications for binocular competition model, 39198
age, visual search in useful field of vision, 17–75 yr olds, 25415
altitudinal neglect of visual stimulus, 38 yr old left handed female with traumatic brain injury, case report, 36980
attention shifting within & between visual fields & arousal measuring lateral dominance, 42–72 yr olds with left vs right parietal temporal lobe damage, 33575

backward masking methodology, lateral asymmetries in face perception, commentary, 10722
backward masking methodology, lateral asymmetries in face perception, commentary reply, 10742
Bonnet syndrome, 86 yr old male with blindness due to bilateral eye disease & posterior parasagittal meningioma, case report, 40487
color sorting performance in FM 100-hue test, patients with left vs right sided visual field disorders, 23083
computer model of relative retinal illuminance, application of wide angle eye model, 4138
delayed bihemifield dual targets stimuli, saccadic response preferences & latencies, 21–33 yr olds, 17807
electrical pulses to neurons in frontal visual field inducing saccadic eye movements, electrical activity at stimulation site measuring motor responses, macaques, 4270
extended recovery time, visual field function as assessed by localization of & orientation to stimuli, dark reared cats, 11119
familiarization with complex visual patterns, shifts in visual field advantage, right handed 20–49 yr old females, 35606
features of successively presented face drawings to fixation point then left &/vs right visual field, RT & errors in judgment of similarity, college students, 635
fixation distance & nose protrusion, rationale for adaptive location of optic discs in retina, 7635
geometric figure photographs presented to left &/vs right visual field, attention extinction & visual neglect, 56–73 yr olds with right brain damage & hemi-neglect, 5683
geometrical model of binocular field, animals with laterally directed eyes, 28577
gradient account of lexical access, laterality effects in processing of monomorphemic words, commentary, 11013
gravity & visual field pitch & oscillation, perceived eye level & object elevation & size, adults, 28251
hallway exposure to displacing prisms, head posture & visual field & proprioceptive adaptation, college students, 7300
hemispheric differences in sensitivity, spatial frequencies in visual field, right handed adults, 18082
induced visual input lateralization hand certainty/sequence uncertainty vs hand uncertainty/sequence certainty condition, choice RT in finger sequencing task, right handed college students, 28630
interstimulus interval in presentation of same concrete noun to left vs right visual field, recognition memory, college students, implications for cerebral dominance, 4089
lamellar & radial optic flaw of stimulation restricted to central visual field, postural stability, college students, 35239
lateral presentation of complex gratings at various distances from vertical meridian, choice RT for right vs left hemifield discrimination, right handed females, 7638
lateral tachistoscopic word-picture vs nonverbal shape matching performance, 50–74 yr olds with left vs right hemisphere stroke, 12481
laterality for visual spatial processing, language trained chimpanzees, 28608
laterality of omissions in color identification task, 52–79 yr olds with unilteral visual neglect, 33629
lateralized word & bargraph recognition task, visual field asymmetries correlation, left vs right handed college students, conference presentation, 35580
left vs right unilateral hemispheric lesion, visual target cancellation tasks & hemispatial attention, 42–80 yr olds, 26674
left vs right visual field, identification of Chinese kanji character with vs without pronunciation or meaning inducement, college students, Japan, 32040
left vs right visual stimuli, movement aftereffects, 13–75 yr olds, 24734
length of concrete vs abstract nouns presented to left vs right visual hemifield, recognition & lexical decision latency, adults, implications for letter string processing model, 21504
lesions of superior colliculus, detection of visual stimuli in peripheral vs central visual field, male rats, 25178
lexical access in single word reading in both visual hemifields & verbal visual extinction, 9–81 yr old right vs left hemisphere damaged patients, 2124
light stimulus, light spread & scatter in visual field assessed using quantitative point source light profile, 7347
linguistic vs affective facial expressions presented to left vs right visual field, expression recognition measuring cerebral laterality, congenitally deaf adults, 29896
location of stimulus in visual field, perception of fading under maintained fixation, adults, implications for sensory dominance, 14314
marking of target locations, method of implementing probe stimuli, distribution of visual attention, adults, 38778
measurement of ability to reason about movement in visual field, adults, 14285
mental projection of letter images onto visual field, detection & localization of point threshold stimuli presented on vs off image, college students, 31784
method for indexing visual features in visual field & role in spatial perception, 38744
modulation depth of field luminance, binocular integration of dichotically presented uniform fields, normal vs binocularly deficient 20–43 yr olds, 29853
motion angle of sinusoidal line stimulus & resulting local velocities in visual field, motion perception & mathematical model for prediction of sensitivity to motion change, adults, 14299
neuropsychological functioning & computed tomography results, head injured patients with vs without visual field defects, 5818
numbers presented as words vs digits vs dot patterns to left vs right visual field, manual response odd-even judgment RT & accuracy, college students, 11029
operator orientation, visual motor & control display & visual trunk directional compatibility in target acquisition task, male college students, 38485
perceptual reference frame & central fixation light followed by normal vs reflected vs rotated letters presented to left vs right visual field, stimulus judgment RT, male 21–30 yr olds, 4147
peripheral visual fields, 2–5 yr olds vs 11–40 yr old neuroopthalmology patients, 12368
peripheral visual stimuli & additional visual contour, amount & direction of autokinesis, adults, 3743
photographic area of view, distance perception, college students, 35290
physical size of digits vs number words vs number hand sign pairs, Stroop effect & visual field asymmetries in numerical size judgments, American Sign Language & English bilingual 20–39 yr olds, 24766
pictoral &/vs verbal presentation of compound word parts to left &/vs right visual field, interhemispheric integration in word naming, adults, Switzerland, 24731
presentation of visual stimuli to right vs left visual hemifield, same different decision task, right handed college students, implications for geometric & contrast models, 28600
protective eyewear, RT in horizontal vision, college students, implications for racquet sports safety, 27988
random words presented to left vs right visual hemifield, long latency visual EPs measuring blindsight, female 25–39 yr olds with homonymous hemianopia, 2121
recognition of Chinese idiographs vs Korean phonographs in left vs right visual field, biscriptual graduate students, 39105
response hand & visual field of stimulus, effect of focal interictal spikes on visual perception & RT, male 10 & 27 & 42 yr olds, 7685
retinal eccentricity of letter stimuli presented to left vs right of fixation point & location & compatibility of noise letter & onset asynchrony, choice RT, college students, 250
right vs left visual field stimulation & feedback, temporal microintervals differentiation & EP, right handed adults, 21523
right vs left vs center visual field presentation, mental rotation of letters vs polygons, college students, 24737

rotated alphanumeric vs unfamiliar characters in left vs right visual field, RT & errors in comparison to standard stimulus, male college students, 622
selective attention & visual field, semantic encoding of parafoveally presented words, adults, 21269
simultaneous vs successive bilateral stimulus presentation, interhemispheric cooperation & activation during integration of verbal information, adults, conference presentation, 14662
spatial constraint, voluntary control of attention across visual field, college students, 385
spatial contrast sensitivity & orientation selectivity of visual neurons in foveal striate cortex, monkeys, application of 2 dimensional receptive field model, 4135
spatial distribution of inhibitory effect of peripheral noninformative cues, RT to nonfixated visual targets, 20–44 yr old males, 31778
static or slow or fast moving stimuli, frontal & lateral gaze & head movements, chickens vs pigeons, 14654
stimulus response compatability, divided visual field study of cerebral lateralizaton in lexical decision task, German speaking adults, 634
stimulus size & eccentricity, vernier hyperacuity vs spatial resolution performance from fovea toward periphery, adults, evidence for nasotemporal asymmetry, 4096
unilateral vs bilateral vs central pattern presentation, cerebral asymmetries & interhemispheric process, college students, conference presentation, 14680
validation of lateral limits technique, determination of visual testing fields using blind spot & fovea for lateralization of visual input, 27 yr old female with callostomy, 16247
verbal vs spatial visual stimuli presented to left vs right visual field, stimuli reproduction by writing vs drawing using left vs right hand & cortical EPs, college students, 14707
visual agnosia in right visual field, 68 yr old male with left cerebral artery infarction, case report, 12351
visual EPs before & after surgery, patients with central visual field defects, 20091
visual field & extrapersonal space, localization of visual targets using slow movements of left vs right arm measuring hemispheric superiority, college students, 28215
visual field differences in magnitude of tilt aftereffect, right handed adults, 626
visual field lateral displacement, development of visual motor ability, kittens, 25042
visual field location of stimuli, line orientation & spatial interval discrimination thresholds, adults, implications for role of striate cortex neurons in visual acuity, 28620
visual field processing superiority for words vs dots & digits, commentary, 11010
visual field processing superiority for words vs dots & digits, commentary reply, 11028
visual field restriction & distance evaluation & speed & time variations, estimation of time to collision, 18–40 yr old experienced vs beginner drivers, 38761
visual half field presentation of incongruent color words & speed vs accuracy, vocal RT & error frequency in word vs color recognition, right handed males, 25035
visual hemifield & stimulus duration & angle of eccentricity in tachistoscopic presentation, lexical decision RT & accuracy, 20–30 yr olds, 14355
visual lateralization, perception of legal vs illegal Chinese characters & words, college students, Taiwan, 35949
visual stimulation within vs beyond initial field of view, latency of head movements in visual localization task, auditorially handicapped 4–12 yr olds, 5745

Visual Hallucinations

behavioral techniques, drug resistant auditory & visual hallucinations, schizophrenic 34 yr old female, case report, 26886
daily self monitoring biofeedback of headache & medication intake, female 21–49 yr old migraine headache patients with vs without visual prodromes, 6078
history of visual hallucinations, schizophrenic patients, 29501
indomethacin induced visual hallucinations, 22 yr old male with brachial neuritis following influenza like illness, case report, 2451
ketoconazole, auditory & visual hallucinations, 51 yr old male being treated for urethritis, case report, 37499
lack of resolution of mourning, 24 & 25 & 32 yr old females with panic attacks & intrusive visual images of deceased loved one, 8760
low dose amitriptyline, visual hallucinations, 62 yr old female cancer patient, case report, 12907
palinopsia due to left occipital lobe infarction, 71 yr old male with apparent psychotic depression, case report, 19513
paradoxical intervention, 15–37 yr olds with visual hallucinations, 33789
prophetic visions, literature review, 28011
psychogenesis & phenomenology, 28 yr old female with conversive auditory & visual hallucinations, case report, 1704
visual EPs, 85 yr old female with Charles Bonnet syndrome, case report, 9175
visual hallucinations 1 yr before onset of suspected Alzheimer's disease, 70 yr old female, case report, 9017
48 vs 72 hr sleep deprivation, visual task related perceptual distortions & hallucinations & circadian rhythms, 18–29 yr olds, 39168

Visual Masking

backward masking in visual number recognition tasks, neuronal responses & EPs in thalamic nuclei & striatopallidal system, Parkinson's disease patients, 19551
briefly presented semantically related vs nonrelated masked priming stimuli, identification & recognition of primes, college students, implications for subliminal perception, 28228
computer generated visual masks on stimuli simulating human gait, identification of walker's direction, college students, 17757
conceptual masking in brief visual displays, college students, 21213
conceptual masking in brief visual displays, college students, commentary, 21216
contrast flash masking of just visible bar, parafoveal mask spectral response curves during detection by long wave cones alone, adults, 14698
dichoptic masking of priming word, evaluation of good vs bad connotation of target word, college students, 24813
eye movements & masking, monocular rivalry, adults, 17751
interaction of luminance & chrominance masking gratings, contrast dependence, Os, 14308
intercycle vs interstimulus interval of disk followed by ring stimulus pairs, masking of disk, adults, 243
masking & salience of facial features, judgment of sex & recognition of faces, college students, 31799
masking by high spatial frequency pictorial noise, low spatial frequency target detection thresholds, adults, 7360
masking by incoherent vs coherent laser light & luminance, photopic visual acuity assessed by square wave gratings, Os, 17746
onset asynchrony & spatial phase of flashed gratings, role of motion detection in monocular vs dichoptic contrast thresholds & forward masking, 21219
onset asynchrony in successively paired forms, time course of target apparent contrast enhancement as perceptual retouch vs forward masking, 22–31 yr olds, 21210
predisposition to psychosis, temporal processing in stimulus duration & visual backward masking tasks, college students, 11909
spatial bandpass filtering of dynamic images of American Sign Language signs & signal masking by noise in other bands, intelligibility, deaf adults fluent in sign language, 4537
spatial frequency & complete vs minimal illusory contours, selective inhibition during paracontrast vs metacontrast masking, graduate students, 14274
spatial frequency & orientations of 2-dimensional stimuli, masking effects & signal detection threshold, adults, 28233

stereoscopic viewing & 0 vs equal noise patch vs signal disparity, detection of apertured grating, adults, implications for model of visual analog to binaural unmasking, 31801
tachistoscopic presentations of color stimuli over increasing stimulus onset asynchronies, stimulus integration vs masking in peripheral vs hemispheric visual system locations, college students, 640
task & signal dependent rules for visual masking & texture discrimination & pattern recognition, 17753
uniform field flicker masking, artifact of synchrony with luminance in assessment of visual neural channels & contrast sensitivity, college students, 7309
uniform field flicker masking, contrast sensitivity, reading disabled 13 yr olds, 19433
visual EP correlates of metacontrast in striate cortex, adults & monkeys, commentary, 4078
visual masking & integration across saccadic eye movements, adults, 237
visual masking paradigm, spatial frequency & orientation tuning thresholds, albino 22 yr olds, 19657
Visual Perception [See Also Autokinetic Illusion, Binocular Vision, Brightness Perception, Color Perception, Critical Flicker Fusion Threshold, Dark Adaptation, Eye Fixation, Face Perception, Foveal Vision, Interocular Transfer, Monocular Vision, Peripheral Vision, Stereoscopic Vision, Texture Perception, Visual Acuity, Visual Contrast, Visual Discrimination, Visual Field, Visual Thresholds]
ability to detect brief light flash presented in peripheral vision to dark adapted eye, humans, 235
absolute signal phase & O's prior phase knowledge, detection of sinusoidal grating patterns in noise background, college students & staff, 236
accuracy of confidence rating, performance in self monitoring visual perceptual tasks, college students, 15525
activation & resistance to interruption, reflexive & voluntary orienting of visual attention, 19–30 yr olds, 31795
active vs passive visual deprivation, auditory & visual distance estimation, college students, 38745
acute angle & intertransversal distance, collinearity & distance judgments in Poggendorff effect, college students, 38797
adaptation to vernier offset visual stimulation, negative aftereffect of straight contour apparent offset in opposite direction, college students & E, 7368
adaptive neural model, representation of target positions in brain invariant to retinal registration & eye posture, 11031
affordance concept & underlying intention of ecological approach, visual perception, analysis of theory by J. J. Gibson, 35285
age differences, division of visual attention during 2 handed catch task, males with mean ages 10–20 yrs, England, 11382
age differences, visual memory landmarks &/vs locations on maps, 17–80 yr olds, 1051
age of onset, memory & learning & problem solving & language & visuoconstruction skills & visual discrimination & orientation, 46–89 yr olds with Alzheimer's disease, 1957
age, visual intake behavior on transcription typing task, 18–60 yr old females, 10736
aircraft head up display for simultaneous viewing of flight information & outside environment, eye focusing at optical infinity, enlisted Os, implications for system design, 18103
alcohol conditioning & expectancy, visuomotor integration task performance, adult males, 920
alcohol, visuo-spatial learning, healthy male 32–50 yr olds, 35790
algorithm for feature point matching in computational vision, implications for computer assisted manufacturing, 41500
alignment illusions in Poggendorf figure, 38775
altitudinal neglect of visual stimulus, 38 yr old left handed female with traumatic brain injury, case report, 36980
ambiguity & structure of reversible figure & viewing duration, alternate perceptions, college students, 38784
amount of noise & number of point pairs, detection of Glass patterns in random dot configurations, 246
analysis of location vs identification errors in bar probe task, validation of early vs late selection hypothesis, commentary reply, 10842
anatomical & physiological & perceptual subdivisions in visual system, primates, implications for human perception, 7668
applications of visual & perception research to design of traffic environments, conference presentation, 6965
approaches to theory & study of visual perception, 3723
assimilation theory of visual illusions, nonmonotonic relationship between distortion degree & context size, commentary, 10744
attention & physiology of visual system, military aircraft instrumentation head up display symbology & design, 41524
attention & stimulus interaction, visual responses of inferior temporal neurons, macaques, 14701
attention shifting within & between visual fields & arousal measuring lateral dominance, 42–72 yr olds with left vs right parietal temporal lobe damage, 33575
auditory & visual & multisensory nonverbal social perception, 14–18 yr olds with vs without learning disabilities, 26406
auditory &/vs visual training or practice, improvement on audiovisual speech reception task, 18–27 yr olds, 290
auditory stimuli location cues & other parameters, visual perception response selection & information processing stages, adults, 38748
automatic visual & parallel spatial feature encoding in specialized modules, model of visual object perception, 10753
basic rest activity ultradian cycle in auditory vs visual RT during long performance, adults, 7283
bimanual visuomotor judgment task, event related covariances, right handed adult males, 25039
birth status & developmental outcome, visual attention & memory, full term vs high risk premature infants, longitudinal study, 37133
body rotation & touching of stationary visual target, attenuation of illusory displacement in oculogyral illusion, college students, 7320
bright bar with asymmetrical spatial contrast profile, visual coding of stimulus spatial location, 25–27 yr olds, 14309
carbon monoxide dosage, eye darkness adaptation time & light sensitivity & carboxyhemoglobin saturation, 19–23 yr old smokers vs nonsmokers, 7931
cardiopulmonary arrest & resulting stagnant hypoxia, neuropsychological status & visual integrative deficits, adult female, 16232
champagne glass visual illusion, 3768
changes in aligned oblique of Poggendorff figure, Moringa-Ikeda misalignment effect, college students, 14263
cigarette puffs, correct detections & RT on visual information processing task, 18–21 yr olds, 25830
circuit & software for connection of microphone to Apple Macintosh computer, voice activated key for visual perception & vocal RT experiments, adults, 28226
clear vs blurred letter stimuli presented to right vs left visual field, RT in perceptual vs imagery task, 22–38 yr old males, 18134
cognitive & perceptual & personality traits, experienced Navy sonar instructors vs trainees, implications for personnel selection, 6970
cognitive level & stimulus color, intentional vs incidental visual memory, educable mentally retarded vs average ability children & adolescents, 12287
color & texture & shape & other visual requirements, perception of depth & 3-dimensional shape in shadow regions, adults, 17755
colored object drawings, oral description of stimulus distinguishing characteristics measuring verbal-logical modes & comparison skills, 20–40 yr olds, 35333
colors & shapes vs words presented simultaneously to separate cerebral hemispheres, same different RT, college students, implications for human factors design, 17434

commissurotomy, visuospatial functioning, 21 yr old right handed male with interactive seizures, 6231
comparison requirements & attention in identical nonidentical stimulus visual discriminations, college & graduate students, 10725
complete inversion of visual image, 47 & 73 yr old males & 67 yr old female with vertebrobasilar ischemic disease, case report, 22998
complexity of tactually &/vs visually presented form & hand used, form recognition, 6.8–13.5 yr olds, 15129
comprehension of projective size on TV, 3–4 yr olds, 32367
computed indices of transmittance & reflectance vs organization of sensory information, perception of object transparency, adults, implications for model by F. Metelli, 21211
computer algorithms for integration of visual processes & cues, 17692
computer program & algorithm for generation of random line figures & mirror images of variable complexity & size & orientation, perceptual learning, college students, 7307
concepts of how people see, blind 4 & 5 yr old brothers, 5588
concepts of seeing & knowing, 5 vs 6 vs 9 yr olds, Canada, 1031
conceptual framework for concurrent cognitive processing streams in visual cortex, monkeys, 7645
conceptual masking in brief visual displays, college students, 21213
conceptual masking in brief visual displays, college students, commentary, 21216
concurrent vs terminal prism exposure, aftereffect measures of visual & proprioceptive shift & total shift in eye hand coordination, college students, 7299
configural orientation & location of flash, perceived apparent motion trajectory, college & graduate students & faculty, 7340
constant volume operators & lateral inhibition, modeling Mach bands & other high pass filter effects in spatial vision, 39127
context dependent migrations, visual word perception, college students, 17911
context, identification & encoding of disoriented objects, college students, 24712
context of prior presentation, object identification, erratum, 31793
contrast & additive noise in dynamic images, ability to identify visually presented American Sign Language, deaf persons, 2092
contrast of moving grating & visual adaptation, motion aftereffect duration measuring types of direction specific mechanisms, college students, 10731
contributions of computer vision & perceptual psychology & philosophy of mind to study of modules in vision, 3770
conventional vs side saddle stances & ball vs hole aim, golf putting accuracy, college students, 3701
covert visual attention, ability to use extrafoveal visual information during object identification, adults, 28240
critical review of A. Treisman's feature integration theory & phenomenon of illusory conjunctions, commentary, 31807
critical variables including figure ground relationship & stimulation variety, perceptual modal completion, naive college students, 14278
cross cultural differences in perception of real & representational space, implications for psychological theory, commentaries & reply included, 31782
dark interstimulus interval between successively presented illuminated spots, speed of apparent motion, college students, 28237
definition of & synonyms for "visual form" & other terminology in scientific psychology, 265
degraded vs intact 1st &/vs 2nd visual stimuli, response latency for same/different judgment, college students, West Germany, 35281
delta 9-tetrahydrocannabinol, visual recognition memory & discrimination learning, monkeys, 14803
demographic & personal characteristics & eye dominance & directional bias measured by visuomotor drawing task, left vs right handed 11–72 yr olds, 36009
detectability analysis of visual memory performance data, hippocampectomized monkeys, 11163
detection of real vs apparent concomitant rotation in 3 dimensional cube, college students, 7339
detection of stationary flashing & moving luminance gratings, 33 yr old female with left occipital lobe removed because of arteriovenous malformation, 37098
detection thresholds of acceleration vs deceleration of objects along horizontal vs vertical visual axes, 19–25 yr olds, 35275
development of graded index taper optical element in visual system, explanation of distinctive measurements vs theory predictions, butterfly & other insect eyes, 25023
development of hemispheric specialization of right vs left eye systems, domestic chicks assessed from 2 to 15 days of age, conference presentation, 14660
development of visual & speech perception, children, 1942–88, literature review, 11365
development of visual & tactile rod orientation, 4–13 yr olds, 18591
developmental plasticity of visual & auditory representations in superior colliculus, 4112
diagnostic subtype of depression, perceptual asymmetry for dichotic listening & visual tachistoscopic tasks, adults with major depression, 29506
dichotic listening & visual half field tests, hemispheric asymmetry, right vs left handed 15.5–16.9 yr olds with dyslexia, 33411
directional bias in cerebral lateralization of visual perception, college students, 32028
discrete Fourier transform vs discrete rectangular wave transform algorithms, shape & image recognition, 3726
display simulating overlapping planes & smooth velocity, judgments of depth separation & structure, college students, 31775
distractor type & retinal location of stationary vs apparent motion target & stimulus onset asynchrony, attention & response to target, college students, 38771
duration of initially presented half stimulus & interval before presentation of 2nd half, perceived stimulus completeness measuring spatial integration, adults, 35291
E with vs without eyeglasses or sunglasses & visibility, tonic immobility reactions, hens, 39033
efficacy & validity of optometric vision therapy, vision disorders, 2894
efficiency of image code modeled on spatial processing in early human vision, 264
electrophysical methods, measurement of shared representation of visual perception & imagery, adults, 232
elements in drawing, perception of phenomenic folding, college students, 38783
error in coactivation vs separate activation, perception of redundant targets, college students, 14271
estimation of letter string length, differential P300 amplitude, 21–26 yr olds, support for adaptation level theory of P. Ullsperger et al, 25077
ethanol, visual sustained attention, 21–32 yr old male social drinkers, 25291
evaluation & treatment, patients with unilateral neglect, literature review, implications for occupational therapy research, 40518
explanation of visual tunnel effect illusion, college students, test of direct vs indirect perceptual theories, 24770
exposure to mirror, viewing time of & social reactions to mirror image, adult vs subadult vs juvenile hand vs zoo reared captive cebus monkeys, 35493
exposure to visual depth situations, heart rate, infant Japanese monkeys, implications for visual depth discrimination, 24927
eye fixation & visual attention in double vision, visual capture & felt position of finger, adults, implications for intersensory integration & sensory motor coordination, 216

eye fixations & movements, memory comparisons, college students, 3719
feature integration theory & illusory conjunctions, commentary reply, 31779
feature integration theory & illusory conjunctions, commentary reply, 31806
field methodology for evaluating discomfort glare from automobile headlights, headlighting & vision experts & volunteers, 6951
focal interictal spikes in visual cortex vs other cortical areas, visual perception & RT, male 10 & 27 & 42 yr olds, 7684
gamma-glutamyl transferase & visuoperceptual & visuoconceptual functioning, alcoholic males, 33375
geometric figure photographs presented to left &/vs right visual field, attention extinction & visual neglect, 56–73 yr olds with right brain damage & hemi-neglect, 5683
geometry of extension of apparent frontoparallel plane, adults, 38777
gestalt framework for analysis of achromatic transparency models, 10727
glare & age related vision differences & sign visibility, ergonomics of motor vehicle headlighting, 10430
grating contrast & spatial frequency & laser energy, flashblindness, male monkeys, 18233
gravity & visual field pitch & oscillation, perceived eye level & object elevation & size, adults, 28251
growth & migration of fovea cones & cortical inhibition, developmental model of spatiotemporal visual mechanisms, infants, 8066
habituation & responsiveness to visual novelty, estimates of intelligence, infants, commentary, 32396
habituation & visual fixation & cognitive ability & development of information processing ability, infants, commentary, 29100
hemidecortication of dominant hemisphere, cortical lateralization in visual RT task, male rats, 25176
hemisphere related visual processing strategies, schizophrenic patients, literature review, 19117
hierarchy of visual skills, 24–93 yr olds with adventitious visual impairment, 33609
high visual task load in simulated air traffic control task, time & aircraft detection, college students, 20902
historical & social factors, bias in work of H. A. Witkin on sex differences in field dependence & independence in visual perception, 1448
horizontal grating inspection duration, linear motion aftereffect duration & decay, adults, 7323
horizontal resolution & pixel & display width & alternative locations, vertical line detection in visual noise, Ss, 7335
horizontality & rod & frame & vestibular navigational performance, female college students, 17737
hypothesis using relative velocity differences, prediction of perceived rotating stereokinetic cone height, 24774
illusion magnitude for real vs subjective contour Poggendorff figures, dark vs light eyed college students, 17748
illusions of extent & alignment between parallel lines as basis of Poggendorff effect, adults, 229
illusory conjunctions & neon colors, 17–22 yr old college students, development & test of functional theory, 31796
in-place jogging in darkened room while fixated on single light source, involuntary movement & misinterpretation of visual distance cues, adults, 3700
individual differences & stability & developmental change in ontogeny of visual habituation, lower vs middle to upper class 3–7 mo olds, France vs US, 18551
inhibitory interaction of orientation selective retinal adaptation of grating patterns, Zollner illusion, college students, 249
integral transform invariances & Lie group theory, representation of invariant visual patterns in recognition research, 7224
intensity of water flavor & color cue compound, potentiation vs overshadowing in visually mediated toxicosis conditioning & avoidance, pigeons, 28426
interaction between local & global visual orientation signals, right handed male stroke patients with right vs left hemisphere lesions, 2059
interpretation of impossible objects, development of spatial impressions, 14259
intertrial feedback on illusion magnitude, accuracy of adjustment in horizontal vertical illusion, 17–41 yr olds, 24733
intolerance for ambiguity, aftereffect perception, 15–18 yr old females, 24765
inverted Necker cube vs drawing with lower of 2 frontal faces appearing in front vs back, retinal image & picture & space perception, college students, 263
irregular presentation of sine vs square wave gratings, stimulus detection vs discrimination, Os, implications for visual system sampling scheme, 3751
item representation & limited capacity in visuospatial sketchpad, 14434
knowledge about & appearance of 3-dimensional object, variant vs invariant features in pictorial representation, 6.6–9.6 yr olds, 39508
lack of vision & occipital lobectomy & head rotation, nystagmus & vestibular compensation following unilateral labyrinthectomy, juvenile rhesus monkeys, 733
lateral vs vertical reversals, preferences for balance in pictorial composition, art majors vs psychology students vs 3rd graders vs kindergartners, 11451
laterality of omissions in color identification task, 52–79 yr olds with unilteral visual neglect, 33629
lateralized affective prime faces vs words, judgments of affective value of visually lateralized verbal target stimuli, right handed adults, 609
left eye fixation accuracy, perceptual asymmetries in viewing tachistoscopic stimuli, adults, 7311
left vs right visual field, identification of Chinese kanji character with vs without pronunciation or meaning inducement, college students, Japan, 32040
lesions of superior colliculus, detection of visual stimuli in peripheral vs central visual field, male rats, 25178
level of response uncertainty, visual attention deficits, brain damaged 18–74 yr olds, 33671
likelihood vs minimum principle, explanation of visual form perception, 10733
line midpoint identification, 54 & 63 yr old males with left visual neglect consequent to cerebral infarctions, 12406
local orientation cues, estimation of tilt of 2-dimensional visual patterns, 21–45 yr olds, 17775
location of stimulus in visual field, perception of fading under maintained fixation, adults, implications for sensory dominance, 14314
looking behavior in early infancy, prediction of problem solving & verbal & general intelligence, 6 wk olds, 8.5 yr study, implications for continuity models, 36089
loudness of continuous vs pulsed white noise, detection of low vs high intensity foveal vs peripheral stimuli measuring visual attention & arousal, college students, 38759
luminous marker perceiving & distractor target interactions, spatial selectivity & directed visual attention, Os, 10755
luminous rotating spiral image, asymmetry in visual adaptation, adults, replication, 3761
manipulation of perspective lines & stimulus shading, perception of Necker cube, 15–56 yr olds, catastrophe theory implications, 10752
manipulation of visual & proprioceptive spatial dimensions using prism glasses, learning & generalization of arm movements to visual stimuli, college students, 31752
manual vs automatic computer aid, visual target identification & compensatory tracking & task preferences, Air Force personnel, 6971
marking of target locations, method of implementing probe stimuli, distribution of visual attention, adults, 38778
mathematical modeling & algorithms of early vision computations, 38756
meaning of "pragnanz" in Gestalt psychology, visual perceptual organization, 21226
meaning of "pragnanz" in Gestalt theory, description of perceptual organization for forms, 21209

mental curve tracing of spatial relations using elementary visual stimuli, female college students, 10745
mental projection of letter images onto visual field, detection & localization of point threshold stimuli presented on vs off image, college students, 31784
mental rotation vs imagery performance using numbers vs letters vs drawings, 56 yr old male with right hemisphere stroke & brain damage, implications for object recognition, 12383
metastability & Gestalt psychology in ethnology & primitive art & rites & myths & conversational logic, 29010
mixed auditory & visual vs single modality item lists, immediate serial recall, college students, 24871
model of early human vision, method for reducing blocking effect in block coded images, 21227
model of perception of horizontal illusory movement with vs without monocular cues, 21 & 28 yr old males, 21228
movement dynamics of visual attention allocation, commentary, 3777
Mueller-Lyer illusion standard vs dot form with intermittent light stimulation, illusion strength & lateral inhibition, college students, 7317
neural development & visual perception & experiential factors, hemispheric specialization in face recognition, infants, commentary, 36046
neural mechanisms, detection & discrimination of spatial patterns, cats, implications for understanding human spatial vision, 4075
neuroleptic therapy, perception of visual ambiguous figures, patients with Parkinson's disease vs schizophrenia vs other mental disorders, 9495
neurological dissociability of visual vs spatial components of mental imagery, brain damaged 36 yr old male, implications for cognitive theories, 9048
nucleus of Meynert lesions, visual perception & recognition memory, monkeys, 11162
number of blocks & pattern type, perception of symmetry, college & graduate students, Japan, 10738
number of grey levels in digital displays, visual detection of simple line signal in visual noise, adults, 10743
number of moving dots & phase differences between motions, rubber pencil illusion, college students, 7324
number of perceived wholes & spatial & color & temporal similarity between stimuli, perceptual assimilation & contrast, 24751
number of perceived wholes & stimulus color & organization, perceptual assimilation & contrast, commentary, 24748
number of perceived wholes & stimulus similarity, perceptual assimilation & contrast, commentary reply, 24750
number of perceived wholes & stimulus similarity, perceptual assimilation & contrast, adults, commentary, 24755
number of targets, judgment of target numerosity in subitizing range, college students, 17841
ocular motility & specific cognitive processes, college students, 3718
oculomotor delayed response task, spatial memory functions of neurons in dorsolateral prefrontal cortex, rhesus monkeys, 28601
online visual memory laboratory, picture perception & memory, 21184
open vs closed stimulus sets & target presence vs absence across displays & distance between target attributes, conjunction errors, college students, 10726
optical & electronic computer systems, spatial & temporal analysis of video images for visual perception experiments, 28245
optical flow speed & displayed dot density, perception of translational heading, college students, 10754
optometric intervention & visual perception, interdisciplinary treatment, learning disordered children, 40587
parallel algorithm for real time computation of optical flow, 31780
parameter ranges for Mach bands visibility on periodic waveforms of trapezoid family, 38792
passive gazing & sinusoidally oscillating optokinetic stimulus & eccentricity of target moving relative to background, suppression of optokinesis, 20–45 yr olds, 17805
pattern size, movement perception, college & graduate students, 17797
perception of driving abilities & visual perception skills & actual driving performance, male 65–95 yr old drivers, 39706
perception of visual stimuli temporal order & grouping effects measuring developmental vs sensory deficit, reading disabled 8–31 yr olds, 19405
perceptual & cognitive responses to ambiguous stimuli identification task, college students with paranoid vs other dysfunctional personalities, 8737
perceptual & motor schemas, visual perception & hand dexterity & computational modeling of neural circuitry, humans & frogs, 17 commentaries and reply included, 605
perceptual integration of displays across brief temporal gap, dissociation & decay rate of visible persistence vs retinal afterimages, Os, 17760
perceptual norms for tachistoscope & grooved pegboard & auditory visual integration test, reading vocabulary & comprehension & arithmetic, normal achieving 4th & 5th graders, 3337
perceptual units, acquisition & representation of visual categories, college students, 7404
perceptual vs imaginal presentation of letter pairs, use of visual mental images vs perceptual representations in same different judgments, college students, Italy, 3794
performance of visuospatial hemisphere tasks, regional cerebral blood flow, adults, 4092
performance on tests of social interaction & tests of auditory &/vs visual perception of words & sentences, hearing impaired 58–81 yr olds, 37116
perspective cues, picture perception, adults, 35280
perspective images presented by CRT, 3-dimensional perception during visual fixation & grouping based on similarity & parallelism, adults, 35286
phase of cardiac cycle, perception of brief visual stimuli, conference presentation, 222
physical distinction between targets & distractors, interference & priming in selective attention, college students, 31905
physiological aging, visual perception & information processing, implications for everyday vision, 8196
positive monocular vs binocular adaptation sequences followed by reverse negative sequences, visual movement aftereffects, college students, 245
possible role of extrastriate cortical cell mechanisms in visual orientation & perception, 14709
posterior cerebral artery occlusion, hippocampal damage & visual recognition performance, monkeys, 28752
posterior parietal lobe, visual & eye movement functions, literature review, 28585
postevent information, accuracy of speed estimates for automobile accidents witnessed visually &/vs auditorily, college students, 212
practice & stimulus order & retinal displacement indicating visual attention, choice RT, college students, implications for intelligence, 28246
practice in darkness & other visual information conditions, luminous ball catching performance using 1 vs both hands, graduate students, 21202
presence & orientation of neighboring objects, illusion of attraction caused misalignment, adults, 31791
prism exposure, visual & proprioceptive shift, college students, implications for perceptual motor organization, 21199
procedure for research on veridical perception during near death out-of-body experiences in hospital setting, 30738
profile analysis procedure & interpretation of Carrow Auditory Visual Abilities Test, 4.7–5.8 yr olds, 31658
progressive relaxation, test anxiety & cognitive visual perception, college students, 26919

projected artificial horizon & angular motion, motion sickness & well being & performance, 20–26 yr olds in tilting room, implications for Navy personnel, 38791
projected photographic slides of primate vs nonprimate animals, interest in animate environment measured by viewing duration, adult male vs female macaques, 10942
proximal & distal elements of inducing stimulus, orientation & spatial frequency of visual grating, 38801
psychoanalytic theories of vision & insight & occurrence of visual experiences during psychotherapy, female clients with severe personality disorder, 23190
pyramid Hermite transform model, vision information processing, 14291
quantal fluctuation limitations, RT to sinusoidal gratings, adults, 256
rapid serial visual search, RT to temporal migration & visual integration, college students, 17770
ratings of visual thickness of achromatic transparent surface, college students, 3744
real & subjective lines & edges, Bourdon illusion & unbending effect, college students, implications for cognitive & feature detection models of contour displacement effects, 7364
real vs imagined completions of vertically vs horizontally symmetrical visual patterns, memory confusions, college students, 3727
recognition & visual target detection tasks, sustained attention & vigilance, mentally retarded 16–28 yr olds, 1945
recognition memory assessed by visual novelty preferences, normal birth weight vs intrauterine growth retarded 7 mo olds, 16091
recognition of visually occluded stimuli, 3rd vs 6th graders, 1057
recognition of word & nonword visual letter strings, patients with right vs left parietal lesions, 16227
recovery of attention span & verbal recall & full visual perception as indicators of cognitive functioning, 26–80 yr old stroke patients, 2153
redundancy & restoration of missing grey levels in almost completed vs noisy pictures, 241
reinterpretation of visual patterns in mental imagery, college students, 38765
relative movement data for aftereffect of visual movement, literature review, 14303
reliability & validity of 3 visual scales, assessment of scenic beauty of highways, college students, conference presentation, 17607
repeated visual images, noise limited visual detection & discrimination & inconsistency, Os, application of internal noise component model, 3721
repetition of abstract letter identities or digits, visual letter perception, college students, 31794
response hand & visual field of stimulus, effect of focal interictal spikes on visual perception & RT, male 10 & 27 & 42 yr olds, 7685
response vs condition competition, visual selective attention, college students, 14312
retinal locus & locational uncertainty & stimulus identity, RTs for identification of hierarchically presented small letters, adults, 14288
retinal noise & action potentials from single ganglion cells & visual sensitivity in dark adapted eyecup, frogs, 604
retinal size & distance of figures, mental rotation RT, college students, 7350
retinohypothalamic tract as neural substrate for entrainment, perception of environmental lighting, neonatal or fetal spiny mice, 39120
right vs left hemisphere & degrees of visual angle, detection of target letters embedded in homogeneous letter arrays, college students, 14302
role of vision in category specific semantic disorder, female 56 yr old partially recovered from herpes simplex encephalitis, 26640
role of vision vs proprioception in pointing at distant object, adults, 10714
role of visual cortex in visual perception, commentary, 32054
rotation of photographed pointer positions, distortions in apparent direction, adults, 230
row separation & dot sizes in step-like array, illusion of step pivoting, Ss, implications for neural coding model, 7313
saccades to line target with right vs left peripheral retinal location, oculocentric visual direction, adults, 3748
salience of angle & velocity information & distal mass ratio of object, heuristic model of judgment of mass of 2 objects involved in collision, adults, 31786
salience of visual target vs standard as a function of area, localization accuracy for targets relative to standards, college students, 14258
sampling structure & viewing situation & imagery, visibility of sampling artifacts, 35271
segment angle in solid vs outline vs oblique Zollner vs Fraser illusion & role of Fourier components, illusion strength, Os, 17796
selective adaptation vs transfer of decrement paradigm, neural fatigue & perceptual learning in visual illusion perception, 4122
self recognition in mirror & cues to discover hidden food, Asian elephants, 31932
semantic priming, visual recognition of faces & names, male patient with prosopagnosia, 33604
sensory isolation vs alertness vs relaxation, signal detection task for altering vigilance, college students, 24729
sequential vs simultaneous composites of imaginal transformations, 17–28 yr olds, Canada, 28195
serial search & inhibition of return in visual search, adults, 14286
shift in visual laterality, recognition of single random polygons within blocks of trials, right handed college students, 639
single vs double target step size, saccade amplitude & latency & overshoot or undershoot, adults vs macaques, 35269
single vs multiple filters, detection of periodic vs aperiodic stimuli, adults, 21221
size judgments for 1 vs 2 dimensional objects, college students, India, 7346
size of familiar object, overflow & 1st sight & vanishing point distances in visual imagery, college students, 14282
social situations & visual vs nonvisual tasks, lighting level preferences, college students, implications for arousal optimization model, 18871
spatial frequency & complete vs minimal illusory contours, selective inhibition during paracontrast vs metacontrast masking, graduate students, 14274
spatial frequency & orientation as independent parallel features in Triesman search tasks vs selective parallel channels in threshold & masking tasks, 7344
spatial frequency & temporal transition of sine wave gratings, RT & visual persistence & temporal order judgments, Ss, 14294
spatial separation in location & time of arrival of target vs nontarget events, visual attention, adults, 234
spatially limited multichannel model, space variant visual processing, adults, 21218
stationary &/vs moving adjacent &/vs separated objects, reaching & looking responses, 12–18 & 21–26 wk old infants, 21983
stepwise lateral tilts of body & head & trunk, blind pointing, adults, 17732
stimuli dance to eye fixation locus, spatial distribution of visual attention field measured by target detection & EPs, 18–30 yr olds, 21532
stimuli in non-neglected hemisphere & drawing over vs erasure task, hemispatial neglect, right hemisphere injured patients, 16163
stimuli that result in strong vs weak single phenomenal wholes, fast same vs slow different responses & overall performance, college students, implications for Muller-Lyer illusion, 7327
stimulus presentation apparent velocity, time estimation, female college students, 17782

strategy for understanding spatial information processing in early vision, locust visual cells, 14690
subjective vs real contours & luminance contrast, edge displacement in Bourdon illusion, college students, 7363
supported & nonsupported static object view, recall of object position consistent with physics laws, implications for mental representation of forces in equilibrium, 14372
symmetry axis & orientation of 2 dots moving in plane, perception & persistence of elastic structure of traced object, college students, 17771
synesthetic perception of visual or auditory imagery, congenitally blind or deaf 20–30 yr olds, 22954
tachistoscopic random dot stereogram with uniform depth vs elevated disk with perimeter beyond fixation, visual selective attention, 5 vs 8 yr olds vs adults, 36045
tachistoscopically presented stimuli under distractor vs nondistractor conditions, perceptual distractibility at stimuli identification level, schizophrenic vs reactive schizophrenic patients, 8744
tactile vs visual stimuli, appearance-reality distinction & perspective taking competencies, 3 yr olds, 21944
target vs field object orientation & upside up vs down target & inverting vs noninverting lenses, object identification RT, 17–40 yr olds, 28229
task relevant vs neutral stimuli, habituation of visual single trial event related potentials & skin conductance orienting response, college students, 3738
temporally modulated spatial frequency patterns, visible persistence duration, 18–45 yr olds with paranoid schizophrenia, 1698
texture gradiant theory & perception of visual surfaces, reprint of J. J. Gibson's 1950 article, 3729
training & visual distance, speechreading performance, female college students, 7302
transection of optic chiasm with vs without forebrain commissure, hemispheric specialization & interhemispheric communication during visual memory tasks, male macaques, conference presentation, 14785
underwater perceptual adaptation to size & distance & curvature distortion, adults in indoor swimming pool, 24768
unexpected size or shape of visual stimuli, RT, college students, 31781
unilateral anterior temporal lobectomy, visual attention & pattern recognition, epileptic patients, 20092
validity of Biber Figure Learning Test, assessment of impairments in long term visual memory, brain damaged vs amnesic patients vs healthy 40–79 yr olds, 35123
validity of computerized version of Gollin incomplete figures test, measurement of visual recognition development, 28–60 mo olds, 1007
variations in space constant of Gaussian blur, minimally distinct border judgments, 37–49 yr olds, 28248
velocities of flow field relative to O, qualitative & quantitative motion parallax, college students, 10721
vibrotactile transformations of sentence intonation & contrastive stress, visual vs visual tactile perception, adults, 24704
view of navigation area with vs without rotational movement or spatial trajectory visual cues, performance on computer simulated harbor navigation, adults, implications for motion perception, 17730
viewing through face mask vs while immersed & water conditions & distance, detection of underwater emergency aircraft escape lighting, 21–37 yr old military medical personnel, 24443
viewing vs not viewing object & subsequent hiding from view before lifting, rated heaviness, college students, 17728
visible persistence & visual analog representation, performance in partial report task & visual information processing, adults, 10724
visible persistence of illusory contours, adults, 21229
vision, agonistic communication, crayfish in same sex pairs, 458
visual & auditory cues, generalization of visual matching, bottlenosed dolphin, 28420
visual & auditory perceptual ability & modality preference, reading performance, literature review, implications for learning disabilities research, 12296
visual & kinesthetic input, nervous system control of target acquisition & related motor processes, 28203
visual & oculomotor development, 2 wk to 6 mo olds, 25498
visual & olfactory oddity learning, assessment of conceptual learning, rats, 7556
visual & perceptual motor performance, patients assessed 2 wks after stroke, 9045
visual & tactual perception, 6.4–15 yr olds with Down's syndrome vs other mental retardation, 12280
visual &/vs auditory imagery suggestions, vividness of imagery & memory, college students, 28381
visual &/vs kinesthetic target location knowledge, target touching accuracy using kinesthetic cues, college students, 38738
visual &/vs vocal interaction, song learning, 35 day to 4 mo old male finches, 31965
visual agnosia in right visual field, 68 yr old male with left cerebral artery infarction, case report, 12351
visual attention, understanding behavior toward visual narrative, 3.5–8 yr olds, 15128
visual discrimination learning & generalization, pigeons, 7558
visual field lateral displacement, development of visual motor ability, kittens, 25042
visual function, adults with history of LSD use, 12206
visual haptic perceptual nonequivalence for shape information, crossmodal performance, college students, 10698
visual inhomogeneity, perceived pointing of equilateral triangles, 24740
visual inspection time as perceptual index of performance & WISC-R intelligence & other measures, 6–6.9 yr olds, Australia, 32425
visual masking & integration across saccadic eye movements, adults, 237
visual matching to sample task with vs without auditory symbols, dolphins, 7535
visual memory & auditory recall ability, performance on spot vs viva vs essay anatomy examinations, medical students, 3007
visual monitoring, arm movement control, 55–72 yr old stroke patients, conference presentation, 19563
visual orientation & disorientation, identification of single letters or digits & word recognition, adults, Israel, 17851
visual orientation to right vs left & neutral vs phobic relevant pictorial stimuli, perceived stimulus pleasantness, female college students, replication, 39107
visual parsing & priority effects, temporal order judgments of line drawn patterns, 17–56 yr olds, 31785
visual perceiving vs visual perceptual experience, 35299
visual perception & aircraft control in high speed low altitude flight simulation, college students, 13761
visual perception of spoken speech in silent films, students differing in physical somatotypes, 17773
visual perceptual vs visual motor abilities, 72–81 mo olds, South Africa, conference presentation, 25486
visual phantoms in figure & ground physical regions, visibility of briefly flashed line segments, adults, 224
visual recognition ability, low vs normal birth weight infant monkeys, 21344
visual recognition memory task, high functioning autistic 15.7–31.2 yr olds, 15612
visual reproduction subtest vs Complex Figure Test scores, assessment of brain impairment, alcoholic inpatients, 8890
visual RT performance measuring spatial displacement judgment & visuo-spatial motor processes, 61–82 yr old with Parkinson's disease, 37165
visual size assessment & inferred fighting ability, male cichlids, 31967
visual spatial learning performance, EPs, intoxicated vs detoxified alcoholic patients, 29778
visual spatial memory performance, college students vs 5–9 yr olds, 11366

visual spatial RT & tactual stylus maze tasks, explicit vs implicit learning & memory after 1 wk, 32–56 yr olds with Korsakoff's syndrome vs alcoholism, 33383
visual superiority effect & comprehensibility of auditory & verbal information, TV viewing behavior, children, 36080
visual system distortion, ability to detect spatial beat movements, adults, 38757
visual target luminance & cue validity, detection latency, college students, 17767
visual target pointing accuracy & RT & movement time using left vs right hand, 2.9–12.8 yr olds with unilateral vs bilateral brain damage & hemiplegia, 33479
visual vestibular interaction & role of vestibular system in oculomotor control & spatial orientation, implications for occupational therapy, 35646
visual vs auditory noise, visual choice RT in continuous flow paradigm, dental students, 7349
visual working & phonological memory, immediate memory for series of drawings, 5 vs 10–11 yr olds, 32408
visually indistinguishable multiple independent targets, tracking mechanism, college students, 35304
visually inspected vs noninspected real vs subjective contour Poggendorff figure, illusion magnitude & decrement transfer, college students, 38758
visuomotor behavior, 18–28 yr old table tennis players, France, 38541
visuoperceptual deficits, 19 & 23 yr old males with visual agnosia, 23001
visuospatial & perceptual abilities, left vs right hemisphere damage stroke patients with vs without dysphasia, England, 33647
visuospatial paired associate learning, 6–11 yr olds with vs without family history of alcoholism, 22823
visuospatial processing, chronic alcoholic adults, 36848
visuotopic sectors of area V2 including prestriate & striate cortex, neural visual projections to & organization of pulvinar visual maps, macaques, 11027
waveform envelope cues provided by single channel tactile aid vs spectral cues provided by multichannel tactile device, recognition of segmental speech stimuli, artificially deafened 18–25 yr olds, 3690
whole & subdivisions of unambiguous patterns, preferred vs alternative interpretations, college students, 10739
word frequency & orthographic depth of simultaneous printed & spoken verbal stimuli, word perception RT, native English vs Serbo-Croatian speakers, 38886
xenon flash & spatial frequency of square wave grating, visual EP & behavioral measures of flashblindness, adults, validation of animal model using laser, 659
2 brief high luminance pulses with 0.1 sec interstimulus interval, perception of 3 flashes, adults, 35273
3 dimensional interpretation of moving 2 dimensional visual image seen as articulated structure, 24763
3 dimensional object detail vs density, visual perceptual judgments & altitude control in simulated low level flight, male Air Force pilots, 41521
48 vs 72 hr sleep deprivation, visual task related perceptual distortions & hallucinations & circadian rhythms, 18–29 yr olds, 39168

Visual Perspective [See Linear Perspective]

Visual Receptive Fields
contrast vs luminance near contour, apparent size of squares in illusion with dark vs light figures vs backgrounds, Os, implications for retinal receptive field model, 3769
intracortical inhibitory mechanisms in visual cortex cells with different orientation selectivity, cats, 21512
red & green & yellow & blue & white color stimuli, visual EPs, 15–28 yr olds, 4136
spectral sensitivity for flicker & acuity, magnocellular vs parvocellular visual perception channels & their cone inputs, 14678
stimulus wavelength, sensitivity of red vs yellow retinal fields, head fixed pigeons, 21548
visual stimulation, single unit activity of cells of pericentral nucleus of inferior colliculus, cats, 648
visual system neural mechanism for coherent retinal large field motion as induced by self motion & relative motion between objects & their background, flies, 11019

Visual Search
abrupt visual onset vs stimulus luminance & hue, capturing attention, college students, 3735
age, visual search in useful field of vision, 17–75 yr olds, 25415
attending to location & color & shape, selective visual processing of targets, college students, 7356
attention & vigilance & visual search factors, detection of skeleton weed in agricultural environment, adults, Australia, 31459
attentional demands, visual search for targets & concurrent task, college students, 258
bilateral lesions of medial temporal cortical area, visual search for moving items, adult female, 40462
binocular rivalry, visual search RTs, adults, 7369
blocked vs random highlighted visual computer displays, visual search time, college students, application of mathematical model, 38472
calendar configuration & beginning day, search performance, college students & staff, New Zealand, ergonomic implications, 17802
cognitive components of locating information in computer documents, college students, 10788
color differences, visual search of videotex displays, 14313
color vs blinking vs reverse highlighting on CRT, visual search for target digit, college students, 24538
computer program menu option & frame quantity, speed & accuracy in selecting target word, college students, 13924
CRT color phosphors, speed & accuracy of target search & color preference, 20–57 yr olds, 31463
display load & size & mapping in divided vs focused spatial attention visual search tasks, RT & brain EPs, adults, 7691
display organization, detection of horizontal line segments, 20–38 yr olds, 28253
display size & consistent vs varied response mapping, attentional demand in visual search & tone detection, 19–32 yr olds, 38739
eccentric stationary edges with vs without central retinal occlusion & stationary vs moving displays, optokinetic nystagmus, adults, 28255
feature extraction vs integration of selective attention demand in visual search, young vs older adults, 25507
fixed vs moving visual target, RTs & EP latencies & search strategies & learning, 18–24 vs 65–75 yr olds, 25032
imaging ability & instruction, visual search strategies & performance, college students, 28267
information types theory, form perception in mental rotation & visual search tasks, college students, 17869
left vs right unilateral hemispheric lesion, visual target cancellation tasks & hemispatial attention, 42–80 yr olds, 26674
letter & display size & nontarget homogeneity, feature & conjunction visual search RT, adults, test of feature integration theory, 35277
measures of average EPs during visual inspection task, inspection time estimates, 15–47 yr olds, 35640
model of probability matching & shifts of spatial attention in visual search, commentary, 28264
morphine &/vs naloxone, target location in visual search, pigeons, 28808
norms of Bell Test, quantitative & qualitative assessment of visual neglect, patients with right vs left brain damage, 31545
number of digits & letters & exposure duration, visual selection of digits in partial report paradigm, college students, 10750
number of distractor items in visual array, accuracy & speed of odd item search, pigeons, 14509
parallel vs serial visual search for targets defined by single vs conjunctive features, adults, 3746
practice & degree of attentional control, effect of alcohol on word categorization & visual search, adults, UK, 14897

predictive strategies in eye head coordination during text scanning & checking, female 20–37 yr old skilled touch typists, 17425
rapid serial visual search, RT to temporal migration & visual integration, college students, 17770
sampling distributions of entropy in visual scanning, implications for use of parametric statistical tests, 38799
serial search & inhibition of return in visual search, adults, 14286
shape or color of visual targets, parallel processing RT for target location, adults, 7308
single & combined feature targets, grouping processes in visual search, adults, 38776
spatial attention, dysfunction of cortical mechanisms of attentional control & psychotic vulnerability, hypothetically psychosis prone college students, 33081
speed of target detection & player recall in structured vs unstructured basketball situations, experienced vs novice female basketball players, 352
stimulus consistency in memory/visual search tasks, response flexibility, college students, 3803
target & distractor similarity, visual search RT, pigeons, 390
target background similarity & heterogeneity, visual search for chromatic targets among colored backgrounds, adults, Canada, 28254
text on density processing in preattentive perception, RT in visual search, adults, test of theory by B. Julesz, 21234
training to visually fixate sequence of 4 event locations, anticipatory behavior & cued recall, 4–6 mo olds, 1–4 wk followup, 25525
uncertainty, visual behavior, 19–26 yr old expert table tennis players, 38540
variability vs consistently mapped contex, perceptual learning skills for words in visual search task & transfer between target & distractor, 17888
visual attention figure match test, contralateral search & fine spatial attention biases in unilateral neglect, right vs nonaphasic left brain damaged patients, 16070
visual onset vs offset transients, allocation of visual attention, college students, 38786
visual search & line orientation discrimination & verbal ability measuring hemi-inattention, brain damaged males vs females, Finland, 30120
visual search processes & use of information & organizational clues about systematic spatial arrangements, aphasic 21–65 yr olds, 1981
visual search task, adults with experimentally induced influenza infection, 5788
visual stimuli flashed during prior primary saccade, perceptual localization, college students & staff member, 28243
visually indistinguishable multiple independent targets, tracking mechanism, college students, 35304
72-hr sleep deprivation, circadian rhythms & memory & search & pattern tracing task, adults, 35690
72 hrs sleep deprivation & working memory load, circadian rhythmicity of visual search performance, male college students, 21627
Visual Stimulation [See Also Dichoptic Stimulation, Illumination, Photopic Stimulation, Prismatic Stimulation, Scotopic Stimulation, Stereoscopic Presentation, Tacisstoscopic Presentation, Visual Displays, Visual Feedback]
active vs passive limb movement vs flash vs click stimulation, single unit activity in pulvinar nucleus, monkeys, 4126
adjustment of variable potentiometer controlled straight line, perceived orientation of dot patterns, adults, 35313
age & motor response production vs inhibition to visually presented instructions, EPs, 20–35 yr olds, 4137
age & visual cues, foraging abilities, bananaquits, 584
ambient illumination & auditorily vs visually bounded intervals on computer monitor, time perception of interval, psychology students, conference presentation, 35255
amount of visual restriction, smoothness & fluidity of movements in approaching target at varying distance, male 23–45 yr olds, 10706
amplitude & interstimulus interval of visual step stimuli, manual tracking response amplitude & latency & RT, 17–32 yr olds, 10695
appearance or disappearance of auditory or visual stimulus, operant discriminant performance, female pigeons, 35453
attention to visual &/vs auditory stimuli, RT on spatial compatibility task, adults, 10746
auditory & visual stimulation, signal controlled responding, male pigeons, 21390
auditory vs visual presentation & serial position & interpair interval of words, free recall vs order judgments, college students, 14440
auditory vs visual presentation & spatial displacement, repetition blindness for words, adults, 31884
auditory with vs without visual information, processing of place of articulation & voice onset time in speech perception, college students, 24783
background parameters in visual space conditions, judgment of space vehicle approach velocity, adults, 21220
bicuculine, signal detectability in lateral geniculate nucleus relay cells, tree shrew, 39322
bisensory visual & auditory target tracking, saccadic eye movements, 20–36 yr olds, 38730
brief electric shocks & arousal, attentional switching mechanism between central & peripheral visual systems, right handed college students, 598
changing state & primary linguistic visual vs auditory stimuli, enhanced recency effect, college students, 38902
conceptual masking in brief visual displays, college students, 21213
conceptual masking in brief visual displays, college students, commentary, 21216
concurrent visual feedback, acquisition of weightlifting skill, male college students, 31506
contrast & background luminance of isoluminant vs isochromatic stimuli, latency & amplitude of saccadic eye movements, adults, implications for oculomotor control models, 14311
critical variables including figure ground relationship & stimulation variety, perceptual modal completion, naive college students, 14278
degraded stimuli in visual continuous performance task, rapid vigilance & skin conductance, college students, 7738
degraded stimuli, movement related visual EP overlap as index of motor preparation in reaction tasks, commentary reply, 39104
degraded stimuli, P3 & other components of movement related visual EPs in go/no go reaction tasks, commentary, 39119
delayed bihemifield dual targets stimuli, saccadic response preferences & latencies, 21–33 yr olds, 17807
direction & velocity of continuously moving vs flashed bar stimuli, electrical activity of striate cortex neurons, cats, 7637
discrimination of relative depth from optic flow, adults, 31804
eccentricity & separation of lines presented on isoeccentric arc, bisection thresholds, Os, test of Weber's law, 7329
EEG alpha contingent visual stimulation, assessment of cerebral lateralization of function, college students, 18097
elements in drawing, perception of phenomenic folding, college students, 38783
eye movement in different visual environments, neuronal responses from lateral terminal nucleus, rhesus monkeys, 39109
flash intensity, visual EPs from various brain regions, 17–30 yr olds, 18147
form & magnitude of dimensional contrast, visual discrimination performance in maintained generalization procedure, male pigeons, 21375
horizontal lines across midpoint vs to right vs left, error in line bisection using left vs right hand, left vs right handed 4–8 yr olds, Australia, 4578
horizontal resolution & pixel & display width & alternative locations, vertical line detection in visual noise, Ss, 7335

hypnosis, cognitive boundaries between visual & auditory & emotional sensations, college students, 35417
identification of positive vs negative highpass vs lowpass filtered multitone vs bilevel quantized images, adults, implications for high & low spatial frequency processes, 31788
illumination, visually induced motion sickness stimulus generalization, male 18–27 yr olds, 38763
immediate color memory assessed by verbal vs visual stimuli & responses, reading disabled children with perceptual motor vs general vs memory verbal disorder subtypes, 29826
incremental photometrically matched color stimuli & spatial contour between test & background fields, response pooling between chromatic & luminance systems, adults, 28263
induced visual input lateralization hand certainty/sequence uncertainty vs hand uncertainty/sequence certainty condition, choice RT in finger sequencing task, right handed college students, 28630
interaction of excitatory & inhibitory motion stimuli, visual sensitivity inferred from landing motor response, flies, 38962
isoluminance & temporal or spatial or spatiotemporal stimuli, RT & perceived velocity, adult males, 7355
key colors, positional response vs conditional discrimination, pigeons, 31936
latency of electrodermal orienting responses to visual stimuli vs stimulus omission, college students, Australia, 18079
lateralized peripheral visual stimuli during oculomotor task, simple RT measuring cerebral dominance in programing oculomotion, college students, Italy, 4149
length of interstimulus interval, short term memory for rate of alternation of 2 visual stimuli, pigeons, 421
light vs dark rearing & duration of exposure to 3 dimensional objects, depth perception development, chicks, 7517
monocular vs binocular stimulation by 1 vs 2 shadows, visual discrimination, college students, 7328
movement & novelty of visual display, 2-deoxyglucose uptake in visual cortex, male rats, 28615
movement of fused retinally stabilized image in pair or paired continuous & flashed stimuli, extention of Panum's fusional area in binocular vision, Os, 14266
moving light bars spatially oriented to visual cortex cells, synchronization of oscillatory responses & firing patterns, cats, implications for visual pattern recognition, 32035
moving random dot pattern, eye & head & body movements & slow phase gaze velocity, unrestrained cats, 25091
musical soundtracks, attitudes toward animated geometric figures in animated film, college students, 21242
new class of visual stimuli, study of stroboscopic motion perception along multiple attributes, 21232
number of grey levels in digital displays, visual detection of simple line signal in visual noise, adults, 10743
number of stimuli in sample & comparison set & discriminability of samples & comparisons, performance of delayed conditional discriminations, pigeons, 35485
ocular fixation vs pursuit conditions, contrast sensitivity for oscillating sine wave gratings, adults, 14272
ocular fixation with vs without patterned visual stimulation to left vs right hemifield, left vs right visual cortex metabolism, male 18–30 yr olds, 643
orientation of light bars, neural responses & connectivity in infragranular striate cortex layers, monkeys, 25049
parameter ranges for Mach bands visibility on periodic waveforms of trapezoid family, 38792
partial visual stimulus cue, retrieval of whole visual structure, college students, 38941
passive rearing with vs without observation of moving cars vs travel in apparatus, visual cliff & other visual responses, kittens, 7521
phase of cardiac cycle, perception of brief visual stimuli, conference presentation, 222
photic stimuli with fixed interstimulus duration, habituation patterns of optically evoked blink reflexes, mentally retarded 22–43 yr olds, 22845
position of line segments in eccentric vision, similarity vs mirror symmetry discrimination, experienced Os, 7343
positive reinforcement with vs without light dimming vs visual screening, vocal responses to therapist prompt, 7 mo to 4 yr olds with Down's syndrome, 37422
postadaptation stimuli, short & long term spiral aftereffects, college students, 28252
practice in darkness & other visual information conditions, luminous ball catching performance using 1 vs both hands, graduate students, 21202
preconscious visual linguistic & symbolic cues & learning style & personality, academic achievement, male vs female college students, 10127
predictable directional vs nondirectional visual stimulus, precue neuronal activity in premotor cortex before limb movement onset, monkeys, 21562
preference for modality, learning of musical rhythm patterns, 3rd graders, 31071
premature visual stimulation, auditory learning, ducklings, 38960
prey color & movement & shape & site, prey selection, sticklebacks, 39030
prolonged optokinetic stimulation, optokinetic afternystagmus & induced illusory motion, adults, 14279
redundancy between auditory vs visual channels, auditory vs visual recall & comprehension of TV news story, college students, 35933
reinforcement with response contingent visual & auditory & vibratory stimulation, head turning, nonambulatory profoundly mentally retarded 11.3–29.2 yr olds, 26891
requested degree of symmetry, construction of dot pattern matrices for use as pattern set stimuli in research, college & graduate students, Japan, 35294
rotated alphanumeric vs unfamiliar characters in left vs right visual field, RT & errors in comparison to standard stimulus, male college students, 622
sequential analysis of visual discrimination based on ideal observer concept in signal detection theory, 24741
sight of blood, BP & heart rate & respiration & coping strategies, college students identified as emotional fainters vs nonfainters, 14745
silent vs vocal modality of presentation & delayed distraction, immediate vs delayed recall & running memory, college students & staff, implications for precategorical acoustic storage, 7462
size & distance & location of stimulus configuration, spatial contrast discrimination thresholds, adults, 14290
spatial & temporal components of linear analog receptive field model, expected responses of visual neurons, 35591
spatial bandpass filtering of dynamic images of American Sign Language signs & signal masking by noise in other bands, intelligibility, deaf adults fluent in sign language, 4537
spatial frequency of checkerboard stimuli, hemispheric differences for visual EPs, adults, 21544
square wave gratings vs diffuse light stimulation, glucose metabolism, rats, 4191
static vs operator controlled visual stimuli, distribution of visual fixation durations & saccades, infants vs college students, 4607
subliminal visual stimulation, dreams & images & hallucinations, adults, conference presentation, 3884
substitution of white light vs addition of long wave desaturant of increasing luminance to original monochromatic blue light, color discrimination in 455 nm region, Os, 3749
successively presented digits & interstimulus interval, learning period & subsequent RT to 1st vs each additional digit, Ss, 10718
symmetry axis & orientation of 2 dots moving in plane, perception & persistence of elastic structure of traced object, college students, 17771
synesthetically correspondent color & auditory stimuli pairs, ratings or response latencies of similarity judgments, college students, 31745
target stimuli class probability & number & matching, visual EP N2 components, adults, 39080

tilt of line rotated in frontoparallel plane, perceived depth & line length, college students, 17806
unconditioned activity dependent on stimulus modality of light vs noise, shuttle avoidance learning, rats, 14519
unexpected size or shape of visual stimuli, RT, college students, 31781
uniocular vs binocular stimulation, visual EPs & test of binocular vision, cats, 18124
unpronounceable vs pronounceable words vs nonwords in temporally separate 2 part arrays, reporting of position cued target letter, college students, 7348
validation of lateral limits technique, determination of visual testing fields using blind spot & fovea for lateralization of visual input, 27 yr old female with callostomy, 16247
validity of Test of Attentional & Interpersonal Style, prediction of attention related visual information processing, college students, implications for sport psychology, 38607
velocity gradients & segmentation boundaries, perception of 3 dimensional structures from motion of dot patterns, Os, 17786
visual & auditory overstimulation & understimulation, stimulus input regulating activity, male rats, 10925
visual & auditory stimulation, simultaneous feature positive discriminations, male rats, 35455
visual &/vs auditory targets, eye & head movements, adults, 3716
visual detection of suprathreshold bandlimited signals embedded in nonwhite Gaussian filtered noise, adults, 10741
visual feedback, decision task performance, 33 yr old male with monocular visual conversion disorder, case report, 40372
visual flicker rate continuum, dimensional stimulus control, pigeons, 31921
visual guidance, cognitive representations & observational learning & modeled actions, college students, 200
visual or auditory stimulus, cortical EPs & RT, male rats, 21493
visual RT task, depth distribution of neurons in dorsolateral prefrontal cortex, macaque monkeys, 28625
visual stimulation following adaptation, retention of color linked aftereffects, college students, 10735
visual stimulation, perception of voluntary leg movements during walking, adults, 14241
visual stimulation using unpredictable vs predictable object movement, RT for perception vs stimulus adjustment, adults, 10723
visual stimuli duration times, visual EPs from symmetrical sites of occipital visual cortex, female 20–35 yr olds, 14703
visual stimuli with pictures of snakes vs ropes, block letter imagery task, snake fearful vs non-snake fearful female college students, 7425
visual stimulus forcing postsaccadic error, short term saccadic adaptation, 16–44 yr olds, 31802
visual structuring of candidate arguments, verbal record of clash in TV debates, presidential candidates R. Reagan & W. Mondale, 1984, 21841
visual target & limb information, manual aiming accuracy, college students, 3694
visual target luminance & cue validity, detection latency, college students, 17767
visual target movement with different head or size motion, compensation in motion perception, Os, 7351
visual vernier offsets & motion displacements, visual EPs, 1–13 mo olds vs adults, 4622
visual vs auditory cues, RT to visual vs auditory lateralized targets, 22–51 yr olds, 7641
visual vs auditory noise, visual choice RT in continuous flow paradigm, dental students, 7349
visual vs auditory stimuli, skin conductance responses, 60 yr old male with amygdaloid complex damage due to herpes simplex encephalitis, 37170
visual vs auditory vs tactile stimulation, immobility related Type 2 hippocampal theta activity induced by presence of ferret, rats, 21536
visual vs olfactory CS with vs without amphetamine, acquisition of conditioned emotional response, male rats with posteroventral vs ventrolateral neostriatum lesions, 28743
visual vs vibratory cued wrist flexion vs extension, premovement firing rates for primary somatosensory cortical neurons, male rhesus monkeys, 35624
visual vs vibratory cues of presence of firefly prey, orientation & approach behavior, wolf spiders, 24989
VR schedule with diffuse vs localized visual vs auditory signals correlated vs uncorrelated to reinforcement delay, response rate, male rats, 3952
xenon flash & spatial frequency of square wave grating, visual EP & behavioral measures of flashblindness, adults, validation of animal model using laser, 659
Visual Thresholds [See Also Critical Flicker Fusion Threshold]
absolute & increment thresholds for long wavelength adapting fields & short wavelength test flashes, 2 mo olds, 25426
adaptation to high contrast sine wave grating, waveform spatial frequency discrimination thresholds, Os, 17764
chromatic opponency in color vision thresholds, 11–13 wk olds vs adult, 29046
concurrent adaptation of spatial frequency or orientation, contrast threshold, adults, 28238
configuration & luminance of identical modulated patches of sinusoidal grating, differential spatial displacement discrimination thresholds, experienced males, 260
contrast flash masking of just visible bar, parafoveal mask spectral response curves during detection by long wave cones alone, adults, 14698
cost benefit analysis of spatial cueing & visual stimulus location & quantity & onset asynchrony & attention, peripheral visual discrimination thresholds, male 20–28 yr olds, 35297
dark adapted thresholds with preferential looking method, ocular media densities, 10 wk olds vs 19–29 yr olds, 39533
detection & phase identification thresholds of sine- vs cosine-phase visual stimuli, adults, support for late nonlinearity hypothesis, 28257
eccentricity & separation of lines presented on isoeccentric arc, bisection thresholds, Os, test of Weber's law, 7329
feedback, estimates of visual contrast sensitivity, 10–40 yr olds, 29047
fixed vs randomly varied dot configurations & dot density & spatial displacement & velocity, detection threshold of motion direction, practiced Os, 14257
focus of attention, right-left subdivision of space in visual RT task, college students, 17731
foveal cone thresholds & L/M cone ratio modeled with hypothetical retinal mosaic, adults, conference presentation, 28619
Gabor patch size with constant spatial frequency, contrast perception thresholds using magnitude estimation & contrast matching, experienced Ss, 14256
hemiretinal differences in speed of threshold light detection, adults with esotropic amblyopes, 1979
induced depressed mood, visual recognition duration thresholds for dysphoric vs elated words, college students, 375
interstimulus interval in vertical & oblique spatial frequency gratings, preattentive deficit, chronic schizophrenic patients, 5326
long vs middle wavelength sensitive cones, light detection, adults, 28594
masking by high spatial frequency pictorial noise, low spatial frequency target detection thresholds, adults, 7360
number of intervening points, threshold for detection of disparity in rows of points, male college students, 231
orientation & spatial frequency, changes in perceived contrast of suprathreshold grating, adults, 14306
orthogonal patterns generated by Fourier descriptor method, threshold tuning curves & frequency specific adaptation, adults, 17745
output of visual filters of fovea & parafovea, blur discrimination task, adults, 28242
perceptual detectability threshold for ocular accommodation microfluctuations, 28636

perceptual identification thresholds for 150 fragmented pictures, college students, 24764
periodic harmonic visual stimuli pairs in reversed contrast & different phase, reversal discrimination thresholds, adults, implications for edge & bar detectors, 35274
photopigment bleaching & resulting cone plateau period, differential chromaticity thresholds for 3-color stimuli, experienced 28 & 30 yr olds, 7325
point spread functions & detail detection & contrast threshold model, 10719
reading text on CRT vs in print, threshold for detection of contrast sensitivity, 20–32 yr olds, 10740
rod system density, visual thresholds, goldfish of different sizes, 4144
separation between pairs of dots or lines, binocular fusion & input to disparity processing system & isolated short wave sensitive cones, adults, 7367
short wave cone adapting levels, red-green detection sensitivity, adults, 14705
simple curved vs high vs low frequency bandpass filtered contours, curvature discrimination measured by increment thresholds, Os, 24772
size & Gaussian luminance profile & temporal modulation of circular symmetric blob stimuli, contrast detection thresholds, adults, implications for multilayer receptive field model, 35270
spatial frequency & orientations of 2-dimensional stimuli, masking effects & signal detection threshold, adults, 28233
spatial sensitivity quadratic model, estimation of linear transformation in pattern vision thresholds, 7253
stimuli at varying blur parameters & distances from retina, differential spatial displacement discrimination threshold & blob alignment, adult males, 7353
stimulus constrast threshold, foveal velocity discrimination, adults, 3755
stimulus size & retinal eccentricity, orientation discrimination threshold, naive vs experienced adults, 14301
Stroop priming task presentation duration above vs below conscious threshold, naming of subsequently presented color patches, college students & 19–29 yr olds, 3722
suprathreshold visual stimulus conditions of simultaneously perceived self motion, thresholds & response times for object motion perception, adult drivers, vehicle guidance applications, 254
swept contrast gratings & visual EPs, measurement of spatial contrast sensitivity & thresholds, infants & adults, 35994
temporal contrast sensitivity at various retinal eccentricities, adult male, 7338
uncertainty about weak vs all stimuli, contrast discrimination & cortical neuron thresholds, 606
uniform field flicker masking, contrast sensitivity, reading disabled 13 yr olds, 19433
variability in contrast increment & frequency of grating pattern, sensory gain & increment thresholds for contrast, Os, 17747
visual & auditory absolute thresholds, motor RT measuring nervous system strength, adults, test of partiality phenomenon hypotheses, 31771
visual field location of stimuli, line orientation & spatial interval discrimination thresholds, adults, implications for role of striate cortex neurons in visual acuity, 28620
visual masking paradigm, spatial frequency & orientation tuning thresholds, albino 22 yr olds, 19657
visual mechanisms & 2 color increment thresholds, turtles, 28603
visual threshold recognition task, thalamic & pallidal neuronal responses, 34–58 yr olds with Parkinson's disease, 33469
yellow & green isoluminant vs nonisoluminant compound gratings, phase discrimination thresholds, adults, implications for neural representation, 17798

Visual Tracking

atropine & 2-PAM Cl, visual tracking & acuity & heart rate & BP & cognitive ability, 22–33 yr olds, implications for chemical warfare, 14919
central fatigue, attention change as measured by eye movement capacity to track optokinetic stimuli, neurotic adults, conference presentation, 19264
congenital nystagmus induced when following objects toward left side, male 32 & 62 yr olds, 33563
difficulty of visual step tracking task with vs without auditory discrimination task, brain EPs measuring resource reciprocity, male 18–25 yr olds, 35633
erratic eye tracking, schizophrenic patients, 19207
eye tracking dysfunctions, schizophrenic offspring of discordant twins, 1611
feedback conditions, 1-dimensional tracking task, adults, conference presentation, 3720
fixed vs randomly varied dot configurations & dot density & spatial displacement & velocity, detection threshold of motion direction, practiced Os, 14257
interferon alpha dosage, symptoms & visual RT & tracking & reasoning, 28–53 yr olds, implications for effects of influenza, 21815
manual vs automatic computer aid, visual target identification & compensatory tracking & task preferences, Air Force personnel, 6971
motor & perceptual factors, precognitive mode development in pursuit tracking with sine waves, college & graduate students, 35268
movement of visual target with vs without coupling to arm movement intention, smooth pursuit eye movement latency, monkeys vs adults, 28598
ocular fixation & sequential scanning dysfunction, visual reading symptoms, 9–23 yr olds with dyslexia or learning disabilities, 33414
ocular fixation vs pursuit conditions, contrast sensitivity for oscillating sine wave gratings, adults, 14272
pursuit eye movements during tracking target with 2 sine waves of different speeds, college students & staff, Japan, 24773
reinforcement contingencies, visual tracking performance & speed of acquisition of behavioral tolerance to alcohol effects, male college students, 7885
retinal image motion toward vs away from fovea during ocular pursuit vs fixation, perception of light flash location, 22–25 yr olds, 14293
single vs dual task visual tracking & average integrated error, college students, 14260
size of moving target & uniform vs contour background pattern moving in same vs opposite direction, perceived direction during visual tracking, college students, 7341
stabilized retinal image & moving target in dark vs light, motion perception & tracking with smooth pursuit eye movements measuring retinal &/vs extraretinal signal influences, adults, 35302
static or slow or fast moving stimuli, frontal & lateral gaze & head movements, chickens vs pigeons, 14654
stationary spot set with moving background vs set with real motion vs mediated perceived motion condition, perception of complex motion paths, college students, 3754
status reporting of visual & peripheral displays, concurrent tracking performance in aircraft environment, adults, 31333
target acceleration vs deceleration, smooth pursuit eye movements vs fixation, adults, implications for transition of neurological system, 14683
topographic & directional organization of visual inputs, horizontal & vertical smooth pursuit eye movements, male monkeys, 25055
tracking vs yes-no staircase psychophysical procedures, measurement of human contrast sensitivity functions in large groups, 21–31 yr olds, 14273
underregistration of pursuit eye movements & adjacency of pursued fixation point & background stimulus, illusory motion of background objects during smooth pursuit eye movements, 20–33 yr olds, 7319
velocity of target movement, EEG slow waves during smooth pursuit tracking, 23–33 yr olds, 32031

verbal & spatial codes & auditory & visual modalities & decision problem difficulty, tracking task interference, college students, 17913
visual fixation & attention & saccadic eye movements during visual pursuit, monkeys with parietooccipital cortex lesions, 25173
visual scanning patterns in sport problem solving task presented by video, volleyball players & coaches, 13993
visual target & limb information, manual aiming accuracy, college students, 3694
visuooculomotor tasks involving head vs smooth pursuit eye vs retinal image movements, target velocity related Purkinje cell activity in posterior vermis of cerebellum, monkeys, 4155
Visualization [See Imagery]
Visually Handicapped [See Also Blind, Partially Sighted]
assessment of psychopathology & correlations with behavioral checklists, visually handicapped 9–22 yr olds, 9081
auditory & tactile administration, psychological tests, sighted 9–15 yr olds wearing blindfolds, 33553
braille literacy, education & eventual employment & quality of life, visually handicapped students, 41339
categorical services, blind or visually impaired, conference presentation, 13193
characteristics & trends in & recommendations for special education, blind & visually impaired students, Latin America, 24137
characteristics of reading process & history & methods of teaching reading, Braille vs print vs aural reading visually handicapped children, 3299
classroom positive reinforcement programs, aggressive & noncompliant behavior, visually impaired multiply handicapped male 11 & 18 yr old special education students, 6782
competitive employment vs dependency on rehabilitation agency, blind & visually impaired clients, implications for rehabilitation counselors, 6500
comprehension & retention of radio story, 10–13 yr olds with low vision, Poland, 33511
confrontational & didactic counseling & vocational rehabilitation, white collar employment, 30 yr old argumentative visually impaired male, case report, 6501
contingent glove wearing program, skin picking behavior, 18 yr old male inpatient with sensory impairment, 1–3 mo followup, 26906
contrast level, matching of line drawings in photocopy vs ditto reproductions, normal 3.5–10 vs visually impaired 5–30 yr olds with vs without blue purple color deficit, 26546
correspondence course, specialist training, teachers of visually handicapped students, England, 23926
counselor education, counseling, visually impaired clients, 23828
cross national differences in educational philosophies & attitude changes & service delivery, blind & visually impaired students, 24117
development & implementation of home based orientation & mobility program, blind & visually impaired infants & toddlers & their parents, 20125
diagnostic teaching approach, decision on reading medium for students with visual impairments, multidisciplinary teaching teams, 41325
early intervention & mainstreaming & other special education approaches, blind & visually impaired students, Israel, 24160
employment status, blind or visually impaired former vocational rehabilitation clients, 30790
enhancing self concept in school environment, visually impaired 6th–8th graders, 41336
establishment of spatial awareness & other problems in starting school, frustration & emotional reactions, visually impaired children, England, conference presentation, 31210
evaluation & movement & other intervention techniques, children born blind or visually handicapped, 12590
evaluation of computerized job matching systems, visually impaired clients, implications for vocational evaluators, 37857
facial recognition & reading of emotional expressions, visually impaired 7–11 yr olds, 1996
factor structure of GRE, visually impaired vs physically handicapped vs nonhandicapped college students, 3333
factors leading to shock & deep sadness & depression & counseling strategies, parents of visually disabled infants & preschoolers, conference presentation, 30092
fear & anxiety, low vision & blind 6–16 yr olds, 26681
functional vision evaluations, classification of visually handicapped students & children, 5589
group counseling, visually impaired clients, literature review, 40692
handicapping effects of acquired monocular impairment, adults, implications for professionals & rehabilitation programs, 19610
hierarchy of visual skills, 24–93 yr olds with adventitious visual impairment, 33609
history of government & private educational & rehabilitation services & psychoeducational research, blind & visually handicapped children, India, 24191
history of special education & mainstreaming & teacher training, blind & visually impaired children, India, 24145
history of special education & mainstreaming, blind & visually impaired children & adolescents & adults, Western Australia, 24139
history of special education & research & services, blind & visually impaired children, Poland, 24115
identification & treatment of sensory loss, physical & occupational therapists working with geriatric patients, 2886
impaired vision & incidence of hip fracture, elderly, 10 yr study, 40397
importance of & parent training in camping vacations, families with visually impaired or otherwise disabled members, 26479
integration into mainstream sports, 7 yr old visually impaired male, 26594
international trends in prevention & early intervention & use of braille & mainstreaming & educational programs, visually handicapped children, 24193
knowledge of community rehabilitation services for blind & visually handicapped patients, ophthalmologists, 6477
leisure activity participation patterns, low vision elderly, conference presentation, 9079
model kitchen design for independent living, visually impaired elderly, 13213
model of user interaction with auditory computer interface, visually disabled adults, 33513
multidisciplinary early intervention program, visually impaired 0–3 yr olds, 33743
network of government & private agencies for assistance in entering & continuing in regular school system, visually impaired children, Canada, conference presentation, 31205
overemphasis on least restrictive environment & need for more thorough assessment of educational needs & placement, visually impaired students, 27768
parental encouragement, patterns of sports involvement, visually impaired children & their parents, 2083
participation in vocational rehabilitation programs & treatment outcomes, Hispanic vs White vs Black blind & visually impaired adults, 1985–87, 27294
personnel & placement activities & other resources, agencies providing vocational rehabilitation programs for blind & visually impaired clients, 20250
physical education with vs without dance instruction, spatial awareness, 6–10 yr old visually impaired students, 10181
prevalence & prevention of blindness & educational services, blind & visually impaired children, Middle East, 24116
primary learning medium selection, teachers of students with functional vision, 41329
psychoeducational assessment, visually impaired children, 24266
psychological & educational & recreational services in home environment, blind or visually handicapped children & their families, Peru, 24142

psychophysical studies of visual factors in normal vs low vision reading, implications for design of low vision reading devices, 5706
psychosocial adjustments, elderly with visual impairments, rehabilitation implications, 19564
real life & computerized functional task training, mobility, low vision clients, 6474
recreational rehabilitation, visually impaired adults, 9837
research considerations in study of development, visually impaired children, conference presentation, 30042
role of family & educational institutions & society in mainstreaming of & changing stereotyped attitudes toward blind & visually impaired children, 24187
role of parents in development of independence & language & play & other social behavior, visually impaired children, Scotland, implications for starting school, conference presentation, 31232
social skills training & behavior therapy, atypical social behaviors, children with severe visual impairments, 2429
special education training & service delivery trends & problems, visually impaired children, Australia, 24175
state criteria for access to early educational intervention services, visually impaired children from birth to 5 yrs old, 13681
tactual & visual & auditory communications media & technology, blind & visually handicapped, 37834
talking & tactile books, visually impaired or blind preschoolers, 33577
technological developments in treatment, elderly with cataracts or macular degeneration or diabetes mellitus or glaucoma, 12982
therapeutic feedback band device, control of rocking &/or head movement, visually impaired 10 yr old male, 19915
transition from specialized to generic system with general programs, blind or visually handicapped, Norway, conference presentation, 13201
unmet needs & barriers to service delivery, blind & visually impaired elderly, 30565
vocational rehabilitation & family orientation to school to employment transition, visually handicapped students in residential rehabilitation center & their parents, 2877
water mist punishment, reduction of head hitting, 10 yr old multiply handicapped visually impaired male, 40719
worldwide prevalence & prevention of visual handicaps & special education needs, role of International Council on Education of the Visually Handicapped, 24126
Vitamin C [See Ascorbic Acid]
Vitamin Deficiency Disorders [See Also Wernickes Syndrome]
diagnosis of cerebral vitamin B12 deficiency using regional cerebral blood flow, mental disturbances & cognitive impairment, B12 deficient 54–94 yr olds with vs without anemia, 26486
neuropsychiatric disorders, hospitalized 17–88 yr olds with cobalamin deficiency, 12441
thiamine deficiency recovery & associated neuropathological & neurochemical conditions, visual & spatial discrimination learning & spatial delayed nonmatch to sample task performance, rats, 751
thiamine injection, motor & habituation deficits induced by chronic dietary thiamine deficiency & ip purithiamine, rats, implications for animal models of Wernicke Korsakoff syndrome, 750
vitamin B12 deficiency, psychiatric symptoms & dementia, patients, literature review, 26513
vitamin B12 deficiency, 78 yr old female with dementia-like symptoms, case report, 30059
Vitamin Therapy
acetazolamide & thiamine, 25–86 yr old chronic psychiatric inpatients, 12909
diet & vitamin & thioridazine therapy, schizophrenic adult male with hyperasparaginemia, case report, commentary, 2193
evening primrose oil with multivitamin, depression & anxiety symptoms, females referred to PMS clinic, 2454
inpatient treatment with multiple vitamin therapy, thiamin diphosphate activation of erythrocyte transketolase, alcoholic 21–63 yr olds, 2922
megadoses of nicotinamide, 19 yr old autistic White male, 17 mo study, 2482
orthomolecular treatment, 1.5–50 yr olds with hypertension or depression or low blood sugar or mood disorders or menstrual cramps of seizures or reading disorder, 27097
platelet serotonin uptake & vitamin B6 treatment, adult females with PMS, 8653
thiamine hydrochloride, 59–83 yr olds with Alzheimer's disease, 16540
utility & risk of toxicity with vitamins & amino acids & other nutritional supplements, persons in substance abuse treatment, implications for prescription by nonphysicians, 23751
vitamin & drug therapy, autistic children, 23442
vitamin B6 & magnesium therapy, behavioral symptoms & biochemical & electrophysiological measures, pyridoxine sensitive autistic 4–8 yr olds, 9545
Vitamin C, disturbed behavior, profoundly mentally retarded 39 yr old female with manic depressive psychosis, case report, 40795
vitamin E, tardive dyskinesia, inpatients with chronic schizophrenia or schizoaffective disorder, 16594
vitamin therapy, IQ & behavior, children with Down's syndrome, literature review, 16620
Vitamins [See Also Ascorbic Acid, Choline, Nicotinamide, Nicotinic Acid]
acetyl-L-carnitine vs piracetam, plasma beta endorphin & cortisol measuring pituitary adrenocortical hyperactivity, 65–75 yr olds with dementia, 16606
age & acetyl-l-carnitine, spatial learning acquisition, 4–21 mo old male rats, 35818
chronic acetyl-l-carnitine, simple discrimination learning & DRL, old rats, 28857
fenfluramine following dietary tryptophan & pyridoxine, serotonin mediated behavior, male weanling rats, 4248
iminodipropionitrile, movement disorders accompanied by arousal damage & reversal by vitamin E, male rats, animal model of hyperkinetic movement disorders in humans, 32233
levels of folate & vitamins C & B12, depressed 65–99 yr olds, 40124
light & vitamin D & etiology & soltriol phototherapy, physiological & behavioral processes, patients with seasonal affective disorder, literature review, 33193
onset & duration & severity of depression & serum folate & vitamin B12, depressed outpatients, 36636
pyridoxine &/vs magnesium deprivation, spontaneous seizures, male gerbils, 4240
quantitative spectrofluorometer assay of urinary riboflavin tracer of compliance in drug therapy, healthy males & females, 37474
serum vitamin B12 & folic acid, patients with obsessive compulsive disorder vs chronic schizophrenia, implications for pathophysiology, 15697
thiamine injection, motor & habituation deficits induced by chronic dietary thiamine deficiency & ip purithiamine, rats, implications for animal models of Wernicke Korsakoff syndrome, 750
vitamin & mineral supplements, intelligence & behavior, school children, 11431
vitamin E & deterioration in self care skills, risk of Alzheimer's disease, 30 yr olds & older with Down's syndrome, 19423
Vocabulary [See Also Antonyms, Homographs, Homonyms, Sight Vocabulary, Synonyms]
ability to demonstrate completeness of vocabulary knowledge, learning disabled vs normal achieving 10 & 12 yr old students, conference presentation, 24190
acquisition of word knowledge from written context, prereading kindergartners, 18562
computerized test system to facilitate questioning strategies & reading ability, reading vocabulary & comprehension & prediction of performance, 3rd graders, 20476

considerate vs inconsiderate contextual factors in history text, vocabulary learning, 8th graders, 34641
distance from death, vocabulary & numerical facility & perceptual speed, 51–91 yr olds who died within 7 yrs of testing, 22111
exposure to child vs adult initiated verbal models of Spanish labels for toys, production & comprehension of Spanish words, English speaking 28–34 mo olds, 25538
free study vs semantic vs mnemonic conditions, acquisition of word components, college students, 7459
inconsiderate vs considerate text, vocabulary learning, 11th graders, 20518
individual vs group administration & pacing conditions, foreign vocabulary learning with keyword method vs own strategies, college students, 17144
instruction & amounts of practice in individual meaning vs deriving meaning, mastery of specific word meanings & ability to derive meanings from unknown words, 5th graders, 34598
instructional approach, identification & pronunciation of pseudohomophones vs nonwords in lexical decision task, 7.8–8.6 yr olds, Scotland vs New Zealand, 41233
integration of temporal adverbs into lexicon & construction of temporal expressions, Polish 2.3–3.2 yr olds, 8064
interactive vocabulary instructional strategy, content area text comprehension, high school students with learning disabilities, 34708
IQ & vocabulary & testing, bilingual Hispanic children, US, commentary, 21992
keyword mnemonic training, vocabulary learning, college students, 17146
metacognitive knowledge of vocabulary difficulty & passage organization assessed by ease & length of passage studying, above average vs average vs learning disabled 5th–7th graders, 19469
mnemonic vs directed rehearsal strategy training, vocabulary acquisition, learning disabled 7th–8th graders, 20626
morphological analysis of elementary school reading vocabulary, 3rd–4th graders, implications for reading education, 38132
parent–child bookreading discourse & performance in formal task concepts & early literacy & school-related skills, 2.3–3.2 yr olds & their parents, Canada, 11448
passive vocabulary in 1st language & derivation of relations & knowledge of language structures, bilingual 6–10 yr olds, 32402
phonemic & syntactic awareness & proficiency & receptive vocabulary & word decoding & reading comprehension, 1st graders, Australia, 18552
prior topic knowledge & vocabulary difficulty, social studies text recall & sentence recognition, 6th graders, 24067
reading stories aloud, vocabulary acquisition, 7 & 8 yr olds & their teachers, New Zealand, 34632
reading strategies & online definitions, comprehension of technical material read from CRT, college students, 27575
reversal of stimulus color in survival vocabulary, acquisition of vocabulary, 12.2–17.8 yr olds with cerebral palsy or mental retardation or multiple handicaps, 24122
self monitoring & feedback techniques, acquisition of emotional adjectives, hearing impaired 16.8–22.3 yr olds, 2432
sign language, reading & identification & retention of vocabulary, trainable mentally retarded 15–19 yr olds, 38232
spontaneous &/or deferred imitation, acquisition of novel lexical items, 2.2–2.6 yr olds, 8030
standard vs user vocabulary lists, source of vocabulary items for augmentative & alternative communication users, nonspeaking 20–42 yr olds, 27042
teacher expectations of performance & video &/vs audio vs written text teaching method, vocabulary vs reasoning course achievement, female graduate students teaching male vs female college students, 38068
temporal characteristics of stimulus presentation, effect of training in keyword method on vocabulary learning, literature review, implications for bias argument of J. W. Hall et al, 354
theory & practice in vocabulary instruction & learning, implications for reading comprehension, 20468
vocabulary overview guide, vocabulary comprehension & retention, college students in developmental reading course, 20455
word knowledge & working memory capacity, prediction of reading comprehension & speed & text inferencing skills, college students, 14429
words reflecting areas of life satisfaction, male 70 yr olds, 1981–87, conference presentation, 25668
workbook tasks vs computer game exercises, ratings of effectiveness & interest level of vocabulary instruction & time on task & achievement, college students in developmental reading course, 34706

Vocal Cords
loud speaking vs wearing oxygen mask vs emotional vocal cord tension, fundamental voice frequency, Air Force personnel, Japan, 28695
maximum duration time for /s/ & /z/ sounds & calculated s/z ratio, dysphonic 3.7–15.2 yr olds with vs without vocal cord nodules, 36955

Vocalization [See Also Animal Distress Calls, Animal Vocalizations, Crying, Infant Vocalization, Laughter, Subvocalization, Voice]
adaptive seating devices, early vocalizations, nonverbal 1.5–12.8 yr olds with cerebral palsy, 30793
cognitive representational & affective functions of affect vocalization, humans, 29003
coprolalia, 80 yr old female with major depression, case report, 29510
humming vs other behavioral techniques, auditory hallucinations, schizophrenic inpatients, 29545
interitem spacing & vocalization & stimulus suffixes, magnitude of recency effect on memory for serial position, adults, 14441
length of utterance, 2–12 yr olds with Down's Syndrome, 8949
linguistic vs ethological models in comparative psychology, study of vocal communication, animals, conference presentation, 39061
natural articulation vs speakers' mouth closed, identification of meaning of isolated vocal segregates, adults, implications for human computer interaction, 29005
periodicity of alternations between lower vs higher amounts of talking in conversation, adults, 4540
positive reinforcement with vs without light dimming vs visual screening, vocal responses to therapist prompt, 7 mo to 4 yr olds with Down's syndrome, 37422
singing ability, right vs left sided brain damaged 47–84 yr olds, 26545
skill level & Chinese character print frequency & orthographic structure & lexicality, vocalization & lexical decision task latency, college students, 312
spectral noise levels & perceived vocal effort, severely to profoundly hearing impaired 6–11 yr olds, therapeutic implications, 30106
speed of pitch shift & response speed in pitch control capacity, 24 & 27 & 38 yr old nonsingers vs 28 yr old professional singer, 31818
spelling & stress patterns of words, written vs oral syllabification of intervocalic consonants in words, college students, 944
verbalization & vocalization in dance/movement therapy, 37255

Vocalization (Infant) [See Infant Vocalization]
Vocalizations (Animal) [See Animal Vocalizations]
Vocational Adjustment [See Occupational Adjustment]
Vocational Aspirations [See Occupational Aspirations]
Vocational Choice [See Occupational Choice]
Vocational Counseling [See Occupational Guidance]

Vocational Counselors
congruence of expectations on vocational factors about referred clients, vocational evaluators vs referral sources, 16907
demographic characteristics & professional competency, vocational evaluators, 37999

perception of occupational status of vocational evaluator profession, college & graduate students in human service related fields, 17023
trends affecting economic status, females, 1900–86, implications for employment counselors, 6864
Vocational Education
behavioral checklist for evaluation of job skill level in community based vocational training, mildly or moderately mentally retarded 15–21 yr old special education students, 20645
collaborative consultation model for facilitating transition from school to employment, disabled students, 17282
community based vocational & life & social skills training program, personal & skill development & attitudes, adolescent male offenders, Ireland, 34435
curricular format & content & student & teacher behaviors, instructional environment in vocational preparatory vs exploratory courses, learning disabled high school students, 3290
curriculum based techniques for vocational evaluation, handicapped & disadvantaged high school students, 13665
design & implementation of vocational preparation programs, employment following graduation, mentally retarded high school students, 20607
development & validity of attitude to industry scale, 16–19 yr old science students, England, 27802
general learning ability & verbal & numerical & spatial aptitudes, prediction of attrition, delinquent 15–20 yr olds in community vocational training program, Ireland, 27376
geographical area, employment commitment & attitudes toward youth training & economic locus of control & willingness to leave area employment, male vs female 15 vs 17 yr olds, UK, 29106
high technology job training demonstration project, adult females on welfare, 10344
modeling vs problem solving vs behavior rehearsal formats, teaching employment related interpersonal skills, mildly mentally retarded 15–21 yr olds, 27686
need for vocational education component in foster care program, adolescents, 23587
perceived positive vs negative job outcomes, prediction of satisfaction with vocational training, community college students, 27644
placement & instructional practices in secondary vocational education programs, mildly handicapped learners, 10218
role playing & cue correction procedure, learning to greet coworker at vocational training site, moderately or mildly retarded female high school students, 20644
satisfaction & involvement with vocational program, parents of developmentally disabled 15–24 yr olds, Canada, 34361
sex & mathematical ability & verbal intelligence & technical family background, attitudes toward craft & design & technology studies, high school students, 27653
sociometry groups & role play, preparation for work force reentry, housewives, 20729
training, acquisition & generalization of labeling & data entry skills, moderately mentally retarded 18–25 yr olds, 20266
vocational & transition oriented services, 7th–12th grade special education students, 24144
vocational training & employment & continuing education & adjustment to work & community living, mentally handicapped young adults, Canada, followup study, 34372
vocationally relevant activities in secondary special education programs, facilitation of transition to postsecondary training & work, learning disabled adolescents, reprint, 10219
work experience program, 13–18 yr old females with learning difficulties, England, 3280
Vocational Guidance [See Occupational Guidance]
Vocational Interests [See Occupational Interests]
Vocational Maturity
career maturity & organizational rank, participation in organizational politics, employees, 27925
career maturity & scholastic aptitude & ability to make career choices for self vs others, Black vs White male vs female 9th graders, 17241
career planning & problem solving, career decided vs undecided college students, 6867
computer assisted Guidance Information System, career maturity, 14–19 yr old students, 38263
paper & pencil career maturity assessment instrument programed on microcomputer, measurement of career plans, Army recruits, 13945
personality types, vocationally undecided college students, 17226
prisonization & self esteem, career maturity, inmates, 27363
Vocational Mobility [See Occupational Mobility]
Vocational Preference [See Occupational Preference]
Vocational Rehabilitation
acknowledgement & goal setting in counseling intervention, stress reduction & transition & coping & resumption of work role, clients with midcareer disabilities, 23729
acquisition of domain specific knowledge, performance of complex computer data entry job, 32 yr old female with organic amnesia, implications for vocational rehabilitation, 2874
application of cognitive disability & recapitulation of ontogenesis frames of reference, assessment of vocational readiness & development of vocational services model for partial hospitalization program, 9806
attitudes toward community & school integration of persons with severe handicaps, commercial & health care & religious personnel vs high school teachers & students, 5092
background music, work related behavior, adults with moderate mental handicaps, 23716
basic premises of supported employment in natural integrated work environments, employees with severe disabilities, 30804
behavior modification using social reinforcement & other techniques, schizophrenic & mentally retarded adults attending vocational rehabilitation center, India, 37864
behavioral program for employment interview training, 17–50 yr olds with physical &/or psychological disability, 37844
benefit-cost analysis of government supported competitive employment program, mentally retarded, commentary, 34351
biographical & psychosocial characteristics, injured 23–65 yr olds referred for psychovocational evaluation, 27297
changes & issues in vocational evaluation profession, 13208
characteristics & vocational rehabilitation & counseling needs, adults with specific learning disabilities, implications for client employability & employer acceptance, 37854
characteristics of vocational success, 17–68 yr old visually impaired vocational rehabilitation clients, 37873
client & facility characteristics, directors of vocational rehabilitation facilities, 16911
client & program & social obstacles, vocational & academic rehabilitation service delivery, substance abusers & related clients, literature review, 2897
client characteristics predictive of successful rehabilitation counseling outcomes, disabled Black workers, 27253
community based 5 mo vocational training program, work task performance & break time skills, learning disabled & mentally retarded & communicatively disabled 16 & 17 yr olds, 37846
competitive employment vs dependency on rehabilitation agency, blind & visually impaired clients, implications for rehabilitation counselors, 6500
computer assisted approach to employability skills training in rehabilitation, disabled individuals, 13170
computer assisted vocational assessment, 41018
computer generated Vocational Personality Report in vocational rehabilitation, 20228
conceptual model of adaptive skills, vocational & prevocational multidisciplinary services, 24 yr old male & other partial hospitalization clients with chronic psychiatric illnesses, 2835
concerns about workers with disabilities & partnerships with rehabilitation agencies, employers, 6478

confrontational & didactic counseling & vocational rehabilitation, white collar employment, 30 yr old argumentative visually impaired male, case report, 6501
congruence of expectations on vocational factors about referred clients, vocational evaluators vs referral sources, 16907
cultural characteristics, provision of vocational rehabilitation services, disabled Native Americans living on vs off reservations, 27284
current practices in vocational evaluation of psychiatrically disabled, vocational evaluators & community support program administrators & psychosocial rehabilitation professionals, 37853
demographic characteristics & employment variables, homeless adults in voluntary day program, implications for service needs, 41024
development & implementation & expansion of Vocational Evaluation Upgrade Program, 13228
development of Vocational Evaluation Satisfaction Scale, 17–51 yr old rehabilitation clients, 17634
discrepancies between aptitude levels required for jobs as derived from government estimates vs General Aptitude Test Battery norms, vocational decision making, counselors, 41022
effective communication with & understanding of deaf blind clients, vocational evaluators & work adjustment specialists, implications for inservice training, 13215
employability, vocational rehabilitation clients, 23724
employment outcomes, industrially injured private rehabilitation clients, 41032
employment patterns, developmentally disabled clients of agencies providing vocational placement or sheltered employment, 13205
employment placement patterns & client referenced outcomes, facilities providing vocational services to adults with developmental disabilities, 37867
employment projects for vocational integration, emotionally handicapped, West Germany, conference presentation, 20261
employment specialist intervention time in supported competitive employment programs, moderately or severely vs borderline or mildly retarded consumers, 27278
employment status, blind or visually impaired former vocational rehabilitation clients, 30790
evaluation of computerized job matching systems, visually impaired clients, implications for vocational evaluators, 37857
experience of work by nondisabled employees, supported employment, severely disabled workers, 20252
facilities for vocational rehabilitation services, 55 yr olds & older, 13174
factor scales & reliability & validity & norms of Work Personality Profile, rehabilitation clients, 14098
factorial validity of United States Employment Service Interest Inventory, 16–58 yr old vocational rehabilitation patients, 28064
future work & worksites, delivery of rehabilitation services, handicapped persons, implications for vocational education, 20258
gender bias, long term vocational goals & immediate employment recommendations in simulated case studies, vocational rehabilitation graduate & college students, 20249
holistic cognitive & interpersonal & vocational neuropsychological rehabilitation program, employment & vocational adjustment, head injured 18–55 yr olds, 3 yr followup, 9832
home employment program, long term psychiatric patients, 41029
implementation & impact of supported employment, mentally retarded & their families & business community & society, 20267
implementation of Re-ED principals in vocational training program, emotionally disturbed youth, 16932
individual placement supported employment program, brain injured adults, 23737
integrated work hardening in vocational rehabilitation, disabled workers, 16925
interagency agreements in vocational education programs, transition from school to work, handicapped youth, 17245
interpersonal social competence, job satisfaction, 19–50 yr old mildly retarded clients at vocational training center, 20225
issues in early intervention in vocational rehabilitation, injured workers, 30776
job satisfaction & work incentives & disincentives & leadership style, vocational rehabilitation facility personnel, 23814
judgmental rating methods & competencies in vocational evaluation, southeastern region vs broader sample of vocational evaluation personnel, 16933
legislation for vocational rehabilitation, impact on occupational therapy & prevocational school program, special educators & trainable mentally retarded 11–15 yr olds, 41334
maladjustment assessed by MMPI, vocational interests, 17–57 yr old vocational rehabilitation clients, 2868
mental health vs vocational rehabilitation, psychiatric patients, 23705
model for vocational rehabilitation, adults with severe psychiatric disability, 13229
multicomponent treatment program, social interaction during recreational activity, 14–19 yr olds with moderate to severe mental retardation or learning or behavior disorders, 27295
need for employment & vocational rehabilitation, students who graduated from special education programs, 1980–84, 6484
needs assessment in vocational evaluation & client & job characteristics, job placement, rehabilitation clients, 16922
needs in administration priority areas, vocational rehabilitation facilities, 20229
neuropsychological evaluation of cognitive ability, vocational rehabilitation, adults with head injuries, 6483
neuropsychological functioning, adult psychiatric patients in hospital sheltered workshop vs industrial therapy vs vocational rehabilitation programs, 6470
Occupational Choice Strategy, career development, 17–53 yr old vocational rehabilitation clients, 13189
occupational resettlement ability, aphasic patients, 27258
opinion of value of work programs for hospitalized psychiatric patients & impact of legal decision, psychiatric hospital psychiatrists & rehabilitation specialists & patient advocates, 6381
participation in vocational rehabilitation programs & treatment outcomes, Hispanic vs White vs Black blind & visually impaired adults, 1985–87, 27294
perceived importance of counselor characteristics for effective vocational rehabilitation counseling, counselors & supervisors, 41166
perceived importance of counselor characteristics, vocational rehabilitation clients vs counselors, 9862
perception & ratings of employees' job performance, supervisors of mentally retarded workers receiving supported competitive employment vs job placement services, 6497
perception of occupational status of vocational evaluator profession, college & graduate students in human service related fields, 17023
perceptions of Microcomputer Evaluation & Screening Assessment, vocational evaluation, rehabilitation clients, 41012
perceptual motor skills & personality traits, vocational training & social adjustment, blind 16–25 yr olds, 22939
personnel & placement activities & other resources, agencies providing vocational rehabilitation programs for blind & visually impaired clients, 20250
postsecondary time limited transition program, employment status, mildly mentally retarded or severely learning disabled clients, 3 yr study, 27290
predictive validity of Work Personality Profile, measurement of work role requirements, 18–50 yr old rehabilitation clients, 3 mo followup, 24572

professional apprenticeship, vocational rehabilitation, psychiatric patients, Belgium, conference presentation, 20230
program evaluation of intensive work adjustment program utilizing operant conditioning, skill development, disabled clients, 16909
Project Network, interagency collaboration in transition to employment with school based vocational training & job placement & on the job training, disabled adolescents & adults, 23710
psychosocial factors in vocational rehabilitation, disabled females, literature review, 9833
psychosocial factors, vocational reintegration, coronary artery bypass surgery patients, West Germany vs US, conference presentation, 20227
reasons for termination of nondisabled low skill entry level employees, employers, Canada, implications for mentally disabled workers, 37861
relationship skills training, job interview & retention behavior, vocational rehabilitation clients, 13188
relaxation training, acquisition of job interview skills, vocational rehabilitation clients, 20234
reliability & construct validity of Employability Maturity Interview, assessment of readiness for vocational planning, disabled clients, 17618
reliability & validity of My Vocational Situation questionnaire, psychiatric inpatients requiring vs not requiring vocational rehabilitation, 3626
reliability & validity of Work Performance Assessment, vocational training/placement vs work adjustment clients with severe head injuries, 24616
retest reliability of United States Employment Service Interest Inventory, physically or mentally disabled 17–54 yr old vocational rehabilitation clients, 17566
role & meaning of work in rehabilitation, psychiatric patients, 34363
role & services in vocational rehabilitation for handicapped adolescents, school psychologists, 2882
self vs external instruction, performance on complex sequencing task, mild to moderately mentally retarded 18–46 yr olds in vocational training, 27298
series of work personality assessment & intervention packages, handicapped clients, 6495
services purchased from facilities, directors of state vocational rehabilitation agencies, 16906
specialized vocational rehabilitation program & supported community job placement, head injured 24–29 yr olds, 9841
supported jobs model of vocational rehabilitation, provision of competitive work experience, moderately retarded 19 yr old female, 9861
supported work model of competitive employment, job placement & retention, 26 yr old male with traumatic brain injury, 9863
systematic analysis of vocational evaluation process in state-federal vocational rehabilitation program, 13184
systemic vs psychological evidence, vocational rehabilitation recommendations, 22–42 yr old vocational evaluators, 30781
test retest reliability & internal consistency & relationship to national standards & applicability of performance measures for use in vocational rehabilitation agencies, counselors, 17626
Therapeutic Work Program, assessment & development of prevocational skills, adults with head injuries, 41037
time between work related psychological or physical injury & vocational rehabilitation referral, depression & self esteem & dependency, Mexican American industrial workers, 27267
trends in nonprofit vocational rehabilitation facilities, 1980–84, 20248
use of neuropsychological evaluation in vocational rehabilitation, brain injured patients, 41025
utility of Vocational Decision Making Interview within school settings, special education students & disabled individuals, 13691
validity of subscales of Preliminary Diagnostic Questionnaire, physically vs psychiatrically disabled vocational rehabilitation clients, 17586
validity of WAIS-R short forms vs full scale, female adult vocational rehabilitation clients, 7064
value clarification, vocational training outcome, 16–63 yr old mentally & physically handicapped rehabilitation clients, 20246
views of vocational rehabilitation success & failure, rehabilitation counselors vs their clients, 6491
vocational appraisal as integral component of supported employment, 41035
vocational computer training, severely amnesic encephalitic 32 yr old female, case report, 30784
vocational development & guidance, disabled workers, 23708
vocational evaluation, attitude toward work, adults with mental &/or physical disabilities, 37863
vocational evaluation guidance group sessions, self direction, clients, 16905
vocational evaluation of work potential, head injured adults, 13179
vocational evaluation program length, expressed satisfaction with services, 17–59 yr old vocational rehabilitation clients, 27266
vocational experience, knowledge & vocational preference, developmentally disabled adults, 16930
vocational integration, mentally retarded, Denmark vs Great Britain vs Italy vs Switzerland vs West Germany, 27270
vocational readiness program & occupational therapy intervention, mental health clients, 2888
vocational rehabilitation & family orientation to school to employment transition, visually handicapped students in residential rehabilitation center & their parents, 2877
vocational rehabilitation, mid 1970s to present, Great Britain, 37852
vocational rehabilitation, psychosocial & work adjustment, chronically mentally ill, 13171
WAIS-R factor structure, injured 19–58 yr olds seeking vocational rehabilitation, 28046
Wide Range Intelligence & Personality Test vs WAIS-R scores, vocational outcome prediction in McCarron-Dial System, disabled 16–61 yr old rehabilitation clients, 16910
work adjustment services in rehabilitation, disabled clients, 16931
work adjustment training & supported & community integrated employment & training strategies, disabled clients, 16936
work hardening & work capacity evaluation, injured workers, 16926
work therapy & psychotherapy treatment integration, borderline female patient, 2883

Vocational School Students
characteristics & needs, vocationally talented high school students, 34677
sex & vocational major, horizontality representation, vocational high school students, 10050
vocational counseling approaches, vocational education students, 20713

Vocations [See Occupations]

Voice [See Also Crying, Infant Vocalization]
abnormal voice quality, adult's perceptions, 3–13 yr olds with Down's syndrome, 29814
brain damage & functional distinctions in voice recognition & discrimination impairment, 52–82 yr olds with phonagnosia, 12522
clinical utility of vocal indicators, patients with affective disorders, 29636
contrastive stress, stuttering & fundamental voice frequency, adults, 19472
delay between hearing easy vs hard to remember unfamiliar voices & identification time, accuracy of heard vs not heard previously responses, 19–31 yr olds, 28308
emotionally charged human voice, heart rhythm, chimpanzees, 32024

life events & Type A & Type B personality variables, state & trait anxiety & voice stress & depression, college students, 32881
Lombard effect, speech articulation & intensity, esophageal talkers vs artificial larynx users, 8972
perception & production of voice onset time, 43 yr old with profound sensorineural hearing loss, 29885
preclosure vs postclosure voice quality, discrimination of lenis vs fortis stops, native German listeners, West Germany, 280
rate of change of voice fundamental frequency in fluent speech, adults with major depression, 12031
ratio of voiced to total phonation in synthesized infant cry sounds, perception of infant condition & emotional responses, female college students, 11784
relevance of voice identification research to legal criteria for evaluating reliability of earwitness identification, 39808
sex of caller & tone of voice & time of day, length of time annoying phone call is listened to, community residents, 7950
speech parameters & affective state, 28–46 yr olds with severe depression, conference presentation, 33188
speed & numbers read aloud in mother's vs father's vs stranger's voice, voice discrimination measured by heart rate, 0–5 day olds, 21974
utility of Psychological Stress Evaluator, assessment of traces of terrorist voices before death threats vs at other time, 3531
verbal & vocal cues of counselor self confidence, client perceptions & satisfaction, college students, 13072
voice & body & representation & gender & power in films "Diva" & "Thriller", 29019
voice acoustical parameters & interpersonal contact style & personal space, college students, 39913
voice therapy & psychotherapy, female patients with psychogenic habit cough, 6–12 mo followup, 9251
Voice Disorders [See Dysphonia]
Volition
beliefs in free will vs determinism, retributive vs utilitarian goals of punishment of premeditated murder vs robbery vs arson vs manslaughter, college students, 1847
causal laws vs scientific explanation of human actions, application to free will, 10521

development of data correction procedures for removal of voluntary responding from eyelid classical conditioning, 1951–80, 10697
hypnotic suggestions & susceptibility, subjective feelings of nonvolition, college students, 24909
role of patient's will, psychoanalysis & psychoanalytic theory, 37300
role of volition in action & nature of free will & responsibility, implications for philosophy of mind, 38725
Volunteer Civilian Personnel
Discovery Program, volunteers working with juvenile delinquents & inmates, 27271
Volunteer Military Personnel
motivation & perception as social bandit, mercenaries, 26279
prediction of organizational commitment, volunteer Army technical professional personnel, Israel, 31481
Volunteer Personnel [See Also Volunteer Civilian Personnel, Volunteer Military Personnel]
altruistic & social & material reasons for initiating & quitting volunteer work, elderly males vs females, implications for social work, 32579
community support service run by volunteer current or previous mental health clients, persons with serious mental health problems, 13045
cooperation in telephone survey about local youth service evaluation, respondents interviewed by professionals vs volunteer adults vs 14–17 yr olds, 7025
experience as volunteers in child care vs community service, social & personal responsibility, male vs female 11–17 yr olds, 15170
importance in foster care independent living programs, volunteers, 23583
individual counseling relationship with volunteer, social & emotional & educational functioning & recidivism, male 16–22 yr old high risk offenders on probation, 2975
job stress & burnout, volunteer advocates from women's shelters for battered females of domestic violence, 13385
orientation to community mental health center governance, volunteer board chairpersons vs executives, 9723
personal characteristics & other factors, provision of services to other elderly, elderly volunteers, 34231
personal values, attitudes toward & interest in volunteer work with mentally retarded, college students, 5559
recruitment & training & qualifications for geriatric health outreach, volunteer workers in Black inner city community, 13043
recruitment & use & retention of volunteers in special education classrooms, elderly, 34719
religious orientation, altruistic behavior, college students participating in vs not participating in service volunteer work, 34673
skills needed & responsibilities, supervisors of volunteer ombudsmen in long term care & health facilities, 13016
staff as volunteer visitor & friend, nursing home residents, 9798
stress & anxiety in helping experiences, 23–60 yr old homosexual males serving as "buddies" to AIDS or AIDS Related Complex patients, 19655
training course for health education program, volunteers working in US-Mexico border community, 34535
voluntary compliance in donation of time or money to public & nonprofit human service agencies, compliers vs noncompliers, implications for agency effectiveness, 27122
volunteer program for early intervention, kindergartners with special needs, 34827
volunteer social support for family & infant stimulation, college student volunteers & parents with severely multiply handicapped infant with genetic defects, 2718
volunteering for follow up, expressed commitment toward organization, police, Israel, 27946
work characteristics & training & development needs in voluntary drug rehabilitation agencies, 25–40 yr old staff members, England, 34383
Volunteers (Experiment) [See Experiment Volunteers]
Vomeronasal Sense
removal of vomeronasal chemoreceptive organ, incidence of infanticide of conspecifics, virgin male rats, 4292
vomeronasal organ removal & exposure to females, urine marking, male mice, 35753
Vomiting
amoxapine, psychogenic vomiting & major depression, 26 & 27 yr old females, case reports, 12861
behavior modification, chronic life threatening vomiting, mentally retarded 24 yr old male, case report, 12794
behavioral & medical & psychiatric treatment approaches to vomiting & rumination, developmentally disabled, literature review, 26743
brief strategic intervention, 3rd grade female with symptomatic vomiting, case report, application to school counseling, 31237
contrary evidence to anxiety reduction model of purgation, female 18–23 yr olds who ceased vomiting while continuing bulimic episodes, 9204
discontinuation of tricyclic antidepressant or neuroleptic or antiparkinsonian medication, withdrawal symptoms & hematemesis, 66 & 76 & 79 yr olds, case reports, 23418
eating habits & spousal & physician communication & life events & stress, vomiting & nausea, pregnant females in 1st trimester, Greece, 33549
exposure & response prevention of bingeing vs vomiting, binge-vomit frequencies, bulimic female 17–44 yr olds, 33980
food satiation & fading, habitual rumination, 17.5 yr old profoundly mentally retarded male, case report, 37464
long term hysterical vomiting & response to psychotherapy, 10.5 yr old male, Hong Kong, case report, 19660

pancreatic abnormalities, adult females with anorexia nervosa with vs without bulimia & vomiting vs bulimia & normal body weight, 26547
plasma beta endorphin levels, bulimic college students & employees who do vs do not vomit, 5640
plasma tryptophan ratio during bingeing & vomiting, bulimic females, 5684
premeal chewing, ruminative behavior, institutionalized mentally retarded females, 8948
prevalence & etiology & treatment of anticipatory nausea & vomiting, cancer patients undergoing chemotherapy, literature review, 9549
psychogenic vomiting, 20–27 yr old Asian female immigrants, UK, case reports, 19495
psychogenic vs self stimulating rumination disorder, females vs males with & without mental retardation, meta analysis, implications for differential diagnosis, 12014
psychological factors, etiology of nausea & vomiting, pregnant females, literature review, 33586
relaxation & cognitive restructuring & behavioral techniques, psychogenic vomiting, 33 yr old female, case report, 1 & 3 yr followups, 16291
reliability & concurrent validity of Morrow Assessment of Nausea and Emesis with continuous self monitoring, chemotherapy outpatients, 16546
response prevention techniques including exposure & rehearsal & relaxation & psychotherapy, 20–28 yr old females with hysterical vomiting, India, 8–12 wk followup, 37429
self monitoring, chronic psychogenic vomiting, 25 yr old male psychiatric inpatient, case report, 6072

Voting Behavior

act of voting for president, optimism concerning outcome of race, voters entering vs departing polling place, implications for cognitive dissonance theory, 15356
applicability of I. Ajzen & M. Fishbein's mathematical attitude model to prediction of voting in Autonomous Basque Parliament Elections, adults, 1986, Spain, 7222
application of A. Downs's & S. Kelley's rational choice theories to presidential election, voters, 1984, 22227
approval voting with vs without disapproval option, psychological satisfaction & role of decisiveness, 25776
attitudes toward important government policies, presidential candidate preferences & voting behavior, survey respondents, 1968 & 1980 & 1984, 1272
authoritarianism scores, presidential candidate preference, college students, 1988, 39819
campaign canvass & social setting, decision to vote on election day, adults, 22235
candidate preference & social group membership, estimation of voting behavior of different social groups, adults, implications for false consensus theory, 1263
characteristics & other factors, voting in school bond referenda, 65 yr olds & older, 1969 to present, 39698
chronic accessibility of political constructs including candidates & issues & groups & parties, political information processing & model of voting behavior, voters, 36311
communication ratings of R. Reagan & W. Mondale, candidate preferences, college & graduate students, 4883
compatibility of plurality & approval voting procedures, decision making in sincere vs sophisticated voting, 11644
denial of vs apology for misconduct, perception of incumbent political candidate accused of sexual & financial misconduct, college students, 11665
group affiliation & values, voting behavior, 1253
human information processing & evaluation of alternative unemployment measures, voters, 36308
increased opportunities & prompts, voter registration, low income adults, 25775
individual differences & ideological awareness & political evocation, political decision making, college students & voters, 11655
issue vs image attack & negative vs positive issue response strategies in negative TV political advertising, college students, 24472
knowledge & attractiveness of political candidates' names &/vs platforms, voter preferences, college students, 15352
nonverbal aspects of candidate presentation, image making & voters' preferences, college students & shoppers, 11663
party affiliation & nationality & social attitudes & demographic factors, voting intentions, members of European parliament, 4899
political demeanor & appearance of candidate in photograph, voting in mock elections, college students & working class adults, 1289
political party & region & ideology, voting behavior on health legislation concerning biology & environment & lifestyle & health care, senators, implication for health promotion, 1294
positive & negative explanations for voting behavior of self vs members of own vs rival party, Labour or Conservative Party voters, Great Britain, 22224
pre-election attitudes & voting intentions, voting behavior in 1984 presidential election, college students, 25762
race of interviewer, political attitudes & self reported & actual voting, Blacks, National Election Studies from 1964 to 1984, 4865
religious beliefs & religiosity as conservative influence, voting behavior, male vs female voters, 1980–84 elections, 36319
sample surveys, academic study of political elections & voting behavior, 4871
socialization through operant conditioning, political behavior & attitudes, registered voters, 1249
telephone study of voting intentions in general election, 1987, UK, 4882
televised 1984 presidential debates, effect on voter opinion, college students, 39827
theory of prior behavior as predictor of voter behavior & candidate choice, 4889
TV viewing vs newspaper reading, importance of candidate personal qualities vs ideology & campaign issues & party affiliation in presidential elections, voters, 1952–80, 15345

Vowels

acoustic structure of fricative vowel syllables, contrasting of initial consonants & role of vocalic context, 3–7 yr olds vs 20–21 yr olds, 25399
age & noise vs quiet vs reverberation, vowel identification, 22–80 yr olds with normal hearing vs mild vs moderate hearing loss, 16182
age, laryngeal airway resistance during vowel production, 25–75 yr old White males, 32073
cephalametric & cineradiography analysis of oral & pharyngeal resonance relationships during vowels in isolation vs context, 18.6–26.2 yr old females with vs without hearing impairment, 33449
configurations of nonreverberant vowels in 3 dimensional vowel space, similarity judgments, college students, 10765
detection of deliberate misarticulations of stressed front vowels embedded in 2 syllable words, female college students, 31824
differences in 1st formant frequency information of structure of preceding vowels, voiced final consonant judgments, college students, 14350
direct magnitude estimation & equal appearing interval ratings of perceived isolated vowel roughness, graduate students listening to 23–33 yr old female speakers, 24798
distribution of context free vs dependent vowel errors, severely dyslexic 10.6–17.3 yr old males grouped according to IQ pattern, implications for reading strategies, 29793
fixed vs free jaw, vowel formant levels & pattern variability, 5.9–8.1 yr olds with moderate articulatory disorders vs adults, 29829
frequency resolution measures, prediction of vowel recognition, 21–55 yr olds with sensorineural hearing loss, 26663
item discriminability & short term memory mechanism, recency effect with vowels vs consonant lists, college students, 38867
labial & lingual anticipatory coarticulation in CV & CCV speech & intelligibility, male aphasic 47–77 yr olds, 22961

mandible fixation using bite block, formant frequencies of vowels /i/ & /a/ & /u/, 4–8.5 yr olds, 21926
orthogonal variations in temporal & spectral information, identification & category rating of French vowel sounds, native French vs American English college students who had vs had not studied French, 17818
perception of /m/-/n/ distinction in VC syllables, English speaking adults, 14346
perception of harshness of vowels, speech pathology students, 7385
perceptual features & auditory representations of monophthongal & diphthongal vowels, 3780
quantitative theoretical approach to vowel perception based on auditory perceptual theory of phonetic recognition, 38808
selection of colors imagined to correspond to written vowels & letters, native Russian speaking college students, USSR, 10818
selective listening for 1 vs 2 vowel targets or tone in laterally presented auditory vowel sequence, attention related EPs, 21–37 yr olds, 35320
simple target vs dynamic specification vs elaborated target theories of vowel perception, 38814
simultaneity of masking patterns, inference of auditory representations of vowels, 3788
sources of acoustic information, identification of coarticulated vowels spoken in sentence context, college students & adult males, 38815
static & dynamic & intrinsic & extrinsic relational properties in English vowel perception, 38810
synthesized concurrent vowels with same fundamental frequencies & amplitude envelopes, modeling of observed & predicted perception, adults, 24775
visual vs acoustical precursors, identification of concurrent vowels, adults, 38816
vowel discrimination, male baboons, 10906
vowel length differences before voiced vs voiceless consonants & closure duration cues for voicing distinctions, adults, 17820
vowel vs consonant continua, context memory & sensory resolution & speech discrimination & identification, college students, 17821
2 formant CV stimuli under open vs closed response conditions & starting frequencies, stop consonant perception, adults, 17824

Voyeurism
aversion therapy with electric shock & covert sensitization, adolescent male with voyeurism, case report, 2428
response facilitation, test of theory of compulsive sexuality as function of interrupted or frustrated approach behavior, males with exhibitionism or peeping behavior, 26904
treatment & client characteristics, exhibitionistic or voyeuristic clients, 30150

Wages [See Salaries]

Wakefulness
apomorphine vs bromocriptine vs pergolide vs haloperidol, sleep & wakefulness, male rats, 14904
auditory arousal thresholds during sleep, male hyperkinetic 8–12 yr olds receiving vs free from pemoline or methylphenidate, 29881
calm wakefulness vs pseudoconditioning, discharge delay in neuron pairs working in correlation in visual & sensorimotor neocortex regions, rabbits, 21540
daytime alertness, adults with chronic insomnia vs asymptomatic sleepers, 23056
development of standardized mental activation test, stimulation of EEG activity & differentiation of waking vs drowsiness & assessment of behavioral responses, 4071
duration of prior wakefulness vs biological mechanisms, EEG power density during naps, female college students, 11017
nonnutritive sucking by pacifier, restlessness & alertness, preterm hospitalized infants, 27198
normal sleep vs sleep deprivation, interhemispheric correlation of EEG activity in wakefulness, 22–32 yr olds, 35666
paradoxical sleep & wakefulness & pharmacological agents, neocortical rhythmic slow activity, rats, 7843
psychosocial variables of nighttime waking, children, literature review, 37171
quiet wakefulness vs verbal vs numerical tasks, spatial distribution & factor structure of regional EEG parameters, adults, 18114
reduced prior wakefulness & resulting deficiency in Process S sleep, REM latency & slow wave sleep, 18–25 yr olds, implications for endogenous depression sleep abnormality, 10864
sensitivity of maintenance of wakefulness test vs repeated test of sustained wakefulness vs multiple sleep latency test & nap & time of night, assessment of physiological sleep & alertness, adults, 35194
sleep deprivation & continuous wakefulness, EPs & performance on tracking task, 18–25 yr old college students, 35703
sleeping & waking states, infants observed between 2 & 5 wks old, 969
urinary epinephrine & waking time during daytime & nighttime bed rest, adult males, implications for detection & sleep disturbance, 11098

Wales
age period-cohort analysis, suicide mortality, 15–79 yr olds, 1946–85, England & Wales, 33353
closure of asylums & alternative community mental health care, England & Wales, 13154
communitas as shared emotional experience of social unity & identity, Wales, 11599
community survey of alcohol consumption, adults, Wales, 15404
death certificate data, examination of geographic variation & time trends of dementia, 1968–78, England & Wales, 16164
epidemiology of Creutzfeldt-Jacob disease, England & Wales, 22944
industrial disaster, socioeconomic factors & tolerance for high risk industry, coal town community, South Wales, 39804
local employment opportunity structure, coping response & self description & work experience, 15 yr olds leaving school, Wales, 3 yr study, 29136
social network structure & mobilization of instrumental & expressive support over time, unemployed males, England & Wales, 11740

Walk In Clinics
consistency & stability of initial diagnosis in walk in clinic, psychiatric patients, 2690
establishment of ease of access walk in service, referrals to ambulatory psychiatric service, general practitioners, 20108
frequency & clinician detection of patient requests during initial screening, walk in patients & staff at psychiatric clinic, 37694

Walking
aerobic walking, balance & perception of balance, elderly, 37248
age vs sex related gait qualities of 5–70 yr olds, perception of happiness & powerfulness, college students, 5007
city size & other factors, walking speed measuring pace of life, adult pedestrians, Australia & England, 22117
computer generated visual masks on stimuli simulating human gait, identification of walker's direction, college students, 17757
diagnostic & epidemiological data, mentally ill persons admitted to psychiatric hospital after wandering aimlessly at Heathrow Airport, England, 2859
distance to target & elapsed time, walking accuracy without visual feedback measuring spatial short term memory decay, 19–33 yr olds, replication, 28224
hysterical pseudoneurological impairments with gait disorders, 19–80 yr olds, 37076
interlimb coordination during 1st 6 mo of walking, infants, 11348
locomotor strategies preceding acquisition of independent walking, psychomotor & neurological & language development, infant survivors of neonatal intensive care followed through age 5, Italy, 29024

mental deterioration & walking ability, schizophrenic 51–84 yr olds with hip fractures, 6 mo & 1 yr followups, conference presentation, 26206
mental rehearsal, walking balance & reactions & foot placements, 67–90 yr old females, 40729
peripheral vision & walking speed cues, gait regulation & visual motor coordination, male adults, 21196
prenatal ethanol exposure, walking gait, 55 day old rats, animal model of ataxia & motoric dysfunction in fetal alcohol syndrome, 28866
progression velocity & body mass & gravity, achievement of steady gait, 15–18 mo olds walking independently, 36021
static vs dynamic visual & light cues, equilibrium & foot guidance in visually guided locomotion, 15–45 yr olds, 36011
technique for recording temporal & spatial aspects of gait, rats, 17936
visual stimulation, perception of voluntary leg movements during walking, adults, 14241
walking speed & delay & practice with vs without feedback, distance estimation & variability in movement direction, college students, 7288
War [See Also Nuclear War]
acute vs chronic psychological reactions to combat, military personnel, 13954
age & sex & place of residence & exposure to political hardship, fear & coping behavior, 8–14 yr old Palestinians before vs after 1982 war, Lebanon & Israel, 29164
American revolution, oedipal resolution with men's relinquishment of emotional dependence on mother love vs ideological belief in self government & conceptions of man & God, 1286
battle fatigue vs hysteria, soldiers evacuated from combat situations, implications for treatment, 29499
behavior modeling & rehearsal vs standard training, knowledge & confidence & expectations of survival in contaminated warfare environment, male Navy recruits, 20927
chemical & biological warfare, cognitive ability & performance & combat stress, Air Force personnel, 17462
cognitive complexity, speeches arguing for peace & war, Prime Ministers, Israel, 15348
cognitive complexity, speeches arguing for peace vs war, Prime Ministers, Israel, commentary reply, 15347
cognitive complexity, speeches arguing for peace vs war, Prime Ministers, Israel, data reanalysis & commentary, 15371
cognitive conflict, choice of photographic representations of war vs peace, 8.8–10.9 yr olds, West Germany vs US, 36122
cognitive simulation mathematical model of antisubmarine warfare commander, data fusion in estimation of enemy submarine tracks & interaction, experienced Navy personnel, 27981
combat & life events & social integration, soldiers with PTSD, Israel, 1–2 yr followup, 29650
combat, development of stress reaction & PTSD, male veterans, Israel, 3 yr study, 38505
combat experience in WWII & alcohol abuse, veterans, implications for PTSD, 40300
combat level vs social support, PTSD symptoms, Vietnam veterans, 1548
combat related PTSD, familial changes & reintegration processes, veterans, 19230
combat stress reaction & PTSD, self efficacy to function in battle, soldiers, Israel, 15789
combat stress reactions & PTSD, somatic complaints, soldiers in Lebanon war, 1982, Israel, 1 vs 2 vs 3 yr followup, 15787
coping strategies, postcombat impairments in interpersonal functioning, soldiers, Israel, longitudinal study, 40504
epidemiology & types of psychiatric casualties, Marines 17 yrs old & older serving in Vietnam, 1965–72, 19184
factor structure of Combat Scale Revised & Vietnam Experience Scale, assessment of war zone stress factors, male Vietnam veterans, 35125
historical basis & ethical constructs for battlefield euthanasia decision making, military physicians, conference presentation, 3056
hypothetical vs actual moral reasoning, refusal to fight in war, 23–46 yr old male reserve soldiers, Israel, 38502
interviews on role of schools in pursuit of peace preparedness, professionals in field of peace education, several countries, implications for constructive coping in children, 31030
Israel-Lebanon War, depressive mood reactions, Jewish adults, Israel, 32864
life events preceding combat, combat stress reaction & PTSD, soldiers, Israel, 5332
limitations of prior scoring system & utility of Rorschach Comprehensive System & computerized interpretation in reanalysis, assessment of personality disorder types, Nazi war criminals, 22775
long term PTSD & psychiatric symptoms & social functioning disturbances, 1982 Lebanon war veterans, Israel, 12019
massed vs sporadic stress, psychiatric vs other types of combat stress reactions & time out of combat, soldiers in WWII combat companies, 3463
mastery of environment & intimacy, effect of war related stressors on emotional & behavioral adjustment, male vs female college students, 11817
media publicized stories on suicide during period of war vs peace, suicide, 1910–20, 26307
military adjustment & traumatic violence, development of PTSD, Vietnam veterans, 33047
military combat, PTSD & criminal behavior, Vietnam veterans, judicial sentencing implications, 1534
moral development & reasoning & refusal to serve, 23–46 yr old reserve soldiers in Lebanon war, Israel, 3461
multidimensional scaling analysis of simulated air combat maneuvering performance data, expert vs novice Air Force pilots, 24447
number of participants in daily group transcendental meditation, quality of life & war intensity, meditators, 1983, Israel & Lebanon, 18738
perceptions of conventional war & US military involvement in Latin America, college students, 8204
political violence & war, psychosocial trauma & mental health, citizens, El Salvador, 40034
presence of 3rd party, ego involvement in televised news coverage of Middle East conflict, pro-Palestinian vs pro-Israeli vs nonpartisan college students, 35941
problems of epidemiologic research in endemic war, Lebanon, implications for health professionals & public health, 32591
psychohistory of J. Stalin before A. Hitler's invasion of USSR, 15541
psychosocial consequences of war & considerations in planning therapeutic interventions, children, Nicaragua & Guatemala & El Salvador, 29467
PTSD & psychiatric symptomatology, front line soldiers in Lebanon war, 1982, Israel, 15788
PTSD prevalence, military veterans with vs without combat stress reaction following Lebanon War cease fire, Israel, 3 yr study, 40261
risk factors for prediction of depression, 20–53 yr old mothers, Lebanon, implications for war effects, 40073
simulated chemical defense warfare training & demographic characteristics, biopsychological responses & termination, Army Reserve personnel, 41518
sociomoral factors, motivation to fight against terrorists, Israeli soldiers, Lebanon, 22727
specific aspects of war experience, prediction of PTSD & other diagnoses, male Vietnam veterans, 36593
stream of thought vs lifespace vs selective inattention, causes of war, 11571
theme of Oedipal crisis in young male & war in films "Hope and Glory" & "Empire of the Sun" & "Radio Days", 29018
training for intervention near front line during combat, teams of psychiatrists treating soldiers with combat reactions, Israel, 34530

validity of combat stress measures, investigation of effects of battle, male Vietnam veteran patients & hospital staff, 35203
war & life experiences & response styles & mother's depression & children's health, mothers & their 5–7 yr olds, Lebanon, 33020
wartime mortality & social bonding, military veterans, 40 yr study, 13948
Water Deprivation
behavioral preservation in spatial head orientations for water seeking, water deprived male rats with unilateral vs bilateral anteromedial cortex lesions, 4301
bilateral hypothalamus lesions induced by ibotenic acid, gustatory preference aversion thresholds for saccharin vs quinine solutions, water deprived male rats, 794
contingent vs noncontingent food & sucrose solution availability, instrumental performance, male rats, 35446
food &/vs water deprivation, radial maze performance, male rats, 742
lateral neglect in head movement water seeking task, water deprived male rats with unilateral vs bilateral superior colliculus lesions, 4302
naloxone, water intake, water deprived male rats, 4219
neurotensin into lateral cerebral ventricle, water intake, water deprived male rats, 39316
sodium valproate, fluid consumption previously suppressed by shock vs neophobia vs satiation vs amphetamine, male rats, 14937
stress induced reduction of maternal food & water intake during pregnancy, neurobehavioral defects, mouse pups, 28745
water deprivation & clonazepam, taste palatability & preferred saccharin solution ingestion, rats, 14752
water deprivation, EEG assessed hippocampal responsiveness & behavior during acquisition of nictitating membrane conditioning, rabbits, 21628
water deprivation, plasma vasopressin & osmolality, pony mares, 35706
water deprivation, urine marking & aggression in dyads & endurance, male mice, 752
Water Intake
acute vs chronic imipramine, conditioned suppression of drinking, female rats, animal model for panic disorder, 11220
apomorphine dosage, potentiation of naltrexone induced hypodipsia & locomotor activity mediated by presynaptic dopamine autoreceptors, male rats, 11313
calcium channel blocker nimodipine with vs without amphetamine, drinking during water reinforced runway task, male rats, 14909
centrally &/or peripherally acting dopaminergic agonists or antagonists, isoproterenol induced drinking, rats, conference presentation, 25220
chronic desmethylimipramine or clorgyline, food & water intake, male rats, implications for chronic stress, 18322
chronic icv cholecystokinin octapeptide, food & water intake, rats, 11299
chronic icv morphine, body weight & food & water intake & blood glucose, male rats, 14840
compulsive water drinking, altered state of consciousness & eventual coma, 16 yr old female, Hong Kong, case report, 36772
d-amphetamine vs neophobia vs mild shock, chlordiazepoxide induced water drinking, water deprived male rats, 28971
d-fenfluramine, saccharin intake & preference & food & water intake, rats, 28851
dynorphin A (1–13) dosage to preoptic area with vs without naloxone, water & food intake, male rats, 39393
eledoisin vs physalaemin vs substance P in forebrain & midbrain structures, antidipsogenic effect on angiotensin induced drinking, male rats, 4423
excitatory amino acid antagonists into median raphe nucleus, food & water intake, male rats, 18472
exposure to microwave peak power simulator vs Gypsy virtual cathode oscillator, avoidance & water drinking & rotarod performance, male rats, 4228
fluid restriction at mealtimes & food intake, adult males, 7757
fluoxetine, intragastric ethanol self administration & water intake, alcohol preferring rats, implications for 5-HT systems, 18403
food deprivation, drinking patterns under 1 vs 4 min FI food reinforcement, male rats, 28712
food vs water reinforcer, form of keypecks vs ingestive responses, pigeons, 14539
FR with operant contingency vs fixed time noncontingent schedule of intermittent access to water, anticipatory water intake prior to water disruption, female rats, 3923
GABA vs taurine vs muscimol, antagonization of intracranial renin vs angiotensin II induced water vs salt intake & BP, male rats, 4307
genetic obesity, circadian patterns of feeding & drinking, male mice, 14652
graded iv injection of water vs saline, drinking, water deprived chickens, 14774
histamine, drinking, adult vs weanling rats, 32284
icv beta endorphin, feeding & water intake & thermoregulatory responses, Rock-Cornish vs white leghorn chickens, 18388
icv infusions of chloride vs bicarbonate solutions, water intake, euhydrated rats, 821
increasing ethanol concentration, food & water intake & body weight & wheel running, male rats, 28801
inhibitors of angiotensin I converting enzyme, water intake & sodium appetite, rats, 28960
interpellet delay, meal patterns & food & water intake, female rats, 11117
intraventricular angiotensin II, copulatory behavior & water intake, male rats, 32175
isovolemic vs volumetric intestinal distension, water intake & discomfort assessed by conditioned taste aversion, male rats, 32094
iv hypertonic NaCl solutions of varying concentrations, water intake when given immediate vs delayed water access & plasma osmolality & sodium concentration, hens, 4267
kainic acid selective damage of neurons in medial septum of forebrain, body weight & food & water intake & urine output, male rats, 21694
medial preoptic area vs anteroventral 3rd ventricle lesions, ad lib vs NaCl vs polyethylene glycol vs isoproterenol vs hypertonic saline vs angiotensin vs water deprivation induced water intake, rats, 4291
muscimol injections in median raphe nucleus, feeding & drinking & gnawing behavior, nondeprived rats, 35839
muscimol microinjections into median vs dorsal raphe nuclei vs ventral tegmental area, food & water intake, male rats, 873
naloxone, water intake, water deprived male rats, 4219
neurokinin A, inhibition of water intake, male rats, 14920
neuropeptide Y, feeding & drinking, rabbits, 28951
neurotensin into lateral cerebral ventricle, water intake, water deprived male rats, 39316
number of compound conditioning trials after pretraining, drinking conditioning to blocked noise & light CS, male rats, 7524
opiate antagonist MR2266, water & saline intake, male mice, 18463
osmoregulation of water intake & antidiuretic function, psychiatric patients with polydipsia & hyponatremia, 5210
oubain vs ethnacrynic acid vs diphenylhydantoin, cerebral cellular sodium transport & dehydrational water drinking, rats, 35908
propranolol & metipranolol & isoprenaline & salbutamol, water intake in conditions of hunger &/vs new environment, male rats, 922
pyrazole, ethanol & water & food intake, genetically low vs high ethanol consumer rats, 25204
quinine in tonic water, false positive urine drug screen, drug-free & medication-free male 25–45 yr olds, 36897

reinforcement schedule of food with vs without cocaine or diazepam, adjunctive drinking, rhesus monkeys, 4371
sc vs icv prolactin vs growth hormone, food & water intake & body weight, ring doves, 32167
SCH 23390 vs sulpiride with vs without apomorphine, naltrexone induced hypodipsia, water deprived male rats, 39410
self induced water intoxication & alcohol abuse, schizophrenic males, 19203
small doses of morphine, water intake, male rats, 18279
sodium chloride vs polyethylene glycol vs isoproterenol vs 5-HT vs angiotensins II vs III, water intake, water deprived hamsters, 18421
stimuli of renin angiotensin aldosterone system, water intake & sodium appetite, mice, 28959
vasopressin antagonists, water intake & osmotic thirst, dogs, 917
water & ethanol & food intake in continuous access conditions, male rats, 25301
water & saline intake with vs without food deprivation, Fischer 344 vs Sprague Dawley rats, conference prsentation, 25024
water temperature & flavoring, fluid consumption & body weight losses during treadmill exercise in hot environment, male 21–33 yr olds, 35664
water to food ratio & isoproterenol or polyethylene glycol, water intake & homeostasis, Fischer vs Sprague Dawley rats, 7776
zimeldine vs cyproheptadine, food & water consumption, pigeons, 39312
6-OHDA lesions of nucleus accumbens, iv morphine self administration & food & water intake, male rats, 18262
6-OHDA to ventral lamina terminalis, angiotensin-II vs carbachol induced drinking & brain catecholamine & norepinephrine, male rats, 28836
Water Transportation [See Submarines]
Weaning
early weaning with group housing in sibling groups vs social isolation, maternal behavior, rats, 31953
environmental weaning change, circadian behavior adaptation, 7 mo old Freisan vs Saler vs Aubrac calves, 31908
factors in decision to introduce solid food into infant's diet, 19–34 yr old breast feeding urban mothers, England, 32641
milk availability vs nursing behavior, milk intake, weanling rats, 7627
seasons & maternal age, weaning process, pigs in semi-natural environment, 39032
variability in weaning behaviors, Japanese macaque mothers & their infants, 3988
Weapons
chemical & biological warfare, cognitive ability & performance & combat stress, Air Force personnel, 17462
household & neighborhood characteristics, defensive weapon ownership, adults, 1171
increase of handgun availability, suicide rate, prevention implications, 33249
perceived deficit in national security & social differentiation, economic allocation for more security simulating nuclear arms race, college students, 25876
percentage & type of guns used in suicide & handgun control laws, males vs females, 1980, 26262
perceptions of & knowledge about nuclear war & weapons, 14–18 yr olds, 22061
subcultural vs protective motivations, possession & use of guns, adults, 4786
Weather [See Atmospheric Conditions]
Wechsler Adult Intelligence Scale
administration of WAIS-R, self rating of verbal & nonverbal & general intelligence, adults, 1471
analytic vs global strategies on WAIS-R, field dependent vs independent college students, 5021
average reliability & stability & validity, MMPI & WAIS & Rorschach test, meta analysis, 14153
canonical correlation between Verbal & Performance subtests of WAIS-R, adults, 7147
clinical utility of Hindi version of WAIS-R, differential diagnosis, patients with schizophrenia vs organic brain syndrome, India, 32977
comparison of different WAIS—R short form conversion tables, IQ prediction, 18–68 yr old heterogeneous psychiatric inpatients, 35118
congruent validity of Allen Cognitive Levels test & WAIS, 17–79 yr old psychiatric inpatients, 38643
construct validity of Luria-Nebraska Neuropsychological Battery Form I with WAIS-R subtests, intelligence assessment, adults with neuropsychiatric disorders, 31642
convergent & divergent validity of Wechsler Memory Scale vs Information subtest of WAIS-R vs Boston Naming Test, college students, clinical applications, 3629
correlations of Wide Range Achievement Test-Revised & WAIS-R IQs & scaled scores, adults, 7218
difficulty of British WAIS-R Vocabulary scale items, 16–76 yr olds, Great Britain, implications for testing method, 7181
dimensional structure & goodness of fit of factor models of WAIS-R, Anglo vs Mexican Americans, 17671
error rate on Memory for Designs Test, verbal performance achievement levels on WAIS-R, patients with seizure disorder or unipolar or bipolar epilepsy, 9135
errors in WAIS-R & WISC-R scoring, examiners, 17551
factor analysis & factor structure models of WAIS-R, 16–74 yr olds, 7166
factor analysis of individual item responses from subtests of WAIS-R, psychiatric patients, 28153
factor structure of Halstead Reitan Neuropsychological Test Battery including WAIS vs WAIS-R, neuropsychiatric patients, 84
factor structure of WAIS-R, adults with borderline mental retardation, 10556
factor structure of Wechsler Memory Scale vs WAIS-R, low IQ neurological or psychiatric patients, 124
FACTOREP, factor structure of WAIS-R, 14223
incidence of WAIS subtest profile for dementia, males with bipolar affective disorder or schizophrenia, 33168
intellectual performance assessed by WAIS item responses, 18–61 yr olds, intergenerational longitudinal study, 25518
inter-subtest scatter in WAIS-R standardization sample, 16–74 yr olds, 14139
IQ conversion tables derived by B. H. Brooker & J. J. Cyr vs A. B. Silverstein's tables for Vocabulary Block Design subtests of WAIS-R, male psychiatric & neurologic inpatients, 14170
left vs right brain damage, performance on P. Satz & S. Mogel's short form of WAIS-R, 17–79 yr olds, 16165
level of difficulty of American culturally specific content from WAIS-R Information subtest, 17–64 yr olds, Canada, 38652
performance on WAIS & Wide Range Achievement Test, Mexican American 16–22 yr old male high school students with learning disabilities, 17655
PPVT-R vs WAIS-R vs Stanford Binet Intelligence Scale scores, prediction of American College Testing Program scores, college students, counseling implications, 27761
relationship between score disparity in WISC-R vs WAIS-R & IQ level, residential institution students with 45–81 IQ, 1942
reliability & validity of WAIS subtests, meta analysis, 93
reliability of factor structure of WAIS-R, head injured adult males vs previously tested disordered adults, 21058
reliability of WAIS-R subscale difference scores, 16–85 yr old psychiatric patients, 35174
replacement items for biased US items, WAIS-R information subtest, 16–70 yr old psychiatric patients vs forensic clients vs college students, Canada, 10563
sensitivity of WAIS vs modified Halstead Reitan Neuropsychological Test Battery, diagnostic & classification accuracy for brain dysfunction severity, mildly vs moderately impaired epilepsy patients, 108
single & competing test & WAIS-R scores, assessment of intelligence & retrieval, college students, 3829

structure & membership of core ability profiles of WAIS-R standardization sample, 16–74 yr olds, 35160
T score system, age & education & sex differences in WAIS vs WAIS-R, adults, implications for clinical use, 38677
test retest reliability of Stanford Binet Intelligence Scale & WISC & WISC-R & WAIS & WAIS-R, meta analysis, 28133
time pressure, performance on Eysenck Personality Questionnaire extraversion scale & WAIS subtests, 15–27 yr olds, 36492
utility of WAIS-R & MMPI profiles to differentiate sex offense subgroup, males who sexually assaulted children, 31605
validity & utility of WAIS-R & WISC-R short forms, measurment of intellectual ability, 12–20 yr olds with closed head injuries, 21136
validity of Halstead-Reitan Test Battery & Luria-Nebraska Neuropsychological Battery & WAIS, diagnosis of brain damage, commentary reply, 38632
validity of indices derived from WAIS-R & WISC-R, assessment of cognitive impairment, learning disabled adults, 21102
validity of short forms of WAIS-R, head injured 16–69 yr olds, conference presentation, 28127
validity of WAIS-R short forms vs full scale, female adult vocational rehabilitation clients, 7064
validity of 6 short forms of WAIS-R, 51–70 yr olds, 14127
verbal performance discrepancy score on WAIS as diagnostic aid, 17–69 yr old acute psychiatric inpatients, Ireland, 19081
WAIS-R factor structure, injured 19–58 yr olds seeking vocational rehabilitation, 28046
WAIS-R profiles, learning disabled college students, 15998
WAIS subtests vs IQ, prediction of Halstead Reitan Neuropsychological Test Battery performance, adult neuropsychiatric inpatients, 7061
WISC-R vs WAIS-R IQ scores, educable mentally retarded adolescents, 3 yr study, 27748
WISC-R vs WAIS-R IQs, learning disabled 16.0–16.9 yr olds, implications for educational diagnosis & placement, 13742
1 yr test retest reliability of WAIS-R Verbal & Performance & Full Scale IQs, 50–84 yr olds, 38668

Wechsler Intelligence Scale Children

auditory discrimination ability, WISC-R subtest performance, learning disabled school age children, 22867
bias & inconsistency of Canadian substitute items for WISC-R, psychologists, Canada, 7066
concurrent validity of Detroit Tests of Learning Aptitudes-2 & WISC-R, 6.6–12.8 yr old Anglo or Black or Hispanic students, implications for educational diagnosis & placement, 27766
concurrent validity of Quick Test vs Test of Nonverbal Intelligence vs WISC-R, 6.3–16.8 yr old learning disabled & mildly mentally retarded special education students, 10313
concurrent validity of Spanish versions of Woodcock-Johnson Achievement Battery & WISC-R & Columbia Mental Maturity Scale, 1st graders, Puerto Rico, 38651
construct validity of K-ABC & joint factor structure with WISC-R, 6–12.5 yr olds referred for psychoeducational evaluation, 3321
demographic distribution in WISC-R stndardization sample, 6.5–16.5 yr olds with attention deficits, 26463
demographics, distribution of third factor WISC-R deficits, standardization sample of 6.5–16.5 yr olds, 17550
differential diagnostic utility of several WISC-R factor structures distinguishing verbal & performance abilities, 6–16 yr old males with learning disabilities or emotional disturbances, Israel, 10615
errors in WAIS-R & WISC-R scoring, examiners, 17551
factor analysis & canonical correlation of WISC-R & Wide Range Achievement Test & SRA Achievement series, 9–12 yr olds, 7195
factor analysis of WISC-R & Adaptive Behavior Inventory for Children, assessment of relation between social system behavior & intelligence, 6–11 yr old special education students, 31317
factor analysis of WISC-R performance, simultaneous & successive cognitive processes, gifted & learning disabled Navajo elementary school students, 24169
factor structure of WISC-R, Anglo vs Mexican American school age children, 17584
factor structure of WISC-R, children, 31646
factor structure of WISC-R, learning disabled children, 7187
factor structure of WISC-R vs Hong Kong-WISC, 7–13 yr olds, 17683
factorial construct overlap of WISC-R vs Halstead Reitan Neuropsychological Battery, diagnosis of learning problems, 8–16 yr olds, 7090
frequency & type of errors made on WISC-R Full Scale IQ score protocols, graduate students in clinical psychology, 21050
K-ABC & WISC-R performance, 6–12.6 yr olds with vs without severe learning disabilities referred for serious academic &/or behavioral problems, implications for diagnosis & educational programing, 13747
K-ABC vs WISC-R, differential diagnosis of mental retardation vs learning disabilities, Black vs White 6–8 vs 9–11 yr olds, 38277
K-ABC vs WISC-R vs Woodcock Johnson Psychoeducational Battery, learning disabled 7–12 yr olds, implications for special education placement, 13715
long term stability of WISC-R & Wide Range Achievement Test scores, learning disabled elementary school students, 3 yr followup, 10277
nominal recall vs multiple choice administration of WISC-R Information subtest, 6.4–15.3 yr olds with developmental specific learning disabilities, 31684
performance on Spanish versions of Woodcock Johnson Psycho-Educational Battery & WISC-R, 5th graders, Mexico, 38261
proration of sum of scaled scores or subtest substitution, validity of WISC-R, children, 31666
relationship between score disparity in WISC-R vs WAIS-R & IQ level, residential institution students with 45–81 IQ, 1942
similarity between Stanford Binet Intelligence Test & British Ability Scales & WISC-R, gifted 9.5–12.6 yr olds, 21109
stability of WISC-R & Wide Range Achievement Test factor stuctures, educable mentally handicapped & mentally retarded 9–16.9 yr olds, 193
stability of WISC-R profiles, learning disabled elementary school students, 9–60 mo study, 34781
stability of WISC-R scores, learning disabled 7th–9th graders in special education, 3323
Stanford Binet Intelligence Scale-4th edition vs WISC-R, learning disabled 9.1–16.9 yr olds, implications for special education placement, 13734
test retest reliability of Stanford Binet Intelligence Scale & WISC & WISC-R & WAIS & WAIS-R, meta analysis, 28133
test retest reliability of WISC-R, educably mentally retarded vs learning disabled 13.5–14.9 yr olds, 13751
test retest scores & factor structure stability of WISC-R scores, learning disabled Black vs White male vs female 7.1–13.6 yr old students, 3 yr study, 17312
test scores on WISC-R vs Stanford Binet Intelligence Scale-4th edition, gifted 7.7–15.8 yr old students, 31304
utility of Quick Test & Test of Nonverbal Intelligence, prediction of WISC-R IQs, 6.3–16.8 yr olds referred for special education services, 10314
validity & utility of & age differences in WISC-R Verbal & Performance Factorial IQs, learning disabled 6–11 yr olds, 10624
validity & utility of WAIS-R & WISC-R short forms, measurment of intellectual ability, 12–20 yr olds with closed head injuries, 21136
validity of British Ability Scales & correlation with WISC-R & Wide Range Achievement Test-Revised, 8–13.2 yr olds, Canada, 7085

validity of indices derived from WAIS-R & WISC-R, assessment of cognitive impairment, learning disabled adults, 21102
visual inspection time as perceptual index of performance & WISC-R intelligence & other measures, 6–6.9 yr olds, Australia, 32425
WISC-R factors, eligibility for special education services as mentally retarded vs learning disabled, White vs Black vs Mexican American students, 38248
WISC-R scores, 6–15 yr olds attending psychiatric clinics, Ireland, 5286
WISC-R vs Vineland Adaptive Behavior Scale scores, autistic 6.5–15.3 yr olds, 1589
WISC-R vs WAIS-R IQ scores, educable mentally retarded adolescents, 3 yr study, 27748
WISC-R vs WAIS-R IQs, learning disabled 16.0–16.9 yr olds, implications for educational diagnosis & placement, 13742
WISC scatter scores, psychosocial adjustment, 7 & 10 yr old males with at least 1 parent in psychiatric hospital, 3 yr followup, 5214
Wechsler Memory Scale
confirmatory analysis of factor structure of Wechsler Memory Scale, normal & clinical Ss, 10688
construct validity of Wechsler Memory Scale-Revised, assessment of attention & concentration, adults who had head injuries at least 1 yr earlier, 28075
construction & clinical & psychometric significance of Wechsler Memory Scale-Revised, 31630
convergent & discriminant validity of Russell's Revised Wechsler Memory Scale, males referred to medical center psychology service, 7163
convergent & divergent validity of Wechsler Memory Scale vs Information subtest of WAIS-R vs Boston Naming Test, college students, clinical applications, 3629
correctional analysis of Wechsler Memory Scale & California Verbal Learning Test, clinical assessment, patients with Alzheimer's or Huntington's or Korsakoff's disease or multiple sclerosis, 10673
determination of Associate Learning subtest as accurate measure & factor analysis of Wechsler Memory Scale, adults referred for psychiatric testing, 83
discriminating power of Wechsler Memory Scale, schizophrenic patients, Israel, 10571
factor structure of Wechsler Memory Scale, patients referred to neuropsychology lab, 10670
psychometric properties & factor analysis of Wechsler Memory Scale Form 1 vs Form 2 Paired Associate Learning subtests, 20–79 yr old medical patients, 7093
revision of 1945 Wechsler Memory Scale, 10548
validity of Wechsler Memory Scale, assessment of memory deficits, detoxified alcoholic patients, 12264
Wechsler Memory Scale, assessment of memory deficits, patients with multiple sclerosis, 12386
Wechsler Memory Scale, assessment of memory impairment due to solvent exposure, industrial painters, 12365
Wechsler Memory Scale, differential diagnosis of memory problems, patients with amnesia vs Alzheimer's disease vs Huntington's chorea, 12347
Wechsler Memory Scale normative data, 1945–88, literature review, 38606
Wechsler Memory Scale patterns of memory functioning, patients with unilateral brain lesions, 12353
Wechsler Preschool Primary Scale
K-ABC Achievement Scale scores & WPPSI IQ scores, 48–60 mo olds, 21098
scores on auditory sequential memory subtests of WPPSI vs McCarthy Scales of Children's Abilities, 4.5–5.5 yr olds, 31572
vocabulary & geometric design teaching items, performance on WPPSI & McCarthy Scales of Children's Abilities, 3–4 yr olds, 28092
Weight (Body) [See Body Weight]
Weight (Statistics) [See Statistical Weighting]
Weight Control
abnormal eating attitudes & weight & dieting, 23–37 yr old infertile anovulatory females, 22875
advertising in magazines, weight loss encouragement, females, 1984–85, Spain, implications for risk of anorexia nervosa, 10475
balanced deficit diet with vs without aspartame, compliance & weight loss, obese males vs females, conference presentation, 19695
behavioral weight loss program, marital adjustment & weight loss, moderately obese 28–62 yr olds & their spouses, 3 mo followup, 16474
body image satisfaction & dieting & sex role traits, urban Black females, 15551
calorie restricted diet, emotional states & cognitions about food & eating, adults, 7783
cognitive & motivational aspects, progression through stages of intentional change in weight loss & control, college students, 17923
cognitive regulation of food intake, dieters, implications for eating disorders, conference presentation, 30126
development of screening questionnaire, measurement of attrition in weight control programs, adults, 38650
development of weight control program utilizing cognitive behavioral & nutritional approaches, adults at risk for obesity, 6087
dietary restraint & behavior patterns & binge eating, female 18–40 yr olds, 22965
dieting relapse crises & coping strategies, obese 27–66 yr olds with Type II diabetes, 40411
exercise before vs after meal, energy expenditure, lean physically active adult females, implications for weight control, 39134
exercise program & diet & nutrition counseling, obese prepubertal children, 16491
feasibility & effectiveness of weight gain prevention program, adults, 1 yr followup, 30157
Garren-Edwards Behavior Modification Program & group therapy, morbidly obese patients, 19728
Gestalt & hypnotic therapies, 36 yr old female with weight control problem, case report, 9599
health information & personalized norms & criteria in self care related to weight, middle vs working class 19–56 yr old females, 27043
high protein vs fat vs chow diet, food intake & weight loss maintenance, obese rats, 7702
home teaching with vs without contingency contracting, weight & disease control, overweight adults with Type II diabetes, 20073
hypnosis & behavioral self management, weight control, obese females with high vs low hypnotizability, 3 mo followup, implications for experimental methodology, 37196
hypnotic eating awareness training, weight control without restrained eating, obese patients, 27029
laxative abuse for weight control, college students, implications for treatment & prevention, 29786
length of behavior therapy for obesity, weight loss, 21–60 yr olds, 30388
lifestyle change program including behavior modification & nutrition education & exercise, weight management, obese minority adults, 18–24 mo followup, conference presentation, 12806
living alone & age & sex & employment status & SES, diets, 23–60 yr old steady drinkers, 33386
locus & stability & controllability & intentionality & universality of current weight attributions, weight control, adults, 19882
methodological aspects concerning sweetness & calories & internal validity of studies on appetite control, conference presentation, 19666
milkshake preload, ice cream consumption, female college students with high vs low cognitive restraint & weight suppression, 15527
pathogenic weight control behaviors, 12–55 yr old Chippewa females, 23037

personality correlates of eating behavior & weight loss, severely obese patients in behavior modification program, 2.5 yr followup, 37432
personality type, choice of weight loss approach, college students, 1476
physiological consequences of over-the-counter laxatives & diet pills & ipecac & diuretics for weight control, patients with bulimia or anorexia nervosa, 5733
posttreatment programs, long term maintenance of weight loss, mildly or moderately obese adults, 18 mo followup, 6098
psychosocial correlates of gastric stapling surgery, morbidly obese patients awaiting or after surgery, 12955
psychosocial factors, compliance with behaviorally oriented weight control program, obese 10–16 yr olds & their parents, 16527
reliability & validity of Dieter's Inventory of Eating Temptations, assessment of behavioral competence regarding weight control, overweight adults, 3628
SES & sex, laxative abuse as weight loss technique & association with eating disorders, adolescents, 22975
sex, weight control & dieting & body image, college students, implications for eating disorders, 1437
standard vs intensive supervised vs minimal contact short term behavioral intervention, moderately obese female 18–20 yr olds, 23316
tobacco smoking as dieting strategy, college students, 8322
validity & usefulness of medical chart weights, evaluation of weight loss programs, HMO members in behavioral weight loss program, 6105
very low calorie diet &/vs behavior therapy, obese adults, 3 yr followup, 12626
weight control program, body weight loss, obese 29–68 yr olds with normal weight vs obese partners, 3 mo followup, implications for cost effectiveness & public health, 40716
weight loss not due to eating disorders, body image distortion, female young adults, 9062
weight reducing diet, TRH stimulation of TSH & dexamethasone suppression of cortisol, male vs female adults, 4179
worksite behavioral weight loss program, obese mentally retarded adult employees of community sheltered workshop, 9458
zero calorie drink breaks, appetite & food intake & weight control, humans & animals, conference presentation, 19667
Weight Perception
conservation of weight vs movement, causal explanation of inertia problem, 8–14 yr olds, test of horizontal decalage hypothesis, 39583
hypnotic suggestibility, confidence in false perceptions, college students, 10866
magnitude of inertial vs gravitational force acting on object, perceived object heaviness, college students, 24814
relative vs absolute size of objects, size weight illusion, college students, 14245
sex & hand preference, simultaneous vs consecutive discrimination of lifted weight, left vs right handed college students, 4079
sex differences & self esteem & dieting & exercise, body & weight dissatisfaction, adults, 22434
viewing vs not viewing object & subsequent hiding from view before lifting, rated heaviness, college students, 17728
weight & color & numerosity of imagined vs perceived objects & familiarity, mental manipulation, college students, 24822
Weightlessness
dual process & central posture regulatory center underlying postural control adaptation in weightlessness, 11032
history of space station program for investigation of long term microgravity, human physiology & countermeasures to physiological deconditioning, USSR, 38488
Welfare Services (Government)
disability & welfare benefits, severely impaired 18–35 yr old psychiatric inpatients, 19128
federal & state cutbacks on human service funding & organizational conditions, job satisfaction, Black vs White county welfare workers, 9979
high technology job training demonstration project, adult females on welfare, 10344
income concerns & approach to problem solving & self concept & social resources, normal vs maltreating mothers receiving aid to families with dependent children, 27153
income maintenance program, former psychiatric patients, 6289
operational strategies for prevention of negative certification decisions, Medicaid participants, 9663
use of "poor" vs "welfare" in survey questions, responses to surveys, 11336
welfare policies & illegitimate birth rates, adolescent females, policy implications, 34176
Wellness [See Health]
Wernickes Syndrome
development of Wernicke's encephalopathy, 18 yr old female with alcohol abuse, case report, 29785
lithium induced diarrhea, development of Wernicke's encephalopathy resulting from thiamine deficiency, male 64 yr old with bipolar depression, case report, 34019
nutritional deficiencies, development of Wernicke-Korsakoff-like amnesic syndrome, 39 yr old White female with anorexia & vomiting, 1 yr study, case report, 33468
West German Federal Republic [See West Germany]
West Germany
applications of educational psychology to science & teaching & sociopolitical issues, West Germany, 20422
behavior in foot-in-the-door compliance induction procedure, adults, France vs West Germany vs Netherlands, implications for self perception theory, 32869
client characteristics & problems, callers to suicide hotline & other telephone counseling services, US vs West Germany, 40935
cognitive ability & personality characteristics, Yugoslavian 11–15 yr olds living in West Germany vs Yugoslavia, 21885
cognitive conflict, choice of photographic representations of war vs peace, 8.8–10.9 yr olds, West Germany vs US, 36122
computer simulation, complex problem solving, West Germany, literature review, 17842
construct validity of German version of UCLA Loneliness Scale in relation to Freiburg Personality Inventory, college students, West Germany, 31675
degree of fairness & officials' response & interaction, individual crisis vulnerability in crisis vs noncrisis conditions in competitive situations, male basketball experts, West Germany, 32835
demographic & geographical characteristics, self poisoning, 15 yr olds & older, 1974–80, West Germany, 1756
demographic factors & family background & religious & political values, attitudes toward homosexuality, adults, England vs Spain vs West Germany, 8299
development & current status of partial hospitalization, West Germany, 2848
development of organizational psychology, West Germany, 6934
directions & trends in development of aging services, US vs West Germany, 12578
EAPs & social & cultural attitudes toward alcohol & drugs, West Germany, 17384
ecological distribution of incidence of treated mental disorders, West Germany, 33747
educational expansion, achievement values & behavior, educational & occupational groups, 1950s through 1980s, West Germany, 23921
employment projects for vocational integration, emotionally handicapped, West Germany, conference presentation, 20261
evaluation & experience of emotions, male vs female 18–28 vs 35–50 yr olds, US vs West Germany, 8471
experiences surveying counselor training & services under Fulbright Act, counseling psychologist, 1982–83, West Germany, 13392
incidence of anorexia nervosa, Greek & Turkish 13–19 yr old students, West Germany vs Greece vs Turkey, 16079

intergroup contact, prejudice, German & Turkish adolescents, West Germany, 39688
internal processes & student quality, effectiveness of university departments, West Germany, commentary, 13506
labeling & selection vs support or intervention oriented diagnosis for special education placement, learning disabled children, West Germany, 38200
management practices, perceived clinical autonomy & satisfaction, psychiatrists at mental health institutions, West Germany, 17073
morphosyntactic processing in agrammatic speech production, adults with Wernicke's vs Broca's vs global aphasia, West Germany, replication, 26471
patterns of mental health care, 15 yr olds & older, 1976–79, West Germany vs Netherlands, 24 mo study, 9305
personal adjustment, racial attitudes, adults, West Germany & South Africa, implications for Bagley hypothesis, 11842
physical appearance & health beliefs, eating habits, adults, US vs West Germany, replications, 18946
political & social background & theoretical perspective, self help groups, West Germany, conference presentation, 6056
prevalence & treatment of psychiatric disorders, 3–14 yr olds in rural small town, West Germany, 8749
prevalence of mental disorders & psychiatric referral rates, rural vs urban general practice patients, West Germany, 8762
quality of life & subjective well being & living conditions & social structure & sociopolitics, adults, 1978–84, West Germany, 1190
responses to suicide of psychiatric inpatients, hospital staff, West Germany, conference presentation, 2857
scale analysis method by R. Mokken & comparability of abortion attitude measures, adults, US vs West Germany, 4907
self image, 13–19 yr olds, West Germany vs US, 18696
SES & cigarette smoking & hypercholesterolemia & Type A personality & risk factors for coronary heart disease, 25–69 yr olds, West Germany, 29966
size & management of contingencies, effectiveness of university departments, West Germany, commentary reply, 13475
social policy, compulsory treatment of drug addiction, US & West Germany, 23774
social representation & language & concepts of sex role specific experiences & behavior verbalized in magazines, West Germany, 32737
societal change, values & norms, West Germany, 18739
TV viewing preferences & amounts & life satisfaction, 15 yr olds & older, West Germany, 22017
utilization of psychiatric facilities, depressed 15 yr olds & older, West Germany, 5 yr followup, 34227
validity of German version of McGill Pain Questionnaire, adults, West Germany, 139
validity of German version of Revised UCLA Loneliness scale, college students, West Germany, 7133
workplace stress & job decision latitude & job demands, depression, males vs females, West Germany, 29502

associated vs unrelated word in lexical decision task, semantic associations, unipolar affective vs schizophrenic patients with vs without thought disorders, 33120
associations between earth/air/fire/water related & temperament words & occurrence of related imagery in French poetry, college students & literature experts, 8444
associative frequencies of emotional responses to stimulus words during free & controlled forced choice word association tests, college students, France, 31860
aurally presented words & imagined rehearsal with repetition vs association for 5 vs 15 sec, auditory recognition memory, college students, test of 2 process memory theory, conference presentation, 7477
emotional vs nonemotional words, emotionality ratings & free association norms, college students, 3878
experimental investigation of chromatic-lexical synesthesia, 76 yr old female, Great Britain, case report, 14232
massed vs spaced repetitions, encoding variability & recall & apparent frequency, college students, 14456
nonsense vs emotional vs indifferent words, verbal associations & response latencies, adults, conference presentation, 17917
normative data on Word Association Test, conference presentation, 310
number & strength of word associates & direct vs indirect instructions or distractor tasks or time lag or amount of practice, memory for word associates, college students, 38916
personality traits & stimulus words, recall of happy vs unhappy memories, college students & staff, 25942
priming & modality specificity & semantic elaboration, implicit memory for new associations in word completion task, college students, 17905
priming, memory for new vs prexisting associations, amnesic patients, 33643
processing difficulty in encoding related & unrelated words, cued recall, 2nd vs 4th vs 5th graders vs college students, 25413
reading vs difficulty of generation task in between lists designs, free & cued recall of word pairs, college students, 38929
relation similarity of word items, performance on semantic decision tasks, college students, 7393
reliance on decoding vs sight word association strategy, reading performance & comprehension & time, 2nd–3rd graders, 11387
self generated associates vs category labels to target words, cued recall performance, 2nd vs 5th graders vs college students vs Ss over 65 yrs old, 4606
sentence context & high vs low constraint sentences & semantic relatedness of unexpected words, lexical decisions in congruous sentence completion of upcoming words, college students, 7421
similar vs dissimilar contextual stimuli, similarity rating of word pairs, college students, 307
strength of semantic relatedness of paired words, recall, college students, 341
unitization & grouping, explicit & implicit memory for word associations, college students, 38891
visual images & bizarre contexts & retention interval, recall of lists of words, college students, 38943
word association patterns, 1st vs 3rd vs 6th graders, Nigeria, 39523
word association performance, 42 yr old female with bipolar schizoaffective illness & panic disorder, 5307
word imageability & frequency, word association, college students, 38823
Word Blindness [See Alexia]
Word Deafness [See Aphasia]
Word Frequency
auditory lexical decision task using open vs closed class words, frequency insensitivity & interference in nonword decisions, college students, replication, 28304
base word frequency, lexical decision performance for pseudohomophones, college students, 10802
cognitive effort & word frequency, word recognition following lexical decision vs recognition tasks, college students, 14396
competing word unit neighborhood frequency, visual word recognition, college students, France, 28294
cumulative root vs surface frequency of prefix & suffix derived words, RT for lexical decision task, college students, France, 28290
effortful free recall vs automatic judgment of relative frequency of nouns, 21–37 yr olds with severe closed head injury, implications for cognitive strategies, 12437
English vowels vs consonants vs meaningless vs meaningful 2–4 letter sequences, frequency judgments, male vs female adults who often vs rarely used English, India, 7956
familiarity & frequency of words, generation effect in verbal memory, college students, 14464
frequency & familiarity of noun-noun compounds, RT on lexical decision task, adults, Netherlands, 28315
frequency judgment & word recognition using forced & unforced choice, 15–85 yr olds, implications for memory impairment, 15241
grammatical marker frequency & dialect, language structure learning, young adults, 363
high vs low frequency word lists, discrimination vs distractor free recognition, college students, 14459
incidental vs intentional vs nonspecific instructions, memory for word frequency during vigilance task, male Air Force personnel, 7446
item quantity & frequency in male vs female name classification task, saccade related EPs, adults, 32039
norms for selection of low frequency words, 14389
orthographic neighbors vs frequency, visual word recognition & lexical decision & pronunciation, adults, 35378
recall of frequency of word occurrence, mentally retarded special education students, 15989
repetition frequency of words vs pseudowords, perceptual identification, college students, 31871
rhyming & letter switching generation tasks, relative & absolute frequency judgment & memory, college students, 7450
tachistoscopic presentation, high vs low frequency verbs, vocal RTs, right handed adults, 11047
word frequency & levels of processing, episodic recognition & lexical decision, college students, 31877
word frequency & list composition effects, lexical decision & recognition memory, college students, 21291
word frequency & neighborhood size, lexical decision & word naming & delayed naming tasks, college students, 38864
word frequency & orthographic depth of simultaneous printed & spoken verbal stimuli, word perception RT, native English vs Serbo-Croatian speakers, 38886
word frequency & stimulus quality, lexical decision, college students, 21321
word frequency & word class, memory span & rehearsal speed, college students, test of articulatory loop explanation, 10849
word frequency, attentional demands of word recognition in lexical decision & auditory probe tasks, college students, 17892
word frequency, generation effects in recognition memory, college & graduate students, 14438
word frequency in language, lexical decision & semantic & syntactic categorization & visual recognition naming RT, adults, 24836
word frequency, latency of P300 EPs & RT in lexical decision paradigm, adults, 11046
word imageability & frequency, word association, college students, 38823

word typicality vs long vs short term novelty vs mere exposure, aesthetic preference for different semantic categories, female college students, 3817

Word Meaning

ability to detect word meanings in ambiguous sentences with vs without pictorial cues, language disordered 6 & 8 yr olds, implications for utility of picture vocabulary tests, 19471

abstractness vs emotional value of French vs Spanish words, college students, Spain vs Canada, 7953

acquisition & meaning & processing of French modifiers meaning "almost" vs "barely" vs "about", 6–10 yr olds vs college students, 4584

arrays consisting of pronounceable vs unpronounceable nonwords vs words varying in constraint on target, identification of visually presented target letters, college students, 3827

attention to 1st member in pair vs meaning of priming word, EPs & RT in semantic priming lexical decision task, male 18–36 yr olds, 18100

categorical dissimilarity & affective similarity between constituent words, sentence comprehension & metaphor aptness, college students, Japan, 4534

conceptualization of pragmatic function of mental terms to express certainty or reliability, 3.1–8.9 yr olds, Canada, 21971

context congruency of words, saccade related brain potentials during reading, adults, 4128

context of ambiguous word, detection of ambiguity of final words in visually displayed sentences, college students, 10806

definition of recreation vs leisure, 16–19 yr olds, implication for use of verbal response methods, 25622

definition recall & requirement for simultaneous inferences, sentence comprehension using definitional theory, commentary, 11333

development of concepts of motion verbs, 3–5 yr olds vs adults, 11389

dimensional structure of lexicon of emotion words, college students, 5059

emotional terms & language for & experiences of anxiety vs fear vs depression, 18–26 yr olds vs Japanese American exchange students, Japan, 36476

emotional vs nonemotional words, emotionality ratings & free association norms, college students, 3878

experimental method for categorization of linguistic contexts of polysemous words & their synonyms, college students, 18483

experimental semantics methodology, lexical definitions of "prejudice" & "alcoholic", 35959

factor analysis of meaning of word "reliance" including concepts of expectancy & dependence & feeling, college students, Japan, 10805

general to specific access to word meaning, brain damaged 50 yr old male, 40485

instruction & amounts of practice in individual meaning vs deriving meaning, mastery of specific word meanings & ability to derive meanings from unknown words, 5th graders, 34598

keyword vs semantic context instruction of new vocabulary meanings, text comprehension & memory, college students, 34605

koko or soko or asoko vs here or there as verbal dividers of space between speaker & listener, Japanese vs English speaking college students, Japan vs Canada, 4958

lexical ambiguity processing measured by auditory lexical decision task, evidence of selective lexical access for ambiguous word meanings, aphasic patients, Netherlands, commentary, 29957

lexical decision &/or auditory probe detection in attentional allocation, recognition of ambiguous vs unambiguous words, college students, 10796

meaning of words "envy" & "jealousy" & profiles of feelings, college students, 14484

memory for negative vs positive self vs other referent adjectives, currently vs recovered depressed adults, 19062

modified mnemonic keyword method, learning of German noun meaning & grammatical gender, French speaking college students, Canada, 31039

multiple referent & inclusion strategies for labeling of objects, interpretation of novel words, 3 & 5 yr olds, 21932

new noun for objects with familiar names, incorporation of word meaning & semantic relations & formation of language hierarchies, 1.6–2.7 yr olds, 32453

number of word meanings, lexical decision time, college students, 31854

positive vs negative emotionality of words, vividness of imagery, college students, 24805

priming for associate & inference words, lexical decision, college students, 14410

quantification of qualitative probability expressions regarding job offer acceptance, college students & faculty, 32330

relation similarity of word items, performance on semantic decision tasks, college students, 7393

RT for judgment of predicative adjective pairs as directly vs indirectly antonymous, college students, implications for meaning organization in semantic memory, 28322

RT to threatening vs neutral words, 20–62 yr olds with panic disorder, implications for attentional bias, 19093

sentences with biased vs nonbiased lexically ambiguous words, eye movements during reading, college students, 38849

sentential context & frequency of stimulus in crossmodal priming paradigm, interpretation of ambiguous words with multiple meanings, college students, 315

sex & affective tone of descriptions of terms, college students, 28357

state vs trait anxiety, RT & attentional bias to probe in place of threatening word, adult females, 17919

structural & temporal parameters of lexical development, Turkish 6 yr olds, Netherlands, 2 yr study, 39581

symbol representativeness & conceptual concreteness, interpretation of meaning of Blissymbols, college students, implications for communicative rehabilitation, 4541

threatening vs neutral homophones, interpretative bias & skin conductance response, recovered vs currently anxious patients, 19169

time course of process of creating new meanings for old words in conversation, college students, 32315

typeface characteristics congruent vs incongruent with adjective meaning, speeded decision RT & judgment of animal physical qualities by name, college students, 38839

validation & analysis of Velten's mood induction statements, 24908

visual presentation of phrases with masculine vs feminine generic words, perception of subthreshold/ambiguous photographs of male vs female faces, male vs female college students, 7433

visually presented emotionally threatening words, RT & attentional bias, depressed vs nondepressed college students, 19111

word length & consonant & vowel & syllabic structure & meaning, phonemic segmentation performance, elementary school students, Netherlands, 36085

Word Origins [See Etymology]

Word Recognition

age, perceived readability of symbol displays, 3.2–6.3 yr olds, 18564

arrays consisting of pronounceable vs unpronounceable nonwords vs words varying in constraint on target, identification of visually presented target letters, college students, 3827

auditory vs visual presentation & spatial displacement, repetition blindness for words, adults, 31884

auditory vs visual presentation of priming test & type of elaborative processing, partial word identification & recognition memory, college students, 14443

auditory vs visual suffix stimuli, immediate & delayed recognition memory of letters & words, college students, 7451

aurally presented words & imagined rehearsal with repetition vs association for 5 vs 15 sec, auditory recognition mem-

ory, college students, test of 2 process memory theory, conference presentation, 7477
aware vs unaware memory for written text, high school students, 1008
base word frequency, lexical decision performance for pseudohomophones, college students, 10802
bias toward earlier presented item &/vs improved perceptual sensitivity, facilitation of memory for earlier word, college students, 24884
California Verbal Learning Test word recognition profiles, differentiation of consolidation vs encoding retrieval deficits in verbal memory, males with severe blunt head injuries, 33497
cerebral dominance & functional localization & attentional bias, recognition of neutral vs emotional words presented to left vs right visual field, left vs right handed college students, 11033
cognitive effort & word frequency, word recognition following lexical decision vs recognition tasks, college students, 14396
cognitive processing of 1st vs 2nd mentioned sentence participants, RT in word recognition task, college students, 21263
competing word unit neighborhood frequency, visual word recognition, college students, France, 28294
computer program using graphic representation &/vs synthetic speech for word presentation, word recognition, 1st–3rd graders with learning disabilities, 3295
consecutive repetition priming in different letter case format, perceptual fluency of target word, college students, 211
constant primes with multiple related primes & presentation of target as prime, RT for identification of backward written words, college students, Spain, 10824
context & replacement of as-written text with conventional spellings & word spacings, word recognition, 5.1–6.1 yr old kindergartners, conference presentation, 24070
context dependent migrations, visual word perception, college students, 17911
context of & preexposure to words & letters & phrases, identification performance, college students, 14230
contextual composition of category triad words, recognition of semantically related words in category, college students, 14460
contextual information, auditory word recognition, native speakers of Scots English, 7382
corrective feedback during oral reading, reading comprehension & word recognition, 3rd graders with learning disabilities, 13656
derivational prefixes & continuous vs discontinuous lexical access, spoken word recognition, adults, 14480
detection of deliberate misarticulations of stressed front vowels embedded in 2 syllable words, female college students, 31824
development of Monitor for Initial Reading software, global word recognition & initial reading, students, 38129
discrimination of repetitive words vs nonwords in visual display, modulation of EPs, adults, 4148
elementary perceiver & memorizer vs interactive activation model, analysis of context effects in letter recognition, 35360
environmental sound & word recognition scores & pattern matching ability, autistic children, 1727
evaluation of computer program variations, speed & accuracy of word recognition, reading disabled 9.2–12.7 yr olds, 17253
exposure to word misspelling, subsequent word spelling or recognition performance, college students, implications for spelling instruction & testing, 14422
facilitation training, word finding skills, 9.1–10.4 yr olds with language impairments, 34134
familiarity & lateralization of imagery processes, word recognition under intentional vs incidental memory instructions, college students, dual coding & discrete vs continuous processing implications, 24861
foveal stimulus presentation, recognition of open vs closed class words, college students, 220
frequency judgment & word recognition using forced & unforced choice, 15–85 yr olds, implications for memory impairment, 15241
function word & cortical item visual pattern distortion, performance on perceptual identification or speeded oral reading or lexical decision tasks, college students, 38870
generation vs reading, word memory, college students, 38868
graphic representation of signs, word identification skill development, prelingually deaf 6–8 yr old beginning readers, 41346
hearing definition of uncommon word, word recognition, college students & graduate assistants, 35377
high vs low frequency word lists, discrimination vs distractor free recognition, college students, 14459
high vs low imagery words, unanticipated recognition, college students, 3849
homograph vs nonhomograph words with correct vs incorrect lexical stress, word recognition & speeds of response to target phonemes, college students, 14991
imageability & content function word difference, visual word recognition in Stroop task, college students, 21290
induced depressed mood, visual recognition duration thresholds for dysphoric vs elated words, college students, 375
instructions to remember vs forget word, word recognition & lexical decision, college students, 17896
intact vs incomplete antonym pairs, memory generation effect measured by study time & word recognition & judgment cautiousness & RT, college students vs elderly, 38900
length of concrete vs abstract nouns presented to left vs right visual hemifield, recognition & lexical decision latency, adults, implications for letter string processing model, 21504
length of word list & inhibition, rate of forgetting in primed fragment completion, adults, 7481
levels of processing vs distinctiveness of method of semantic encoding, word recognition, mildly mentally retarded adults, Canada, 12311
lexical & sentence context, word recognition, college students, 17908
lexical decision &/or auditory probe detection in attentional allocation, recognition of ambiguous vs unambiguous words, college students, 10796
lexical vs semantic search, word fragment completion, college students, 24838
listening to &/vs reading story, word recognition & comprehension, low vs middle vs high ability 1st graders, 10096
mathematical model of lexical & syntactic & semantic context, phoneme & word recognition, adults, 10756
method of triangulation, dependency between successive word recognition & cued recall or word fragment completion tests, college students, 24817
morphological complexity, word recognition, college students, 3844
motivation by hunger vs satiation, foveal vs parafoveal word recognition RT, college students, 7758
orthographic context, letter & word recognition, 51 yr old male with profound dyslexia following neurosurgery, 36911
orthographic neighbors vs frequency, visual word recognition & lexical decision & pronunciation, adults, 35378
part set cuing effect with word fragment cuing, recall, adults, implications for strategy disruption & increased list length explanations, 17903
phonological vs graphic vs semantic encoding strategies, word recognition & sentence level processing, native vs nonnative speakers of Chinese Mandarin, 10789
phonological vs orthographic characteristics of word, Stroop effect on color naming, 8–9 & 11–12 yr olds & college students, 25515
positive & neutral affective words, recognition & recall, outpatients with schizophrenia vs depression vs anxiety neurosis, 5169
predictability of preceding phrase & signal to babble ratio, word recognition performance, 19–24 yr olds, 14360
prefixes vs suffixes, auditory word recognition, adults, 24789

priming & immediate vs delayed test, cued recall of words, adults, 7445
processing of coreferential gaps in syntactic structure, adjective recognition time, college students, 35385
psychological study of lexical processes & word recognition & language production, adults, 1921–87, literature review, 11332
rapid vs slower viewing of words presented on CRT screen & perceptual identification, recognition, college students, 7468
reading experience, use of graphemic or orthographic cues or grapheme phoneme correspondence rules in word recognition, 4–10 yr olds, England, 15105
recognition of words previously supplied by E in complete form vs generated by S from fragments, college students, 14357
recognition thresholds for tachistoscopically presented self descriptive vs nondescriptive trait words, college students, 22423
recognition vs cued vs free recall encoding instructions & retrieval test sequence, recognition failure of recallable words using free vs cued recall test, 17–21 yr olds, Sweden, 28341
repeated vs unrepeated pairs of words, cued recall & recognition of repeated pairs & memory trace interactions, college students, Canada, 7436
SAM vs Minerva II vs Matrix vs TODAM global matching models, pair recognition, college students, 38701
self generated texts with vs without distraction, word origin discrimination & reality monitoring & false recognition, schizophrenic & manic patients, 12072
semantic context & repetition &/vs degradation of single words, lexical decision & recognition latency, college students, 14368
semantic priming & word recognition, prediction & psychotic tendencies, medical students, implications for cognitive deficits in schizophrenia, 25910
semantic priming, item recognition from short word lists, adults, 38880
sentence context & perceptual analysis, word identification, college students, Canada, 17857
sentence context priming effects, word recognition, 17–26 vs 59–75 yr olds, 29074
sentence context, target word naming time, college students, 38881
sentence vs 2 word primes incongruous vs incongruous contexts, lexical access & word recognition, college students, 327
signal to broadband noise ratio, interlist equivalence of Word Intelligibility by Picture Identification Test, 6.6–9.1 yr olds, 21933
single vs multiple presentations, word recognition & contextual retrieval & cortical EPs, epileptic adults with left vs right anterior temporal lobectomy, 19622
soft vs hard word intonation in left vs right ear, recognition of word & emotional intonations, right handed French vs Dutch-speaking 17–34 yr olds, 651
sound pauses & word familiarity & initial sound & phonics training, oral blending of dictated sounds, K–1st graders, 36101
speech rhythm & characteristics, word discrimination, adults, 14344
statistical independence between word completion & perceptual identification tests of implicit memory, college students, implications for multiple memory system theory, 17914
structural information, word monitoring latencies during oral communication, 31 yr old aphasic male, 40516
study room used during 1 vs 2 list word learning, word recognition in original vs other room, college students, Australia, 7455
talker variability, spoken word recognition during naming task, college students, 24787
time course of associative & item information availability in recognition memory, adults, 38893
type of neutral sentence context, facilitation vs inhibition effects in word recognition, college students, 328
unilateral & tachistoscopically presented concrete vs abstract words, reading RT, stuttering vs nonstuttering adults, 8967
unrelated pairing vs semantic vs repetition priming of sequential word pairs, perceptual fluency of word recognition & apparent stimulus duration, college students, 316
upper vs lower vs mixed case vs inverted letters, word identification, college students, test of interactive activation model, 24834
validity & usefulness of stage of reading acquisition & word recognition, normal & slow developing children followed from preschool through 3rd grade, Scandinavia, 29061
visual half field presentation of incongruent color words & speed vs accuracy, vocal RT & error frequency in word vs color recognition, right handed males, 25035
visual lateralization, perception of legal vs illegal Chinese characters & words, college students, Taiwan, 35949
visual orientation & disorientation, identification of single letters or digits & word recognition, adults, Israel, 17851
voicing & place characteristics of final consonants, word frequency & recognition, adults, 289
weakly related context & target word pairs, recognition using related vs unrelated distractor words & cued recall, college students, 14427
word context during initial exposure, degree of priming in word fragment completion, college students & adults, 24829
word fluency, high functioning autistic male 11.1–15.9 yr olds, 15635
word fragments of adjacent vs dispersed letters in syllabic vs nonsyllabic clusters with semantic cues, retrieval of whole word in crossword puzzle paradigm, college students, Israel, 3853
word frequency & levels of processing, episodic recognition & lexical decision, college students, 31877
word frequency & neighborhood size, lexical decision & word naming & delayed naming tasks, college students, 38864
word frequency & orthographic depth of simultaneous printed & spoken verbal stimuli, word perception RT, native English vs Serbo-Croatian speakers, 38886
word frequency, attentional demands of word recognition in lexical decision & auditory probe tasks, college students, 17892
word frequency, generation effects in recognition memory, college & graduate students, 14438
word frequency in language, lexical decision & semantic & syntactic categorization & visual recognition naming RT, adults, 24836
word recognition & spelling, dyslexic 8.6–16 yr olds, 12277
word recognition memory task, EPs, adults, 35632
word recognition practice, reading speed for words presented in congruous vs neutral sentence contexts, 2nd–3rd vs 6th graders, 18605
words in conversational speech & their subsequent context, word recognition after acoustic offset, college & graduate students, 17812
words presented with segments replaced by white noise, spoken word recognition, preschoolers vs college students, 25540
Words (Form Classes) [See Form Classes (Language)]
Words (Phonetic Units)
ability to use word shape information in reading task, 5th & 7th graders with varying reading ability, 15068
acquisition of lists of S-performed tasks vs words, prediction of recalled items, college students, 14423
age & picture vs word task & imagery vs verbal elaboration instructions & modeling, recall, 3.6–6.1 yr olds, 36042
age & word length & acoustic similarity, speech rate & serial recall, 4–10 yr olds, implications for working memory development, 18577
age of acquisition & imageability of words, word naming accuracy & latencies, 9 yr olds vs college students, 4586
associations of color to emotionally loaded vs neutral stimuli, 4th graders, 15087

auditory lexical decision task using open vs closed class words, frequency insensitivity & interference in nonword decisions, college students, replication, 28304
auditory perception of phoneme sequence & discrimination of words vs nonwords, dyspraxic 6–11 yr olds, 22893
auditory Stroop test using words "daddy" vs "mommy", RT for judgment of male vs female voice, 3–6.7 yr olds, 18579
auditory visual complex stimulus using spoken word "food" & flashing light, token insertion conditioning to word only, institutionalized profoundly mentally retarded 15–26 yr olds, 34368
aurally presented words & imagined rehcarsal with repetition vs association for 5 vs 15 sec, auditory recognition memory, college students, test of 2 process memory theory, conference presentation, 7477
category & whole object & taxonomic & object category constraints on word learning, children, implications for lexical development as social convergence, 29084
cerebral cortex neuronal correlates of verbal memorization, patients with Parkinsonism or epilepsy, 22933
changes in lexical items in idioms, perception of figurative meaning, college students, 25352
characteristics of associative hierarchies of emotional & nonemotional words, commentary, 28354
classification context of target word during encoding, recognition of category words, college students, 10839
classification of unrelated words into subjective categories & selection of cue, cued vs free word recall, college students, 10843
cognitive processes in lexical decision, discrimination between word & nonword sounds, college students, 21264
color naming of violence related words using special version of Stroop Color Word Test, Irish vs English college students, England vs Northern Ireland, implications for coping with political violence, 29189
computer program menu option & frame quantity, speed & accuracy in selecting target word, college students, 13924
computerized pool of 16,109 Spanish words & statistical analysis of objective & subjective characteristics of words, verbal learning & memory research & comparison with English databases, 10825
concepts of depression in emotion lexicons & taxonomies, 15–65 yr olds, US vs Sri Lanka vs Puerto Rico vs Korea vs Malaysia vs Japan vs Indonesia vs Australia, 21846
concrete vs abstract word learned in silence vs noise, memory performance tested by unexpected recognition vs recall tests, college students, implications for automatic process, 14439
congruous vs incongruous final words in proverbs, saccade related brain potentials, adults, 18117
consonant error types in reading 1 syllable nonsense words, severely dyslexic 10.6–17.3 yr old males, implications for cause of reading disability, 29825
content & construct & criterion validity of Test of Word Finding, 1st–6th graders, 3313
context & surface form of words read aloud, degree of abstraction for perceptual encoding, college students, 38877
context of modally pure color vs picture vs word stimuli, Stroop-like effects in naming & reading & categorization tasks, college students, West Germany, 24812
contextual composition of category triad words, recognition of semantically related words in category, college students, 14460
continuous discourse tracking with word repetition & correction & speech strategy development, mildly to severely hearing impaired 60–96 yr olds in nursing homes, 6485
cued recall using words, item search strategies & retrieval access, 3rd vs 6th graders vs college students, 4573
cumulative root vs surface frequency of prefix & suffix derived words, RT for lexical decision task, college students, France, 28290
development of pseudoword repetition test, phonological processing & academic achievement, 7–12 yr olds with learning disabilities, 38676
directed attention to words or category membership or initial letter of words in orienting task, encoding of occurrence frequency, college students, 7452
dissociation of & errors in inflectional vs derivational morphology during sentence production & word repetition, 60 yr old male with aphasia after cerebral hematoma, 19575
dual representation vs context availability hypotheses, concreteness in lexical decision making, college students, 21276
ear of presentation, emotional responses to words vs music during dichotic listening, graduate students, implications for cognitive affective vs independence models, 17916
Echo II Plus speech synthesizer or EvalPac VOCA vs natural male speaker, intelligibility of single words, female 19–29 yr old college students majoring in pathology & audiology, 38809
emergence of social vs cognitive relational words vs names, 12–24 mo olds, 1 yr study, 18568
emotional content of personality describing words, memory, college students, 8404
EP response latencies to words & incidental learning assessed by free recall & recognition, 19–35 yr olds, 25068
Euler circles & immediate inference & syllogistic reasoning tasks, errors in interpretation of quantifiers, college students, test of syllogistic reasoning theories, 28307
explicit instructions & continuous corrective feedback, deletion of initial consonant in spoken pseudoword, illiterate 39–66 yr olds, 11414
extraversion vs introversion & exposure duration, error detection in visually presented words, adults, 17792
food & body size words in Stroop task, color naming RT & recognition memory, patients with anorexia nervosa, 9007
gradient account of lexical access, laterality effects in processing of monomorphemic words, commentary, 11013
graphemic & phonetic properties of target word in silent reading backward masking task, lexical access, college students, 319
hearing definition of uncommon word, word recognition, college students & graduate assistants, 35377
high vs low imagery words, unanticipated recognition, college students, 3849
Hindi vs Urdu language & prefixed vs nonprefixed words, sentential use of words in 2 languages, bilingual Hindu & Muslim 16–17 yr old females, 11367
homophone retraining, writing, dysgraphic 53 yr old female, 6219
identification of position cued critical letter in words vs nonwords, intrusion & location errors, college students, 17866
imagining self vs others saying words & memory for words said vs imagined, 7 vs 10 yr olds vs college students, 39524
informativeness of word halves, eye movements in reading long words embedded in sentences, adults, Finland, 17847
instructional methods, acquisition of phonemic segmentation, moderately retarded 6.3–19.4 yr olds, 34739
interruptions in monosyllabic vs polysyllabic words & restarts, CVC structure & analysis of spontaneous word fragments, 2 & 3 yr old males, 18632
isolated word list vs words in story context, reading ability, 6 & 8 yr olds, 20521
language arts activities, development of word knowledge, children, 23978
language development & awareness of word meaning & usage & phonetics & metalinguistic ability, children, 11442
language familiarity, comprehension of sentences with vs without semantically unimportant function words, college students, Netherlands, 14980
lateralized word & bargraph recognition task, visual field asymmetries correlation, left vs right handed college students, conference presentation, 35580
learning & delayed recall & semantic clustering abilities, brain damaged adult patients, 26669
left vs right spatial cues for foveally centered words & letter strings, visual spatial attention, 16–60 yr olds, 15115

left vs right visual field tachistoscopically presented words, cerebral dominance in encoding & matching based on rhyming vs visual similarity, college students, 21500
lexical structure of primitives in backward counting task, multidigit number omission errors in speeded performance, Walloon French speaking college students, 21278
long term memory processes, word pair memorization, normal achieving vs learning disabled 8 vs 11 yr olds in special education, 33429
loudness of background noise & target words, binaural speech discrimination, 17–60 yr old aircrew members with sensorineural &/vs conductive hearing loss, 9116
marked auditory comprehension deficit for specific word categories with intact reading comprehension for all categories, 62 yr old male with right temporal gyri damage & Broca's aphasia, case report, 5651
masking by amplitude modulated vs unmodulated broadband noise, detectability of structurally similar words vs nonwords, college students, 21246
meaningful vs neutral sentence context, naming of abstract vs concrete words & their use as meaningful sentence completions, college students, 21277
Medical Research Council machine usable dictionary of words & their linguistic & psycholinguistic attributes, 945
miscomprehension of initial vs final consonant vs entire word, temporal changes in vowel & consonant production, 5 vs 26–36 yr olds, 15099
mixed letter case & stimulus degradation, word naming, college students, 24819
nonsense vs emotional vs indifferent words, verbal associations & response latencies, adults, conference presentation, 17917
nonwords vs words with regular vs irregular spelling, single word pronunciation performance, dyslexic male children, 19402
number of intervening words between 1st & 2nd presentation, orthographic vs phonemic repetition effects in lexical decision for Hebrew words, college students, Israel, 17834
numbers presented as words vs digits vs dot patterns to left vs right visual field, manual response odd-even judgment RT & accuracy, college students, 11029
onset of related vs unrelated priming cue word, target word onset latency & pronunciation duration, college students, 28284
pairs of emotion words appearing early vs late in developing lexicon, referential meaning & informativeness & superordination relations, college students, 15120
pairs of semantically related vs unrelated word primes, RT in auditory lexical decision task, 54–73 yr olds with Broca's aphasia, 16124
perception & word recall, adults with neurasthenia, USSR, 19155
phobic vs neutral prose vs words, free recall, female agoraphobia vs anxiety patients, replication, 8694
phoneme presentation rate for real vs nonword, sound blending performance measuring developmental & individual differences, K–2nd graders with reading disabilities, 33427
phonetic variability during 1 word stage of language development & subsequent phonological development, 1.7–1.9 yr olds, 25454
pool of words with unique 2 letter fragments, applications for word fragment completion tests, 10533
positron emission tomographic measurement of activity related regional cerebral blood flow changes & identification of active brain regions during auditory & visual word processing, adults, 11045
premises containing words "only" vs "all" as quantifiers, difficulty & errors in logical reasoning & conclusions, 19–71 yr olds, 38832
prior stimulus presentation of word vs color, recognition of & RT to target stimulus, college students, implications for human information processing, 35389
product & process in early word use analysis, children, 39529
psychological reality & internalized grammar & psychological equivalent to simplicity metric, German past participles, commentary reply, 7968
psychological tools & reality monitoring & cognitive flexibility, word memory & discrimination, monolingual vs Russian-English bilingual adults, 14982
randomized sequences of word vs nonword stimuli, brain EPs, adults, 4108
rated imagery & concreteness & goodness & familiarity of dictionary words, normative data for research on historical word entry date & psychological variables, college students, Canada, 28285
reading ability, response latency for comparison matching of letters vs words, 2nd–6th graders, Canada, 18590
recall of similar sounding word, retrieval of intended word, college students, 24879
recognition of stem words vs nonwords, college students, implications for morphologically based word families, 35958
rehearsal, memory for words read vs self generated, college students, 21320
rehearsal rate & articulatory suppression, identification time & memory span for 1 vs 2 vs 3 syllable words, 8 vs 11 yr olds, 39534
rehearsal strategies in contextual associations of word list items, memory of temporal order, college students, 17878
Russian & English translation of word "soul", folk psychology & cultural reflection, 35964
semantic anomaly in natural continuous speech, brain EPs, 17–26 yr olds, 18123
semantic focus of sentence, lexical access & processing of ambiguous words in language comprehensions, adults, 14970
semantically related primes & target word definitions, word naming RT measuring semantic inhibition, young adults vs elderly, implications for decision making, 38871
sequential rhyme judgment task with word matching & short term memory demands, left vs right hemisphere EPs, left vs right handed young adults, 35579
sequentially vs simultaneously presented words vs letters, RT for same vs different matching judgments, college students, 7424
sex role orientation, gender referent word usage in story with ambiguous instructions, male vs female 3rd–12th graders, 18688
single word semantically associated primes, word naming & lexical decision, elderly with Alzheimer's disease, 30039
size of word vs letter string & other stimulus characteristics & practice & mapping, RT for positive vs negative string matching, college students, Spain, 3792
specific word transfer, measurement of processing in word superiority paradigm, college students, 31880
spelling & stress patterns of words, written vs oral syllabification of intervocalic consonants in words, college students, 944
spoken vs visual words vs images of objects vs abstract figures, encoding of frequency of occurrence, aphasic 18–78 yr olds, 19652
strength of semantic relatedness of paired words, recall, college students, 341
subjective meaning components of terms expressing varieties & degrees of probability & uncertainty, college students, conference presentation, 32329
syntactic & conceptual constraints, learning meaning of words that name solid materials, 3 vs 4 vs 5 yr olds, 8009
target words with rhyming vs semantic associative context words & retrieval cue type, retention, college students, 7435
task difficulty, processing & recall of structured vs unstructured word lists in pleasantness rating vs sorting task, college students, 351
task processing level & strategic factors & prime-target modality, cross form vs within form facilitation of picture &/vs word name vs category verification, adults, 14356

thematic role assignment & content based expectations, individual word reading time in processing prepositional phrases, college students, 21854
tracking task induced mood, word list learning & recall & attribution of mood, college students, replication, 7457
unconscious perception of "context" words, memory illusion, college students, 31882
unilateral & tachistoscopically presented concrete vs abstract words, reading RT, stuttering vs nonstuttering adults, 8967
unpronounceable vs pronounceable words vs nonwords in temporally separate 2 part arrays, reporting of position cued target letter, college students, 7348
use of generic vs sex linked words referring to homosexuality in mass media vs experimental text, probability judgment of AIDS risk for population groups, college students, 18917
use of "poor" vs "welfare" in survey questions, responses to surveys, 11336
variability vs consistently mapped contex, perceptual learning skills for words in visual search task & transfer between target & distractor, 17888
verbal & learning abilities & elaborative vs base sentences, central & secondary word encoding & recall, learning disabled vs mildly retarded vs average vs gifted children, 33425
visual field & presentation of lines & neutral word vs "vodka", cortical EPs, alcoholic 25–37 yr olds in vs out of withdrawal, 19349
visual field processing superiority for words vs dots & digits, commentary, 11010
visual field processing superiority for words vs dots & digits, commentary reply, 11028
visual presentation of nonwords & semantically different words, brain EPs, 19–23 yr olds, 4110
weakly related context & target word pairs, recognition using related vs unrelated distractor words & cued recall, college students, 14427
word characteristics recalled in tip of tongue phenomenon in English vs Polish, college students, Poland, 333
word familiarity, long term recency, college students, 28342
word information distribution, eye fixations during sentence comprehension, adults, 17799
word length & consonant & vowel & syllabic structure & meaning, phonemic segmentation performance, elementary school students, Netherlands, 36085
word naming task & reading ability, lateral temporal vs parietal EPs, 5.1–6.2 yr olds, Netherlands, 4 yr study, 4120
word order vs grammatical markers in opaque partial vs mixed description, indicator of semantic relations, college students, Japan, 32325
word perception & symbolic & semantic processing, development of methodology for determining brain neuron electrophysiology & spatiotemporal organization, adults, 18095
word primes, identification of single & multiletter codes, college students, implications for word perception, 301
word primes, latency in naming of primed vs unprimed word vs letter, college students, 17844
word prototypicality & list organization, semantic memory information encoding using proactive inhibition, institutionalized mentally retarded patients, 1948
word self descriptiveness judgments vs autobiographical word retrieval, self reference memory encoding & retrieval, college students, 31886
word task requiring generation of semantic associate, memory, congenitally blind vs sighted children & adolescents, 16203
word type, readability, 1st graders, Belgium, implications for reading education, 1002
word vs text level transfer following different reading experiences, college students, Australia, 24827
words on previous study list, word fragment completion measuring memory priming & generation effect without awareness, college students, 38887
words used in private conversation with spouse or lover for genitalia & act of copulation, male vs female college students in human sexuality course, 32734
words used to describe back pain, detection of psychological morbidity, low back pain patients, 12434
written & oral spelling deficit for words & nonwords, 70 yr old female with acquired dysgraphia, case report, implications for selective impairment of graphemic buffer, 23029
written instructions containing conditional words, action plan for application of acquired knowledge, adult readers, 7434
Words (Vocabulary) [See Vocabulary]
Work (Attitudes Toward)
age & locus of control, work attitudes, 15–24 yr old female students in technical vs academic vs professional courses, India, 18682
age, work commitment & values, 21–61 yr old plant employees, US vs Japan, 27949
attitudes toward future, study motivation & work orientation, 6th graders vs college students, 32525
attitudes toward work & familial & friends' attitudes toward working women & vicarious maternal work experience, female Black vs White college students in traditionally male vs female curricula, 11684
concept of work feelings vs thoughts as emotions arising from work activity vs judgments about work, 27961
construction & reliability & validity of rating scales, measurement of Islamic work ethic & individualism, Arab college students, 24563
demographic characteristics & work values, organizational commitment, workers at subsidiary of US multinational corporation, Singapore, 27958
development of Work Locus of Control Scale, college students & employees, 17638
division of labor in household & socialization to & significance of work, activity patterns, families with 6 yr olds, 4863
exercise program, organizational attitudes & perceptions of job performance & stress & health & self esteem under shipboard conditions, male Navy & Marine Corps personnel, 3464
factor structure & personality correlates of measure of Protestant work ethic, female adults, 25921
factor structure of Protestant Work Ethic scale, Anglo vs Chicano vs Mexican American college students, 7119
father's occupational status, work values, Jewish vs Bedouin Arab 14–17 yr olds, Israel, 29138
focus of attention & negative outcome expectations & job satisfaction & organizational commitment, affective behavioral reactions to work, retail salespersons, extension of control theory, 34935
geographical area, employment commitment & attitudes toward youth training & economic locus of control & willingness to leave area employment, male vs female 15 vs 17 yr olds, UK, 29106
guiding principles & values in old age & significant life events & work attitudes, retired elderly & employed 16–60 yr olds, Bulgaria, 22108
interaction between work life & outside psychological & social factors, work motivation research, 24384
intra-individual variability in factor analysis, Work Values Inventory administered daily, college students, implications for vocational personality traits, 7176
job characteristics, work values, male vs female adults, Australia, 3435
judgments of fairness & alterability of resource allocation rules of equity & equality in workplace, college students, Japan vs Australia, 17397
managerial attachments & work commitment & involvement & belief in corporate rules, white collar crime, multinational automobile manufacturer executives, application of control theory, 36770
measurement of value congruence, assessment of job satisfaction & organizational commitment & work values, production workers & their supervisors & managers, 34951
metaphors, work force perceptions & organizational transformation, 38445

organizational political behavior, interpersonal trust & alienation & feelings about job performance, 23–58 yr old male public & private sector organization managers, 34940
participation patterns & perceived barriers to employment, low income 55 yr olds & older, 1150
paternal unemployment, formation of work values & self concept, 12–17 yr olds, Israel, 32504
perceived supervisor competence & learning of work values & behaviors during organizational entry, college students, 31362
perceived work characteristics & preferences & self concepts & job changes, managers, England, 34915
perception of & satisfaction with work vs nonwork activities, 21–70 yr old professional & skilled tradespeople, New Zealand, application of personal construct theory, 31338
perception of possibilities for attainment of work values, importance of work, high school & college students & adult workers, Yugoslavia, 27846
perceptions of work, curriculum development, junior school students, UK, 38178
personal characteristics & job features, extrinsic & intrinsic work values, blue collar factory workers, 34944
personal job expectations & burnout, medical & mental health personnel, 34521
Protestant work ethic beliefs, prediction of outcome in Prisoner's Dilemma game & game strategies, 16–18 yr olds, 36402
Protestant work ethic, work effort in field setting, college students, New Zealand, 13770
reassessment of career decisions & personal life structures, 38–49 yr old male middle managers, 31363
religious involvement & importance of work, adult male Muslims, Japan, 8223
self psychology perspective, oedipal conflict & motivation to work, 18978
sex & sex role typing, preferences for work role values, 11th graders, Israel, 32489
sex, religious conviction & organizational commitment & job involvement & work ethic & needs, working adults, 31396
sex role socialization & personality orientation & work attitudes & values, 25–35 vs 45–55 yr old female clerical workers, 24396
sex, work values, college students vs their parents, 34866
traditional vs economically peripheral job settings, psychological & work effects, adult males, Japan, 17416
vocational evaluation, attitude toward work, adults with mental &/or physical disabilities, 37863
vocational evaluation guidance group sessions, self direction, clients, 16905
work & family orientations, employed vs unemployed female heads of household, Puerto Rico, conference presentation, 31397
work adjustment services in rehabilitation, disabled clients, 16931
work beliefs vs work preferences vs central life interest as conceptualization of work centrality, college students, 38344
work centrality & nonfinancial employment commitment, male workers, Israel, 13766
work ethic & role ambiguity & number of coworkers affected, job involvement, white collar employees remaining after layoffs, 3409
work experience characteristics & burnout, 34946
work history & attitudes & economic status & health, decision to retire, Black vs White 62–66 yr old females, 18711
work related values, leader member exchange development, college students, US vs France, 27965
work values & job perception & satisfaction, married male vs female employees, 41478
work values & sex role orientation, occupational choice, female graduate counseling students, 38336
work values, males, US vs Japan, 31404
Work Environments [See Working Conditions]
Work Load
age & occupational factors, working capacity & performance, 20–100 yr olds, USSR, 18712
age & physical & mental work & quantity, time perception, 2nd vs 4th vs 6th graders, 29043
allocation of functions between machines vs operators & number of machines, performance & subjective response in flexible manufacturing system, engineering students, implications for stress reduction, 10349
autonomy & workload & number of hours worked & number of people worked for, stress outcomes, female secretaries & their supervisors, 10417
changes in work content & environment & equipment & workload, 48–62 yr old white & blue collar employees, Finland, conference presentation, 10395
demographic & work characteristics & work roles, executive officers from different industries & different size companies, 38363
endurance training program, frequent manual industrial carrying tasks, new male employees, 31349
high visual task load in simulated air traffic control task, time & aircraft detection, college students, 20902
high vs low difficulty scenarios in motion base trainer with vs without concurrent secondary tasks, workload assessed through choice RT & time production, pilots, 24361
high vs low levels of behavioral control & high vs moderate work load, job satisfaction & anxiety & physiological arousal, college students, 38438
interrater reliability ratings for workload & technical effectiveness, Navy pilots, implications for defining & measuring aircraft operability, 31479
level of system automation & task complexity, performance & subjective workload ratings, 17–31 yr olds, 21282
load & controlled temporal conditions, force & force variability in rapid reversal responses with horizontal lever, male college students, 21203
long term EKG measuring ventricular ectopic beats & cardiovascular stress, residential officers vs male fire fighters at busy vs less busy stations, England, 31402
mental load during constant motor activity, Bereitschaftspotential, 22–35 yr old males, 18093
night shift work load, anxiety & blood cortisol & prolactin & testosterone & TSH, 25–36 yr old Air Force air traffic controllers, Italy, 41453
observed wages & work effort intensity, estimates of labor supply, working males paid on hourly basis, 13792
reliability & validity of psychophysical approach, determination of maximum acceptable workloads for lifting tasks, draymen & warehouse workers & office employees, conference presentation, 10392
repeated maximal & submaximal exercise & sleep deprivation, perceived exertion & fatigue & mood, Marine Corps volunteers, 35720
stress & strain factors, police officers with high vs low work load, 24409
task interruption & Type A behavior, perceptions of work overload, 22–61 yr old police radio dispatchers, 13863
treatment & treatment related activities used during 1 working wk, occupational therapy staff, 37870
work load & social support & perceived accomplishment, burnout, practicing social workers, 34487
Work Load Point System for balancing teaching & research, college teachers, 34577
Work Rest Cycles
mission starting & nap time & duration, performance during simulated sustained reconnaissance operation, Marine personnel, 10447
nap during prolonged work & wakefulness, performance & mood, 18–30 yr olds, 13840
nonconsecutive sleeper berth use & other risk factors, tractor trailer crashes associated with driver fatality & property damage, truck drivers, 17328
rest vs long workday of computer data entry, assessment of fatigue & alertness & diurnal variations using performance battery, 18–25 yr old males, 3375

Work Scheduling
individual coping efforts & social support & job schedule flexibility, well being, full time employed single vs married parents of 16 yr olds & younger, 38451
programed environment, implementation & management of schedules & assessment of status & health of microsociety, implications for spacecraft, 10424
restructuring of work to accommodate family needs, dual earner professional couples with children living at home, 31392
work scheduling, occupational activities, adults, 41457
Work Study Programs [See Educational Programs]
Work Week Length
divorce & birth rates & median family income, wives who work full vs part time, 8274
Workday Shifts
adaptation to shift work system, sleep disturbances, refinery & aluminum factory shift workers, 38427
age & nighttime nap, sleep patterns, 18–61 yr old male security guards working 24 hour shift, 25087
body temperature pattern during work vs nonwork day, 26–32 vs 53–59 yr old male bus drivers, Netherlands, 27957
circadian &/or behavioral characteristics, long term tolerance to shiftwork, 22–48 yr old male workers with nervous vs digestive vs no complaints, 36519
compensation & benefits & work schedules, human resources management, literature review, 38380
demographics & sleep habits & preferences, 8 & 12 hr night vs day shift factory workers, 38460
diurnal & personality traits & age & shiftwork experience & physical strength & fitness & social factors, shiftwork fatigue tolerance, 20–49 yr old female nurses & nursing aides, Finland, 27419
health complaints & perceived work environment & psychological defense strategies & immunology, male shift workers in process industry, Norway, 10419
job satisfaction & social life & family relations & child care, 18–67 yr old night shift workers, 31446
level of arousal sensitive performance during 2 shift systems, assessment of alertness during night shift work, 18–24 yr old female trainee nurses, 34550
longitudinal documentation of circadian rhythms, tolerance for shift work, male 24–40 yr olds, 39162
napping & sleep wake behavior & work shifts, male steel workers, 18 mo followup, 28638
night shift work load, anxiety & blood cortisol & prolactin & testosterone & TSH, 25–36 yr old Air Force air traffic controllers, Italy, 41453
on-call duty, sleep & wakefulness, 25–42 yr old male merchant marine ship engineers, 24448
sex, effects of noise & night shift on performance, college students, 3377
shift schedules, common free time & interpersonal relations, police officers & their children, Germany, 8272
shift work & decision latitude & job satisfaction, ventricular ectopy EKG readings, prison personnel, Sweden, 2968
shift work, subjective & behavioral & physiological sleepiness, literature review, implications for occupational hazards, 24355
sleep & body temperature & masking, adaptation to night & shift work, implications for experimental routines reducing masking effects, 28659
suggestions for coping with stress of night & shift work, 13880
triazolam & age, daytime sleep & nocturnal sleepiness during simulated night shift work, 20–55 yr olds, 21827
triazolam dosages, daytime sleep & nocturnal performance in work shift, 20–45 yr olds, 32165
12 hr compressed vs traditional shift schedule, job & family life satisfaction & use of leisure time & health & productivity, coal miners, Canada, 38400
3–4 day 12 hr rotating shift schedule vs 5–7 day 8 hr schedules, sleep patterns & fatigue & alertness, plant control room operators, 38443
Workers [See Personnel]

Working Conditions [See Also Job Enrichment, Noise Levels (Work Areas), Occupational Safety, Work Rest Cycles, Work Week Length, Workday Shifts, Working Space]
adjustments to environmental change, public personnel managers, 1974–88, literature review, 38372
affirmative action by labor unions, equality in workplace, females, Sweden, 24397
alcohol related problems in employment settings, Poland, 15945
atheoretical progress & feminist ideology & liberal policy prescriptions & overinterpretation of data, work family research, 31417
attitudes toward work environment & military employers, civilian vs military technical employees, 2 yr followup, 41517
attitudes toward worksite nonsmoking policies & norms about smoking & cessation, employed smokers & recent exsmokers in private sector, conference presentation, 27963
autonomy & workload & number of hours worked & number of people worked for, stress outcomes, female secretaries & their supervisors, 10417
basic premises of supported employment in natural integrated work environments, employees with severe disabilities, 30804
changes in work content & environment & equipment & workload, 48–62 yr old white & blue collar employees, Finland, conference presentation, 10395
closed vs open office type & visibility & audibility of coworkers, privacy & distraction & performance & friendliness, senior government managers, Australia, 27880
company wide salary reduction, job satisfaction & perception of importance of nonmonetary & physical aspects of work environment, white collar employees, 27934
computer aided vs earlier forms of manufacturing technology, safety & well being & activities, machine operators, 38406
computers & social psychology of workplace, literature review, 10397
concepts & models in organizational planning of corporate culture & human resources, 38425
conflict resolution style at home vs work, low vs mid vs top level managers, 31373
conflict resolution styles, male vs female managers in work vs home situations, sex role implications, 41427
congruence between vocational interest & work environment & social interest, job satisfaction, employees, 20815
consequences of absenteeism, accidents in underground coal mines, production crews, 10348
construct & face validity of employee focus of attention in work environment, graduate business students & employees of 2 insurance companies, 27930
corporate culture, management strategies for organizational development, conference presentation, 3386
corporate culture, managerial control of employee behavior & commitment & organizational effectiveness, 3400
demographic & work & life setting antecedents, work family conflict, police personnel, 31394
demographic & work characteristics & work roles, executive officers from different industries & different size companies, 38363
demographic surveys via telephone hot line service on cocaine use in workplace, adults, 1983 vs 1985 vs 1987 vs 1988, 19358
dental office chemicals, neurophysiological dysfunctions. 26–57 yr old dentists & dental assistants, 34505
descriptive model of office surrounding characteristics, work performance, senior managers, 24338
different hospital wards, occupational stress, nurses, New Zealand, 6592
drinking behavior & risk factors related to work place, literature review, implications for research & prevention, 36899
EAPs' & International Labour Organization's efforts to reduce alcohol & drug related problems, 17417
environmental settings within & generic strategies & performance of industrial firm, top management personnel in electronics industry, Korea, 17363

ethical issues in social work practice in work settings & EAPs, implications for public social services, 30699
excessive & inadequate occupational demands & contributions of industrial fitness & sports programs, well being, employees, 38450
exercise program, organizational attitudes & perceptions of job performance & stress & health & self esteem under shipboard conditions, male Navy & Marine Corps personnel, 3464
experiences & perceptions of center & task characteristics & salary & benefits & job satisfaction, child care workers, 10401
family & work, mental health, Hispanic female professionals, 3405
federal & state cutbacks on human service funding & organizational conditions, job satisfaction, Black vs White county welfare workers, 9979
future work & worksites, delivery of rehabilitation services, handicapped persons, implications for vocational education, 20258
future work family relations research & public policy, urban underclass, 31414
health complaints & perceived work environment & psychological defense strategies & immunology, male shift workers in process industry, Norway, 10419
health promotion & prevention in workplace, research implications, 34957
heuristic model of employment & family environments, well being & life satisfaction, 31420
high vs low levels of behavioral control & high vs moderate work load, job satisfaction & anxiety & physiological arousal, college students, 38438
hypnotic desensitization, heat adaptation at work site, recovered adult burn victims, 16680
individual & occupational & environmental factors, stress claims, employees, implications for prevention & health promotion programs in workplace, 34922
individual & work factors, labeling incentive compensation programs as potentially injurious to well being, managers & professionals, 31409
individual differences & work stress, psychological burnout, teachers, 27489
institutional treatment center environment, burnout, mental health personnel, 34546
interactions & roles & adaptive patterns, psychiatric intensive care unit nurses, 20383
issues in assessment of smoking behavior in relation to worksite smoking policies, conference presentation, 27932
job characteristics & working conditions, variance of earnings & attitudes toward pecuniary rewards, blue vs white collar workers, 6929
job characteristics & working environment, job satisfaction, casino card dealers, 13851
job demands & conditions & burnout, mental health personnel, 34501
management of epilepsy & related problems at work, British Civil Service, Great Britain, 30155
managers' personality, work group characteristics, banking & manufacturing managers & their subordinates, 3388
nature of & 2 career relationships in & organizational responsiveness to work family interface research, 31411
occupational conditions, sources of self esteem, employees in manufacturing firms, 6932
office design & environment, discomfort & health & stress symptoms & vision & cyberphobia & radiation exposure, workers, implications for federal & state safety regulations, 13864
office interior color, mood & productivity, workers, 6961
open vs closed physical office environment, work attitudes & perceptions & interpersonal relations, university clerical/administrative personnel & counselors, 17387
organizational commitment & burnout & social support & work setting aspects, unionized nurses, Canada, 17053
pay & working conditions in Royal Irish Constabulary, 1914, criticism of M. Weber's writings on social class & status, 36303
perceived working conditions & stress & health & sick leave rate, prison staff, Sweden, implications for stress reduction, 31412
perception of number of cigarettes smoked in office environment, smokers vs nonsmokers, 1336
perception of work environment, sources of stress & job dissatisfaction, hospital nurses, 37986
perceptions of autonomy & job satisfaction relative to role performance during physician strike vs normal work conditions, nurses, 13304
perceptions of work environment in special care baby unit vs children's orthopedic ward, general hospital staff, 37823
person environment congruence, perception of social climate of work environment, staff vs managerial nurses, 30902
personal & organizational factors, job satisfaction & organizational commitment, early childhood educators, 30995
physical activity while working, efficiency & well being, office workers, 13846
policy for dealing with AIDS & HIV infection in workplace, 31398
psychological & social implications of introduction of new technology into workplace, 20847
psychological & sociological research into occupational illness, 40044

Writing (Cursive) [See Cursive Writing]
Writing (Handwriting) [See Handwriting]
Writing Skills
ability to understand & reproduce coherent text, normally achieving vs learning disabled vs underprepared college writers, 34736
age, cognitive processes in construction of main points in written composition, 4th–11th graders vs adults, Canada, 11371
auditory vs written feedback, identification & correction of written errors in grammar & syntax, learning disabled 6th–8th graders, 10189
classroom environment, self control & problem solving & generalization of learning & reading & writing skills, learning disabled 4th grader, 41351
cognitive processes during reading & writing, above vs below average 17–18 yr olds, 8133
commercially available word processing software, accommodation for writing deficiencies, high functioning learning disabled college students, 20582
complexity & style of written narratives based on TV vs real life stories, 3rd & 5th & 8th grade low vs high TV viewers, 39585
content & mechanics revision strategy instructions, paragraph writing, 6th–8th graders with learning disabilities, 13661
content vs form focused written feedback, composition quality & learning of course content, college students, 6738
control opportunities &/vs instructional support, writing task engagement, 11th graders, 38125
copying span, reading & dictation & spelling ability, ESL college students, Japan, 7467
development of written language skills, 3–6 yr old kindergartners, Norway, 1 yr study, 17196
developmentally appropriate assessment, reading & writing skills, preschoolers, 24261
environmental & background factors, reading & writing skill development, orally educated profoundly hearing impaired 16–17 yr olds, US & Canada, 29944
expository writing deficits, learning disabled 4th & 5th graders, 20594
factor analysis of direct vs indirect measures of ESL writing ability, foreign college students, 20699
group dynamics & leadership & writing skills, collaborative writing & problem solving, 4th–5th graders working in groups of 4, 18658
habit reversal training, adults with writer's cramp, 3 mo followup, 12819
homophone retraining, writing, dysgraphic 53 yr old female, 6219
instructional approach, attitudes toward & understanding of writing, 1st graders, 17181
integrated study strategy system using self assigned writing, learning & essay test performance, college students in psychology course, 20484
interest in mathematics & reading & writing & other school attitudes, 1st–9th graders, Sweden, 41294
interpretations of & strategies & teacher requirements for written text analyses, high school students, 31085
intervention strategies, spelling & punctuation & grammar skills, learning disabled college students, 20653
lack of confidence in spelling, writing ability, 15 yr olds, UK, 39467
Logo vs commercial interactive software, problem solving & metacognition & composition skills, 1st graders, 10077
mapping strategies with basal reader stories, reading comprehension & writing performance, 5th graders, 17201
measurement of divergent production vs complex thinking during writing tasks & social competency, 5th & 6th graders, 20688
metacognitive knowledge about expository writing & text organization, learning disabled vs low vs high achieving 4th–5th graders, 10188
mixed levels relationships between reading & writing knowledge in literacy development, K–1st graders, longitudinal study, conference presentation, 24047
perceptions, attitudes about writing process, 1st–2nd graders, Canada, 38179
performance on Florida's State Student Assessment Test of minimum performance in reading & writing & mathematics, educable mentally retarded 10th graders, 6773
play behavior & thinking strategies, learning & writing skills, children, 32391
poor reading & writing ability & skills, students assessed at end of 1st & 4th grade, 17189
positive vs negative passive vs active emotions before & during & after poetry writing sessions, moderately vs highly skilled college student poets, 39441
precision spelling course supported by computer text scanning program, writing skills & spelling proficiency, students, 31068
productivity & syntax & ideation in written expression, remedial reading 4th–5th graders, implications for peer tutoring, 19401
reading & writing, critical thinking skills, college students, 31865

reading ability, discourse synthesis in report writing task including content & organization & ideas, 6th vs 8th vs 10th graders, 24066
research on writing process & competence, children with learning disabilities, 1984–88, literature review, 33416
rough draft vs mental vs written outline strategies, attention overload & writing performance, college students, 7961
self efficacy & outcome expectancy beliefs & reading & writing achievement, college students, 31137
self instructional strategy training, revising behavior & length & quality of written essays, 10–11 yr old learning disabled students, 10193
semantic mapping heuristic, use of text organization strategies in composition writing, learning disabled readers, 17291
speed & span of kana copying, reading & writing achievement, preschoolers, Japan, 8068
spelling performance & error patterns, learning disabled vs underprepared college students, 5540
strategies for teaching self evaluation skills in writing, learning disabled elementary & secondary students, 10174
strategies for teaching writing skills, hearing impaired college students, 10239
structure & content of summary essays, 8th graders, 24041
teacher imposed vs child initiated structure, writing acquisition, K–3rd graders, 23965
teacher's reading & writing instruction orientation & beliefs, conceptions of reading & writing, preschool students, 41310
teaching of writing as communication, learning disabled children, 13633
use of word processor, writing skills, 8.6–12 yr old students with learning difficulties enrolled in special education center, 10220
well vs poorly designed computer assisted instruction in technical writing, computing behavior & quality of prewriting & attitudes, junior & senior level college students, 13474
word processing software packages, reading & writing skills, 3836
word processing systems, writing skills & self concept & social interaction, emotionally & behaviorally disturbed students, 38228
word processing use, instruction in writing composition & revision strategies, 17182
word processing, writing productivity & revision, 5th–8th graders, 41275
word processor use, creative writing, 8.6–12 yr olds with learning disabilities, 27717
word processors, writing disabilities, learning disabled students, 41324
writing errors & visual imagery & letter identification, 65 yr old male with left parieto-occipital infarction & agraphia & Gerstman's syndrome, 19557
writing skill acquisition & assessment, hearing impaired children, educational implications, 33495
written communication output using microcomputers, 13–22 yr olds with spastic &/or athetoid cerebral palsy, case report, 41050

Written Communication

ability to write number sentences for simple addition & subtraction word problems, 1st–2nd graders, 13525
age, suicide notes, 10–20 yr olds, 1978–82, Canada, conference presentation, 36792
alternative model for manuscript submission to psychology journals, 3023
anaphora in popular stories, evaluation of Story Grammar vs Conceptual Dependency models of narrative structure, 21860
aspects of journal entries over course of academic term, speech-language pathology graduate students, 27397
assigned writing as adjunct to individual & couples & family therapy, clients, 33711
attitudes toward & experiences with plagiarism & role of social comparison, college students, 20547
attitudes toward & use of writtem justifications for multiple choice test answers, college students, 20680
audiovisual vs auditory vs print TV program, recall, college students, 29001
aware vs unaware memory for written text, high school students, 1008
characteristics of personal & creative writing, adolescents, 1025
characteristics of prominent & frequently cited journal articles, mental retardation field, 1976–85, 20407
choice vs no choice regarding selection of essay stance, dispositional bias attributions, college students, 8406
cognitive vs emotional elements, compositions written in different styles, 12 yr olds, Finland, 972
computer assisted instruction, expository writing, high school seniors, 31081
computerized vs printed documentation system, performance & system satisfaction, college students, 20904
concept & definition of "text" & its forms & relation to language, 11334
content & tone of rejection letter, attitudes & behavioral intentions toward organization, job applicants, 20742
content analysis of diary, 48 yr old female who committed suicide, 33333
content analysis of "International Journal for the Advancement of Counseling", 2728
content vs form focused written feedback, composition quality & learning of course content, college students, 6738
context of oral & written language, communication medium & mode choice & switching, project manager, implications for computers in workplace, 18478
contingent thank you notes, visitation by case managers, emotionally & behaviorally disturbed 12–18 yr olds in residential facility, 20152
control processes & learning strategies & knowledge, note taking from lectures or text, students, 3192
culture semiotics & text as complex code storage & message receiving & generating system, 11335
D. Foulkes's scoring system, assessment of latent content in genuine vs simulated suicide notes, 22732
demographic characteristics & motives & strategies for chain letter participation as illegal & deviant behavior, males vs females, 15823
description of pictures in written English vs sign language, locative prescription sentence errors, hearing impaired 12–20 yr olds vs normal hearing 6–9 yr olds, 29981
development & validity of test battery, assessment of oral & written language skills, K–1st graders, implications for interventions with beginning readers, 14097
diaries, management of information systems development projects, project group participants, Denmark, 38417
diary of self monitored driving habits & actual observed driving behavior, screening for deficits that may affect driving performance, 65–90 yr olds, 41392
emotions before & at pause & after writing, 25–70 yr old professional writers, 24363
errors in direct quotations in sample of scholarly social science journal articles, 34477
ethnographic study of writing & language in school, conference presentation, 24089
evaluative review of peer response groups, learning to write, kindergarten through college students, 23974
factor structure of language use characteristics of written compositions, college students with vs without learning disabilities, 17669
favorability & vividness on letters of reference, recommendations for fictitious management position job applicants, personnel administrators, 13787
film presentation, written vs oral narrative presented to peers with vs without language disorder, 13–18 yr olds, 1374
history of psychology textbooks & need for primary source research on life of H. Ebbinghaus, conference presentation, 17509
ideology of oppression in writings of radical feminists, 39863
implied information in building layout narrative, inference of information relevant to protagonist measuring updating of situation models during narrative comprehension, college students, 38844

interjudgmental reliability & agreement in evaluation of manuscripts submitted to "Journal of Educational Psychology", peer reviewers, 30918
J. Jacob's classification system, assessment of moral justification in genuine vs simulated suicide notes, 22725

negative cover letter appeals, mail survey responses, adults, 6979
new vs old information in pictures, indefinite & definite articles & pronouns in oral vs written references, 9–11 yr olds vs adults, France, 39582
number & idea level of prewriting questions, elaboration of ideas in prose writing, college students, 3102
onomatopoetic expressions in comics & children's literature, translation from Hindi to English, India, 7965
oral vs written vs slide tape vs film sound based information, preparation for iv pyelography, patients 17 yrs old & older, 34158
orienting activities, thinking skills for meaningful writing, learning disabled students, 17273
peer conferences, revision of written work, 4th graders in writing workshop, conference presentation, 23970
perception of reading & writing processes & instruction, 1st graders, conference presentation, 24034
perceptions, attitudes about writing process, 1st–2nd graders, Canada, 38179
perceptions of reporting forms used in clinical training, speech-language pathology graduate students, 27386
postsession letters, family therapy, 23301
presentation of light vs dark characters on screen vs paper, reading speed & comprehension, 16–40 yr olds, 3820
prestructured diary of everyday life experiences, assessment of relationship happiness, 20–35 yr old spouses & couples living together, 32646
print vs TV vs conversation, patterns of word choice, children vs adults, implications for lexical acquisition, 21951
product familiarity & hazard type & written warnings with vs without symbols, noticing vs recalling vs complying with warning & perceived hazards, college students, 6981
professional communication between A. Binet & L. M. Terman, development of science of psychological testing, 38580
psychological characteristics of suicide notes, males vs females, 26256
psychological improbabilities & logical inconsistencies in F. Brunelleschi's written account of alleged trick of manipulating environment to transform acquaintance's personal identity, Italy, 5065
reading & writing teaching methods, development of writing errors, 5–8 yr olds, 1 yr study, Spain, 23989
reading ability, attempts to read vs renegotiate vs refuse environmental vs functional reading task, 3–6 yr olds, 20519
reading comprehension skills, rewriting of previously heard story, 7 yr olds, 18557
reception of advance letter & use of surname during telephone contact, refusal rate in telephone survey using dual frame design, household members, 14066
repetitive stereotypical speech automatisms with preserved written performance, 61 yr old male with left cerebral infarction, 40363
residents' newsletter as therapeutic tool in nursing home facility, elderly, 34300
review of own vs instructor's notes & higher order practice questions, factual & higher order learning, college students, 3193
rough draft vs mental vs written outline strategies, attention overload & writing performance, college students, 7961
schemata, memory for text, college students, 24860
semantic encoding of pictures & words, brain damaged 65 yr old female, 5594
sex, choice of animal as writing topic, 1st graders, 31174
sex of intended receiver, analysis of projected images & messages of birthday cards, 39899
spelling & stress patterns of words, written vs oral syllabification of intervocalic consonants in words, college students, 944
storytelling & poetry writing, heightened therapeutic benefits, 60–90 yr old female retirement home residents, 37221
structured diary approach, assessment of everyday experiences & marital relations, spouses & couples living together, commentary, 32634
stylistic rules, avoidance of ethno- & egocentrism in works to be published in psychology journals, authors, 13319
term paper assignment of describing development & works of developmental psychologist, college students, 34634
text structure & context of presentence report & formal & informal protocols, case processing, probation officers in county department, 8288
thesis & dissertation assistance at counseling center, graduate students, 31250
typeface characteristics congruent vs incongruent with adjective meaning, speeded decision RT & judgment of animal physical qualities by name, college students, 38839
typing transcription of prose texts vs random words, interstroke intervals measuring language processing at perceptual vs motor level, professional typists, US vs Netherlands, 7400
verbal vs written behavioral prescriptions, compliance with therapeutic homework assignments, adult patients, 23315
word processing program vs pen & paper, attitudes toward writing, 7th graders, 27636
word processing vs handwritten language use, severely emotionally disturbed 7–20 yr olds, conference presentation, 36719
writer familiarity with recommendee, attributional framework of recommendation letter, urban business managers, implications for personnel selection, 31353
writing style improvements for bibliotherapy resources in substance abuse, 23148
written & oral spelling deficit for words & nonwords, 70 yr old female with acquired dysgraphia, case report, implications for selective impairment of graphemic buffer, 23029
written & oral spelling error patterns demonstrating selective damage to graphemic buffer & attentional mechanisms, 49 & 55 yr olds with acquired dysgraphia, 29967
written admission assessment vs complete work-up, documentation of schizophrenic behavior, psychiatric resident vs nurse, 26018
written communication output using microcomputers, 13–22 yr olds with spastic &/or athetoid cerebral palsy, case report, 41050
written feedback by peers, revision of essays for final grading, college psychology students, 6825
written instructions & post test expectations vs mnemonic vs paraphrase conditions, recall of instructions in writing vs during task performance, college students vs 10th graders, 10120

written instructions containing conditional words, action plan for application of acquired knowledge, adult readers, 7434
written vignette as aid in teaching & evaluation, group psychotherapist trainees, 38029
Written Language [See Also Alphabets, Cursive Writing, Handwriting, Handwriting Legibility, Letters (Alphabet), Numbers (Numerals), Paragraphs, Printing (Handwriting), Readability]
acquisition of word knowledge from written context, prereading kindergartners, 18562
awareness of spaces between words in written text, 5.3–8.6 yr old students, 1 yr study, conference presentation, 24065
concurrent & construct validity of new & existing Woodcock Johnson writing tests, assessment of written language, 5th graders, implications for writing assessment of learning disabled students, 41378
configurational & phonological interference, processing of logographic vs syllabic vs alphabetic scripts in English & Japanese, bilingual college students, Japan, 14421
context & replacement of as-written text with conventional spellings & word spacings, word recognition, 5.1–6.1 yr old kindergartners, conference presentation, 24070
early spelling & writing learning, Chinese speaking 3–6 yr olds, Taiwan, conference presentation, 21935
inconsiderate vs considerate text, vocabulary learning, 11th graders, 20518
lack of activation of visual letter codes or failure of information to reach intact graphic motor patterns, 54 & 57 yr old males with written spelling agraphia, 37028
language skills seminars, written language & math skills deficits, dyslexic adolescents & adults, 13671
learned relation between manual signs & pictures & printed words, receptive reading, 5.3 & 5.8 yr old profoundly hearing impaired preschoolers, replication, 31217
letter name knowledge or invented spelling ability, attention to graphic detail in functional print, novice vs expert vs nonreading kindergartners, conference presentation, 24056
linguistic flexibility measured by frequency of nonliteral constructions in written & signed or spoken stories, deaf 8–15 yr olds, 5629
performance on reading & spelling tasks in syllabo-alphabetic writing system, Gujarati speaking 2nd–4th graders, India, 1033
print salient aspects of picture books during storybook reading, written language awareness, 3.2–5.3 yr old students, 1 yr study, conference presentation, 24063
recognition of Chinese idiographs vs Korean phonographs in left vs right visual field, biscriptual graduate students, 39105
sex, written language skills, K–6th graders, 7 yr study, 34669
skill level & Chinese character print frequency & orthographic structure & lexicality, vocalization & lexical decision task latency, college students, 312
surface production vs underlying conceptualization of writing, 5.3–6.0 yr olds, conference presentation, 21923
writing vs mental imaging vs silent speaking of Japanese Kanji characters vs English alphabet, processing time, college students, 10822
Wryneck [See Torticollis]
X Ray Diagnosis [See Roentgenography]
X Ray Therapy [See Radiation Therapy]
Xylocaine [See Lidocaine]
Yawning
alpha-methylparatyrosine &/vs reserpine, bromocriptine induced yawning, male rats, 7930
amphetamine, extracellular levels of dopamine & yawning & suppression of exploration, male rats, 35901
apomorphine, induction of yawning, healthy males, 25192
bromocriptine vs apomorphine, physostigmine vs pilocarpine induced yawning, male rats, 7929
contagious yawning as ethological fixed action patterns released by sign stimuli, applications to study of infant imitation, 29091
continuous food reinforcement & FR responding & extinction, rate of yawning, adult male macaques, 17945
featureless vs smiling vs yawning faces, evoked yawning, college students, 38743
fluoxetine, yawning & clitoral engorgement & multiple orgasm side effects, 30 yr old female with major depression, case report, 30481
LH releasing hormone pretreatment, apomorphine induced yawning & genital grooming, male rats, 32255
relationship among yawning & sleeping & stretching, college students, implications for contagious yawning, 693
repeated apomorphine, sensitization or tolerance shown by yawning & growth hormone release & nausea & hyperthermia, healthy males, implications for indices of dopaminergic function in schizophrenia, 7922
sc administration of NK-3 tachykinin receptor agonist senketide, yawning & sexual arousal & chewing mouth movements, male rats, 14943
serotonergic neuron activity, yawning induced by dopamine agonists, rats, 39356
validity of self report, assessment of laboratory yawning, college students, 24539
Yoga
guided imagery & yoga & autogenic phrases & thermal biofeedback, stress management, children, implications for counselors & teachers & parents, 31239
hathayogic exercise Jalandhara Bandha, cardiovascular functions, adults, conference presentation, 18190
number of participants in Transcendental Meditation programs, local crime rate, 1972–79, 28007
yoga as framework in psychological research methods, 10543
yoga health promotion program, nursing home residents, 20181
yoga practices vs diazepam, 18–47 yr olds with anxiety neurosis, India, 37250
yoga relaxation therapy, 46 yr old male Air Force aviator with history of mild essential hypertension unresponsive to drug & diet & exercise treatments, 37419
yoga therapy, symptoms & medicine intake & perceived stress, 16–55 yr olds with migraine & tension headaches, 2201
Yohimbine
acute vs chronic yohimbine, anxiety assessed by social interaction test & elevated plus maze & plasma corticosterone levels, male rats, 21762
alpha adrenergic antagonist yohimbine, plasma MHPG & BP & subjective feelings & somatic symptoms, adult inpatients with major depression, 1607
apomorphine vs dextroamphetamine vs strychnine vs yohimbine, prepulse inhibition of acoustic startle reflex, male rats, 11204
chronic imipramine, antagonization of yohimbine vs FG 7142 vs pentylenetetrazole induced anxiogenic effects in elevated plus maze, male rats, 4354
diazepam vs clonidine with vs without yohimbine, vibration induced hyperalgesia, rats, 4243
diazepam vs yohimbine, conditioned defensive burying, rats, 18462
idazoxan vs yohimbine vs imipramine vs mianserin vs amphetamine, DRL response rates, male rats, 14932
maternity blues, binding of tritiated yohimbine to platelets, adult females observed from 36th wk of pregnancy to 10 & 20 days & 3 & 6 mo postpartum, 26025
sodium lactate vs isoproterenol vs yohimbine, maze & social interaction & evoked panic like behavior, male rats, 7871
sodium phenobarbitone, anxiogenic effects of beta carboline & pentylenetetrazole & yohimbine, male rats, 28875
yohimbine & naloxone, vocal behavior, squirrel monkeys, 25234
yohimbine & tricyclic antidepressants, therapy resistant depressed patients, 16629
yohimbine, antagonism of LSD by alpha-2-adrenergic receptor blockade during operant conditioning, male rats, 28844
yohimbine, behavioral & biochemical & cardiovascular responses, adults with general anxiety disorder, 34007
yohimbine, BP & anxiety, healthy adult males, 7842
yohimbine vs idazoxan with vs without dextroamphetamine, conditioned responding, male rats, 18427

yohimbine with vs without clonidine vs apomorphine, anxiogenic action in elevated plus maze & evidence for noradrenergic vs dopaminergic receptor involvement, male rats, 35834

Yugoslavia

androgynous vs masculine vs feminine self concepts, male vs female college students, US vs Yugoslavia, 8306

cognitive ability & personality characteristics, Yugoslavian 11–15 yr olds living in West Germany vs Yugoslavia, 21885

epidemiology & family & personal correlates of psychiatric disorders, 1st yr medical students, Yugoslavia, 17033

expectations, effectiveness of telephone crisis line, callers & counselors, Yugoslavia, implications for suicide prevention, 2716

history & practice of school psychology, Yugoslavia, 24267

level of political participation, male vs female adults in elite vs nonelite occupations, Yugoslavia, 15326

mental disorders, medical students, Yugoslavia, 6597

primary health care, alcoholism, Yugoslavia, 30841

summary of papers presented at "Second International Workshop on Neuroimmunomodulation", 1986, Yugoslavia, 603

telephone crisis lines in suicide prevention & caller characteristics, callers & staff, US vs Yugoslavia, 27148

Z Scores [See Standard Scores]

Zaire

applicability of DSM-III in diagnosis, adults admitted to psychiatric hospital, Zaire, 9787

attitudes toward & use of "maquillage" practice, male vs female 15–24 yr olds vs adults, Africa, 4799

multiple caretaking of infants, Efe vs Aka pygmies, Zaire, commentary, 36279

multiple caretaking of infants, Efe vs Aka pygmies, Zaire, commentary reply, 36298

Zambia

achievement motivation, academic performance, college students, Zambia, 31106

analysis & discussion of wizardry paradigm & diagnosis & curing of illness & misfortunes allegedly caused by wizardry, Mutumwa Nchimi practitioners, Zambia, 12564

English language instruction, English vs Bemba reading & writing & comprehension, Bemba speaking 5th–6th graders in privileged vs underprivileged schools, Zambia, 41249

experiences teaching undergraduate & graduate psychology under Fulbright Act, counseling psychologist, Zambia, 13346

Zen Buddhism

Morita psychotherapy vs Zen Buddhism, 12609

religious training in monastic seminary, psychological adjustment & ego strength & dependency, Zen seminarians, 5 yr study, 1189

Zimbabwe

death of child, self concept & social status & marriage & relationships, Shona mothers, Zimbabwe, 8248

knowledge & attitudes about schistosomiasis & Phytolacca dodecandra, adults, Zimbabwe, 33603

knowledge of AIDS & self reported sexual behavior, 15–28 yr old secondary school students, Zimbabwe, 33670

reliability & factorial validity & interrelationship of attitude measures, assessment of dogmatism & conservatism & directiveness & attitudes toward females, Black college students, Zimbabwe, 38684

reliability & factorial validity, Junior Eysenck Personality Questionnaire, male vs female 9–15 yr old students, Zimbabwe, 21144

stress & social support & status & culture & psychosocial disorders, 16 & 21 yr old males & 28 yr old female, Zimbabwe, 1688

Zimeldine

desipramine vs zimelidine vs GBR-13069 monoaminergic reuptake blockade, activity rhythms, 15 day old rats, 32151

paroxetine vs zimeldine dosage, EEG & sleep wake cycle & brain 5-HT & dopamine & noradrenaline, female rats, 4396

zimeldine vs cyproheptadine, food & water consumption, pigeons, 39312

zimeldine vs fluoxetine, hypersensitivity, 31 & 50 yr old depressed females, case reports, 30483

5-HT uptake inhibitors zimeldine or propranolol in dorsal midbrain central grey, threshold of aversive electrical stimulation, rats, implications for endogenous 5-HT mediation, 21711

Zinc

CSF zinc levels, 40–80 yr olds with primary degenerative Alzheimer's type dementia, 16222

prenatal vs neonatal phenobarbital, CNS & liver zinc & iron levels & hippocampal behaviors, mice, 895

zinc deficiency vs replenishment, intake of zinc deficient diet, rats, implications for conditioned aversion interpretation of decreased food intake, 4225

Zoology

educational zoo graphics, experiential learning, zoo visitors, 6996

interactive exhibit of independent ecosystem, facility use & information recall, zoo visitors, 6990

interactive zoo bird exhibit, facility usage in learning about wing movements, zoo visitors, 6987

orangutan & chimpanzee exhibit characteristics, attitudes &/or behaviors, animals vs zoo staff vs visitors, implications for exhibit planning, 6997

preferences for renovated vs traditional zoo exhibits & handicapped access & intention to visit, aged Ss living independently vs in residential care facility, 6999

slides of animals in wild vs naturalistic vs caged zoo environment, ratings of animal characteristics, college students, implications for exhibit design, 6991

species & exhibit characteristics & design, viewing behaviors, zoo visitors, implications for exhibit design, 6988

Zungs Self Rating Depression Scale

age & sex, Zung's Self-rating Depression Scale scores, 13–89 yr old psychiatric outpatients, 5221

Beck Depression Inventory vs Self-Rating Depression Scale vs Hamilton Rating Scale for Depression, measurement of treatment effects over time, depressed 19–40 yr olds, 24614

psychometric parameters of Zung Self-Rating Depression Scale, depressed vs normal adults, Czechoslovakia, 1633

reliability & validity of Geriatric Depression Scale vs Zung Self Rating Depression Scale, 60–97 yr olds, 24588

reliability of Zung Self Rating Depression Scale, depressed males vs females, Netherlands, replication, 38605

somatic & psychological symptoms, classification of depression on Center for Epidemiologic Studies Depression Scale vs Zungs Self Rating Depression Scale, 60–89 yr olds with osteoarthritis, 33033

validity of orally administered Beck Depression Inventory & Self-Rating Depression Rating Scale scores vs DSM-III depression criteria, psychiatric inpatients, 7111

Zung Self Rating Depression Scale, factor structure & item correlations, males vs females 60 yrs old & older, Finland, 103

PSYCHOLOGY

Finding Chapter Information Has Never Been So Easy.

APA's new **PsycBOOKS** is the *first and only* annual that gives you access to the latest books *and chapters* in psychology.

With more and more original research, scholarly contributions, and clinical thought appearing in books, it has become imperative to have a solid reference guide to meet the need for chapter information. **PsycBOOKS** is the answer.

With **PsycBOOKS**, you will find an abundance of book and chapter information, including:

- Edited books: *Bibliographic citation, List of chapters & their authors and Short Statement about content*
- Chapters: *Reference to edited book in which published and Short statement about content*
- Single-author books: *Bibliographic citation, Table of Contents and Short statement about content*

Introducing
PsycBOOKS

You will like the convenient subject index terms (the same as those used in *Psychological Abstracts*) that save time. To make research even easier, **PsycBOOKS** is conveniently produced in four volumes with topics including:

- Experimental Psychology: Basic and Applied
- Developmental, Personality, and Social Psychology
- Professional Psychology: Disorders and Treatment
- Educational Psychology and Health Psychology

With information on book chapters so difficult to find, you can't afford to miss out on this innovative and extensive reference work. Use the coupon below to find out more about **PsycBOOKS** today!

PLEASE DO NOT REMOVE. A PHOTOCOPY MAY BE USED.

PsycLIT®. It will change the way you do research.

PsycINFO, together with SilverPlatter™ Information, Inc., has developed a complete information package for your department: PsycLIT on compact disc. It brings you material from *Psychological Abstracts*, providing summaries of the world's literature in psychology and related fields from over 1400 journals, cumulated since 1974.

State-of-the-art and designed for ease of use, PsycLIT is a unique search system — a resource that allows students, faculty, clinicians, and others to research the psychological literature anytime — without leaving the office or incurring online connect charges.

PsycLIT uses the powerful new technology of CD-ROM (compact disc read only memory). These extremely durable compact discs have enormous storage capacity — the entire PsycLIT database has been mastered on two discs! All you need to use PsycLIT on compact disc is an IBM PC or compatible, a CD-ROM drive, and a printer.

SilverPlatter™ provides advanced search and retrieval software that makes it easy to find the exact information that you need, quickly, conveniently, and cost-effectively. PsycLIT is available for *unlimited*, interactive searches at a fixed annual fee of $3995 (discount available to *PA* subscribers). This fixed annual rate means the cost per search actually *decreases* with each additional search you do. All this makes PsycLIT an ideal tool for training student researchers — and the most important innovation in psychological research ever.

Unlimited access to the behavioral literature, at your fingertips in minutes — at a fixed cost, no matter how much you use it. PsycLIT will change the way you do research.

An abstract service tailored to *your* professional interests to save time and effort.

PsycSCANs — A series of inexpensive, subject-oriented publications especially designed for individual use. Each contains abstracts of the primary literature in specialized topics in psychology.
The abstracts are concise yet informative, giving an overview of what is contained in the original article, and providing the necessary data for follow-up research.

Each 4-issue PsycSCAN subscription: $12.50 APA members/affiliates, $25 nonmembers, $28 non-US nonmembers, $50 ($57 non-US) institutions. Call or write for your *sample copy* and more information. **American Psychological Association,** 1400 N. Uhle St., Arlington, VA 22201. Toll Free (800) 336-4980. In Virginia call (703) 247-7829.

PsycSCAN: Applied Psychology. The journals that are abstracted cover the following subjects: consumer and marketing research, management and organizational studies, personnel and guidance, psychometrics, forensic, and human factors and ergonomics.

PsycSCAN: Applied Experimental & Engineering Psychology. Developed in collaboration with the Division 21 of the APA, this new and easy-to-use research tool will help you scan research topics such as: human factors, ergonomics, computer applications, environment, safety and accidents, transportation and flight, and working conditions.

PsycSCAN: Clinical Psychology. Some of the current subscriber-selected journals that are abstracted for this PsycSCAN are: *Clinical Psychology Review, Journal of Clinical Child Psychology, Journal of Clinical and Experimental Neuropsychology,* and *Journal of Personality Assessment.*

PsycSCAN: Developmental Psychology. Selected journals include: *Adolescence, Developmental Review, Journal of Abnormal Child Psychology, Journal of Applied Developmental Psychology,* and *Journal of Pediatric Psychology.*

PsycSCAN: Psychoanalysis. Developed in collaboration with APA's Division of Psychoanalysis (39), this journal features abstracts from journals such as: *American Journal of Psychoanalysis, Bulletin of the Menninger Clinic, International Journal of Psychoanalytic Psychotherapy, Journal of the American Academy of Psychoanalysis,* and *Psychoanalytic Study of the Child.*

PsycSCAN: LD/MR. Articles on learning disabilities, communication disorders, and mental retardation are indexed and abstracted in *PsycSCAN: LD/MR.* Similar in design and format to the PsycSCAN publications described above, the material is drawn from PsycINFO's total annual coverage of over 1,400 journal titles to provide a comprehensive, continuous overview of subjects such as dyslexia, hearing and language disorders, and hyperkinesis.
